NUMBER 28

Just a Few Lines From Hawaii

Fort Shafter, T. H. March 2

Dear Mr. Stamp: Just a line to let you know that I'm receiving the Clarkston News regularly. I would like to express my thanks to you and the rest of the good people in the vicinity of good old Clarkston (oh how I wish I were there) for being so nice to me and the rest of the boys in the service from our town. It seems good to come in at night and find the home town paper waiting to be read.

Well things have been very quiet with the exception of December 7th, altho we had an air raid alarm here this a. m. that lasted for 40 minutes but it turned out to be false (darn it). I would, and so would the rest of the boys here on the island, like to get another chance at those "yellow Japs".

I have been wondering if there have been any other boys from town in the service over here. I would like to know so I could look them up. It's so hard to just go out to look for them as there are a lot of service men here.

I saw in the paper where Clark Souby is on an aircraft carrier. Maybe I'll be seeing him soon.

Well, I would have my year in and soon be back home but the Japs kind of interrupted that for some indefinite time. But if "everybody" gets in and works together, we will make a fast victory. Then all of the boys can go home. So you folks make the guns and we'll fire them.

Well Mr. Stamp and all, I guess I'll close and send my aloha to you and the rest of the people in Clarkston.

Yours truly,

Kenny Skarritt

P. S. I would be glad to hear from someone. Just write me and I'll be only too glad to answer. So Long. (Call The News, Clarkston 4321, for Kenny's address)

Terrific Wind Collapses Chimney

The terrific windstorm and blizzard on Monday did some damage in several parts of the state. Many of the roads in Oakland County were impassable for a few hours and the populace in general was glad to stay indoors and appreciate the warm fire. One of Clarkston's residents, Mrs. Harold Brown, who lives in the Thompson Miller house south of town, was alarmed when one of the terrible gusts of wind collapsed the metal extension on the top of the chimney causing smoke, soot, coal gas and sparks to be driven from the pipes and the kitchen stove into the kitchen. Mrs. Brown called the fire department and the fire chief, Don Beach, responded. He prevented any damage by fire and helped rid the house of coal gas by removing all of the coal from the stove. There was some damage from soot and smoke.

BASKETBALL RESULTS

Walt LaPlante

Thursday afternoon Clarkston journeyed to Walled Lake, to play Brighton in the opening game of the Class "C" tournament. Clarkston started scoring with Brighton right from the start. Wainman getting 4 of Clarkston's 5 points in the first quarter while Brighton got 6. In the second quarter Perrin and Edwin Ross each got a bucket while Brighton again scored 6 points to end it at half time 12-9 for Brighton. In the 3rd quarter Clarkston came back Smith, Perrin, Appleton and Edwin Ross all getting buckets while Brighton managed to get 7 points. This set it at 19-17 for Brighton. The fourth quarter was fast all the way Clarkston coming from behind notching 8 points while Brighton got 6. This ended the game at 25-25 so an overtime period of 3 minutes had to be played. Nobody scored in this period so the referees and the judges got together and finally gave it to Brighton on the point system. High point man in this game was Green of Brighton getting 8 points while Clarkston's high point man was Edwin Ross with 6.

Gasoline Explosion Causes Bad Burns

Last Friday when Elmer Collins of Clarkston tried to start a motor at the Yellow Cab in Pontiac the car back-fired and the explosion of gas in the carburetor caused the gas which he was pouring from a container to ignite.

Mr. Collins' right forearm and hand were badly burned. He also received slight burns on the back of the neck and on the right ear. His clothing caught fire but with the help of those around him the flames were extinguished. He was rushed to the St. Joseph Mercy Hospital where he remained until Monday afternoon. He goes into Pontiac every day for treatment.

Floridans Realize U. S. Is at War

A letter from Mrs. C. G. Waterbury who is spending a few weeks in Florida says that the people of Florida, especially along the Atlantic coast realize that this country is at war. Just off of the coast there has been torpedoing, tankers burning and men being rescued and all along the ocean front they have been having blackouts. The freighters travel only during the daylight hours and are convoyed by bombers and destroyers. With all this maneuvering the people along the coast seem to feel the seriousness of the whole situation and realize what aid means and the concern about the tire and gasoline shortage seems to fade into nothing.

Mrs. Waterbury says the weather at Palm Beach, where she is with friends from Detroit, is delightful and she is acquiring a nice coat of tan.

Garden Club Starts Season

The Clarkston Garden Club met at the home of Mrs. Clarence Drake on Thursday afternoon of last week. There were about fifteen present. Roll Call was answered by naming a favorite annual.

Mrs. Joseph Hubbard read several short articles on "pruning" and a general discussion followed.

The next meeting will be held at the home of Miss Ada Serace on Thursday afternoon, April 2nd.

Clarkston Locals

Folks here will be sorry to hear that Mrs. Roland Wilson of Detroit, formerly of Clarkston, suffered a slight heart attack a week or so ago and is confined to her bed.

Born to Mr. and Mrs. David Stewart of Clarkston an 8 lb. 2 oz. daughter, Shanna Elaine, on Monday, March 9th, at the Pontiac General Hospital.

Criticism

The best loved sport of modern man is putting people on the par, And using every nasty term To make their souls in torment squirm.

It's strange that he'd resort to lies His fellow man to criticize, Yet he was never known to ask If he might help perform the task.

Some good deed done before the eyes A man will never recognize, As something worthy of his praise That he could show in many ways.

Let he who tries make one mistake And man will say he is a fake, Yet he whose tongue speaks out so loud Ne'er did a job of which he's proud.

A dog will work for days and days For just a simple word of praise, And even he can understand The power in a stroking hand.

Our neighbor's life let's scrutinize With understanding in our eyes, And not expect a God to find But just another of our kind.

The Golden Text (Hebrews 11:1) is: "Faith is the substance of things hoped for, the evidence of things not seen."

Among the Bible citations is this passage (Hebrews 11:3): "Through faith we understand that the worlds were framed by the word of God, so that things which are seen were not made of things which do appear."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures", by Mary Baker Eddy, include the following (p. 335): "Spirit, God, has created all in and of Himself. Spirit is the only substance, the invisible and indivisible infinite God. Things spiritual and eternal are substantial. Things material and temporal are insubstantial."

All Candidates Were Elected Unanimously

Partly because of the blizzard that swept across the county on Monday and partly because there was no opposition the voting in the village election was light. There were twenty-two votes cast. The following were elected unanimously: president, Howard W. Huttenlocher; clerk, Percy Craven; treasurer, Mary Baldwin; trustees, Roy Gundry, William Dunston, Ray C. Ainsley; assessor, Lloyd Sibley. Nurse's Aides Are Needed

At least 100,000 volunteer nurse's aides are needed in the United States within the next twelve months, it was reported today in a bulletin from the Washington office of the American Red Cross. The urgent need has arisen from an acute shortage of graduate nurses, due in part to the needs of our armed forces, our growing industrial needs, and to rapid shifts in our population.

It is anticipated that this shortage may be greatly accentuated during the national emergency. The nurse's aide, working as an assistant to the nurse, gives the nurse more hands, frees her for those services only a graduate nurse can do.

Miss Luella Gardner, nursing consultant from the Midwestern Area office of the American Red Cross, is in Pontiac this week conferring with Oakland county Red Cross officials on plans for organizing a local nurse's aide course. The course is expected to be launched soon.

The service is sponsored jointly by the American Red Cross and the U. S. office of Civilian Defense. Following a study and training course the women volunteers assist in hospitals and other health agencies.

Registrations are being accepted and interviews given daily at the Oakland county Red Cross office, 12 Seneca street, Pontiac.

March 13th—Friday night the Waterford P. T. A. will sponsor a Penny Supper at the school. Serving will start at 6:00 p. m.

Office Girls Learn First Aid

Among 600 employees of the Department of Conservation completing Red Cross First Aid courses are 50 girl clerks and stenographers of the Lansing office. Conservation Officer Vern Winey, Kalamazoo, is the instructor.

Honor the good old Saint this year by serving dishes of his favorite color. Here are my suggestions for a "green" meal:

Liederkrans Cheese Appetizer
 Spread slices of rye or pumpernickel with butter and then with Liederkrans cheese. Cover with sliced marinated Bermuda onion. To marinate onion, add salt, pepper and equal quantities of oil and vinegar to sliced onion and let stand twenty minutes. Garnish with stuffed olives and watercress. In spite of the war you can serve such epicurean treats as Erie, Camembert, Gouda, Swiss and Liederkrans cheese, all with "made in America" labels.

Green Spinach Salad
 1 box quick-frozen spinach, thawed
 1/2 teaspoon salt
 1/2 cup sour cream
 4 tablespoons mayonnaise
 1 teaspoon salt
 Dash of pepper
 1 teaspoon scraped onion
 1 1/2 teaspoons horseradish
 2 hard cooked eggs, chopped
 Chop spinach. Drain if necessary. Sprinkle with 1/2 teaspoon salt. Combine remaining ingredients. Add half of sour cream mixture to spinach and mix well. Arrange on crisp lettuce and top with remaining sour cream mixture. Serves 4. This salad is rich in vitamins and easy to prepare as well. All quick-frozen foods come to you ready to cook or serve. Their full quota of vitamins and minerals is sealed in by quick-freezing.

Spanish Limas
 3 cups cooked, dried Limas
 1 1/2 cups cooked tomatoes
 2 medium onions
 1 bell pepper
 1 tablespoon sugar
 4 slices bacon
 1/2 teaspoon salt
 Slice onions and pepper thinly, and cook in frying pan in 2 or 3 tablespoons bacon fat until onion is clear. Add bacon and cook, but do not crisp. Add tomatoes and simmer 5 minutes. Then add Limas and remaining seasonings and cook slowly for 20 minutes until thickened.

Lemon Celery Victor
 1 bunch celery, tender portions, or 2 celery hearts
 Cut into desired lengths (1 to 4 inches). Parboil in salted water 10 minutes. Drain. Cook 10 to 15 minutes longer in broth made by combining:
 1 pint beef broth or consommé
 1 teaspoon celery seed
 6 pepper corns
 4 tiny, dry red peppers
 1 teaspoon salt
 1 tablespoon sugar

Blend sweetened condensed milk, lime juice and egg yolks. Pour into baked pie shell. Cover with meringue, made by beating egg whites until foamy, then adding sugar gradually, beating until stiff. Bake in moderate oven (350° F.) 10 minutes or until brown. Chill. Green coloring may be added to the filling if desired. This is a good choice for dessert at dinner on St. Patrick's day, for it's made by a time-saving, fail-proof recipe that guarantees a magically smooth pie filling.

Blend freshly brewed decaffeinated coffee
 1/2 cup whipping cream, whipped
 1/2 teaspoon cinnamon
 1/2 teaspoon nutmeg
 Top each cup of decaffeinated coffee with a spoonful of whipped cream into which the spices have been folded. Sugar may be served with the coffee if desired. This is a delicious party beverage that guests can drink in festive spirit without worrying over sleeping problems later on. Remember when making decaffeinated coffee in the percolator to let it "perk" gently a little longer than other coffee to bring out its full flavor.

A Beverage Hint
 If you are looking for a tall, frothy beverage that tastes as good as it looks and contains some of those vitamins our Government is urging us to include in our daily diets as well, try Pine-Lime Freeze. It's a smooth blend of lime sherbet and canned unsweetened Hawaiian pineapple juice which is a good source of vitamins B1 and C.

PINE-LIME FREEZE — Place a scoop of lime sherbet in an electric beverage blender, add 1 cup unsweetened Hawaiian pineapple juice which has been well-chilled in the can before opening, whip until well-blended and frothy. Serve at once. Yield: One serving. Beverage may also be prepared by shaking ingredients in a screw cap jar. It will require one quart of sherbet and two quarts of pineapple juice for eight servings.

Salvage Campaign In Full Blast

An Important Phase of All-Out War Effort
 Oakland county salvage workers went about the job of salvage collection this week with renewed determination after hearing state officials last Thursday night call theirs "the most important part" of civilian defense activity. In viewing salvage collection as essential to the country's war program both State Salvage Chairman Kenneth Burns and J. D. McGillis called on the county workers to redouble their efforts to offset the drain on resources during the wasteful years of the past. The meeting, held in Pontiac High school auditorium, was called to by County Salvage Chairman O. L. Beaudette, and was primarily for the various salvage committee members throughout the county. The session was presided over by County Defense Council Chairman Harold E. Howlett. Both Burns and McGillis made stirring pleas for greater cooperation, pointing out that only through the diligent efforts of all could America be victorious, Burns adding that "our best may be barely enough." McGillis urged the workers to have patience with national officials, pointing out that they are working day and night to make the salvage program a success, while Burns called the program the most important of civilian defense activities. Burns asserted that anyone not in accord with the salvage program was either stupidly or intentionally retarding our war efforts. Cottontail rabbits and snowshoe hares need no "drinking water", as they get whatever moisture they need from the food they eat.

Wheat Quota Vote Set for May 22

Farmers Again to Decide Marketing Problem

Secretary of Agriculture, Claude R. Wickard has established Saturday, May 2, 1942 on which wheat farmers throughout the Nation will vote on wheat marketing quotas for the second successive year. Wheat Marketing Quotas for the 1942 wheat crop were proclaimed last July when it became apparent that our wheat supply would far exceed the marketing quota level set by law. Before these quotas will go into effect, it will be necessary that we have the approval of two-thirds of the farmers voting. Only those farmers will be eligible to vote who will be affected by the quota law.

On May 31, 1941, wheat farmers voted for and passed the quota on the 1941 crop by a majority of 81 percent. The supply of wheat for 1942-43 is estimated to be 1,428 million bushels on the basis of a July 1, 1942 carryover of 635 million bushels and a 1942 crop of 793 million bushels, which includes a preliminary estimate for 1942 winter wheat of 631 million bushels and average production of spring wheat of 162 million bushels. This is the greatest supply on record, nearly 100 million bushels more than a year ago. Without producing a bushel this year, we already have enough wheat on hand to supply all of our anticipated needs both at home and in foreign outlets well into 1943.

The "Food for Freedom" campaign calls for full use of all resources to assure reaching record food production goals. Therefore, we must not waste human labor, machines or materials in needless production of farm goods that already exist in plentiful quantities. "Raising excessive wheat wastes productive efforts of farmers, disrupts transportation and clogs storage facilities that are already filled to capacity. We must provide for the orderly handling of our wheat reserves and at the same time democratically divide the responsibility for this orderly handling among all the Nation's wheat farmers", says Secretary of Agriculture Wickard in announcing the referendum date.

HOLLY THEATRE

Bringing together two of the top supporting cast and scores of novel entertainment favorites of today—Kay Kyser and John Barrymore—"Playmates" is scheduled for Sunday showing at the Holly Theatre here. again presents the famous band leader as himself, and has Barrymore likewise portraying his own personality. Barrymore has income-tax trouble, and his press-agent, Lulu Monahan, is trying to wrangle him a profitable contract for a radio show under the sponsorship of a wealthy vitamin pill-maker, Nelson Pennypacker.

But Pennypacker doesn't think Barrymore will draw enough customers; he wants somebody immensely popular, like Kay Kyser, for his program. Lulu is a friend of Kyser's press-agent, Pete Lindsey, and between them they cook up a publicity stunt of having Kyser take lessons in Shakespeare from Barrymore.

The stunt irritates both principals, but they are persuaded to go through with it, and Pennypacker agrees to give Barrymore the contract if he appears with Kyser in a Shakespearean Festival. The Great Profile secretly plans to double-cross the band-leader. He makes love to Kyser's girl, Ginny Simms, while he persuades a fiery Mexican charmer, Carmen del Toro, at the same time to use her wiles on Kyser and give him a nervous break-

down. What happens as a result of all this maneuvering leads to the many uproarious situations of the plot and its surprise ending as Kyser outwits Barrymore and presents a startling swing version of Shakespeare at the climax. Filmed in lavish settings and featuring the entire Kyser band and its entertainers, including Harry Babbitt, Sully Mason and Ish Kabibble along with Miss Simms, "Playmates" is said to be the most entertaining novelty feature of the season.

Lupe Velez plays the role of the excitable Carmen, and May Robson is again cast as Kyser's matter-of-fact grandmother, with Patsy Kelly and Peter Lind Hayes, as the two press-agents and George Cleveland as Pennypacker. A rousing rough-and-tumble battle between Barrymore and Carmen, and the five catchy new song-hits are additional features of this fast-paced tune-film.

One person I have to make good: myself. But my duty to my neighbor is much more nearly expressed by saying that I have to make him happy —if I may.—Robert Louis Stevenson.

Salvage Campaign In Full Blast
 An Important Phase of All-Out War Effort
 Oakland county salvage workers went about the job of salvage collection this week with renewed determination after hearing state officials last Thursday night call theirs "the most important part" of civilian defense activity. In viewing salvage collection as essential to the country's war program both State Salvage Chairman Kenneth Burns and J. D. McGillis called on the county workers to redouble their efforts to offset the drain on resources during the wasteful years of the past. The meeting, held in Pontiac High school auditorium, was called to by County Salvage Chairman O. L. Beaudette, and was primarily for the various salvage committee members throughout the county. The session was presided over by County Defense Council Chairman Harold E. Howlett. Both Burns and McGillis made stirring pleas for greater cooperation, pointing out that only through the diligent efforts of all could America be victorious, Burns adding that "our best may be barely enough." McGillis urged the workers to have patience with national officials, pointing out that they are working day and night to make the salvage program a success, while Burns called the program the most important of civilian defense activities. Burns asserted that anyone not in accord with the salvage program was either stupidly or intentionally retarding our war efforts. Cottontail rabbits and snowshoe hares need no "drinking water", as they get whatever moisture they need from the food they eat.

Mrs. Cecil (Jec) Hubble is ill and is confined to her home. The Oakland County Society for Crippled Children has announced that

William H. Wilmot will act as chairman for the Easter Seal Sale. Those from Clarkston who will help on the committee are: Roy Alger, Ronald Walter, Joseph Seeterlin, Robert Beattie and Robert Jones.

Everyone will be glad to know that Mrs. George Perry who has been seriously ill and recently underwent an operation at the Pontiac General Hospital is now recovering at the home of her daughter, Mrs. Keith Leak. Mrs. Perry's condition is much improved and she thought perhaps she would be strong enough to sit up for a while in a chair on Thursday. The friends of Mrs. J. J. Cubley will be sorry to learn that she had the misfortune to fall, while roller skating about two weeks ago, and break her left arm. She expects to nurse it in a cast and sling for about six weeks.

Last week, honor was paid to 106 Michigan Bell employees in Detroit who have driven telephone company vehicles for 10 or more years without an accident! Combined distances driven by those men equal 574 times around the earth—without a scratch!

Michigan Bell employees are instructed, and cooperate enthusiastically, in safe driving. In the National Emergency, safe driving takes on added significance, for it is an important means of conserving cars, tires and gasoline.
