Waterford Township

The Democratic caucus was held in the Township hall Saturday afternoon with the following results: Alfred Gale for supervisor, Carlos Richardson for clerk, Robert Kerr for treasurer, W. E. Oakes for justice of the peace, A. A. Seeterlin for highway commissioner, Orville Dewey for overseer of highways, Walter Whitfield for board of review, and the following for constables: Pearl Hull, Fred Smiley, George Mize and Ed Fox.

The Republican caucus was held at the Donelson school and the following were named: Norman Roth as supervisor, Ivan Wilcox as clerk, Willis D. Lefurgy as treasurer, Claude Holdsworth as highway commissioner, Lloyd Ingamells as overseer of highways, Walter L. Barningham as justice of peace, Marshall E. Smith on the board of review, and the following as constables: Wayne Tracy, Richard Ballek, Junior Baum and Martin Donahue.

The township committee for the current year includes Elizabeth Adams, Fred Smiley, William VanZandt, Bert Myers and Harold Smith.

Local Man in Navy Boards Admiral's Ship

Dr. and Mrs. Arthur Schurz of Clarkston received word from their son, Ensign Daniel Schurz, that he has been made a communication officer on the Flagship of the Cruiser division of the Atlantic Fleet. This ship carries the Admiral.

The cruiser is a 10,000 ton ship and is 614 feet long. It develops an enormous horsepower and of course is thoroughly equipped.

This Community To Donate Blood

A blood bank will be set up in this district by the County Red Cross if there are enough blood donors. If you are healthy and would like to help the Red Cross by giving blood call the News office, Clarkston 4321.

March 26th—Thursday—the Clarkston Home Extension group will meet at the home of Mrs. Joseph Hubbard. This will be an all day meeting and the lesson will be on "Streamline Suppers". The leaders will be Mrs. Robert Beattie and Mrs. O. C. Adams. If the meeting place has to be changed on account of bad weather and roads a notice will be published and the members are asked to watch for it.

High School Chorus Presents Fine Program

Last Friday night the High School Chorus under the direction of Orlo Willoughby, with Adele Thomas as the piano accompanist, presented one of the most pleasing programs that has been heard here for some time. The music included some of the old familiar tunes and some of the most popular songs of today. The types of songs varied from "Adornus Te" and "Break Forth O Beauteous Heavenly Light" to "Chattanooga Choo Choo" and "Deep in the Heart of Texas". There was a tune to suit every taste. Several novelty numbers were well received.

A public address system was installed so that the voices could be heard in all parts of the auditorium. Bert Falkner was the announcer and Norman Johnson, Frank Konk and Walter LaPlante were the stage managers. Many of the numbers were accompanied by stage scenes.

The specialty numbers included a comic by Stanley Perrin who sang and acted "The Big Bass Viol"; three beautiful piano numbers by Betty Ash; Margaret Ann Beattie, a charming blues singer, sang the popular "Blues in the Night"; a trio, Mary Edgar, Betty Ash and Norma Davison, sang "Tonight We Love"; Bob Jones accompanied the chorus on the marimba when they sang "Bells of St. Mary's".

The program entailed considerable work and plenty of patience on the part of the director and the accompanist. To show their appreciation the members of the chorus presented gifts to Mr. Willoughby and Mrs. Thomas. Mrs. Thomas also received a beautiful bouquet of flowers.

Miss Ada Scrace Is Hostess to Club

The Clarkston Literary Club met on Tuesday afternoon at the home of Miss Ada Scrace with a good attendance. The Roll Call was answered with "A bit of Irish wit".

After the regular business meeting three exceptionally interesting papers were given. Mrs. George Marshall gave a paper on "Brazil"; Mrs. Herbert Souby on "Argentina" and Mrs. J. R. Blakeslee on "Recent Adventurers of South America".

The next meeting will be held at the home of Mrs. John Shaughnessy.

Max Souby, who is in the U. S. Naval Reserve in Detroit, spent the weekend at his home here.

OBITUARY

James H. Young

James H. Young, 61 years old, of Clarkston, passed away at the Lakeview Hospital in Paw Paw early Saturday morning after a three days illness.

Mr. Young was born in Grand Haven on September 13, 1880, the son of William and Ellen Young. In 1910 he married Emma Stroburg in Grand Haven. He came to Oakland County in 1927. He was a painter and decorator and his earlier days he did some farming. He was a member of the Presbyterian Church and the Grand Haven Masonic Lodge.

Besides his widow he leaves five children: Kenneth W., Donald J., Dan and James H. Jr., all of Pontiac, and Williamena, of Holly; one brother, John G. Young; two sisters, Williamena C., and Margaret Y. Benjamin, and two grandchildren.

The funeral service was held on Monday afternoon with burial in Grand Haven.

Mrs. Margaret Ousnamer

Mrs. Margaret Ousnamer, aged 81 years, passed away at her home in Ortonville on Sunday morning. She was born in Millington.

Mrs. Ousnamer is survived by two sons, Frank and Jess of Ortonville; two daughters, Mrs. Ida Sternberg of Ortonville and Mrs. Minnie Adams of Holly; one sister, Clara Lister of Trenton; one brother, Calvin Teamer, of Ortonville; 18 grandchildren and 10 great-grandchildren.

The funeral service was held on Tuesday afternoon with Rev. Harold Dakin of Ortonville officiating. Burial was in the Ortonville cemetery.

C. Elmer Giddings

C. Elmer Giddings, 84 years old, of 8660 Maceday Lake Road, White Lake Township, passed away on Monday morning at the farm house where he was born.

Mr. Giddings had lived in Oakland County all of his life. He is survived by two brothers, Alden C. of Pontiac Lake and Charles R. of Billings, Mont.; and one sister, Mrs. William Horne, with whom he made his home.

The funeral service was held at the Ogden-Kennedy Funeral Home in Clarkston on Wednesday afternoon with Rev. George Hill, pastor of the Andersonville Presbyterian church officiating. Interment was in Lakeview cemetery, Clarkston.

Mehlberg-Tuck Rites Read Last Week

Young Couple Will Reside in Royal Oak

The Waterford Community Church was the scene of a very pretty wedding on Wednesday night of last week when Eleanor Louise Mehlberg, daughter of Mr. and Mrs. Henry B. Mehlberg of Waterford, became the bride of Alfred Louis Tuck, son of Mr. and Mrs. Stanley P. Tuck of Ferndale.

The Church was illuminated by candlelight. Rev. Rufus M. Traver of Sylvan Village performed the ceremony at eight o'clock before a group of 200 guests. An arrangement of gladioli, snapdragons and carnations before a background of palms and flanked by tall candelabras holding lighted ivory tapers, was used on the altar. The wedding march and the music preceding the ceremony was played by Mrs. Homer VanAtta of Detroit, cousin of the bride. The special numbers included "The Sweetest Story ever Told"; "O Promise Me" and "I Love You Truly". Just before the ceremony Mary Louise Buck sang "Because".

The bride, who was given in marriage by her father, was charming in a colonial style gown of white slipper satin fashioned along princess lines with a deep lace yoke and long pointed sleeves. She wore a finger-tip length veil which was caught to a tiara and held in place with orange blossoms. She wore the engagement ring of her grandmother, Mrs. E. D. Spooner, who with her husband, Ells, worth Davidson Spooner, are celebrating their 49th wedding anniversary this month. The bride also carried a beautiful handkerchief, a gift of the bridegroom's mother. Her bridal bouquet was white in design and composed of white roses, carnations and gardenias with white streamers.

Phyllis Knifen, daughter of Mr. and Mrs. Earl Knifen of Hazel Park, as maid of honor, wore a floor length blue taffeta gown fashioned along princess lines and carried a colonial bouquet of Queen Mary roses, blue iris and sweetpeas tied with pink ribbon. Her headress was a pink tiara with pink streamers.

The bridesmaid, Hazel Tuck of Detroit, sister of the groom, was dressed in floor length pink taffeta, princess style, and she carried a colonial bouquet tied with blue ribbon. On her head she wore a blue tiara with matching streamers.

Three year old Carol Jean Burt, daughter of Mr. and Mrs. Howard T. Burt and a cousin of the bride, acted as ringbearer. She was sweet in a frock of pink trimmed with blue and in her hair were tiny pink rosebuds and forget-me-nots. She carried the ring on a white satin pillow with white streamers.

Mr. Tuck was assisted by Melville Baker of Detroit as best man and Robert Mehlberg, brother of the bride, and Robert Tuck, brother of the groom, seating the guests.

For her daughter's wedding Mrs. Mehlberg chose a gown of aqua crepe with black and white hat and black accessories. Mrs. Tuck, mother of the groom, wore French blue crepe with a hat of burgundy and a corsage of gardenias. Mrs. E. D. Spooner, grandmother of the bride, wore navy blue with a corsage of rubrum lilies.

Following the ceremony a reception was held at the home of the bride's parents on Andersonville Road in Waterford where the bride cut the large tiered wedding cake which was served to sixty guests. The table was lovely with a white linen tablecloth, a wedding gift which the bride's parents received when they were married twenty-five years ago, and white bowls of snapdragons, carnations and roses flanked with white tapers. Those assisting at the reception were Mrs. Isabella Pratt of Detroit, Mrs. George Carter, June Harris, Lois Burt and Ethel Day.

Following the reception the young couple left for a short trip to Chicago. The bride's traveling costume was a dusty rose crepe with tweed topcoat and black accessories. She wore a corsage of gardenias. Upon their return they will make their home at 425 Parkdale Ave., Royal Oak.

The bride is a graduate of the Pontiac High School and for the past three years has been employed at the Waterford Post Office. The groom is a graduate of the Hazel Park High School and is employed at the Ford Motor.

During the evening flashlight pictures were taken by Rev. Chas. Shock, who also took the wedding pictures after the ceremony.

Among the guests were the two grandfathers and one grandmother of the bride. Out-of-town guests were from Detroit, Dearborn, Royal Oak, Ferndale, Hazel Park, Auburn Heights, Pontiac, Sylvan Village, Ponton and Ann Arbor.

Many lovely affairs honored the bride previous to her wedding. Among

Clarkston P. T. A. Elects Officers

The regular meeting of the Clarkston P. T. A. was held at the school on Wednesday night. Election of officers took place with the following results: president, Mrs. Wade Dean; mother vice president, Mrs. Norman Davison; father vice president, James Bennett; teacher vice president, Mrs. William Vliet; treasurer, K. G. Hempstead; recording secretary, Mrs. Arthur Tondy; corresponding secretary, Mrs. Carl Lindahl.

A very interesting movie was shown by Mr. Dean of the Michigan Bell Telephone Co., of Pontiac, showing the part the telephone plays in civilian defense. Mr. Fischer of the school faculty gave a talk on "Haiti" and his travels on a freighter. The next meeting will be held on Wednesday night, April 15th.

"Salvage for Victory Program"

The "Salvage for Victory Program" is a National Drive sponsored locally by the Oakland County Defense Council.

It is a patriotic duty to dispose of your waste materials, either by sale or gift. Another drive will be made early in April.

Local Committee, T. S. Boyns, chairman, phone Clarkston 3566.

Clarkston to See Interesting Movie

Americans are becoming more and more "war conscious" and are beginning to realize that the civilian defense program is very necessary. The civilian defense committee in Independence Township has been able to secure a program which will consist of a movie on "Bombing" and a talk by a member of the Michigan State Troops, Lieutenant Millar of Pontiac. The program will be presented in the Clarkston School on Monday night, March 30th, at 8:00 o'clock.

Lieut. Millar will tell how the Michigan troops cooperate with the citizenry. The picture will give the people some idea of what takes place when a district is bombed and why civilian defense is important. It is a movie that every person should see. The public is invited.

Local Fire Department Called Tuesday Night

Shortly after eleven o'clock on Tuesday night the Clarkston Fire Department was summoned to Waterford where they found two cottages in flames. Nearby residents saw the flames coming from a furnished cottage on Mill Street and called for help. The high wind soon spread the fire to the cottage next door. The fire department saved a part of the second cottage and prevented further spread of the flames.

Both cottages were owned by Mrs. Lillian Norton of Clarkston and were unoccupied. The origin of the fire has not been determined.

Willard Perkins of New York City has returned to his home after spending the last few days with his sisters, Mrs. A. J. Gador of Andersonville Road and Mrs. Ross Terry of Pontiac.

Mrs. David Stewart and infant daughter returned to their home on Miller Road from the General Hospital in Pontiac, on Wednesday afternoon.

There was a spinster dinner given on Monday night of last week by her aunt, Mrs. John Watchpocket, at Mrs. Price's Tea Room in Pontiac. The guests included the honoree's mother and very close friends.

Local Druggist Stars In Thrilling Comedy

Many of the Clarkston residents appreciated the comedy put on by the local druggist last Sunday. After riding along Main and Washington Streets astride "Buddy", a pony owned by Robert Beattie, Mr. O'Dell decided to make a turn and free from the idea of saving tires he did not have to keep within the 40 per. Just as he turned the corner a motorist loomed in front of him. What happened? Buddy and Mr. Druggist did not agree as to which way to go and in an instant both were street cleaners and did a good job of brushing the street. Mr. O'Dell realized how heavy the pony was because when the stunt was ended he was on the bottom of the heap. The pony escaped with a few cuts and a shaved shoulder and the rider is lucky to be alive. He must have a few bruises and he will have to invest in some new trousers.

Junior Literary Club Met Tuesday Night

On Tuesday night the Clarkston Junior Literary Club held its regular meeting at the home of Mrs. Darl O'Dea in Drayton Plains. Nine answered Roll Call by telling a joke.

After the regular business meeting two very interesting papers were read. Mrs. John Reynolds read one on "What Britain's Little People can show us about War" and Mrs. Gwendie Purkiss read one on "The War has changed the Movies".

On Saturday night, March 21st, the members will entertain their husbands at the home of Mr. and Mrs. G. W. Scott in Clarkston.

The next regular meeting will be held at the home of Mrs. Gwendie Purkiss in Drayton Plains, on Tuesday night, March 31st.

At the close of the meeting the hostess served light refreshments.

Girl Scout News

In honor of Girl Scout week the Clarkston Troop entertained their parents at a little get-together at the school last Monday night. The short program was in charge of Doris Boyns.

Assistant Scout Leader, Vivian O'Roark, presented tenderfoot badges to the members of her patrol. They included Imogene Patten, Marilyn Kennedy, Joan Johnston, Helen Dean, Marilyn Mortimore, Barbara Breakey, Martha Clack, Noreen Moore, Mary Lee Volberding, Norma Terry, Barbara Rioux, and Helen-Denton. Helen Cox, Scout Leader, awarded second class badges to Katherine LaPlante, Ida Beattie, Doris Boyns, Adrienne Volberding, Phyllis Markle, Shirley Terry, Jeanine Flynn and Mary Drake. She also awarded gold star pins for perfect attendance for one year to Ida Beattie, Doris Boyns, Adrienne Volberding, Phyllis Markle, Shirley Terry and Mary Drake.

The Girl Scouts and their leaders were greatly encouraged because in spite of the bad weather the attendance was good. At the close of a very pleasant evening the girls served punch and Girl Scout cookies.

The Girl Scout Cookie Sale has been going on all week with success. About 300 boxes have been sold. We wish to thank all those who made a purchase.

The annual Girl Scout roundup and observance of our thirtieth anniversary was held in the Pontiac High School gymnasium last Saturday afternoon. A high percentage of the local troop was able to attend.

The Rochester troop had charge of the Flag ceremony. Miss Vivian Ruell, head of Oakland County Girl Scouts and Grace Wortvoshk, Skipper of the Girl Scout Mariner Ship, directed folk dancing and community singing. The woman in charge of the hanger collection and the one in charge of the cookie sale gave short talks.

Girl Scout week honors Juliette Low and as a special feature of the program the group contributed to the Juliette Low Memorial Fund by dropping pennies into a jar to be used to help their foreign sisters. The pennies from the American girls have done much to take aid to the bombed children in Europe and Asia.

Any girls who wished could sing over the microphone. Ida Beattie sang two songs for us. Everyone had a good time. Many were in costume.

Engagement Announced

Announcement was made last week of the engagement of Anna Lou Duff, daughter of Mrs. John F. Duff of Grayton Rd., Detroit, and the late Mr. Duff, to Roy Alger of Clarkston, son of the late Mr. and Mrs. Joseph H. Alger.

4-H Program Being Planned in County

A new 4-H organization program is being planned in the County whereby every boy and girl in the rural communities will be asked to participate in production efforts for national defense. The projects will include: Victory gardens, raising more hogs to increase pork production, preservation of foods for canning, drying or locking and food study with emphasis on nutrition.

There will be at least eight 4H districts in the county, five of which are already organized. Each district committee will consist of a chairman, a secretary and a representative from each school district in the 4H district.

The leaders in Independence Township are Joseph Hubbard, chairman and Mrs. Florence Adams, secretary.

Mrs. Vesta Sheets, associate matron of the local chapter of the O. E. S., underwent an operation at the Pontiac General Hospital on Wednesday morning.

Good Potato Seed Proves Profitable

Certified Kind Gets Results for Michigan Producers

Michigan's 1942 potato crop, with due regard for possible vagaries of the weather, ought to be another sizeable volume of food, if the commercial growers continue to seek out supplies of better seed.

That is the opinion of H. C. Moore, potato specialist at Michigan State College. He finds that the demand for certified seed potatoes late this winter has exceeded that of previous years. Some varieties including Irish Cobbler, Katahdin and White Rural already are very scarce, but there remain fair supplies of the Chippewa and Russet Rural.

"Many Michigan growers could reduce their production costs per bushel by increasing potato yields through the use of certified seed," Moore declares. That is a tip also useful to those farmers who only intend to plant enough for family use, or for backyard or vacant lot gardeners hoping to add to their family food supply.

Information on the sources of certified seed potatoes can be obtained from the Farm Crops Department at Michigan State College.

Proof that good seed, among other factors, is some insurance of a good crop is found in records of those who produced top potato yields in the state in 1941.

Best potato yield ever known in Michigan is that of Jules Van Damme of Rock in the upper Peninsula. He produced 650 bushels an acre on his farm. A neighbor, Rene Verbrigghe, had a recorded yield of 642 bushels an acre. In the lower Peninsula J. D. Robinson of Pellston grew 624 bushels an acre to better his previous record of 615 bushels an acre which had stood for two years as the best known yield in Michigan.

Potato growers using the new Chippewa variety have been getting 10 to 25 cents a hundredweight premium over other varieties because of the superior cooking qualities shown by Chippewa potatoes. The variety yields well on upland soils or on muck, according to contest records.

For Homemakers

Elastic fabrics, household gadgets rimmed with rubber and any other home equipment of which part is rubber needs extra care these days against the three principal enemies of rubber.

Members of the home economics extension staff at Michigan State College suggest homemakers remember that heat, light and oil or grease are these three factors, according to the federal bureau of home economics of the United States Department of Agriculture.

The higher the temperature, the more quickly rubber gets weak, cracks, becomes sticky. Sunlight is especially harmful because it combines the destructive action of both heat and light. And rubber, left in contact with grease or oil for long, swells and becomes weak.

Rubber, used in elastic fabrics, such as foundation garments, is more easily damaged by oil and grease than other kinds of rubber. If these garments are worn next to the skin, the body oil may cause them to weaken unless they are washed frequently.

Rubber goods can be kept clean

with warm water or with water and soap. Any kind of soap will be safe on articles made solely of rubber. But if the garment is part fabric, a mild soap protects the fabric. Rubber articles or garments should be dried in a cool or only moderately warm place, never near a radiator, stove, or hot pipe. Direct sunlight is harmful. If a garment with rubber in it needs ironing, it should be pressed as lightly as possible.

"Never dry clean any garment that has rubber in it," warn those who know. "But if you can't get oil, grease or tar off rubber with soap and water, a dry cleaning fluid will remove them. Sponge the rubber lightly with the fluid. Even in stubborn cases, never leave rubber in fluid more than 2 or 3 minutes. Be very careful of the rubber while it has the fluid on it, because it is weaker and tears more easily. Carbon tetrachloride is recommended as an efficient fluid. If you use any other dry-cleaning fluid, be sure it evaporates quickly and leaves no deposit as it evaporates. Never use gasoline motor fuel."

Rubber should be stored in a cool, dark place. If the storage space is not dark, wrap the rubber in thick paper or put it in a covered box. Try to store the article in as natural a position as possible. If you must fold it, dust the surfaces that come in contact with each other with talcum powder or cornstarch.

FOR THE FARMER

Dairymen forced to feed their Michigan herds partly with purchased concentrates which have been rising in price can take solace in proof that these dairy feeds contain valuable fertilizing elements available for spreading over fields in crop production.

More than \$20 worth of fertilizing elements revert to the soil when a dairyman feeds out a ton of cottonseed meal to his cows, according to A. C. Baltzer, extension dairyman at Michigan State College. Linseed oil-meal offers a residual fertilizing value of \$15.16 in nitrogen, phosphorus and potash. Gluten meal gives \$12.33 back to the soil; beans, \$10.36 to the ton; bran, \$11.67. To gain the plant food values, dairymen are urged to clean up barns frequently and spread the manure out over fields where it can be absorbed by the topsoil.

OUR WAR DESTINY... WILL IT BE AS NOSTRADAMUS PREDICTED?

"Everything's going to be O. K." according to uncanny old 16th Century prophet, who foretold practically everything that has happened, including Japan's attack on the U. S. ... and now ... as will be told in The American Weekly with this Sunday's (March 22) issue of The Detroit Sunday Times ... interpreters say his verses portend eventual victory. Be sure to get The Detroit Sunday Times.

PROBABLY at some time or other you have phoned The Detroit Edison Company for trouble service—when a fuse burned out or your electric iron required a new heating unit or some minor appliance needed repair. On more than 90 per cent of these calls, a Detroit Edison serviceman arrives at the customer's house within the hour. Promptness on trouble calls is important: Customers often comment favorably on the speed of our service.

Now our Nation is at war. Rubber tires and other critical materials are being rationed. Some of our experienced men in various departments—including repair and delivery—are leaving for the armed forces. One way we are trying to meet the situation is by routing customer calls . . . that is, by grouping all the calls in a certain area so that ONE serviceman can handle these in a single trip. This saves cars, tires, man-hours, gasoline—although you may have to wait a little longer for the Edison serviceman to arrive.

Ground Water for Fire Fighting

Happy over the early March blizzard are the state's forest fire fighters, as the storm offset some of the winter snowfall deficiency that threatened ground water supplies, here being measured by a field man of the conservation department's geology division at one of the state's many shallow checking wells. Ground water tables are mapped throughout northern Michigan's forested area, so jet wells may tap the underground waters for an almost instant supply for forest fire fighting. Now at the year's low point, northern lower Michigan's ground water levels are six-tenths of a foot above the eight-year average, may yet show a normal spring rise, which is an incentive to forest and cottage owners worried about falling lake levels as it is to forest fire men.

Help Farmer to Solve Employment Problem

That Will Be Job of Former Davisburg Boy

Melvin C. Hart, Manager of the Pontiac Office of the United States Employment Service, announces that Merrill F. Walls has been appointed special Farm Placement Officer for that office and will serve the needs of Oakland County farmers, who desire help during the spring and summer.

Mr. Hart states that the employment situation is growing more encouraging each week in the area served by the Pontiac office. The fact that industries are recalling production men and the general upturn which always accompanies the advent of spring are cited as the principal reasons.

The office still has well qualified applicants, however, for practically all kinds of work and employers, in need of help, are urged to use the facilities of the Employment Service to fit their wants. This is a federal agency and there is no charge to either employer or job applicant.

HOLLY THEATRE

One of the most eagerly anticipated screen events of this or any other year begins Sunday as "Sergeant York" starts its local engagement at the Holly Theatre.

From the day, more than twenty-two years ago, that Sergeant Alvin C. York returned from France after his heroic exploit of capturing 132 Germans almost single-handedly, Lasky has been endeavoring to get his permission to film the story of his life.

It is in the main a simple story, but the kind of story that is Amer-

ican to the core. Alvin York was a farmer down in the Tennessee hill country. Eldest son in a fatherless family, he worked hard to cultivate the rather barren soil of his little farm. Known as something of a "hell-raiser", he was wont to get drunk with a bunch of his friends every now and then and do his share in local saloon brawls.

They came 1917 and the draft. York, deeply religious, was aghast at the thought that he might be called up to kill, and registered as a conscientious objector. He was drafted, nevertheless.

York's expert marksmanship soon made him famous in his regiment. Then, overseas his division was swept into the bloody battle of the Argonne, and York performed his amazing feat.

Hailed as the outstanding soldier hero of the war, York was decorated by General Pershing and Marshal Foch.

Gary Cooper, whose work in such pictures as "Mr. Deeds Goes to Town" and "Meet John Doe" has made him an outstanding favorite of the American public, does the finest job of his illustrious career as York, and experts the job would win him an Academy Award, a prediction which was recently fulfilled.

"Ride Together" Plan Is Pushed

Nation-wide interest is focused on Oakland county this week as the Michigan Plan for car and tire conservation makes its official debut.

The plan attacks the problem of maintaining transportation facilities for industrial workers to war production plants. The plan aims at the maximum use of buses, more walking by car owners, and fewer but filled cars on the road.

Indications point out that a majority of the 30,000,000 passenger cars in the country are likely to be laid up when our present tires are worn out. To prevent transportation breakdown, the Michigan Plan represents a comprehensive analysis by State Highway Department technicians, under the direction of State Highway Commissioner G. Donald Kennedy.

Members of the "Let's Ride Together" club agree to walk whenever possible, ride buses as much as possible, eliminate unnecessary driving, "swap" rides with fellow-workers, drive safely to prevent accidents, keep cars serviced and protect cars against theft.

Windshield stickers and lapel emblems, featuring a bar bearing the slogan "Let's Ride Together" identify members of this voluntary club. Members are joining in Pontiac industrial plants through the cooperation of factory personnel divisions and union leaders.

With the active cooperation of the city officials, clubs and other organizations, labor groups, newspapers, etc., it is expected that a sizeable reduction in passenger car traffic will be realized soon after the "Let's Ride Together" program's inception.

Special Music Palm Sunday Night

A Sunday night of special music will be rendered at the Clarkston Methodist Church on Palm Sunday Night, March 29th, at eight o'clock. Most of the service will be given to the great Pre-Easter music of the Church. Adele Thomas will be in charge of this special music.

O.E.S. Members Attend Friendship Night

O. E. S. "Friendship Night" was held in Rochester on Wednesday night. Mrs. Florence Adams, associate conductress of the Joseph C. Bird Chapter of Clarkston, assisted with the initiatory work.

Mrs. Howard Lord was taken to St. Joseph Mercy Hospital last week for observation and treatment. She may be brought to her home this weekend. Her parents, Mr. and Mrs. Ira Jones, who have been spending the winter in St. Cloud, Fla., expected to leave there yesterday to return to Clarkston.

News

The writers of items their privilege abuse And write up a story and label it news, When really and truly the things that they say Happen to someone on earth every day.

You and I've seen it in papers before "The Smiths have a baby to love and adore," This item as news is battered and torn.

For Smiths had four babies ere this one was born. When man bites a dog it makes the front page

Though man bites a dog each day in our age, And you and I know each second it's done

A dog—some mustard—a man and a bun. But here is some news for people to read

A man from our town was rode by a steed, And this is not rumor but gospel fact A pony sat straddle our citizen's back.

Our druggist atop of a steed sat a straddle And clung for his life to the horn of his saddle, The druggist was plump, the pony was fatter

They came down the street with a terrible clatter. The thinking of man and the thinking of horse

In different directions threw both off the course, The rider took off like a bird on the wing

To horse and to saddle unable to cling. Upset that the speed of his rider was faster

The pony fell down and sat on his master, That he sat there so long to all was quite striking,

The seat was so soft it was much to his liking. The horse and the rider though bruised here and there

Are without doubt a most fortunate pair, For surely it's worth a bump and a bruise

To feature these days in something that's news. Robert C. Beattie. (All rights reserved)

New Loading Coils Save Copper and Nickel for War

A LOADING COIL is a doughnut-shaped contrivance of copper wire wound over a ring of alloy containing nickel. Its job is to give your voice an electrical "push" as you talk over a telephone line.

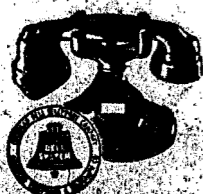

There is about one loading coil for every mile of an average Long Distance telephone circuit in cable—nearly half a million in Michigan alone, besides about 200,000 on local circuits.

For years the Bell System's research has been making these coils progressively smaller, yet keeping them as effective as the larger coils. Now, as a further step to help meet

the shortage of war materials, loading coils have been developed that use only about half as much copper and nickel as the former type. The pictures indicate the latest reduction in size.

From this single source, in 1942, the Bell System will save an estimated 40,000 pounds of each of those needed metals.

In spite of material shortages that make it increasingly difficult to satisfy all service requests as promptly as in the past, Michigan Bell is confidently determined that every war need will be met.
