M-15 Is Now a Military Highway

Angle Parking in Clarkston Is Finished

Tuesday afternoon, the business men of Clarkston met in the Township Hall, and were addressed by members of the FBI. Edward Seeterlin, local wartime representative, had "The Day of our Years" and "The called the meeting at the request of Moon is Down" by Steinbeck. His the government.

that in the future angle parking must give way to parallel parking, and that speeds must be cut. The double parking lane to be used if a driver is in the car and the car does not park longer than 5 minutes. The new system will be effective Monday morning.

Local merchants were advised to park off the street so that customers could park in the now limited parking

An angle of the "share the ride" campaign was brought to light and a remedy is now being considered. It seems that riders leave their cars locked on Main Street and they stay there all day to the detriment of anyone else who might use the space for a short period. Riders will be asked to park off the street and in case they do not heed the advice, an ordinance will be framed to force them to park elsewhere.

People living in apartments who have been in the habit of leaving their cars parked on the streets will also be asked to end this practice.

One advantage of the double parking lane will enable the clerks who carry the customer's groceries perhaps a half a block at present to take them to the customer's car right in front of the store if the customer has double parked. However it must be remembered that a driver must always be in the car so parked.

A military highway demands speed and it is better for the interests of the town to co-operate rather than have the government form a new highway and cut off the business section entirely.

Gmelch-Baker Rites Read Last Saturday

Young Couple Will Reside in Pontiac

Last Saturday afternoon Catharine Gmelch, daughter of Mr. and Mrs. Stoll of Waterford, and Sheldon Baker, son of Mr. and Mrs. Erwin Baker of Clarkston, spoke their marriage vows before their immediate families at two o'clock at the parsonage in Waterford with Rev. Charles Shock officiating.

The bride was gowned in ivory satin and carried a bouquet of roses and sweetpeas. Her only attendant was the groom's sister, Margery Baker who wore pink organza and carried

carnations and sweetpeas. Burten Steiner of Clarkston assisted Mr. Baker.

Following the ceremony a wedding dinner was served at the home of the bride's parents. A tiered wedding cake graced the dinner table.

For her daughter's wedding Mrs. Stoll wore a navy suit with matching hat and a corsage of sweetpeas and carnations. Mrs. Baker wore a powder blue suit with dusty pink hat and accessories and a corsage of sweet-

Clarkston Literary Club U. S. Service News Observes Guest Day

Betty Roberts of Detroit Was the Guest Speaker

On Tuesday afternoon the Clarkston Literary Club held an exceptionally interesting meeting at the Methodist Church. As it was guest day there was a large group present. The speaker for the afternoon was

Miss Betty Roberts of Detroit. Many present enjoyed renewing the acquaintance of Miss Roberts who spent some of her earlier years in Clarkston. Her lecture was on "Interesting Gardens". She took the group on a trip starting from Toronto, Ontario, and going down to the New England States continuing along the east coast towards the southland. Miss Roberts left nothing to the imagination for as she talked she showed colored slides which along with her vivid descriptions made the gardens seem alive. Travelling along across the southern states the azalea gardens were visited and then on down through old Mexico where the floating gardens were so interesting and in some ways very amusing. The cactus plants, too, made beautiful pictures and were so odd. From the gardens of the sunny south the trip continued along the western coast northward all the way to Alaska where the beauty almost made you breathless.

Miss Roberts' talk was greatly appreciated. Mrs. Orlo Willoughby favored the group with two or three very lovely vocal numbers. She was accompanied by Mrs. Harold Pailthorp at the piano.

To close a very pleasant afternoon dainty refreshments were served from a very attractive table. Mrs. Alice Urch and Mrs. Lucy King poured.

Salvage for Victory

Word comes from the State Salvage Office that the collection of paper and scraps is producing results. However scrap metals are needed badly. The emergency in this respect is greater. Iron and steel collections must increase at once. Furnaces right here in Michigan have been closed because of a shortage in scrap metals and right at a time when the Allies' successful war efforts must wait until we produce the goods. To say that this is an emergency is to put it

lightly. If you have abandoned plumbing and heating equipment as well as Lake Orion P. T. A. kitchen equipment, machinery, etc., you are asked to see that it gets into the proper channels to help this allout war effort.

Our good citizens must realize that the time is past when salvage materials can be measured in terms of time and money not worthy of our considsurance against loss of life and liberty itself.

Dear Mr. Stamp: The Clarkston News is still arriving in fine style for which I am very grateful. I certainly enjoy receiving it and looking through it to see if people I know have been mentioned in one of the columns. You have a big advantage over the publishers or the large papers in that you know the great majority of the people to whom the paper is delivered. IN THESE DAYS of shortages and priorities, critical

materials cannot be wasted. The Detroit Edison

wires and cables. Furnace sweepings consist of

dirt, ashes, and bits of metal. All this residue is

shoveled into a mechanical separator. The dirt

and ashes are discarded, and the metals reclaimed.

How are you? I am fine. Glad to know you haven't forgotten me as it seems longer than a year since I left Drayton Plains. I would like to thank you for your gift.

I am with the 73rd Brigade. We left Camp Shelby, Mississippi, two weeks ago and came to Camp Sutton. This is a new camp.

The country here is fine. But we are roughing it compared to Camp Shelby. We have quite a bit of recreation, baseball, etc. Our football team won the championship. Our basketball team was tied for first place

when we left Fort Shelby. We see shows, have dances and parties. Tomorrow I am going to see the N. Y. Yankees and the Brooklyn

Dodgers play. Thanks again. I hope you had a happy Easter. I'm sure when the army gets rolling we will all have a happier Easter next year. Sincerely, Private Robert Marion, B.T.R.Y., F.
