**HOLLY THEATRE**

It was inevitable that Spencer Tracy and Katharine Hepburn should some day appear on the screen together, and the union of these two Academy Award winners in "Woman of the Year", which opens Sunday at the Holly Theatre, provides the screen with a completely refreshing and engrossing photoplay.  
With Tracy in a made-to-order role as a newspaper sports writer and Miss Hepburn as a sleek and sophisticated columnist on international affairs, the story unfolds the meeting of these two opposite personalities, their marriage, and the clash of temperament between the man who wants his wife to preoccupy herself with her home life and the woman who, named "America's Outstanding Woman of the Year", believes she can combine marriage and a career.  
Topping an excellent supporting

cast is Fay Bainter, an Academy Award winner in her own right, in the role of Miss Hepburn's aunt who aids in patching up her turbulent niece's marriage when it seems about to go on the rocks. Reginald Owen is a convincing newspaper managing editor, and lesser roles are ably filled by Minor Watson, William Bendix, Gladys Blake, Dan Tobin, Roscoe Karns and William Tannen.

**Davisburg Asks to Join Softball League**

Final arrangements for the Softball League will be made at a meeting to be held in the council room next Monday evening at 8 o'clock. The members of the Board of Control are especially requested to be present. At least six teams will be in the league. Davisburg has requested membership and may be admitted. That will depend upon how many Holly teams are lined up. If only five, Davisburg would be the sixth. They could also get in if the league was formed of eight teams. An even number is necessary. The season starts June 2.

**Turkeys Need Good Care for Results**

When they are young they are extremely dumb.  
That's no reflection on the good eating that turkey meat promises next fall. But in the face of a 6 to 8 per cent increase forecast by the government for turkey production this year, C. C. Carl, head of the Michigan State College poultry department, thinks newcomers to this turkey business ought to have a few warnings.  
Baby turkeys or poulters are considered difficult to brood artificially. They will eat litter as readily as they will eat the feed. Until they learn to eat properly, Carl suggests, the litter can be covered with burlap or papers. The burlap can be washed or the papers can be burned.

A wire screen should be placed around the hover for the first few days to keep the poulters close to the source of heat and to prevent chilling.  
Apparently, a higher protein starting mash than is commonly used for chicks gives best results. Mash with 26 per cent protein or higher should be used at least for the first 6 to 8 weeks. In times such as these, sources of protein should be carefully considered. Vitamin D concentrates may be difficult to obtain, therefore, vitamin and mineral balancers must be carefully figured and amply supplied.

Poulters may develop under confined, semi-confined or range conditions. Success under each of these systems depends upon the feeding, care and sanitary measures practiced.  
Feed prices are higher than in 1941. For patriotic reasons as well as for an individual's financial protection, losses must be prevented and economical gains made, Carl adds.

Sergeant York tells why he's ready to fight again. Inez Robb, popular feature writer, makes a flying trip to the Tennessee Hills for an exclusive interview with the former conscientious objector who became hero No. 1 of World War No. 1 and discovers some new and surprising things about him. Don't miss his homely, timely comments in The American Weekly, the magazine distributed with next week's Sunday Chicago Herald-American.

**Scrap Rubber Must Be Preserved**  
Penalty Will Follow Non-Observance of Regulations

Request that the county "Salvage for Victory Committee" which is in charge of collecting scrap for war materials in Oakland County secure every piece of rubber available was received from John D. McGillis, executive secretary for Michigan Bureau of Industrial Conservation this week.

In a bulletin to all county chairmen McGillis points out the fact that 91 percent of the world's crude rubber source is now tied up by Axis powers to focus the attention of citizens on the desperate shortage existing. The only immediate substitute for reclaimed rubber is scrap rubber. For this reason every kind and type of scrap rubber must find its way into the channels of war production.

It is expected that shortly drives will begin in this vicinity, as in other communities throughout the county, in an effort to have residents turn over to collection agencies everything from old rubber heels to fly swatters and rubber jar rings for the war effort.

The bulletin warns that now under the W.P.B. order the burning or destroying of rubber of any kind—new or old, is forbidden, and that inventories of scrap rubber must be turned over within sixty days. Failure to

Mrs. Cecil Morrow underwent an operation in General Hospital last Monday morning.

Mrs. Fred Burris and daughter, Helen, of Pontiac, were Sunday guests of Mrs. Anna Gesch.

Irving Moody left last Monday for Comstock Park, where he will be employed at the Fish Hatchery there.

John Smith left for Ludington, Mich., where he will be working for an indefinite time.

Mr. and Mrs. Martin Wohl and small daughter, JoeAnn, spent last Sunday at Holland attending the Tulip Festival.

Mrs. Frances Werner of Detroit spent the latter part of last weekend with her son, George, and wife on Seeley St.

Mrs. Elmer Johnson and children, Noel and Audrey, of South Bend, Indiana, have been spending a few days with Mrs. Johnson's parents, Mr. and Mrs. William Weding.

Born to Mr. and Mrs. Harland V. Chatfield (Viola VanRiper) a son, William Mark, at St. Joseph Mercy Hospital, Pontiac, last Saturday, May 9th.

Several members of the Home Demonstration group from Drayton Plains and Lake Oakland attended the Achievement day in Pontiac last Tuesday. A canning demonstration was held in the morning.

The Waterford Township Blue Star Mothers held a cooperative supper last Thursday evening at 6:30 in the Community United Presbyterian Church. Mrs. Ada Harris of Flint was the guest speaker.

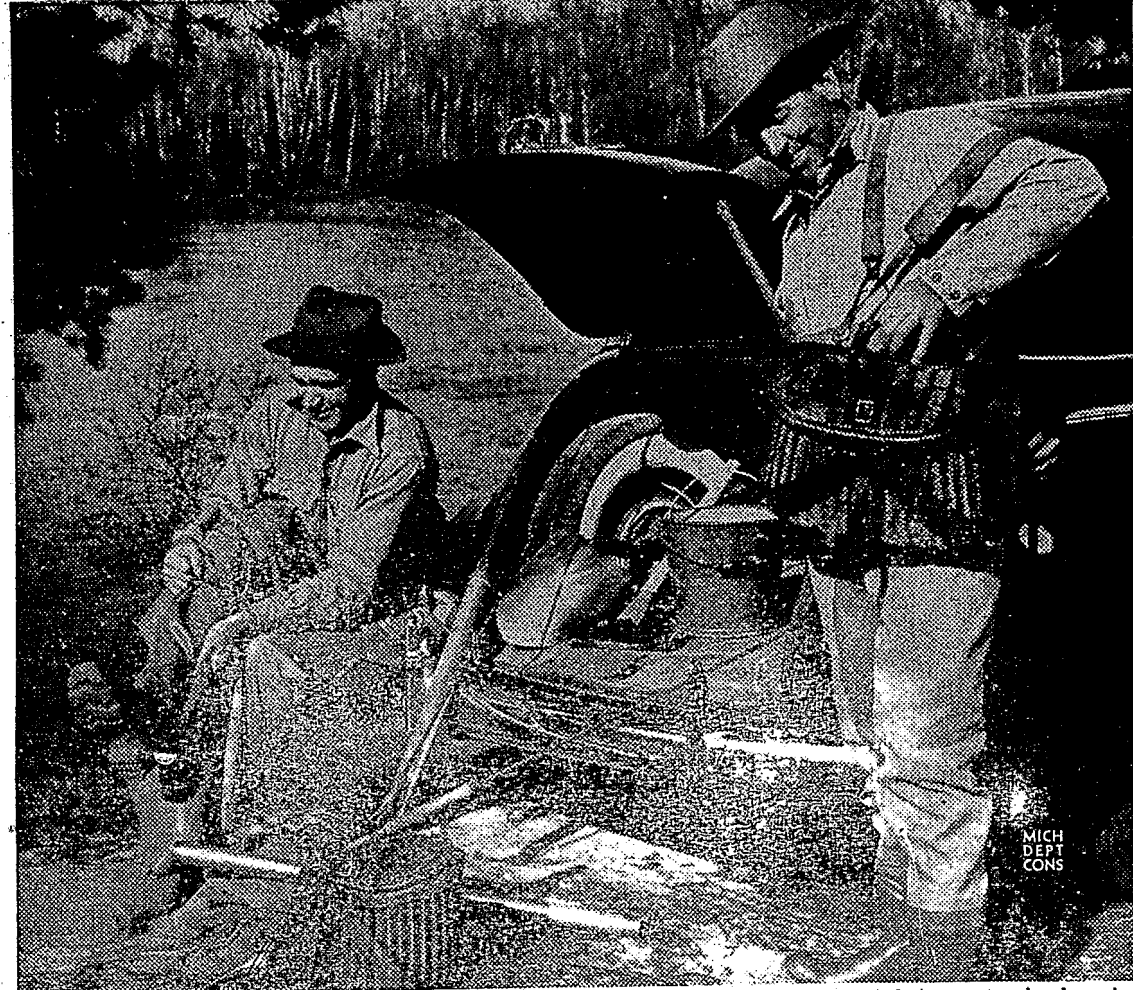

Mr. and Mrs. John Watkins and Mr. and Mrs. Edward Watkins spent the weekend with Mr. and Mrs. Watkins' parents, Mr. Samuel Schermhorn and Mr. and Mrs. Harry Spence at Lake Michigan.

Mrs. Ethel Doemick and sons from Auburn Heights, Mr. and Mrs. Roy Tewelliger, Mr. and Mrs. Scott Smith and Mr. and Mrs. Fred Clemmons of Birmingham spent last Sunday with Mr. and Mrs. Gara Tewelliger of Dixie Highway.

Harold Hughes and Richard Holdt of Comstock Park, near Grand Rapids, have been transferred from that Fish Hatchery to the Drayton Plains Hatchery. Mr. Hughes is a former resident of Drayton Plains and will move his family here about the first of June.

Carolyn Marshall, daughter of Mr. and Mrs. Fred Marshall of 4160 Quillen St., and Edna Ream, daughter of Mr. and Mrs. Oscar Ream, were placed fourth at the University of Detroit Baton Contest in Detroit last week. There were fifty in the contest, and Carolyn and Edna were the youngest participants in the group.

Ax and Shovel in 1942 Anglers' Outfit

Wartime trout fishing finds the ax, shovel and water buckets—for forest fire fighting—standard equipment in the trunk of the sportsman's car. With many of the conservation department's trained fire fighters called to military service or working in war industries, sportsmen are enlisting as "forest fire cooperators" to help defend their vacation land, which means producing great quantities of forest products for the war program. The anglers pictured (well equipped, 1942 style) are shown preparing to fly fish for trout in the South Branch of the Au Sable river, near Comstock.

The Drayton Plains Red Cross under the direction of Mrs. James Cline opened the meeting promptly at 1:30 last Wednesday afternoon in the headquarters of the Drayton Plains Clinic, 4400 Dixie Highway. Their new assignment of yarn had come and was distributed among the members, also those who were interested in sewing were assigned their garments.

On Tuesday evening the members of the Community United Presbyterian Church Choir enjoyed a pleasant evening at the home of Dr. and Mrs. L. G. Rowley. It was a surprise for Mrs. Rowley as her birthday was just around the corner. A lovely birthday cake was made by Mrs. Oliver Seibert. Jello, wieners, buns, pickles and coffee were enjoyed around a grill in the yard. A gift was presented to Mrs. Rowley by the president, Charles Jankaw-ke, for her faithful work with the choir. The hostesses were Mrs. Katherine Cable and Mrs. Lela Wilson. The group enjoyed playing games and later in the evening they held choir practice.

The W. C. T. U. May breakfast was held at 11 o'clock last Tuesday morning with about thirty members present. The breakfast table in white, yellow and green made a very pretty setting for the occasion. After the breakfast, Mrs. Katherine Cable opened the meeting with prayer. Then she introduced Mrs. Russel Delzier of Pontiac, who gave the devotions, reading the first ten chapters of Acts 3, the first ten verses. Mrs. L. G. Rowley sang two solos, "The Green Cathedral" and "Beside the Still Waters". She was accompanied by Mrs. J. R. Berryman at the piano. Mrs. John Watkins, program chairman, introduced Mrs. Orville R. Hurd of Flint, guest speaker. Her topic was on "Character building, good health and medical care."

Tomatoes already rate as the most popular garden product in Michigan. Another sales point in favor of the tomato is that it isn't as tender as

But if horticulturists at Michigan State College lend strength, the Victory gardens of 1942 will see an even greater stress put on this crop. "Few products have such a wide range of uses," comments S. B. Apple, college extension specialist in horticulture. "Tomatoes are used raw or cooked. They go into salads, soups tomato juice, catsup, sauce, pickles and preserves. The tomato is an excellent source of vitamins and offers color for appetite appeal."

Tomatoes already set out may have been caught by frosts, but it certainly isn't too late for transplanting, in the opinion of the college man. Some vine crops could well be omitted if there is any question of necessary space. Some of the favorites that Apple would pass up in favor of more tomatoes include cucumbers, muskmelons, squash, and pumpkins and watermelons. They take extra room when the vines begin to run from healthy plants.

Tomatoes Rank High in Popularity

Tomatoes already rate as the most popular garden product in Michigan.

most of the vine crops. Tomatoes and peppers, although they do not like cool weather, do not suffer as a vine may in cold weather. Cold soil and cold weather stunt a melon vine.

Although it's too late to start tomato plants from seed, a gardener can purchase sturdy plants and set them out when frost danger has passed. Southern grown plants may be weak and diseased, Apple warns. Good, stock plants stay ahead of spindly transplants throughout the season. Staking and pruning of the vines permits greater production in a small area, but somewhat increases the labor in producing the crop. For varieties, Apple suggests the Earliana or Victor for an early crop, but says John Baer and Stokesdale are better quality and somewhat later in maturing. Rutgers, Marglobe and Baltimore are later, good quality and recommended for canning.

The Hilltopper

(Continued from page 1)

was a real pitcher's battle all the way to the finish Northville finally scoring in the tenth to win 1-0, Ward Ross pitched all the way giving up 5 hits.

May 13 the team played on their home field and didn't fare so good coming out on the short end of an 8-1 score. Edward Ross and Bill O'Roark allowing 8 hits. The errors didn't help any, faulty support allowing most of the runs to come in. Clarkston filled the bases on two or three occasions but failed to cash in. Smith had a double and single to lead the Clarkston hitting even though he was taken out in the fifth inning. Baynes, O'Roark and Adams got the remainder of the hits.

MUSIC NEWS!

On May 27th the Clarkston band will journey to Milford to participate in the Annual S. W. O. County district Band Festival in which eight bands will take place. The Festival lasts from 2 p. m. till 9:30 in the evening. The bands will be judged on appearance, parading, playing alone, playing with other bands. The mass band concert which takes place in the evening will consist of all the bands playing 4 numbers together. The rating Clarkston received last year was 2 A's and 3 B's. The following are the massed band numbers:

1. National Emblem.
2. Military Escort.
3. Washington Post.
4. Star Spangled Banner.

There will be a parade through the Milford business district preceding the evening program.

The entire program is to take place in the Ford Park and a large crowd is anticipated.

Next year we hope to have the Festival and Parade in Clarkston because most of the present band members will be seniors.

The orchestra members are now working on two numbers for commencement.

MISS BIRKHZOLZ

The First Grade children and Miss Birkholz wish to thank Mr. and Mrs. Seymour Miller for their kindness and generosity in supplying the lumber and other materials for the lovely book case which some of the Fr. High boys made for them under the direction of Mr. Willoughby. It fills a long felt need for a place to keep our basic and supplementary readers clean and orderly.

The children finished reading "David's Friends at School" last week.

Two thirds of the class received a rating of 100 per cent on the vocabulary test last Friday. This makes eight books they have read during the year. We plan on finishing "Our New Friends" before the end of school.

The First Grade and kindergarten made baskets of sweet peas for their mothers last week. They have finished their spring frieze entitled "March winds and April Showers Bring May Flowers", and are now working on the study of birds, their coloring, song habits, nests and other characteristics.

VALLEY CHEMICAL COMPANY CALL COLLECT FLINT 3-9151 Fourteenth Year of Service

By BETTY BARCLAY

If you have been out to see the parade, a buffet lunch will be enjoyed at home. If you are having your first picnic, unusual goodies will be appreciated. Here are some recipes that I am sure will interest you—for Memorial Day, or later.

- Top-stove Baked Limas  
1 pound dried Limas  
2 1/2 cups water  
1 small onion  
1/4 pound bacon squares  
1/2 teaspoon salt  
2 tablespoons brown sugar  
1/2 teaspoon dry mustard  
2 tablespoons dark molasses  
2 tablespoons catsup
- Soak Limas 6 to 8 hours; drain. Add remaining ingredients; simmer until Limas are tender, about two hours. The Limas have the flavor and appearance of being oven-baked. Serves 6 to 8.
- Corned Beef and Liederkrantz Cheese Sandwich  
1 1/2 cups minced cooked corned beef  
3 tablespoons horseradish  
1 tablespoon mustard  
6 slices bread  
1 package Liederkrantz cheese  
Combine corned beef, horseradish and mustard. Spread on slices of bread. Cover with thin slices of Liederkrantz cheese. Place in hot oven (400° F.) about 10 minutes until cheese is melted. Serve at once. Serves 6.
- Peach Shortcakes  
1 box (16 oz.) quick-frozen sliced peaches, thawed  
4 hot shortcake biscuits, split and buttered  
1/2 cup cream, whipped  
Spread thawed peaches on lower halves of hot shortcake biscuits; top with upper halves and additional peaches. Garnish with whipped cream. Serves 4.

Crumble pieces of fruit cake in bottom of each of six dessert dishes. (Save 1/2 crumbs for garnish.) Make rennet-custards according to directions on package. Pour over fruit cake. Chill. When ready to serve, top each rennet-custard with whipped cream and garnish with crumbled cake.

- Lemon Wafers  
1 cup shortening  
1 1/2 cups sugar  
3 eggs  
2 tablespoons lemon juice  
1 teaspoon grated lemon peel  
5 cups all-purpose flour  
1/2 teaspoon salt
- Cream shortening and sugar. Add beaten egg, lemon juice and peel. Add flour and salt. Roll into long roll and wrap in waxed paper. Place in refrigerator. When firm, slice and bake at 425 degrees F. for 10 minutes or until delicately browned. Decorate with sugar, coconut, candied orange peel, nuts or raisins. Makes 7 to 8 dozen.

Maglo Strawberry Ice Cream (Automatic Refrigerator Method)  
1/2 cup (7 1/2 oz. can) sweetened condensed milk  
1/2 cup water  
1 cup crushed strawberries  
1/4 cup powdered sugar  
1 cup whipping cream

Mix sweetened condensed milk and water. Add fruit, sweetened with sugar. (The average fruit requires about 1/4 cup sugar.) Chill. Whip cream to custard-like consistency. Fold into chilled mixture. Freeze in freezing unit of refrigerator until half frozen. Scrape from freezing tray. Beat until smooth but not melted. Replace in freezing unit until frozen. Serves 8.

Picnic Brew  
When you serve coffee for a picnic crowd, it's a good idea to make the decaffeinated brew so that guests can indulge in second and third cups without worrying over sleeping problems.

Put one pound decaffeinated coffee, regular grind, in a cheesecloth or muslin bag, which is large enough to hold at least twice that amount. Drop bag into large kettle or boiler containing 2 gallons boiling water. Cover tightly, reduce heat so that coffee does not boil, and let stand 8 to 12 minutes. Strain bag up and down in coffee several times, then remove bag from coffee. Keep coffee hot for service. Serves 40.

REMEMBER Your Home Newspaper

All matters handled through the Probate Court require a certain amount of legal publication in one of the county papers. Foreclosing a mortgage entails publication of the foreclosure notice in a county paper.

Either the probate court officers or your attorney will have your legal publication carried in The Clarkston News if you request it.

We solicit the privilege of carrying such legal publications. This form of advertising is valuable to us. When you support us in this way we are able to give you a better paper week by week.

the home of Mr. and Mrs. Maurice Ogden on Wednesday night. The Oak Hill School closed on Thursday for the summer. The group enjoyed a picnic at the Ortonville State Park. Stewart Baynes, son of Mr. and Mrs. Herbert Baynes, was one of 207 High School Seniors who journeyed to Detroit on Saturday as guests of the U. S. Navy. They gathered at the air base at Grosse Ile and had dinner at the camp. In the afternoon they were the guests of Walter O. Briggs at the Yankee-Tiger ball game. The boys had all of their expenses paid even to transportation. They made the trip on Greyhound buses.

**CHRISTIAN SCIENCE CHURCHES**  
"Soul and Body" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, May 24.  
The Golden Text (Psalms 42:11) is: "Why art thou cast down, O my soul? and why art thou disquieted within me? hope thou in God: for I shall yet praise him, who is the health of my countenance, and my God."  
Among the Bible citations is this passage (Psalms 116:7-8): "Return unto thy rest, O my soul; for the Lord hath dealt bountifully with thee. For thou hast delivered my soul from death, mine eyes from tears, and my feet from falling."  
Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.427): "Life is the law of Soul, even the law of the Spirit of Truth, and Soul is never without its representative. Man's individual being can no more die nor disappear in unconsciousness than can Soul, for both are immortal."

**For Homemakers**

How to make the most out of Victory gardens in Michigan so that rural families can help relieve some of the nation's transportation problems is to take a turn toward "walk-to-it" meetings scheduled for every community in the state.  
That is the plan of the home economics extension service of Michigan State College. Sponsors already have lists of volunteer local leaders and the movement is gaining momentum. Information gained in previous extension food projects is to be passed on by the local volunteers, even to the extent of sharing canning equipment. The local leaders are to receive additional training in district sessions.  
"Our home economics members have experience in food preservation," explains Edna V. Smith, state home demonstration leader. "These women are willing to help teach their neighbors how to put up food needed by rural families as a contribution to the war effort and to better health."  
Demonstrations in May in southern counties are to be followed by activities farther north in June and July. The use, care and conservation of canning supplies such as jars, covers and rubbers is one phase of the statewide program.  
The number of pressure cookers available is to be determined. This type of cooker is necessary for canning all non-acid vegetables and of meats as the only safe method. The water bath system is considered adequate for fruits and tomatoes.  
Victory planning for next winter's food, the sponsors assert, begins

with spring garden products and ends only when frost cuts down the last fruit or vegetable in the fall.

**Clarkston Locals**

Several Clarkston women attended the Achievement Day of the Home Extension groups in Pontiac on Tuesday. They enjoyed an all day program. There were several fine speakers. Eugene Hubbard and Kenneth Beard of the Clarkston 4-H Club gave an interesting demonstration of how to use and care for the American flag.

**Rip Van Winkle Was a Lucky Man**

When Rip van Winkle woke up and wandered back to his old home town, he was neither recognized nor remembered. He found his wife gone, his daughter married, his native village remodeled, and America independent. He had slept clear through the Revolution!

Nevertheless, Rip was a lucky man, because we'd never have known about him to this day if Washington Irving hadn't written him up.  
Any industry that is contemplating hibernation from advertising during World War II, might well consider the plight in which Rip found himself. For after this war even a Washington Irving—if you could find one—might not be able to bring back into public favor a once popular trade name.  
It ALWAYS pays to advertise!  
—H. T. Ewald.

**70 MILLION AMERICANS**  
*Live "IN-BETWEEN"*

"In-Between" great metropolitan centers—on farms, in cross-roads communities, in small towns—more than half of America's people live and work. Greyhound offers the only transportation service to great numbers of them—offers unduplicated service to still greater numbers. More and more, as private cars are retired, they'll depend on Greyhound to keep moving to keep America moving!
