Forty-three Graduate From Clarkston High

Exercises Held Last Thursday Night

On Thursday night of last week forty-three young people received their high school diplomas at the Commencement Exercises held in the Clarkston school auditorium. A large group of friends and relatives were present to enjoy the program and congratulate the graduates.

The graduates entered the auditorium to the strains of "Pomp and Circumstance" played by the High School orchestra under the direction of Orlo Willoughby. The Rev. W. Harold Pailthorp, Pastor of the Clarkston Methodist Church pronounced the Invocation. The audience then sang "America". Malvina Smith, Youths 18 to 20 the salutatorian, gave the "Welcome". The orchestra played "Night | Will Register June 30 in Tripoli" and this was followed by the presentation of the speaker by Mr. D. M. Winn, superintendent of the Clarkston Schools. Mr. John L. Brumm, Professor of Journalism at the University of Michigan, was the speaker. His subject was "Discovering the Future".

Mrs. Ralph Marshall **Honored at Party**

Last week Mrs. Ralph Marshall was honored at a farewell party by the girls with whom she had worked in the office of Plant 4. General Motors Truck and Coach Company, at the home of Mrs. Keith Landman of Syl-

The large group of girls gathered at the home and enjoyed the beautiful grounds and flower gardens. During the evening appropriate games were played and very amusing prizes were awarded the winners.

Garden flowers were used in profusion throughout the house and the soft glow of candlelight was used in the dining-room where a buffet luncheon was served from a table laid with a cloth with a floral design and centered with an attractive arrangement of roses in a dainty white latticed wheelbarrow.

Mrs. Marshall received a number of lovely gifts from fifty-five of the girls with whom she had enjoyed her work at General Motors.

The oil companies are using their premthey will start at a salary of \$135 ises as receiving depots and they will pay 1c a pound if requested.

By helping to add to the country's supply of scrap rubber you will not only be helping the war effort but you will be helping to keep the gas oline rationing from Michigan.

It is believed that Oakland County did one of the best jobs in the country towards building up the surplus of waste paper and it is hoped that every citizen in the county will make an effort to build up the scrap rubber piles. The rubber problem is a serious one so let's get busy and turn in every ounce of scrap rubber that can be found.

In some districts the children are making the collections and in this way are earning the 1c per lb. If you have any crap rubber and you have no way to get it to the gas stations just call Beattie Motor Sales, Clarkston 2611 or Pontiac 32-991.

HOLLY THEATRE

That delightful fellow, Preston Sturges, hasn't been idle since cookng up the exhilirating laugh tonic he served in "The Lady Eve".

The latest good news about movies s "Sullivan's Travels", the new Paramount comedy ready for unreeling on Sunday at the Holly Theatre.

Starring Joel McCrea and . that fever-raising blonde, who created a furore in films in "I Wanted Wings", States meaning, of course, Veronica Lake, "Sullivan's Travels" has already received enthusiastic approbation from preview spectators. Reports are that Sturges has outclassed in "Sullivan's Travels" the high hilarity marks he established in such screen laugh eruptions as "The Great McGinty", "Christmas in July" and even "The Lady Eve".

Laughter itself is the topic uppermost in "Sullivan's Trvels". Setting Eddy. his pixie mind to work on the necessity for laughter, Sturges has made a picture about it. He creates an unusual fellow, like himself, named John L. Sullivan, a Hollywood director. This fellow directs comedies, betwants to direct earthy, serious dramas. So Sturges puts him in hobo garb, has him meet a glamorous girl who wants to make good in pictures, Veronica Lake, and has them go traipsing around the country togeth-

The Answer to Diet Problems

There'll always be a diet problem so long as there are children. It does not vex some mothers, but in most homes it is a constant source of worry.

The children actually need certain foods - milk, potatoes, greens and meats. But George despises potatoes, Grace ignores spinach, Gertrude has no particular use for tions on package. Chill, then serve. meat - and they all refuse to drink that most important food,

Mothers cannot afford to take the easy way out and serve dishes the children desire, unless they know how to make those desired dishes, required dishes as well Really, this can very often be accomplished. Even though children refuse to drink milk, they will never refuse ice cream, or rennetmilk. Rennet-custards are ideal for luncheon, dinner or before bed snacks. They are easy to prepare, economical and healthful. Try the economical and healthful. Try the any kind of crisp cookie or graham

DESTRUCTION... IN SMALL PACKAGES

INCENDIARY BOMBS are little things, far less noisy than the huge demolition bombs but just as destructive when they find their targets. One bombing plane can drop a thousand, each a package of white-hot fire!

Householders are learning how to fight the incendiary bombing of their homes, if it comes. For if hundreds of small fires started at once in a single community, it would take the alert cooperation of everybody to prevent a major conflagration.

The secret of fighting a wide-spread fire is speed. Fire-fighters, volunteers, police and others must be summoned instantly. That cannot be done if the telephone system already is jammed

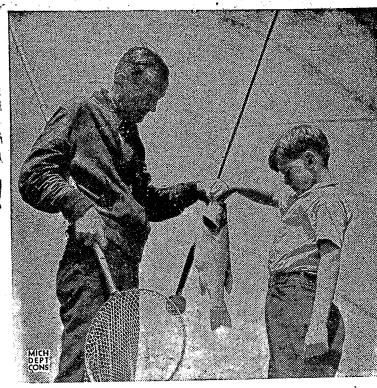

So during and right after an air raid, please do not telephone except for vital messages,
