## School Vacation to End In Two Weeks

### New Teachers Added to Clarkston Teaching Staff

The staff of teachers for the coming year is completed with the exception of a vacancy in music created by the recent resignation of Orlo Willoughby who has accepted a position in the Vultee Aircraft Corporation. Miss Ethel Ball who holds a Master's degree from the University of Michigan in high school supervision and has had several years experience in that field will be the high school principal.

The other members of the high school staff include Ralph Thayer, Carroll Fortress, William Nath, Patricia Piatt, Florence Gates, Doris Vander Borgh and Gertrude Tew. The grade staff includes Mrs. William Viet, Bernice Wolcott, Doris VanHoven, Ada Marie Love, and Elizabeth Rabbitt.

Two of the new members of the high school staff and two of the new members of the grade staff hold masters degrees. All the new teachers hold four year degrees.

D. M. Winn is beginning his eighth-year as superintendent. Many improvements are being made, both in the building and the school program and will be announced in a later article. Students will classify on Wednesday, September 9th. Tuesday will be devoted to teachers' meetings.

## Clarkston Locals

Aug. 26th—Wednesday evening the W. S. C. S. of the Seymour Lake Church will hold the last ice-cream social of the season.

The W. S. C. S. Birthday Club of the Seymour Lake Church met at the home of Mrs. August Doebler and Miss Wilma Doebler on Wednesday. The occasion honored Miss Doebler. The afternoon was spent visiting and ice-cream and cakes were served.

## Transportation Vital Factor in League Continuance

### School Representatives Point Significance of Program to War Emergency

Physical fitness of its citizens is of primary importance to a nation at all times, but it takes on special significance in times of national emergency. To achieve such a goal through a sound program of physical training, including interscholastic athletics, is one function of the school. Such was the unanimous opinion expressed by representatives of schools comprising the Southwestern Oakland County League in a recent meeting held at Walled Lake, according to C. E. Dunckel, president of the League.

I begin looking for the next issue a day or two after the last and it is the only paper that I do more than just read the few main news items. As is the case with every man in foreign service I can only tell you that I am somewhere in Alaska. We here, are doing all we can to get this trying business over with so that we can head for home. Until that time I am trusting in the Lord and His care for us all.

Sincerely,  
Pfc David H. Mehlerberg

## Get Ready For Scrap Harvest

The campaign to speed up and increase the collection of scrap in Clarkston and Independence Township is receiving the full support of the population. If you haven't gathered together the scrap that might be found around your place get busy today and make the "Junk Rally" days count. Scrap materials vitally needed for the war effort include: iron and steel, other metals, rubber, rags, manila rope, burlap bags and waste cooking fats. Your valuable assistance is needed to help assure the success of the campaign.

Many have made inquiries about the tin can salvage. There will not be a collection of tin cans in this district at the present time and not until the facilities of the de-tinning mills are enlarged to handle larger volumes.

## Mail From Home Important to Army Men

This week the News received a letter from Dan Addis who is in camp in Virginia. Dear Mr. and Mrs. Stamp: Just a line to let you know that I appreciate your sending me the Clarkston News. It brings home a lot closer. Mail from home is quite an important thing to a soldier. The postman is the most popular fellow in camp. In the Company I am in most of the fellows are from Michigan. After the next 8 weeks, which are our quartermaster technical training, we will probably be split up and sent all over the world. Comments on camp life are probably old stuff to you folks now. Most of the training is exactly the same and so news as to what I am doing is the same as everyone else's news in that regard.

Again thanking you for the paper, I remain  
Yours truly,  
Dan Addis.

## Letter Received From Army Man In Alaska

July 29, 1942  
Dear Mr. and Mrs. Stamp: It seems that it takes a change in address to finally get me down to write to you folks. I have enjoyed the Clarkston News and read it clear. There is a certain good feeling a person gets in reading the paper that I cannot express in words. I enjoy reading the little accounts about the other fellows in the service and where they are and of the things that are going on at home. I enjoy, as do all the fellows in my barracks, that bit of poetic philosophy that Bob Beattie always contributes.

The Clarkston Farm Bureau Community group will meet at the home of Mr. and Mrs. Mallory Stickney on Wednesday night, August 26th, at 8:30.

## Ruts of War

What prospects does the future hold for folks who live when we are gone?  
What characters will be enrolled on earth, when breaks a future dawn?  
What changes in the living modes of those who take our duties over? Will they who shoulder all our loads be burdened with another war?

For shame I cry upon a world,  
Who can't progress beyond a plane,  
That into battle has them hurled,  
Where either side can never gain.  
And shame upon my fellowmen,  
Who live abroad, and live next door,  
Who's only means to gain their end,  
Whose only means to gain their end,  
Is plunge their nations into war.  
Will wealth in goods and power lust,  
Cause man to fight his fellow man,  
With no regard for what is just,  
Is this a part of God's great plan?  
Will fields of oil and power lines,  
And wealth that others have in store,  
In factories and iron mines,  
Drag future millions into war?

Robert C. Beattie.

## Donate Blood To Help the Army

More and more blood is needed for the armed forces. For those who are able to stay and enjoy the comforts of home a small amount of blood does not seem like too much to ask for. Many lives are saved by the blood bank.

You will have a chance to donate some blood this fall when the Red Cross visits Clarkston. Plans are well underway and a definite date will be announced soon.

Be sure that your name is on the list of donors.

## Honor Stickney Wins Prizes

On Thursday of last week when the Guernsey and Jersey cattle and the Oxford sheep were judged in the State classes at the County Fair at Mason Honor Stickney of Clarkston exhibited three sheep and was awarded 2nd on one and 6th and 7th on the others. Honor has a flock of sheep of which she is proud and she has a right to be when she can exhibit them in a state contest and win prizes. Mr. Stickney and Mary Edgar accompanied Honor to Mason.

## Aviation Cadet Writes Interesting Letter

The following interesting news was taken from a letter Mrs. Herbert Beach received from her husband who is an aviation cadet in California. "I'm sure having an awful time with my arm. If it isn't shot it's something else. Yesterday I was in a spin. I did what I was supposed to do but when we leveled out I forgot to neutralize the rudder and ailerons and the plane went into a reverse spin with a snap and threw me into the side of the cockpit and nearly broke my arm. This morning in calisthenics I could hardly raise it over my head, but by tomorrow it should be O.K. I hope.

I guess yesterday was our bad day because we had our first accident in our group. One of the fellows and our instructor were shooting practice landings and on the first one they ground looped. The plane was damaged but neither of them were hurt. Then another fellow in our group was put into the wash. He will probably get washed Monday or Tuesday. Our flying has turned into almost all memory work. When we do our spins we have to say what we are doing out loud so the instructor can hear us. We have to say besides fly we are supposed to say quite hard the ship which makes it quite hard.

I guess that's enough about this happening here. Would you be interested in some facts about this place? I'll tell you anyway, ha! ha! Almost the whole town belongs to one man, Mr. Hancock. This field is his too. It's name is Hancock College of Aeronautics. He is letting the government use it now and it costs the government \$82 a month for our board and room alone. Hancock is board and room alone. Hancock said to be worth 82 million dollars. In good times before the war he and wealthy kids learned to fly here and their tuition was \$1500 for 6 months, but if a fellow was poor old Mr. Hancock would put him through here for a dollar a day. The government pays \$17 for every hour I am in the air besides my \$82 for board and room and \$75 a month pay. It is hard to believe but it costs the government approximately \$600 per month while I am here not counting the cost of the planes. Do you see why taxes are so high?

Hancock has a railroad running from the main line to Santa Maria and he runs it himself most of the time just for fun. Especially when there is a trainload of new cadets. When our trainload came he was running the engine and about 5 miles out of town he stopped the train and let about 10 cadets get up in the engine and let them run it. He has an old Ford fixed up to run on rails and that is the way he travels most of the time. This field is his pet so you see why it is so swell around here. Last year Hancock endowed 15 million dollars to six colleges in California. Regardless of where you look or what you look at, Hancock owns it. He often eats mess with the cadets just to see if they are getting good food. He turned over his 1 1/2 million dollar yacht to the government so the 3 chefs he had on his boat are running our mess hall and let me tell you they can cook."  
Herb

## Family Dinner Honors Arthur Clark

Last Sunday the family of Mr. and Mrs. Lee M. Clark gathered at the Clark home on Holcomb Street to enjoy a dinner with Arthur Clark who left on Wednesday to start his studies at the University of Iowa for naval aviation cadet work. Dinner was served at noon. The group included besides Mr. and Mrs. Lee Clark and son, Arthur, Mr. and Mrs. Milton H. Clark and son, Robert, of Detroit, Mr. and Mrs. Nelson Clark of Maceday Lake, Mr. and Mrs. Edward Owen and daughter, Joy Elaine, of Auburn Heights and Miss Betty Baldwin of Vassar.

In the evening the group went to the Nelson Clark home at Maceday Lake and enjoyed an out-door wiener roast. Some went swimming and the others had a good time visiting.

## Law Enforcement Agencies Welcome Hurd's Campaign For Sheriff's Office

Law enforcement agencies throughout Oakland County welcomed Steve Hurd's announcement of his candidacy for nomination on the Republican ticket in the September primaries for sheriff. Their main desire is to see a man

STEVE HURD

deoted to this office who is not only willing but is able to cooperate with them because of his seven years of experience in this department. Hurd's slogan, "Have you heard of Hurd's plan—A Competent Sheriff's Office Under An Experienced Man" is exactly what these law enforcement agencies want in the sheriff's office. Steve Hurd became inspector and investigator of the Liquor Control Commission in 1935; and when enforcement of liquor laws was turned over to the Sheriff's and Police departments, he organized and had charge of that division in the Oakland County Sheriff's Department for two years. He served three years in criminal investigation and in the civil and warrant divisions. For eight months he was turnkey and had charge of the desk and license bureau in the department. He also served in the patrol and plain clothes divisions of the Sheriff's department, all of which makes him a thoroughly trained and competent police officer. Steve also has a radio operator's license from the Federal Communications Bureau.

Hurd is well known throughout Oakland County and his wide range of acquaintance includes all classes of people as well as those who do law enforcement work. He was born in Tuscola county, Michigan, 48 years ago and is married and the father of one daughter. He has been a resident and taxpayer in Oakland county for 24 years, during all of which time he has lived at 1660 Oxford road, Berkley.

In his home town Stephen E. Hurd has been a leader in all movements for better government which included the successful move for incorporation of that city in 1924. He has been Berkley Village president, served on the City Charter Commission and was later elected to the city council. Steve Hurd has been a life long Republican and has been a delegate to State and County conventions. He is a member of the Lincoln Republican Club. He is active in civic affairs, member of the Baptist Church, Berkley Masonic and Oddfellows orders and a member of the Junior Order of United American Mechanics; and the Pontiac Lodge of Elks. He is thoroughly trained in civilian defense work, covering incendiary and other bombs, gasses and their antidotes, and Red Cross training. Since his resignation from the sheriff's department and the announcement of his candidacy for this important office, Hurd has received courteous offers of help in his campaign from his many friends throughout the county. Hurd promises a vigorous campaign and is competent to fill the office if elected.

## Natural Gas For This District To Be Turned On Wednesday

### Apple Tree Blooms In Clarkston

In the last few weeks we have been reading about hollyhocks many inches high, odd fungus growths on lawns, extra large tomatoes and other rarities; but the latest in this district is an apple tree alongside of the Durand Ogden home on Washington Street bearing blossoms and some apples. Everything else in the world is in such a muddle that this poor apple tree has just had a mix-up in the seasons.

### Consumers Power Announces Change to New Fuel Trained Service Men Will Adjust Gas Appliances

Natural gas will arrive in Clarkston, Drayton Plains, Waterford, Lake Orion, and Oxford Wednesday, August 26.

### Oxford Flower Show Sept. 2 and 3

The eighth annual flower show sponsored by the Oxford Garden Club will be held in the Oxford High School Auditorium Wednesday and Thursday, Sept. 2 and 3. All exhibits are to be placed by 11:30 a. m. the first day. The show this year promises to be exceptionally good as the recent rains have brought forth many blooms of late perennials and annuals. Everyone is cordially invited to attend. Admission is free.

## Church News

### CLARKSTON METHODIST CHURCH

W. Harold Pailthorp, Minister

Howard Jewell, Pastor  
10:30 a. m. Preaching service. Sermon topic, "Conditions of Salvation".  
11:30 a. m. Sunday school.  
Special music for both church and Sunday school.

### CHRISTIAN SCIENCE CHURCHES

"Mind" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, August 23.  
The Golden Text (II Tim. 1:7) is: "God hath not given us the spirit of fear; but of power, and of love, and of a sound mind."  
Among the Bible citations is this passage (Romans 11:33-36): "O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgements, and his ways past finding out! For who hath known the mind of the Lord? Or who hath been his counsellor? Or who hath first given to him, and it shall be recompensed unto him again? For of him, and through him, and to him, are all things: to whom be glory forever."  
Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.389): "The basis of all health, sinlessness, and immortality is the great fact that God is the only Mind; and this Mind must be not merely believed, but it must be understood."

### Greatest Circus Coming to Flint

#### Will Give Two Performances On Wednesday, August 26th

The most colorful, the most beautiful, the most exciting show of them all will make its annual visit to Flint, Wednesday next.

This year's performance also features the Ballet of the elephants as well as Alfred Court's Performing wild animals.

This year over 880 performers and artists are traveling with the circus.

### Clarkston Locals

Mrs. Alfred Amy was hostess to her birthday club at her home last Thursday evening. A pot-luck supper was served at 7:30. The remainder of the evening was spent playing card games. The prizes were awarded to Mrs. Ross Frantz and Mrs. John Lawrence. The hostess received many lovely gifts.

**Scrap Brokers Not Making Big Profits**

**Authoritative Statement Sets At Rest False Rumors**

The following information received from Washington is of great importance, in view of recent newspaper stories concerning supposed profits of rubber reserve buying agents.

As a result of charges that the four large national Scrap Rubber brokers appointed as buying agents of the Rubber Reserve Company are making excessive profits in the Scrap Rubber Salvage Program, it is highly important that a clarifying statement be made outlining briefly the true facts relating to the operation of these brokers.

The Rubber Reserve Company was authorized by the Reconstruction Finance Cooperation to purchase scrap rubber at a uniform price throughout the country. This practice was necessary in order to bring out much scrap which previously had been uneconomical for the dealers to handle.

To carry out the mechanics of its program the Rubber Reserve Company appointed as buying agents four large scrap rubber brokers who, combined, handled about 80 per cent of the total scrap rubber business in the country. These four agents went out of private business on June 18, 1942, selling their inventories, closing their books and becoming virtually U. S. Government employees.

All the scrap rubber these agents buy or sell belongs exclusively to the Federal Government. The brokers have no financial interest in it. They are to receive a commission for handling which is equal to or less than the customary commission established in the trade for years and is considerably less than it would cost the government if the same functions were to be performed by inexperienced agents which the government would have to set up.

Miscellaneous rubber scrap must be sorted, graded, cleaned of foreign substances and prepared for mill shipment. The four agents of the Rubber Reserve Company are equipped to do this with experienced personnel. Obviously it is directly in the government's interest to have this sorting done by people who are thoroughly familiar with all the details so that every bit of high grade scrap can be sold by the government to the claimer.

Any charge that the four brokers stand to make huge profits out of the high grade scrap or through exorbitant fees is utterly incorrect.

All profits which result from high grade scrap sorted out accrue not to the four brokers but to the government to help offset the loss which the Rubber Reserve is going to take in buying low grade rubber, such as rubber mats. The agents will receive a fixed fee, to be determined on the basis of a 60-day trial period, for sorting miscellaneous scrap rubber regardless of contents. At the end of the trial period the books of all four agents will be audited by the R. F. C. and fees adjusted on a cost basis.

ORION - OXFORD

*Natural Gas*

**WILL REACH YOUR HOME . . .**

**Wed. Morning, Aug. 26**

The Consumers Power Company has trained a large crew of men to make the more difficult changes of gas appliances. We are prepared to complete this task with all speed possible and with continuous service. It is impossible to change to Natural Gas throughout the entire city without some inconvenience, but

we hope to keep it at a minimum, and your patience and cooperation will be greatly appreciated.

By making the simple adjustment suggested below, you will materially assist us in our efforts to hasten your enjoyment of this fine new fuel . . . . NATURAL GAS.

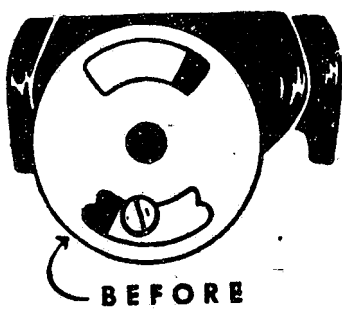

YOU WILL KNOW WHEN NATURAL GAS HAS ARRIVED IN YOUR HOME BY THE CHANGE IN THE COLOR OF THE GAS FLAME. THE PRESENT ARTIFICIAL GAS MAKES A SHORT BLUE-GREEN FLAME WHEREAS NATURAL GAS HAS A HAZY BLUE FLAME.

**FOR YOUR OWN PROTECTION . . .  
Read These Instructions Carefully**

**WHEN NATURAL GAS ARRIVES PLEASE DO THESE THINGS**

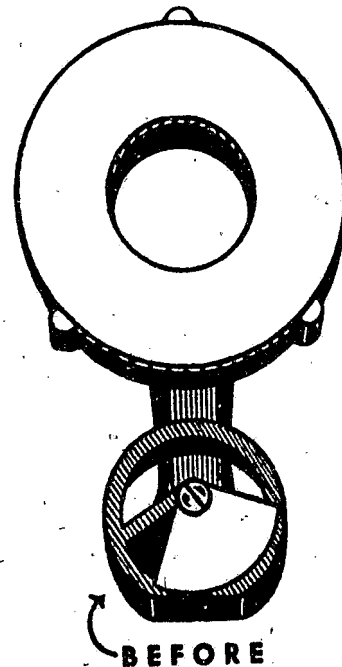

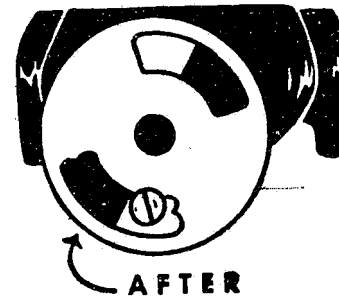

1. Open air shutter on each gas burner on your stove and other appliances that have air shutters until yellow tip disappears on flame.
2. Turn down the gas until the height of flame is approximately one inch.
3. Use care in adjusting water heater in the same manner.
4. IMPORTANT - Automatic and instantaneous water heaters and special appliances should not be used until our service men have made adjustments.

**MAKE THIS SIMPLE ADJUSTMENT ON AIR SHUTTER OF GAS BURNERS (TWO ORDINARY MODELS SHOWN HERE)**

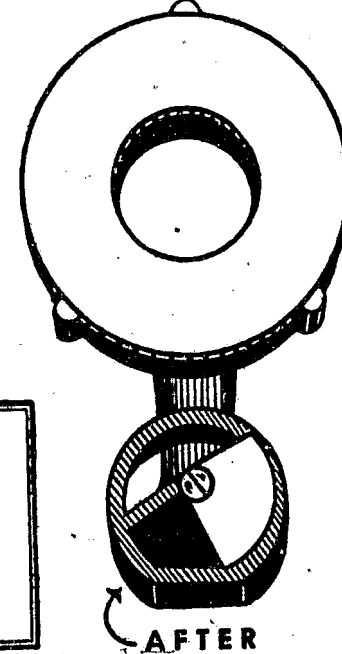

Pictured at the left is the front view of one of the most common Gas Stove Burners in use today. It shows the approximate present adjustment of the air shutter. When screw is loosened, air shutter turns easily.

At the right we have this same burner showing an approximate adjustment of the air shutter for Natural Gas. Make this adjustment. Be sure to tighten screw when you have finished.

At the left we have another type of Gas Burner commonly used today showing the approximate present adjustment of the air shutter which you are now using for manufactured gas. When screw is loosened, air shutter may be turned easily.

Pictured at the right you see the air shutter opened to allow more air. When enough air has been added flame will be blue. After making this adjustment, tighten screw.

**ALSO FOR YOUR PROTECTION!**

The Adult Bible School Class will hold its regular business meeting and class party tonight, Friday, August 21st, in the Community United Presbyterian Church, at 8:00 p. m.

Born to Mr. and Mrs. Sheldon Stein a daughter last Thursday, August 13th, at New Wesley Hospital, Chicago. Mr. Stein is the son of Mr. and Mrs. M. M. Stein of the Soda Grill. The daughter's name is Karen-Dee.

The request for cookies for the boys in the service was well responded to last Thursday night, August 20th. Fifty boxes were packed. Mrs. Margaret Thrasher, president of the Blue Star Mothers, reported there were donations from Detroit.

The Women's Missionary Society was entertained in the Russell Maybee home last Thursday evening. It was a cooperative supper and also the ladies entertained their husbands. Around thirty were present. A business meeting was held and Mrs. L. G. Rowley had charge of the program. Hostesses for the evening were Mrs. Ray Shell, Mrs. Peder Neilson, Mrs. John Watkins.

A Gold Medal Contest was held in the Pontiac Oakland Avenue Community United Presbyterian Church last Sunday evening, August 16th. Representatives from three of the societies of Youth Temperance Council of the Pontiac Federation took part. They were from Cooper, Whitney and Drayton Plains. Myra Katherine Rowley of the Drayton Plains Y. T. C. was the winner of the Gold Medal.

The conservation department reports that resident hunters this fall will be wearing orange colored back tags in the small game season, dark red in the deer season, unless they are archers, in which case the color is blue. Non-residents will be wearing yellow if licensed to hunt small game in all parts of the state, fawn if they buy only the \$5 limited northern permit. Non-resident deer hunters will wear green if they carry guns, pink if they hunt with bow and arrow.

The crop of commercial apples is expected to be about nine per cent above that of 1941, while the movement of pears will be about the same.

**REGISTRATION NOTICE**  
for General PRIMARY ELECTION  
Tuesday, September 15, 1942

To the Qualified Electors of the Township of Independence, County of Oakland, State of Michigan

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Township Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township not already registered who may Apply To Me Personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Twentieth Day before any regular, special, or official primary election and the day of such election. The last day for General Registration does not apply to persons who vote under the Absent Voters' Law.

Notice is hereby given that I will be at the L. P. Walter Store, Clarkston, Michigan, Wednesday, August 26, 1942, The 20th Day Preceding Said Election Last Day for General Registration by Personal Application for said Election From 2 o'clock a. m. until 8 o'clock p. m. on said day for the purpose of Reviewing the Registration and Registering such of the qualified electors in said Township as shall Properly Apply therefor.

The name of no person but an Actual Resident of the Twp at the time of said registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

Registration of Absentee by Oath. If any person whose name is not registered shall offer and claim the right to vote at any election or primary election, and shall, UNDER OATH state that he or she is a resident of such precinct and has resided in the TOWNSHIP or CITY TWENTY DAYS next preceding such election or primary election, designating particularly the place of his or her residence and that he or she possesses the other qualifications of an elector under the constitution; and that owing to the sickness or bodily infirmity of himself or herself or some member of his or her family, or owing to his or her absence from the TOWNSHIP or CITY on public business or his or her own business, and without intent to avoid or delay his or her registration, he or she was unable to make application for registration on the last day provided by law for the registering of electors preceding such election or primary election, then the name of such person shall be registered, and he or she shall then be permitted to vote at such election or primary election. If such applicant shall in such matter willfully make any false statement, he or she shall be deemed guilty of perjury, and upon conviction, be subject to the pains and penalties thereof.

Dated: August 12, 1942.  
LOUIS F. WALTER  
Township Clerk

Attorney at Law  
Office—News Office Phone 4321  
WILLIAM H. STAMP

**Holly Depositors Corporation**

Certificates must be presented at this office either in person or by mail for endorsement of dividend before delivery of checks.  
Eugene A. Pay, Liquidator.

LADIES... If You Could See YOURSELVES!  
Some timely advice about who should or shouldn't wear slacks, is given by Arthur "Bugs" Baer, one of America's best-known humorists, in The American Weekly with this Sunday's (August 23) issue of The Detroit Sunday Times. Be sure to get Sunday's Detroit Times.

A little thought and a little kindness are often worth more than a great deal of money.—Ruskin.

Let us not be weary in well doing; for in due season we shall reap, if we faint not.—Galatians 6:9.

**Clarkston Locals**

Mrs. Johnson McFarland of Holly was the guest of Mr. and Mrs. George Slayton last week.

Mrs. Durand Ogden was hostess to her bridge club at Rotunda Inn on Tuesday.

Mr. and Mrs. Erwin Baker are spending today in Cass City.

Mrs. M. O. Clark returned on Wednesday from a visit to Toronto, Ontario.

Mrs. Clare Ayers of Birmingham visited with Mrs. Elizabeth Rockwell last Sunday.

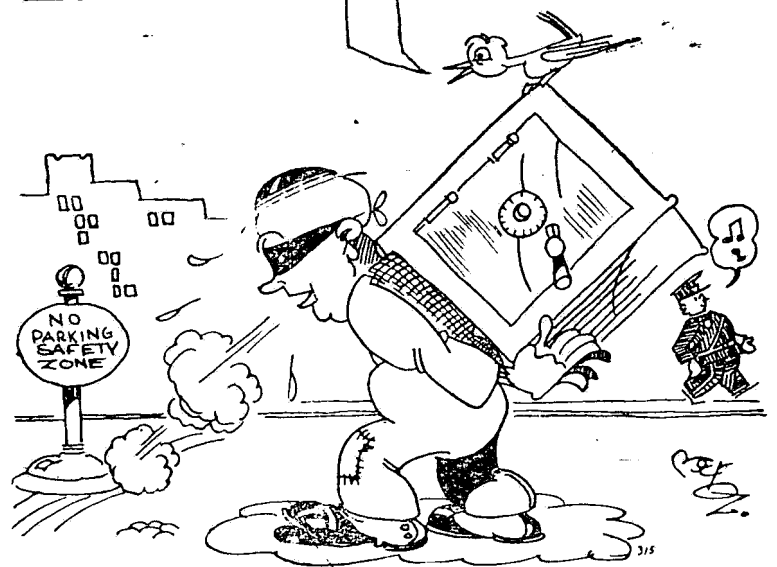

Mr. and Mrs. Manley Walter and the Rev. and Mrs. Harold Pailthorp are enjoying a week at Petoskey and other points in northern Michigan.

Mr. and Mrs. William Hocking of South Boston, Mass., are spending two weeks as guests of Mr. and Mrs. T. S. Boyns. Mrs. Hocking and Mrs. Boyns are sisters.

There is a strength of quiet endurance as significant of courage as the most daring feats of prowess.  
—Henry Theodore Tuckerman.

Give war calls the green light!

The weight of war on the telephone lines grows heavier day by day. We can't build enough new lines to carry the added load because materials are even more urgently needed for planes, tanks and ships.

So it's up to all of us to help clear the voice highways for vital military and war production calls.

Before you make any Long Distance call, stop and ask yourself:

1. Is it necessary?
2. Will it interfere with war calls?

And please keep all your calls—local or Long Distance—as brief as you can. Remember—WAR CALLS MUST GO THROUGH!

### Wartime Michigan Apple Jam

If you're worried about sugar rationing, here's a delicious apple jam that has been specially designed for wartime cooking. Uses a remarkably small amount of sugar, is easy to make and tastes WONDERFUL!

**APPLE JAM**

4 pounds Michigan apples  
 Rind and juice of two lemons  
 2 pounds white corn syrup  
 2 pounds sugar  
 10 cloves  
 1 teaspoon ground ginger

Wash, peel, core and cut Michigan apples into slices. Place in a preserving kettle with sugar and syrup, rind and juice of the lemons, ginger, and cloves. Boil from 1 1/2 to 2 hours. Put in sterilized glasses and seal.

Variation: Use same recipe, using two pounds of red cherries and two pounds of Michigan apples. This is an equally delightful combination.

Recipe tested by Dorothy W. Lewis, home economist, Michigan State Apple Commission.

### Clarkston Locals

Clark Souby, who is with the U. S. Naval Reserve, arrived home last Thursday night for a couple of days. He was kept quite busy while he was home but his time was so short he did not get a chance to see all of his friends. He left by plane from Detroit on Sunday afternoon. His brother, Max, who is stationed at the naval armory in Detroit enjoyed a few days leave and was able to be home at the same time as Clark.

Mrs. Martin Alger and daughter, Mrs. Winston Pickett, of New York City have been spending several days at the Alger home in Clarkston. During their stay here many lovely affairs have been given in their honor. On Monday Miss Viola Alger honored them at a noon luncheon and afternoon bridge at Devon Gables. On Tuesday Mrs. David Newlands was hostess to a group at her home at luncheon and bridge and on Wednesday Mrs. L. F. R. Bellows entertained at the Detroit Yacht Club.
