Home Front Committee Ready For Work

Intensive Scrap Drive Takes Place Next Week

On Wednesday evening the Independence Township Home Front Committee met in the Township Hall and completed plans for an intensive scrap drive starting Monday morning, September 14th and ending Saturday night, September 19th.

Before assigning a district to each group and explaining the map which is on display at the Township Hall A. E. Butters, committee chairman, introduced Archie Leonard of Pontiac who gave a short talk on the need of scrap to help equip our fighting forces. He congratulated the group on the progress they had made so far and wished them success in their voluntary work.

Ralph Habermas, executive secretary, answered every question and explained that every district will have a local scrap depot, but if any farmer has an extra large amount of scrap a truck would pick it up. The depot in town will be the lot to the south of Beattie Motor Sales. A week from Monday a truck will make the collections at the depots.

The workers are enthusiastic and are eager to do a good job and they will if every resident in the township makes an effort to cooperate. Some of the groups will try to completely cover their districts in the first three days. All who have completed the task will report to headquarters and their names will appear in next week's issue of the News.

Marriage Vows Spoken Thursday

Betty Jean Clark Weds Lieutenant Walton

On Thursday night at eight o'clock a very pretty wedding took place at the Clarkston Methodist Church when Betty Jean Clark, daughter of Mr. and Mrs. Ray Clark became the bride of Lieutenant Wilbur Woodrow Walton, son of Mrs. Belle K. Walton of East Lansing. The Rev. W. Harold Pailthorp officiated. Betty Jean chose September 10th as her wedding date because it was the 23rd wedding anniversary of her mother and father.

Preceding the ceremony Mrs. Orlo Willoughby sang "Because" and "I Love You Truly". Adele Thomas presided at the organ. Promptly at eight o'clock the bride entered the Church on the arm of her father and took her place in front of the altar. The light from the large candelabra on either side of the altar and from the lighted cross high above the altar added to the impressiveness of the ceremony. White gladioli and palms were used as a background.

The bride was charming in a white taffeta gown fashioned with long torso with small buttons down the back and a full skirt. It had a sweetheart neckline and bracelet length sleeves with puffs at the shoulders. She wore a fingertip veil with Juliet cap and carried a shower bouquet of gardenias. Her only jewelry was a strand of pearls, the gift of the bridegroom, and an opal ring which had belonged to a much loved aunt who has answered the last call.

The bride's only attendant was her sister, Carmen Clark, who was gowned in dusty rose taffeta made with long torso and full skirt, a sweetheart neckline and short sleeves. In her hair she wore lavender gladioli with long lavender streamers down her back. Her bouquet was of roses and gladioli and shaded from pink to lavender.

Lieutenant Walton was assisted by Ben Jerome Jr., of Pontiac as best man with Stanley Spencer and William Cobb of Clarkston seating the guests.

Mrs. Clark chose for her daughter's wedding an outfit of luggage brown with brown accessories and Mrs. Walton wore brown with accessories to match. Both mothers wore corsages of gardenias.

Following the ceremony a reception was held in the church parlors. The bride's cake graced one end of the refreshment table which had a very pretty floral centerpiece flanked by lighted candles. The large punch bowl was at the other end of the table.

Lieutenant and Mrs. Walton left immediately for Tampa, Fla., where he will be stationed at Drew Field. For travelling Mrs. Walton wore a beige wool suit with dark brown accessories.

Mrs. Walton is well known in Clarkston and Pontiac. She graduated from the Clarkston High School in the class of '39 and for the past 2 1/2 years has worked in the office of the General Motors in Pontiac.

Many lovely affairs honored Mrs. Walton before her marriage. Among these was a miscellaneous shower given by Mrs. Orlo Willoughby and Mrs. Arthur Beardsley at the Willoughby home last Friday night. On Tuesday night about thirty-five of Betty Jean's office associates honored her at a personal shower and dinner at Devon Gables. Among the guests on both occasions were the honoree's mother, Mrs. Ray Clark, and her sister, Miss Carmen Clark.

Willing

In such a grave unsettled time
Point out to me, the job that's mine,
Am I too old and soft and lame,
To man a gun on fighter plane?
Can you make any use of me,
Upon a ship in war torn sea?
Does tractor driving o'er the banks,
Put me in line for steering tanks?
Does what I've learned in business
life,

Have any part in such a strife?
I have some sinew I can lend,
To help my comrades put an end,
To all this foolish bloody war,
That it might never happen more,
I have some blood that I can give,
If it will help some soldier live,
I can do my best each hour,
With everything within my power,
To aid the efforts of the strong,
That they may serve their purpose
long.

Is this enough to be my share,
To end that conflict over there?
If you can think of any more,
That I can do to end this war,
Point out to me the job that's mine,
In such a grave unsettled time.

"Substance" will be the subject of the Lesson-Sermon in all Christian Science Churches thruout the world on Sunday, September 13.

The Golden Text (Psalms 135:13) is: "Thy name, O Lord, endureth for ever; and thy memorial, O Lord, throughout all generations."

Among the Bible citations is this passage (Psalm 104:24,30): "O Lord, how manifold are thy works! in wisdom hast thou made them all: the earth is full of thy riches. Thou sendest forth thy spirit, they are created; and thou renewest the face of the earth."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 468): "Substance is that which is eternal and incapable of discord and decay . . . Spirit, the synonym of Mind, Soul, or God, is the only real substance."

F. E. Davies' Nephew Killed in Plane Crash

Farmer E. Davies was called to New York last weekend by the death of his nephew, First Lieut. Jack R. Davies.

Lieut. Davies was 23 years old. He enlisted in the aviation division of the army almost two years ago. Last Saturday morning he was making a takeoff in an army training plane at Mitchell Field, L. I. and had reached a height of about 200 feet when his plane dived suddenly and burst into flames. Ground officer First Lieut. Giessler of Flushing, N. Y., was killed with Lieut. Davies. It is understood that Lieut. Davies would have received his Captaincy in a very short time.

Six months ago Lieut. Davies had married a girl from South Carolina and a party had been planned for Saturday night to celebrate her twenty-third birthday which occurred that day. He was known by many in and around Detroit and Clarkston. Before his enlistment he attended the University of Detroit and for three years he had acted as guide at Greenfield Village. His body was taken to Florence, S. C. for burial.

Farmer E. Davies of Clarkston and the boy's mother, Mrs. Genevieve Trumble of Detroit went to New York on Saturday night. Mr. Davies returned to Clarkston on Tuesday.

35 women's skirts.

25 boys' overalls.
11 women's dresses.

6 8-year-old girls' dresses and some layettes, giving them a credit of 750 hours, of which Mrs. Burkhardt has 350. She has also knit enough sweaters to entitle her to wear the Red Cross pin.

The Davisburg ladies, with Mrs. Martin Poole as chairman, have also completed a lot of garments, giving them a credit of 742 hours.

The Andersonville ladies, with Mrs. Webber Ware as chairman, also did their share with a credit of 650 hours, and the ladies of the Jossman Sub-division, who have just started sewing, have a credit of 107 hours with Mrs. V. County Farmers Convention Set for Sept. 19 Women Eligible to Hold Office For First Time

When county farmers elect their community committee and delegate to represent them at the county AAA convention Sept. 19, women will be eligible to vote and also to hold office for the first time.

The continual demand for men for the army, navy and essential jobs in industry makes it necessary that women take over some of the jobs that men have been doing.

At the Triple A convention Sept. 19, the 3 farmers who are responsible for running the 1943 farm program for the whole county will be elected.

This year a third more food was produced than during the war years 1917-18. One-fifth more food produced than during the average peacetime years from 1935-39.

Meat Rationing Due in 3 Months

Meat will appear less frequently on our tables during the coming year, though the amount we'll get—2 1/2 pounds per person per week—is about the average consumption for the past 10 years. This is well above the one pound a week the Englishman gets, the 12 ounces per week allowed Germans or the 5 ounces available for half-starved Belgians.

Our total meat supply is the largest on record, the output for the present marketing year adding up to more than 24 billion pounds. But because of the needs of our fighting forces and our allies, this will be 3 billion pounds short of the estimated needs.

It will take at least four months to set up the machinery for meat rationing. Meantime, Americans are urged to conserve meat.

PREFERRED TREATMENT

TO HELP YOUR WASHER stand up under the big load it faces for the duration, keep in mind these few simple rules:

- (1) Drain washer and rinse tub thoroughly after each washing. Remove agitator or suction cups and rinse.
- (2) Wipe dry with a soft cloth to remove any soap curd or lint that may remain. If your washer has a spinner dryer, this too should be cleaned, rinsed and wiped dry.
- (3) Don't try to force thick, bulky articles through your wringer—and especially don't run through belt buckles or other hard objects that might cut the rolls. They are rubber, and precious!
- (4) Release the pressure on wringer when not in use. This saves the spring and the rubber, and prevents the rolls from becoming flat on one side.
- (5) Don't overload your washer. Cramping in too big a wash simply puts a strain on the motor, and results in a less satisfactory job.
- (6) When you finish washing, dry the wringer thoroughly, also dry the connecting cord and wind it up carefully. Leave cover off washer to prevent it from becoming musty. The Detroit Edison Company.

"We want to keep in office an official who is doing a good job for us," they are saying, "because we believe good government is a good investment."

Courts Praise His Work

All justices of the peace and circuit judges in the county will testify to the outstanding job Wilson has done in presenting cases in the courtroom, that he has a full understanding of criminal law and that he protects the innocent as well as vigorously prosecutes the guilty.

Gets Things Done

Your mayor, chief of police, city commissioners, township, city and county officials praise Wilson as

CHARLES L. WILSON

a cooperative officer, one who works hard in hard work every matter which comes within his jurisdiction and that he is thoroughly familiar with the procedure to follow to get the job done speedily, efficiently and economically.

F.B.I. Praises Him

Mr. Wilson has won national acclaim as prosecuting attorney for getting a conviction on the coldest and most notorious of crimes who instead of being in your home and family.

There is no one who has placed in prison a more dangerous criminal and a more vicious offender than the man who has secured the names of saboteurs from your midst.

State Police Acclaim Him

State police officials praise that Mr. Wilson has been a full cooperation to the state police in all the law and order cases which led to arrest and conviction of the guilty.

Wilson Is Honest

Mr. Wilson's reputation of good judgment and honesty is well known in the business and professional circles of Oakland County. He has helped work out the problem, thus saving many from lives of crime and death.

Any man who is in Oakland County will attest to these facts.

County Auditors Praise Him

Mr. Wilson has earned his office of Auditor and Auditorially. Year County Board of Auditors, who handle the finances of the county, have praised Mr. Wilson for his economical and efficient. In cases testing the validity of bonds held by private firms, the prosecutor's office has saved the taxpayers over a million dollars. The suits were filed and won in federal courts. In other counties of Michigan, private attorneys were hired and received thousands of dollars in fees for handling similar cases. In Oakland County, the prosecutor's office accepted the responsibility and led the fight at not one dime of additional expense to the taxpayers.

Wilson Is Fair

Business and professional men, labor representatives, lawyers and farmers who have used the facilities of the prosecuting attorney's office say that Mr. Wilson has protected their individual rights under the law, that he has been eminently fair and unbiased and has given complete cooperation in the handling of their problems.

Whatever their position in life, those who know, declare that Wilson has vigorously prosecuted violators of the law, but has fought as bitterly against persecution.

Re-Elect Spencer C. HOWARTH Republican Candidate for SHERIFF

A VOTE FOR HOWARTH Is a Vote for Good Government

Paul Sparrow Endorsed by Frank Schram

Frank Schram, former sheriff of Oakland County, 1925 to 1932 today endorsed Paul Sparrow as the logical, and outstanding candidate for the job of sheriff. "I can fairly and honestly endorse Paul Sparrow as the finest, most reputable and most capable candidate for the office of sheriff. I believe he will co-operate with other State law-enforcing agencies and do all in his power to keep the wheels of Pontiac's war machines working effectively for the greatest good." Schram also stated in the interview, that he had no axe to grind, nor would he gain any personal prize by this endorsement. "The only thing I gain by coming out publicly for Paul Sparrow is the knowledge that the people of this County will get a smooth-running, honest, workable sheriff's department if they elect Sparrow." Schram, who is now employed in the plant protection department of one of our large factories, has a reputation for being one of the most honest, square-dealing sheriffs ever elected in the County. His endorsement of Sparrow was arrived at only after he had made a careful personal study of his record and qualifications.

TANKS—for not telephoning

It takes a lot of telephoning to keep war plants humming. And today, that's the big job. War calls must go through. It may take the same amount of Long Distance equipment to make a personal call as it does to rush through an order for tank parts. That's why every telephone call you do not make is a contribution to the war effort.

In normal times, we'd get busy and build sufficient additional equipment to keep step with needs. But right now that is not possible. Telephone materials are more urgently needed for tanks, bombers and machines of war.

Here are three simple ways you can help make the most of available equipment and keep vital messages moving:

1. Make only the most essential Long Distance calls.
2. Keep ALL your conversations as brief as you can.
3. When possible, give the number of the distant telephone you are calling.

Remember the war every time you pick up the telephone. Keep your calls as short as possible. Don't ask information for numbers listed in the directory. You can help save wires for war!
