Grand Scrap Parade Held Last Saturday

Tons of Scrap Were Hauled Down Clarkston's Main Street

Last Saturday afternoon two weeks of intensive scrap collecting was climaxed by one of the most interesting parades that was ever seen in Clarkston. Flags, donated by the local American Legion Post, were flying in front of every business place, when at 2 o'clock to peppy music played by Clarkston's school band men women and children marched down Main Street carrying posters, pulling or pushing junk of some kind and telling the populace that they were ready to do their share to win this war.

The streets were crowded with on-lookers who were proud to think that they too had donated to the scrap pile that was going to help make equipment for our fighting forces.

There were twenty prizes given. A grand prize, a \$25 war bond, was given for the largest piece of scrap that an adult had in the parade. This went to Joseph Hubbard who immediately presented it to the local Red Cross unit. Other prizes were given for the best posters, the best float or most original idea in the parade and to the children having the largest amount of scrap in the parade. The prize winners included: the poster in the Post Office, the poster in O'Dell's drug store, the safety patrol boys, Lee Johnson, Michael Thayer, Richard Baker, Martha Atkins, MaryLou Gunter, Mr. and Mrs. Ralph Thayer, Bobby Jones, Mary Porritt, Ronald Smith, David Lee, Jimmy Collins, Charles Henry, Billy Barker, Herbert Storey, Donald Lord, Tommy Bullen, Robert Lindahl and Leslie Boyens. Mr. Fred Stewart was awarded a prize and he immediately presented it to the local unit of the Red Cross. All prizes were war stamps.

After the parade disbanded trucks gathered the donations and hauled them to the scrap depot just south of Beattie Motor Sales. While unloading the trucks, the band played many stirring numbers.

More and more scrap is being added to the piles throughout the Township. If you haven't made a thorough search of your place already do so at once and take your donations to the scrap pile located at the east of Jerry Dark's gas station at the north end of Main Street in Clarkston.

District Governor Visits Rotary

Alex Moore, District Governor of Rotary for the 153rd district, visited the Clarkston Club at the Monday meeting. He talked about the service that can be rendered by Rotarians during War times.

A delicious chicken dinner was served by the ladies of the Royal Neighbors of Clarkston.

Another From Clarkston Joins Navy

The U. S. Navy welcomed another former resident of Clarkston, Mich., when John P. Shaughnessy 21, son of Mr. and Mrs. John Shaughnessy, reported for active duty at the U. S. Naval Training Station at Great Lakes, Ill., last week. The new recruit is now undergoing recruit training, after which he will either be sent for duty aboard a Navy "Man-O-War," or given additional specialized instruction at one of the Navy's many service schools.

Large Group Attends Get Acquainted Dinner

About one hundred and thirty-five enjoyed the delicious "Get Acquainted" dinner served at the school at seven o'clock on Thursday evening of last week. The tables were nicely arranged and the flowers on the tables as well as the beautiful arrangement of colorful zinnias in front of the blue velvet hangings on the stage added to the decorative scheme of the auditorium. A group of high school girls, under the direction of Mrs. A. E. Butters, served very capably.

After the tables were cleared Walter Wainowski, orchestra and band leader, led the singing of two songs, "God Bless America" and "Michigan, My Michigan". Mrs. Waide Dean then welcomed the new teachers and asked the superintendent, D. M. Winn, to introduce them. In doing so Mr. Winn told briefly about their accomplishments and the scope of their work. The members of the school board were also introduced.

A. E. Butters, chairman of the Independence Home Front committee, spoke briefly on the functioning of the Home Front Committee and emphasized the Scrap Drive which was going on in the Township.

After singing "The Star Spangled Banner" the parents and teachers got better acquainted by visiting and all had a very fine evening.

It is hoped that everyone who attended the dinner will be at the next regular P. T. A. meeting.

Air Raid Drill

A practice air raid drill will be held at the school on Monday, October 5, between 3 and 4 o'clock to determine the length of time required by students to reach home. Each student will be given a slip of paper bearing his name on which his parent should indicate the time the student reaches home. This slip should then be signed by the parent and returned to school the following day. This test will be used to give more accurate information on time required to get home and help determine which students should remain at school and which should be sent home in case of an air raid.

Jerry Dark, the Chief Air Raid Warden for this area, has recommended that all students who can reach home within 15 minutes be sent home. His recommendation is based on the belief that in case of an air raid the children would be better off in their homes than concentrated in a school building if they have sufficient time to reach home safely.

The cooperation of both parents and students is very important. Please be sure that your clock is correct and record on the slip the exact time that the student reaches home.

Births

Born to Mr. and Mrs. Frank Strother a son, Francis Verner Jr., on Wednesday, September 23rd, at the St. Joseph Mercy Hospital in Pontiac.

Born to Mr. and Mrs. Kenneth Sutherland (Roberta Virgin) of Rochester a 7 1/2 lb. son, Sydney Glenn, on Saturday, September 26th at the Pontiac General Hospital.

Know Thy Neighbor

What kind of fellow lives next door? Do people tell you he's a bore? Is he a worthless kind of guy, That someone heard would tell a lie? Does someone try to make you think, That he would have too much to drink?

Have you heard other perfect guys, Attempt this man to criticize? Have folks made up your mind for you, You shouldn't have a thing to do

With birds like those who live next door, Because you'd find them such a bore?

From folks who think they're extra nice, Let's view with caution this advice, For I have found in every heart, Love and kindness holds a part.

Each person has some winning traits, Stored within and there awaits The time when they can slip the noose,

And put themselves to others use. No man should ever once condemn, Another of his fellowmen

Without first searching out his best, Which might o'er shadow all the rest. Robert C. Beattie. (All rights reserved)

"Unreality" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, October 4.

The Golden Text (Gal. 6:8) is: "He that soweth to his flesh shall of the flesh reap corruption; but he that soweth to the Spirit shall of the Spirit reap life everlasting."

Among the Bible citations is this passage (1 John 2:15): "Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him."

Correlative passages to be read from the Christian Science textbook.

War Time Clothing Discussed Friday

Mary J. E. Woodward, Home Demonstration Agent of Oakland county announces two meetings of importance on the preservation of war time clothing, to be held on Friday, October 2, at 2:00 p. m. at the Birmingham Community House, and Friday evening, October 2, at 8:00 p. m. at the Clarkston High School.

Mrs. Leona MacLeod, former Home Demonstration Agent in Oakland County in 1937 and several years previous, and now Extension Specialist in Clothing at the Michigan State College, will explain the seriousness of the situation and ways of meeting this in the home.

All women war club leaders are invited and urged to attend one of these meetings. This includes the woman leader of the Township War Club Committee and the woman leader of the Neighborhood War Club. These people in turn should take this clothing information to the members of their clubs.

The woman leader of the Township War Club Committee should see that transportations are made so at least one full car load goes to the meeting.

Next to food, clothing is the greatest war time necessity. It must be conserved!

Everyone will want to welcome Mrs. MacLeod who was the Home Demonstration Agent in Oakland County in 1937 and several years previous.

The war club members in this district invite all women to attend the meeting in the Clarkston School auditorium. This subject is of vital interest to every woman and especially mothers. Let's give Mrs. MacLeod a big audience.

Telephones Provided For Essential Use

A new order of the War Production Board provides that, in areas where telephone facilities are congested, individual-line users may be required to change to party-lines so service can be supplied to persons essential to the direct war effort or to the "public health, welfare or security".

Receipt of the order was announced today by W. R. Fauser, manager for the Michigan Bell Telephone Company. The order does not apply to present business telephone service, he said.

The order also provides that extension telephones cannot be installed in residences, even for persons essential to the war effort, excepting on a temporary basis in the case of critical illness.

The telephone manager pointed out that the new WPB order, like preceding orders, arises from war-time conditions. In normal times, he pointed out, the company would build additional facilities to meet increasing service demand. Now, however, that cannot be done because the required materials are more urgently needed for war weapons.

Because of congested facilities, new telephone service installations are restricted in more than 20 Michigan exchanges, including large sections of Detroit, with the likelihood that they will have to be extended as conditions become more critical. In some exchanges new service can be installed on a temporary basis, applicants agreeing to its removal on a 48-hour notice if it is required for war or other essential use.

Mrs. E. S. Waterbury reports that in a recent letter from her son, Clifford, who is in training at the U. S. Naval Hospital at Great Lakes, Ill., that he says he is very busy and "giggles" his work very much. He says like in all hospitals there is an extreme shortage of help.

"Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.451): "If our hopes and affections are spiritual, they come from above, not from beneath, and they bear as of old the fruits of the Spirit."

School Cooperating in Harvesting of Crops

Next Thursday and Friday, October 8 and 9, school will be closed for the State Teachers Institute and all students will be available Thursday, Friday and Saturday to work.

If farmers who need help to harvest apple or potato crops will call the school office Tuesday morning they will be given the names of students who would like to work.

Students are urged to take advantage of these three days to render a patriotic service by helping to build up the nation's food supply.

It is the policy of the school to cooperate in the war effort by excusing students from school to do essential war work provided the student maintains C grades or better and provided he produces sufficient evidence that all of the time for which he is excused is devoted to essential war work. Since education is also vitally essential to the war effort it cannot be allowed to suffer.

Any student who wishes to leave for such work during the day must provide the principal with a satisfactory excuse from home before leaving school.

As the officers took their places and the oath each lighted a candle and placed a white carnation in the candle and bud holders. The meeting closed with the singing "The Light of the World Is Jesus". Benediction. Postlude.

Breeding Stock to Be Sold at Auction

Sixty-five head of beef-breeding stock selected from outstanding Michigan herds are consigned to the annual Lapeer beef sale scheduled at Annrook Park at Lapeer, Friday, October 9. Allen Haskins, Ionia, will cry the auction. Shorthorns, Milking Shorthorns, Angus and Hereford male and female animals will be sold from more than 50 Michigan farms. Sponsors include the Lapeer Chamber of Commerce, the Michigan Beef Breeders association, and the agricultural extension service of Michigan State College.

At Marlette, October 8, a ram sale to auction purebred animals has been scheduled to precede the Lapeer beef cattle sale. The Marlette auction will feature Oxfords and Shropshires numbering 50 rams and a few ewes. A banquet at the Lapeer Training School the evening of October 8 follows the Marlette sale and opens events of the Lapeer gathering.

PROCLAMATION

By Governor Murray D. Van Wagoner

Every fire is sabotage today. Our resources of manpower, material and productive equipment are irreplaceable today, and are the tools by which we fight the war. Last year in Michigan, 50,000 fires cost the lives of 267 persons and destroyed \$12,000,000 in property.

Recognizing that fires are among our greatest perils in time of war, the firemen of Michigan were the first civilian group to organize a State-wide unit of civilian defense, creating fire auxiliaries around existing peace-time organizations.

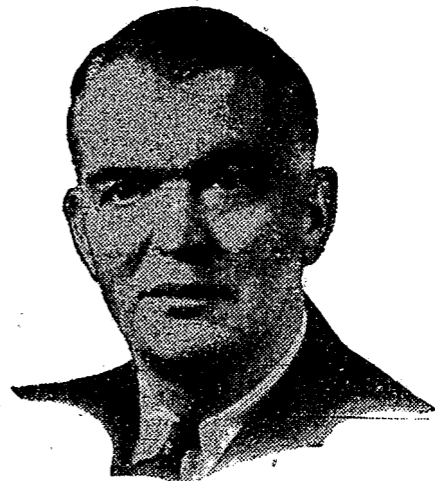

Fire remains today the most potent weapon of the enemy. The incendiary bomb, and the deliberate sabotage by fire, are added dangers, able to increase the damage done continually by our failure to take adequate precautions against the many hazards which cause accidental fire.

This year, civilian defense officials in Michigan will join with regular fire fighting agencies during Fire Prevention Week in an intensive public educational program which will stress, in addition to regular precautions against fire hazards, the emergency program for combating incendiary bombs, guarding against sabotage, and keeping every home, farm and factory in Michigan prepared to deal with fire from any source.

I hereby proclaim the week of October 4 to 10, 1942, as Fire Prevention Week in Michigan, and I call upon all citizens to make this an occasion for special attention and action on all practices needed to combat both enemy action and carelessness or ignorance regarding fire hazards among our own citizens. In this way we can become better prepared for any eventuality of war, can reduce the tremendous annual cost of fire, and also can produce a more favorable fire loss ratio which ultimately will be reflected in lowered fire insurance rates for all of us.

Rationing Board Needs Volunteer Force

The Oakland County Rationing Board is in great need of a volunteer force for each one of its branch offices to help take care of the coming fuel and gasoline rationing, and any other items they may be called upon to register for. They are asking that all desiring to help, please go to their nearest branch office and leave their names, addresses, telephone numbers and what days they will be willing to serve. Each volunteer will be trained in the branch office in the area in which he or she resides.

REGISTRATION NOTICE

for General Election Tuesday, November 3, 1942

To the Qualified Electors of the Township of Independence, County of Oakland, State of Michigan

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Township Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township not already registered who wishes to apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Twentieth Day before any regular, special or official primary election and the day of such election. The last day for General Registration does not apply to persons who vote under the Absent Voters' Law.

Notice is hereby given that I will be at the L. F. Walter Store, Clarkston, Mich., Wednesday, October 14, 1942.

The 20th Day Preceding Said Election Last Day for General Registration by Personal Application for said Election.

During normal store business hours on said day, for the purpose of reviewing the qualified electors in said Township as shall properly apply thereafter.

The name of no person but an Actual Resident of the Township at the time of said registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

Registration of Absentee by Oath. If any person whose name is not registered shall offer and claim the right to vote at any election or primary election, and shall, UNDER OATH, state that he or she is a resident of such precinct and has resided in the TOWNSHIP or CITY TWENTY DAYS next preceding such election or primary election, designating particularly the place of his or her residence and that he or she possesses the other qualifications of an elector under the Constitution, and that owing to the sickness or bodily infirmity of himself or herself or some member of his or her family, or owing to his or her absence from the TOWNSHIP or CITY on public business or his or her own business, and without intent to avoid or delay his or her registration, he or she was unable to make application for registration on the last day provided by law for the registering of electors preceding such election or primary election, then the name of such person shall be registered, and he or she shall then be permitted to vote at such election or primary election. If such applicant shall in such matter willfully make any false statement, he or she shall be deemed guilty of perjury, and upon conviction, be subject to the pains and penalties thereof.

Dated: September 29, 1942.

MUSIC NEWS

The Clarkston High School Band, under the direction of W. Wainowski, got off to a fine start this year. Before the fourth week of school, the band made its first appearance in uniform. They played and performed for the scrap parade on Saturday, September 26. The following Monday, September 28, the band played for the high school assembly of campaign speeches made for the candidates for positions on the Student Council.

The personnel of the band and orchestra has been increased by two cornet players, a French horn player and a bass fiddle player. Mr. Wainowski has ordered some new music which we hope to present to you later in the season. No date has been set for our next program but if you will read this column weekly in the Clarkston News, we will keep you informed on all our activities.

SPORTS

Last Friday Clarkston took a 25 mile trip to meet Log Cabin's football team. Both teams looked their best before the game and everyone was anxious to see the outcome. The game started about 3:45 P. M., Clarkston lining up as follows:

Rouse—LE Cooper—LT Berg—LG Boice—C Kerton—RG Waid—RT Perrin—RE Ross—QB O'Roark—HB Ross—HB Wainman—FB

Substitutes were: Floyd, Sharp, Hemmingway, Ronk, Bird.

The first quarter passed with no score on either side. In the second quarter Clarkston turned on the power and drove within 5 yards of the goal. With a terrific drive Wainman smashed over for the first goal. The kick for the extra point failed.

Log Cabin then threatened by making a touchdown in the 3rd period. The score was tied at 6-all until the middle of the 4th quarter.

Log Cabin was kept on their own 5 yard line and was forced to kick. O'Roark took the punt on the 50 yard line and ran it back to the 20. After hard running, the ball was taken up to the 2 yard line. It took four plays to add another score for Clarkston. Edward Ross went 1 yard thru the line for another 6 points. A pass was attempted for the extra point, but failed.

Log Cabin played hard but could not score again. The game ended Clarkston 12, Log Cabin 6.

Although Clarkston didn't have many fans on the side lines, they managed to win their second consecutive game.

A few weeks ago we told the amazing story about the apple blossoms

on the tree at the side of the A.B. Wompole home. To our surprise, we now find that this snow apple tree is more beautiful than ever. Up at the top of the tree are tiny buds ready to burst open. Some blossoms are opened entirely while on the tree are green apples and ripe apples. While it is natural for orange trees in Florida and California to behave this way, it is indeed unusual for an apple tree.

For Homemakers

Usual kitchen methods waste an estimated 20 per cent of the vitamins known as B-1 in preparing vegetables according to home economics extension specialists at Michigan State College. The kind of food cooked, the method of preparation for cooking, the temperature in cooking, the cooking time and other conditions determine vitamin use or abuse.

To avoid some of the common and unnecessary losses of the vitamins known as B-1, a few simple precautions are suggested:
Don't use soda in cooking vegetables. Soda destroys not only vitamin B-1, but also other vitamins. B-1 passes very readily into the cooking water from most vegetables—often more than 25 per cent being lost in this way unless some use is made of the cooking water. Sometimes the

water is used as a concentrate and served with the vegetable, made into a sauce and served over the vegetable, or added to the soup pot.

B-1 is destroyed to an even greater extent in cooked meats than in cooked vegetables. That's because of the higher cooking temperatures and longer cooking time. Very little B-1 is destroyed in frying meat such as chops or steaks, compared with the amount destroyed in roasting, which takes a longer time and temperature. In general, the loss of vitamin B-1 in cooking meats is roughly 40 per cent.

The Telephone Minutes YOU SAVE Help War Production!

MANY telephone lines are now crowded with war calls. Perhaps your own line never carries war messages. But every call you make passes through a central office switchboard, where capacity is limited to just so many calls at a time. That's why your care in avoiding long telephone conversations is an important aid in maintaining fast, efficient service for war. When you save telephone minutes, you clear the wires for war calls.

Because of material shortages, we can't install enough additional equipment to meet all of today's demands, as we would do in normal times. So we make the most efficient use of the facilities we have—with the help of every telephone user.

THREE WAYS YOU CAN HELP

1. Keep all your telephone calls as brief as you can.
2. Make only the most essential Long Distance calls.
3. When possible, give the number of the distant telephone you are calling.

Plan your conversations to save minutes. Keep pencil and paper at hand, so you won't have to leave the telephone. And please don't call information for numbers listed in the directory. Remember—WAR CALLS MUST GO THROUGH!
