Blind Girl Gives 12 Pints of Blood

5 Pints a Year per Person Is Red Cross Limit

The Red Cross still wants blood donations but no more this year from Eleanor Judd, a blind pianist who doesn't know the meaning of half-hearted. Red Cross rules limit an individual to 5 donations a year. Miss Judd has given 12 pints since December 17, 1940, when she started her donations for British War wounded.

The Red Cross needs 50,000 blood donors a week to meet its quota for the next twelve months, Chairman Norman H. Davis, said today, calling the program the biggest single medical undertaking in history.

The army and navy have called for 2,500,000 pints of blood and the Red Cross blood donor centers have been asked to increase their quotas.

The Red Cross Blood Donor Mobile Unit will be in Clarkston on Saturday, October 17th.

Methodist Choir Honors Newlyweds

On Wednesday evening following the regular choir practice at the Clarkston Methodist Church the group assembled in the Church parlors and honored Mr. and Mrs. Jack Skarritt at a miscellaneous shower. Besides the honored guests there were twenty-five present.

The young couple were the recipients of many lovely and useful gifts. The refreshments were served from a table decorated with evergreens and candles.

White Markings Will Succeed Yellow

Michigan motorists long accustomed to yellow pavement marking designating no-passing zones on hills and curves will soon see these sections marked with white paint, the State Highway Department announced this week.

State Highway Commissioner G. Donald Kennedy said that specification yellow marking paint which contains chrome is no longer available because of the war. After the present stock runs out, white marking paint will be substituted for the duration, he declared.

As a safety measure, motorists are urged to observe white pavement marking on state trunklines. On black-top highways, a double white stripe indicates a no-passing zone while a single white line will mark these areas on concrete pavement.

65 Degrees of Heat Is Enough if—

H. Allen Moyer, M. D., State Health Commissioner, who returned recently from Washington, D. C., where health commissioners of several states discussed fuel oil rationing and its possible effects on the health of the people, said that—"Health can be maintained with the temperature at 65 degrees if people will wear sufficient clothes and eat the right foods. Normal body heat of 98.6 degrees must be maintained if people are to keep well. However, unless everyone wears proper garments, the less warmly clad may acquire colds because their bodily resistance is weakened and they may pass the colds on to those who do dress warmly. Also, people who live in buildings where maximum temperature of 65 degrees is maintained must eat more fats, starches and sugar, which are heat producing."

"Colds are contagious and are the predisposing factor in 90 per cent of our pneumonias."

Russian Missionary Comes to Clarkston

Miss Catherine Ivanovski, Russian Missionary, will be the speaker at both morning and evening services at the Clarkston Baptist Church on Sunday, October 11th. In the morning service her subject will be "The Heavenly Vision", and in the evening she will speak on "Christ in Russia at the present hour". Mr. Walter Morrow will lead the song service and special music will be furnished by Mr. and Mrs. Morrow.

Miss Ivanovski was in Russia during the Great Starvation when human flesh sold for \$7.50 per lb. She tells a thrilling story of conditions in Russia today.

Everyone in the vicinity will want to hear this noted missionary. It is a real opportunity for you to actually know the truth about Russia. You are invited to both services on Sunday.

Obituary

Grace B. Grant

Grace B. Grant of Hadley Road passed away on Monday. She was born in Springfield Township September 21, 1871, the daughter of Mr. and Mrs. George Grant. She attended school at Andersonville and Clarkston and was a member of the Andersonville Presbyterian Church. She lived her entire life in Oakland County.

Surviving is a sister, Mrs. Rose Teggrudine of Clarkston.

The funeral service was held at the Oden-Kennedy Funeral Home on Wednesday afternoon with the Rev. Harold Pailthorpe, Pastor of the Clarkston Methodist Church officiating. Burial was in Lakeview cemetery.

JUNIOR ENGINEERS NEEDED IN AIR CORPS

The U. S. Army Air Corps at Wright Field, Dayton, Ohio, has just issued their second appeal for junior engineers in the mechanical, electrical and aeronautical fields. Their need is very urgent.

Openings are available for immediate appointment at \$2400 per annum. Graduate engineers with no experience as well as those physically handicapped may qualify.

Here is an opportunity to gain invaluable experience by working at the Air Corps Nerve Center on tomorrow's planes today — and help your country at the same time.

For further information, get in touch with the recruiting section, Seventh U. S. Civil Service Region, Room 1107, New Post Office Building, Chicago, Illinois.

REGISTRATION NOTICE

for General Election

Tuesday, November 3, 1942

To the Qualified Electors of the Township of Ingham, County of Oakland, State of Michigan: Notice is hereby given that in conformity with the Michigan Election Law, the undersigned, undersigned Clerk, will conduct any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township not already registered who may Apply To Me Personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Twentieth Day before any regular, special or official primary election and the day of such election. The last day for registration does not apply to persons who vote under the Absent Voters' Law. Notice is hereby given that I will be at the L. F. Walter Store, Clarkston, Mich., Wednesday, October 14, 1942.

The 20th Day Preceding Said Election Last Day for General Registration by Personal Application for said Election by normal voters, business hours on said day for the purpose of Reviewing the Registration and Registering such of the qualified electors in said Township as shall Properly Apply therefor.

The name of no person but an Actual Resident of the Two at the time of said registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

Registration of Absentee by Oath If any person whose name is not registered shall offer and claim the right to vote at any election or primary election, and shall, UNDER OATH state that he or she is a resident of such precinct and has resided in the TOWNSHIP or CITY TWENTY DAYS next preceding such election or primary election, designating particularly the place of his or her residence and that he or she possesses the other qualifications of an elector under the constitution; and that owing to the sickness or bodily infirmity of himself or herself, or some member of his or her family, or owing to his or her absence from the TOWNSHIP or CITY on public business, or his or her own business, and without intent to avoid or delay his or her registration, he or she was unable to make application for registration on the last day provided by law for the registering of electors preceding such election or primary election, then the name of such person shall be registered, and he or she shall then be permitted to vote at such election or primary election. If such applicant shall in such matter willfully make any false statement, he or she shall be deemed guilty of perjury, and upon conviction, be subject to the pains and penalties thereof.

Dated: September 20, 1942.

Rotary Club News

Monday's meeting was an open meeting in charge of Robert C. Beattie.

The military guest of honor was member Roy A. Alger. After a reading of one of his poems, Mr. Beattie instructed the group to join hands and Auld Lang Syne was sung.

The Clarkston Rotary Club at its next meeting will show a movie "The Romance of Coal" which however deals with railroads and the up-to-date trains. Each member will have as his guest, a child—either his own or the child of some other Rotarian.

Oct. 14th — Wednesday afternoon the Clarkston Royal Neighbors will meet at the home of Mrs. William Johnston. There will be a pot-luck dinner promptly at 12:30.

CHRISTIAN SCIENCE CHURCHES

"Are Sin, Disease, and Death Real," will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, October 11.

The Golden Text (Psalms 3:8) is: "Salvation belongeth unto the Lord: thy blessing is upon thy people."

Among the Bible citations is this passage (Rev. 21:4): "And God shall wipe away all tears from their eyes; and there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain: for the former things are passed away."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 406): "The Bible contains the recipe for a healing. 'The leaves of the tree were for the healing of the nations.' Sin and sickness are both healed by the same Principle. The tree is typical of man's divine Principle, which is equal to every emergency, offering full salvation from sin, sickness and death."

Literary Club Has First Fall Meeting

Mrs. George Slayton Was the Hostess

The Clarkston Literary Club held the first meeting for the season on Tuesday afternoon at the home of Mrs. George Slayton.

Roll Call was answered by each member telling about when they first joined the Club. The president, Mrs. Ray Clark, presided at the short business meeting. Miss Mary Louise Buck of Waterford favored the group with two very pretty vocal numbers. Miss Helen Sanders of Pontiac played the piano accompaniment. To add to the interest of the program each past president gave a brief talk.

Refreshments were served from a table covered with a lace cloth and centered with a beautiful arrangement of pink and yellow chrysanthemums. Mrs. Ray Clark poured.

Keep Smiling

It's quite a trick for us to tell So long, to one we've liked so well, Yet! When we have a job to do, We see no point in feeling blue, For if we wear a pleasant smile; Life at its worst will be worth while. So if we give a little grin, We're bound to let some sunshine in. With worlds a straining every nerve, It pays to lay in some reserve Of sunshine to fortify our soul; That we may meet whatever role Is handed us by laws of state, That we be masters of our fate; And use within us all this power To do our best each passing hour.

War knows no place where it can stop From drawing on the human crop Of men; nor does it seem to care The age of man or color hair. We know it calls away too soon For folks yet on their honeymoon. But on the eve when you depart We send best wishes from our heart.

Nurses Aides To Be Trained

Volunteers for the Red Cross Nurses Aide service are now being interviewed by Mrs. E. L. Bradley at the chapter office, 12 Seneca street. 15, and upon completion the graduates will serve in Pontiac General A new class will be started October and St. Joseph Mercy hospitals as well as Oakland county Infirmary. Applicants will be interviewed Wednesdays and Thursdays from 2 to 4 p. m. and Wednesday evenings from 7 to 9.

A night class of 47 business girls is nearing completion. These nurses aides volunteer a minimum of 150 hours per year in hospitals as assistants to graduate nurses. The need for aides is urgent as more and more graduate nurses are being called to serve in army and navy hospitals. Local hospital officials have expressed the highest praise of the work of the aides in working with their staffs and serving patients. Mrs. Ruth K. Daniels is the nurse in charge of the aides.

On Thursday evening of last week Mrs. Hawley Skarritt was hostess at a linen shower at her home honoring Mrs. Jack Skarritt (Betty Ash).

During the evening appropriate games were played. An interesting feature was the presenting of the gifts to the bride. She was given a pin and told to puncture the balloons which were used as room decorations and in the balloons were notes revealing where the gifts were to be found. Mrs. Skarritt received many very lovely gifts. Refreshments were served at the close of the evening.

The guests included, besides the honoree, Mrs. Kimball Skarritt, mother of the bridegroom, Mrs. Cora Skarritt, Mrs. Durward Ash, Mrs. Stanley A. h. Mrs. Keith Lowrie, Mrs. Warren Flynn and daughter, Patricia, Mrs. Walter LaPlante, Mrs. Raymond Jarvis, Mrs. Russell Wilson, Mrs. William Wilson, Miss Evelyn McCann and Miss Barbara Andrews.

 The new Student Council members met for the first time Thursday, Oct. 1st. Miss Balls, Principal, and Mr. Winn, Superintendent, met with the group in order to start the ball rolling. During the course of the meeting the Council decided to ask each student to give a quarter to the Athletic Fund. This money will entitle them to a membership card which allows them to enter games at a lower price.
 The new Council plans to have

many school activities, such as assemblies and noon recreation. With such spirit as this being shown, the school year promises to be a fine one.

WARTIME HINTS
 for a lady who wants to
save
 electricity and appliances!

SAVING ELECTRICITY A cardinal rule today is this: "Use as much electricity as you need, but don't waste it." There are many practical ways of saving electricity in your home—in your cooking, lighting, the use of appliances. And not one of them involves any sacrifices in the use of your helpful electrical servants. It simply means knowing the most economical way to use them, with greatest efficiency. A few of these suggestions are listed below.

SMALL APPLIANCES Don't jerk cord from socket when finished using. Disconnect by grasping plug. Don't clean wires of heating element (toaster, grill, etc.) with fork or sharp tool. Never dip appliances in water. Let appliance cool before storing away. Always clean grids on waffle iron after using. Don't let electric iron overheat.

YOUR HOME LIGHTING Dust steals light—robbing you of as much as one-fourth the light you pay for. This is pure waste. Keep lamps and fixtures clean. Wipe bulbs and reflector bowls frequently. Dust shades inside and out. Use the right-size bulbs in your lamps and fixtures, and select shades with a white lining.

YOUR REFRIGERATOR Don't overcrowd your refrigerator. Unless the motor is hermetically sealed, have it oiled and inspected regularly. Be sure there is adequate air circulation all around the refrigerator. Defrost regularly. (Never use a knife or sharp tool for defrosting. Clean inside of refrigerator with lukewarm water and mild soap.)

ELECTRIC COOKING Use the thrift cooker of your electric range often. Plan complete meals that can be cooked in the oven at one time. Finish surface cooking on "start" or stored heat whenever possible. Use flat-bottomed utensils just big enough to cover heating unit. Cook with little water and cover utensils with a tight lid.

YOUR ELECTRIC WASHER Drain washer and rinse tub thoroughly after each washing. Remove agitator or suction cups and rinse. Wipe dry with a soft cloth. Don't force thick, bulky objects through your wringer—or hard objects like belt buckles, etc. Release pressure on rolls when not in use, and dry wringer thoroughly. Don't overload your washer.

Shortages Will Be Felt by Everybody

War brings shortages. We're beginning to feel them. We're all at war so all of us must share these shortages. Share and share alike is an underlying principle of democracy.

Fuel oil is not scarce but the means of transporting it are at a premium. There'll be only about two-thirds of the normal supply this winter for the 30 states in which rationing will become effective October 15.

Unless our coal supply is increased we'll be short of this fuel, too, next year—by 42 million tons. Coal production will be speeded through 91 new labor-management committees in the soft coal mines. Longer work hours in the mines are likely.

Cussing good for your health, Science says a good word at last for the bad words that relieve the surge of energy following sudden frustration and prevent broken dishes, heads, hearts—and worse. Read an eminent psychologist's interesting and surprising conclusion on this perennial topic, as told in The American Weekly, the magazine distributed with next week's Sunday Chicago Herald-American.

Nationwide gasoline rationing probably will begin about Nov. 22. But we shouldn't wait until then to impose upon ourselves a voluntary rationing by cutting all unnecessary driving. Surely, everyone recognizes by now the necessity of saving all-important rubber. Trucks and busses alone are wearing out tires at the rate of 35,000 a day.

The same thing is true of meats. Because of the tremendous amount of meats needed by our armed forces and our allies, meat rationing is forecast about February. In the meantime, we should limit our weekly meat diet to 2½ pounds per person. Actually, this is about as much as we have averaged for the last 10 years.

We can win this war. But everyone must do his share. Work, save, sacrifice, share, no hoarding—there are hundreds of little things which 130,000,000 Americans can do every day to hasten the day of victory.

IS STUBBORNNESS YOUR PROBLEM?

Dr. Donald A. Laird, eminent psychologist ... writing in The American Weekly with this Sunday's (October 11) issue of The Detroit Sunday Times ... explains what stubbornness really is, what to do about it in others ... and tells how to make it a help rather than a handicap in yourself. Be sure to get The Detroit Sunday Times this week and every week.

... when you ask for a telephone

If you move, you may not be able to get a telephone, or the kind of service you want, in your new location. Therefore, we suggest that you check with the Telephone Company before making definite plans.

Copper, steel, rubber and other materials are more vitally needed for fighting equipment than for new telephones. To conserve such materials, the War Production Board has placed restrictions on telephone installations.

1. Telephone service cannot be provided at some locations.
2. Party-line service, only, can be furnished in many cases.
3. Extension telephones cannot be installed in residences.
4. Additional apparatus may be installed only on a limited basis.

In so far as material and war restrictions permit, we shall continue to provide the best service possible. And we look forward to the day when we again

can give the kind of service wanted, "when and where wanted." But now, and for the duration, war needs come first.

Turn in your scrap—Uncle Sam needs it now!
