## Service Gift Party To Be October 23

### Proceeds to Buy Gifts for the Township Boys in Service

On Wednesday night the Independence Home Front Committee met in the Town Hall to complete plans for the "Service Gift Party" to be held in the Clarkston School Gymnasium on Friday night, October 23rd, beginning at 9 o'clock.

You will be able to dance to music by your favorite orchestra. A public address system will be installed for that night and a radio with an automatic record changer will be used. If you have any favorite records, just take them along and see how good they sound over the public address system.

The general chairman for the dance will be Ralph Habermas. The distribution of the tickets is in charge of the Literary Clubs and the Royal Neighbors. The P. T. A. will look after the refreshments and the Grange will take care of the check-room. The Legion Auxiliary with the assistance of the High School Seniors will see that the gym is appropriately decorated. There will be door prizes and the committee in charge of securing these will consist of the O. E. S. and the W. S. C. S. The Rotary Club will have charge of the wrappings for the gifts and the committee to secure the gifts will be made up mostly of mothers of boys in service. This gift committee will meet at the Town Hall tonight, Friday night, at 8 o'clock.

Everyone will want to help in this wonderful affair. Just imagine the cheer these Christmas boxes will bring to the boys, especially those in far away lands or out at sea who cannot be home for Christmas. Make sure you get a ticket and make your own Christmas a happier one.

## "What Are You Doing For Your Uncle Sam?"

### Remember Your Date with The Red Cross Blood Donor Unit at the Clarkston School, Saturday, October 17, From 12 until 5

Every effort is being made by the leaders of this country to win this war as quickly as is humanly possible. Defense workers are working overtime and our armed forces are fighting day and night.

The part we can play right here seems comparatively small but it is not so. There will be a crowd of men and women who will make their donation of blood at our Blood Donor Unit. Suppose you take your place among them and see what happens to you.

First you meet your receptionist, in a Red Cross uniform, who helps you fill out a form with your name and address and a few routine questions. Then you go to a Red Cross nurse who takes your blood pressure, pulse and temperature for further assurance that you can give a pint of blood without any ill effects. A nurse gives you a glass of orange juice and then you go over to a cot and roll up your sleeve.

When you see how simple this is you will always feel glad that you answered the call to give your personal contribution to Liberty's life stream.

## Clarkston Nurse Enlists for Service

Last Monday night, Miss Doreen Douglas, daughter of Mrs. Agnes Douglas, left for Fort Benning, Ga., where she will be on duty in the 24th General Hospital. On entering service she became a second lieutenant. Miss Douglas is well known in Clarkston having graduated from the local High School. For the last while she has been a supervisor at the St. Joseph Mercy Hospital in Pontiac.

Clarkston is surely proud of her two nurses who are making many sacrifices to help save the sick and wounded boys in the armed forces. Second Lieutenant Mary Gassick is now in foreign service and Second Lieutenant Doreen Douglas will most likely be ready for overseas service after a short training at a camp hospital in this country.

## Clarkston Locals

Born to the Rev. and Mrs. Walter C. Ballagh an 8 lb. 1 1/2 oz. daughter, Norma Carol, on Sunday, October 11th, at the Pontiac General Hospital.

Visitors at the home of Mrs. Elizabeth Rockwell on Sunday were Mr. and Mrs. Sydney Hodgins and daughters, Wanda and Nancy, and son, Junior, of Detroit and Mr. and Mrs. Arthur Frank and daughter, Jean, of Ypsilanti.

William Gassick had a letter this week from his daughter, Mary, who is a nurse in foreign service somewhere. Mary says conveniences where she is are sorely lacking and she will appreciate more than ever the good old U. S. A. when she gets home. She will soon be celebrating her birthday in a distant land away from all her own people and her friends but she says she is glad to be able to do her part in alleviating pain and suffering. She wishes to be remembered to all her Clarkston friends and she does appreciate letters.

## Drayton Theatre Helps War Effort

The Drayton Theatre is not only interested in having a good clean movie house with the best pictures but they are anxious to do their share in helping with the war effort. They have sold many dollars worth of war bonds and at the present time besides selling bonds they are making a collection of small scrap metal, mostly keys, to help keep some of the war plants busy. One contribution was an old pair of scissors that came from Germany many years ago. They were donated by Mrs. Clement of Pontiac who got them from her mother, Mrs. Martin, when she was 93 years old.

The next time you visit the Drayton take along some of your old keys that have been cast aside or any little metal piece that is really no use to you.

## Shuck 'Em

Out on the edge of yonder wood  
With limbs toward heaven lifted,  
Two hickory trees in silence stood  
Alike by God were gifted.  
Right side by side stood these two trees  
Their branches intermingled,  
And when they fluttered in the breeze  
Their leaves together tingled.

Yet on one tree from every twig  
The master in his planning,  
Saw fit to have nuts extra big.  
For us when we were scanning  
Woods; for our stores of winter nuts,  
But lo! upon the other,  
The nuts we found were mostly  
shucks.

And hardly worth our bother.  
Now life I've found is much like this  
When tides of life we're bucking,  
The prize in life we're apt to miss,  
Unless we do some shucking  
And not let outward looks decide  
The heart within reposes;  
Let's peel away the outer hide  
And see what it exposes.

## More Clarkston Boys Join the Navy

Two more Clarkston, Mich., men, last week, joined the list of sons from that town who have enlisted in the U. S. Navy to do their share in helping defeat the Axis. They are now in recruit training at the U. S. Naval Training Station here, being converted into seagoing Bluejackets.

Recruit training consists of instruction in military drill, seamanship, and naval procedure, plus "toughening" through the Navy's intensive physical hardening program. Upon completion of this training, these men will be granted a nine-day "boot" leave, after which they will either attend one of the Navy's many service schools for specialized training, or be assigned to active duty at sea or some other shore station.

The Clarkston Bluejackets now in training are: William H. Wagner, 17, son of Mr. and Mrs. H. R. Wagner, 94 Orion rd., and Charles L. Pennell, 17, son of Henry Jay Pennell, RFD 3.

This past week the Clarkston News received a beautiful photograph of Camp Roberts, Calif., from Leopold DeClercq who is in training there. It is a grand picture and we appreciate Mr. DeClercq's thoughtfulness.

**GREYHOUND CHANGES**

**ALL SCHEDULES ON OCTOBER 15TH\***

— get latest information before starting any trip

\* Throughout the nation Greyhound buses start operating on new schedules beginning October 15th. Although Greyhound has been preparing for this change for some time, it is not a simple thing to rearrange fully a service that covers 65,000 miles of routes and has transported more than 85 million passengers since Pearl Harbor. Until every detail of the new service is carefully worked out, you may be inconvenienced on occasion. We hope you'll take it in stride, as we're doing our best to maintain customary high standards of service under unusual conditions.

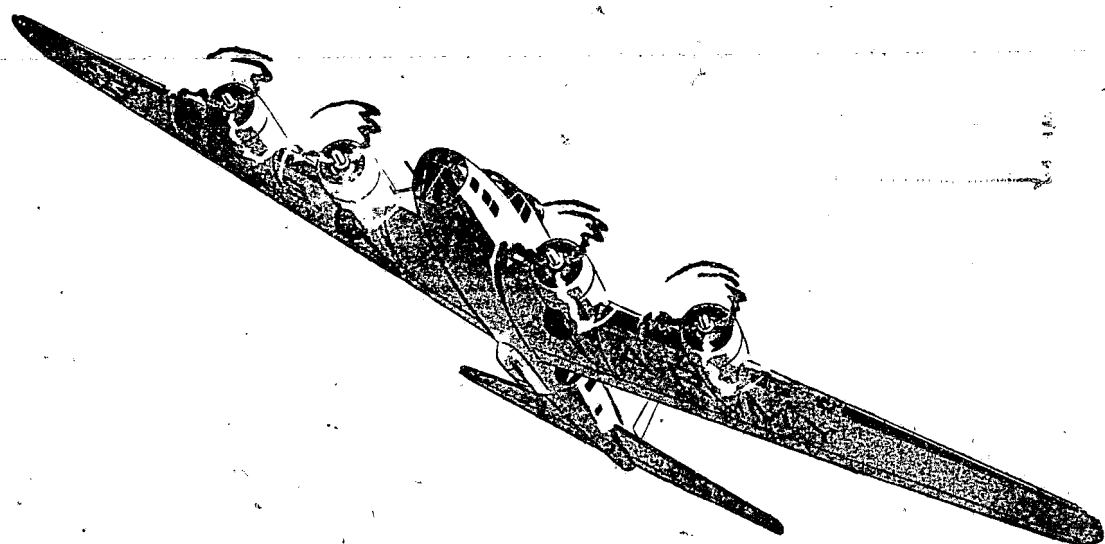

Now when every bus, every tire, every gallon of gasoline must be used to full advantage, you can help in many ways. Travel on mid-week days when possible, to avoid week-end crowding—avoid holidays and rush periods—take along less baggage than usual—and get tickets and full information about the new schedule changes well in advance of any trip.

America's automotive service men are playing an important part in the nation's war effort. It is their job to "save the wheels that serve America."

**The Automotive Mechanic of Yesterday Is the VICTORY SERVICE MAN of Today**

Help him to help you  
"SAVE THE WHEELS THAT SERVE AMERICA"  
by getting a skilled service check-up regularly  
Take the word of millions:  
**MORE PEOPLE GO TO CHEVROLET DEALERS FOR SERVICE**  
than to any other dealer organization

Just how important the automotive mechanic's work is to the nation will be clear to all who consider the following facts\*:

- Automobiles and trucks form the sole practicable means of transportation for war workers and war materials in many communities throughout America.
- In some sections, 78% to 100% of the workers drive by automobile to vital war plants.
- 2,314 U. S. cities, with a population of 12,524,000, depend on private cars for transportation.

The automotive mechanic—the trained Chevrolet Victory Service Man—is the lifeguard of America's millions of cars and trucks. Help him to help you and America by getting a skilled service check-up at regular intervals.

\*All statements based on reports compiled by the Michigan State Highway Department and the Statistical Department of A. M. A.

54,000 communities depend entirely on motor vehicles.

- Six out of every ten farms use one car or more; 67% of farm car mileage is necessity driving.
- More than 65.2% of all war plants reporting in Michigan (a typical war production state) depend on trucks to haul their incoming and outgoing freight.
- Trucks haul nearly 100% of the milk supply of most large cities—and 58% of all livestock marketed in the U. S.
- Trucks are the sole transportation system serving our 54,000 communities not reached by railroads.

**FOOTBALL NEWS**  
Last Wednesday Clarkston's football squad took a trip to New Hudson and played their fourth game of the season. The weather was ideal and the game started promptly at 3:30. The starting line-up for Clarkston was:

- LE—Rouse
- LT—Cooper
- LG—Kerton
- C—Sharp
- RG—Berg
- RT—Waid
- RE—Perrin
- QB—Ross
- RHB—O'Roark
- LHB—Boice
- PB—Wainman

The substitutes were: W. Henry, R. Henry, J. Baughman, Alexander, Kerton, Hemmingway, Hagen, Ronk and Tee. Edward Ross, the regular quarterback, was out because of an injured shoulder.

In the first quarter both teams looked about equal, although Clarkston made heavy gains through the line. In the second quarter Clarkston used end-runs to their advantage. After O'Roark brought the ball up to the 10-yard line on a fifteen-yard gain, Edwin Ross smashed over in 3 plays for the touchdown.

Before the first half was over Clarkston came back and added up another score. Bill O'Roark was the score man on a right-end run. The try for the extra point failed both times.

In the third quarter Ross passed the ball to O'Roark far out to the right, who ran 65 yards for Clarkston's 3rd touchdown. A pass for the extra point was attempted, but was not completed.

New Hudson made one touchdown in the last quarter by a short pass over the goal line. The game ended Clarkston taking their third game 18 to 6.

A fine crowd was present at New Hudson from Clarkston. The next game is to be played at Auburn Heights and we expect another good turn-out for this game. The date will be October 16th.

**HARRY F. KELLY**  
BROUGHT BUSINESS EFFICIENCY INTO THE DEPARTMENT OF STATE

When Harry F. Kelly first took office as Secretary of State, January 1, 1939, the department was obsolete in its methods, dilatory in its service, hog-tied with red tape! Before his first term was over, Harry F. Kelly had streamlined the entire department, upped its efficiency month after month, and brought its economy to a high point.

Today, the department, doing an annual business in excess of \$80,000,000, is a model of ably directed operation. Its 9 divisions and 170 odd branches function with the precision of a fine watch. It operates 24 hours a day, 365 days a year, in its Registration and Title Division to benefit the police and public alike.

To Harry F. Kelly, and to him alone, goes the entire credit for this amazing transformation! You can depend on his achieving the same high degree of efficiency, in all state departments, when he is elected Governor of Michigan on November 3rd.

**BE BRIEF—**

AND HELP SPEED WAR CALLS!

It's a fact that by keeping your own telephone conversations short you can help the war effort. Central office equipment can handle only so many calls at a time. Some of them may be important war messages, and war calls must go through. By cutting down the length of your calls you help free the equipment for handling war calls speedily and efficiently.

Because the telephone is vital to all war activity, many local offices and long distance lines are crowded with calls. In normal times we would install enough new equipment to handle the added load. But we can't, now, because of material

shortages. So it boils down to this: Every one of us has a duty to help keep the lines clear for war.

**HOW YOU CAN HELP**

1. Keep all your telephone calls as brief as you can.
2. Make only the most essential Long Distance calls.
3. On a Long Distance call, give the number of the telephone you are calling, if possible.

And please don't call information for a number when it's listed in the directory. Help save the wires for war!

WAR CALLS MUST GO THROUGH
