 DRAYTON PLAINS

TO ALL OUR CUSTOMERS:

Electricity is one of the cheapest things the housewife can buy because the price has been reduced so often and so much.

You probably haven't got an electric bill dated twenty-five years ago, but the records show that electricity cost 5.87 cents then; and now it is only 3.16 cents. Almost half price. There have been many rate reductions in twenty-five years.

Most other prices have gone up. Food, clothing, taxes, transportation. If your husband rides to work on the street car he may have heard that twenty-five years ago he could have bought seven tickets for a quarter. In 1917 the Detroit tax rate was \$13.81—this year it is \$28.97. I used to have an "Ingersoll Dollar Watch" that kept fairly good time, but you can't get a dollar watch now. And you know how much less a \$5 bill will buy in rent, round steak or clothes.

The price of electricity is low. If other things cost as little, the cost of living would be half what it is.

EDITORIAL

Just one year ago this December 7th, the Japanese bombed Pearl Harbor. Just one year ago these Japanese attacked Midway and Wake Islands, they moved south, and even though our boys fought heroically to the last man, they conquered our Pacific Empire. But, we had not lost— We soon cleared up the devastation at Pearl Harbor and our men fought brilliantly delaying action on Bataan and Corregidor. We sent guns, ammunition, planes and more men across. We had begun to "avenge Pearl Harbor."

But somebody had to back our government! We did this, we did it by buying War Bonds and Stamps. As time went by, we bought more and more and we sent more and more men and equipment over.

Now one year later our own little community held a "Remember Pearl Harbor" dance to raise the money to help buy a bomber for Oakland County. The total amount taken in was \$10,550. This amount seems unbelievable, but it's true. This was not admission charges however, this was actual bond buying. A huge bomber was cut up in sections and auctioned off piece by piece. As each piece was auctioned off two service men, Max Souly, U. S. N., and Les Vliet, U. S. A., pinned the pieces up until the bomber was built. The auction lasted for better than an hour and a half. Our parents bought all they could possibly afford. Even the two service men bought a bond for which they received enthusiastic applause.

The parents and service men though, were not the only bond buyers at the dance, for even the students of our own High School bought as much as and even more than they could really and truly afford. The dance orchestra bought a bond as a unit and even though they knew no one person would benefit from it, they knew, as did the rest of the students, what the money was for. So at the close of the auction when all the receipts had been tabulated, a sum of \$10,550 was ready for a down payment on a huge four motored bomber which will bomb Tokio or Berlin. Still the students haven't stopped to go towards purchasing that bomber and I can say one thing now, and that is that if you don't find the students backing up this campaign with everything they've got, my name isn't Bill Radoye, Editor in Chief of the Hilltopper.

JUNIOR NEWS

The following were neither absent nor tardy during the 2nd marking period:

- Wilbur Adams
- Nadyne Correll
- Ralph Hagen
- Bettie Kennedy
- Charlotte Maybee
- Margaret Slieff
- Elizabeth Vliet
- Anne Zander

CHORUS NEWS

The girls chorus, the largest it has been for sometime, combined with the boys chorus, will present a Christmas program in the near future. We are planning something very different and beautiful, which will entertain those of all ages. It wouldn't be ethical to tell you about it completely now so look for details of this event later. It will be presented December 16.

SECOND GRADE

Our rhythm band is learning to play "The Shoemakers' Dance" and a "Marching Song". We are learning some Christmas carols too.

FOURTH GRADE

Patricia Carpenter, 4th grade news reporter, tells us that he class enjoys the prayer given by their teacher every morning. She also says they are a very happy group of boys and girls.

HOME ECONOMIC NEWS

The tenth grade Home Ec class are now knitting Christmas gifts for their friends.

The ninth grade class are learning to cook and serve at parties.

The eighth grade class are making belts out of yarn for Christmas gifts.

The seventh grade class are making cookies and candy for the boys in the service.

With all these wonderful projects, these classes are kept very busy, but we are sure that they all enjoy their work.

JUNIOR HIGH NEWS

A volleyball tournament is being held here at noon hours. The boys are nearly finished and the girls are starting a new schedule. The first game of the new tournament was between the 7th and 8th grade girls, the 8th grade coming through to a victory.

The 8th grade class party is to be held Thursday, Dec. 10th at 4:15 at 6:15. The 7th grade class party has been postponed.

By the way, report cards are coming out this week and most of the students are shaking in their boots. It's getting pretty close to Christmas you know and good marks help a lot when Santa comes.

10TH GRADE NEWS

The tenth grade of Clarkston High intends to have a class party for their first time this year Friday, December 11.

With Miss Platt our sponsor and

Tom Waid president it will undoubtedly be a very good party.

By Jack Tee

9TH GRADE NEWS

First and foremost, Miss Gates, 9th Grade Home Room Teacher no longer holds that title. We have it that she has gone to Arizona with her mother to afford the latter a needed whiff of Western air. For now Mrs. Barrows is filling the position vacated by Miss Gates.

The Social Studies Class has, at last, obtained their test books. From exterior appearances they have some heavy studying ahead.

John Atkins

Last Thursday the students were entertained during the noon hour by a movie which explained the cure and also the prevention of the dreaded disease, Tuberculosis. Mr. Gerald O'Dell and Mr. Robert Jones gave another short talk on raising money for our "Oakland County Bomber". Music was supplied by records which have been purchased this year.

Miss Florence Gates, former English teacher of Clarkston had to resign her position at the school due to her mother's illness. She plans to accompany her mother to Arizona. Mrs. Walter Barrows is substituting for Miss Gates.

Senior girls of Clarkston will be examined Wednesday by Dr. Block, who is from the State Health Dept. and is cooperating with the Oakland County Health Service. The examination is not compulsory to any of the Senior girls except the ones who are taking Physical Education.

BAND AND ORCHESTRA

The orchestra has been dismembered for a while and Mr. Wainowski plans to work with the string section. They are working on Christmas Carols which are written and arranged for string instruments by Mr. Wainowski.

The band has been having its regular meetings every Monday, Wednesday and Friday.

GYM CLASSES

The Gym classes have found a new interest in their routine during the past week. Four Gym mats arrived for the students to use in their activities. The boys have showed much interest in this new type exercise.

The magazine sale last October brought in enough money to enable the school to buy these mats for the gymnasium activities. The mats cost over \$100 and were paid for entirely by the sale of magazines and by the students.

In the future we are expecting to develop many good teams and supply continuous recreation for all. The mats, folks, have given us a lot of lame muscles but we thank you for buying the magazines.

BASKETBALL NEWS

The 1942-43 season of basketball is here. The season may be cut short because of the transportation problem. Log Cabin is going to play here December 15, and we expect everyone to be here.

More Nurses' Aides Graduated Tuesday

Seventy-three American Red Cross nurses' aides received their caps and insignia at graduation services Tuesday evening, Dec. 8, in the auditorium of St. Joseph's Mercy hospital, Pontiac. Special service stripes were awarded twenty graduates of former classes who already have served 150 volunteer hours in the hospitals.

Special honors were conferred upon Mrs. Frances Blizzard of Ferndale. She received her second service stripe, indicating she has served more than 500 hours on duty as a nurses' aide.

The new aides have completed extensive training courses at both Pontiac City hospital and St. Joseph's Mercy hospital, and will now assist staff doctors and nurses in county hospitals. Already the Red Cross has graduated 135 nurses' aides in Oakland county. These aides have totalled 6708 volunteer hours of service during the past year. Mrs. E. L. Bradley heads this service, with Mrs. Ruth Daniels as the instructor.

Mrs. Elmer Peters of Ortonville was among those aides receiving caps.

What You Buy With WAR BONDS

Essential in the equipment of every Soldier, Sailor, Marine or Flyer is a first aid kit, consisting of bandages and antiseptics for instantaneous use. These materials are packed into a compact box and cost about \$1.50 each.

We need millions of these first aid kits for emergency treatment. They are also used by Red Cross workers, in field hospitals and wherever needed until hospital treatment may be obtained. Even a child could buy one or more of these kits through purchase of War Stamps. Buy War Bonds and Stamps every pay day and invest at least ten percent of your income in these government securities.

U. S. Treasury Department

Wild Game Adds Much Meat Rations

Figures Show How They Help in War Effort

Enough game for an estimated 15 million meals in the past 12 months has come out of the woods and farm fields harboring Michigan's wild game as rabbits, deer, pheasant and other legal game birds and animals unintentionally contribute to the war effort.

That is the estimate placed on the 1942 harvest, running parallel to 1941, according to R. G. Hill, extension specialist in game management, employed by Michigan State College and the State Department of Conservation.

With 1941 as a guide, deer alone added some six million pounds of dressed out meat. Rabbits came second, in a season that ends Dec. 31, with 3 1/2 million pounds of meat. Pheasants are third for their addition of 2 1/2 million pounds. Deer dress out on an average of 80 pounds of meat. On 75,000 deer, that gives the six million pounds of meat.

Other game added to deer, says Hill, makes enough meat to equal that produced in a year in the form of pork, beef, lamb and poultry on 5,000 average Michigan farms. War-time factors that increase the importance of the game meat include the need for variety in the average human diet, the need for recreation, and the approach of meat rationing.

Rabbits numbering 2,689,181 were reported killed in 1941. At an average of 1 1/2 pounds, this contributed 3,585,554 pounds of meat. Pheasants numbering 1,254,725 dressed out at two pounds to contribute 2,509,450 pounds.

Fox squirrels at a pound each, dressed, made 539,308 pounds of meat. Gray squirrels, a pound each, 29,632; grouse, one pound each, 365,774; prairie chicken, at 1 1/2 lbs., 25,748; raccoon, at five pounds, 216,745; muskrat sold as marsh rabbit, at 1 1/2 pounds, 899,481; ducks, at a pound each, 23,684; and woodcock, at four ounces each, 8,888 pounds. Totalled, this amounts to about 7,000 tons of meat.

Unfortunately some of this meat never reaches the table, due to lack of knowledge of its preparation and misunderstanding of its food value. This is especially true of muskrat and raccoon. Both of these animals furnish nutritious meat. It is suggested that trappers after removing the pelts use the carcasses as food. Muskrat may be prepared similar to the cottontail rabbit. However, it is suggested that all fat layers be removed from the outside of the raccoon carcass before cooking.

Honey and Beeswax Prices Are Set

Ceiling prices have been placed on honey and beeswax by the OPA, according to notification received by the State Department of Agriculture.

The ceiling on honey is 12 cents a pound for U. S. No. 1 or better, f.o.b. shipping point. The price on beeswax has been established at 4 1/2 cents a pound, f.o.b. apary, while the trade price is 4 3/4 cents. The prices represent an improvement over 1941. If favorable honey producing conditions exist, Michigan beekeepers expect 1943 to be one of their most prosperous years.

Farm Tax Filing Given Aid by MSC

Preparation of a new type farm account book especially adapted to income tax problems has been completed by the farm management department at Michigan State College. Copies of the book, distributed at cost for 30 cents through offices of county agricultural agents and the department's office at East Lansing, will be available after Dec. 15.

An explanation of income tax rules and regulations affecting farm operation is included. Space is provided to enter and classify expenses and receipts in the manner used on income tax forms. Purchases and sales and inventories of livestock can be entered in the book.

Tables for determining depreciation of buildings and machinery are provided. A summary page permits a farm operator to determine the net farm profit on an accrual basis, and another summary form if the operator files his report on a cash basis. A page for a plot of the farm and another page for a crop production record are provided.

This book does not replace the regular Michigan farm account book. The latter has been revised for use by farm account cooperators whose books are summarized annually by the department as a guide to more efficient operation.

Farmers who found it difficult to complete a tax return in March, 1942, could prepare now by obtaining the new type account book and getting the present year's operation to date, explains C. O. May of the college farm management department. Another copy of the book could be started the first of the year for 1948 transactions.

It is the will, and not the gift that makes the giver.—Lessing.

HOLLY THEATRE

A combination of swift-moving action and powerful, believable drama, plus the presence of William Powell and Hedy Lamarr, makes M-G-M's "Crossroads," which will open Sunday at the Holly Theatre, one of the year's most entertaining pictures.

The production has pace, balance, suspense and is expertly acted from the leads down to the smallest bit part. Every role is in the hands of an expert. The sure, meaningful touches so necessary for a smart, smooth film are injected in just the right quantity by Director Jack Conway. And the build-up to the smashing and unexpected climax is one of the nearest cinematic achievements of all time.

"Crossroads" is studded with big names of the stage and screen. In addition to Powell and the alluring Miss Lamarr, the film has a stunning cast of favorites including Basil Rathbone, Claire Trevor, Felix Bres-

sart, Margaret Wycherly, Sig Ruman, Vladimir Sokoloff, H. B. Warner, Frank Conroy, Philip Merivale, Fritz Leiber, James Rennie and Mitchell ner, Guy Bates Post, Reginald Owen, Lewis.

Lemon Beverage Stars At Aeronautical Party

By BETTY BARCLAY

THOSE who are air-minded, who work in airplane industries, or who are just keeping up with the many international activities of leading airlines will be pleasantly surprised when served this attractive snack at a newer type of party—an aeronautical party in keeping with the times. It's a nutritive combination of simple foods easily prepared yet presenting the sky ride idea in a novel way.

The service pictured is typical of that which might be served a passenger on a regular cross country flight and the model Clipper and South American map lend travel atmosphere which is also further carried out through the miniature flags of our many good neighbor countries across the sea.

Citrus beverages are of special importance to air travel for they contain helpful fruit acids. These acids give the delicious refreshing flavor to the juices and act to stimulate the appetite and to aid digestion... both important factors in above-the-cloud transportation.

Citrus fruits, namely oranges and lemons, contain many beneficial elements, which make them popular among people anywhere. They're chock full of protective vitamins, being particularly rich in vitamin C which must be replenished daily. So a lemon beverage is "just right" for a stay-at-home party as well as for those flying. Here are our suggestions for delightful refreshments—A hot Lemon Sky Beverage and tasty Shortbread Cookies. Would you like the recipes so you may serve the combination soon?

Hot Lemon Sky Beverage

(Serves 6)
 1 1/2 cups fresh lemon juice
 6 cups boiling water
 Sugar or honey to taste
 Lemon slices for garnish
 6 cinnamon sticks, if desired
 Add lemon juice and sugar or honey to boiling water. Stir to dissolve. Serve hot with a lemon slice floating in each serving. If desired, cinnamon sticks may be used as sippers to add a spicy touch to the beverage.

Shortbread Cookies

1 cup butter or other shortening
 6 tablespoons powdered sugar
 2 cups flour
 1 cup nuts, ground
 1 teaspoon vanilla
 1 tablespoon grated lemon peel
 Cream butter or other shortening and sugar. Stir in flour and nuts. Add flavorings. Form into desired shapes. Bake at 250-300 degrees F. until thoroughly baked but not browned. When stone cold shake with powdered sugar for variety, if desired.

The flags as a centerpiece offer travel conversation. Your guests in party quiz form may be asked to identify the countries for which they stand. Now more than ever before, the recognition of the flags of various countries is important.
