CLARKSTON, MICHIGAN, FRIDAY, JANUARY 1, 1943

NUMBER 18

## Dance at School January 8th

Sponsored by the Rotary Club

On Friday night, January 8th, the Clarkston Rotary Club will sponsor a dance. It will start at 9 o'clock. Young and old are cordially invited. The music will be good and a fine time is assured.

Many are beginning to realize that amusement and recreation must be sought closer to home. That is one reason why these dances are held. If you haven't attended any of them you have been missing a good time. Start the year right by enjoying an evening close to home with your friends and neighbors.

## Special Courses Offer Wartime Training

To Start at Michigan State College on January 4th

Special eight weeks short courses opening in agriculture at Michigan State College Jan. 4 offer wartime training designed to overcome labor shortages facing many farm programs in Michigan in 1943.

Youths interested in short courses and who have been assigned by county selective service boards to remain on farms to keep up required food production, should contact the boards and explain the need for the training available at East Lansing, suggests R. W. Tenny, college short course director.

Opening Jan. 4 are the courses in winter term general agriculture, agricultural engineering, dairy production, dairy manufacturing, commercial fruit production, forestry and wildlife conservation, poultry and practical floriculture. For women students, a course in home economics is offered, or they can enroll in the regular agricultural courses. War phases of home economics will include the preservation and stretching of family food supplies and the nutrition balance possible even with food restrictions.

Michigan's farm manpower committee recently endorsed the value of the short courses in war production by urging farmers to permit their sons to attend farm short courses at the college.

## Clarkston Locals

Miss Evelyn Davies who is home from University of Michigan for the holidays had as her guest for Christmas, her friend, William Hungerford, also a student at the University. Bill's home is in Texas.

## Notice

There is an examiner of the O. D. T. stationed at Pontiac, located at the Chamber of Commerce in the Waldron Hotel. Any person having appeals on their gasoline rations may apply at this office in person.

## Clarkston Rotarians Make Children Happy On Christmas Eve

Program Presented in School Auditorium

Because of the splendid response to the Clarkston Rotarian's Goodfellow Fund, one of the finest Christmas Eve programs for the children was presented in the school auditorium

LLOYD C. MEGEE

last Thursday night. Lloyd (Slip) Megee, the Club's president, and his co-workers spent many hours planning and working to make the party a success. They were well repaid for their efforts. The auditorium was crowded.

Robert L. Jones acted as the announcer and the program opened with the singing of "God Bless America". After a few minutes silent tribute to those from the community who were away from home in the armed service, three short movie films were shown. Although some of the tiny tots grew restless during the movies they kept wide awake in anticipation that Santa would soon appear.

The crowd joined heartily in the singing of "Silent Night" which was followed by the singing of some of the familiar Christmas carols by a number of Clarkston's girl choristers. The young singers and their very competent piano accompanist, Mary Edgar, were greatly appreciated.

Standing in one corner of the auditorium was a small house. The roof was covered with snow; on the door was a Christmas wreath and in one of the windows hung a service flag with one blue star. All was quiet and just as Santa emerged from the fireplace, where one stocking was hanging, the front walls of the house were pulled aside and all could view a scene which took place in many homes on Christmas Eve. In a bed in one corner of the room was a small boy (Bobby Beattie) fast asleep. Santa made sure he was sleeping and then unpacked his bag and left many gifts. It is a grand thing that the Rotary Club and Clarkston has Joe Seeterlin. Santa is so busy getting ready to deliver gifts to the many homes that he hasn't time to attend all of the Christmas programs so he just calls on Joe Seeterlin to take his place, and what a fine job Joe does. He certainly made many little hearts beat faster last Thursday night. After the gifts were left in the house the walls were put back into place. Santa went up the chimney and in a very few minutes he appeared on the auditorium floor ready to give a gift to every child present.

When the program was over the folks gathered about in little groups to visit and comment on the lovely affair. Many remarked about the success of the party and praised the Rotary Club for sponsoring such a delightful occasion.

The Rotarians feel satisfied that they made a large group of children and older folks too, happy on Christmas Eve. They are grateful to all who helped make the affair a success and they are especially proud of Fred Groven who planned and built the little house that added so much to the spirit of the occasion. They regretted very much that Fred was unable to view the fruits of his efforts. He had the misfortune to fall and sustain a badly sprained ankle which kept him at home.

This was the first year that the Rotary Christmas Program for the children was held indoors and those who attended remarked that the idea was a good one and they passed many complimentary remarks about the programs that were handed to them on entering the auditorium and the beautiful verse by Robert C. Beattie on the back page of the program.

The Rotary Club is grateful to all who helped make the Goodfellow paper sale a success. The amount realized so far is \$205.50.

## Another from District Joins the Navy

Adding his weight to Uncle Sam's steadily increasing Naval might, Glenn L. McDowell, 20, son of Mr. and Mrs. L. F. McDowell, Route 2, Clarkston, Michigan, reported to the U. S. Naval Training Station here last week, and is undergoing "boot" training.

McDowell will take part in a rigid program designed to toughen him physically, and teach him the fundamentals of seamanship and Naval procedure. He also will be given a series of aptitude tests to serve as a guide in assigning him to the type of work for which he is best qualified.

Upon completing recruit training he will be granted a nine-day leave, at which time he probably will be home.

## Clarkston Locals

Mr. and Mrs. James Bennett and family enjoyed Christmas dinner with friends in Ferndale.

Mr. and Mrs. Harold Brown spent Christmas Day at the home of her brother-in-law and sister in Royal Oak.

Everyone was pleased to see Mrs. Elizabeth Rockwell at the program at the school on Christmas Eve. Mrs. Rockwell has been ill and has been confined to her home for a few weeks.

## Church News

### CLARKSTON METHODIST CHURCH

W. Harold Pailthorp, Minister

### ANDERSONVILLE CHURCH

Howard Jewell, Pastor

10:30 A. M. Morning Worship.

11:30 A. M. Sunday School.

### CHRISTIAN SCIENCE CHURCHES

"God" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, January 3.

The Golden Text (I Tim. 1:17) is: "Unto the King eternal, immortal, invisible, the only wise God, be honour and glory for ever and ever."

Among the Bible citations is this passage (Ps. 145:3): "Great is the Lord, and greatly to be praised; and his greatness is unsearchable."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 587): "God. The great I AM; the all-knowing, all-seeing, all-acting, all-wise, all-loving, and eternal; Principle; Mind; Soul; Spirit; Life; Truth; Love; all substance; intelligence."

## Many Shut-ins Enjoyed Christmas Carols

A group of boys and girls, along with three or four adults, brought cheer to many on Christmas Eve by singing Christmas carols. Many homes were visited and because it was a clear, cold night the young voices sounded sweeter. These young people never thought of the cold and their discomfort but only of making someone a little bit happier.

## Clarkston Locals

Mr. and Mrs. George Perry entertained at a family dinner at their home on Christmas Day.

Mr. and Mrs. Earl Hoyt of Allen Road held open house on Christmas Day from three o'clock on. About thirty or thirty-five of their friends had a happy time with them. A buffet supper was served. Guests were from Detroit, Pleasant Ridge and Clarkston.

Mr. and Mrs. George Harris and Mr. and Mrs. George Poss enjoyed Christmas in Detroit with Mr. and Mrs. Donald Harris. Donald Harris who was seriously hurt in a car accident a few weeks ago was able to be moved from the Ford Hospital to his home just the day before Christmas.

## Kind Thoughts

Christmas, alas, to you and me is just a pleasant memory, And as our Christmas cards are read, Such lovely things our friends have said,

Expressing wishes good and fine To cheer us at this Christmas time. That grouped together as a whole They bolster up a sagging soul.

We might have thought no one would care Enough to help our burdens share, As we looked back a month ago But now we know it isn't so.

For all the while they had in mind All tucked away these thoughts so kind, That on these cards they have expressed Their wishes for our happiness.

If people only understood The force released by wishes good; By thoughts thinking just as one. Most any battle could be won.

For knowing that our thoughts are things, We feel the joy each greeting brings. Then adding them a thousand fold We get results by words untold.

Robert C. Beattie. (All rights reserved)

## W. S. C. S. to Meet Wednesday, Jan. 6

The W. S. C. S. of the Clarkston Methodist Church will meet at the church on Wednesday afternoon, January 6th. Every member and everyone interested in the work of the church is urged to attend. This will be a very important meeting as plans for the year will have to be made. On account of gas and food rationing the activities for the new year will be changed.

## Make The Best Of Your Share Of Nation's Food

Wartime Meals Require Careful Planning

It may require the spirit of adventure, but when the supplies of beef and fresh pork become scarce, there still are supplies of other meats and suitable foods available.

Some of the suggestions useful in wartime have been gathered together by Roberta M. Hershey, Michigan State College authority on nutrition. "Fashions in Food Rations" is the title of a new college extension bulletin 241.

"Meal planners today are among the most important persons on the home front," comments Miss Hershey. "Each meal planner must see that the members of her family are served foods that give an extra measure of health and variety. At the same time, she must be sure that no more than her family's fair share of the nation's food is used."

Sources of proteins, iron, riboflavin, niacin and thiamin are indicated in tables which suggest some of the foods more plentiful and not so essential to war shipments.

In these lists, such foods as eggs, milk, cheese, baked beans and chicken appear as alternates to the more restricted red meats.

Sections of the bulletin offer pointers on purchasing, kitchen economy, cooking the less tender cuts, and preparation with recipes for some of the meat alternates.

## Clarkston Locals

A couple of weeks ago the Clarkston News published the names of boys in service from whom Christmas greeting cards had been received. Since that time the list has grown to such a length that publication of the names is impossible. We do appreciate the messages from the boys and we pray that the time will soon come when we can shake each one by the hand and wish him a happy and peaceful New Year.

Keep 'em Firing—With Junk!

## Special Election To Be Held Tuesday

Vote on Franchise to Detroit Edison Company Up to Township

Tuesday the 29th day of December, the voters of Independence Township will vote on the question of giving a franchise to the Detroit Edison Company, to furnish electricity to the township.

The Detroit Edison Company has supplied electricity for many years and their good service at low prices has made many friends. The personnel of the company who come in contact with the public have made dealings with the company a pleasure.

On page two of this issue is a picture of a new generator to be used by the Detroit Edison Company and is part of their policy of assuring their customers the best.

The polls will be open from 7:00 a. m. to 6:00 p. m.

Because the News is issued early this week, we may say the election will be held TODAY. We say this because every reader of the News in the Village of Clarkston or Township of Independence will receive their paper Dec. 29th. Most readers had read the notices in the News, published earlier and this will serve as a reminder.

## Spearing Fish Starts January 1

1943 License Needed

The two-month season for spearing through the ice on inland waters begins January 1, and the men with spears, like hook and line fishermen, can pick their choice of shanty sites with ease, as gasoline rationing limits the sport to nearby residents.

Spears on inland waters may take carp, suckers, mullet, redhorse, sleephead, lake trout, smelt, northern pike, muskellunge, whitefish, ciscoes, pilotfish, catfish, bullheads, dogfish and garpike. On the Great Lakes and their connecting waters, walleyes and perch also may be speared. Spearing by artificial light is permitted only on Great Lakes waters and in St. Marys river.

Beginning Thursday, all hook and line fishermen and spears on inland waters will need new 1943 fishing licenses.

## Clarkston Locals

Some of the boys in the service were lucky enough to spend Christmas at their homes. The Clarkston boys who were home included "Chuck" Beach, Donald Steiner, Max Souly, Richard Craven, Glenn Putman, Dan Addis and Leslie Vliet.

Miss Ada Scrace and her mother, Mrs. Ann Scrace, entertained at Christmas dinner on Sunday. The guests included Mr. and Mrs. Donald Scrace and daughter of Detroit, Mr. and Mrs. Lester Hammond and Mr. and Mrs. Harlan Oakes of Drayton Plains, Mr. and Mrs. E. D. Brandt and family of Flint and Mr. and Mrs. William Scrace, Henry Scrace and Mrs. Elizabeth Ronk and sons of Clarkston.

## Drayton Plains

All families of the Community United Presbyterian Church and community who are interested in a fine time and a real Christian method of welcoming the New Year are invited to this church on Thursday evening, December 31st, from 8:30 to 12:00 o'clock. There will be a light supper at 10:00. Bring sandwiches, cookies and your choice of a salad. Archie Harrod, the colored tenor, will be present to headline a splendid program. Don't forget the public is invited.

## Holly Theatre

"The Friendly Playhouse"

Tues.-Wed.-Thurs., Dec. 29-30-31—2 Big Features—Veronica Lake, Robert Preston in "THIS GUN FOR HIRE"; William Holden, Frances Dee in "MEET THE STEWARTS".

Friday-Saturday, January 1-2 — Friday, New Year's Special, starting 5:00 p. m. continuous—Errol Flynn, Ronald Reagan, Nancy Coleman in "DESPERATE JOURNEY".

Sunday-Monday, January 3-4 — Brian Donlevy, Alan Ladd, Veronica Lake in "THE GLASS KEY".

Tuesday - Wednesday - Thursday, January 5-6-7—George Montgomery, Ann Rutherford in "ORCHESTRA WIVES".

 Evelyn Chase of Grayling spent Christmas and the weekend with her parents here.  
 Rev. Robert Ibach is confined to his home with illness.  
 Einer Kropp of Cleveland spent a few days recently with his parents, Mr. and Mrs. Peter Kropp of Williams Lake.  
 The Ladies' Auxiliary will meet on Thursday, Jan. 7, in the Community Church parlors for a 1 o'clock luncheon. The business meeting will be in charge of the president, Mrs. George Carter.

**Drayton Plains**

The Annual Goodfellows paper sale was sponsored by the Drayton Plains Men's Club last Saturday. The proceeds of the sale were \$146.00 which exceeded last year. The five men from the Men's Club, Chester Huntley, Charles St. John, Martin Woehl, Fred Barrett and Charles Sniffen, and eight Boy Scouts that sold papers wish to thank the people who so generously donated. The weekly meeting of the Men's Club was held in the school auditorium on December 21st at which time a committee was appointed to handle the Father and Son

banquet which will be held the last of January. The committee consists of Martin Woehl, chairman, Bud Gibson and Charles St. John.  
 The Drayton Plains Men's Club has sent Christmas gifts to its members who are in the service.  
 Mr. and Mrs. Irving Oakes and daughter of Vassar, Mich., spent the Christmas holiday with Mr. Oakes' parents, Mr. and Mrs. W. E. Oakes, Drayton Woods.  
 Mr. and Mrs. T. C. Lively of Pontiac and Mr. and Mrs. Harmon Williams of Adams Rd. were callers at the Floyd Hamill home on Hatchery Rd.  
 Mrs. Frances Werner of Detroit, Mrs. Charlotte Hall and Mr. and Mrs. Charles Kidd and family spent Christmas with Mr. and Mrs. George Werner.  
 Bill Hendrickson of the State Normal Teachers' College at Mt. Pleasant is spending his vacation with his parents, Mr. and Mrs. Robert Garrison.  
 Miss Edith Sutton, who is teaching

in the Sandusky High School, is home with her parents, Rev. and Mrs. C. J. Sutton, for the holidays.  
 James Cline and son Jack are home for the Christmas holiday.  
 Mr. and Mrs. Charles Sniffen and son, Richard, spent Christmas with Mr. Sniffen's mother, Mrs. Alice Smith, at Toledo, Ohio.  
 Mrs. Bert Hawley of Dixie Highway was a guest of relatives in Detroit during the weekend.  
 Born to Mr. and Mrs. Elwin Brown in General Hospital, a son, last Sunday, December 20th.  
 Mr. and Mrs. M. J. Stein were guests of friends in Detroit on Christmas day.  
 Mrs. Martha Tewellager, Dixie Highway, was a guest of Mr. and Mrs. Clyde Russ, Christmas Day.  
 Mrs. Robert White and small daughter of Saranac, Mich., were the guests of Mrs. Anna Losche on Christmas.  
 Pfc. Norman Watson, U. S. Marine Corps, was home on a few days fur-

lough. He was given a lovely surprise with a gift and a warm welcome. He is very grateful and he wants his friends to know he appreciated it.  
 Mrs. N. W. Morgan returned to the University Hospital, Ann Arbor, last Monday where she expects to undergo an operation soon.  
 Jack Visgatis is ill and confined to his home on Dixie Highway.  
 Mr. and Mrs. A. T. Stewart and Mr. and Mrs. Frank Jeffery spent last Friday with their son and daughter, Mr. and Mrs. Howard Stewart, and family.  
 Mr. and Mrs. A. T. Stewart were much surprised by the shower of anniversary cards sent them last Wednesday, it being their 50th wedding anniversary. We wish them many more years of happiness.  
 On Christmas morning the honor roll service board with over one hundred names of the men in the service was unveiled. It is placed beside the Drayton Plains Postoffice.

Michigan farms must raise a great deal more crops of many kinds next year but civilians must not expect to benefit by the increase. Our armed forces will need much more of all that is raised and so will our allies.

**Keego Hardware Co.**

Cliff Schoenhals, Mgr.  
 DRAYTON PLAINS

**I**T will never spear a Jap. Never sink a sub. Yet an electric turbo-generator is a weapon of war — a deadly weapon. And this one is doubly so. Because it is destined for use in a Detroit Edison Power Plant, where it will generate power for a host of war industries in this area. It is deadly because the flood of war products from Southeastern Michigan will help tip the scales and seal the doom of our enemies.

**NOT A SECRET WEAPON**  
 But the turbo-generator is not a secret weapon. All the world knows that the United States has more electric power to forge the tools of victory than all the countries of the Axis combined. The Detroit Edison Company is a conspicuous example, with 5 1/2 times the capacity that it possessed in World War I. Without that tremendous capacity, it is unlikely that the Detroit area could have become — so quickly — the bustling arsenal that it is today — producing planes, guns, tanks, ships, and countless other instruments and materials of war for the free peoples of the world.

**WHY AMERICA IS SUPREME**  
 Why is America supreme in electric power? The answer can be found in the American economy of abundance, based on the concept — "The more electricity that is used, the less it costs to produce it. And the less it costs, the more it will

be used." Influenced by the public benefits to be gained from this policy, the electric companies of America have consistently followed a program of improvement and expansion in order to provide the most dependable service for their customers and the greatest abundance of electric power for the country.

**TWO YEARS TO BUILD**  
 Now this new turbo-generator is being added to The Detroit Edison Company's generating capacity. Since it takes nearly two years — and approximately a million and a half dollars — to complete one of these huge marvels of modern science, you can see that your electric company has always had to prepare for the future far in advance. The new generator which brings its urgently needed power at this critical time was on order long before the blow at Pearl Harbor shocked a peaceful people and set the wheels of war production turning madly.

**ENOUGH FOR 250,000 FAMILIES**  
 This newest turbo-generator provides an additional 75,000 kilowatts — or enough electricity to care for the normal needs of 250,000 average families. Yet, this 75,000 kilowatts is only a small portion of the entire present Detroit Edison capacity. In a world of peace, this added capacity would have been utilized to assure ample electric

power for homes and industries. It would have offered further assurance of the dependable service to which the customers of The Detroit Edison Company have become accustomed. It would have meant greater comfort and convenience for larger numbers of people. It would have brought added promise of the continuation of the reasonable rates for electricity which customers of The Detroit Edison Company enjoy. But circumstances have changed its immediate destiny. Marked for continuous action behind the lines, this industrial weapon will be devoted largely to the grim needs of war.

**A MODERN MIRACLE**  
 There are many vital elements that participate in the complete cycle for the production and supplying of electricity to homes and industry. However, the turbo-generator is the heart of the enormous operation. It is the mechanism that converts the energy of extremely hot steam at high pressure into electric current. The Detroit Edison Company, in selecting a General Electric turbo-generator, gave well-merited recognition to 40 years of leadership in the building of these great machines and in improving their design to obtain greater efficiency. Your section of the Country is getting the finest equipment that technological skill has devised — the most reliable equipment that money can buy.

### REMEMBER

#### Your Home Newspaper

All matters handled through the Probate Court require a certain amount of legal publication in one of the county papers. Foreclosing a mortgage entails publication of the foreclosure notice in a county paper.

Either the probate court officers or your attorney will have your legal publication carried in The Clarkston News if you request it.

We solicit the privilege of carrying such legal publications. This form of advertising is valuable to us. When you support us in this way we are able to give you a better paper week by week.

THE CLARKSTON NEWS

### HOLLY THEATRE

To readers of mystery stories, and to devotees of mystery movies the name of Dashiell Hammett is no mystery. From his prolific pen have come some of filmdom's most exciting who-done-its — "The Thin Man" series and "The Maltese Falcon" at the time of their release having been responsible for an increase in pulse and blood pressure of movie-goers.

High up among Hammett's best-sellers is "The Glass Key", a mystery charged with suspense and action, and enhanced by an exciting three-cornered romance. Paramount brings it to the screen of the Holly Theatre next Sunday with a strong, star-studded cast headed by Brian Donlevy, Veronica Lake and Alan Ladd.

The story of "The Glass-Key" concerns itself with Donlevy's efforts to win the love of Veronica Lake, daughter

of a candidate for mayor on the reform ticket of a politically crooked city. Donlevy is the city's political boss, a loud, uncouth character said to be reminiscent of "The Great Gatsby". He runs into trouble when, in supporting Veronica's father, he closes several gambling joints operated by powerful Joseph Calleia.

Alan Ladd, the lad who became an overnight sensation with his killer-characterization in "This Gun for Hire", plays Donlevy's right-hand man, the brains of the pair—a hard-hitting man whose deep loyalty almost costs him his life. Veronica falls in love with him, although, to further her father's chances of election, she becomes engaged to the influential Donlevy.

Ladd discovers that Donlevy's sister, Bonita Granville, is running around with Veronica's ne'er-do-well brother, Richard Denning. Donlevy tries to break up the romance. When Denning is found murdered, suspicion is pinned on him.

Word has it that the unraveling of the plot at the end of the film represents a typical Dashiell Hammett surprise, so "The Glass Key" sounds like the kind of thriller movie-goers should welcome.

### Drayton Plains

Miss Anna Brown of Meinrad Dr. spent over the weekend with her uncle and aunt, Mr. and Mrs. Andrew Gordon, in Detroit.

Mr. and Mrs. Robert Critea and son, R. G., of Pontiac were Christmas guests of Mrs. Anna Brown and family.

Mrs. Lelah Bailey entertained on Christmas Day, Mr. and Mrs. Keith Tarlton, Mr. and Mrs. Fred Scarrott and daughter Charlotte, Mr. and Mrs. Richard Allen and daughter, Karon, of Pontiac, Mr. and Mrs. Roland Bird and Mr. John Paniza of Drayton Plains.

On Christmas Eve Santa Claus visited the Soda Grill, and it was not very long before the news spread and about fifty children were there to greet the old gentleman who had come with his reindeer to greet the

### NUTRITIOUS NEW YEAR DISHES

By BETTY BARCLAY

The recipes below fit nicely into your New Year's Day menu but equally well into any menu scheduled after the holiday. Pasted on cards, they will add to your growing list of nutrition recipes for wartime meals.

**Frozen Fruit Salad**  
2 cups orange sections  
1/2 cup white corn syrup  
1 tablespoon flour  
1/2 cup lemon juice  
2 egg yolks, beaten  
1/2 cup heavy cream, whipped

Place syrup in double boiler, add flour gradually, stirring to blend. Cook for 10 minutes, stirring constantly. Gradually add lemon juice and beaten eggs and cook for 5 minutes longer, stirring constantly. Remove from stove, cool and add to orange sections. Fold in whipped cream and place in freezing tray of refrigerator. Freeze until firm. Slice or cut into squares and serve on crisp lettuce.

**Roast Breast of Veal With Macaroni Stuffing**  
1 lb. veal breast  
1 cup dry bread crumbs  
1/2 cup chopped celery  
1/2 cup tomatoes  
1/2 lb. macaroni  
1/2 cup finely chopped onions  
1/2 cup chopped green peppers  
1/2 cup butter or margarine  
Salt, pepper and poultry seasoning

Have butcher remove bone from veal breast, cutting a pocket out from the end. Cook macaroni in 1 1/2 cups of salted water, stirring until cooked and all water is absorbed. Combine with other ingredients. Toss gently to mix. Stuff into breast of veal pocket. (Cook remaining dressing in pan around the meat.)

Place stuffed breast in an open roasting pan, season meat well, and roast in a moderate oven, 325 degrees for about two and one half hours. Serves 6.

**Spinach Ring**  
2 tablespoons butter  
1/2 cup quick-cooking tapioca  
1 1/2 teaspoons salt  
1 cup milk  
1/2 cup grated American cheese  
2 tablespoons minced onion  
2 eggs, well beaten  
1 cup drained cooked spinach, finely chopped  
1 cup grated raw carrots  
1 teaspoon vinegar  
1/2 teaspoon dry mustard  
Dash of pepper

50 minutes, or until firm. Unmold and fill center with creamed fish, left-over meat, or mushrooms. Serves 6.

**Vanilla Fig Rennet-Custard**  
1 package vanilla rennet powder  
1 1/2 cups milk, not canned  
1/2 lb. dried figs  
1/2 cup cream

Wash figs and put through meat grinder, using fine cutter. Add cream and work into a paste. Beat figs thoroughly into milk with egg beater. Warm the milk slowly to lukewarm and proceed with the directions on package. Chill, then serve.

**Fun With Games**  
A kit of games is a good recipe for enjoying the extra evenings which must be spent at home in wartime. Ranger Commandos is a new favorite that's inspired by our soldiers' exploits on the invasion coast. Flinch, the game that's played with 150 numbered cards, is a game that all the family can enjoy and it's fun for parties too. Camelot, the battle game that's a development of checkers and chess is another favorite for home evenings. School age children are just as enthusiastic about Monopoly, the real estate trading game, as their elders.

to boost  
**PRODUCTION**  
in war plants!

Skilled workers can produce only as well and efficiently as they can SEE. That is why good light is so important in war plants. Machine output depends in large degree on the speed and accuracy of machine operators, and seeing must be clear, sharp, effortless. GOOD LIGHTING helps to make it so.

But there is another production tool almost as important as good lighting, and that is COLOR CONTRAST. Machines in factories are often painted a drab green, deep gray or black, blending into a dark solid mass. This—combined with dull walls, floors and ceilings—makes seeing difficult even under large amounts of illumination. Valuable light is "blotted up" and much of it wasted. There is no contrast between the machine and the work, between a gray stamping and a gray press. Eyes strain to see, hands are slowed down, hazards are multiplied.

A paint brush provides a simple and inexpensive solution. By painting the working areas of machines a lighter color, CONTRAST is provided between the work and the background, making it easy to see. And because eyes are instantly attracted to the bright spot, the lighter color "spotlights" the danger area—the point of work—and accident hazards are automatically reduced.

Detroit Edison Lighting Advisors will be glad to advise you on the combined use of LIGHT and COLOR CONTRAST to boost production in your shop. Call your nearest Detroit Edison Company office.

## Coming Events

Jan. 5th — Tuesday afternoon the Clarkston Red Cross group will resume work at the Township Hall.

Jan. 8th—Friday night—the Clarkston Rotary Club will sponsor a dance in the school auditorium. Everybody invited. Music by the school orchestra.

## OUR PLEDGE

We will not knowingly be undersold by any store in this district on merchandise of identical quality—if you know that this case exists, on any item in our store—advise us and we will do the rest.

ALLEN'S FURN. STORE  
Fine Furniture  
LAKE ORION

The increase of fuel oil rations in Michigan, recently announced by the Office of Price Administration, means that coupons issued to homeowners for Period 3 (those numbered "3") are valued at 11 gallons instead of ten. Likewise, coupons used by apartment houses, office buildings and other large consumers, have been increased ten per cent to 110 gallons.

Junior will like this! At the normal rate of consumption less than one month's supply of castor oil will be on hand in this country on Jan. 1, according to War Production Board officials. Limited shipping space from South America prevents the importation of castor beans from which that "ugly stuff" is made.

Nourishing soups for winter meals, including caraway seed soup, mushroom soup, sparerib soup, and others. Also oatmeal bread, honey custard, chicken pie, and other prize-winning

recipes, all in The Housewife's Food Almanack, that popular feature in The American Weekly, the magazine distributed with next week's Sunday Chicago Herald-American.

By BETTY BARCLAY

Don't worry too much about meat rationing. Perhaps you will be forced to purchase your favorite steak in smaller quantity or less frequently, but the proposed rationing should not hurt you nutritionally.

Steak is a delicious food, rich in proteins. But other protein foods are plentiful. Take the shelled almond, for instance. This is an American product that contains about the same amount of protein per pound as a Porterhouse steak cut from the loin. Almonds are almost three times as rich in fat, and in addition contain over 17% carbohydrates. They furnish vitamins A, B<sub>1</sub> and G. They are filled with iron, calcium and phosphorus. Can you think of a better nutrition aid at the present time?

Nibble almonds for your protein. Salt them, toast them, or blanch them if you wish. They are plentiful this year and may be obtained in 8-ounce packages of shelled, uniform kernels—all ready for the Bridge party, or after-dinner bite.

**Blanched Almonds**  
Pour boiling water over the almonds and allow to stand (about two minutes) until skins slip off easily through fingers. Dry thoroughly in a VERY slow oven.

**Salted Almonds**  
Place blanched almonds in shallow pan with one teaspoonful of butter or salad oil to each cup of almonds. Brown in a moderate oven, stirring to mix. Spread out on paper to cool and sprinkle with salt.

**Toasted Almonds**  
Place the almonds in a shallow pan and toast in a moderate oven until light brown.

ful of butter or salad oil to each cup of almonds. Cook in a moderate oven, stirring frequently, until the center of an almond when broken in half is a delicate brown. Spread out on paper to cool and sprinkle with salt.

And don't forget that almonds make delicious cakes; are used for sandwich and ice box cake fillings; and are ideal for super-delicious ice creams and salads.

Here are two recipes showing how the nutritious little almond fits into the 1942 menu. Try one and you will be tempted to try the other.

**Almond Sandwiches**  
½ cup almonds  
¼ cup mayonnaise  
¾ cup shredded celery

Chop the almonds fine and mix them with the celery. Spread between thin, buttered slices of bread. Sandwiches filled with this mixture are an excellent accompaniment to salads or cold meats. When served with meats, the celery and almonds may be moistened with a few spoonfuls of mayonnaise.

**Almond Macaroons**  
½ pound sweet almonds  
2 egg whites  
¼ pound powdered sugar

Blanch the almonds and pound them to a paste; add the stiffly beaten egg whites. Work the whole together with the back of a spoon, then roll the mixture in the hands to form balls the size of a nutmeg. Lay them on a paper at least an inch apart, and bake in a slow oven until light brown.
