Our Boys and Girls In The Service

A letter received from Richard See this past week says he is far from home and although the Clarkston News has been sent to him each week the only copy he has received was the issue of December 4th. He says it seems good to read about the friends back home. When he looks out of his tent all he can see is mud, brush and natives. He says the natives are poorly dressed and most of them in bare feet with just strips of cloth wrapped around their feet in place of shoes. Their main food consists of a few eggs, mutton, tangerines, oranges and wine. He closes his letter by saying, "Good Luck and Best Wishes to all of my friends back home". He adds a postscript: "Tell the folks, the more 'Bonds' they buy the better. I don't believe there is one fellow in our Company that doesn't have at least one 'Bond' taken out of his pay each month".

Dear Friends:

Many thanks for the very fine Christmas box you sent. As per the instructions on the outside I did not open until Christmas. It was a nice surprise to find all the useful items that a soldier uses. I am making use of each one of them. Also enjoyed the Greeting poem which I know was the work of our good friend Bob Beattie.

Best wishes to you all for the New Year.

Front Committee:

Dear Friends:

Received your very kind and thoughtful Christmas box three days before that date.

Very happy I was indeed to be remembered with such useful gifts and by folks who are backing us so whole heartedly. We, in uniform, are proud to be a part of that kind of community. May your confidence and faith in us be rewarded only by the best job we can do in our daily efforts.

Please accept my sincere thanks for your Christmas gift and especially for the good work all of you are doing, hastening Victory.

Very Truly Yours,

Merle Williams.

King McIntyre is now at Camp McCoy, Wisconsin.

2nd Lieut. Bettieann Comstock spent a few hours last Sunday in Clarkston with her parents, Mr. and Mrs. B. H. Comstock. Bettieann is now stationed at the Percy Jones Hospital in Battle Creek. She is feeling fine and likes her work.

Heaviest Snow in Years Covers Countryside

Side Roads Made Impassable

The heaviest snow in years is blocking roads and making travel on the highways very dangerous. Beginning on Friday of last week men, women and children are being kept busy shovelling their way from their homes and driveways. Snowplows are going day and night to keep the trunk lines open. Mails are delayed, meetings are postponed and many schools have been forced to close. On Wednesday the Clarkston school was closed and on Thursday many of the children from the rural districts were forced to remain at home.

Very few sideroads are open and along many of the roads where the snowplow has gone through the snow is piled as high as a car and those who are obliged to drive on those roads claim that it is like driving through a snow trench. Many cars had to be parked along the highway on Monday and Tuesday nights. Garages in the city were packed with cars of workers who were dubious about driving to their homes. Wreckers were kept busy every night and day the first of the week and at the present time more snow is falling.

Howard Tanner, who lives east of the Dixie in Springfield, left his car a few hundred feet off the Dixie on Monday and Tuesday reported the loss of a spare tire, shovel and tire chains.

The snow completely covers the reflectors along side of the highways and to drive into driveways you have to go through cuts which are as high as the cars.

Clarkston estates, west of Highway M-15, and south of Clarkston was completely cut off until Wednesday afternoon.

Leaders Will Discuss Care of Clothes

"Clothes that are well taken care of last longer and look better than those that are neglected. Longer service is an important consideration for those who wish to make the best possible use of the money available for clothing."

This is the problem that will be discussed at the next series of district leader training meetings as announced by Miss Mary Woodward, Home Extension Agent. The last of the series will be held at Holly at the High School on Wednesday, February 3, at 10:00 a. m.

The leaders at these meetings represent forty-three Extension groups which are organized in the county. The total enrollment of these groups is 423.

Clarkston Locals

Mrs. Zoia Grant who has been a patient at Goodrich Hospital is now convalescing at the home of Mrs. Chas. Myers on N. Holcomb St.

Mr. and Mrs. Donald Harris and son, Ronnie, of Detroit, spent Sunday at the home of his parents, Mr. and Mrs. George Harris, of N. Main Street. Mr. Harris is recovering from injuries received in a car accident several weeks ago. He is expecting to return to his work next week.

Everyone in Clarkston will be sorry to learn of the death of the Rev. Robert Davies of Freeland, Mich., last Sunday. Mr. Davies, grandfather of Mrs. W. Harold Pailthorp, was known to many here because on two occasions he preached in the Methodist Church. The Rev. Pailthorp and son, Morgan, attended the funeral on Tuesday.

Rotary Club News

Next Monday night the Clarkston Rotary Club will have a Ladies' Night. To make the party interesting each Rotarian has the privilege of inviting a couple. A very fine sociable evening is planned to start at 8:30. There will be dancing with music by the High School Orchestra. Arrangements are being made for a short floor show and later in the evening light refreshments will be served.

Last Monday night Ralph Yost, who was home on a short furlough, was the guest of the Rotary Club at their regular 6:30 dinner and meeting.

The Club members were proud to place alongside of their service emblem on the wall of their club-room a lovely picture of Rotarian Roy A. Alger who is stationed at Camp Claiborne, La. They hope soon to place the picture of Rotarian Harold Kennedy, who enlisted in the Navy a couple of weeks ago, alongside of Roy's.

Obituaries

Palmer Eugene Beckman
Palmer Eugene Beckman, two year old son of Mr. and Mrs. Warner Beckman, passed away on Sunday morning at the St. Joseph Mercy Hospital in Pontiac after an illness of about ten days. He had been in the hospital for two days.

Besides his parents, he is survived by a brother, Warner Jr., and a sister, Sharon Lee, both at home.

The funeral service was held on Tuesday afternoon at the Ogdan-Kennedy Funeral home in Clarkston with the Rev. Walter Ballagh, pastor of the Clarkston Baptist Church, officiating. Burial was in Lakeview cemetery.

James Morrison

James Morrison, aged 87 years, passed away in the Keyes Hospital in Detroit on Sunday. He was born February 14, 1855, in Morristown, N. J. In 1881 he married Lilla Ardell Waters in Clarkston. Mr. Morrison was a retired farm implement salesman. He was a member of Cedar Lodge No. 60 F. & A. M. of Clarkston and at the time of his death was the oldest living member.

He is survived by his widow, three sons, Clyde, Lynn and Paul, all of Detroit, seven grandchildren and seven great grandchildren.

The funeral service was held on Wednesday afternoon at the Ogdan-Kennedy Funeral Home under the auspices of the Cedar Lodge. Interment was in Lakeview cemetery.

Coming Events

Jan. 26th—Tuesday night the Campbell-Richmond Post No. 63 and Ladies' Auxiliary will meet in the Rotary Club room in Clarkston. This meeting which was supposed to have been held last Tuesday night was postponed on account of the weather and the impassable roads.

Jan. 27th—Wednesday evening the Clarkston Junior Literary Club will meet at the home of Mrs. Daril O'Dea in Drayton Plains. This meeting was postponed from last Wednesday night on account of road conditions.

Jan. 26th—Tuesday afternoon—the Clarkston Literary Club will meet at the home of Mrs. Garnet Poulton on Holcomb St. The weather last Tuesday forced the Club to postpone the meeting for a week with the hope that the weather would be more favorable.

Clarkston Locals

Fourteen members of the Royal Neighbors Sewing Circle braved the severe weather on Wednesday afternoon and attended the meeting at the home of Miss Ada Scraze.

Everyone will be sorry to learn that Mrs. Charlotte Smith is ill at her home on E. Washington St. The last report was that she was feeling a little better.

Adele Boucard, 4 months old daughter of Mr. and Mrs. Joseph Boucard, was taken to St. Joseph Mercy Hospital in Pontiac on Wednesday morning suffering from a serious case of bronchitis.

THE SENIOR SWEATER SWING

Well, this is the week for the Senior Sweater Swing and it looks like everything is in readiness for the Dance. The committees have been working hard and should be commended on what they have done.

The Dance will start at 9:00 Saturday night, January 30th. Everyone is invited to attend the Dance and bring their friends. All of you students from the 7th grade up also should come if you want to have a grand time next Saturday night.

The music will be furnished by Mr. Wainowski and his orchestra, and we promise you the best of Dance music. The price is 25c per person, tax included.

Come on you towns-people and don't let the Senior Class down! We need patrons and we want to see every able-bodied person of Clarkston at the Dance. See the gala assortment of sweaters worn by the Athletes and students of our school. Don't forget next Saturday night at the High School, the Senior Sweater Swing!

The date for the Sweater Swing had to be changed on account of the stormy weather.

10TH GRADE NEWS

The "Mighty Sophomores" played the "Seniors" in basketball last week. Of course, by luck, the Seniors won with a score of 26 to 17!!! It was some game! Excitement galore with "those Seniors" making all the points. This week we play the Juniors and with some of our luck which we didn't want to waste on the Seniors, we hope to smash through with a shining victory. I promise that it will be a "thriller-diller" so everyone take advantage of this fine offer and come No charge.

NINTH GRADE NEWS

The Ninth grade boys' basketball team again came out on top last Thursday noon. They played the seventh grade team and finished with a score of 57 to 14. . . . The Ninth grade home room lost a member Friday the 15th when William Thornton left school. . . . From the looks of bulletin boards we have some exams ahead;—the tragic (?) dates are January 27-28. Please cross your fingers!

HOME EC. NEWS

The ninth grade Home Ec. class is studying Home Nursing and first aid. In the class they are learning to make a bed with a sick person in it. They are learning the different types of bandages, (I pity the poor ninth grade girls who are being used as dummies). They are also planning and preparing meals for the sick. The eighth grade Home Ec. class is studying child care and new methods of caring for them. In carrying this subject out they are visiting the kindergarten and talking and playing with the children. (We wish them luck.)

Annual Bank Meeting Held Tuesday

Charter Renewed for Thirty Years

The annual meeting of the stockholders of the Clarkston State Bank was held Tuesday, January 12th. J. L. Estes, T. J. Foley, R. C. Ainsley, G. D. King and G. A. Walter were elected directors. The number of directors was cut from six to five.

The directors elected the following officers: President, G. D. King; John L. Estes, Vice-President; and Robert L. Jones, Cashier.

It was decided to change the monthly meeting from Wednesday to Thursday.

The charter was renewed for a period of thirty years.

Robert L. Jones read the Annual report which indicated a growth of over \$350,000.00 about equally divided between the commercial and savings departments. Two cash dividends were paid during the year and additions were made to the reserve accounts.

Over \$365,000.00 were invested in government bonds.

CHRISTIAN SCIENCE CHURCHES

"Truth" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, January 24.

The Golden Text (Psalms 86:11) is: "Teach me thy way, O Lord: I will walk in thy truth: unite my heart to fear thy name."

Among the Bible citations is this passage (Timothy 2:15): "Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following—(p.188): "Divine Mind rightly demands man's entire obedience, affection, and strength. Submission to error superinduces loss of power."

Local Business Man Enlists in Navy

Harold Kennedy of the Ogdan-Kennedy Company of Clarkston enlisted in the Navy and left for the Great Lakes Naval Training Station in Illinois on Wednesday. Mr. Kennedy came to Clarkston in the Spring of 1941 and he and Mrs. Kennedy have made many warm friends here. Mrs. Kennedy plans to live in Flint while Mr. Kennedy is away and Mr. and Mrs. Durand Ogdan are planning to move back to the Funeral Home on North Main Street.

The Clarkston Past Matron's Club met at the home of Mrs. L. F. Walter on Wednesday afternoon. Mrs. Walter assisted by Mrs. LeRoy Addis and Mrs. Floyd Andrews served a lovely one o'clock luncheon.

In the afternoon the regular business meeting was held. In spite of the extreme weather and the great amount of snow there were ten present.

Quotas Released for Farm Machinery

Quotas for various kinds of farm machinery have been released recently and the various quotas for Oakland County are being announced by Walter R. Cook, Chairman of the Oakland County U.S.D.A. War Board and also Chairman of the Oakland County Farm Machinery Rationing Committee.

A deadline date for applications of the larger and more important farm implements has been set by the Rationing Committee as Monday, February 1. On February 3 and 4 the committee will be at the office of the Oakland County U.S.D.A. War Board, 318 Hubbard Building, Pontiac, to discuss with farmers the merits of their applications and in some cases award Certificates of Purchase.

County Can Save Steel for 23,305 Machine Guns

Oakland County housewives can save enough steel for 23,305 machine guns simply by replacing one can of fruits or vegetables a week during the coming year with fresh or home-packed produce, a leading food distributor estimated today.

"This substitution, urged by the War Production Board, will not only save steel but also conserve food by using extra supplies of fresh produce made available by increased production, canning restrictions and reduced storage facilities," according to Earl R. French, marketing director of the Atlantic Commission Company.

A number two "tin" can averages 235 pounds of steel plus a small amount of tin, and a single family can save 12.2 pounds of steel in a year by the can-a-week reduction, French said. Thus Oakland County's 66,860 families can save 815,692 lbs. of steel, enough to make 23,305 thirty-calibre machine guns, each requiring 35 pounds of steel for manufacture, he pointed out.

"Reduced buying of canned produce doesn't mean reducing food consumption. Housewives can balance their family diets by serving more fresh produce, and our records show that many families are already doing this.

The program would save 16,874,857 pounds of steel if carried out by all of Michigan's 1,383,185 families, it was brought out. On a national basis, America's 31,000,000 families could save enough steel to make 5,000 medium tanks, or 38 Liberty freight ships, and enough tin for 360,000 75mm. howitzers.

3 Square Meals A War Problem

What to do about those necessary three square meals a day will feature the wartime information put into the current series of county by county production campaigns offered through the extension service of Michigan State College.
One of the Oakland county meetings has been scheduled for January 28 at the Davisburg Town Hall at 1:30 p. m.
Three principal problems concerning nutrition, amounts of various foods and the cost of these foods will be outlined by the home economics extension specialists, and others will emphasize the value of home food supplies through the farm family garden.
Typical of the home economics tips that will fill the women's phase of the local meetings will be such facts as the one that a half cup of cooked greens gives one-fourth of an adult's day's need for iron and all of a day's needs for vitamin A.
A half cup of cooked carrots or yellow squash gives an adult half of a day's supply of vitamin A while three-fourths of a cup of raw cabbage has enough vitamin C for half of the day's needs of an adult.

Specialists will suggest farm wives plan to store or can in 1943 the following amounts for each person in the family: 25 to 30 pints of greens, string beans or asparagus; 20 to 30 pounds of cabbage; 30 to 35 quarts of tomatoes; 20 quarts of cherries and berries; 25 quarts of plums, peaches and pears; and two bushels or more of apples.
Such home food supply planning will reduce the actual cost of a family's foods. At market prices, the specialists point out, it takes 50 cents worth of food daily for the average adult.

Nearly every farm family in this county and the rest of Michigan's 83 counties produced garden crops for home use in 1942, and these meetings will place new emphasis on such production in 1943.

Proof that a city version of a war garden offers better eating and a high dollar return is offered by Percy Bowser, vegetable specialist at the college. A 25 by 50 foot backyard garden should require no more than a half hour of labor daily for three months. For 50 to 60 hours, he says, a city family should harvest 550 to 700 pounds of vegetables, not including potatoes. That amount should be worth \$80, yet not more than the labor and seven dollars need be expended for seeds, fertilizers and the annual cost of simple equipment.

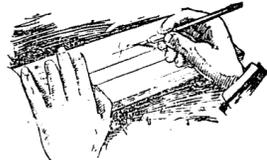

On a farm basis, the returns pile higher. Bowser's estimates indicate a third of an acre in farm garden, laid out for field style cultivation, should take no more than an average of an hour a day. For a farm family of five such a garden should produce suffi-

cient vegetables for a year. The volume on good soil, properly managed should total 2,500 pounds of vegetables plus 1,200 pounds of potatoes.

Create Your Own Currency WITH BANK CHECKS

Did you ever notice how money goes when you carry it around in your pocket? Easy to spend and easy to lose . . . it simply melts away. Here is a suggestion.

For one month keep it on check in the bank. When you need funds simply make your own by drawing on your account. It's the safest way there is to handle cash and you will be money ahead at the end of the month because it acts as a brake on easy spending.

THE OLD JUDGE SAYS . . .

"Judge, I didn't realize till the other night when I ran across an article in the paper what a whale of a lot of industrial alcohol the government needs for the war."
"I should say it does, Chet. I understand the beverage distillers around the country are producing about 240,000,000 gallons of industrial alcohol this year for ammunition, tires,

and other things. I'd say it's mighty fortunate these distilleries are available to do the job. Otherwise, if we still had prohibition, the government would have had to spend millions of dollars and use up a lot of critical materials to build plants . . . to say nothing of all the time it would take. It might have been just another case of 'too little, too late.'"

We are hoping to have David Boice back with us again soon. He has been ill.

Second Grade

We have built a grocery store as a project in our number work. We like to work in our store. We like to be the store-keeper.

We are glad to have Douglas Larson in our school again.

We all enjoy playing with the puzzles and games which we have in our room.

EDITORIAL

The Electric Light Company should do well this next week for many a student will be burning the midnight oil. Idle brains will be spurred into

action, and thought of Ancient History will replace thoughts of the next dance.

Yes, that fatal hour is drawing nigh. Semester exams have arrived and will be given next week, starting Wednesday and continuing through Friday. Each student must come at the beginning of each half day during which he or she has an examination. In half days during which the student does not have an examination he or she does not need to attend.

Here's wishing everyone lots of luck. (Most everyone will need it.)

JUNIOR HIGH NEWS

Another girl's basketball game was played last week between the 7th grade and the Sophomores. The score was 8-20 in favor of the Sophomores, but there will be more games played so the seventh graders haven't given up hope.

The Junior Band is growing fast and is beginning to sound pretty good.

Semester exams aren't so far away, but no one seems to be worrying much about them. Or are they?

Lately the absence slip for the 8th grade Arithmetic class has been longer than the pupils present. But at about 9:30 most of them begin to arrive which interrupts the class. Of course all the 8th graders felt terrible about having one of their classes disturbed.

BASKETBALL NEWS

Clarkston played a great game of basketball with a fast Keego Harbor quintet and came out on the short end of a 35-31 score.

Failure to make free throws cost Clarkston the game, at half time the score was tied at 17 all. Stan Perrin was high point man with 16 points. The reserves lost????

GYM CLASS

Between the halves of the first team game Bud Berg, Ken Beard, Bill Sarp and Mike Pacer put on a tumbling exhibition which was enjoyed by the large crowd which turned out for the game.

How to prepare TIN CANS for collection

- 1 After emptying contents, wash the can thoroughly.
- 2 Cut off bottom, as well as top of can, or cut open, so that can may be flattened.
- 3 Step heavily on can to flatten—but do not flatten by hammering. Now tear off packaging label, which is loosened by flattening. Labels printed on can need not be removed.
- 4 Save your cans for tin can collection. Keep separate from other scrap. If collection has not yet started, save your prepared cans in a dry place—do not throw them out!

Although Wednesday night was very cold the young people of the Clarkston Methodist Church enjoyed a tobogganing party on the hill near Green Acres. The sliding was excellent. Mr. Pailthorp accompanied the group. Later in the evening they returned to the Church and had refreshments.

Beans Selected As Victory Food

Michigan's beans have gone to war, literally. The record crop of 1942 also serves this week as the Victory Food Special of wartime economy for civilian meals all over the United States. For the main dish to help stretch

the meat supply and put a dent in rising food costs, the selection is lauded by home economics specialists at Michigan State College. Beans grown in Michigan last year filled 6,406,000 hundred pound bags. The most of these were the popular white pea or navy bean type.

There are other types of beans, the specialists point out, but inside the variously colored skins the beans are all about the same in food value. Dry beans are rated a compact source of energy. Body-building protein contained in beans permits them to pass favorably as a meat substitute. The protein differs somewhat in quality from that contained in meats but rates passably as a wartime protein food.

Iron, riboflavin and thiamin, other elements which give meat its high rating as a food, also are contained in the beans.

Any bean dish starts out the same way. Cooks recommend picking over the dry beans, washing the ones to be cooked and soaking 6 hours or overnight. In cooking a slow heat is recommended over an extended time. Soda should not be added, as this destroys part of the vitamin content.

It takes both warships and warplanes to clear the ocean of Nazi submarines. It takes both War Bonds and Victory Taxes to beat the Axis. Buy More War Bonds.

Every failure is a step to success; every detection of what is false directs us toward what is true; every trial exhausts some tempting form of error.—William Whewell.

An Economical Masterpiece

By Frances Lee Barton

THE "last bite" at your evening meal should be a bite supreme.

A tangy, tasty, zippy bite. An epicurean dream. Such as a Zippy Cola Mold. Ingredients? Merely three! But luscious, cool and apropos through its simplicity.

Zippy Cola Mold
1 package cola-flavored gelatin; 1 cup hot water; 1 cup carbonated water.
Dissolve gelatin in hot water. Cool slightly. Then add carbonated water. Chill until firm. Unmold. Serves 4 to 6.

COMPLETE with WORDS and MUSIC... ready to sing and play... in this Sunday's (January 24) issue of The American Weekly with The Detroit Sunday Times.

The eccentric old doctor and his goose army. He used 3,000 geese to cultivate his cotton fields, searched for an elixir of perennial youth and paved his yard with gravestones. Read of his fantastic plantation and how fragments of his fabulous wealth kept turning up in the most unexpected places, as told in The American Weekly, the magazine distributed with next week's Sunday Chicago Herald-American.

A Pennsylvania housewife scrapped a pancake griddle, made by one of her ancestors at his forge shortly after the Revolution. It had served five generations of pancake enthusiasts.

Why do people do it?

People who call "Information" for numbers that are readily available in the telephone directory probably don't realize the serious waste they are causing.

1,450 hours of operators' and equipment time are wasted each day in Michigan by calls for numbers that are listed in the telephone directory. Those thousands of unnecessary calls further congest the war-loaded telephone system.

So please look in the directory for the number you want. If it is NOT listed and you must call "Information," write it down so you won't have to ask for it again.
