Dance Tomorrow Night High School Auditorium

Another dance sponsored by the Clarkston Rotary Club, will be held tomorrow night, in the High School Auditorium, Saturday, February 27th, at nine o'clock. Music will be furnished by the High School Orchestra. Refreshments will be sold by the P. T. A. The dances have been very well attended by the School set and all who attend have a good time. We would like to remind those who have been in the habit of staying at home, that we have for your entertainment, good music and a fine floor to dance on. The dances were started last fall with the idea of furnishing fun and pleasure for all in the community. The admission is small and all of it is turned over to the School Music Fund. Why not try shaking yourself and family out of the winter shut-in feeling and step a light fantastic with your neighbors.

Victory Garden Program Discussed Next Week

At Township Hall, Clarkston,
Friday, at 1:30 P. M.

The program for Victory Gardens offers an attempt to keep our pantry shelves stocked with food. It seems that nearly everybody is interested in growing a good garden this year. We can help that effort by supplying them with information thru meetings, folders and bulletins, etc.

The County Victory Garden Committee is anxious that every community be represented at any of the following meetings, where plans for organizing your community will be discussed. Mr. Paul Krone, State Victory Garden Chairman, will be present.

Thursday, March 4, 8:00 p. m.—Community House, Birmingham.
Friday, March 5, 1:30 p. m.—Town Hall, Clarkston.
Friday, March 5, 8:00 p. m.—Auditorium, High School, Pontiac.

Girl Scouts Meet At Township Hall

The Girl Scouts meet at the Township Hall which is a great pleasure to us. At our last meeting, which was on Tuesday, we chose which badges we would like to work for.

Martha Atkins and Nita Bader were elected our flag bearers. Martha carries the American Flag and Nita the Girl Scout Flag. Their assistants are Norma Terry and Carley Dubey.

The Red Cross has given us the pleasure of finishing some of the easy things they have started. We all thank the Red Cross very much.

Be sure to call on the Girl Scouts for your salvage.

Marv Porritt, Scribe.

Junior Hi Youth Fellowship on Tuesday night, February 23rd had a "Backward Party" at the church. Nineteen members were present and the party was backward from start to finish making a lot of fun.

Red Cross Roll Call In March

Quota for Independence
Twp. is \$1476.00

The annual Red Cross Roll Call will begin March 1 and will continue through the month. This year the drive will combine both membership and War Relief and the need of prompt and generous response was never greater.

R. C. Beattie is in charge of the drive in Independence Township.

Probably at some time during the last year, every red-blooded American has wished that he might shoulder a gun and march off to fight the common foe, or at least to be actively engaged in some phase of the great conflict. This has not been possible for all, but there is a way in which all may have a part by contributing to the Red Cross; for in this war, the American Red Cross is a front-line outfit, as well as an instrument for home defense.

Within a few days a corps of local workers will call at the homes in Clarkston to offer residents a chance to make their own contributions, which should be double the amount usually given, or even more, since the need for the coming year far surpasses that of any other. The sum to be raised is a tremendous one of \$125,000,000, which the demands of world relief fully justify. Only about five per cent of this amount will have to be used for operating expenses, as at least 95 per cent of the labor involved is volunteered.

Blood Bank Here Monday, March 29

Clarkston's Quota is
200 Donors

Would you like to save the life of a boy, perhaps your own boy or a relative or maybe a neighbor's boy, who is in active service for you, so that you can keep on living the American way?

The American Red Cross gives you the privilege of doing this if you are between the ages of 18 and 60 and your blood pressure is not under 100 or over 200. The Red Cross Blood Bank will visit Clarkston, at the school, from 1:00 until 5:30 on Monday afternoon, March 29th.

Clarkston needs 200 donors in order to complete its quota. You are asked to be a voluntary contributor. Sign as a donor at the Clarkston State Bank, O'Dell's Drug Store or call Clarkston 4221. In signing be sure to leave your name, address, telephone number and the time you would prefer to be at the school on March 29th. This information is very necessary in order that a schedule be arranged.

It might be interesting for you to know that up to December 15, 1942, the Red Cross Blood Bank had made 73 visits in 19 towns in Oakland County getting a total of 8776 pints of blood, of which Clarkston contributed 135 pints.

Just think what this must mean to our boys who are far from home making sacrifices and looking to the folks at home to help in every way they can. This giving of blood is one of the most essential programs ever undertaken and those who do the work, do so willingly and voluntarily.

Make sure your name is on the list of donors.

Are You Interested In Social Work?

Be Ready to Fill Vacancies
In Oakland County

The State Civil Service Commission has announced new competitive examinations for the Social Worker and Social Work Administrator positions in state agencies according to information just received at the Oakland County Bureau of Social Aid. Applications to take the examinations must be filed not later than March 1, 1943, and the first tests will be given on March 20, 1943. Detroit is the examining center for this area. Salaries of the positions involved range from \$125.00 to \$325.00 per month.

There are at present sixty-one vacancies in the basic caseworker or Social Worker A2 classification and one Social Work Administrator III vacancy. From the results of the examinations eligible registers will be set up to fill these and future vacancies. All previous lists established prior to January 1, 1942, will be abolished.

There is one Social Worker A2 vacancy at present in the Oakland County Bureau of Social Aid, according to L. E. Flowers, Supervisor. Within the past year there have been ten other such vacancies, six of which were filled by transfer of workers from other county bureaus or appointments from district or statewide civil service lists. This was necessary because not enough Oakland County people took the examination to fill the positions. County registers are set up for all social work positions below Administrator II, but when these are exhausted, vacancies must be filled from district or statewide registers.

Printed announcements giving detailed information regarding these positions and examinations are available at the County Clerk's office where application blanks may also be obtained.

Rev. W. Harold Pailthorp, the Methodist Pastor spoke for the speech class at the High School Thursday morning on the theme "Truth and Half Truth".

Science Churches throughout the world on Sunday, February 28.

"The Golden Text (Hebrews 13:8) is: 'Jesus Christ the same yesterday, and today, and forever.'"

Among the Bible citations in this passage (Jeremiah 23:5): "Behold, the days come, saith the Lord, that I will raise unto David a righteous Branch, and a King shall reign and prosper, and shall execute judgment and justice in the earth."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.883): "Abraham, Jacob, Moses, and the prophets caught glorious glimpses of the Messiah, or Christ, which baptized these seers in the divine nature, the essence of Love. The divine image, idea, or Christ was, is, and ever will be inseparable from the divine Principle, God."

Day of Prayer Wednesday, March 3

At Clarkston Baptist Church

Next Wednesday, March 3rd, is set aside as a Day of Prayer at the Clarkston Baptist Church. The services will start at 10:00 a. m. The morning speaker will be Mr. Stanley Richardson, pastor of the Sashabaw Community Church. Luncheon will be served at noon.

The afternoon session will start at one o'clock with Rev. Nelson Kring of Pontiac as the speaker.

Everyone in the community is cordially invited to attend these services. If you cannot attend both services you might be able to plan to attend one of them.

Crop, Dairy Ideas Open to Farmers

In Township Hall, Clarkston,
Thursday, March 4

How to get \$25 for \$10 worth of cow feed. How a Michigan farmer can get his share, free, of 400,000 acres of legume seedings normally lost each year in the state. These are among the farm war production tips offered in a series of six meetings in Oakland county Thursday, March 4.

Morning and afternoon meetings featuring Michigan State College extension specialists are scheduled on farm crops and dairy production by County Agricultural Agent Karl D. Bailey.

10:00 a. m., Oxford High School—Clare Fuller, chairman.

10:00 a. m., Holly High School—Mrs. J. D. Mitchell, chairman.

1:30 p. m., Clarkston Town Hall—J. P. Hubbard, chairman.

In dairying, Michigan has 148,663 farms producing milk for sale. Farms that have 11 cows or more number 10,730. That leaves nearly 138,000 farms with less than 11 cows. The "family" sized dairy farm, being most numerous, poured out the bulk of the more than five billion pounds of milk which came from Michigan farms in 1942.

Similarly, the acreage of legumes on the average Michigan farm is not large. But farm crops specialists at the college label improved pastures and productive hayfields as one of the important labor-saving farm systems. High acreage production in forage crops is termed a contribution to wartime efficiency.

This schedule of meetings is part of a series of wartime production information outlets offered farmers of Oakland county and includes other meetings offering tips on agricultural engineering and poultry, animal husbandry and soils and family food production.

Facts to Remember About Home Salvage

Over 30,000,000 women are the real key to a successful war effort.

Salvage starts where Conservation stops.

Women must salvage the scrap to make the ammunition to pass to the armed forces.

1 tin can salvaged means 1 pair of binoculars or 1 brace of compasses; 5 tins cans salvaged means 1 hand grenade; 16 tin cans salvaged means 1 machine gun; 9,000 tin cans salvaged means 1 light army truck; 27,000 tin cans salvaged means 1 long range bomber; 1 lb. Fat saved means 1.3 lbs. gun powder, which fires 4 37mm anti aircraft shells; 85 pairs of silk hose will make 1 powder bag.

Quotas for Oakland County
Fats—per month—36,638 lbs. Highest collection so far is 36% of that amount.

Tin Cans—for 6 months—40,000 tons. It is criminal to waste tin cans.

Another Local Girl Enlists For Service

This community may be small in size but when it comes to actually doing things it likes to do them in a big way. Again the folks here have a chance to be proud. Next week Shirley Douglas enters service in the WAVES.

Shirley enlisted some time ago and has been patiently waiting for her call. She has to report at Hunter's College in New York City on March 3rd.

She is just one of many young people who are serving from this community and the fourth girl to enlist from Clarkston. The other three girls are in the Army Nursing Corps. Shirley is well known here having graduated from the Clarkston High School in the class of '37.

Rotary Club News

We are indebted to Howard Huttenlocher, member and past President of the Pontiac Rotary Club, for his service to our Club, in securing the promise of Lieut. Jack Patterson to speak before our Club, this coming Monday, March 1st.

Lieut. Patterson is home on a several weeks' furlough visiting his parents, Mr. and Mrs. Donald S. Patterson of Orchard Lake. He entered the Navy in August, 1940, in its V-7 training program and was commissioned an ensign in February, 1941. He was promoted to Lieutenant junior grade in June, 1942 and to Lieutenant senior grade December 1, 1942. Before Pearl Harbor, he was serving on board a Destroyer in the Pacific and since June, 1942, in Submarine duty, attached to the Pacific fleet.

Lieut. Patterson will be accompanied by his father, who is a member of the Pontiac Rotary and one of its past Presidents. Howard Huttenlocher will also be an invited guest and will introduce the speaker.

It is hardly necessary to say that a full attendance is expected, because our members enjoy Rotary.

Last Monday night, Dick Norton, of the Detroit Rotary Club gave a splendid talk. He quoted many of our business leaders in their thoughts on world affairs and conditions in general with our own Country. Adding a short descriptive talk on Lime and Clay products that was indeed very interesting to our members. Come again, Dick.

Plan to go to the dance this Saturday night, High School Auditorium, at nine. You will have fun.

The club enjoyed its best month in February, for attendance this year, with a percentage of 99. When one considers the weather we enjoyed during February and the fact that every one is so busy, it was a record to be proud of.

Open Minds

Let no man ever be so blind
That he would close a selfish mind,
To all the thoughts that others use
Lest his own soul he would abuse.

Two men ne'er met and thoughts expressed
Without the meeting richly blessed.
The soul of one of them at least
And maybe both enjoyed the feast.

No mind's so weak nor soul so stern
That if we try we cannot learn,
Some lasting lesson thru their talk
By casting lights on paths they walk.

If we would study every word
From great and small that we have heard,
I'm sure in passing of the time
Where least expected, diamonds shine.

The force who guides the lives we lead
Knows well the instant that we need,
Some thought to balance the scale
That tips

And speaks to us through other's lips.
To make our minds and bodies stout
Let's not keep other's thinking out,
For just one word that we might hear
Could change completely our career.

A card from Lt.A.C. Herbert Beach and Mrs. Beach says they enjoy getting the Clarkston News. Herb is now stationed in Kansas City, Mo.

During the last two weeks several Navy boys have been seen in Clarkston. They were enjoying short furloughs at their homes here. Among them were: Robert Denton, Marvin Powell, Burton Steiner and Robert Kane.

Obituary

Reynold G. Nelson

Reynold G. Nelson, prominent engineer and designer, died at his home, 106 Sherman street, in Holly Friday morning following an illness of four months. Mr. Nelson had spent two months in the University hospital at Ann Arbor.

He was born at Glenmar, N. Y., Jan. 29, 1884, son of Mr. and Mrs. Charles W. Nelson. In Detroit in 1911 he married Alma M. Ahlstrand. He was a member of the Presbyterian church and of the B. P. O. E. No. 34 of Detroit.

Mr. Nelson started his engineering work with the Hupp Motor Car company and helped build the first motors of the company. Pioneering with other automobile industrialists, Mr. Nelson made the first trial run in a Hupp car driving it from Detroit to Flint. Later he was associated with the Michigan Engine Valve company.

It was Mr. Nelson who developed the process for spinning steel. During the past years he has designed many machines for doing this type of work and is the holder of several tool patents. He lived in Pontiac for 18 years but moved to Holly 15 months ago where he had assisted in establishing the G. E. Nelson company of which he was the vice president and consulting engineer.

Besides his widow he leaves three children, Eleanor, C. Milton, and Gilbert E. Holly; a granddaughter; two sisters, Lillian R., Detroit, and Mrs. Alice Clyn, Dearborn; three brothers, Victor E., Arvid D., Pontiac, and Bert F., Dearborn.

Funeral service was held at the Sparks-Griffin chapel Monday afternoon at 2 o'clock with the Rev. George D. Jeffrey, of Detroit, officiating. Burial was in Roseland Park cemetery.

Coming Events

March 12th—Friday night — the Senior Prom will take place at the Clarkston School. This will be a delightful affair, semiformal of course. Borst Bros. orchestra will furnish the music. The price of admission will be reasonable. Plan to attend. Watch for further announcements.

Clarkston Locals

Several of your groccymen and meat dealers have cooperated with the Clarkston News in bringing to you a table on "Point Rationing". See it on page 2. Clip it out and hang it in your kitchen for reference.

Many War Ration Books were issued at the school during the past three days. The total number is not available as we go to press. The teachers and other Clarkston folk who helped as registrars were very patient and were generous with their time. There was no standing in line as there were plenty workers to give prompt service.

INSTRUCTIONS.—To find the Point Value of an item:
1. Find out the net weight of the contents (from the label, if any).
2. In the line across the top of the chart, showing the weight in ounces and pounds, find the column in which this weight belongs.
3. Find the item in the listing of items in the column to the left.
4. The POINT VALUE of the item appears on the same line as the item and in the column listing the correct weight.
All Point Values must be determined by weights. If no weight is marked on the item, the item must be weighed.
In finding the Point Value of a container where contents are given in fluid ounces, consider the fluid ounce to be the same as the avoirdupois weight ounce. One pint is one pound; one quart is two pounds.

The Point Value of any item weighing over four (4) pounds shall be arrived at by multiplying the number of pounds of that item by the Point Value per pound of that item as given in the "Per Pound" column. Fractions of a quarter-pound should be figured to the next higher quarter-pound. Thus, an item weighing 4 pounds 6 ounces would be considered as weighing 4 pounds 12 ounces for the purpose of getting the Point Value of the item.

THE OLD JUDGE SAYS...

"Judge, there's been quite a bit of talk going around about prohibiting liquor in various spots around the country... around the Army camps for one thing. What do you make of it?"

"Well, Henry, I size it up about like this. It looks to me like the folks who are doing the talking are shooting a little bit higher than most people seem to realize. Sort of like the salesman who gets his foot in the door and before you know it he's sold you

a bill of goods. Wouldn't surprise me a bit if what they're really aiming for is to take in the whole country again. We all know it didn't work the last time. All we got was bootleg liquor instead of legal liquor... plus racketeers, gangsters and the worst crime wave the country ever saw.

"Seems to me we've all got our hands full to win this war without starting up an argument we just got through settling a few years back."
