## Large Crowd Attends P. T. A. Meeting

Mrs. Leslie Shanks Is Made President

On Wednesday night a large crowd attended the P. T. A. meeting at the school. Before the meeting, the classrooms were open for inspection by the parents and friends. The work viewed was exceptionally interesting.

At the business meeting election of officers took place as follows: president, Mrs. Leslie Shanks; vice president, Mrs. Russell Colston; father vice president, Ami Althouse; teacher vice president, Mrs. William Vliet; treasurer, Mrs. Kenneth Johnson; recording secretary, Mrs. Keith Leak; corresponding secretary, Mrs. Carl Lindahl.

A short program was presented by the Boy and Girl Scouts. The Boy Scouts conducted a regular meeting and then played a number of Scout games. The Girl Scouts conducted a regular meeting. The two first class Girl Scouts exhibited a doll house to show the interior decorating, a project they have been working on for months.

A feature of the evening which everybody enjoyed was a tumbling act by several boys and their director, Ralph Thayer.

The next meeting will be held in May when the officers will be installed.

## Piano Recital Held Last Saturday

Last Saturday evening a group of Clarkston folks enjoyed a musical treat when Mrs. Charles Matthews presented Adele Thomas in a piano recital at the home of Mr. and Mrs. H. W. Huttenlocher. Phyllis Mansfield, vocalist, was the assisting artist.

When Adele had finished her first group of selections her audience realized that she was master of the keyboard and although she played fourteen numbers the program seemed short. "The Rush Hour in Hong Kong" by Chasins was one of the favorites; you could fairly see the Chinese people hurrying along the narrow streets and the rickshaws being pulled in a zig-zag manner through the crowds. With everyone longing for Spring the number "The Frogs" by Chadwick pleased the group. Adele certainly could make those big bull-frogs croak.

Phyllis Mansfield sang four pretty numbers and all were greatly appreciated. Although Phyllis was suffering with a severe cold she managed to sing every song as though she was feeling her best.

Mrs. Glenn Howland and Mrs. J. L. Waterbury left on Thursday morning for Cheboygan where they will spend a week with friends and relatives.

## Good Friday

At the Methodist Church, Good Friday will be observed from 12 to 3 o'clock. The Pastor will read "The Poetry of the Passion" during the three periods of worship, twelve, one and two o'clock, for fifteen minutes each. Worshipers may come and go for these periods.

## What About The Future?

Everything you read, newspapers, magazines, billboards or window cards—it is SECOND WAR LOAN. The drive is on, in fact about to end, and still without our full share of series "E" bonds sold. Every effort must be made by all of us, to not only sell more of these bonds, but perhaps, buy more for ourselves. In buying you invest in the future of America; in holding for maturity you actually make your money earn more money. For all you buy now you have that much ready cash for that new home down payment or some business venture that you will wish to make when the war clouds have finally passed away and we again free to plan the more abundant life—that is the hope and wish of all of us.

**BUY BONDS NOW—BUY HOME LATER**  
Win the war with bonds. Protect America with your money. NOW. Use your Bond money to protect yourself. Don't put the cart ahead of the horse. That is just plain horse sense.

### JUNIOR CLASS NEWS

The members of the Junior class would like to express their appreciation to the person or persons who wrote the swell feature article on the play in last week's paper. No write-up was sent in from the Junior Class room because the net profit had not yet been determined by the time the paper was printed. We would like to make one correction however, and that is that the amount taken in was over the \$165 mark instead of the \$100 mark as previously printed. The members of the Junior Class enjoyed putting on this play for you and we sincerely hope you will be looking forward to our Senior play next fall.

With the play over and the class back to normal once more, plans will be started for the giving of the Junior and Senior Banquet. The banquet will be held in May. The exact date will be decided in the near future and will be printed as soon as possible.

## Goodwill Industries Sends Your Salvage To Uncle Sam

Housecleaning time is here! The birds, the flowers, the breezes say so!!

Milady says so as she casts an appraising eye about her home and contemplates the change a few cans of paint, strips of wallpaper and gallons of soapy water will make!!!

"His Majesty" notes the obvious signs with an inward groan as he remembers the shins banged on furniture rearranged, the late and hit-or-miss dinners—and the fishing trousers and comfortable shoes and favorite chair that went to Goodwill Industries last Spring!!!!

Goodwill Industries needs these housecleaning discards more than ever this year. The newcomers to Detroit visit Goodwill stores constantly seeking rebuilt furniture, shoes, serviceable clothing and other household articles.

Contributions to Goodwill are furnishing trade training and work experience to hundreds of handicapped young people who are going into war production plants. Industry is discovering that handicapped people, who know how to work, can easily be taught specific skills.

Uncle Sam needs your salvage—and Goodwill is the quickest way to war for it. Rags, metals, rubber—any salvage, except tin cans—sent to Goodwill Industries will furnish work and cash wages to handicapped men and women as it is sorted and baled.

So, send your salvage to Uncle Sam through Goodwill Industries.

Clothing, shoes, household articles of all kinds serve those who earn their living in repairing them and again in the homes of the second users.

Get your Goodwill bundle ready with those things which you can get along without — to furnish work to aged and handicapped folk, to be used again in other homes, or to go to war as salvage.

A collection will be made the first week in May.

## Baptist Ladies Hold Meeting

Mrs. Weber Ware and Mrs. Walter Ballagh presented an interesting program. They were assisted by Mrs. Edward Larion and Mrs. Lionel Leighton.

The hostess served dainty refreshments.

## Drafted Strength

No nobler gift on man bestowed Than strength to bear a heavy load, The most outstanding human trait To meet unflinchingly our fate, As hours of pressure grow in length To fortify our souls with strength, Inherent with the lives we lead Is super strength to meet each need That comes; although not long before

We thought, we ne'er could endure more,  
Complaining even of our load,  
Dissatisfied with our abode.

Yet! with each loss we make some gain

Our courage grows with human pain. Man's super strength will not retreat, Will never recognize defeat, But rise to meet the need each hour With supernatural, God-sent power.

It is the common thing to do To whistle loud when we are blue, To hide the pangs of heart we feel, Unconsciously thus we appeal

To higher planes when we're in need For help to live the life we lead.

This Spring is Different!

-AND THE SPRING TUNE-UP OF YOUR CAR SHOULD BE DIFFERENT, TOO!

NO MORE TOP SPEEDS! You'll be driving at "35-and-under" this spring—and your car's timing, circuit breaker, carburetor, spark plugs, choke and heat controls should be adjusted for smoother low-speed performance. LESS DRIVING Your generator and voltage regulator should be put in top condition now to guard against the possibility of a rundown battery later on. Your battery itself should be checked at regular intervals.

NO MORE HIGH-OCTANE GAS CARS ARE BEING DRIVEN LONGER

We use lower-octane gas today, so our flyers may have high-octane fuel. To prevent wasteful "pinging," your engine should be readjusted to its new diet. Whatever service work may be needed, we do the job right. As your car's mileage goes higher — as your brakes, lights, tires and steering system grow older — a thorough check-up of these features becomes vital to the safety of you and your family.

LESS GASOLINE SLOWER DRIVING—SHORTER TRIPS

In addition to giving your car a gas-saving, springtime engine tune-up, you should also have it thoroughly checked for other causes of fuel waste, such as dragging brakes, leaky gas lines or the use of too heavy lubricants for today's low-speed driving. When you don't drive very much or very fast or very far, it's extremely important to keep fresh, clean oil in your engine at all times—because at slow speeds your crankcase ventilation system doesn't have much chance to prevent oil dilution.

THIS wartime spring, it's important that you get your car set not only for warmer weather, but also for the new kind of driving you're doing today. We offer a springtime service program specifically designed to do both of these jobs. Whether you drive an Oldsmobile, or some other make of car, come in and find out about this special Oldsmobile service!

How to save war power in your own home THERE is no shortage of electricity in this area. But electric power turns the wheels in thousands of war plants, producing planes and tanks and guns. Horsepower is WAR POWER and should not be wasted. Here are a few simple rules for saving electricity in your own home: If you have an electric range, use the waterless cooking method wherever possible. (Half-a-cup is ample for most vegetables. Don't waste electricity heating up large quantities of water.) Plan thrifty oven meals: Cooking a whole meal at one time is economical and saves time. Many of the new "meat-extender" recipes are tasty oven dishes. Use LOW heat to finish most of your surface cooking, after foods have reached the steaming point. Practice the same care with your other electric appliances. Don't leave them turned on and then go away and forget them (your electric iron or toaster, for example). Disconnect the plug when they are temporarily not in use. Keep your electric refrigerator at top efficiency. (The better its condition, the less time it will run!) Defrost regularly, and locate it away from heat sources. Get the most light from your lamps and fixtures by keeping them free from dust. Wipe lamp bulbs frequently, also reflector bowls and ceiling fixtures. Dust steals light and wastes as much as one-third of the electricity you pay for. Avoid dark-colored lamp shades (they soak up light). If you must use them, try fitting them with white linings. The Detroit Edison Company.

**Drayton Plains**

The combined bands of Drayton Plains and Waterford High Schools, under the direction of Arthur Heshburn, presented a Spring band concert last Wednesday night, April 21, in the Drayton Plains School Auditorium. A large crowd gathered to hear a wonderful program. Miss Mary Buck, contralto of Waterford, accompanied by Helen Sanders, sang several songs suitable to the Easter occasion. The band played several religious selections including a Bach choral, Ketelby's "Sanctuary of the Heart" and accompanied Miss Buck

in familiar hymns. The popular "Merry Widow Waltz" and several other marches were played. A thirty piece Junior Band completed the program.

The W. C. T. U. regular meeting was held in the church prayer room last Tuesday afternoon. After the business meeting which was called to order by its president, Mrs. Cable, the secretary's and treasurer's reports were given and approved. Several committees were called to give their reports. Mrs. Walter Aderholdt conducted a quiz program, which was interesting.

The Home Demonstration group of Drayton Plains held its meeting last Tuesday with Mrs. Maurice Young, 131 Thorpe St., Pontiac. Twelve members were present and a very interesting meeting took place. The business meeting opened at 10:00 o'clock following with the election of officers as follows: Jr. Leader, Mrs. Ruth Ream; Sr. Leader, Mrs. Elsie Cline; chairman, Mrs. Nona Thompson; vice president, Mrs. Helen Wall; secretary, Mrs. Wafe Springer; treasurer, Mrs. Grace Reddeman; recreation and home front secretary, Mrs. Ethel Solomon. This meeting will close the work for this year and a picnic has been planned for the 27th of May at Dodge Park. A lovely pot

luck dinner was served at noon. Les-son was on finishing of garments.

Young people are asked to remember the Spring convention to be held at the Southfield Church on Saturday, May 1st.

A special Y. T. C. temperance program will be held in the church at 7:30 p. m. May 2nd.

The Mother and Daughter Banquet will be held in the church parlors on Friday evening, May 7th. Mrs. Peder Nielsen has charge of the kitchen.

William Austin is confined to his home by illness.

Mrs. Richard Balleck of 4220 Farner St. was the honored guest at a pink and blue shower at the home of Mrs. Charles Williams, 4258 Hatchery Road, last Wednesday afternoon, April 14th. The afternoon was spent playing bug, Mrs. Frances Werner winning first prize; Mrs. Mertie Strong the second prize and Mrs. Jack Visgatis the third prize. After the gifts were presented to the honoree, refreshments were served. The guests included the honoree and her mother, Mrs. Myron VanSyckle, Mrs. Frances Werner, Mrs. Bert Hawley, Mrs. Jack Visgatis, Mrs. Mamie O'Boyle, Mrs. A. A. Solomon, Mrs. Leonard Nelson, Mrs. Kenneth Willing, Mrs. Mertie Strong, Mrs. Grace Barnhart and Mrs. Earl Rives. Mrs. Balleck received many lovely gifts.

Mrs. Glenn NyKerk has returned to her home from General Hospital where she underwent an operation several days ago.

**THE 2ND WAR LOAN DRIVE IS ON!**

The Command has Come...

**"Attack!"**

**T**HE big push is on! This is the fateful summer that we have been waiting for. Hitler knows he must win before another winter rolls around, or face inevitable annihilation. And you can be sure that he will hurl everything he has—every gun, plane, soldier and tank—into the summer struggle that is even now rising in tempo on every front.

And when the command goes out to our fighting men to ATTACK—you can be sure they don't look for excuses. They don't hesitate. They strike fast and hard—as they did at Guadalcanal, in Tunisia and in the skies over Europe.

NOW the command has come on the home front to attack! To attack with the dollars that buy the weapons of war our boys must have to meet the last desperate assaults of Hitler. Your government asks you to lend it 13 billion dollars during this drive. And this

historic 2nd War Loan Drive, which started April 12th, is the most urgent appeal America has ever made!

**The time is short—act now!**

When you attack with War Bonds you don't suffer pain or anguish—you don't risk your limbs or your life as millions of our boys are doing every day. All you do is make an investment—the safest in the world. You help to secure Victory now—and your own financial security.

During this drive if you are visited by a volunteer War Bond worker, welcome him. He will explain the 7 different types of U. S. Government obligations you may choose from. But don't wait for his call—go at once to your nearest bank or Post Office or place where they sell War Bonds. And answer the command to ATTACK by buying more War Bonds—and still more War Bonds!

THEY GIVE THEIR LIVES...  YOU LEND YOUR MONEY!

## ... and your call to Cousin Bill

Cousin Bill lives in another state. You don't see him often, and it would be a pleasant thing to call him up on his birthday and wish him many happy returns . . . IF we weren't fighting a war!

In ordinary times, Michigan Bell would gladly help you send that message, but today long distance lines are crowded with a vastly increased load of war-created traffic. And new lines and equipment can't be added, because the necessary materials have gone to the fighting front.

So send your greetings to Cousin Bill by mail — and to aid in winning the war, please —

Do not make any long distance call unless it is extremely urgent.

Especially avoid calls to people outside of Michigan.

Keep all calls — local or long distance — as brief as you can.
