Late Spring Leaves Plenty Time to Plant Victory Gardens

This cold and damp weather need not discourage those who are anxiously waiting to plant Victory Gardens. There is still time to secure garden space and make your plans. The Clarkston Victory Garden committee is ready and willing to help. They will see that you get a plot of ground and if you have any gardening problems they will furnish you with folders on home garden suggestions issued by the Extension Division of the Michigan State College. This committee includes William Vliet, F. E. Davies, A. B. Wompole, William Belitz, Mrs. William Edgar, Mrs. Russell Maybee and Mrs. Carl Irish.

The Oakland County Victory Garden Committee now has radio time at its disposal—a public service feature of WCAR, Pontiac. The time is 10:45 A. M. on Tuesdays, Thursdays and Saturdays. The program, so far, has been devoted to practical gardening advice. WCAR plans to carry this program through the summer to September and the canning season. This is especially planned to aid beginning gardeners. Tune in you may get some timely hints. On Saturday, May 15th, Mrs. E. G. Gruneau, program director, will speak on "Bean Crops for Vitamins and Proteins".

A plant scientist and technical adviser on Victory Gardens in Detroit says: "There is still plenty time to plant a Victory garden. While it's very gratifying to have good weather for early gardening, in wet Springs, both professional and amateur gardeners must wait out the weather. Ground should not be worked while it is wet enough to stick to garden tools. Sandy soils drain quickly while clay soils drain slowly. If clay soil is planted while too wet, it is difficult to get satisfactory results all the rest of the season."

If soil has been plowed, wait to plant until it is in good condition—and then make the most of your time. Once the seeds are in, further rain may be very beneficial—but if you miss a good planting time, you'll have to wait for the next one—perhaps a week or two.

Although the season has been backward—both cold and damp—it is still early enough to get best results from both hardy and tender seeds and vegetables started from plants."

Let's hope that the weather during the next two weeks will be just right for planting and that every home in this district will have a Victory garden.

An interesting and welcome letter comes from Stan Radoye.

May 9, 1943

Dear Mr. Stamp:
How are you? I am fine. The first thing I want to do is thank you very much for sending me the Clarkston News. I certainly appreciate it. It sure helps a fellow to hear from the home town through the local paper.

I am in the Radio Battery of the Field Artillery for 13 weeks of basic training. I have completed my intensive basic training and am now in my 6th week of technical studies.

I am sorry I haven't written to thank you sooner but I've been pretty busy.

The weather here is hot most of the time and it is raining today.

I like the army and I think it will do me a lot of good. I have gained weight and am acquiring a tan. The food is good and we have lots of entertainment.

Say "Hello" to everybody in Clarkston and I will write again soon.

Sincerely,
Stan Radoye

Junior Club Honors Mothers

On Wednesday night the Clarkston Junior Literary Club met at the home of Mrs. Harold Weston. There were eight members present. They had their mothers as guests.

The meeting opened with the Club Prayer. Each member read a poem dedicated to Mother. Each mother was presented with a corsage. Mrs. Gwendle Purkiss and Mrs. Harlan Oakes each played two piano solos which were greatly appreciated. Group singing was enjoyed and the remainder of the evening was spent playing "Bug".

The hostess served dainty refreshments.

May 26th—Wednesday evening the Farm Bureau Discussion Group will meet at the home of Mr. and Mrs. Fred Beckman.

Mothers' Day

The picture framed in yonder chair is one to cheer hearts every where. It drives all thoughts of care away. As mothers' head with hairs of grey. Rests peacefully and smiles content With thoughts as if from heaven sent.

Her eyes are closed and she can hear Soft strains of music in her ear. As grandchild on piano plays And thoughts drift in of other days; Of other worlds and other souls Where peace and happiness unfolds. No price would be too high to give If we knew she could always live, In worlds of peace with music filled Where love of life is so instilled, I'd like to carry in my mind That cruel words are kept afar And not allowed her joy to mar.

Some peaceful picture of this kind, To cherish in the coming years That on her day there were no tears, But smiles and music light and gay To celebrate my mother's day.

Local Volunteer Corps To Meet Monday Night

All women in this district who are interested in the sale of war bonds and stamps are asked to meet at the Township Hall in Clarkston on Monday night, May 17th, at 7:30 o'clock.

When our government asked the retail merchants to handle the sale of bonds and stamps they called upon the women to assist and so the Oakland County Women's Volunteer Corps, in charge of Mrs. Charles Barrett, was organized. The work was then started in Pontiac and the results have been amazing. So a few weeks ago Clarkston was organized and for about four weeks the sale of bonds and stamps has been carried on in the O'Dell Drug Store while the booth for the street was being built. The booth is almost ready now and will be in use very soon.

During this last few weeks this corps of women have been making marvellous strides in the selling of the bonds and stamps. All the schools in the district have been contacted and there has been a wonderful response.

We all realize that this war is not only costing us lives but costing us money and the more money we give the more lives we will save. As long as we have war we will have to raise money by selling war bonds and stamps. So be at the Township Hall next Monday night and hear all about it.

Clarkston P.T.A. To Close Season Wednesday, May 19

The Clarkston Parent-Teachers Association will meet at the school next Wednesday night for the final meeting for this season. This will be an interesting meeting and every parent and teacher is urged to attend.

Besides the regular business meeting there will be reports on the State Convention held in Saginaw last week and installation of officers will take place.

One of the special features of the evening will be a program by the school band under the direction of Walter Wainowski.

Let's have a crowded auditorium.

Woman's Home Salvage

Michigan is fourth in silk and nylon hose collection but Michigan is only 50.6% up to its quota on fat salvage. Oakland County is doing well and Independence Township is sharing in this record but only our best is worth talking about.

So great is the need for fat that the Government asks us to share our fat to the extent of 1 spoonful a day or one pound a month.

Do you know that after you have poured off the fat from the bacon pan you can still collect a good amount by putting water in the pan and chilling it?

The American housewife and the grease she pours off her frying pan may help decide between Victory and Defeat in this war. 1 lb. of fat per month from every home will make 510 million pounds of gun powder in a year.

Remember too, to save your tin cans and see that they are sent on their way to help win this war.

Plan to be on guard in your home all summer in order to keep these much needed war materials on their way to our fighting men. Let's work hard this summer to give Hitler a permanent vacation.

John DeLind will spend the week-end at his home in Clarkston.

Council proceedings of the Village of Clarkston will be found on page 3.

Everyone will be sorry to learn that Mrs. Rose Teggerding is ill at the home of her daughter, Mrs. Gerald McNaught, in Detroit.

Don't wait until mid-summer's here—
Go now before the crowds appear

You'll help "balance-up" wartime transportation by going before or after July and August when travel is always heaviest.

3

Now when you take a trip some place
Please travel light and save some space

"Budget" your baggage when you travel nowadays—take along less luggage than usual, to save extra handling and extra space.

4

You can't afford to take a chance—
Get information in advance

Make a call to Greyhound before you make your plans—get advance information on schedules, fares and bus connections.

5

Please take your Greyhound agent's tips—
On which are the least crowded trips

Your Greyhound agent can suggest the right departure times—when more seats are usually available and travel is more convenient.

6

Advice that's good these hectic days—
Avoid like sin all Holidays!

There's no place like home on holidays—by avoiding travel at such rush periods you'll avoid overcrowding wartime transportation.

Plus one extra thought—

Remember transportation for the men and women in the armed forces, in war plants and on civilian furloughs comes first—so avoid unnecessary trips!

talent. It wasn't bad enough to have to write and read the poems but when it was suggested they be published

some of the students said no. But after some coaxing the brighter lights consented. So this week I will publish a poem with all "Rights Reserved" by the author Ross E. Kerton & Company.

THE FARMER

The Farmer works hard all the time
He works from morn to night,
He plants his crops and harvests them.
His cause is just and right.
He plows his fields and drags them o'er
And then he plants his corn.
A farmer works hard all the time
Starting early in the morn.
After he has planted his corn
He cultivates it o'er
And then he waits a week or so
Then cultivates it more.
He cuts his hay and rakes it

He dries it in little cocks
Then he puts it in the barn -
To feed his herds and flocks.
A farmer works hard all the time
He works day and half the night
He works hard to feed the city folk
His cause is just and right.
By Jack Tee.

Clarkston Locals

Mr. and Mrs. Frank Lambert and daughter and Mrs. Lyon of Detroit spent Mother's Day in Clarkston. If you are thinking of doing much canning this year be sure to order your cans now. Ann Duffield is ill with measles at

the home of her grandparents, Mr. and Mrs. Guy A. Walter. Mr. and Mrs. Peter Mitchell of Detroit were Sunday guests of Mr. and Mrs. Wm. H. Stamp. Everyone will be sorry to know that Mrs. E. D. Parrent is ill and confined to her home on Church Street.

Those who use fuel oil in their homes must save the stubs from their oil coupons in order to get oil for next winter.

Mrs. Edward Balliet of Brooklyn, Mich., is spending a few days with Mrs. Elizabeth Drake.

Mr. and Mrs. Myles Edward Pontney were married in the Methodist Church on Thursday night, May 6th by the Rev. W. Harold Pailthorp, Minister of the Church. Mrs. Pontney was formerly Carol Alberta Beard.

Mr. and Mrs. Ira Jones got a happy surprise on Wednesday when their son, Lieut. Edward L. Jones arrived from Staten Island, N. Y. to spend a few days. It has been a year since they saw Edward because the last time he had a short leave to visit his family in Lapeer Mr. and Mrs. Jones were in Florida.

Mr. and Mrs. Lee M. Clark had dinner on Mother's Day in Auburn Heights with their daughter, Mrs. Edward Owen, and Mr. Owen, and their granddaughters, Joy Elaine and Diana Louise Owen. Later in the day Mr. and Mrs. Milton Clark and son, Milton Robert, called at the home of their parents, Mr. and Mrs. Lee Clark, in Clarkston.

Many mothers received pleasant surprises on Mother's Day but none were any happier than Mrs. C. H. Souby when she received a Mother's Day greeting from her son, Clark Souby. The greeting card was printed on board ship. About the middle of the week she received the second lovely surprise when along came a Mother's Day gift, fifteen beautiful red roses.

Louis F. Walter's condition is much improved and he expects to return to his home from the hospital in Ann Arbor very soon.

The regular meeting of the Clarkston Royal Neighbors was held in the Rotary Club rooms on Wednesday afternoon. A pot-luck dinner was served at noon. The Sewing Circle will meet at the home of Mrs. Emma Barnes on Wednesday, May 26th. Every member is asked to make a special effort to attend as the afternoon will be spent trying a quilt.

APPRECIATION

I want to thank all the folks who helped put our last party across for the boys leaving for the service, and especially those who donated points for the lunch and Mrs. Comstock who cooperated so generously.

It is your cooperation that makes these parties the success they are. Ward W. Dunston

PLEASE
cut down your
Long Distance
calling

AS Michigan's war industry hits full stride, more and more long distance calls have to be made—war calls vital to victory.

The burden of calls on many long distance lines has reached a critical stage. Central office equipment, fully manned with operators, is being used to capacity. At times, each unimportant call, regardless of its destination, affects the speed with which all other calls can be handled. Many calls are delayed—some for hours. And materials to expand the system cannot be had.

Yet, war calls must go through promptly! So it is necessary that we all curtail both our personal and our business use of long distance. Therefore, please—

1. Make fewer long distance calls—and keep them short.
2. Give the operator the number of the telephone you are calling, if possible.
3. If your call can't go through at once, stay near the telephone ready to talk when the operator notifies you.
