P. T. A. Officers **Installed Wednesday**

On Wednesday night the Clarkston P. T. A. held the regular monthly Senior Class of the Clarkston High meeting. For a half hour before the School goes to Margaret Ann Beattie business meeting the Junior and Sen- this year. This is an hoonr that a program. These young people and work starts on entering high school. their director are worthy of much praise. Their selections varied enough to prove that they were capable of handling most any type of music. Mr. Wainowski thanked the School Board, the teachers and the parents for their cooperation during the past year. He was glad that so many were interested in the music department.

At the business meeting the annual reports were read, Mrs. Leslie Shanks and Mrs. William Johnston gave brief reports of the P. T. A. Convention in Saginaw. The summer roundup for the pre-school children has been postponed and a date will be announced later. The group voted to have a movie once a week in the school auditorium starting in the Fall. This is to provide some entertainment for the young and the old. An announcement was made asking everyone to save their newspapers for a "Paper Drive" for the school. A date will be set when the paper will be picked up after it has been gathered at some definite location. Watch for further details. Mrs. Barrows announced about the collection for the Good Will. She urged everyone to take their donations to the Township Hall. Mrs. Wade Dean installed the new officers and wished them a successful year. A vote of appreciation was extended Mrs. Dean, the retiring president, and she received a hearty round of applause.

Mrs. Dean wishes to thank everyone including the school board, the teachers, the parents and the Clarkston News for their cooperation during her term of office.

Is Your Material Ready Girl Scout News For Good Will Truck?

The Good Will Industries will make a collection in Clarkston on Friday, May 28th. All material must be at Mrs. Barrows' home because she has the Township Hall in Clarkston at some shells from Florida to show us. that time as gas and tires will not Mrs. Barrows, our leader, is planning allow the truck to make door to door collections.

The Clarkston Girl Scouts have been doing a good job in announcing by ourselves. the date of collection. They went from door to door one night this week to let everyone know that their leader would be at the Township Hall on every home to ask for pieces of good. More details on their plans are er would be at the rownship Hall on the state of the stat nursday, may zoin, to receive any used for bandages for the hospitals, ordered out of hearing distance. It den in the Michigan Victory Garden Barrows will be at the Hall again They want to cover the territory by next Tuesday afternoon from 1 until next Wednesday. Be ready to help 5 o'clock. You are asked to make an them. effort to get your material to this central location. Perhaps if you have no way of getting a bundle to the Township Hall your neighbor might lend a hand. However if it is absolutely impossible for you to get your collection to the place designated then you are asked to call Mrs. Barrows and she will find some way to accommodate you.

Keep Your Powder Dry!

In the battle to produce more food, the electric motor is a vital weapon. But motors are made of copper and other materials now restricted to war production. Even repair materials are scarce. So the motors you now have must be kept operating until Victory.

Protect your motors. It requires only a small amount of time and attention to keep an electric motor in good running condition. A motor needs little care, but it must have some! Here are the most important points to remember:

- 1. Lubricate regularly but do not over-lubricate.
- 2. Keep the motor clean. Beware of dust, moisture, and stray oil.
- 3. Avoid overload. Be sure that your motor is equipped with some type of overload protecting device.

During this crucial year every farm will need to keep every motor in service and ready for action. Don't let neglect rob you of a trusty weapon. Keep your powder dry!

"Is it true, what they say about War Bonds?"

THEY SAY - "Hey, Bill, I heard that in order THEY SAY - "That's a sweet investment, I'd to pay for the fighting equipment our boys need, each of us should be putting at least 10 percent of our pay into War Bonds."

IT'S TRUE - "That makes sense to me, Joe. Those things cost plenty of dough. After all, one dime out of every buck is a darn cheap price to pay for freedom!"

ART NEWS

For the past week we have been going out doors to sketch with charcoal and pencil. This week, weather permitting, we intend to do some water color painting, so don't be surprised to see a small group of hopeful artists, sitting in your front yard painting your house. I am sure we all enjoy this type of out door art

Thanks to Mr. Pailthorp, last Tueslay, May 11, we all had the privilege of seeing some very beautiful slides Many of the pictures were taken here in Clarkston. It was surprising to see how many lovely scenes there are right here in our own town.

"Our men in the service in this war have pretty definite ideas about what they're fighting for and the way they want to find our country when they come back...don't you think so, Judge?"

"I certainly do, George. Just a week or so ago I was reading in a national magazine the results of a poll taken among our soldiers. Each man was given a questionnaire containing twenty-five 'assignments' for the folks at home. He was asked to check the first five in order of importance to him.

"Out of thousands of replies the first 'assignment' to the folks back home was 'Make sure I'll have a job in my chosen field of work when I get back'. Number 5 was 'Make sure that Prohibition isn't put over

on us again."
"When the men in the last war came home and found prohibition had been put over on them behind their backs they were sore as boils. You can see from what I just told you how they feel about it this time, too.

Quick-drying. Very economical, because two gallons makes three of wall paint—you thin with hydrant water. Opaltone is as modern as the four-motored bomber. There are eight lovely pastel tints and a real, PURE WHITE. One coat of OPALTONE

covers most surfaces. Use it right over wall paper—over wall board, rough or smooth plaster, brick, concrete, or over painted surfaces. Dries in half to one hour—"paint a room after breakfast—move in before lunch". OPALTONE has a clean, pure, healthful odor—no "paint odor".
