Golden Wedding Celebrated Monday

Mr. and Mrs. Byron T. Beardslee Were Wed June 14, 1893

Fifty years ago last Monday Mr. and Mrs. Byron Beardslee spoke their marriage vows. The rites were read by the Rev. William H. Benton at Vliets-On-The-Hill, now Green Acres. Mrs. May Seeley Walker, who now resides in Santa Monica, Calif., was the bridesmaid and Daniel Robertson of Holly was the best man.

Last Monday evening Mr. and Mrs. Beardslee were happy to have their immediate family and a few friends help them celebrate the occasion. They spent a few pleasant hours together at their home at 73 N. Holcomb Street. During the evening moving pictures were taken. Mr. and Mrs. Beardslee received many very lovely gifts. Dainty refreshments were served from a table graced by a wedding cake and centered with a pretty floral arrangement.

Among the guests were several who attended the wedding fifty years ago. They were Mrs. Alice Urch, and Mrs. Benjamin Franklin of Clarkston and Mr. Beardslee's brother, J. A. Beardslee and Mrs. Beardslee from Detroit. Other guests were from Pontiac, LaPeer, Detroit and Clarkston.

Post and Auxiliary Met Tuesday Night

On Tuesday night the Campbell-Richmond Post of the American Legion and the Ladies' Auxiliary met in the Rotary Club rooms for their regular meetings. A pot-luck supper was served at 6:30.

The regular business meetings were held. At the Auxiliary meeting election of officers took place as follows: president, Mrs. Ray Ainsley; 1st vice president, Mrs. Elmer Collins; 2nd vice president, Mrs. Floyd Fullerton; secretary, Mrs. Ben Comstock; treasurer, Mrs. W. P. Herke; chaplain, Mrs. Henri Buck; sergeant-at-arms, Mrs. Lyman Girst; publicity chairman, Mrs. W. H. Stamp.

The Auxiliary decided to dispense with their meetings for the two summer months. The Post will meet in July when election of officers will take place.

Junior Club Has Year End Party

The Clarkston Junior Literary Club closed the year last week with a dinner and theatre party. There were ten members, the sponsor, Miss Ada Serace and a guest, Mrs. Lyla Burns, present.

The group enjoyed dinner at Devon Gables. Gifts were presented to the retiring president, Mrs. Gwendolene Purkiss, the sponsor, Miss Serace, and to the guest, Mrs. Burns, who has been taking care of the club's library. After the dinner they attended a show in Birmingham.

Plans will be made for a picnic sometime this summer but the next regular meeting will be held in September.

Local Girl Among Graduates at M.S.C.

Among the graduates at the Michigan State College at East Lansing on Saturday, June 12th, was Miss Harriett J. Beckman, daughter of Mr. and Mrs. Fred J. Beckman of Oak Hill Road.

HARRIETT J. BECKMAN

Miss Beckman received her Bachelor of Science degree in Home Economics. While at College she has been active in the Grange plays; was a member of the Junior Student Farm Bureau, 4H Club and Home Economics Club. For the past twelve weeks she has been teaching Home Economics in the Davison High School and expects to return to Davison in the Fall as a member of the school faculty.

Miss Beckman is well known in Clarkston and vicinity. She graduated from the Clarkston High School in the class of '39.

First Graders Enjoy Party

On Wednesday the first graders of the Clarkston School had a good time closing the school year at a little party when they had their mothers as guests. The children enjoyed a picnic on their tables in the classroom and at noon the mothers had a cooperative luncheon.

Mrs. Leonard, the teacher, was pleased to get acquainted with so many mothers and the mothers introduced themselves and had a pleasant time visiting.

New Mailing Method Speeds Deliveries

The new method of speeding up mail deliveries, through addition of a branch post office number to the address on mail for delivery in large cities, is being placed in operation rapidly.

The new system speeds up the separation of mail for distribution to branch offices and permits much more rapid handling of mail by inexperienced postal clerks, thousands of whom have been employed to replace personnel who have gone into the armed forces and into war industries.

The number after the name of the city indicates the branch post office (or "postal unit") through which delivery is made. Each resident of the large cities is asked by his postmaster to add the postal unit number to his return address, and to notify all to whom he writes that his address is not complete without the number. Residents of small cities, towns and rural regions should inquire of their correspondents in the large cities concerning the number assigned to the city residents' branch post office so that the mail may be expedited. The degree to which mail will be expedited depends upon the extent to which the numbers are used by mailers.

Canning Club To Be Organized

A girls' 4-H Canning Club will be organized at the home of Mrs. Joseph Hubbard at 4:00 o'clock on Thursday afternoon, June 24th. All girls ten years of age and older who are interested are invited to be at this meeting. Miss Mary Woodward, County Home Demonstration agent, will be present to help organize.

A New Weekly Series of HOME CANNING RECIPES

Beginning in The American Weekly with this Sunday's (June 20) issue of The Detroit Sunday Times...and continuing for several weeks...will be recipes for putting up fruit, berries, meats and vegetables at home. Watch for this home canning feature in the Housewife's Food Almanac in The American Weekly with The Detroit Sunday Times.

Our Boys In The Service

Dear Mr. Stamp:

I received the Clarkston News at my new barracks. I wish to thank you for all the trouble I cause you by moving around all the time. I sure do appreciate the news from home as I really am anxious to get news from there.

I am well on my way in Radio School now and I like it very much. It takes four months to finish the course but I think I will live through it.

Thanks again for the News.

Yours
Hugh Cheeseman.

Corporal Gerald Davies spent the past week in Clarkston with his mother, Mrs. Minnie Davies and his sisters, Evelyn and Nancy. Gerald is stationed in Oregon. He is feeling fine and finds his army work very interesting. He says that every true American has a big job to do and he is quite willing to try to do his share and make the best of all circumstances.

Gulfport, Miss.

Dear Mr. Stamp:

I'd like to send this letter to show my gratitude for receiving the good, old Clarkston News every week here in the army. It keeps track of people there in town and makes you want to get this all over and get back home sooner.

I am going to one of the government A.M. schools and I think I am learning a lot from it. I expect to be put in a factory school or go to Aerial Gunnery after leaving here. I hope that if I do get to go to a factory school that it will be in Detroit.

Will close for now and please continue the sending of the paper, if you will.

Sincerely
Ralph Kennedy

Methodist W.S.C.S. To Meet July 6

Out Door Dinner and Meeting Is Planned

On Tuesday, July 6th, the W. S. C. S. of the Clarkston Methodist Church will have a general meeting on the lawn at the home of Mrs. Pearl Urch. The Martha Circle will be in charge. A pot-luck dinner will be enjoyed at 12:30. Every one attending is requested to bring their own table service, their own sandwiches and one other dish of food. Keep the date in mind, Tuesday, July 6th, and plan to attend.

Canning Demonstrated Friday, June 25

On Friday, June 25th, at 1:30 p. m. the Nutrition Council of the O.P.A. will sponsor a Canning Demonstration in the Clarkston School. Everyone is urged to attend this interesting and educational meeting.

Farm Labor Problem Is Being Solved

Campaigns to recruit extra help for farmers have resulted in some progress during the past week. Between fifteen and twenty community committees throughout the county have been engaged in registering towns-people for "extra-hour" emergency help. The results have been gratifying.

Throughout the county towns-people are going out on near-by farms to drive tractors at odd hours. By this time everyone understands the farm labor shortage. Every expedient to relieve the shortage helps speed victory and helps the farmer. If we can urge cooperation from city people it will help them to understand a few of the farmers' problems.

Another goal our community labor committee has established is a reserve of the available labor to meet the emergency requirements of the farmers. Some of the towns-people who sign up for farm work may never be called upon, but the very fact that community committees have a list of people available to work on farms may help save a crop.

Mrs. O. H. Ganther of route 1, Davisburg, will present her piano pupils in a recital on Monday evening, June 21st, at eight o'clock at the Andersonville Presbyterian Church. The public is invited. The following pupils will take part: Carroll Grotters, Margo Jenks, Esther Ware, Kathleen Percival, Geraldine and Joan Fuller, Jo Ann Bredlow, Patricia Carpenter, Marilyn Sheehy, Mrs. Lee Sheehy, Phyllis Wiechert, Solvey and Sylvia Peterson, LaVeri Alexander and Caroline Beardsley.

Clarkston School Band Gives Exhibition

Last Friday afternoon the Clarkston School Band directed by Walter Wainowski paraded and gave a band concert in downtown Clarkston. There were about forty in uniform and with Bill Radoye as drum major they made a very fine showing as they marched along Main St. and down Washington St. In front of the Ford factory on Washington Street they halted, played several stirring numbers and gave an exhibition of figure marching.

The townspeople lined the streets to applaud these young musicians for their splendid work. This may be the last time this season that we will have the privilege of hearing and seeing the school band. Several members of the band will be in the armed forces in a few weeks.

CHRISTIAN SCIENCE CHURCHES

"Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, June 20. The Golden Text (I Cor. 8:6) is: "To us there is but one God, the Father, of whom are all things, and we in him."

Among the Bible citations is this passage (Rev. 4:11): "Thou are worthy, O Lord, to receive glory and honour and power: for thou hast created all things, and for thy pleasure they are and were created."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.335): "Spirit, God, has created all in and of Himself."

ATTENTION!

All civilian defense members and all men who are interested are asked to be at the Clarkston school on Thursday evening, June 24th at 7:30 o'clock. They will receive instructions from Sgt. Chas. E. Broegman of the Michigan State troops and also see a moving picture.

Convalescent Home Opened in Clarkston

Clarkston Rest Haven has opened at 130 N. Main Street. Mrs. Gertrude Britten, the owner and operator of this home for chronic, post-operative and convalescent cases, is well known in this district, having nursed in and near Clarkston since 1930.

Byron T. Miller Among Graduates at Howe Military School

Cadet Byron T. Miller graduated from the Howe Military School in Howe, Indiana last Sunday. He was kept busy for the last three days of last week playing host to his friends and relatives who went to Howe to attend the graduation functions and exercises.

Byron's parents, Mr. and Mrs. Seymour Miller and his twin sister, Inez Mae, and his brother, David, went to Howe on Friday and witnessed the Military Inspection on Saturday morning at which time the graduates received their athletic awards. Mr. and Mrs. Fred Beckman and daughter, Harriett, of Clarkston, Mr. and Mrs. Arthur Beckman of Lapeer and Mr. and Mrs. Thurston Smith of Pontiac went to Howe on Saturday and all attended the Commencement Ball on Saturday night. Sunday morning and in the afternoon the Commencement baccalaureate service was held. Exercises took place when the graduates received their academic awards.

Cooperation Asked In Garbage Collection

Folks in this district who have their garbage collected each week are asked to consider their collector. Cooperate with him in every way you can. Today we must consider tires, gas and manpower. Do not think that because you are paying for this collection that any man can do the impossible.

If Ben Powell is your collector then he will make a stop at your place every Monday and Thursday and you must have your garbage at the curb for easy pickup. If it is not there then it is your fault if it isn't collected. This week and this week only, to accommodate those who forgot to place their garbage at the curb on Thursday, a collection will be made on Saturday.

Everyone is working hard these days so let's cooperate.

Rationing of Pressure Cookers

Information has been received by Walter R. Cook, Chairman of the Oakland County U.S.D.A. War Board to announce the procedure of making applications for pressure cookers. The rationing of these cookers will be handled by the County Farm Machinery Rationing Committee and an advisory committee appointed by the War Board. The Chairman of this Committee, Mr. Harold Albertson, will be Chairman of this joint Committee. The advisory committee is Miss Mary Woodward, Home Demonstrator Agent, Mrs. Isahel Baynes, Triple-A Fieldwoman, Mrs. Leslie Tripp, Nutrition Committee Member, Mrs. E. G. Grunau, Chairman of Victory Garden Committee, and Miss Kathryn Boonstra, Home Economics Teacher of Lake Orion.

There has been released for Michigan about 6000 pressure cookers. Since this limited number of pressure cookers must be utilized to obtain the greatest possible amount of home canning of non-acid vegetables and meats, preference will be given to neighborhood pools, organizations, or large families presenting plans for using a pressure cooker the maximum amount of the canning season. Application forms are available at the County War Board Office and will be mailed to anyone requesting them. As far as possible applications and Certificates will be handled by mail. However no action will be taken by the Committee until after the middle of June at least. No consideration will be given to the canning of acid vegetables, and fruits. All applications and requests for applications should be mailed to Oakland County U.S.D.A. War Board, 318 Hubbard Building, Pontiac, Michigan.

June 19th—Saturday morning at 10:45 "Vegetable Crops for Fall Use" will be heard on the Victory Garden Program over WCAR.

If you want a Ford pick-up see the adv. on back page.

Clarkston Teacher Honored At Shower

Mrs. Winn and Miss Piatt Were Hostesses

On Wednesday night Mrs. D. M. Winn and Miss Patricia Piatt entertained at a miscellaneous shower honoring Miss Doris VanHoven who will become a bride this summer.

The main feature of the evening was a mock wedding which kept the guests laughing for almost an hour. The game of "Consequences" provided more fun. Miss Van Hoven was then presented with her gifts and she had plenty fun guessing what was in each package. She received many useful and lovely things and she responded in her usual pleasing manner.

To close a very fine evening dainty refreshments were served at tables centered with pretty floral arrangements. Among the guests was Miss Van Hoven's mother, Mrs. VanHoven, from Zeeland, Mich.

Young People Enjoy Waldenwoods Camp

When the youth leaders held their annual camp at Waldenwoods on June 4, 5 and 6 there were 22 counties represented. From these counties there were 130 young people with their county agents. The seven from Oakland County included: June and Robert Porritt from Ball Mountain; Lee Carpenter from Pontiac; Doris Short of Big Beaver; Dick Fuller of Oxford; Lois Gessert of Birmingham and Robert Hubbard of Clarkston. This group represented the County 4-H Service Club.

The program was interesting from start to finish. Three educational skits were given; one on Table Manners, another on How to get Acquainted and the third, How to Dress when you go to church. There were many splendid talks and profitable discussion topics were: Making a Living; Democracy Problems; How to take care of Labor after the War; Food Problem; Recreation.

On Saturday afternoon the young people had a choice of three tours. They could tour the farm of the owner of Waldenwoods; go to the Library in Hartland or go on a Conservation Tour. A banquet was served on Saturday night and this was followed by movies and dancing. On Sunday the camp went to the Music Hall in Hartland for church services. The youth from the camp formed a choir and sang several numbers.

The Beginning

The Class of forty-three is on its way

And all the things you are today, Are as they are by virtue of Your parents' work and lasting love, But now there'll be some changes made

For those who lead in life's parade, Must venture forth and ne'er look back. The force of good and strength attract,

So you may rise above despairs Cluttering live's thoroughfares. With what we've had we've done our best

To fit you for your greatest test. In tests like this a few will fail To reach the peaks along life's trail, But we won't hasten to condemn

Deeds or misdeeds of younger men, For we have found to our surprise That underdogs will often rise Through time—the quantity unknown To be the monarchs of life's throne.

BUSES ROLLING
 Keep Production Rolling

YOU CAN HELP BUS TRANSPORTATION do its full wartime job by timing your travel wisely — going before or after the July and August rush period, departing and returning on mid-week days rather than on week-ends, getting tickets and information in advance, taking less baggage than usual.

• Buses bound for busy war plants are doing one of their most vital jobs — moving the manpower that keeps the assembly lines moving. Taking men and women to their work in factories or on farms, carrying travelers on trips essential to the war effort, transporting selectees and men in uniform — that's how Greyhound is serving the home-front today.

Almost as important as getting war workers to work is getting them away from work when "civilian fur-loughs" are in order—when rest and change are needed to get these men and women back to top efficiency.

How 33 years of research have made your lighting 1c 1c grow and GROW and GROW!

The 100-watt lamp you use today gives you just about twice as much light for the electricity you use as the same size bulb in 1910! That's a lot of extra light for your money. But that isn't all, because residential electricity today is costing you only about half of what it did back in 1910. That's what scientific research and development have done for your comfort and for the protection of your eyes when you read or sew or work.

THREE WAYS TO MAKE SURE YOU USE ALL THE EXTRA LIGHT SCIENCE HAS GIVEN YOU

1. Avoid glare. Glare from bare bulbs or wrongly placed lamps makes it hard to see with comfort, no matter how much light you have.
2. Avoid shadows. When you read or work in your own shadow you are using only a part of the light that is available. It is just as easy to use it all.
3. Dirt and dust collecting on light bulbs and reflectors can cut your light-in-half. Clean them regularly.

Red Cross News

Announcement was made last week at the annual meeting of the Oakland County Chapter American Red Cross at Birmingham Community House that an award of merit has been made by the American National Red Cross to the Local Chapter. This announcement was made by Royal C. Agne assistant manager of the Midwestern Area Office at St. Louis. Mr. Agne also stated that a citation would go to the War Fund Chairman R. W. Essig.

Byron B. Webb was reelected Chapter Chairman at the meeting and Marshall Smith and Leo P. Atkins were also reelected as First Vice Chairman and Treasurer respectively. Clarence Kimball was elected Second Vice Chairman and Mrs. Earle Kneale, Secretary.

Mr. Agne in his address placed particular emphasis on the work of the Red Cross with the men in the armed forces citing the fact that the Red Cross is always in close contact with

the service man not only on posts or at naval bases in this country but accompanies each convoy which leaves this country and follows him up to the front lines. Red Cross nurses attend him in illness, recreation workers and club mobiles are at his disposal as he comes back from the front. Red Cross Clubs provide rest and entertainment when on furlough and if he becomes a Prisoner of War the International Red Cross guards his treatment in camp and also transmits a prisoner of war package to him. In all of this the Local Red Cross has assisted greatly.

Mr. Agne also stated that at this time the American National Red Cross is feeding 45,000 individuals in flood areas and has established 121 refugee camps. Assistance to individuals in disaster is based on need. Mrs. Frank W. Shuell was chairman of arrangements.

Directors elected for Brandon Township last evening were: Mrs. Frank Brigham, Mrs. Joseph Seeterlin was elected from Independence Township, Mrs. Glenn Ellis from Springfield.

forenoon, at said Probate Office, he and is hereby appointed for hearing said petition.

It is Further Ordered, that public notice be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Clarkston News, a newspaper, printed and circulated in said County.

THE OLD JUDGE SAYS...

"How about joinin' us in a game, Judge?... I'll drop out for a while."
"Sorry, Phil, but I can't today... I'm on my way up to the hospital to see how Frank's wife is coming along. I just dropped by to give you the answer to that question you asked me about synthetic rubber yesterday in the barber shop. I looked it up and found out that the beverage distilling industry's facilities for producing grain alcohol make it possible to include 200,000 tons of rubber

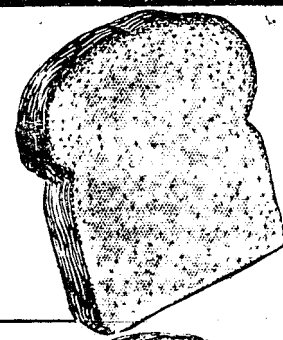

from grain in the government's 870,000 ton synthetic rubber program.
"I also verified the fact that no distiller is making whiskey today. They all stopped making whiskey last year and are working night and day, 7 days a week, producing war alcohol for the government... for smokeless powder, chemical warfare materials, medical supplies, as well as for synthetic rubber. It's a mighty good thing these distilleries were in existence ready to do this important job."

You like pure white bread... You need whole wheat values... Which bread will you buy?

No!

"Dingy" white bread, made from ordinary flour — does not satisfy eye or taste. Texture is coarse, uneven.

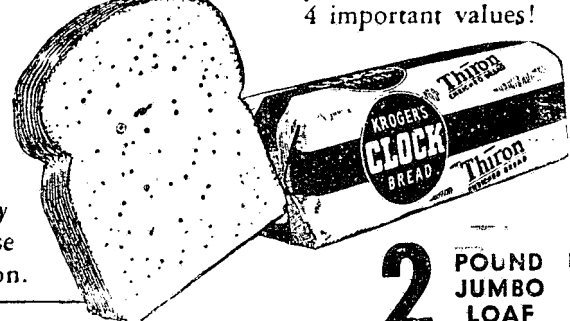

KROGER'S CLOCK BREAD ENRICHED WITH NEW SUPER Thiron

Exclusive Super-Thiron adds Riboflavin, steps up 2 other B Vitamins and Iron to give you whole wheat strength in 4 important values!

Yes!

CLOCK BREAD is pure white! Kroger uses costlier flour. And you get many whole wheat values because it contains Super-Thiron.

IF YOUR LONG DISTANCE OPERATOR SAYS—

"Please limit your call to 5 minutes. Others are waiting."

It's because . . .

. . . telephone circuits to the point you are calling are overloaded and your help is needed to clear the lines for other necessary calls.

Much of the time there's an extra-heavy load on many lines, especially those to war-busy centers. And sufficient materials can't be had with which to expand the telephone system.

You can help improve the critical service condition, if you will . . .

1. Make only the most necessary long distance calls.
2. When you must telephone long distance, limit your call to 5 minutes or less.
