CLARKSTON, MICHIGAN, FRIDAY, JUNE 25, 1943

NUMBER 43

Commencement Exercises Very Impressive

"The Four Freedoms" Was the Theme For the Program

On Thursday evening of last week thirty-six seniors of the Clarkston High School received their graduation diplomas after a very impressive program. With our country at war and our young manhood giving their lives for what we hold dear what could have been more appropriate than the theme that the Seniors chose for their program, "The Four Freedoms": Freedom of Speech, Freedom of Worship, Freedom from Fear and Freedom from Want.

Promptly at eight o'clock the graduates marched into the auditorium to music by the High School Band under the leadership of Walter Wainowski, and took their places on the stage. At the front corners of the stage to the foot of the steps going up to the stage were large baskets of beautiful peonies so arranged that they formed a large "V". On the piano towards the back of the stage was a large basket of carnations, the class flower. The Rev. Walter Ballagh, pastor of the Clarkston Baptist Church, pronounced the Invocation. Stanley Perrin, president of the class, gave a brief Welcome and then announced each number on the program. Mary Edgar, Helen Hodges, Norma Davison and Margaret Beattie, the Senior Girls' Quartet, sang two pretty numbers. Mazy Wompole, Salutatorian, expressed her regrets at having to leave the Clarkston school and introduced the Four Freedoms. Evelyn McCann, an honor student, discussed the Freedom of Speech. Mary Edgar, a talented Senior, played a piano solo. Freedom of Worship was discussed by Helen Hodges and Freedom of Fear by Inez Miller, both honor students. Stanley Perrin, class president, favored the group with a violin solo and this was followed by the speech by the Valedictorian, Margaret Ann Beattie. The speeches were all outstanding and were delivered in an extraordinary manner. They evidenced the fact that these young people were doing very clear thinking and were ready to take their places as citizens of a great country. After the singing of two numbers by the Senior Chorus, Robert C. Beattie, President of the Board of Education presented the diplomas. Rev. Ballagh pronounced the Benediction and then to the march "Passing Parade" played by the school band the graduates formed a line in the auditorium to greet their friends.

While most school graduations are happy occasions, and this one was to a certain extent, yet this year it meant much more in the lives of these young people than in previous years. Graduation night meant that these boys and girls who had spent many school years together were now at the parting of the way. On Friday several of the boys were called to the induction center and this week and next will see them in the Army or the Navy.

Clarkston Locals

Stewart Baynes had as his guest this week Ross Stevenson of Ferndale.

Mrs. Howard Lord accepted a position at the Clarkston State Bank on Monday morning.

Our Boys In The Service

Palm Springs, Calif.
June 12, 1943

Dear Mr. Stamp:

Received the home town News yesterday and was glad to be able to read what was going on back home. I cannot begin to tell you how much I enjoy having The Clarkston News sent to me.

I have been laid up since April 28, 1943 in Torrey General Hospital in Palm Springs, Calif., and will be here for some time yet. During this time I have gone through the Clarkston News and letters I have received from home and friends in Clarkston and they keep me happy.

I will not say what I have been through but you will be able to understand when you see me soon. I have met a lot of my friends from Pontiac, Detroit and Fenton. It seems good to run into old friends. I am waiting and in hopes to see some of the boys in Clarkston.

I will have to say so-long for now and thanks a lot for the News.

Sincerely,
Pvt. Seymour Miller, Jr.

Naval Aviation Cadet Russell Ivan Morgan, of route 2, Clarkston, Mich., has completed three months of physical conditioning and ground school work at the U. S. Navy Pre-Flight School in Georgia. He has been ordered to the Naval Air Station at Memphis, Tenn. to begin progressive flight training preparatory to joining a combat unit.

Dear Mr. and Mrs. Stamp:

I have intended writing this letter for a long time, but never seemed to have the opportunity.

The mail service to our ship is so irregular that I am not very familiar with the home town news. In fact we have received nothing but a few V mail letters in over three weeks. We all hope to get a good sized batch of mail soon.

The variable mail service, no doubt, is the reason I have not received your Clarkston News since the middle of March. I really miss the paper and have been wondering if it would speed it up any to have Mother send it out to me first class mail. I am going to write Mother immediately and ask her to check into the possibility of doing so.

One of the boys got a copy of the magazine "Life", in which it showed some of the results of rationing in the States. If only they would send some of the ration violators and strikers out here for a few weeks, I believe conditions would brighten around home, and production would definitely pick up. There certainly is a vast difference in the life out here as compared to any form of living in the States. Of course some of our less advanced bases can be considered as partial exceptions, having almost all of the comforts of home.

We are hoping for an early victory, but unfortunately wars are not won through day dreaming alone.

Sincerely,
Clare Rasmuson

Mothers of Service Boys To Meet July 8

All mothers of boys in the service from this district who are interested in working as a group for the good of the boys are asked to meet at the home of Mrs. George Perry on Thursday afternoon, July 8th, at 2 o'clock. There are perhaps many things you could do as a group that it is difficult to do individually so every mother is not only invited but is urged to attend this meeting.

Rose Bug or Rose Chafer Serious Pest

A serious epidemic of rose chafers has made its appearance in Oakland County this week. This pest, a beetle one half inch long, drab colored, is literally covering many plants on which it feeds. These young bushes—pears, apples, grapes, sweet cherries, roses, as well as many others. It is as well as many other plants. It is a difficult pest to control and where possible, and where only a few plants are involved, placing a canvass under the plant and shaking the insects onto the canvass, or hand-picking several times a day, may prove satisfactory. Where one may spray, such as fruit trees, the following is recommended:—25 pounds of spray lime, 5 pounds of Bentonite sulphur, in 100 gallons of water on peaches, apples and pears. Sweet cherries and young apple trees are injured by more than 15 pounds of the lime to 100 gallons of spray.

In previous years the Pyrethrum sprays have been effective but on ornamentals such as roses or peonies, where the lime applications would be unsightly, the only remedy remains in hand-picking for the duration.

Hospital Tag Day Saturday, June 26

Now, if ever, the hospitals in our county need your help. To keep a strong home front we must keep our hospitals equipped and ready to take care of emergencies. The annual Tag Day for the St. Joseph Mercy Hospital will be held in this district on Saturday, June 26th. The money you contributed on Tag Day last year helped to treat 6712 cases; helped furnish, without cost, 475 pairs of glasses to children in the county and helped purchase some much needed equipment. You are asked to be generous on Saturday.

The committee in charge in this district is composed of Misses May and Nell Barry and Mrs. Milen Vliet. They will be assisted by Mrs. Gray Robertson, Mrs. Jerry Dark, Mrs. Edward Seeterlin, Mrs. Durand Ogden, Mrs. Arthur Schurz, Mrs. Linsley Coon, Mrs. LeRoy Addis, Mrs. William Johnston, Mrs. Russell Colston, Mrs. C. W. Russell, Mrs. George Fleming, Mrs. John Reynolds and Miss Theonila Alger.

The committee will meet at Caribou Inn at 10 a. m.

Oakland County 4-H Delegates To 1943 Club Week

Eight boys and girls chosen as county honor delegates in 4-H club work during the past year will attend the 25th Annual 4-H Club Week at Michigan State College, East Lansing, June 28th to July 1st, 1943, according to Mary Woodward, Home Extension Agent, and Karl Bailey, County Agricultural Agent.

Mary Jane Lewis of Drayton Plains was chosen for her work in the third year of the clothing project. She has been an officer of her club and an honor member the last two years in her 4-H club work.

Wilbur Adams of Clarkston has done fine work in his sheep project for the past three years. He has participated in county and state judging and gave a sheep blocking demonstration at the State 4-H show last fall with another member of his club.

Each year local leaders who have given loyal and a number of years of service to 4-H clubs are chosen to attend Club Week. Mrs. Alfred Hutchinson of Drayton Plains, has been a leader for twelve years. A number of girls in her clubs have done outstanding work. Mary Jane Lewis, who is a delegate this year, is a member of her club.

Canning Foods Demonstrated Today

This afternoon starting at 1:30 methods of canning foods will be demonstrated at the Clarkston School. This demonstration is being sponsored by the Nutrition Council of the OPA. Anyone interested in this timely subject is urged to attend.

Fishing Season Opens Friday

War Work and Gas Rationing Will Cut Number on Lakes

State conservation officers are not expecting the usual large influx of fishermen to invade the choice fishing areas of the northern part of the state June 25, the day set for the opening of the general fishing season.

Many fishermen who haven't missed an opening day since they were old enough to bait a hook will remain at their essential war jobs on this red-letter day in every fisherman's calendar. Gasoline rationing will prevent others from being on the lakes at all, or will force them to go to lakes nearer home. For this reason, conservation officers are anticipating an unusually large concentration of fishermen on the lakes in the southern part of the state, near the large population centers.

The department reports that so far this season on the designated pike lakes, which have been open to restricted fishing since May 15, the usual week-end concentration of fishermen has not been evident. Factory swing-shifts and staggered work schedules have produced a situation where a few fishermen are on the lakes every day in the week instead of the former hordes that crowded the lakes on every spring and summer week end.

Request for Bids

Sealed Bids are requested for the purchase of the Model A Ford Pickup now owned by the Village of Clarkston. Bid must state the cash price offered. The Village reserves the right to reject any or all bids. Bids must be presented to the Council July 6, 1943 at 8:30 P. M. Dated June 16, 1943
Village of Clarkston

Patriotic Parade In Clarkston Monday, July 5

More Than 100 Prizes For the Children

The Clarkston Rotary Club with the local American Legion Post cooperating will sponsor a parade for the children on Monday, July 5th. The High School Band will lead the parade and in the lineup along with the children will be the members of the American Legion Post, the Nurses' Corps, the Air Raid Wardens, the Police and Auxiliary Police and others.

The parade will start at Main and Miller Road and come down Main Street to the business block. There will be more than 100 prizes for the children. At the finish of the parade there will be refreshments for the children.

Joseph Seeterlin is general chairman. More details will be given next week.

ANDERSONVILLE CHURCH

Howard Jewell, Pastor
10:30 A. M. Morning Worship.
11:30 A. M. Sunday School.

CHRISTIAN SCIENCE CHURCHES

"Christian Science" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, June 27. The Golden Text (Isaiah 60:1) is: "Arise, shine; for thy light is come, and the glory of the Lord is risen upon thee."

Among the Bible citations is this passage (Eph. 4:31,32): "Let all bitterness, and wrath, and anger, and clamour, and evil speaking, be put away from you, with all malice: And be ye kind one to another, tender-hearted, forgiving one another, even as God for Christ's sake hath forgiven you."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.138): "Jesus established in the Christian era the

Many Local Boys Leave For Service During Next 2 Weeks

Boys Were Feted at Party Last Saturday Night

Last Saturday night the boys from this district who will be in the armed service sometime during the next two weeks were honored at a party at the Groveland Grange Hall. There were about one hundred couples attended. Ward Dunston, who was responsible for the lovely affair, is to be complimented on the success of a very fine time. Dancing was enjoyed and refreshments were served. A gift was presented to each boy entering the service.

Among those who leave this week are Dick Shaughnessy, Don Smith, Ralph Tower in the Navy and Edward Ross in the SeaBees. Those who leave next week include Edwin Ross, Bill O'Roark, Keith Kerton, Bill Wilson, Bob Henry and Jim Moore in the Army; Stewart Baynes in the U.S.N.R.—V-1.

Piano Students Presented in Recital

On Monday evening Mrs. Charles Matthews presented her piano students in a recital at the home of Mr. and Mrs. Gerald O'Dell. Although it was a very warm night the students appeared to be calm and they looked cool in their summer clothes; the boys in their light shirts and long trousers and the girls in flimsy dresses, some of the older girls in evening dresses. To add to the summery effect peonies and syringa were used in profusion throughout the house.

It was a real musical treat indeed and was enjoyed by many parents and friends. Those taking part were Phillip Barker, Elaine Watson, Richard Huttenlocher, Judy O'Dell, Martha Clark, Mary Porritt, Mary Lou Althouse, Mary Jane Beattie, David Leak, Barbara Rioux, Pat Watson, Joan Johnston, Ethelyn Smith, Katherine LaPlante, Doris Boyens, Ruth Davies, Mary Edgar and Adele Thomas. A guest artist was Phyllis Mansfield who sang two pretty numbers with Adele Thomas playing the piano accompaniment.

Rotary Club News

The following boys from our community were guests of the club, at the last meeting, with dinner served at 6:30 P. M.: Stewart Baynes, Keith Kerton, Dick Shaughnessy, Don Smith, Bill O'Roark, Ralph Tower and Edward Ross. All of them will shortly be members of our armed forces and we were delighted to have them with us. Many songs were sung and all members of the club, turned the tables on the boys and gave them three rousing cheers. Gerald O'Dell, past President of the club, gave a most interesting talk on the events of his recent Detroit Board of Commerce cruise, on the Greater Detroit, which consumed four delightful days of sailing and sightseeing on the Great Lakes. Thanks Jerry, it almost seemed like we had also been on the trip.

Next Monday night, the third annual meeting of the Club, with every member urged to be present. Bob Jones, Secretary of the club, will give a short resume of the past year's work. The members who have not missed a single meeting for the year, will be presented with a club pin and some, who have not missed for two and three years, will also be given pins. Retiring president, Slip Megee, will give a short talk and then turn the gavel over to President-elect Bob Beattie, who will introduce all of the new officers and members of the new Board of Directors. He will also announce his committee appointments for the coming year. We are looking forward to a great year, under Bob's leadership, and every member will want to make this coming meeting a MUST on his schedule of things to do, next Monday night.

Coming Events

July 6th—Tuesday—the W. S. C. S. of the Methodist Church will hold the general meeting on the lawn at the home of Mrs. Pearl Urch. The Mary circle will be in charge. There will be a pot-luck dinner at 12:30. Everyone is asked to furnish their own table service, their own sandwiches and one other dish of food. Remember the date, Tuesday, July 6th.

The members of the Dorcas Circle are asked to remember the Apron Sale on July 6th. See that you send an apron to the meeting.

precedent for all Christianity, theology, and healing. Christians are under as direct orders now, as they were then, to be Christlike, to possess the Christ-spirit, to follow the Christ-example, and to heal the sick as well as the sinning."

July 1 Is Deadline For Entries in Victory Garden Contest

Your local Victory Garden Committee wishes to call your attention to the fact that July 1st is the deadline for receiving entries in the State Victory Garden Contest. Entry cards and Victory Garden window stickers are available from your local committee. Why not secure an entry card to-day, fill it out and return it to William Vliet, Chairman of your local committee thus making your garden eligible for competition in this contest? Contest entries are beginning to come in fairly well now and it is hoped that July 1st will find many local gardeners entered in this contest. Gardens will be judged twice, the first inspection by local judges before July 10th, a second judging will be made in August.

The seriousness of the food situation, particularly in view of the extremely bad planting season, cannot be overstated. Every family is urged to produce as much of their family's food supply in a Victory Garden as they possibly can. It is still not too late to plant tomatoes, beets, turnips, cabbage, carrots and beans which will have time to mature before cold weather. Particular emphasis should be placed on crops that may be canned or stored to provide a supply of food for next winter.

Your local committee has numerous pamphlets on garden practices, control of insects, etc., which they will be glad to distribute to you on request.

Something Happened To Fats Collection

Oakland County Below Quota

Something happened to our fats collection in Oakland County. We dropped from 35,444 lbs in March to 29,707 lbs in May. We stood 9th in the State with just 81.5% of our quota.

Can't we do as well as those three counties that went over the top with more than 100% collection?

Fat is what we need. Fat is what we must get. See that you take your share to your grocer or butcher each week.

Births

Born to Mr. and Mrs. Allan Hinz: 7 lb., son, Allan Edward, on Friday, June 11th, at the Pontiac General Hospital.

Born to Mr. and Mrs. Carroll Fortness of Clarkston a son, Marston James, on Friday, June 18th.

Boys of Yesterday

Put yesterday we called them boys. And coddled them in tender care. Selected types of games and toys. Considered best for their welfare. But that was yesterday my dear. When they were ours to cater to. But now their parting time draws near.

For Uncle Sam has work to do. It's hard to visualize this lad Trading books for army gun. Yet he is not the one who's sad. For it's the mother, not the son. Who's going to lose the joy she knew. In caring for his every whim. Sharing trials that he went thru. And bringing out the best in him. The boys step up when duty calls. Casting aside the ties of home. Heroically leaving these friendly walls.

To march out in the world alone, Nor do they mourn the fate that's theirs.

Or seek the blame on some to place, For so arranging world affairs. That they must save the human race. Robert C. Beattie. (All rights reserved)

Waterford

The O.D.O. met Thursday P.M. at the home of Mrs. John Frazier.

Vera Jean Laney of Wayne is spending a vacation at the home of Mr. and Mrs. Charles Maxwell.

Rev. and Mrs. Charles Shock of Leonidas are conducting a Bible school at Waterford Center this week.

Pvt. Earl Mitchell of Ft. Custer spent the weekend here with his wife and parents, Mr. and Mrs. Fred Mitchell.

Mr. and Mrs. Fred Mitchell had as their guest over the weekend the latter's sister, Mrs. Ash, of Grand Rapids.

Jimmie Sutton has accepted a position on the freighter John Hulst of the Pittsburgh Oil Co. plying between Duluth and Cleveland.

About twenty members of the Women's Community Club enjoyed a picnic on Tuesday in George King's woods.

The Women's Community Club held a paper demonstration at the home of

Mrs. Otto Duguid on Thursday evening.

Mrs. Lawrence Harrup and daughter, Temple, of Cleveland, arrived Sunday to spend some time as guests of Mr. and Mrs. Harry Harrup.

Mrs. John Gillespie and daughter Helen will visit A.S. Albert Banford at Great Lakes Naval Training Station this weekend.

Born to Mr. and Mrs. Fred McDonald, nee Florence Bozek, of Detroit, a daughter, Sandra Rose, at Grace Hospital on Wednesday of last week.

Mrs. James Saylor returned home today having spent the past week as guest of her sister, Mrs. R. J. Sheehy and family and niece, Mrs. Irving Brown, in Grayling.

Ernest Sibilsky, who has been a patient in St. Joseph Mercy Hospital the past two weeks, is convalescing at the home of his sister, Mrs. William Kratt.

Ten members of the Good Will Club met for a pot luck luncheon at the home of Mrs. F. M. Thompson on Thursday. Mrs. Russell Maybee conducted the business meeting.

A potluck supper will be held in the school on Saturday evening at 6:30 honoring the Howard Burt family who will move to Walled Lake later in the summer.

Mrs. Emaline Hurd entertained at a birthday breakfast for Mrs. Earl Schwalb on Tuesday a. m. Besides the honoree, guests included Mrs. P. L. McLaughlin, Mrs. Otto Duguid and Mrs. David Mepharm.

Guests at the home of Mrs. Emaline Hurd and Mrs. Elizabeth Britton on Sunday were Roy Britton of Pontiac, Fred Kelly of Pontiac and Mr. and Mrs. Lovell Hurd of Highland Park.

Twenty-four members of the Women's Community Club met at the home of Mrs. H. F. Harrup on Thursday for their regular monthly business meeting. Mrs. Arthur Walter and Mrs. Leona McCaffrey were co-hostesses. Plans were made for a contest to run until the September meeting.

Mrs. Charles Parmenter of Andersonville Rd. was taken to General Hospital on Saturday suffering from an electric shock received from a short circuit in a washing machine. She was found in an unconscious condition by a neighbor, Mrs. August Stallman. Mrs. Parmenter was released from the hospital on Sunday.

Vacation Bible school opened on Monday a. m. at 9:00 o'clock in the Community church with 86 members enrolled. Rev. Nelson Kring is in charge, assisted by Lois Burt, Fay Nelson, Katheryne Howell, Mrs. Frank Schultz, Mrs. Stephen Phitterplace, Mrs. H. Mehlberg and Rev. Rob't Bach.

A luncheon was held at the Old Mill Tavern honoring Mr. and Mrs. H. T. Burt and Mrs. Ralph Barker on Thursday noon. Mr. Burt, principal of Waterford High School, and Mrs. Barker, second grade teacher, will not return next year. Those attending besides the honorees were Mrs. Helen Sanford, Mrs. Astrid Johnson, Mrs. Carrie Hubble, Jan Shoultier, Mildred Klevens, Mrs. Rachel Manz, Mrs. Irene Bellow, Mrs.

Florence Shlosser, Miss Julia Dazell, Mrs. Marian Ojalo, Mrs. James Sutton, J. Clinton Dillon, Harry Hindman and John Miller.

The Waterford township board of education announces that the Waterford township schools will conduct a summer playground program this year. This program is open to all students of Waterford township schools and will be carried out in the following centers: Waterford Village school, Drayton Plains school, Waterford Center, Covert, Donelson, Four Towns and Stringham schools. Children interested in this program may participate at the center most convenient to their homes.

All children will enroll at the centers at 10 o'clock, Tuesday, July 6. The program will continue from that date through Aug. 13. The specific schedule for each center will be announced on the date of enrollment. All children who plan to enroll should be present the first day July 6 as the number will determine the program details for each center. In any case where there are not sufficient children interested, two or more centers will be combined. Enrollment on the first day is important in order that such adjustments may be made.

At graduating exercises at the Waterford school on Thursday evening seventeen members of the tenth grade received diplomas. They were Donald Beedle, Jean Callahan, Helmut Engler, Barbara Fosdick, Betty Gelow, Melvin Inglehart, Jun Kojima, Buddy Kratt, Mary Jean Killaine, Virginia Knox, Kitty Lou McLaughlin, Linda Jane Myers, Patricia Stites, Howard Steele, Clara Van Zandt, Leeta Wilson and Lorraine Whittaker.

M.S.C. Will Test Cooker Gauges

As a wartime service to Michigan housewives, the Agricultural Engineering department at Michigan State College offers to test pressure cooker gauges so that home food processing will be safer, lead the less spoilage and produce a better quality food reserve.

Pressure cooker gauges have dials reading in pounds of steam pressure. Through corrosion or misuse the

needles sometimes read too high or too low. Pressures too low confuse the cook, often lead to food spoilage or to food poisoning. Pressures, too high, caused by gauges reading too low, result in over-cooking, destroying the quality of the product.

Gauges to be tested should be removed carefully from the cooker cover. If the threads appear to be too tightly corroded, owners are warned not to damage either gauge or cover. Instead they can send in the entire cover with gauge attached, although this requires more packing, more postage and makes the testing more difficult.

Protection should be adequate, packing in layers of crumpled newspaper and enclosing in a stiff paper box. Twenty-five cents in coin or stamps should be enclosed to cover part of the cost of return postage and handling. Another warning is to write clearly or print owner's name and return address.

The packaged gauges may be mailed to W. H. Sheldon, Agricultural Engineering Department, Michigan State College. Unless a deluge of gauges arrives, the instruments will be checked and remailed the day they arrive.

Information to be returned with the gauge will include any deviation from a normal reading. The gauge will be adjusted to normal or near normal reading if possible.

VERY PECULIAR PROBLEMS OF THE DRAFT BOARDS

The youth who dressed as a girl but forgot to shave; reluctant recruits too fragile for serum shots, too enamored with drinking and even not sure there's a war... a full page of actual cases from files of FBI, in The American Weekly with this Sunday's (June 27) issue of The Detroit Sunday Times.

Shoes are being made with soles of plastic, felt, wood, combination of cotton and wool, cord and friction belting and other fabric and synthetic substances.

In the Midwest war production region 2,200 war plants reported a 69 percent increase within six months in the employment of women workers.

Bomb the Japs with Junk!

GOT THOSE "VACATION BLUES"

They are not hard to get, especially if you planned a trip all year and then had to give it up because you were short of gasoline and tires.

But Wait A Moment!

How about a nice garden?

Or some picnics with friends at our many near-by lakes?

Or a long walk once in a while down one of our country roads? (Not so much traffic these days.)

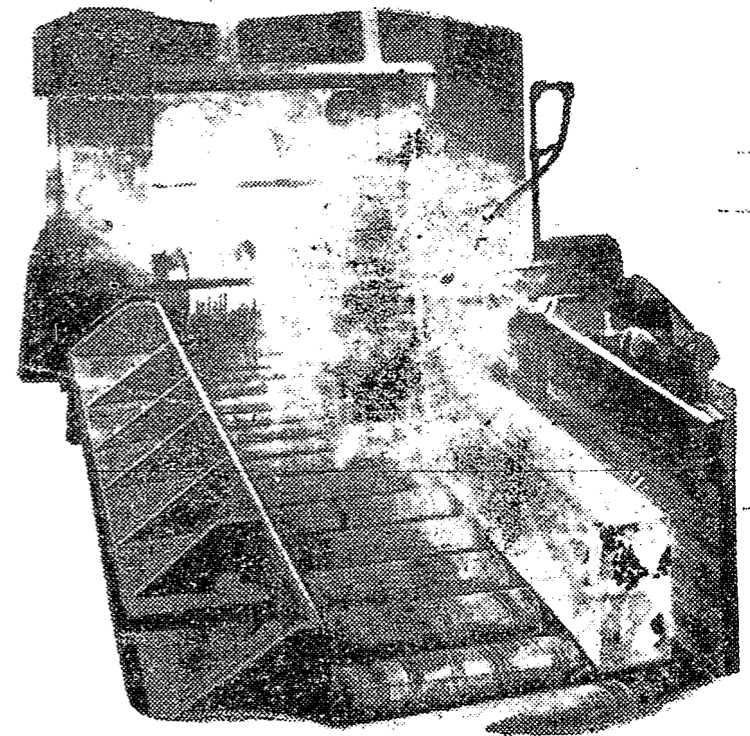

You'll be surprised.

Thousands of tons of
ARMOR PLATE
 for tanks and ships and guns—

... another job Electricity is doing to help win the war

A white-hot ingot of steel weighing several tons shoots along on conveyors in the rolling mill, passing between giant rolls that squeeze it to the desired shape. The whole operation is mechanical: Powerful electric motors turn the rollers that guide the steel on its way. Electric motors of five thousand horsepower operate the huge sheet mills and the great "flying shears" that snip off chunks of steel like paper.

Electricity opens and closes the doors of the open-hearth furnaces where the molten steel is refined. Electricity operates the furnace fans and valves and a variety of auxiliary equipment. Electricity runs the 125-ton crane. Electricity picks up the 175-ton ladle that pours the molten steel into molds. Electricity drives the 200-ton "stripper," which lifts the mold in a pair of giant "ice-tongs" and punches the ingot from the mold with a huge plunger.

Without electric power, the flow of armor plate for today's tanks and ships and guns would be only a dribble. This is just one more job that electricity is doing to help win the war. The Detroit Edison Company.

Electricity is not rationed. But its production requires coal and railroad transportation. Don't waste it!

LAST CHANCE
 —for a long while

"DEAREST MOM," he wrote from a camp in California, "it looks like we'll be moving out soon. Can't tell where we're headed, of course. But I've got a 24-hour leave next Saturday, and I'll be visiting your friends, the Wrights, in Pasadena. You can call me there, on long distance, about 7 o'clock, your time. Gee, Mom, I've been homesick to hear your voice, and maybe this is the last chance for a long while. . . ."

His mother cried a little as she went to

the telephone at 7 o'clock, but her voice was steady when she asked for the Pasadena number.

"I'm sorry," said the long distance operator, "all our lines are busy now. I'll call you as soon as there's a circuit open."

So she waited, thinking of the things she wanted to tell her boy. An hour — two hours — three. And when at last the call got through it was too late. The young soldier's leave was up. He had gone back to camp.

WITH long distance lines overloaded night and day, urgent civilian calls often are delayed. You and you alone can judge whether your call is vitally necessary.

Please make only the most necessary long distance calls.

If you must make a long distance call, be as brief as possible.

MICHIGAN BELL TELEPHONE COMPANY.

Drayton Plains

Pvt. Joseph Kelley is spending a few days on furlough with his mother and friends.

Pvt. Harold Fetheringill is home from Ft. Custer for a few days visit with his wife.

Mr. and Mrs. Leslie Rose of Wayne, Mich., spent last Sunday with Mrs. Martha Tewilliger, Dixie Highway.

Mrs. Sam Chestnut was moved to her home from St. Joseph Mercy Hospital, Pontiac, last Saturday.

Mr. and Mrs. Pierce Boutin have returned from a two weeks vacation at their cottage at Point Lookout, Au Gres, Michigan.

Mr. and Mrs. William McFarland and Mr. and Mrs. Earl Gooden of Detroit spent last Sunday at the home of Mrs. Anna Losche.

Arthur Russ is home on a short furlough from the Great Lakes Training Station. Arthur is the son of Mr. and Mrs. Clyde Russ of Dixie Highway.

Miss Myra Katherine Rowley left last Tuesday morning for Memphis, Tenn., to visit Mr. and Mrs. R. F. McKee and daughter, Miss Patty McKee.

The Blue Star Mothers, Chapter 10, Drayton Plains, will hold a Stanley Brush demonstration in the school auditorium next Thursday evening at 8 o'clock.

Mrs. Katherine Cable returned to her home at Williams Lake after spending the past week in Pittsburgh, Penn., where she attended the National W.G.M.S. Convention.

The Drayton Willard Y.T.C. had a dinner at Devon Gables in honor of their President, Miss Julia Mae Chestnut, who has left to enter the State Teachers' College at Mt. Pleasant, Mich., last Tuesday night. Fifteen members and two visitors were present.

The Adult Bible Class of the Community United Presbyterian Church spent a most enjoyable evening at the farm home of Mr. and Mrs. Wesley Stevens, Sashabaw Plains, last Friday evening. At the Church several cars were waiting for members and friends of the class to be taken to the farm where until dark games were played after which they held a picnic roast. In spite of the mosquitoes a good time was had.

A lovely miscellaneous shower was given in honor of Miss Edith Sutton last Saturday night, in the parlors of the Community United Presbyterian Church. Seventy-five guests and friends were present. Games were played and each member presented the bride-to-be with their favorite cooking recipes. After Miss Sutton had been presented with many lovely gifts, refreshments were served from a long table covered with white table cover and graced with pink candles, a beautiful bouquet of rose peonies and yellow lilies and yellow and pink napkins. Hostesses were Mrs. Russell Mayben, Mrs. Vern Griffen, Mrs. Lloyd Bowen, Mrs. Grace Barnhart, Mrs. Peder Neilson, Mrs. Roy Lindahl, Mrs. A. T. Stewart, Mrs. Frank Jones, Mrs. Anna Brown and Mrs. Floyd Wilson. Miss Sutton is the daughter of Rev. and Mrs. C. J. Sutton and will become the bride of Everett Thomas Hale of Sandusky, Mich., on Saturday, June 26th, in the Community United Presbyterian Church at 2 o'clock.

Canning Yields Vary by Product

Many an amateur will be involved in home canning in Michigan kitchens this summer, according to estimates of the home economics extension service at Michigan State College. For the benefit of these newcomers to this home war industry of feeding war workers on farm and in the city, some typical yields of fruits and vegetables commonly canned are presented by K. D. Bailey, agricultural agent for Oakland County.

Lima beans, for instance, weigh 28 pounds to the bushel, and yield 6 to 8 quarts, or a housewife can figure on 4 to 5 pounds of lima beans to fill one quart can. Snap beans, 24 pounds to a bushel, can 16 quarts. A bushel of beets weighs 60 pounds and fills 24 quarts. Carrots weigh 50 pounds to the bushel, fill 20 quart jars. Sweet corn, 72 pounds to the bushel, yields 8 to 9 quarts of whole kernels.

Greens, a bushel weighing 12 lbs., fill 5 to 7 quart cans. Peas weigh 32 pounds to a bushel and a bushel will can 12 to 16 pints. Forty pounds of squash will yield 20 quarts. Tomatoes weigh 56 pounds to the bushel and a bushel yields 15 quarts.

Fruits commonly canned include strawberries which yield 12 quarts from a 24-quart case. Other berries, 24 quarts to the crate, yield 18 qts. Cherries weigh 56 pounds to the bushel, and yield 25 quarts. Grapes weigh 18 pounds to the bushel, yield 20 qts. Peaches weigh 50 pounds and plums 57 pounds to the bushel but each will fill 20 quarts. Peas weigh 58 pounds and yield 24 quarts.

Farm and Garden Pointers of Interest

Manila hemp rope is kept in condition best while in storage if it is coiled on a raised, slatted platform or hung in loose coils on wooden pegs.

Despite the nation's need for tin, two of each three empty tin cans still are being thrown away and not salvaged, the federal War Production Board reports.

Michigan's seedlings of grains this fall can get their share of commercial chemical nitrogen fertilizer, the federal War Food Administration has announced. Use of such chemical fertilizer in the grain crops was prohibited in 1942 when the supply situation indicated need for conservation. Now the supply of such chemicals has improved. Farmers can obtain about 15 per cent more chemical nitrogen than they used in 1941 when usage set a new record in the United States.

Bees are vital war workers and essential not only in honey production but in fruit and field crop pollination, according to R. H. Kelly, Michigan State College extension beekeeper.

Farmers are urged to maintain colonies and even observe certain practices that will give aid and protection to wild bees. The latter can be protected if burning or clearing out fence rows is curbed. Even a rail fence protects wild bee colonies. Insecticides, fires, plowing up acreage not needed, or poor weather are factors that tend to curb bee population—useful to legume crops and fruit.

Very peculiar problems of the draft board. Reluctant recruits plead they're too fragile for serum shots, too enamored with drinking, not sure there's a war or just generally disinclined to fight. Read of their odd excuses as told in The American Weekly, the magazine distributed with next week's Sunday Chicago Herald-American.

Along the shores of the Great Lakes and the Mississippi River, \$765 million worth of sea-going vessels are being built for war service, a figure more than twice as great as was spent by the Navy for all new naval construction in 1940.

According to estimates, 3,000 tons of tin will be saved in 1943 and 5,800 tons in 1944 by reducing the tin content and adding silver to the lead solder of new cans being manufactured.

LEGAL NOTICES

RAY C. AINSLEY, Guardian, Clarkston, Michigan.
STATE OF MICHIGAN—The Probate Court for the County of Oakland.
At a session of said Court, held at the Probate Office in the City of Pontiac, in said County, on the 9th day of June, A. D. 1943.

Present: Hon. ARTHUR E. MOORE, Judge of Probate.

THE OLD JUDGE SAYS...

"Mornin', Judge... meetin' someone?"
"No, Sam, I'm just going up the line ways on business. Wasn't that a troop train that just pulled out?"
"Sure was, Judge... stopped over here for ten minutes and what a swell bunch of fellows they were."
"That's true all over, Sam. Our present Army is the best trained, best disciplined, best behaved in American history. That's why I get my hair up when I hear of some people trying to dry up the areas around Army camps. Why, in a recent report made by the government, it said the Army usually prefers its camps to be located in wet instead of dry communities. And there's a sound reason. In a wet community the Army can control drinking. In dry communities where bootleggers run wild it's almost impossible. We know that from our nearly 14 years of experience with national prohibition."
"There's no getting away from it, prohibition does not prohibit."

Clarkston Locals

Mrs. Ivan Rouse and Mrs. Ben Powell left on Tuesday to visit friends and relatives in Illinois. Stewart Reid of Birmingham will celebrate his 77th birthday on Friday night at a family party at the home of his son-in-law and daughter, Mr. and Mrs. Herbert Baynes.

Dr. Eugene Allen is visiting his son, Edward, who is superintendent of the schools in Akron, N. Y. Last Sunday night Dr. Allen preached the baccalaureate sermon to the graduates of the Akron High School.

The Rev. W. Harold Pailthorp was re-appointed by Bishop Raymond J. Wade to the First Methodist Church for the fifth year at the conclusion of the Annual Conference held in Detroit last week.

The employees of the Clarkston State Bank attended the double header ball game at Briggs Stadium in Detroit on Wednesday afternoon. The group enjoyed dinner at Hedge's after the game.

Safety on Farm Key to Producing

Farmers in Michigan have been forced by a late spring to speed up planting and other farm operations, but they should not take chances or become careless in handling machinery, warns Richard Witz, Michigan State College extension agricultural engineer.

Typical of the wartime stress on production, one farm wife in writing to college staff members remarked, "Dean and dad have been plowing until 11 or after every nice night for nearly three weeks and get up about 4:30 or 5 in the morning."

Witz points out that these hard working farmers and thousands of others like them should avoid trying to carry on if fatigued, because that is when accidents happen. Estimates and surveys indicate 85 per cent of farm machinery accidents result from faulty human behavior. Every farmer crippled or killed represents a loss to the nation's production as well as to the individual's family.

Machinery kept in first class condition needs less repair and adjustment in the field. Guards and shields kept in place reduce the possibility of accidents. Hazardous shortcuts are temptations to avoid, the agricultural engineer concludes. Time saved is worth less than any hazard inviting injury.
