joyed during the day. The Women's Missionary Society of the Community United Presbyterian Church met in the church parlors last Thursday evening. The meeting was called to order by the president, Mrs. Russell Mayhew, with prayer. Reports by the various committees were given. The secretary was absent. For the past several weeks clothing has been gathered to send away to other fields. Mr. Mayhew asked the committee to have them ready to send at once. Mrs. Katherine Cable reported she was packing a box to send to the Indian station, and anyone having trade or furs they were not needing could be given for this worthy cause. The president introduced the program chairman, Mrs. Leah Wilson. She in turn called on Mrs. Pearl Sutton, who gave the devotions, taking her scripture from the sixth chapter of Ephesians starting from the tenth verse. Mrs. Katherine Cable, Mrs. Albert Stewart, Mrs. Eva Mae Rowley and Mrs. Pearl Sutton followed with prayer, stressing the prayer for the boys in the service. Mrs. Rowley sang two lively solos, accompanied by Mrs. J. R. Berryman at the piano. Mrs. Katherine Cable gave a very interesting report on the W. G. M. S. County 4-H Fair Plans Are Made

In a County 4-H News Letter just issued by K. D. Bailey, county agricultural agent, Mary J. E. Woodward, county extension agent, and H. J. Hart, district club agent, the following coming events are listed: July 26 and 27—Clean-up days at 4-H Club farm. August 18—Set-up day for 4-H Exposition. August 19—Clothing judging (11 a. m.) August 20—Canning judging (9:00 a. m.) August 19 and 20—County 4-H Exposition. One of the requirements for 4-H Club Work is that each member make an exhibit. The exhibit of summer work will be made at the 4-H farm center on Thursday and Friday, August 19 and 20. The 4-H farm center is the property of Oakland County 4-H Clubs. Keeping the property cleaned up and presentable is the job of the members themselves. Mr. Hart plans to be at the farm center from 10:00 a. m. until dark, July 26 and 27, to supervise the work of getting the grounds in shape for the exposition. If club members can spend a couple of hours, or a half day, at the farm center, that will be fine. Bring shovels, forks and so on. Seed work needs to be done in the center. Miss Woodward will be there also to help. Equipment needs are for rakes, mops, pails and rags.

Don't keep a "snow-man" in your refrigerator— IT COSTS YOU MONEY! Warm weather means an added burden on your refrigerator. The hotter the weather, the harder it works to keep things cool. If you notice a "snow-man" forming inside—heavy frost on the cooling coils—it's time to get busy and defrost the refrigerator. That layer of frost is costing you money! It means that the refrigerator must work overtime to absorb heat through a blanket of frost around the cooling coils. And for economical operation, the motor should run as little as possible. It's only human to keep "putting-off" the chore of defrosting—especially in summer, when ice cubes are in big demand and you hesitate to have your refrigerator out of commission even for a few hours. But see that it is done regularly. Do not use an ice pick or a sharp instrument to remove ice; this sometimes punctures the refrigerating coils. After defrosting, wash the whole interior (coils, shelves, trays, etc.) with lukewarm water and mild soap. Unless the motor of your refrigerator is hermetically sealed, have it oiled and inspected periodically. Remember that your refrigerator must last for the duration. Treat it accordingly! The Detroit Edison Company. Electricity is not rationed. But its production requires coal and railroad transportation. Don't waste it!

Ask Yourself This Question... "WHY DO MORE PEOPLE GO TO CHEVROLET DEALERS FOR SERVICE than to any other dealer organization?" ...and you'll find yourself supplying these answers: Because Chevrolet Dealers ARE SKILLED IN SERVICING ALL MAKES OF CARS. Because Chevrolet Dealers EMPLOY TRAINED MECHANICS. Because Chevrolet Dealers USE QUALITY PARTS. Because Chevrolet Dealers GIVE GOOD SERVICE. For years Chevrolet dealers have had more trade-ins than any other dealer organization. Therefore, they have had broader experience in servicing all makes and models. They're "America's Service Specialists." They're the men to see when you want good, dependable service on your car! New Telephones Are Restricted

Some Applications Must Wait for Victory

New telephone service installations will be subject to priorities, many probably for the duration, under a plan approved by the Michigan Public Service Commission and announced today.

The Commission approved a request by the Michigan Bell Telephone Company for authority to set up priorities on new installations for those whose service applications are not within the preferred categories previously established by the War Production Board.

Walter B. Fauser, manager for the company, said the No. 1 priority goes to the business user moving to a new address in the same community, No. 2 to the residence user moving to a new address, No. 3 to applicants for new business service, and No. 4 to those applying for new residence service.

He emphasized, however, that, even under the new plan, applications for service essential to the prosecution of the war and to the public health or security get first call on new installations.

In approving the company's plan, the Commission said that "restrictions imposed by the War Production Board respecting use of critical materials have made it necessary to delay many telephone installations," pointing out that 17,100 applications for service throughout the company's territory are being held up for lack of facilities. In some instances, it ad-

ded, "the delay will probably be for the duration of the critical materials situation."

The Commission also said that the "company's obligation to furnish service is dependent upon its ability to secure and retain, without unreasonable expense, suitable facilities, and rights for the construction and maintenance of the necessary circuits and equipment."

Special rations of gasoline for travel to Victory Gardens were discontinued July 12, although rations already issued for this purpose may be used as long as valid. This action was taken by OPA under advice of the Department of Agriculture that gardens planted after that date would be too late to produce enough food to warrant extra use of tires and gasoline in cultivating them.

Farmers' cooperatives and any other dealers who sell farm supplies at cost or at a markup of not more than three per cent, are permitted to replenish stocks on farmers' certificates on a dollar-for-dollar basis, under a recent amendment of Priorities Regulation No. 19. Previously, the dealer could use the farmers' certificate to get supplies only up to 75 percent of his sales. The amendment enables farmers' cooperatives which sell approximately at cost to make full replacement of their stock.

Large supplies of winter cover crop seeds, acquired by the Government in stabilizing prices for the 1942 crop, will be released for planting this summer and fall. AAA will release about 20 million pounds of Austrian winter pea seed for sale by the CCC to dealers at \$5.65 per hundred weight, F. O. B. Oregon points. Cover crops, which are a soil conservation measure, increase the nitrogen in the soil when plowed under and thereby reduce the amount of fertilizer required and release nitrates needed for munitions.

"IN 2 HOURS YOUR FACTORY WILL BE FLOODED!"

It had been raining for a week, back in the hills. A farmer, hunting for a strayed cow along the creek, looked up and saw water pouring through a widening crack in the reservoir dam. He ran half a mile to the nearest telephone and made a long distance call to the munitions plant down the valley where his son worked.

"You've got about two hours before your factory is flooded," he told them. Because that call got through in time, scores of workers and tons of vital war material were moved to safety before the crest of roaring water could reach the plant.

Long Distance lines are crowded with calls as never before. Many are war calls which must go through promptly. Others are civilian calls, some vitally urgent, some less urgent. You and you alone can judge whether your call is really necessary.

Please make only the most essential long distance calls.

If you must call by long distance, do all you can to be brief.

She wants to win an unpopularity contest!

Elizabeth Jenkins Seeks Title of "Most hated by Axis in 1943!"

THE AXIS has probably never heard of Miss Elizabeth Jenkins—but she's doing her level best to change that!

For example: Elizabeth works in an essential industry thereby releasing, in effect, a fighting man. And out of the salary she gets for her work she puts 22% into War Bonds, through the Payroll Savings Plan. She figures that her investment may help to maintain the three fighting men who are closest to her—her two brothers and her father.

"They're fighting for me, and I'm helping to buy their fighting tools!" says Elizabeth.

Her father commands a brigade of the North Carolina State Guard. He saw action overseas in the last war and his stories have made Elizabeth keenly aware of the importance of her investment in War Bonds. He has explained that no matter how much spirit and fight a soldier has, he needs the best equipment money can buy. He has also pointed out that American soldiers are the best equipped in the world.

Miss Jenkins wants to keep them

that way, because in addition to her father, she has two brothers in the Army.

Lieutenant Tom is an anti-aircraft artilleryman. Captain Jack is in the Air Corps. So Elizabeth is reasonably sure that in one way or another, the Axis will hear from the Jenkins family in the near future!

Are you doing as much for America's future as Elizabeth Jenkins? Every dollar you can lend helps, so . . .

Figure it out for yourself:

Weren't there a few more dollars in your last pay envelope that could have gone into War Bonds—but didn't? Get out your pencil right now, and see if you can't boost the percentage you're putting aside for Uncle Sam—and yourself!

YOU'VE DONE YOUR BIT—NOW DO YOUR BEST!

NEW STATE LAW AFFECTING MOTORISTS IS DRASTIC

There are teeth that really bite in the New Financial Responsibility Law—the motorist who fails to have adequate insurance coverage may lose his right to drive.

Unless an uninsured motorist can furnish proof that he can pay any claims that might follow an accident his right to drive is suspended. He cannot drive again until all claims are paid and he has furnished satisfactory proof of Financial Responsibility for the future.

An insurance policy is recognized as satisfactory Proof of Financial Responsibility and protects you under any and all circumstances. Ask us at once for full details.
