NUMBER 48

Service Mothers' Club Met Last Week

The second meeting of the Service Mothers' Club was held on Thursday of last week at the Masonic Temple with 22 members answering Roll Call. Mrs. Lee Clark was named chairman of a committee to meet with the Independence Township Home Front Committee regarding the Christmas boxes to be sent to the service boys this year. A report of the birthday and convalescent cards already sent to the boys was made by Mrs. C. P. Bennett.

The next meeting will be held in the Masonic Temple on Thursday afternoon, August 12th, at one o'clock when Mrs. Jess Burger of Keego Harbor will be present to demonstrate paper products. The regular business meeting will follow and all mothers of service boys who have not already joined the Club are urged to be present.

All service mothers are asked to remember to call Mrs. C. P. Bennett and let her have the names of service boys whose birthdays occur in the next four weeks.

Vacation Church School At Seymour Lake

The fourth Annual Daily Vacation Church School at the Seymour Lake Methodist Church concludes Sunday morning, August 1st at 9:30 o'clock with a demonstration for all the parents and friends of the boys and girls. The enrollment for the week of the school was forty. On Friday, a picnic was held for all who attended at the Michigan State Park. In the afternoon a ball game was played and ice cream was supplied by the Sunday School. The teachers of the school were Miss Leola Scott, Miss Dillys John, and the Pastor, Mr. W. Harold Pailthorp. Miss Carolyn Warden served as the pianist for the school.

County Third in State For Fat Salvage

Household fats collection figures for June shows Oakland county in third place in the state with 102.6 percent of its quota filled. Oakland is the first large county in the state to attain 100 percent and is one of six to top the quota, according to John D. McGillivray of the War Production Board.

June was the first time that Oakland has topped its fat salvage quota, according to Henry Jansen, county chairman of waste fats collection. Waste fats collected in June amounted to 38,195 pounds to meet the quota of 36,638 pounds. This collection has accumulated since last September and will now go into war industries for the manufacture of glycerine from which explosives are made.

Pontiac housewives contributed 19,643 pounds of fats and the rest of the county, 18,552 pounds.

Instructions to enforce the \$5 auto use tax stamp law have been mailed to Federal collectors in all districts. Collectors were told to follow the same enforcement procedure as last year, which means that more than 8,000 deputies will watch for violators. Motorists are subject to a maximum fine of \$25 for failure to buy the stamp and another fine of \$25 for failure to display it.

FOREVER AND A DAY

Our Boys and Girls In The Service

A card from Lieut. Mary Gassick says she is somewhere in England. Pvt. Stanwood Radoye has been enjoying a short furlough at his home here. He is stationed at Ft. Bragg, N. C.

Cpl. George W. Beardslee has returned to Walla Walla, Wash., where he is stationed with the medical corps at the McGaw General Hospital. His brother, Alvin A. Beardslee, is with the Navy at sea.

Private George Poss returned to his station at New Orleans, La., after spending a few days at his home here and attending the funeral of his sister, Mrs. George Laird, at Alma. He also spent some time with his mother, Mrs. Max Beamish, in Lapeer.

The following is a letter we received from one of the Seabees who is in the Pacific:

Somewhere in the blue Pacific
Where the sun is like a curse
And each day is followed
By another slightly worse,
Where the coral dust blows thicker
Than the shifting desert sands
And man dreams and wishes
For the fairer green land.

Somewhere in the blue Pacific
Where a woman's never seen,
Where the sky is never cloudy
And the grass is never green,
Where the bird's nightly squawking
Robs a man of his blessed sleep
Where there isn't any whiskey
And the beer is on a heat.

Somewhere in the blue Pacific
Where the nights were made for love,
Where the moon is like a searchlight
And the northern star above
Sparkles like a diamond necklace
On a balmy tropic night
It's a shameless waste of beauty
Where there's not a girl in sight.

Somewhere in the blue Pacific
Where the Seabees work and play
And a hundred different rumors
Spring from everything you say.
So take me back to my hometown
Let me hear that old church bell,
For this God-forsaken outpost
Is a substitute for Hell!

July 20, 1943

Dear Mr. and Mrs. Stamp:
Just finished reading my copy of The Clarkston News. Although they are usually one or two weeks old by the time they reach me, they are still news from home. The little news items you print in your paper are what we like to read about. We want to see the names of people we know and what they are doing. Things that never seemed important to me before are now very interesting. I even find myself reading the ads of our different stores to see what they have left to sell to my folks. I also enjoy Bob Beattie's poems and have quite a collection clipped from the papers received since I have been away.

I wish to thank both of you for your thoughtfulness in sending my paper to me each week. I really appreciate the work you are doing. Being on a ship at sea, all of our mail is carefully censored so there is very little I can say of a military interest.

As you know, I am a storekeeper and my duties are as the name implies, keeping stores. By "stores", we mean provisions, clothing, canteen goods, stationery, tools, metal, airplane parts, cylinders and everything necessary for the maintenance of the ship.

There are many different jobs for storekeepers. Some work in the pay office. Others work in the storerooms, ships stores and clothing issue room. At the present I am the clothing salesman for the ship. I sell for cash any clothing that the members of the crew may need. Our prices are fixed by the Bureau of Supplies and Accounts in Washington and all a sailor has to do is come down to my store, give me the cash, watch me ring it up on the cash register, take his clothing and hope it fits.

It is my duty to account for all clothing received, cash taken in and balance on hand at the end of each month. This is accomplished by a bookkeeping system and a complete inventory once a month.

My work is interesting and I like it. Seems like I am always busy so I don't get too much time to think of myself, how much I would like to get home and how homesick I really am. I sure miss my folks, my home town and all of my friends. Hope to get back there again before long.

Lately I have been reading of strikes in war production plants and riots in Detroit. It is all very sickening and not the least encouraging to us who are away from home trying to do whatever we can to defeat our enemies. It really burns me up when I hear of such things from the very people whom we are depending upon to furnish us with equipment and ammunition. It is hard to understand and I do not believe in "strikes" of any kind or for any reason while our

Victory Canning Club Met Last Thursday

The Clarkston Victory Canning Club met at the home of Ruth Davies on Thursday of last week. Raspberry canning was demonstrated by Ruth Davies and Barbara Gunter.

The Club met again yesterday at the home of Tommy Slick when he and Katherine LaPlante demonstrated the canning of rhubarb.

Marriage Vows Spoken Last Saturday Night

Last Saturday night at 9 o'clock a very pretty wedding was solemnized at the home of Mrs. George Sommers in Davisburg when her daughter, Mary Lou, and Pfc. LaVerne Dale Tottigham, son of Mr. and Mrs. William Tottigham of Perry, Mich., spoke their marriage vows before about sixty-five guests. The Rev. Howard Jewell of Waterford officiated.

The bride was charming in a floor length form fitting pink silk gown with shoulder puffs and a sweetheart neckline. Her short veil was held in place with white daisies and she carried a white bible. Her only attendant was the groom's sister, Mrs. Frank Green, of Clarkston, who wore a floor length blue silk gown and carried sweet peas, roses and baby breath.

The bride's brother, Francis W. Sommers, assisted the groom.

Following the ceremony a reception was held. Garden flowers were used in profusion about the house.

For the present the young couple will make their home with the bride's mother.

Guests were present from Holly, Clarkston, Mt. Clemens, Detroit, Perry, Argonne, Ortonville, and Pontiac.

Mrs. Tottigham has been honored at several lovely affairs among which was a personal shower at the home of Mrs. Frank Howard on Monday evening of last week. Sixteen guests enjoyed a dinner at 7 o'clock and then they presented the honoree with many beautiful gifts.

On Tuesday night of this week Mrs. Fred Kitchen and Mrs. Charles Mann honored Mrs. Tottigham at a blue and white kitchen shower at the home of Mrs. George Sommers.

Plan Doubling Ag Classes in State

Plans to double the 600 vocational agricultural classes, student and adult, which are now supervised by the State Board of Control for Vocational Education, were made recently in a five-day meeting of Michigan teachers of vocational agriculture on the MSC campus.

At the conference, 165 of the state's 210 teachers heard representatives of the State Board and the college outline plans for the enlarged program to teach hundreds of Michigan residents the fundamentals of general farm work, as well as such specialties as dairy and poultry farming and machinery repair.

Vocational agriculture teachers will be used in an organizational and supervisory capacity. MSC staff members will furnish instruction in teaching methods, which the vocational teachers will pass on to neighborhood experts in charge of classes.

4-H Teams Aid In Culling Hens

Teams of 4-H Club members are being trained in 28 Michigan counties to aid in culling lazy hens from farm flocks. In Oakland County the dates of August 3rd and 4th have been set when a half dozen poultry club members will receive instructions from Otis E. Shear, Poultry extension specialist from the Michigan State College.

The Club Members will receive training, and later will do culling for farmer neighbors. Poultrymen are anxious to link top production with profit in the face of mounting feed costs. Flock owners also are finding difficulty in obtaining poultry feeds and see the need for culling out non-producing hens.

A small fee is to be charged by the Club Members for the service.

country is at war. All disputes must be settled without losing one hour of work.

I speak the opinion of all the men in our armed forces.

This letter has turned out to be a long one but it is quite a long time since you have heard from me so hope you won't find it too boring.

Perhaps I can call on you personally before my next letter so will close this one now. Will you please say, "hello and good luck" to all the men from our community, who are now in the service.

Very sincerely yours,
Clark Souby

Save Waste Paper For School Drive

This Fall the school children of Clarkston will have another waste paper drive. Through your generous cooperation their Spring drive was a grand success. They are asking everyone to save all the waste paper possible, in neat bundles, and sometime this Fall the children will make a collection. The money will be used to replenish the school library and pay the prizes to the grades for their work.

A Canadian Soldier In Clarkston

To the people of Clarkston, Mich.: May I take this opportunity of thanking the people of this town for such a wonderful weekend as I have spent. Things like this are what Canadians dream of but they have to come to the U.S.A. before their dreams really come true.

May I also thank the U.S.O. for making my trip here possible. The hospitality shown in Clarkston to the Canadian armed forces gives the boys something to really brighten their future and get the war over as soon as possible.

Thanking you again,
R. G. Nelson

(The above letter was written after this boy had spent a very fine weekend in Clarkston. His home is in Saskatchewan, Canada, and he has been in the armed forces for two years and nine months. He is serving as an engineer in the R.C.A.F. and expected to leave for overseas duty right after his visit here.)

Sportsmen to Meet In First Roundup

County Organization Plans Big Time for Saturday

Oakland County Sportsmen's Club, with nearly 1,500 members in the first four months of its existence, will hold its first annual outdoor roundup Saturday afternoon and evening at the Drayton Plains Fish Hatchery. Events for men and boys, including dinner in the open, are on the program. Dinner, consisting of barbecued beef, corn on the cob and watermelon, will be served at 7 p. m. and be followed by an outdoor showing of Conservation Department sound movies.

Prizes will be awarded boys under 16 for the largest fish they have taken from Oakland County lakes in the first month of the inland lakes fishing season. The first month closed July 25. Tackle and other fishing equipment goes for largest bass, pike, perch, bluegill and trout entered in the contest.

The outdoor contests for men, with prizes for the winners in each event, will include bait and fly casting on the hatchery pools, archery, target shooting and horseshoe pitching. All men and boys are welcome, regardless of whether the men are OCS members. A new rowboat, completely outfitted with oars and anchor, will be given away. Another award will be a matching hat, jacket and trousers.

Entry blanks for the junior sportsmen may be obtained at the Advertiser office. Entries should be made by Friday night. Address the club at P.O. Box 11, Pontiac, or take entries to John Niggeman, at Pontiac Community National Bank, chairman of the junior sportsmen's committee.

Rural Schools Have Teacher Problems

E. J. Lederle, county commissioner of schools, says that 40 teaching positions in rural schools are vacant, 20 of them in one teacher schools. Emergency certificates will not be issued, he states, for districts having less than 15 children. Some districts may have to close and send their pupils to other schools.

During the past year 18 districts were combined into three, in Brandon, Waterford and Orion townships.

Coming Events

August 2nd—Monday—the Vacation Church School will be held at the Clarkston Methodist Church.

August 3rd—Tuesday starting at 8 a. m. the summer roundup for the children starting in kindergarten in the Fall will take place at the Clarkston school. Be sure to have your child there for a physical check-up.

August 4th—Wednesday—the Martha Circle of the Methodist W.S.C.S. will hold their picnic at the home of Mrs. Garnet Poulton. Members of this Circle are asked to note the change in date.

W.S.C.S. Circles Meet Next Week

On Tuesday, August 3rd, the Mary Circle of the Woman's Society for Christian Service will meet at the home of Mrs. George Harris and Mrs. George Poss on North Main Street. At twelve o'clock a pot-luck luncheon will be served. Each person is asked to furnish her own table service, sandwiches and a dish to pass. The business meeting will be held in the afternoon.

The Priscilla Circle will meet on Thursday afternoon, August 5th, at 2 o'clock at the home of Mrs. Ray Ainsley. The members of the Circle are asked to note the change in date, time and place.

The Dorcas Circle will meet at 2:30 o'clock on Wednesday afternoon, August 4th, at the home of Mrs. Glenn Howland, 21 Church Street.

Ice Cream Social

The Women's Society of the Seymour Lake Church will give an ice cream social as a benefit for the Young People of the Church who will attend the Summer Camp at Lake Louise and the Institute at Lake Copetone. The public is cordially invited to this event which will be on Friday night, August 6th.

CHRISTIAN SCIENCE CHURCHES

"Love" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, August 1.
The Golden Text (Psalms 63:1,3) is: "O God, thou art my God; early will I seek thee: . . . Because thy lovingkindness is better than life, my lips shall praise thee."

Among the Bible citations is this passage (Psalms 36:7): "How excellent is thy loving-kindness, O God! therefore the children of men put their trust under the shadow of thy wings."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.340): "Divine Love is infinite. Therefore all that really exists is in and of God, and manifests His love."

Methodist Church to Hold Vacation Church School Next Week

The annual Daily Vacation Church School at the Methodist Church will be held for two weeks, beginning Monday, August 2nd at nine o'clock. Ages of boys and girls from four to fourteen may be enrolled in the school.

The staff of the school will be—Mrs. Ray C. Clark, Beginner's Department; Mrs. Kenneth Johnson, Primary Department; Mrs. Margaret Poss, Assistant; Miss Dillys John, Junior Department; Mrs. Wade A. Dean, Intermediates; Mrs. Eugene Cleland, Dramatics; Mrs. William Larry, Handicraft; Rev. W. Harold Pailthorp, Director; Adele Thomas, Accompanist and Organist.

All children of the Community are welcome in the school and those who do not find it possible to come for the whole school may come for one week. Certificates will be awarded on the basis of regular attendance for the two weeks, and faithful work. The last day of the School will be a picnic at the Davisburg Park.

Mid-Summer Roller Skating Party

The Methodist Youth Fellowship will hold a benefit Roller Skating Party on Tuesday night, August 3rd at 7:30 o'clock at Riggle's Rink at Lake Orion. All Young People and Adults who like to skate are invited. Tickets should be obtained in advance from members of the Youth Fellowship.

Rotary Club News

William E. Burns, who is connected with the Excello Tool Co., in Detroit will be the guest speaker on Monday night. His subject will be "Tools at War". He will give some idea of the tools that he sells and their uses and improvements in this war time.

He's Home on Furlough

He's home on the service for a few fleeting hours; The day that we've planned on for months is now ours.

We have promised ourselves and we've promised him too, Who's this hour would give we would paint the town blue.

And for month after month we have waited to hear Of the life in the service, in lands far and near.

But now that he is home he has little to say Of adventures and hard-hips in parts far away.

He is modest and quiet with little to tell Of oceans and battles in the valleys of hell.

We have done so much crabbng about prices and stamps That all of our humor is entangled in cramps.

We've let life be so serious for us all the while, We can hardly find time to squeeze him out a smile.

We are ashamed we're involved to such an extent, We haven't the time to do the things we had meant.

But the town is still here with her lakes and her streams, With no thought of betraying a service man's dreams.

Though we mortals make pledges we break every day; God's beautiful handiworks are with us to stay.

Robert C. Beattie.

You might as well Confess!

Almost everyone likes a mystery — almost everyone enjoys the thrilling excitement of tracking down a criminal with an ace detective. But some are a little ashamed to admit reading mysteries. Well—you needn't be.
Maybe you didn't know that many college professors, bank presidents, great scientists, cap-

Ellery Queen's Mystery Magazine

Edited by Ellery Queen, famous detective of the radio, the movies, and best-seller books, it is devoted exclusively to the best in detective crime short-story literature. And we mean literature. The fact that a story owes its plot to crime and detection need not prevent its being well written. Short detective fiction that is well written is not too readily available. But we are finding them—in books, in magazines, in the files of famous authors — and by arrangement with other publishers as well as with authors, we reprint in the approved Reader's Digest manner the best detective fiction to be procured.
Such masters as Dashiell Hammett, Agatha Christie, Stuart Palmer and Ellery Queen

are to be found in it. But stories are selected on their merits, not on authors' names. Tough and suave, casual and swift, comic and tragic, they are mingled with refreshing variety and stimulating change of pace. Rare gems, fit for the most critical, delightful to the most naive. You will find the new magazine well printed — sharp and clear, kind to the eyes. You will find the size—same as The Reader's Digest—convenient to hold, to handle, to slip into your pocket. You will find the cover as pleasing to look at as a book jacket. And you will find the contents the most satisfying quarter's worth of good entertainment you have found in many a day. On sale at all good newsstands—25c a copy.

SPECIAL 10c OFFER TO READERS OF THE HOLLY ADVERTISER

Because we want you to know Ellery Queen's Mystery Magazine we will send you a copy of this anthology of the best detective fiction to be procured.

Fill in and mail the coupon below with 10c today.

MAKE EVERY COUPON COUNT!

OUR SPECIAL WARTIME TUNE-UP PREVENTS GAS WASTE IN TODAY'S KIND OF DRIVING

GASOLINE is too precious to waste these days. Yet millions of motorists unknowingly are wasting it every mile they drive.

You may be one of them. If your car still is adjusted for high speed driving, or if it hasn't been tuned lately at all, you may be spending too many coupons, too many gallons of scarce gasoline, for the mileage you are getting.

Have it tuned right away for today's kind of driving. Let our factory-trained mechanics adjust it for maximum economy at speeds of "35 and under." Let them check it over thoroughly, from radiator to brakes, to make sure that every factor affecting gas mileage is in perfect condition.

This gas-saving service is available on all makes of cars. It is inexpensive. It's the economical thing to do. And it's the patriotic thing these days when so much depends on our getting all the essential transportation we can for every gas coupon we spend.

Your Car is a Weapon of War...Safeguard It!

America is depending on you to give your car the best of care, so it can continue delivering vitally needed transportation throughout the war.

PHONE FOR AN APPOINTMENT
Phone and tell us when it will be most convenient for you to drive in for service. We'll give your car first call on our skilled mechanics and modern equipment.

CLARKSTON, MICH.

Ten years from now,
you'll wish you had more!

BUY WAR BONDS
today

Have you counted your War Bonds lately? Are you adding to your collection as rapidly as you would like to—or as rapidly as you should?

Set a quota of the amount you would like to have by the time the war is over. Then figure out whether you will HAVE that much at the rate you are now buying bonds. Chances are that the amount of your recent purchases will fall far short of the goal you would like to reach. And NOW is the time to do something about it!

Probably never again will you have a better opportunity to save money faster than is afforded by conditions today. Many things you would normally buy cannot be purchased. Put the money into War Bonds. Certainly there is no safer investment—and every \$75 you spend now will bring you back \$100 in ten years. Some day in the future—when you cash in your bonds—you will wish you had bought more when you were able. Obey that impulse NOW—buy more War Bonds today! The Detroit Edison Company.

ELECTRICITY IS NOT RATIONED.
BUT ITS PRODUCTION REQUIRES COAL
AND RAILROAD TRANSPORTATION.
DON'T WASTE IT!

Littlefield, Lake Orion. A lovely potluck dinner was served to ten guests. The August get-together will be at the home of Mrs. L. M. Ingleton on August 17th, at her home, 1970 Emily Ct., Pontiac, Mich.

More home canning jars and covers were made in the first five months of this year than in the entire year of 1942, in anticipation of an unprecedented volume of home canning. Housewives will profit from a study of directions that come with each box of jars and covers, for the new three-piece canning top—glass lid, metal screw band, and rubber ring—must be used differently from other types of covers. Quality of jars and covers produced this year, says WPB, is high.

Farmers who grow potatoes, and potato packers, can now buy as many burlap bags as they did in 1941, according to a recent ruling by the War Production Board. Previously they could buy only half that amount.

LEGAL NOTICES

ESTES & COONEY, Attorneys, Peoples State Bank Building, Pontiac, Mich. STATE OF MICHIGAN—The Probate Court for the County of Oakland.
At a session of said Court, held at the Probate Office in the City of Pontiac, in said County, on the 13th day of July, A. D. 1943.

ESTES & COONEY, Attorneys, Peoples State Bank Building, Pontiac, Mich. STATE OF MICHIGAN—In the Circuit Court for the County of Oakland, in Chancery.
GRACE KANE, Plaintiff, vs ROBERT KANE, Defendant, No. D-10,868.
Order for Appearance of Defendant and Publication of Notice.
Suit pending in the Circuit Court for the County of Oakland, in Chancery, on the 8th day of July, A. D. 1943.
Present: Hon. Frank L. Doty, Presiding Circuit Judge.
In the above entitled cause it appearing that the defendant, Robert Kane, is a resident of the State of Michigan, and that process for his appearance has been duly issued, and that the same could not be served by reason of his absence from or concealment within the state and by reason of his continued absence from his last known place of residence, therefore

on motion of Estes & Cooney, attorneys for the plaintiff.
IT IS ORDERED that the defendant enter his appearance in said cause on or before three months from the date of this order, and that within forty days of the plaintiff cause this order to be published in the Clarkston News, a newspaper published and circulated within said county, said publication to be continued once in each week for six weeks in succession.

Clarkston Locals

Victor P. Davison, well driller and repair man, is now making his home at 127 Holcomb Street, Clarkston.

Mrs. Alvin Day has been entertaining Mrs. Ida Bassett of Lobdell Lake for the last week.

Mr. and Mrs. J. Thompson Miller have arrived from Miami, Fla., to spend several weeks at their home on South Main Street.

SECOND WARNING!

M-15 is a State Trunk and Military Highway. The State Highway Department insists that there be no double parking on Main Street, except for loading and unloading.

Please see to it your car is properly parked and is never left double parked without a competent driver at the wheel.

Drayton Plains

On July 31st A. T. Stewart, district supervisor of State Fish Hatcheries in fifteen southeastern counties, with headquarters at the Drayton Plains hatchery in Oakland County, will complete fifty years of continuous service as a fish culturist in Michigan. Mr. Stewart, in point of continuous service, ranks other fish culturists in Michigan if not in the nation, at the age of seventy-three. At his own request Mr. Stewart will retire as district supervisor on August 1st, and Harold Hughes, foreman at Drayton Plains, who has been training under Mr. Stewart, will take over the supervising duties and will carry on the work in these southeastern counties. Due to shortage of help Mr. Stewart will continue as overseer at the Drayton Plains plant and will live in the residence on the hatchery grounds. Mr. Stewart engaged in his first cultural work in the federal hatchery at Northville at the age of 23 years, on July 21, 1893. Very soon he was placed in charge of the federal hatchery at Charlevoix and on April 1, 1921, was made state superintendent of fish hatcheries. On January 1st, 1925, he became overseer at the Drayton Plains Hatchery. Later taking on the duties of district supervisor in charge of all hatcheries in fifteen counties in the southeastern part of Michigan. During Mr. Stewart's service at Drayton Plains that hatchery was expanded to its present proportion in a quarter million dollar program which increased the hatchery six times. In that extension and modernization a new hatchery building was erected and the previous ten acres of water and ten small ponds developed to fifty-five acres of water and eighteen larger ponds. The changing of the Clinton river channel through the hatchery property and dividing it into two streams at different levels to facilitate fish transfer by sluices from ponds was one feature of this project. It entailed building of 16,800 feet of dikes of an average width of thirty feet and the removal of 150,000 cubic yards of dirt, erection of three concrete dams with bridges and a complete underground water system to carry river water to the hatchery buildings. Mr. Stewart was born in Northville June 30, 1870, and is a friend to many of Michigan's sportsmen and anglers.

Some valuable tips on the care of shoes and advice not only to Mr. and Mrs. Everyfamily, but to Mary and Johnny as well, by the noted authority on household efficiency, Mrs. Christine Frederick, appear in The American Weekly with this Sunday's (August 1) issue of the Detroit Times. Get The Detroit Sunday Times this week and every week.
