Waterford

Mrs. James Sutton and Mrs. Howard Burt spent Tuesday in Lansing.
Mr. and Mrs. John Gillespie and Mr. and Mrs. George Wood spent a week's vacation at Lake Charlevoix.
Howard T. Burt completes a six weeks course at the U. of M. the latter part of this week.
Mrs. Albert Kray and daughter, Jean, are visiting Mrs. Kray's sister, Marie Westcott, in Clinton, Iowa.

The Birthday Club was entertained at a cooperative luncheon on Monday at the home of Mrs. George DeLap at Maceday Lake.
Pfc. Leonard Eakle Jr. of Ft. Bragg, N. C., is spending a furlough with his parents, Mr. and Mrs. Leonard Eakle Sr.
Miss Grace Williams, who has been spending some time with her sister, Mrs. Clyde Kyser, returned to Detroit on Sunday.
Mr. and Mrs. John Gillespie returned home Sunday from London, Ont., where they spent the past week visiting Mrs. Gillespie's parents.
Sgt. Louis Dorman Jr. of San Francisco, Calif., is spending a furlough with his parents, Mr. and Mrs. Louis Dorman Sr.
S2c Robert Mehlberg of Toledo, O., spent a short leave with his parents, Mr. and Mrs. H. B. Mehlberg, the first of the week.
Mrs. J. M. Donaldson of Detroit and Mr. and Mrs. William Donaldson and family of Pontiac were guests at the E. D. Spooner home on Sunday.
Word has been received here that Mrs. J. Wallace Jacobus, a former Waterford resident, who has been a patient in the Cook Co. Hospital, Chicago, for the past three months, has

recovered sufficiently to return to Moody Bible Institute where she has been employed for several years.
Pvt. Elizabeth Campbell of the WACs has been transferred from Camp Oglethorpe, Ga., to Morris Field, Charlotte, N. C. She is the daughter of Mr. and Mrs. James Campbell of Andersonville Road.
On Tuesday at 1 o'clock the recently organized Moms Club will meet at the home of Mrs. Elmer Going at Williams Lake for a cooperative picnic lunch. Each one is asked to bring their own sandwiches, table service, and one other article of food.
Staff Sgt. Emerson Mitchell of Napier Field, Dothan, Ala., arrived home on Wednesday to spend a 14-day furlough with his parents, Mr. and Mrs. Fred Mitchell. His brother, Cpl. Alfred Mitchell and wife are expected home on Thursday from San Luis Obispo, Calif., on a fourteen day furlough. The Mitchells have a third son, Pvt. Earl Mitchell, at Jackson, Miss., with the armed forces.
The day for the meeting of the Adult Bible Class has been changed from Monday to Friday because of the practice blackout scheduled for Tuesday evening. It will meet at the home of Mr. and Mrs. Ernest Stevens for a cooperative supper. Each person is asked to bring their own sandwiches, table service and one additional article of food. Roll call will be answered by a Bible verse containing the word "Food". Mrs. Ernest Stevens will have charge of the business meeting and Henry Mehlberg will conduct the lesson.

A new schedule of office hours for the Waterford-White Lake rationing board has been made out as follows:
Monday: Noon until 9 p. m.; closed from 5 to 6 p. m.
Tuesday: 8 a. m. until 4:30 p. m.; closed from 12 to 1 p. m.
Wednesday: 8 a. m. until noon.
Thursday: 8 a. m. until 4:30 p. m.; closed from noon until 1 p. m.
Friday: 8 a. m. until 4:30 p. m.; closed from 12 to 1 p. m.
Saturday: 8 a. m. until noon.
The rationing board is located in the Waterford Township Hall at Crescent Lake Road and M-59.

and Mrs. Vern Reynolds. Mrs. Mills is living in Tampa, Florida, with her husband for the duration while Mr. Mills is working on defense.
Mr. and Mrs. Oscar Ream left for Florida Monday evening to bring back Mrs. Ream's father and mother. They received word that they were very ill. Kathleen Ream is staying with Mary Jane Lewis and Edna Ream is staying at the Boutin home, while their parents are in Florida.

Drayton Plains

Miss Lucille Hamill is spending her vacation at Alpena, Mich.
Mrs. Donna Craig has been spending her vacation at Houghton Lake.
Mrs. Ballek, mother of Richard Ballek, of Farmer Ave., is seriously ill.
Mrs. Martha Tewilliger spent Sunday with her niece, Mrs. Richard Roggow, and family of Rochester.
Mr. and Mrs. John Judd have been spending a few days at their cottage at Platte Lake.
Jack Anderson has been moved to his home after being ill in Pontiac General Hospital.
Mr. and Mrs. Frank Jankowski accompanied their son, Charles, to Detroit last Friday morning when he left for the Navy.
Miss Myra Katherine Rowley spent last weekend with Miss Julia Mae Chestnut at Mt. Pleasant where Julia Mae is attending Teachers' College.
Next Sabbath morning, infant baptism will be held at the Community United Presbyterian Church at 11:00 a. m.
Mr. and Mrs. Harold Kruger and family and Carl Kruger have moved from Dixie Trail to their new home near Oakland Lake.
Mrs. Elsie Bugg of Pontiac has been a guest of Mrs. Lois Barnard and Mr. and Mrs. Ransom Robb and family the past few days.
Mrs. Edna Garner of Detroit and Mrs. Blanche Richmond of Pontiac were dinner guests of Mrs. Grace Barnhart on Thursday evening.
Mrs. Grace Barnhart is recovering after being seriously ill and confined to bed at the home of her son-in-law and daughter, Mr. and Mrs. Charles Williams.
Mrs. William Sutliff received word that her brother, Orville Randall, who works at the Wayne Co. Airport, was in a serious condition at the Eloise Hospital, after being in an accident.
Mr. and Mrs. Calvin Thornton and family have moved from near Northville to their new home on Williams Lake Road. Mrs. Thornton was formerly Miss Bertha Gidley of Drayton Plains.
Word has been received of the birth of a daughter, Kathleen Mary, July 26th, to Lieut. and Mrs. Alston Penfold at Sparta, Wisconsin. Mrs. Penfold was formerly Miss Ivadelle Beardslee, daughter of Mr. and Mrs. Grant Beardslee.
Mrs. Ernest Mills of Richmond Manor is spending a few weeks at her home and with her parents, Mr.

**Ideal for Victory Gardens

**SOMETIMES I
FEEL GUILTY FOR
BEING SO LUCKY!**

I'VE GOT WORRIES, of course. We all have, today. But there's one big worry I don't have. I know my Servel Electrolux Refrigerator will last for the duration, no matter how scarce appliance parts become. It has no moving parts in its freezing system to wear or need replacement.

"With food such a problem today, I think I'm pretty fortunate to know I'll be able to take care of what I do get. And since I've had to spend more time in the kitchen lately, I appreciate my Servel's noiseless operation even more. And it costs so little to run! Is it any wonder I sometimes feel guilty for being so lucky?"

LIFE-GIVING SERUM is just one of many drugs and foods supplied our armed forces that need the protection of constant, dependable refrigeration. Servels are providing this protection for military supplies in all parts of the world, wherever our fighting forces are taking the field.

It's perfectly natural for Servel owners to feel especially favored today. For they're assured of low-cost, trouble-free, noiseless refrigeration for the duration, and long after.

Personal Telephone Number Booklets

YOUR Telephone Company has prepared personal telephone number booklets for you in two convenient sizes. One fits your pocket or handbag, and has space for 215 names, addresses and telephone numbers. The other, for home or office use, will hold 228 numbers.

Even now, when operators are busier than ever before with vital war calls, more than a thousand hours are lost each day by unnecessary calls to "Information" — requests for numbers that are listed in the directory.

To help eliminate that waste of switchboard and operators' time, here are two things you can do —

1. Look up the number in the directory first. Call "Information" only when it is not listed.
2. If you must ask "Information" for a number, write it down in your personal directory so you will have it next time.

You can obtain your handy directory booklets — free — from any Michigan Bell business office, either by writing for them or calling in person.

MICHIGAN BELL TELEPHONE COMPANY

Ask us for your copy of this time-saving number booklet.

Stanley Richardson, Pastor
 10 A. M. Sunday School
 11 A. M. Morning Worship

CHRISTIAN SCIENCE CHURCHES
 "Spirit" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, August 8.
 The Golden Text (Psalms 143:10) is: "Teach me to do thy will; for thou art my God; thy spirit is good; lead me into the land of uprightness."
 Among the Bible citations is this passage (John 4:24): "God is a Spirit; and they that worship him must worship him in spirit and in truth."
 Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.330): "God is infinite, the only Life, substance, Spirit, or Soul, the only intelligence of the universe, including man."

Milk Rejections Cost 5 Per Cent
 Five per cent of the milk produced

on Michigan farms gets trucked back after rejection by receivers at fluid milk plants, cheese, powder and butter plants, according to J. M. Jensen, Michigan State College extension specialist in dairy manufacturing.
 That five per cent forms a greater volume than Michigan dairymen could get under present war conditions by increasing herds or feeding heavier rations, the specialist points out.
 In a recent survey of milk receiving plants, Jensen found that this summer the average milk shipment received from farms arrives at 80 to 84 degrees, which is 20 degrees higher than it should be. Such milk turns gassy and sour too soon to be handled in the average plant. Cheese made from poorly handled milk, for instance, sells for three cents less a pound and gives a farmer 30 cents less a hundredweight for his milk.
 Two suggestions can be followed by farmers to improve milk quality and reduce rejections.

First, according to Jensen, keep utensils washed clean and dry. Boiling water used as a rinse kills bacteria and dries out the containers and equipment.
 Second factor, that of cooling, is possible on the average farm. In the Lower Peninsula, well water as it comes from the wells averages 53 degrees. If milk cans are set deep enough in cooling tanks to get water up to the neck of the can, then cooling should be adequate. Rocking the can or stirring occasionally for a half hour after the can is filled and put in the tank should bring down the temperature of the milk.

"Honey" Is Now Made From Apples

"Apple honey," a new phase of cigarette manufacture since the war, is now being produced from Nova Scotia apples, according to the Agricultural Department of the Canadian National Railways. The apple honey, a form of syrup, made out of a former waste product, is used to protect the freshness of the tobacco in cigarettes and takes the place of glycerine, now in great demand for war purposes. Research work is being carried on to see if the syrup can be used in bakery products, cosmetics and as a syrup base for drugs and laxatives. Research workers have used it as a spread on bread and pancakes and find the taste agreeable.

Hog Cholera Is Threat to Farmers

Outbreak Reported in This Section of County

The outbreak of hog cholera disease in the northwestern section of Oakland County has been reported, and Karl D. Bailey, County Agricultural Agent, has warned all farmers having herds of hogs to have them vaccinated as soon as possible to avert serious losses and help prevent the spread of the disease. The infection is usually highly fatal and vaccination by any local veterinarian is the best control of the disease.
 If the cholera is noted in its early stages, vaccination can reduce the seriousness, otherwise it may sweep through the entire herd and kill 90% of them. The symptoms are easily noted as the animal develops a fever, appears sluggish, is inclined to be weak and has a staggering gait. Most hogs succumb to the disease within 8 or 10 days.
 It was pointed out that because of high prices hogs are now bringing, it would behoove farmers to protect their animals in every possible way.

Pheasant Production Below Normal

Pheasant production is below normal so far this season at the Prairie

Farm project in Saginaw county and at the conservation department's Rose Lake Wildlife experiment station, department game men report.

So far this season, Louis Urban, who has been farming in the Prairie Farm area for many years, has observed only two broods—a number which he considers small for this time of year. Early indications at the Rose Lake station also point to broods of smaller size and a fairly large number of hens without broods this year. Apparently flood conditions resulting from heavy spring rains forced some hen pheasants to abandon early nests.

However, department game men believe that restenings may offset these early losses, and a nearly average supply of cocks will probably be available to hunters this fall.

How to

STOP FUSE TROUBLE

before it happens!

It's no fun sitting in the dark simply because a blown fuse has plunged your house into a black-out. Most fuse trouble can be stopped before it happens by observing a few simple precautions.

- (1) Frayed lamp cords and extension cords are often responsible for short circuits. Such frayed cords are dangerous. Have them repaired BEFORE they cause trouble. (Don't loop cords over a nail. Don't kink cords or tie them in knots. Don't run cord through a door jamb or under rugs.)
- (2) Never put an electric appliance in water. Never poke at the element of your electric toaster (or any other appliance) with a fork or sharp tool, whether turned on or off.
- (3) Don't connect too many appliances and extra lamps on one circuit.
- (4) Be careful not to overload your washer, or feed too many pieces of clothing through the wringer at one time. The same is true of your ironer.
- (5) Disconnect appliances by pulling on the plug—never jerk out the cord. Do not let cords come in contact with water, grease or acids.
- (6) If a faulty lamp or appliance burns out a fuse, disconnect it at once—and don't use again until it has been repaired. The Detroit Edison Company.

ELECTRICITY IS NOT RATIONED.
BUT ITS PRODUCTION REQUIRES COAL
AND RAILROAD TRANSPORTATION.
DON'T WASTE IT!

Clarkston Locals

Donna June Corke, daughter of Mrs. Rhoda Corke of Royal Oak, is enjoying a vacation at the home of Mr. and Mrs. W. H. Stamp.

Mrs. Jack Skarritt returned Tuesday night from a trip to New York when she enjoyed a few days with Jack who had just returned from North Africa. He is feeling fine and putting on weight.

Mrs. Cecil E. Weston was a weekend guest at the home of Mr. and Mrs. Henry Woolfenden Jr. who live at Bloomfield Hills.

Protect Apples Against Moths

Karl D. Bailey, County Agricultural Agent, is notifying fruit growers that codling moths of the second brood are emerging now, and to combat them he advises:

Apples to be washed: If scab is present, use wettable sulphur plus 3 lb. lead arsenate plus ¼ pt. liquid nicotine in 100 gal. water. If there is no scab, use 3 lb. lead arsenate in 1-4-100 zinc sulphate-lime solution. (See Sec. 33 Spraying Calendar.)

Apples not to be washed: Use ½ gal. Summer Oil plus 1 pt. liquid nicotine or 2 lbs. Black leaf No. 155 in 100 gal. of water. This is strictly a 7 day schedule. (Do not use sulphur with oil.) If scab is present, use a wettable sulphur at mfr's recommendation plus 3 lbs. of Black Leaf No. 155 in 100 gal. water every 10 days.

Michigan Fortunate In Vacation Facilities

"Michigan is probably the most fortunate state in the Union", says J. Lee Barrett, Secretary Manager of the Southeastern Michigan Tourist Association, in its facilities to provide rest, relaxation and recreation for its War Workers.

Perhaps ninety percent of the war industries in the State of Michigan are located within one to two hours automobile, bus or train ride of some of the most enjoyable vacation spots on earth.

Previous to the War, tens of thou-

sands of residents of other states spent their vacations in Michigan, and while these people, thru gas rationing and war-time traveling restrictions, will not be able to come in the large numbers of the past, tens of thousands of War Workers will replace them.

Many of these workers are putting in longer hours, and at more tiring tasks than they have worked in their lives. It may not be possible for these War Workers to enjoy long vacations, but everyone is agreed through the experience of War Workers in Europe, that to be physically fit to carry on at the home front War Workers should rebuild themselves during their rest periods by complete relaxation and change of scenery.

While the use of the automobile is curtailed, it must be remembered the railroad, bus and steamship lines are still operating in Michigan and offer facilities to reach most points in the state.

Michigan with its thousands of lakes, beautiful State Parks, summer resorts, world famous fishing grounds, and modernized camping sites, offers a War Service unequalled. In Mr. Barrett's opinion, by any other state in these United States.

Beef Men Plan Lapeer Sale Oct. 8

Breeders of registered beef cattle already are listing consignments for the annual Lapeer sale scheduled for Friday, Oct. 8, according to E. L. Benton, Michigan State College livestock extension specialist. Herefords, Angus and the beef and the milking type Shorthorns will be included in the sale which is sponsored by the Michigan Beef Breeders' association, the Lapeer Chamber of Commerce, R. C. Lott, county agricultural agent, and the Michigan State College extension service.

Prices for beef breeding animals have been ranging \$50 to \$75 a head more than a year ago, according to Benton, who is accepting consignments for the annual Lapeer sale.

NO TABLE MANNERS!
NO WASTE!

Forget your eating etiquette! Chew bones and tip your soup plate! In The American Weekly with this Sunday's (August 8) issue of The Detroit Sunday Times, you'll find a highly entertaining article packed with common sense telling why our table manners often are too polite for these war-time days. Get The Detroit Sunday Times this week and every week!

CRANBERRY LAKE RESORT—Boats for pleasure; picnics, fishing, bathing and camping. ½ mile east and 1 mile north of Clarkston. George D. Walter.

Latest victim of a strange hard-luck heritage. The untimely death of one of a ruthless old millionaire's descendants recalls how the curse once placed on his tainted wealth

has struck time after time at his unhappy heirs. Read of this fatal fortune in The American Weekly, the magazine distributed with next week's Sunday Chicago Herald-American.
