CLARKSTON, MICHIGAN, FRIDAY, AUGUST 13, 1943

NUMBER 50

Met Monday Night

A meeting of the Independence Township Home Front Committee was held in the Township Hall on Monday night. There was a very good attendance. Officers were elected as follows: chairman, L. C. Megee; vice chairman, Mrs. W. H. Stamp; secretary-treasurer, Robert L. Jones. Plans were started for the packing of Christmas boxes for the boys in service overseas. Committees were named to select the gifts and make the purchases. There are many more boxes to be shipped this year, not only overseas but also in this country, and much money will be needed to carryon. It was decided to hold an "On to Victory Dance" sometime September to raise the money. Everyone is asked to watch for the date and make sure they buy tickets to help this worthy cause.

Methodist Vacation Church School

four as announced by the Director, The Rev. W. Harold Pailthorp.

On Friday morning at 9:30 o'clock Lake, present. the School went to the Ortonville State Park for a picnic dinner. Ice Cream was provided by the School for all who went.

The final demonstration of the work undertaken by the Vacation Church School program was put on Clarkston Locals Thursday night, August 12th at 7:30 o'clock. An exhibit of all handcraft work was set-up in the downstair Church School rooms and the recitation of Bible work and dramatics and troit for a couple of days this week. the hymns of the Church by the four departments of the School comprised in town over the weekend and attendthe program in the sanctuary of the ed the reception for Lieut. Stretches its ugly shadows o'er The land, And who will bear the loads

When men march off on battle roads? Women I think will suffer most When armies fight on hostile coast, Women will live each day in fear

Just who will carry on at home When men march off and they're

alone? And who will fill the jobs of men. Women have never known defeat And they will always rise to meet Each task, although they're not enthused

With running worlds that man' abuşed.

Who'll raise these babies yet unborn Whose father's face the battle scorn; Who haven't ways or means to learn

Women of course will bear this lot And face the world and waver not, Will reconstruct from worlds on end Havens of peace for fighting men.

TRUSCOM opal-tone WASHABLE WATER PAINT

ROUGH OR SMOOTH PLASTER, WALL BOARD, BRICK, CONCRETE, OR PAINTED SURFACES

is the modern, streamlined wall paint. You work fast with OPALTONE—get the job done with the feast fuss or bother. Applied with brush, roller or spray. Opaltone is concentrated paint—saves you money. Use only water for thinning—two gallons of OPALTONE makes three of wall paint. Water also cleans your brushes. Dries fast—room may be used same afternoon. No objectionable "paint smell" about OPALTONE—just a clean, healthful odor that satisfies the senses. And—very important—the most beautiful set of 8 wall tints you have ever seen. Also PURE WHITE.

THAT SAVE ELECTRICITY

and are practical and patriotic!

YOUR REFRIGERATOR. Don't overcrowd your refrigerator or put hot dishes on the shelves to cool. Have refrigerator inspected periodically, and defrost regularly. Don't open door any oftener than necessary. Locate refrigerator away from heat

YOUR RANGE. Use the deepwell cooker oftenit's thrifty. Cook complete oven meals. Start your surface cooking on HIGH, then switch to LOW heat as soon as food comes to a full steam. Use very little water for cooking. Bringing large amounts of water to a boil wastes electricity: Foods should be steamcooked (this helps conserve vitamins, too). On many electric ranges, cooking can be finished with stored heat from the surface units, after the current has been turned off.

YOUR OTHER APPLIANCES. Avoid overloading your electric washer. Do two washings instead of one, if need be. Don't run your washer longer than necessary-7 to 12 minutes per tubful is usually enough. If your electric iron hasn't a thermostat to control the heat, pull out the plug when the iron is hot enough—and attach the cord again when additional heat is needed. This saves electricity. The same thing is true of your toaster-disconnect it when temporarily not in use, then plug it in again as needed. When baking or roasting in your electric cooker, don't waste heat by lifting the cover to "peek" at foods. The Detroit Edison Company.

ELECTRICITY IS NOT RATIONED. BUT ITS PRODUCTION REQUIRES COAL AND RAILROAD TRANSPORTATION. DON'T WASTE ITI

Can You Picture
MICHIGAN
without Highways?

A strange place it would be-this State of ours-if our splendid 8000-mile network of surfaced highways suddenly ceased to exist.

A great many communities inside of Michigan's 2,300-mile long shoreline would be isolated. Others would find it infinitely more difficult to carry on even the most ordinary daily activities—with no trucks on the move, no cars or buses taking workers to war plants and farms, soldiers to camp and home on furlough, business travelers to nearby communities, children to school.

We in Michigan are apt to take for granted the convenience of our excellent roads—but these highways didn't just grow. Building and maintaining them is a tremendous job and for achieving this successfully we can thank past and present administrations and particularly the Michigan State Highway Department.

That isn't the whole story, however. Transforming these lifeless ribbons of concrete and macadam into live, active arteries of public transportation has been the accomplishment of the Michigan Public Service Commission. They've given our State a transportation system that compares favorably with any other in the country.

As fellow citizens of Michigan, the Greyhound Lines have made a very large contribution in the form of license, fuel and operating taxes—but we feel that our greatest service is in putting the highways to work making near neighbors and good neighbors of all the communities we serve throughout the State.
