Independence Township Again Tops Its Quota

\$63,000.00 in War Bonds Were Sold During the 3rd War Loan Drive

Through the efforts of the members of the Gallant Sixty Thousand, the Invasion Attack Group, the Employees of the Clarkston Ford Motor Plant, and the Women's Division of the United States War Bond Committee, Independence Township exceeded its quota for the 3rd war loan drive.

To create a competitive spirit and to encourage teamwork the Women's division under the direction of the permanent chairman, Mrs. Edwin Maytag, entered into a contest between two teams. Mrs. Ray C. Ainsley and Mrs. Ralph Minnis were the Captains. The combined totals of these two teams were \$34,775.00 in war bonds sold and delivered. 40 Independence township women participated in the contest with 20 on each side.

These women are regular members of the War Bond Committee and maintain the Bond Booth on the Main Street of Clarkston every day of the week. They have been doing a splendid job of selling War Bonds and Stamps since the committee was formed last Spring. The business men of town appreciate their work. In fact the people of Clarkston are proud of this faithful group.

The following women led in the sales during the drive — Mrs. R. C. Ainsley, \$8,075; Mrs. Ralph Minnis, \$4,250; Mrs. R. C. Beattie, \$3,025; Mrs. Charles Rockwell, \$2,025 and Mrs. C. H. Souby, \$1,500.

Dorcas Circle Met Wednesday

The Dorcas Circle of the Women's Society of Christian Service of the Methodist Church met at the home of Mrs. William Gulick on Church St. on Wednesday afternoon. There was a good attendance.

Miss Ada Serace had charge of the Devotionals. Mrs. Kenneth Johnson had the missionary topic, "Cuba and Puerto Rico" and Mrs. Harold Pailthorp, Mrs. LeRoy Addis, Mrs. Howard Johnson and Mrs. Wade Dean each gave a short talk on these distant lands.

Mrs. Wade Dean wishes that all dues and coin-cards would be given to her by the November meeting in order that she can complete her report.

Our Boys and Girls In The Service

Dear Mr. and Mrs. Stamp:
I am sorry I haven't written to you sooner but I am not much of a letter writer. My wife has been with me for the past six weeks. It is nice to have someone here from home. We both enjoy reading The Clarkston News every week. It's nice to hear about the folks from home if I can't see them.

I am waiting to find out what they are going to do with me. I finished my basic training the latter part of July and I'm still not assigned to anything.

There is usually a good program at the Service Club every night. Tonight they are having a "Bond Rally". The music is furnished by the 75th Infantry Division Band.

I wish to thank you very much for the Clarkston News. I hope all of the boys will soon be home.

Pvt Ralph W. Brandt

Cpl. Ralph Gordon Kennedy, 5744 Maybee Rd., Clarkston, Michigan, has been assigned to duty with the U. S. Army Air Forces following his graduation from Camp Curtiss, a Technical Training School, operated under Army supervision by Curtiss-Wright Corporation, Airplane Division, Buffalo, New York.

Camp Curtiss specializes in teaching the maintenance and repair of the famous P-40 Pursuit Ship and the C-46 Commando, the latter being the largest Twin Motored Cargo Ship in the world.

Pvt Raymond Jarvis is enjoying a short furlough home from Camp Wallace, Texas.

Pfc Marvin Powell is spending a short furlough at home with Mrs. Powell and their infant son.

George B. Mann of the U. S. Navy, son of Mrs. Clara Mann of Andersonville, spent three days of last week at his home. George had returned from overseas. Because his furlough was short he came by plane to Detroit and then to Pontiac and was met there by his folks.

Service Man Honored Wednesday Night

On Wednesday evening Mr. and Mrs. J. D. Powell entertained at their home on South Main street honoring his brother, Pfc Marvin Powell, who is on leave from Camp Pickett, Va.

A pot-luck dinner was served to twenty guests at about seven o'clock, after which a gift was presented to the honored guest.

Red Cross News

Despite a decrease in traffic accidents, a growing peril to manpower on the home front lies in preventable accidents due to the war tempo in homes, factories and on the farms, according to Dr. E. B. Cudney, chairman of the first aid committee of the Oakland county Red Cross chapter. Dr. Cudney stressed that because of this peril, the local chapter is doubling its efforts to teach first aid throughout the county.

The Red Cross first aid program is a safety course stressed in peacetime as well as during war. It trains for the immediate temporary care required in case of accident or sudden illness before the services of a doctor can be procured.

First Aid classes open to the public are being organized in each community in Oakland county. Directing this program along with Dr. Cudney is the following committee: Mrs. Harold Euler, Pontiac, William Marshall of Waterford, Mrs. Ferdinand Gaensbauer and Clarke Kimball of Pontiac, Mrs. Sylvia Gladden, Pleasant Ridge, Noel Fraser of Pontiac, Ralph Waterman, Mrs. C. T. VanDusen and Mrs. Edward Rothman of Birmingham, and Mrs. George M. Welch of Pleasant Ridge.

Byron B. Webb, chairman of the Oakland county chapter American Red Cross, announces today that the chapter quarterly meeting will be held October 13 at 7:30 p. m. in the Elks temple, on Orchard Lake Avenue, Pontiac.

Mr. Webb stated that a chapter manual had been prepared and will be distributed to each director at the meeting. A special Home Service Program will be given.

Livestock produced and sold under the auspices of 4-H Clubs is governed by the meat rationing regulation the same as other livestock, according to OPA. This means that the only persons who may obtain custom slaughtered meat point free are livestock producers. However, OPA permits such recognized boys' and girls' farm organizations as 4-H Clubs to sell their livestock at a fair, exhibition or an animal show at premium prices, as money from such sales usually helps provide educational funds for Club members.

School Heads Tour Service Camps

Michigan Group the First To Make the Trip

D. M. Winn, Superintendent of the local school, returned last Sunday from a three day inspection tour of Fort Custer, The Great Lakes Naval Training Station and advanced Navy schools at Chicago. The tour was conducted by the Department of Public Instruction at Lansing with the cooperation of the Army and Navy for the purpose of acquainting the school administrators with the opportunities offered to and the adjustments required of the boys by the Army and Navy when they are inducted into the service.

The Army or Navy for most boys will be just another school where training is on the college level, where the content of the course is reduced to that which will apply directly to the war effort and where you either do the work well and at a greatly accelerated pace or you are dropped. Since a large percentage of the recruits for the Army and Navy will come from the high schools as the boys reach eighteen, the schools have a very important job to do. Mr. Winn reports that the work now being done in the Clarkston School meets service requirements as far as it goes and that additions will be made here and there to make the high school work as useful as possible when the boys get into the service.

One is impressed with the thoroughness of the training of both officers and enlisted men. Officers are constantly reminded by their superiors of their responsibility for the welfare of their men and the importance of excellence in every phase of their training as a means of keeping casualties at a minimum. Much of the training received in service will carry over into civilian life.

The Michigan group was the first group of educators to visit the Great Lakes Naval Training Station, but others are to follow. Again Michigan Education takes the lead.

Rural Women Are Fighting Waste

More than 30,000 rural women in Michigan are ready to defend their homes against waste and unthrifty practices as the 1934-44 program in home economics extension gets underway in local groups located in every county in the state.

"The home and the family are one of our most important links today," says Edna V. Smith, Michigan State College state home demonstration leader.

Our projects include time and money saving ideas geared to conform to rationing, the conserving of materials and equipment, yet contribute to wholesome and happy family life.

Citing the 12,000 persons who attended food preservation meetings this summer as an example of interest in home defense, Miss Smith points out the practical and patriotic value of being a good homemaker. For instance, many farm women have raised more chickens, grown a larger and better planned garden in addition to the usual day's work of meals, bed making, washing, ironing and child rearing.

Besides working longer out of doors, because of lack of help and equipment many women are helping with community drives and other neighborhood enterprises indirectly associated with the war.

There may be no E award for "just a mere homemaker" but according to Miss Smith the full time job of keeping a home a healthy, happy place in wartime is the most important job the rural homemaker has today.

Housewives Pledge To Ignore Black Markets

Every housewife in Independence Township will have a chance to pledge herself to ignore black markets. The pledges are being distributed by schools in the districts. There are four schools participating, Bailey Lake, Hunter, Sashabaw and Clarkston. Each school is striving to turn in the most signed pledges. Do your part. The score will be published next week.

U.S.O. Grateful For Clarkston's Response

The season for entertaining the service men and caring for our convalescent boys will soon be over although, no doubt, some who have made friends here will continue to come.

The United Service Organization (U.S.O.) in Detroit and Mrs. David Newlands who has charge of this work in Clarkston and vicinity want to take this opportunity to thank those who have helped with this worthwhile work. The U.S.O. is greatly pleased with the response from this section.

Boys from every branch of the service in the U.S.A. have been entertained by the folks here and several boys from hospitals in Michigan have come into our midst for a few days rest. On account of Canada not having an organization like the U.S.O. on several occasions boys from there have been welcomed as have boys from Australia, New Zealand, England and Wales.

Those in charge of the U.S.O. in Detroit have commended this district for their generous hospitality and they claim that Clarkston and vicinity have led all the other districts in this worthwhile project.

Obituary

John M. Terry

John M. Terry, 52 years old, passed away at Pontiac General Hospital last Saturday afternoon. Mr. Terry was taken to the hospital after being struck by a car on the Dixie Highway on September 26th.

Mr. Terry was born in White Lake Township on December 17, 1890. He attended school in White Lake and on Feb. 4, 1922 he married Bertha Case in Pontiac. He was a private in the 78th Infantry in World War I and was a member of Campbell Richmond Post No. 63 of the American Legion. Mr. Terry spent his entire life in Oakland County. For a number of years he had been employed as a dairyman at the Walter Dairy in Clarkston.

He is survived by his widow and six brothers, Frank and Harold of Pontiac, Louis of Andersonville, Charles of Alhambra, Calif., and Floyd of Eaglebutte, Mont.

The funeral service was held at the Ouden-Kennedy Funeral Home on Tuesday afternoon at 1:30 with the Rev. W. Harold Pailthorp, pastor of the Clarkston Methodist Church officiating. The Campbell-Richmond Legion Post had charge of the graveside and the Post members as pallbearers carried their comrade to his final resting place. The Post was assisted at the grave by the Rev. Pailthorp, who pronounced the benediction and by Frank Ronk, who sounded "Taps".

Youth Officers To Be Installed

The new officers of the Methodist Youth Fellowship will be formally installed in a ceremony to be performed Sunday Morning at eleven o'clock in the church. The Pastor, Mr. Pailthorp will be the installing officer, and the following persons will take their offices—President, Mr. Raymond Smith; Secretary, Miss Doris Boyens; Treasurer, Mr. Wm. Howland; Pianist, Miss Ruth Davies; First Commissioner, Miss Barbara Gunter; Second Commissioner, Miss Shirley Terry; Third Commissioner, Mr. Jack Craven; Fourth Commissioner, Miss Adrienne Volherding.

All members of the Fellowship and parents and friends of the new officers are cordially invited to the installation.

EDITORIAL
This week I choose to write about a very important subject, especially one immediately noticeable to visitors.

This year we came back to school and found the walls painted in soft tone colors and very clean. I hope all students will take notice to this and keep the walls as clean all year through. Remember, not just for a week or month but for all ten months. The lavatories get the worst of this "scribbling vandalism" from

Former Teacher Lives in Darkness

A letter received this week by Mr. and Mrs. D. M. Winn from Mrs. Elvira Willoner who was a teacher in the local school in the Fall of 1942, says she is now an educational representative for the Leader Dog League.

While Mrs. Willoner was in Clarkston her health was not the best and so she taught here for just a few weeks. Shortly after leaving Clarkston she lost her sight entirely and as her letter states "I have been living in darkness for almost one year". She and her leader dog "Princess" are members of the League. They were trained together for one month at Rochester, Minn.

Mrs. Willoner's letter seemed quite cheerful. She is a young woman and she seems to have decided that there is something worthwhile for every individual in this world to do and she is not going to let blindness be too much of a handicap.

CHRISTIAN SCIENCE CHURCHES

"Are Sin, Disease, and Death Real?" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, October 10.

The Golden Text (Jeremiah 30:17) is: "I will restore health unto thee, and I will heal thee of thy wounds, saith the Lord."

Among the Bible citations is this passage (Psalms 103:2,3): "Bless the Lord, O my soul, and forget not all his benefits: Who forgiveth all thine iniquities; who healeth all thy diseases."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.417): "Disease should not appear real to the physician, since it is demonstrable that the way to cure the patient is to make disease unreal to him."

American Legion Distributes Booklets

The American Legion has two little booklets, one of which feels will be of help to the men in uniform and the other to the folks at home. Post No. 63 of The American Legion of this city wants to present these two publications without charge.

Right after America's entry into the war, national headquarters of The American Legion produced the booklet FALL IN, which could properly be titled "Letters from a veteran father to his son in the service." It is a welcome to comradeship from Legionnaires to men just entering the service. More than 4,000,000 copies have already been distributed.

Now our organization has ready for the families of the men in uniform the booklet entitled AT HOME. In AT HOME an attempt has been made by the national organization of The American Legion to provide, in one booklet, pertinent and needed information—something of the nature of a ready reference—to answer some of the problems that may face those at home. The material in this booklet is based upon the experiences which many World War I men and their families underwent in 1917-18 and later during the period of demobilization and its adjustments through which we all went when we returned to our homes.

If you have a member of the family going into the service soon just send his name and address to Mr. William Vliet, Post Commander of American Legion Post No. 63, whose address is Clarkston, Michigan. He will be glad to present a copy of FALL IN to the new service man. And to the folks left behind, the Commander will present a copy of the booklet AT HOME. The local Post of The American Legion wants to be of all the help it possibly can.

Wedding

Mr. Carl Evert Dennis and Mrs. Carrie Ethel Spink were united in marriage at the bride's home at Big Lake Saturday evening, October 2nd at 8:30 o'clock. The ceremony was read by the Rev. W. Harold Pailthorp, of the Methodist Church.

Oct. 12th—Tuesday afternoon the Clarkston Literary Club will meet at the home of Mrs. Ira Jones on Robertson Ct.

Conforming to The Rule

When things in life themselves arrange
So people seek surroundings strange,
And break the ties, so common place,
They little know the trials they face.
A change in habits often brings
Back memories of common things,
That they had taken casually,
As simple things that had to be.

In places strange, a person misses
Simple things like mother's kisses,
And little things she did each day
To drive the clouds of life away.

Yet plans are made beyond their power
Which regulate their deeds each hour,
Which lead them on they know not why
"Plans they can't change if they should try."

Each time they push their woes aside
And get in step with other's stride,
They mount a step in life's great stair
That leads them thru a world of care.
But when the upper tread is made
And they look back on life's parade,
They find that life is ever new
To folks with lots of things to do.

PUT KITCHEN FATS TO WORK

With fats and oils rationed, America's housewives have a valuable source of cooking fats in meat drippings, fat trimmings from uncooked meat, cured pork rinds, and fat skimmings from soups and stews. They can be saved and used for baking, frying, and seasoning.

HOW TO RENDER FAT

- 1. Trim excess fat from all uncooked meat and keep in refrigerator until ready to render. 2. Chop fine or grind. 3. Render in double boiler. 4. Strain through cloth. 5. Cool to room temperature. 6. Cover tightly and store in refrigerator. 7. Use for baking, frying, and seasoning.

Use of these fats is vital to the government's fat conservation program. If all cannot be used in the kitchen, the surplus and waste fat should be sold to a retail meat dealer as fats are a valuable source of glycerin used to manufacture ammunition. One pound furnishes enough glycerin to fire four 37-millimeter anti-aircraft shells: Kitchen fat can be valuable in the war effort. Save it! Use it!

TYPICAL RECIPES USING SALVAGED KITCHEN FATS

PIE CRUST: 2 cups flour, 1/2 cup drippings or rendered fat, 1/2 teaspoon salt. BAKING POWDER BISCUITS: 3 cups flour, 1/2 cup drippings or rendered fat, 1/2 cup milk. JIFFY CAKE: 4 tablespoons rendered fat or drippings, 1 egg, 1/2 cup milk. CRACKLING CORN BREAD: 2 cups corn meal, 1/2 cup sifted flour, 3 teaspoons baking powder. The Drayton Willard Y. T. C. held an enjoyable meeting at the home of its president, Charlotte Ann Maybee, on Maybee Road last Tuesday night. The Adult Bible Class will hold their regular meeting on Friday evening, October 15th, at 8 o'clock, in the parlors of the Community United Presbyterian Church. All members are urged to come and enjoy the evening. Pte. Francis Graessle of Camp Jackson, N. Carolina, arrived home last Monday morning to spend a few days on furlough with his parents, Mr. and Mrs. Louie Thrasher, Seely Ave. Mr. and Mrs. Louie Thrasher spent over the weekend with friend at Rose City. The Drayton Plains Blue Star Mothers chapter 10 packed and mailed 18 boxes to the boys overseas last Friday night. The Mothers still have 141 boxes to be packed and sent to the boys and girls who are serving in the States. The Adult Bible School Class was pleased last Sunday when they saw their president, Mr. Peder Neilson, back in his usual place after being absent for several weeks due to illness. The Women's Missionary Society will meet in the ladies' parlor on Thursday evening, October 14th, at 7:15. An interesting program has been prepared and all members are asked to be present. Mr. N. W. MR. MERCHANT:

As a wartime measure to save coal, transportation, manpower, and critical materials, the War Production Board has requested a nationwide conservation of electricity in these categories: **LIGHTED SIGNS, SHOW WINDOWS, DECORATIVE AND ORNAMENTAL LIGHTING, SHOWCASES, BUILDING ENTRANCES, INTERIOR ILLUMINATION, AIR CONDITIONING.**

This program is voluntary. But its importance cannot be emphasized too strongly. Thousands of tons of coal each day are required to manufacture electricity, and when you save electricity you save coal and other war materials. Desired savings in light and power can be obtained by turning off lights and equipment which are not necessary.

In our Company there is no shortage of generating plant or distribution facilities. But saving electricity today is a patriotic obligation. This nationwide voluntary program includes ALL public utilities—gas, telephone, water, transportation—as well as electricity. Your help and the help of all our customers will make the Government's conservation program a success. The Detroit Edison Company.

A 3 per cent saving in the Detroit Edison monthly output of electricity will save approximately

FOOTBALL NEWS!

Clarkston opened their football season Friday at Goodrich and we at least did not fare badly. The final outcome of the game being 0-0. Clarkston had the upper hand as far as gains and touchdown threats were concerned. But on the other hand we were behind, I mean in injuries. Glenn Davison, a promising fullback, broke his collar bone in the fourth quarter. Incidentally, he played a very nice game. Here is the way they lined up:

Rouse—R.E.
 Inglehart—R.T.
 Porritt—R.G.
 Ronk—C.
 Henry—L.G.
 Hagen—L.T.
 Baughman—L.E.
 Waid—Q.B.
 LaPlante—R.H.
 Burns—L.H.
 Davison—F.B.

Our next game is with Linden away, a week from Wednesday.

NINTH GRADE NEWS

This week I have some very bad news for you. Glenn Davison, a Freshman and also a very good football player, broke his collarbone in the game at Goodrich, Friday. He will be absent from school for awhile but we hope to see him back as soon as possible.

"Cheer up, Glenn. We all know just how much you hate to miss school!"

I will let you know next week whether or not we get a ninth grader into an office in the Student Council. The election is Tuesday, so, "Good Luck, Doris."

SENIOR NEWS

Members in the English Literature Class have been reading novels by English authors or with an English setting. The last few days have been devoted to critical book reviews. Some of the books reported on were, "They Were Expendable", "The Pied Piper", "Journey for Margaret", "The Brandons", "Dress Rehearsal", and "The Return of the Native."

The Senior pictures were taken Monday and the bad news will be along in a few weeks. We will either be flattered or insulted, according to the extent of the Monday morning hangovers, October 4.

Mrs. Leman Cambrey of Flint and Mrs. Harvey Dalton of South Bend, Ind., were Wednesday guests at the L. F. Walter home. Mrs. Dalton remained for a few days.

Mr. and Mrs. C. H. Souby were called to Flint on Sunday on account of the illness of Mr. Souby's father, Elmer E. Souby, who lives with his daughter, Mrs. Charles Agar.

Everyone will be pleased to know that little Bobby Jones, son of Mr. and Mrs. Robert Jones, is getting along nicely after undergoing another operation on his hand.

Many here will be sorry to learn that J. Howard Duncan who rented one of the H. W. Noble cottages on Deer Lake for the past four summers passed away in Detroit on October 3rd.

Charles Lambert Jr., ten year old son of Mr. and Mrs. Charles Lambert of Grosse Pte., was hit by an automobile a few days ago suffering a fractured skull and several broken bones. The last report was that he was getting along as well as could be expected and they thought he had passed the danger point.

Clean Up for 1944 Victory Garden

It's the bug's waistline determined in the fall that decides how many of the pests will pop up in the spring for new attacks on Victory Gardens, farm gardens and general crops.

With that in mind, the entomology department at Michigan State College issues the traditional warning, "Clean up the garden."

Just remember those insects that proved the greatest pests in the garden in 1943, says Ray Hutson, head of the college entomology department. The list probably included tomato worms, cutworms, cabbage worms, tarnished plant bugs, aphids, Mexican bean beetles and the squash bugs.

If such pests are given free rein in crop remnants, they will fatten up this fall and store up extra vitamins to come out in force next spring. If trash is buried, the pests get skinny and likely will perish in the cold winter months.

Squash bugs, for instance, fatten up on the green vines even if leaves have been killed by frost. At least, pull up the vines, says Hutson, and better yet, bury them or put them in a compost pile.

Cabbage worms will fatten up on stumps of cabbage plants after the crop has been cut unless the stumps are pulled and buried or composted. Tomato worms will burrow into protective material if they get mature.

So even if the harvesting is ended next year's gardening will be more profitable if the rest of the job of cleanup is completed, according to Professor Hutson.

"Hi, Mom it's Joe!"

The call home means a lot to a man in the service. Most of the time he's too busy to get near a telephone, but between 7 and 10 in the evening he sometimes has a chance to make a call.

You can imagine what a disappointment it is for him if he finds all the long distance lines are busy.

By avoiding the use of long distance during those hours—7 to 10 P. M.—you're giving soldiers and sailors a break they surely deserve. And if you have a man of your own in the service, remember it's better to let him do the calling. If you place the call, it may be difficult to locate him.
