## Home Front Committee Met Wednesday Night

At a meeting of the Home Front Committee on Wednesday night it was decided to meet at the Rotary Club rooms on Thursday, November 18th to pack the Christmas packages for the service boys and girls who are still in this country. There are so many to pack that those who can are asked to be at the club rooms in the afternoon at two o'clock in order to get some of them ready for the remainder of the evening while the rest would like to help are asked to call Mrs. Garnet Poulton, Clarkston 4626, in order that the committee will know just how much help they are going to receive.

Mrs. Wade Dean was appointed to organize a "31 club" in this district for the purpose of collecting more household fat.

The meeting was then turned over to Robert C. Beattie, Township Chairman for the United War Fund. He explained that the United War Fund is an affiliate of the National War Fund. This fund is to help seventeen war-related agencies among which is the U.S.O. Instead of conducting 17 campaigns you are asked to be generous in this one campaign to cover all 17 agencies. Remember when you give you are helping your own boys, you are helping your allies, you are helping your community and you are doing a worthwhile part in the war effort. See the adv. on page 2.

## Our Boys and Girls In The Service

Garden City Army Air Field, Kansas.—An eager class of Aviation Cadets has arrived at this basic flying school from primary schools in the Central Flying Training Command, anxious to begin their second phase of flight training.

Upon completion of nine weeks of intensive flight and academic training here, the potential pilots will be assigned to single- or twin-engine advanced schools for their final phase of instruction. The coveted silver wings of the United States Army Air Forces will be awarded them upon graduation from the advanced courses.

Cadets from Michigan who are members of this class include:

From Clarkston: Aviation Cadet Rollins C. Wellman, 22, son of Mr. and Mrs. Michael R. Wellman, RFD No. 1, a graduate of Grosse Pointe high school, class of '40, was a furler in his father's business prior to entering service. Cadet Wellman completed elementary flight training at Victory Field, Vernon, Texas.

Hugh A. Preston, Jr., former Clarkston High School boy and now a gunner in the Armed Guard, has just recently completed several weeks in Armed Guard school at Gulfport, Miss., and New Orleans. He is now out of the country.

## Recreation Committee Met Tuesday Night

On Tuesday night the Recreation Committee which was formed by the local P.T.A. but is gradually becoming a Community Committee with a representative from every organization in the district, met at the Paul Henry home on Orion Road.

The financial report on the Halloween party was given. The Rev. Balogh was appointed to investigate the possibilities for an Air Scout group. This group would include boys 15 years of age and older who are interested in aeronautics. A Cub Scout group is being organized.

At the next meeting of the P.T.A. on Wednesday evening, November 17th, a representative from the Boy Scout Council in Pontiac will be present to discuss with interested parents the benefit of Cub Scouts.

A Football game is being planned for the Junior and Senior High School on November 12th. The Student Council will be in charge. They will appoint the sponsoring class and take charge of the advance sale of tickets. It is the wish of the Recreation Committee not to sponsor any dance but to be on hand to lend assistance wherever it is needed.

The Rev. Harold Pailthorp will be the representative for the Independence Township Juvenile Protection Committee working with Judge Arthur Moore in Pontiac.

Miss Tew was delegated to investigate the possibilities of having a suitable recreation center for the district for at least one night a week.

The cheerleaders did a nice job last Friday. We didn't have a pep meeting, but they led the cheers at the game.

**BINGO — BINGO PARTY**

Let's make it a date, this Saturday, November 6th, at 8:00 P.M., in the Rotary Club Rooms, over the Drug Store. Turkeys, Chickens, and Door Prizes. Plenty of games, everybody has the same chance, for that Thanksgiving Dinner. This is being arranged to help the Rotary Club defray their expenses in connection with their annual Christmas Party for the children of the community. We hope you will plan to be there.

On Tuesday evening of this week, ten members of the Clarkston Rotary Club, with their wives, attended the dinner sponsored by the Birmingham Rotary Club. Other clubs to attend were Royal Oak and Ferndale. The speaker was Anthony (Tony) Weitzel, who writes the "Town Crier" column in the Detroit Free Press. During the evening special tribute was given to Ann and William Stamp on the occasion of their wedding anniversary. There was a fine crowd, a good speaker and lots of fun for everyone present.

Notre Dame has a beautiful campus, and to me it is exciting when you can hear the drums and see Midshipmen, Marines, the V12's and NROTC's all marching. It makes one realize that Notre Dame really is at war.

Since no report of the ticket sale for the dance has been made as yet, we don't know who won the prize. **VICTORY WHERE?**

Last Friday Clarkston journeyed (it usually does) to Bloomfield Hills. Clarkston's defense had an off day and at the end of the first quarter the score was 19-0 in favor of Bloomfield Hills. Through the second quarter Clarkston had the upper hand but could not break into the scoring column. The third quarter was different, however; Clarkston drove down to Bloomfield's seven yard line where Waid cracked over with a touchdown. On the try for the extra point he again went over making the score 19-7. After the ball changed hands, Clarkston, by means of line plays,

## Red Cross Home Nursing Class

Again the Red Cross is prepared to give the Clarkston ladies an opportunity to take a course in Home Nursing.

The course in Red Cross Nursing is designed to develop a wholesome philosophy of living and greater resourcefulness in meeting every day problems of the home and family. It offers an opportunity to learn:

1. Simple nursing procedures that enable the homemaker to keep a sick person clean, comfortable and well nourished.
2. How to recognize signs of illness in the early stages, what to do to protect members of the family from communicable disease, and how to carry out the instructions of the doctor, in giving medicine and treatments.
3. How to take care of the mother and baby both before and after the baby is born; what to prepare for the baby's birth, whether it is to be at home or the hospital; and what to do in case of an emergency birth if a doctor, nurse, or mid-wife is not available.
4. What to do in the way of relief measures for the common emergencies of illness and accident in the home.
5. How to take care of the body so that one may be reasonably sure of having the physical and mental vigor for doing whatever job is to be done, and to enjoy some of the pleasures of life.
6. The essentials of a healthy home, of congenial family life, and of the care of children and old people in health and in illness.

Classes are limited to not more than twenty or less than ten students. Trained nurses serve as instructors. The course covers twenty-four to thirty hours.

A certificate issued to each member completing the course. This is not a diploma, simply a token of recognition for effort and interest put into the course. Until the present time these certificates were not to be used for personal gain, but the Red Cross is asking at the present that any woman who has completed the course and has her 1942 certificate and cares to help out applying hot packs to infantile paralysis patients, by applying to Dr. Calhoun, Oakland Contagious Hospital, receiving instruction in application and precautions will receive seventy-one cents an hour. Extra gas may be secured by applying for a permit at your local rationing board.

Anyone caring to take the class will kindly contact Mrs. Durand Ogden, 155 N. Main St., Clarkston. Telephone 2366.

## W.S.C.S. Circles Met This Week

The group planned to hold a sale of home baked goods on Friday, November 19th at the Waterbury & Terry Market starting at 2 p.m. All members are asked to see that the coin cards and the pledges are given to Mrs. George Harris as soon as possible so that the report will be ready for the general meeting in December.

The Martha Circle met at the home of Mrs. George Slayton on Wednesday afternoon. At 1:30 a cooperative chicken dinner was served to 26 members and guests. Center pieces of yellow and white baby mums and white linen cloths made the tables very attractive. Beautiful bouquets of mums were used in profusion in the living-room. Mrs. Garnet Poulton, chairman, opened the meeting. Group singing was enjoyed. The Rev. Harold Pailthorp made a few remarks before the regular business meeting. Mrs. Arnold Mann and Mrs. Joseph Seeterlin had charge of the entertainment.

The Dorcas Circle met on Wednesday afternoon at the home of Miss Ada Serace. A delicious pot-luck luncheon was served at one o'clock at tables centered with arrangements of mums. At the meeting which followed Mrs. Orlo Willoughby, devotional chairman, and Mrs. Kenneth Johnson, missionary chairman presented a short but interesting program. Reports from the secretary, treasurer and flower committee were heard. Election of officers took place as follows: chairman, Mrs. William Johnson; vice chairman, Mrs. Ray Clark; secretary, Mrs. John Alander; treasurer, Mrs. Wade Dean. ## Give Now

In all the world there's none so blessed  
With things to add to happiness.  
As we whose fortune is to stay  
Confined within the U.S.A.  
We have our troubles it is true  
And peer sometimes thru glasses blue.  
But if these blinders we'd remove  
We'd see a path ahead that's smooth.  
In other lands it's not the case  
Where hunger strikes the human race,  
Where aged folks and children died  
Unheeded from a passerby.  
In prison camps where soldiers stay  
There's not a question raised of pay.  
But rather will they live to see  
The day when mankind will be free.  
Although we feel we've done our share  
What else we've done cannot compare.  
With prices other folks have paid  
And sacrifices they have made.  
There is today enormous need  
For funds, a starving World to feed.  
And help our boys who face the foe  
By giving to the U.S.O.

**Dear Mr. Stamp:**

I thought I would drop you a line to tell you how much I appreciate your sending "The Clarkston News" to me.

It seems good to read about what is going on around home when you're not there yourself.

I like the Navy fine but finding time for yourself is something very difficult to do.

They sure keep you busy drilling, going to lectures and keeping your gear clean. It's a good life though and I like it a lot. Well there's not much to tell, so I'll close saying thanks again for the News.

Sincerely,  
Jack Saylor  
10-29-43

**Dear Mr. Stamp:**

I thought I would write a few lines to you and tell you how things are. I guess I will have to go into the old subject again first. I have been transferred to Norfolk and have another address. I changed addresses so much at Bainbridge that I thought you would probably stop sending the Clarkston News but you always came through. I sure do enjoy the news from home and I appreciate your sending me the paper even if I did cause you a lot of trouble changing addresses.

I am a Radio man now and I really do like the work. Where I will be sent or when is something I sure would like to know.

I can imagine that Clarkston is getting sort of deserted now or seems that way since most of us trouble makers left. I guess that is about all we were, at least that's what seemed to me the matter with the town. When I left home a few weeks ago Clarkston seemed sort of deserted and there were an awful lot of names on the Honor Roll for such a small town.

Well I want to thank you again for the paper and I hope you won't be too mad about my changing addresses again. Blame the Navy. So long for now.

Sincerely,  
Hugh Cheeseman

**Dear Mr. and Mrs. Stamp:**

I want to thank you so very much for sending me the News each week, it helps lots when you are away from home to receive that little extra touch with the home town, that the paper gives. I know that I'm not very far away from Clarkston but perhaps that makes it all the nicer to receive it, for while it would take me only about six hours to get home, conditions being what they are, I haven't been able to make it for about four months, and I don't expect to be able to see the home town until I get that long looked for leave.

I would also like to take this opportunity to thank the Mothers Club for sending me the birthday card, it was so nice to be remembered by them. I was fortunate enough to be able to get to Detroit, and have a birthday party with the family, and Mother.

My job here is very interesting, I am in the Disbursing office, which is Navy talk, for pay office, and I have charge of the Midshipmen's pay rolls. We thought that the office hours were from 8 till 4:30, but when you're in the Navy, you find out there are really no hours, but I haven't heard much complaining, for that is what we are here for, to work. We did replace a man for active duty, two weeks after we arrived here, and it gives one an odd feeling, to know that you are really accomplishing what you set out to do, but it's a mighty good feeling.

always be
Greek to you?

NOT a pretty picture, is it? Kind of horrible. However, it's only a picture. A photograph, smuggled out of Greece.

Can you imagine what it would be like to see such a child face to face? How you'd feel if it were a boy or girl of yours?

But, of course, it isn't. It's just some child in faraway Greece.

Will this always be Greek to you?

Today that child is the child of your next-door neighbor. Not only because distance was this war's first casualty, but because the people of Greece and Yugoslavia and Poland and Belgium and Norway are all our allies in this war against the Axis. They're still fighting everywhere in the so-called "conquered" countries. With sabotage. With slow-downs. With anything they can think of to hinder the Nazis and the Japs. They're keeping Axis soldiers from where they might be used against us.

This year all Humanity needs your help more than ever before. That's why 17 war relief agencies have banded together as the National War Fund. That's why it has joined forces with the local agencies here in our own community...

...to help our valiant allies with food to feed them, clothes to clothe them, medical supplies to heal their wounds.

...to aid the needy and distressed here at home, to help keep the home front strong—to help take care of the many dislocations in family life caused by the war.

...to help provide all those big and little things that mean so much to the men in our armed forces—a cup of coffee when nothing could possibly taste so good; a place to go when a guy feels lonely; a helping hand where he needs it in some far-off place.

This year you'll be asked to give only once for all the agencies listed below. So before you decide how much to give, add up all that you would have given ordinarily. Then double the total. It's one of the most important contributions you can make to victory!

**There's a crowd on the lines**

It's always a big crowd in these war days. But the long distance operator keeps the calls moving quickly unless there are just too many for the circuits. If she says the circuits are busy, you can help by canceling your call if it isn't really important. But if you can't cancel, the operator will request—"Please limit your call to 5 minutes." It's the work of war we are trying to speed over the wires.

### POWER SAVED AT HOME-

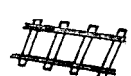

means more power for the  
**FIGHTING FRONT!**

The power behind your electric switch is really a product of coal and manhours and transportation, of copper and steel and tungsten and other critical war materials used in its manufacture. Every bit of electric power you save at home means more power available for the fighting front. Every pound of coal, every gallon of oil, every hour saved in the production of electricity means that much more available to achieve maximum war production. \* \* \* Think of electricity in terms of weapons and supplies for our fighting men . . . and use it as carefully as you would rubber or gasoline or any other vital war material. The Detroit Edison Company.

"Coffee supplies in the U. S. should remain ample for the duration," according to George C. Finkback, Pres. of the National Coffee Association. Imports into the U. S. this year were in excess of any previous year except 1941. Recently Chester B. Cies, General Manager of O.P.A. said "There is not the slightest danger of rationing coffee during the war." Coffee beans in Nation Bank Bank were shipped and sent to the other month ago. The coffee will be rationed.

Nov. 10th - Wednesday afternoon the Royal Neighbors will hold their regular meeting at the home of Mrs. William Johnston.
