CLARKSTON, MICHIGAN, FRIDAY, NOVEMBER 12, 1943

NUMBER 11

Air Scouts To Be Organized

The Rev. Walter Ballagh has made all the necessary investigations and is now ready to organize Air Scouts in Clarkston. The first meeting will be held on Tuesday night, November 23rd at the Township Hall. All boys 15 years of age and older, even up to 65 years, are invited and urged to be spent three days the first of the week at this meeting. This very interesting at his home here. course will mean much to those interested in aeronautics and will be especially helpful to boys who might be air cadets.

Fuel Shortage To Be Averted

Persons who need coal and have not more than a five days' supply on hand may obtain certificates of necessity which-coal dealers accept as priority orders has been announced by John D. Millis, executive secretary of the County OCD council and chairman of this program.

In Independence Township the certificates will be issued by Supervisor at Groton, Conn. Floyd Andrews.

Rotary Club News

two important projects. The members work necessary to grade, trench and fully prepare an outdoor skating rink, for use of the children in our com- vice. munity, this coming winter. This project is one very close to the hearts of all Rotarians and though sponsored by the P.T.A. Committee, the Rotary Club is glad to have a part and have notified Mr. Paul Henry, Chairman of the Committee, their desire to assume all expense toward a speedy completion of this project. The site has been selected and work has al- with mine. ready been started.

Paint Problems Are Considered

Made Subject of Discussion by Home Economists

"The Wonders of a Coat of Paint" will be the topic for discussion in the Home Economics Extension Groups of Oakland, according to Mary Woodward, County Home Extension Agent.

The leaders of these groups will meet in districts between Nov. 11 and Nov. 19. Meetings will be held in Royal Oak, Pontiac, Oxford, Holly, Milford and Rochester. The Holly meeting is scheduled for Wednesday, Nov. 17, at 10:00 a. m., at the high school.

Mrs. Alice Bartlett, extension specialist in home furnishing from Michigan State College, will meet with the leaders at Royal Oak and Pontiac. The home agent will meet with the other groups.

Problems in painting walls, woodwork and furniture will be discussed. Home-makers are using ingenuity these days in keeping the home comfortable and attractive. The right paint properly applied helps to preserve and to beautify the house. Drab rooms and shabby furniture can be transformed by a new surface or a cheerful color. How to paint and what to paint are problems which are of interest to every home-maker.

The other subjects for discussion, elected by the Home Economics Extension Groups for their 1943-44 program are as follows:

War-time Point Saving Meals. New Tricks for Old Clothes. Time Saved is Money Saved.

'fixin's".

"IT'S TOUGH NOT to know

N MICHIGAN, a thousand miles away, his young wife is in the hospital. Ever since he got excused from drill he's been waiting by the public telephone -- waiting to get a call through to the doctor - hoping to hear him say, "It's a boy, and they're both doing fine!"

But the wires are crowded with

calls that move armies and speed war production, calls from service men to the folks back home - and many civilian social calls.

So-patiently he waits. Waits and looks at his watch with a lump in his throat. And finally he'll have to go back to his barracks-to go to bed, but not to sleep.

IF YOU want to do a good turn for soldiers and sailors, leave the long distance lines clear for their calls in the evening between 7 and 10. That is usually the only time they can telephone. And if you have a man of your own in the service, remember it's better to let him call you. If you try to reach him by long distance, he's often difficult to locate.

CLARKSTON, MICHIGAN

The Hilltopper

(Continued from page one) MORE HEADACHES

Aside from the regular routine of classes, we have had something new added during the past week or so. A series of aptitude tests has been

given to all students in the sophoniore, junior, and senior classes. You'd think we didn't have enough

to do to keep our mental processes sharpened up; they have to tease us with these quizzes which make us feel like imbeciles! ·

for which vocations we shall be best suited after school is finished.

They also serve another purposethat we are quite intelligent down a all turn out at the Football Dance. reg or two.

One of the worst things about it is that we can't be told our scores on certain ones. You have no idea how curious one can be about the score of a test especially after he has slaved a. test especially after ne nas slaved a couple of hours on it. Maybe it's a good thing we can't find them out be-cause some who got low scores might feel bad and others who got high scores might get the big head. Considering all sides of the ques-tion. I think we'll live through it,

who'd care if we didn't.

We hope there will be a big turn out for the dance we are going to sponsor in a short time. But you will hear about that later. That's all for now.

Barbara Strickland ABOUT THE FOOTBALL DANCE

Friday night, November 12, is the big football dance. It will be sponsored by the Senior class and backed by the Entertainment Committee of Clarkston. Bill Radoye and his "Dir-

ty Dozen" will furnish the music. Don't let that name fool you. They really dish out swell music. As a

matter of fact, they are doing a fine Seriously, though, they are given job this year, in view of the fact that for a purpose. Since the tests cover they have no music teacher. Usually almost everything from soup to nuts when a student takes on a job of diit can be seen where each person rates recting students like Bill Radoye has, highest. Then it can be determined there is trouble, because naturally no which subjects we should major and one wants to take orders from a person his own age.

However, the Dance Band seems to be doing all right. Let's hope that that is to take some of us who feel they keep up the good work, and let's Tickets may be purchased from

members of the Senior class or at the door.

"Yes, I'm afraid there's no denyin' it, Judge ... jeeps and trucks and other kinds of motorized equipment have taken the place of the good old horse in modern warfare."

"It's true of lots of things in this war, Eben. Every day we hear of new tactics and requirements and new uses of products. For instance, take the alcohol that is used for war purposes. In World War 1, this vitally needed product was used mostly in making smokeless powder, chemical warfare materials and medical supplies. Today it must do far more...it must provide the base for such indispensable products as synthetic rubber, shatterproof glass, lacquers, plastics and many other of our requirements so essential to victory.

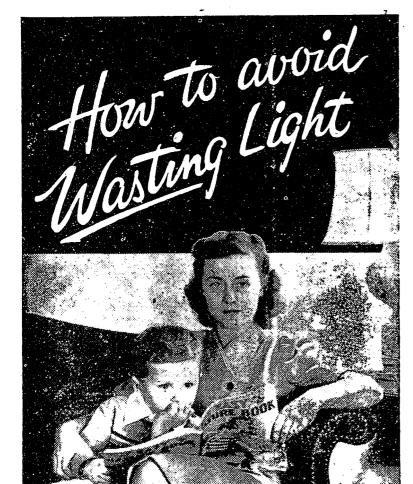

"As a result hundreds of millions of gallons are required every year...half of which is being produced by the beverage distilling industry. Bet you didn't know that, Eben,

As a matter of fact, I didn't, Judge. That's a mighty important war contribution that had escaped me completely."
