Church Circles Met This Week

The February meeting of the Mary Circle of the Women's Society of Christian Service of the Clarkston Methodist Church was held on Tuesday at the home of Mrs. George Harris. Election of officers followed the pot-luck luncheon. Mrs. George Poss and Mrs. Paul Henry were reelected chairman and secretary. Many members took home sewing for the bazaar. Anyone wishing to help at home with this work will please call Mrs. Virgil Campbell, phone 3092. The next get-together will be a sewing bee at the home of Mrs. Paul Henry on Tuesday, March 7th.

The Martha Circle met on Wednesday afternoon at the home of Mrs. Ida Virgin with 24 present. Mrs. David Stewart and Mrs. Roy Gundry presided at an attractive tea-table which was covered with a white linen cloth.

Mrs. Oscar Virgin and Mrs. George Marshall were guests. Mrs. Howard Sage assisted the hostess.

The following officers and committees for this circle have been appointed: Spiritual chairman, Mrs. Ada Mills; Missionary chairman, Mrs. Joseph Seeterlin; Literary chairman, Mrs. Glenn Boner; Wesleyan chairman, Mrs. Ronald Walter; Flower chairman, Mrs. Howard Sage. At the business meeting the group decided to have a St. Patrick Tea on March 17th. Mrs. Glenn Howland was appointed in charge of the tea-table and Mrs. Ray Clark in charge of the program. The Wesleyan dinner which is to be held at the Church on Thursday, Feb. 10th was discussed. Mrs. Ray Clark who is the Wesleyan representative from the Dorcas Circle told about the plans of the committee and announced that the Dorcas group would have charge of planning and serving the dinner. Mrs. Willoughby will be the dinner chairman. Mrs. Kenneth Johnson, missionary chairman, read the Foreword in the missionary study book and had some of the members read short sections from the book that told about the schools that were sponsored by the Women's Society of Christian Service.

Our Boys and Girls In The Service

Jack Cubley, Avn R.M. 21c, is enjoying a short furlough and a rest at his home here after many months of service in the Pacific. He will return to the west coast later in the month.

Pvt. William Wilson is ill and is a patient in the hospital at Pueblo, Colo. The last word Mrs. Wilson received was that he was slightly improved.

Jan. 13-44

Dear Friends:

News is very scarce, but I thought I had better write a few lines and let you know how I am getting along.

I've moved to another island since my last letter and it is sure much better than the one we spent all last year on. There isn't much jungle here and although it rains almost every day life here isn't bad at all. Mail doesn't come in very often, but the boats are needed badly to keep supplies moving to the fellows at the front.

We just heard the good news that some of us fellows in the South West Pacific will be sent back to the States sometime this year. The news sure couldn't have fallen on more welcome ears. Three years are like ten when they are spent away from home.

I received a swell letter from Mrs. Waid yesterday. She said she hadn't heard from Chuck for two weeks. It's sometimes as hard to get the mail out of the jungle as it is to get it in to us, so she can be sure Chuck is O.K., it's just the jungle mail service.

I have to write to Jerry O'Dell today, so I'll close for this time. I hope to see all of you folks soon and 'til meeting time I'll remain

Bill Lovejoy

Great Lakes, Ill., Jan. 18—Blue-jacket John Getty MacLarty, 22, husband of Mrs. June MacLarty, Rural Route 2, Clarkston, Michigan, was given the petty officer rate of Fireman, first class in graduation ceremonies held this week for Service Training Station here.

Selected for his specialized training on the basis of his recruit training aptitude test scores the newly graduated man has undergone several weeks of intensive study preparing for his new Navy trade.

The graduate is now awaiting active duty orders to sea or to some shore station.

Jan. 26-44

To the Home Front Committee:

It is late to extend my thanks for the lovely Christmas box you sent me, but this lateness in no way diminishes my appreciation of that box. I had no end of fun opening it and unpacking all those very useful items. The girls here especially envied the towels and washcloths, which even the Navy has had a little trouble getting these days.

I enjoyed, too, the nice poem Mr. Beattie composed for us. It might interest him and others in your group to know that only last night, and quite accidentally, I met Mr. Beattie's nephew, Ed, who is now a cadet at the main base at Corpus Christi. We had quite a time chatting about our mutual acquaintances back in Clarkston.

Thank you again for the lovely box. It does us good to know that the folks back home remember us though far away.

Sincerely
Reta G. Halsey

Jan. 9-44

Home Front Committee:

I shall drop a few lines to thank you and show my appreciation for the box you sent me this Christmas. I know there are hundreds of boys all over the world who are receiving such packages. Each package makes a person somewhere know so much more how the people back home are pulling for us boys overseas.

I have been in the Pacific for almost two years and have met many new people. It isn't these people that we think of in our dreams but the people back home with whom we have associated the greater part of our lives that come to our minds.

I read the Clarkston News and see that most of the boys that I went to school with are in the service. I read their letters and find that they are all over the world doing their part to help end this war sooner.

There are many things I would like to tell to the people back home but due to strict censorship they will have to wait.

Thanking you again for the Christmas package. It sure helps to keep a fellow's spirits up.

Respectfully yours
Wilson J. Denton

Somewhere in Australia
Jan. 16-44

Dear Mr. Stamp:

For some time I have been wanting to write but couldn't seem to find the time—or perhaps the ambition—to get started at it.

I finally took the long boat ride and landed "way down under" down here in Australia. So far I haven't found a thing to my liking. It is a

"Below The Deadline" Being Shown Tonight

At 7:30

Tonight a movie, sponsored by the recreation committee, will be shown in the auditorium of the Clarkston School. The show will last for two hours from 7:30 until 9:30. The main feature will be "Below The Deadline". There will be a short comedy "Tongue Twisters" as well as a news reel.

The charge of admission will be small. The pictures are such that young and old will have an evening of good entertainment.

Clarkston Resident Injured in Fall

Last Sunday night Mrs. William Simpson, 80 years old, of East Church Street, Clarkston, had the misfortune to fall down some stairs. She suffered breaks in the upper right arm, the right wrist and the little finger on the right hand besides three broken ribs. She was taken to Pontiac General Hospital on Monday. The last report was that she was getting along as well as could be expected.

Her many friends in Clarkston wish her a speedy recovery.

Little Jimmie Weber Hurt While at Play

Last Thursday Jimmie Weber, 3½ year old son of Mr. and Mrs. Ronald Weber, was thoroughly enjoying himself playing out of doors with several other children, all older than himself. However Jimmie's happy time had a very sad ending because when some of the children were shooting with a bow and arrow at a bale of hay he ran from the back of the target and the arrow pierced the side of his nose. He or one of the children pulled the arrow out and then hurried the child home to his mother.

Jimmie was taken to Harper Hospital in Detroit and his mother expected to bring him to his home yesterday.

Rotary Club News

The speakers at the Rotary Club last Monday night were Mr. Waugh and Mr. Hipple of Detroit, representatives of the Standard Oil Co. They talked on "Synthetic Rubber". They displayed many pieces of rubber and demonstrated how easily synthetic rubber could be made. They were very fine speakers and their subject was exceptionally interesting. Byron Nolan was responsible for the fine program. He introduced the speakers.

Next Monday night, Feb. 7th, will be ladies' night. Dinner will be served at 6:30. The speaker of the evening will be Mrs. Geraldine Townsend Fitch, who has been a missionary in China. Mrs. Fitch will have an interesting story to tell.

huge territory—nearly as large as the States—but very sparsely populated. There are more people in New York City than in the entire country. I have been to Sydney—which is their largest city with more than a million population—and also Brisbane, but found nothing interesting or entertaining in either.

We can get plenty of bananas and pineapples and things of that nature to eat. That pleases me because I couldn't get enough back in the States. I have seen kangaroo at various times, but of course we don't eat those—or at least we haven't to the best of my knowledge. We have had about everything else, and may get the roos at any time.

I wish to thank the Home Front Committee for the large box they sent me for Christmas. It was wonderful and the many articles it contained were worth-while and very useful. I want it known that it was deeply appreciated. It is a worthwhile job the committee is doing.

I also wish to thank you for the News which I have been receiving quite regularly lately. It is nice to be able to read what is taking place in the old home town.

Thanking you again, I remain
Respectfully yours

Jan. 28-44

Dear Mr. Stamp:

I'm really very late in writing, to thank you for the Clarkston News. I am in the Army Medical Corps. I was in Missouri but I am now in Louisiana, ready for maneuvers. We are bivouaced near the swamps.

I am always waiting for the Clarkston News. I wouldn't trade good old Clarkston for any other place in the world.

Again I wish to thank you for the News.

Sincerely,
Pvt. Verne P. Sinkler

Cubley-Tower Rites Read Last Wednesday

On Wednesday night of last week Genemary Cubley, daughter of Mr. and Mrs. J. J. Cubley of Overlook Drive, Clarkston, and Private Gordon Tower, son of Mr. and Mrs. Vern Tower of Davisburg, spoke their marriage vows at the parsonage of the Clarkston Baptist Church with the Rev. Walter Ballagh officiating.

The bride wore aqua crepe with black accessories, and her attendant, Mrs. Ralph Stanback of Pontiac, sister of the groom, was dressed in gold crepe with black accessories.

Mr. Stanback acted as best man. The bride graduated from the Clarkston High School in the class of '42 and is now employed in the County treasurer's office in Pontiac. The groom graduated from the Holy High School in 1942 and after being employed for only a short time he donned the military uniform. He returned to his station at Aliceville, Ala., on Wednesday of this week after having a ten day furlough.

Boy Scout News

The storm last Monday did not interfere with troop No. 49 meeting Monday night. There were 18 scouts present.

Details for the hike to Camp Agawam, next Saturday, Feb. 5th, were worked out. The scouts going will assemble in front of O'Dell's Drug Store at 1:30 p.m. Scouts who are busy during the day can come out in the evening on bicycle or by other means.

One new member, Kenneth Barnes, was welcomed into the troop.

Two of our ambitious scouts, Burton Barnes and William Ludwig, passed tests for Reading merit badges during last week, making a total of 6 merit badges for Barnes and a total of 7 merit badges for Ludwig. It must be remembered that William Ludwig is still a 1st class scout but the number of merit badges he holds entitles him to a higher ranking (Star Scout requires 5 merit badges) but he must serve his time of 6 months as a 1st class scout before he can be promoted.

A summary of the scouts in troop No. 49 who hold merit badges besides those just mentioned are: Wayne Longair with 4; Wayne Clark 10; Herbert Rose 11 and Henry Huber 23.

Our Scout Master, Willard Wells, could not attend our last meeting—having been transferred to the night shift at the Pontiac Motors—but we hope he will be put back on days soon.

Recreation Committee Met Tuesday Night

The P.T.A. recreation committee met on Tuesday night at the Township Hall. The recreational program for the rest of the year was discussed. The skating rink on Park Lake at the end of Buffalo street is operating whenever weather permits. It is kept well flooded and is well lighted at night. The movie at the school tonight is an experiment to see if the attendance would warrant having movies here at regular intervals.

Seek And Ye Shall Find

To know the truth will help off't times
To straighten out a sorry mess,
For ignorance quite often primes
The pump delivering distress.

In truth the world is not so bad
As ignorance would have us think,
And things we know are not so bad
As rumors build them link by link.

To know the things we think we know
Is being backed by strength untold,
And guided in the way we go
With hopes increased a thousand fold.

To find the truth is quite a trick
And some will fail to recognize
It; hidden with falsehoods so thick
They nearly blot it from their eyes.
But those who fail to follow thru
Content to live in what they hear,
Will find surroundings mighty blue,
Full of suspicions and of fear.

Opens Next Tuesday at Olympia for Nine Days

The 1944 edition of "Skating Vanities," a fabulous musical extravaganza on skates, which will open a nine day run at the Olympia Stadium next Tuesday, has a cast of 104 skating stars.

The Strauss waltzes, reminiscent of Old Vienna serve as a musical background.

Other production numbers include "Swing Time Down South," which depicts scenes from an old time Southern Minstrel show. For the finale a patriotic number "Here Comes the Navy," has been staged, designed as a tribute to our gallant naval forces.

Included in the cast is Dolly Durkin, famous skating star, 48 beautiful skating-ettes and 16 handsome skating-cadets with scores upon scores of other thrilling displays.

The Hilltopper

SENIOR NEWS

The members of the Senior Class wish to thank everyone who helped make our dance a success. The attendance was great! By the turnout at the dances we students know you are behind us one hundred per cent and want to help us in tasks we undertake.

Exams are over once again—much to everyone's sorrow. We all know our marks now, most of which were better than we anticipated.

There has been one good time among the Seniors as the "Junior" size pictures arrived last week and we have been busy trading pictures with other members of the class.

Haven't you often wished you were a little mouse so you would be able to see and hear things you couldn't otherwise? This was true with many students on the Hilltop last week. The Speech Class had their semester exam, part of which was a pantomime. They were all good and let's have some inside information about the Seniors and what they did. They really must have been interesting from what students have been saying.

It appears Eudell Millour is especially fond of movies as she is always going to see them and advises other people which ones to see.

Bob Clark must have a new suit as he had one fitted in class.

If you want a good laugh—watch Shirley Bunyan imitate a man shaving. Her facial expressions are the real thing.

Nadyne Cornell must be interested in nursing as she is always "mouthing and arguing about it."

Walt Henry must have an injury complex as he is always getting hurt in his tales and pantomimes.

Evidently Helen Mann has gone domestic and is taking up cooking as she gave the principles of making fudge.

MUSIC NEWS

We have two more pieces for our dance band and have many more tunes on order.

The dance band has been working on some of the new tunes, and presented them at the last dance. Incidentally, they went over with a big bang.

We shall continue practices until the next dance. Don't forget to watch the paper for further details of future dances.

C20S NEWS
 We held our meeting last Tuesday noon for thirty minutes. Since we had exams and no school Friday that was the only free time.

Each one of us has taken a few states in the United States to write to and ask for the mineral most prominent in that state. As soon as we have completed our collection of the States we will start writing to other countries.

9TH GRADE NEWS
 Semester Exams are over and we will receive either the bad news or the good news Wednesday. Very few Freshmen have any change in their schedule so our studies will continue

the same as usual.
 I forgot to mention last time that the ninth grade (of course) won the advanced ticket sale for our dance whereby we added another five dollars to our treasury.

Katherine LaPlante
 The school would like to thank Mrs. Lloyd Megee for the book she presented to us to keep the signatures of all the service men and women who attend our dances. The book has a few signatures in it now but it will have a lot more if all of you bring your friends and relatives. There is no charge for people in uniform. We are always glad to see the service men and women here, it feels that we are helping the morale of our boys and girls here and abroad. If you have friends or relatives bring them, we are sure they could find entertainment.

Farm Deferments Will Be Reviewed

Several hundred Oakland County farmers now classified as II-C and III-C, who have been the backbone of wartime agriculture in this area are asked by the Selective Service to file their 1944 farm plans before April 1 of this year.

The Tydings Amendment to the National Selective Service Act provided for the deferments of farm workers who met certain requirements. The deferments have been computed upon information which was reported on the agricultural questionnaires, and other information on file with local draft boards.

The Oakland County Extension Service has been designated as the agency to collect this factual information.

Although selective service regulations do not require Local Boards to reopen II-C and III-C classifications periodically, as is the case with II-A and II-B deferments, it is believed advisable that all farm deferments be reviewed at least once each year.

In order to save the time and travel of farm workers concerned, Karl D. Bailey, County Agricultural Agent has scheduled a series of meetings throughout the county where selectees may come in at any time during the day between 10 a. m. and 4 p. m. Selectees should know the acreages of each kind of crop grown in 1943, and the proposed planting for 1944; the number and kind of livestock will also be listed. Generally about 16 war units are essential for the deferment of a selectee.

When the agricultural information is collected, each case is passed upon as essential or non-essential to the war food production effort by the Oakland County U. S. D. A. War Board of which the following are members: Walter R. Cook, Chairman; Fred J. Beckman, member, and Karl D. Bailey, secretary.

In this vicinity meetings are scheduled for Holly Town Hall, Tuesday,

February 8; Highland High School, Tuesday, February 8, and Clarkston Town Hall, Wednesday, February 9.

Don't leave lights burning in STOCKROOMS AND STOREROOMS -
... save electricity to SAVE COAL
An unneeded light left burning in one corner of a storeroom wouldn't matter much in normal times. The cost is only a fraction of a cent an hour - for electricity is cheap. But today ANY waste of electricity is serious because it wastes COAL - as well as transportation, manpower, and other critical resources. That is why the Government asks you to conserve electric power voluntarily, in your store and factory and home.
Even though electricity is not rationed and there is no shortage in this area, save whenever you can, as much as you can, because it saves coal.

THIS is what we've been working for all along. This is the year to hit and hurt the enemy. This is the time when everything you do counts double. If we all get together and do all we can, we'll be over this hurdle and well on our way to complete and crushing victory.

No question about the men in uniform—they'll go "all out." But can we count on you to back them all the way? Your quota is where you work—you've got to buy your War Bonds and then buy more, until every last loose cent you have is fighting. Tough? Of course, it's tough—unless it is a sacrifice you're simply not doing your share!

Make the sacrifice now—buy more than the extra \$100 Bond your country counts on you for—winning the war is worth any sacrifice you make. Besides, you aren't giving, you're lending to America! You'll get back every dollar you invest in War Bonds, with interest.

An extra \$100 War Bond now is the minimum for everybody—can't we count on you for more?
