Rotarians and Guests Hear About Far East

Mrs. George Fitch Was the Speaker

On Monday night the Clarkston Rotarians were hosts to their wives and a number of guests at a chicken dinner and a very interesting evening in their club rooms on Main Street.

Group singing led by Robert L. Jones with Mrs. Harold Pailthorp at the piano was enjoyed before and after the dinner. After each Rotarian presented his guests George Perry introduced the speaker of the evening, whom he remembered as Geraldine Townsend when they attended and graduated from the High School at Grand Blanc. Accompanying Mrs. Fitch was her father, Reverend Townsend, well known to many here, having preached in the local Methodist Church many times.

Mrs. Fitch took as her subject, "Oriental Nations as Contributors to the New World Order". She told briefly what countries constitute the Far East and their value to civilization. Mrs. Fitch was deeply interested in China having lived there for twenty years. She has done much missionary work with the Chinese people and her husband has spent many years in Y.M.C.A. work in that country. Five years ago on account of war and terrible unrest in China Mrs. Fitch returned to America, but she has hopes of returning to China when peace is again restored. China has been in war with Japan for going on seven years and Mrs. Fitch thinks there are five reasons why Japan has not been the conqueror. They are these—1st on account of China's size; 2nd, China's great manpower; 3rd, the Generalissimo's strategy in making the war last and spreading out the war fronts; 4th, the strength and character of the Generalissimo himself; 5th, the undefeatable spirit of the Chinese people. She says the Chinese will have three problems to face—1. Inflation, transportation and famine. She spoke briefly of the Koreans and what they are contributing to the war effort to help defeat Japan. However, Mrs. Fitch said, it was her opinion that if these eastern nations were to be contributors to a new world order there must be a new attitude between west and east. We must put into practice the "Fatherhood of God and the Brotherhood of Man".

Mrs. Fitch was a fine speaker and a very charming woman and although she talked for more than an hour her listeners were so interested they would have been glad to listen for another hour. Maybe the Clarkston folks will be able to hear her at some later date.

Clarkston Home Front Committee

Dear Friends:

Your Christmas package, containing the well chosen items, was received in excellent condition a few days before Christmas. It was the second Christmas package I have received from you, having been in the service in 1943. The first one seemed to be "tops" but it seems you have outdone yourselves this year.

Please be assured that your efforts and contributions are sincerely appreciated.

Sincerely yours,

Paul

P.S. Bob Beattie—you're doing a swell job.

Dear Friend Mr. Stamp:

I have postponed writing for almost three weeks. You certainly have trouble keeping up on my address, or rather, I have trouble keeping you informed of it.

I have been transferred from Washington, D.C. to my present location which is a radio and communications school. I have been here for 3 weeks and expect to be here about another 12. My work here is very interesting.

I wish to thank you sincerely for the Clarkston News which I appreciate very much—it is always welcome.

Dear Mr. Stamp:

Just a few lines to thank you for sending me the Clarkston News each week. It really helps, to read about the folks back home and what they are doing.

I also wish to send my sincere thanks to the Home Front Committee for remembering me at Christmas and for the swell box I received from them. All the articles are very useful. I appreciate them very much.

Thanks again for the paper and the best of luck to everyone in Clarkston in 1944.

Dear Friends:

I have received so many fine Christmas cards from you hometown folks that it would take me several weeks to thank you all individually for your kindness, so I am taking this opportunity to thank you. It is hard to put my appreciation into words, about all I can say is that it is a grand feeling to know you people back home haven't forgotten us.

Sincerely,

Roy Spencer Jr.

New recruits at the U. S. Naval Training Station, Great Lakes, Illinois, are two Clarkston, Michigan, men.

They are now receiving instruction in seamanship, military drill, and given a series of aptitude tests for naval procedure. Soon, they will be determining whether they will be assigned to one of the Navy's service schools, or to immediate active duty at sea.

Upon completing their recruit training, these men will be home on a nine-day leave. They are: Kenneth Kleine Barker, 30, 109 N. Main Street; and William Arthur Foster, 18, 6210 Shappie Road, Rt. 2.

Recognition as eligible to try for the petty officer rate of Aviation Machinist's Mate, third class, was given to Bluejacket Robert Leroy Kline, 24, husband of Mrs. Wanda E. Kline, 8821 Thendara Park Blvd., Rt. 1, Clarkston, Michigan, in recent graduation ceremonies held for aviation students at the Naval Training School located at the Naval Air Technical Training Center, Navy Pier, Chicago, Ill.

The newly graduated man was sent to the specialty school on the basis of his recruit training test scores which indicated aeronautical ability.

Navy Pier's school offers instruction for both aviation machinist's mates and aviation metalsmiths. Airplane motors wiring and assembly comprise the machinist's course; metalsmiths learn the maintenance and repair of the airplane structure. Both groups received instruction in the principles of flight.

CARD OF THANKS

My sincere thanks are extended to my friends for their thoughtfulness while I was in Goodrich Hospital and since I have been recuperating at my home. I appreciated the pretty cards, the lovely flowers and other gifts, also the visits and the telephone calls.

Clarkston Girl Scouts Receive Merit Badges

At Tea Held Wednesday Afternoon

The Clarkston Girl Scout Troop No. 17 was host to the mothers of the members at an afternoon Tea on Wednesday. The occasion honored the scouts who received the required amount of merit badges to become 1st class scouts. This is the first time that Clarkston has ever been able to boast of 1st class Girl Scouts.

Mrs. W. S. Barrows explained the work required by each girl from the time she expressed the desire to become a Girl Scout. Merit badges and the 1st class scout badge was then presented to Mary Lee Volberding, Mary Lou Gunter and Patricia Watson. Barbara Rioux received her 2nd class badge and three merit badges towards the rank of 1st class. These girls will now start a project of their own choice and after a year of hard work they will receive a curved gold bar.

Troop 17 has 23 scouts and all are striving to be scouts of distinction. The 2nd class scouts are: Barbara Rioux, Marie Bennett, Mary Porritt, Norma Terry, Phyllis Wiechert, Betty Stauter and Nita Bader.

Following the presentation of badges Mrs. W. H. Stamp talked briefly about scouts and congratulated Mrs. Barrows and the girl scouts for the fine work they were doing. Mrs. Robert C. Beattie and Mrs. Earl Terry, members of the P.T.A. Scout Committee, presided at the attractively arranged tea table and some of the scouts assisted with the serving.

At the close of the afternoon the mothers had a fine time visiting and finding out the real value of scouting.

New Tricks For Old Clothes

"New Tricks for Old Clothes" will be the next topic for the Home Economics Extension course in Oakland County, according to Mary J. E. Woodward, Home Extension Agent.

The meetings will be held with leaders of these groups as follows:

February 10—Royal Oak—Auditorium, Longfellow School.

February 11—Pontiac—5th Floor, County Office Bldg. On corners of Saginaw and Lafayette Sts.

February 15—Oxford High School.

February 16—Holly High School.

February 17—Milford—Home Economics House (Second house beyond school).

February 18—Rochester—Avon Township Hall.

Meetings will start at 10:00 a.m. Miss Marjorie Eastman, Extension Specialist in Clothing from Michigan State College, will meet with the leaders at Royal Oak and Pontiac.

Making good use of our old clothes is patriotic as well as thrifty this year, as it is important that we save cloth as well as money. Suggestions will be made for bringing old clothes up-to-date and making them more becoming with the least effort and expense.

Leaders are requested to bring to class a garment (preferably a dress) which they wish to remodel. Part of the time will be used to plan alterations for the articles brought in, and help will be given with problems of fitting.

Although Navy chaplains attached to Marine combat units are traveling in the company of men with highly colored vocabularies, they never forget their ecclesiastical background, according to St. Sgt. Jeremiah H. O'Leary, a Marine Corps combat correspondent. Reporting an incident experienced by Chaplain Lonnie W. Menchum of Virginia Beach, Va., Sgt. O'Leary states: "The chaplain was standing in a chow line when someone inadvertently doused him with a container of scalding soup. After a moment, he managed a very grin and said: 'Would some layman please say a few appropriate words?'"

Boy Scout News

All scouts are reminded about Boy Scout Week starting February 8 through February 14 and to wear their uniform. It is in honor of the founding of Boy Scouts in America 34 years ago.

Presentation of Eagle Scout Badge to Henry Huber was made by the Rev. W. Harold Pailthorp at a Court of Honor held at the Clarkston school last Friday night.

The hike that was planned last Saturday was postponed due to the fact that the Scout Master's wife, Mrs. Willard Wells, was going to the hospital.

Last Monday's meeting had 17 scouts present. Lloyd Anderson, assistant Scout Master, was in charge.

CHEERLEADERS

Our game with Milford last Friday was so far from home that a very few of our rooters appeared. Nevertheless those who were there did plenty of cheering.

Our next game Friday is with Keego Harbor here and I'm sure we can fill all of the balcony seats.

The cheerleaders have been working out some new cheers, but as yet have not introduced them. The girls also plan to get gold skirts to go with our blue school sweaters.

MILFORD UPSETS CLARKSTON

Clarkston's basketball team was quite surprised Friday night when Milford's red and white cagers upset them. Clarkston had won from Milford on the home floor 28-24, but Milford reversed the decision 30-22.

During the first half Clarkston was surprised by Milford sinking baskets from the middle of the floor. In the last half Clarkston played a much better game of ball, but Milford's overwhelming lead from the first half was enough for them to win. Glenn Davison was high point man with 12 points.

The second team lost their game 24 to 15. Earle Garneau was high point man having made 6 points.

11TH NEWS

The Juniors are going to sponsor a dance Feb. 25, as yet we haven't a name for it. The tickets will be on sale soon. Don't plan anything for Friday night, Feb. 25, except to come to the dance.

We have chosen our play; it will take place the last of March or the first part of April. I'll have more information for you next week about the dance and the play.

SENIOR NEWS

The Seniors held a class meeting at which our class colors, motto, and flower were chosen. Our colors are Silver and Blue. Our motto is not original but has a very true meaning, "With the ropes of the past, we will ring the bells of the future." The flower is the American Beauty Rose.

Some Seniors have been busy dropping subjects and entering new classes in order to complete their majors and minors.

There are two more home games of basketball this year. There are several Seniors who will be playing their last games. These are Bill Clement, Wilbur Adams, Eldon Rouse, and Carl Freeman. Turn out at these home games and support those Seniors in their last few hours of play for C. H. S.

"Save The Wheels That Serve America"

The continuing need for the automobile dealer's skilled services to maintain America's transportation system was outlined to more than 500 Chevrolet dealers by William E. Holler, Chevrolet general sales manager, at a meeting in Detroit held subsequent to the convention there last week of the National Automobile Dealers Association. Joseph S. Seeterlin, Pres., Seeterlin Bros. Inc., attended both the NADA sessions and the special Chevrolet dealer conference.

While the NADA convention dealt with problems common to all automobile dealers, Joseph S. Seeterlin said, Chevrolet dealers conferred with Holler and other Chevrolet Central Office officials on issues of particular interest to their own group.

Praised by Holler for their wartime contributions as specialists in preserving transportation, the Chevrolet dealers were urged not to relax their efforts in that direction, Joseph S. Seeterlin said.

The Holler statement, as reported by Joseph S. Seeterlin, follows:

"Our greatest effort—soldier and civilian alike—lies just ahead, for we are entering upon the period of our sternest test. Our confidence in our fighting forces must be demonstrated by our resolve to supply the implements of Victory.

"Chevrolet dealers have made an outstanding record in this respect thus far and today are better prepared and in a stronger position than ever before to continue doing such a job. I urge them to put forth renewed effort to 'Save the Wheels that Serve America'—a 'Service for Victory' that carries a top priority today."

Incomprehensible

How much importance should we place

On current strife within our race? How much disturbed should people be

Over loss of wealth or dignity? Should we of earth get all upset

With thoughts of rising public debt? Should it be of the things we choose

That we should win and others lose? Is there a place for selfishness

In worlds o'er run with war's distress? Is God's great plan of earth so small

We cannot rise from where we fall? In thinking of a world our size

And millions more within the skies, Each planned to every blade and tree

Compounded in our scenery, I find it hard to narrow down

To little things that I have found To loom so big, unless appraised

From different angles, many ways, The world's too large, the plan too great

For man to harbor any hate. The sky's too blue, the air too clear

For us to live in any fear. Our life's too short at very best

To worry much of world's unrest, And things we buy today are free

To residents of eternity. Robert C. Beattie (All rights reserved)

A REMINDER

every time you snap an ELECTRIC SWITCH

Ordinarily when you snap an electric switch that turns on your lamps and electrical appliances, you need give no thought to the miracle that makes this possible.

But behind your electric switch are thousands of men and huge power plants and far-flung transmission lines and complex electric equipment — all essential in the manufacture of electricity. Thousands of tons of coal are burned every day to bring you electric power.

Today it is important to think of what lies behind your electric switch. Let every switch and electric outlet be a reminder — a "string around your finger" — of the need for saving electricity whenever and wherever you can. Even though electricity is not rationed and there is no shortage in this area, the Government asks you to CONSERVE in store and office and home, thus saving coal and transportation and manpower.

C. S. War Efforts Are Prodigious

During the three months ending December 31, 1943, the Christian Science War Relief Committee, with

headquarters in Boston, shipped one hundred twenty three thousand, eight hundred twenty five garments to England, Russia, French Relief, and Greek Relief, and to Czech Refugees in Canada, bringing the total number of garments distributed since September, 1940, to 1,611,916.

During the last three months 74,108 garments have been distributed to our armed forces, making a total of 233,624 since January, 1942. The needs are constantly increasing as with the extension of our war fronts and the opening up of occupied zones, more refugees are pouring into our distribution centers. Often these refugees have only the clothing with which they escaped.

A new addition to the war relief work has been the preparation and supplying of "Survivor Kits" to escort ships. These kits contain all that

a rescued man needs—a suit, underclothes, shoes, shirt, sweater, etc. Local committees collect the garments and send them to Boston where the kits are made up and supplied to convoys.

Camp Welfare is carried on by 132 Christian Science War Time Ministers, and over 350 volunteer workers, who look after the spiritual needs of the men and women in the camps both at home and in the war zones.

Eighteen Christian Science chaplains have been commissioned by the Government, at least ten of whom are serving abroad. One of these has been decorated for extraordinary bravery under fire, when he brought in two wounded soldiers from the battle front.

Murder by Morpheus. A gentle, loving daughter when awake, the pretty girl became a raging killer when her mind—and conscience—slept. William Scabrook, noted author and explorer, tells of this tragic case and similar instances of persons who have committed crimes while asleep. Read it in The American Weekly, the magazine distributed with next week's Sunday Herald American.

YOU CAN HEAT YOUR HOUSE WITH SUNLIGHT

One way to beat the coal and oil shortage is to let Ol' Sol do the heating. Dr. Robert D. Potter, science editor, writing in The American Weekly with this Sunday's (Feb.13) issue of The Detroit Sunday Times, describes a new house which sunlight helps to heat, and how old houses can easily make use of the same principle. Get Sunday's Detroit Times.

In thawing a frozen water pipe, begin at the faucet and work back. Never start warming the middle of the pipe, for the expansion of melting in the midst of solid ice may burst the pipe. Have faucets open so the water can flow out as the ice melts. The simplest and safest way to warm pipes is to wrap them with cloth, set a pail underneath, and then pour boiling water from a teakettle onto the cloths. When thawing a waste or sewer pipe work upward from the lower end to permit water to drain away.
