Paper and Rag Drive In Clarkston, May 28

One of the essentials in helping to win the war is paper. Paper is needed more and more. That is why the Clarkston P.T.A. is sponsoring a waste paper drive on Sunday, May 28th. During the next two weeks save every scrap of paper, tie it in bundles or pack loose papers in boxes or bags and have them at the curb on the 28th. Along with the paper pack up all the rags you can find and put them out for collection on the same day. Rags are needed too and now, when you are housecleaning, is a good time to get rid of the rags that cannot be used about the house.

Clarkston Locals

Mrs. William Goulet spent the last weekend in West Branch with her mother.

Clarkston school baseball team and the coach, Ralph Thayer, attended the game at Briggs stadium in Detroit last Saturday afternoon.

Folks will be glad to know that George Harris is home from Goodrich Hospital and his condition is greatly improved.

Mrs. Percy Craven is ill and is confined to her home on N. Holcomb St. Louis F. Walter went to Ann Arbor this week to take a few treatments at University Hospital.

"This Is Invasion Year," the Director of ODT said, and the transportation system must be free to respond to any demands that the occasion may make upon it. The unessential traveler will have only himself to blame if he is indefinitely stranded, or finds his Pullman reservations summarily canceled, or finds passenger schedules temporarily disrupted and intercity buses completely swamped, the Director said.

Our Boys and Girls In The Service

Pfc Lee Kittredge returned to California this week after enjoying a short furlough at his home here. Pvt. Ralph Brandt and Mrs. Brandt are enjoying a visit with relatives in Clarkston while he is on a fifteen day furlough from Camp Claiborne, La. Burton Steiner, MM2c, Charles Beach, MM2c and Pvt. Byron Miller are enjoying a few days at their homes here. S1c Stewart Baynes arrived home last Sunday and had to report in Washington, D.C., today. Pvt. Kenneth Grate is among the service men who are spending short furloughs at their homes in Clarkston.

Ensign Arthur E. Clark who is stationed at Traverse City, Mich., was able to get to his home in Clarkston for a few hours on Sunday.

New Guinea 4-20-44

Dear Mr. and Mrs. Stamp:
I'm awfully sorry I haven't written you before now thanking you for the Clarkston News. I really appreciate the paper very much.

I'm now in New Guinea guarding Jap prisoners of war in stockade. We have a nice camp in a beautiful coconut grove. Whenever we wish any we get the natives to go up after some. They dress with just a cloth around their waist. They make very pretty bracelets and necklaces and lots of other things.

Our weather here is terribly hot. We also have plenty of rain—a little black cloud and down comes the rain. That is a lot different than in Michigan.

I'll close for now and thanks again for the Clarkston News.

Sincerely
PFC George R. Poss

Exemptions For Soldiers

(a) If a veteran's property real and personal combined exceeds in value of \$5,000.00 he is not entitled to an exemption in any event.

(b) If the total value of his property is assessed at less than \$5,000.00 and he is otherwise qualified, he is entitled to a \$2,000.00 exemption and is taxable for the balance.

(c) If his property is assessed at less than \$2,000.00 and he is otherwise qualified, he is entitled to total exemption.

Exemption from taxation of homestead owned and occupied by soldiers and sailors.

To qualify applicant must be, Either—1. Soldier or sailor or unmarried widow thereof, during Philippine insurrection, the China relief expedition, the Spanish-American, Indian, Civil or Mexican wars, who served three months or more or who served less than three months and was discharged because of disability as a result of service.

Or 2. Soldiers or sailors or unmarried widow thereof, of World War I who served three months or more or who served less than three months, and was discharged because of disability as a result of service and who in either case has a service connected disability or disabilities recognized by the United States Veterans Administration on which compensation is paid. Unmarried widow does not have to prove service connected disability of her deceased husband in case of world war I veteran.

Or 3. Any person serving in the armed forces of world war II or who served in world war II for three months or more or who served less than three months and was discharged because of disability as a result of service. Those not in service must have service connected disability or disabilities recognized by United States Veterans Administration upon which compensation is paid. "Person" includes unmarried widow. Unmarried widow does not have to prove service connected disability of her deceased husband.

Application must be made to the assessing officer for the exemption. This must be made each year by the person claiming the exemption for all persons except those now in the armed services. Such person or someone in his behalf, namely, spouse, children, guardian, parents, brother, sister, child of brother or sister, or next of kin may make the application. Persons having property entitled to exemption who live in villages must claim exemption from both the village assessor and the township supervisor. In cities—from the city assessor and in townships, of course, the township supervisor.

Applications for exemption should be made during the month of April, because April 1, is fixed as the tax day and the status of property on that date determines whether or not it should be on the tax rolls.

The county treasurer has no right to sell the property of any member of the armed services for taxes assessed or payable during the period

Dance Tomorrow Night At Clarkston School

Everyone in the community is invited to attend the benefit dance being held in the Clarkston School gymnasium tomorrow night, May 13th. The affair is being sponsored by the employees of the local Ford plant and they would be pleased to have a large crowd.

The music will be by Bill Radoye and orchestra and perhaps this will be your last chance to enjoy dancing to the good music they furnish.

Junior Group Has May Party

The Junior Youth Fellowship of the Clarkston Methodist Church held a May Party at the church on Tuesday evening. Sixteen enjoyed a pot-luck dinner at 6:30 in charge of Mary Porritt and the recreation program that followed in charge of Floyd Tower.

This group of young people is very active and enjoy good times together. The officers of the organization are: president, David S. Yoh; first commissioner in charge of devotions, Joan Johnston; second commissioner in charge of mission study, Patricia Watson; third commissioner in charge of social service, Mary Porritt; fourth commissioner in charge of recreation, Floyd Tower; secretary, Roy Johnson; treasurer, Mary Lee Volberding.

The person is in the military or naval service and for one year thereafter. If the person is entitled to an exemption the taxes are cancelled by the treasurer. If not entitled to an exemption they are withheld from sale and the person has six months after discharge from the service in which to take care of the taxes. Special assessment taxes are not cancelled but should be held in abeyance in pursuance with the above language.

In no event if the taxes are paid, is a refund obtainable.

Certain particular problems have arisen to which there are definite answers, and examples are given below:

(a) If a person enters the service after the taxes are assessed or after April 1, the tax day, application may be made for the exemption and application to the county treasurer will procure a cancellation.

(b) For the benefit of the county treasurer, exempted property should be set up as follows,

Under the column entitled "Assessment" \$4000.00. Under the column "Board of Review" \$2000.00 with sufficient earmarkings to indicate why the exemption is made. For instance, world war I veteran or Spanish-American veteran, etc.

(c) A is a veteran living in a house on the front of the lot and has a small house on the rear which he rents. Is the house on the rear taxable? Answer: Yes, because it is not being used by the veteran as a homestead, although the assessing officer should split off a portion of the lot sufficiently large to include such house and assess it separately such as for instance, the West forty feet of lot. Then the exemption to the veteran should be described to exclude the forty feet.

(d) A is in the service, his homestead is exempt from taxation. His wife, to economize, moves in with her mother and rents the homestead. It is purely a temporary expedient and there is no intention of abandoning the property as a homestead. Is it exempt? Answer is no, because it is not being used as a homestead.

(e) Member of armed services expects to go overseas and realizing possibility of death, deeds his property to his wife. Is she entitled to exemption? Answer is no.

(f) Person entitled to exemption has four 20 ft. lots. Say, for instance, No. 1, 2, 3, and 4. His house sets on No. 1 and 2, his garage on No. 3, his chicken coop and garden on No. 4. Should all four lots be exempt providing the house and all of the lots are worth less than \$2000.00? Answer is no. Lots 1 and 2 should be assessed and exempt as a homestead, and lots 3 and 4, separately assessed. Comment: Opinion of Attorney General May 27, 1941 says,

"Use of word 'homestead' must be restricted by Article 14, Section 2, Constitution, defining it as any lot in city and dwelling thereon and its appurtenances so that vacant lots contiguous to lots upon which veterans homestead is situated, are not exempt from taxation."

(g) Veteran is purchasing on land contract. Is he entitled to homestead exemption? Yes, providing he qualifies in other respects.

(h) Veteran purchases property after he enters service and his wife occupies the same. Is he entitled to exemption? Yes. If there were back taxes on the property is he entitled to have them cancelled? ()

P.T.A. Afternoon Tea Next Wednesday, May 17

Next Wednesday afternoon from 2 until 4:30 the Clarkston P.T.A. will have a delightful afternoon affair in the kindergarten room at the school. Promptly at two o'clock there will be a short business meeting and the officers will be installed for the ensuing year. A short program will be presented and Mrs. Doris Kleinheksel will sing. Tea will be served and there will be plenty time for visiting.

Everyone in the community interested in the work of the P.T.A. is invited to attend. This event was planned to honor the teachers who will be leaving Clarkston at the close of this school year.

Mrs. Ferguson (Pat Herke) is enjoying a visit with her parents, Mr. and Mrs. William Herke. Mrs. Ferguson has been in California for the past few months to be with her husband who is stationed at a camp there.

The Hilltopper

MUSIC NEWS
The twelve piece dance band and the six piece band within a band have been engaged for several dances in the next few weeks. These will probably be the last ones they will be playing for this year.

The six piece band will be playing for the Clarkston Dance Club this Wednesday evening, for the Waterford Dance Club next Tuesday evening, and for the Ford Plant Union party which will be held Saturday evening. The six piece band played for the Auburn Heights Senior Prom a short time ago and have played for the Dance Club the entire season. They have also played for a Waterford High School dance, for one or two Rotary Club occasions, and for several other private parties.

The twelve piece band, originally known as Bill Radoye and his Dirty Dozen, have played at all the dances held at the high school this year with the exception of the Senior Prom. They also played for one or two outside dances including an Eastern Star dance held earlier in the year.

The band has enjoyed being together all year and they have benefited greatly by playing many outside dances. We sincerely hope that the band will not break up permanently during the summer but that they will be able to play if they get the opportunity and that they will be able to start in next year with a new series of dances. Although the band will lose two of its members this year the rest of the band will be able to be together for a few years to come. Let's all wish them loads of success and good "jivin'".

A large marching band which will probably end up a 32 piece band with a drum major and 4 majorettes has just been formed. The band plans to play for the graduation exercises and to march and play for the Memorial Day services. This has proved to be quite an undertaking as it was not started until last week and also due to the fact that the school has no music director this year. We are sure, however, that with everyone's cooperation we will have a splendid band.

Navy Is Offering Specialized Program

Ten months of radio-electronics training, worth between \$10,000 and \$15,000, is offered by the Navy to qualified men, 17 through 50 years old, has been announced by Lieutenant Commander Byron E. Flechtner, Officer in Charge of Navy recruiting and induction in lower Michigan.

The training is equivalent to an engineering college education and on successful completion of it, men are qualified to fill specialized post-war jobs in such coming fields as television, industrial electronics, aircraft radio and broadcast radio.

Men not deferred because of essential war work can qualify for this valuable training by passing the Navy Technician Test, given at Navy Recruiting Stations. The test is given men having a background in mathematics and physics.

After graduation, these men maintain and repair Navy electronic equipment. Because much of this apparatus has been developed solely for use by the armed forces, the valuable experience Navy Radio Technicians get is not obtainable anywhere else.

Further information about this specialized program may be obtained by men from this area at the Navy Recruiting Station, 28 North Saginaw Street, Pontiac, Michigan. Peoples State Bldg., Room 901.

Budget Your Canning For Best Results

Canning budgets for 1944 depend on how well members of the family ate up foods that were home processed in 1943, claims Miss Miriam Eads, Michigan State College extension specialist in nutrition.

Check over the quantity canned a year ago, she suggests. If some disappeared too rapidly or other foods failed to find popularity at the table, use these results as a guide to the canning budget.

For those who kept no records or will be new to the home canning program in 1944, some of the usual recommendations are listed.

A supply of 25 to 30 pints for each member of the family should be laid away this summer out of garden or market supplies of greens, string beans or asparagus. A family of four should stack up a total of 100 to 120 pints of these vegetables.

Green peas and limas should total 12 pints for each member of the family. 12 pts. of corn and 30 to 35 qts. of tomatoes or tomato juice are considered proper to add to this canning budget for each member of the family. From fruit supplies the budget should include 20 quarts of cherries or berries plus 25 quarts of plums, peaches or pears for each member of the family. Storage for each individual should be 50 to 60 pounds of beets, carrots and squash, about 25 pounds of onions and up to 4 bushels of potatoes, depending on the appetite for potatoes.

Meetings every Sunday in Holly at 10:45 a. m., at 114 1/2 South Saginaw street, up stairs.

"Mortals and Immortals" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, May 14.

The Golden Text (I Corinthians 15:49) is: "As we have borne the image of the earthy, we shall also bear the image of the heavenly."

Among the Bible citations is this passage (Psalm 100:3): "Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.336): "Immortal man was and is God's image or idea, even the infinite expression of infinite Mind, and immortal man is coexistent and coeternal with that Mind."

Seniors Sponsor Senior Dance

Contrary to many reports the dance held last Friday evening at the High School was not the last dance of the year. The mighty Senior class of 1944 will sponsor the last dance of the season on Friday evening, May 19th. The Senior class has expressed their wishes to have this dance be the best of the year. Music will be furnished by Bill Radoye and the High School Dance Band.

Everyone is urged to attend this dance for it will be your last chance to hear the dance band this year and also your last chance to show the band how much you have enjoyed their music all season. We sincerely hope that all the fine people who have attended our dances regularly all season will come and make our last dance a great success.

This will be the third dance sponsored by the Senior Class this year and we want you to know that we not only enjoyed putting on these dances for you, but that your attendance has helped our class financially which is very important in our Senior year. Special thanks go to the Clarkston Recreation Committee, Consumers Power Company, and Mr. Paul Henry who has been responsible for obtaining the wonderful cooperation between us.

Please don't forget the date for our last dance, it's May 19th at the High School Auditorium. Music will begin at 9 and continue until 12 o'clock. Plan to attend and invite all of your friends.

Rotary Club News

Last Monday night the service men who were honor guests at the club included Burton Steiner, Byron Miller and Charles (Chuck) Beach.

Next Monday night the guest speaker will be Dwight Ireland, superintendent of schools in Birmingham and a member of the Birmingham Rotary Club.

Council proceedings will be held on page 3.

Mrs. D. C. Miller who has been ailing for the past few weeks went to the University Hospital in Ann Arbor on Monday and will remain there under observation for a week or so.

Mother

If I were asked to here define The grandest word in all our time, I couldn't find the space to say The things I have in heart today. Mere man is not equipped to tell How great is she we love so well. As Mother.

Words can't express your fearless soul When clouds on dark horizons roll, Your tolerance for all who err, Your willingness that all should share. In your good fortune barring none Has added much to wholesome fun. With Mother.

It's hard for men to understand The patience placed at your command. The loyalty held in your breast Withstanding every acid test. Endurance too, to meet each call From time to time that's made by all. For Mother.

If all the world could live like thee And share the love you've given me, If men could only grasp that touch Of peacefulness that means so much, If nations only could combine The tolerance and peace of mind, Of Mother.

Then heaven and earth would be as one With no more battles to be won. Love would rule the world supreme As we have visioned in a dream. Would that we might learn some day To do things in the same grand way, As Mother.

We Met the Challenge...

"We are the food army of Michigan. There are nearly 200,000 of us—each with our family, our bit of soil, our hopes, our ambitions. Ours is a never-ending battle—sometimes against drought or rain, against cold or heat, against pests and disease, against shortages or surpluses, and always against time.

"No state in the union grows a greater variety of products. Proud as you must be of Michigan's industrial contribution to ever-approaching Victory, proud, too, you should be of her agricultural greatness. For Michigan, last year, was asked to produce a record-breaking tonnage of food—food to feed our own people, food for our fighting men around the world, food for our allies, food for the starving in China, in Africa, in Italy.

"It was a challenge to the farmers of our state. And we accepted it, though there were many who said it couldn't be done.

"We won the battle of food. We won it in spite of the help we didn't have, the equipment we couldn't obtain. We won it in spite of a jesting Nature that washed out our early plantings, bogged down our tractors, destroyed precious days and weeks. We harvested nearly 500 millions of dollars' worth of vitally-needed food, an all-time record.

"We met the challenge as you have met the challenge in your work—as your food retailer and wholesaler from the smallest independent to the largest chain store operator met it without complaint. They were beset with problems, too—ration stamps, ceiling prices, countless Government reports, increased operating costs, inadequate help and often shortages of merchandise.

"They made it possible for the food we produced to provide you with the energy to do a fighting job on the home front.

"They brought you our luscious berries, cherries, melons, peaches, pears, plums and apples from our fruit areas . . . sugar from our beets, millions of gallons of health-building milk, cream and other dairy products for your children and war workers, golden honey, top-grade potatoes in abundance, poultry, eggs and meats from our farms . . . fresh vegetables in never-ending streams and much more packed in our canneries . . . peas and beans and tomatoes and body-building, vitamin-enriched root vegetables . . . carrots, turnips, beets . . . all from Michigan farms and orchards and processing plants.

"The cooperation of your food merchants made our victory possible. Michigan working together has overcome almost impossible odds. That is the bright hope of the future as we enter upon a new season . . . we who till the soil of Michigan and distribute its food."

Your Small appliances do a **BIG** job—

give them this special **WARTIME CARE**

Your electric servants are built for long, hard use—and they won't shirk their responsibilities if you treat them kindly! But remember, they must last for the duration.

YOUR ELECTRIC IRON—Keep bottom of iron clean. Avoid ironing over zippers, snaps, hooks and eyes. Don't go away to answer the doorbell, telephone, etc. and leave the iron turned on—even for a minute. Keep the cord away from a hot iron. Be sure the iron is cold before putting it away. Be careful not to drop your iron.

YOUR TOASTER—Never dip a toaster in water. Don't jab at it with a fork to remove a piece of toast. Brush off crumbs with a cloth or soft brush. (Many toasters have a removable bottom plate for cleaning out collected crumbs.)

YOUR COFFEE MAKER—Keep inside of coffee maker clean. (Never permit left-over coffee to stand in the coffee maker.) Clean and rinse filter cloth thoroughly after using. Keep filter cloth in cold water between usings.

YOUR FOOD MIXER—Always remove beaters or attachments immediately after using. Wash with warm water, rinse and dry. Clean body of mixer with soap and water, being careful not to get water into the motor. Follow manufacturer's directions as to oiling, operation, etc.

YOUR WAFFLE IRON—Wipe off grids with a dry cloth after use. Use a stiff brush to remove any particles that stick. Never wash the grids. Wipe any spilled batter from outside of waffle iron with a damp cloth. Never put the waffle iron in water.

THE OLD JUDGE SAYS... "Glad you dropped in, Judge. I was just trying to explain to Mary what you told us down at lodge last night... about all the grain used to distill war-alcohol not really being used up. She didn't realize it, either." "It's true, Mary. Wherever the government has permitted distillers to purchase the equipment necessary to reprocess the used grain, at least 50% of the feed value (25% by weight) of the whole grain is being recovered and returned to farms like yours in the form of premium-quality livestock feed. Only the starch is removed during distilling... the part recovered is a highly-prized concentrate containing valuable proteins, fats and carbohydrates. The distilling industry really has taken a leading part in the development of new cattle and poultry feed products from reprocessed grain... products rich in vitamins B1 and B2... so essential to satisfactory growth and production. And the recovery of grain will apply also to the making of whiskey when production is resumed."

Mr. and Mrs. Birdsell Corless announce the birth of twin boys, May 2, 1944, in Charleston, S. Carolina. Mrs. Corless is the former Helen Cheeseman.

NOTICE

Double parking is against the law in the Village of Clarkston and it is necessary that some steps be taken to stop this practice.

Merchants are asked not to park in front of their stores for the day, so that more people can use the available parking space. Motorists are asked to use the space only when necessary.

With proper use of the parking space more people can be served and there will be less room for the temptation to double park, and perhaps be picked up by the police department.

Women's Skill at Home

is Needed NOW for War

The skill you use every day at home—washing dishes, polishing silver, running the sewing machine or cake mixer, for example—can help win the war. That skill is needed now to help supply the increasing demands of global war for more invasion vehicles—more GMC "Ducks" and Trucks. There is a war job that you can do at GMC to hasten Victory. Phone Pontiac-6111. Line 451 and ask for an appointment today.

Mother'll Understand

if you don't call her on
Long Distance this Sunday

Mothers are understanding and patriotic. They know that under the steadily increasing burden of war-created calls, Long Distance telephone equipment is seriously overloaded.

Of course, they'd like to talk with you on Mother's Day, but they'd rather be sure the lines are kept clear for vital war messages.

This year, send your love in a letter. And if you'd like to give your mother a present, she'd truly appreciate a United States War Bond—a gift of fighting dollars to back our boys and girls overseas.

Please make only really
urgent Long Distance calls
this Mother's Day.
