Overseas Addresses Wanted for Packages

The war is not ended yet and even if it should stop tomorrow it is very doubtful if any of our boys would reach home before Christmas. The boxes that have reached the boys and girls for the past two yuletides have been greatly appreciated as was evidenced by the many, many letters of thanks that reached the home folk. Many of these boys and girls will be spending their third Christmas away from their families and many their first. They will be looking for something from America, from their home town. We must not disappoint them. They are fighting and making great sacrifices, not just for themselves and their families, but for everyone of us. We must play our part by making them a little cheerful, if only for a few minutes, while they are unwrapping their packages and handling off, so carefully the few meager little articles, treasures to them from their home community.

In the stores in Clarkston are jars that will hold your contribution to help pay for the Christmas boxes. Get your donation in as soon as possible and, too, if you have a boy or girl overseas call Mrs. Clifford Bennett, phone 4171, and make sure she has the correct address. We want no boy or girl from this community to be slighted. All addresses must be in the next two weeks in order for the committee to do the buying. It is a big job—just take a look at the Honor Roll in front of the Township Hall and you will realize how much buying and sorting and wrapping must be done. Please cooperate.

Get Papers and Rags Ready For Pick-up

Between now and the last of September the Clarkston Boy Scouts will attempt to collect the waste paper and rags from every home in the Township. Don't disappoint them. Their goal is 1000 lbs per scout or 27000 lbs in all. This is a nation wide project. The local P.T.A. is cooperating with them in this effort. If a scout does not call at your home within the next two weeks you have paper or rags please call Willard Wells, Clarkston 4787; Henry Huber, Pontiac 31-1941; Lloyd Anderson, Pontiac 31-1392 or Mrs. Leslie Shanks, Clarkston 3831 and they will see that a pick-up is made.

The waste paper situation remains acute. At no period of the war has there been a more urgent need for paper salvage than right now. The needs have increased 1000 per cent. If you are not already saving waste paper and rags, start doing so today. Pick-ups in the township are being planned and the dates will be announced later.

Congressman Dondero Offers Service

Congressman George A. Dondero has favored us with a resume of the benefits available to veterans of World War II under the Servicemen's Readjustment Act of 1944, popularly known as the "G. I. Bill of Rights." This summary is of special interest to all service men and women and their families.

Printed copies, which Rep. Dondero has had prepared at his own expense, are now available for free distribution and he will be glad to send a copy to any interested person in this community. Copies also will be supplied free in designated quantities to American Legion, Veterans of Foreign Wars, and Disabled American Veterans organizations upon request.

Our Boys and Girls In The Service

Clifford Bennett, son of Mr. and Mrs. C. P. Bennett of Cherrylawn Ave., who has been serving in the Pacific area for the past year with the Marines has been promoted to Corporal.

Miss Marjorie Lindsey, daughter of Mr. and Mrs. George Lindsey, and Miss Marjorie Baker, daughter of Mr. and Mrs. Erwin Baker, have returned to their duties after enjoying two weeks at their homes here. Both Clarkston young women have completed their six months probation as nurse cadets at the Illinois Masonic Hospital in Chicago. They enjoy their work and are inspired by the thought that they are preparing themselves to help alleviate much suffering when this great struggle is over.

Aug. 23-44

Dear Mr. & Mrs. Stamp:

I intended to write before to thank you for sending me The News while at Great Lakes. I surely know now what all of the servicemen from Clarkston mean when they tell you how much they appreciate it.

I am now in the Naval Hospital Corps School here in San Diego—amongst very pretty surroundings. This camp was the scene of the San Diego Exposition in 1937. I certainly am enjoying all of the sights, as I have never been west before. My schooling will last for twelve weeks and then I'll be sent to some hospital for a month of nursing. After that I'll be placed in a sick bay of some base or ship. I appreciate the opportunity to learn all this first-aid and nursing as it will be valuable to me in a drugstore after the war.

Of course like any other branch of the service we have our KP detail too but no one minds it as it's just a part of our job.

Now I have to get to another washing—that seems to be an endless job in the Navy. Thanks again for the paper.

Very sincerely yours,
Stan Spencer

The following letter was received by Mr. and Mrs. Forrest Jones from their son, Gordon.

Miami, Fla.
Aug. 15-44

Dear Mother & Dad:

I haven't written to you for a few days so I will try to scribble a few lines although I haven't got much to write about as I am still cooped up in sick bay at the Everglades barracks in Miami. I expect to be out in a few days.

I haven't found out anything yet though they are messing around with me every few days. This is the slowest place that I have ever seen. I can at least look out on the bay and see the ships coming in and going out all the while.

I went swimming out at the beach on Sunday and had a pretty good time. After my swim I came back to Miami and went to a show. I would like to get a chance to go fishing sometime while I am down here as the fishing is pretty good.

I spent all morning washing clothes again and worked up a little sweat. How is everyone at the farm and how is the farming coming along. We have had some good watermelons and muskmelons since coming down here.

I can look out of the window and see sailors marching up and down the street most any time of the day. At 9 p.m. or 2100 every night the Russian sailors march up and down the boulevard singing their Russian songs. I haven't received an edition of the Clarkston paper yet but I understand there is one on the ship.

The weather down here is quite cool most of the time so the heat doesn't bother me very much and that makes it pretty nice down here.

I am beginning to get acquainted here and that helps an awful lot—though this is the worst place I ever saw to get acquainted—the sailors have gained a poor reputation down here in this town.

Well, mother and dad, I can't seem to think of much more to say so I will bring this letter to a close.

Your son,
Gordon

Duck Hunters Are Given Advice

Duck hunters who cross into Canada from Michigan this fall are advised by the conservation department that Michigan possession limits determine the number of birds they may bring across the border on their return. Canadian possession limits are higher.

A hunter may bring into Michigan from Canada not more than two days' bag limit of ducks in any one calendar week. The same restriction covers woodcock. Shipments from Canada must be accompanied by export permits and Michigan hunters are advised also that identity of birds must not be destroyed.

New regulations for the 1944 season allow Michigan hunters a daily bag of 10 of any one kind of ducks and in any combination of all kinds (except American and red-breasted mergansers) but including in such limit not more than one wood duck. In addition to this total of 10, a person may kill five more mallards (not black ducks), or five more pintails, or five more widgeons; or five more mallards, pintails, and widgeons in any combination even though he has these species, or some of them, in his bag limit of 10.

Recreation Committee To Meet Sept. 5

The Clarkston P.T.A. Recreation Committee will hold the first meeting of the ensuing year next Tuesday evening, Sept. 5th, at the Township Hall.

Paul Henry, who so ably headed this very successful committee last year will carry on again this year. Fred Groven, Gerald O'Dell, Howard Huttenlocher, Floyd Andrews, Lloyd Anderson, Alfred Lee, Carl Brablec, L. D. Hemingway, Rev. Walter Saxman and Mrs. Leslie Shanks will be his co-workers.

The purpose of this committee is to study the recreational needs of the community and back collectively the most pertinent problem at hand. Last year this committee sponsored the student dances at the high school. The young people got behind their initiative and interest made them a huge success as the following figures indicate—During the year the students of the several classes sponsored and planned eleven dances at which 2,548 single admission tickets were sold. The dance band deserves its share of credit for the fine job it did. After paying all expenses the band received \$316.17 which was spent for instruments, music and equipment. The classes received \$158.09 for their treasures.

The funds of the recreation committee are held in a separate account and spent only for the recreational needs of the community.

The community should be proud of their young people. Let's give them our full support this year.

Waterford-Drayton Rotary News

He talked on "Good Books" and he made his subject very interesting as well as instructive.

The Club meetings will be held at the Waterford Community Activities Inc., Clubhouse starting Tuesday.

Coming Events

The reception for the Clarkston School faculty will take place at the school the evening of September 27th instead of the 20th as was announced.

Post War Planning

In all the papers I have read there seems to be a lot that's said about the multitude of plans. For building up our war torn lands. We've plans to keep our men employed. Rebuilding things that we've destroyed.

There's also much been said about replacing gadgets all worn out. And work that men will have to do, creating ever something new, building toward that perfect life. When comes the end to human strife.

While we plan thus from day to day we little heed our children's play. Note not that they play war for fun, equipped with pistol, sword and gun. We hear in every vacant lot, The screams of youth who have been shot.

In play; and fall upon the battle field, Pretending thus their fate is sealed. We overlook, that these same boys, Who play with such blood-thirsty toys ("Lest taught the blessings peace will yield) May someday fall on battlefield.

DETROIT EDISON LINES

 Timely items concerning your electric service, suggestions about cooking, lighting and appliances, and many other things of interest and value will appear from time to time in "Edison Lines." Make "Edison Lines" a reading habit!

Because of the present critical tire shortage...

Please DON'T TRAVEL OVER LABOR DAY!

In the whole period of the war this Labor Day will be the most critical for transportation. Intercity buses simply cannot carry all the people who will need or want to travel—because hundreds of these buses are temporarily standing idle, without tires.

Your help is needed in meeting this crisis. Even if your Labor Day trip is highly essential, postpone it a few days if you possibly can. If you must go, please be prepared for possible delays and unavoidable crowding.

Nothing would give us greater pleasure than to serve you now—but the urgent needs of war come first. We know you will understand and cooperate as you have always done.

We feel sure that it won't be long until all our buses are back in service. With a proud war record behind them, and an urgent job of transporting manpower still ahead, *America's buses must be kept rolling!*

GREYHOUND 

DOGS FOR WAR . . . Lance V. Liebestraum and Rhett of Palm Hill have joined the Marines! These two registered German shepherd patrol dogs of Detroit Edison, their home-front duty edged, recently left for active roles with the "Devil Dogs" of the U. S. Marine Corps. Two years ago the dogs were acquired to assist in patrolling the company's outdoor 120,000-volt step-down stations. Intelligent, alert and highly trained, these dogs increased the effectiveness of each company patrolman, thus saving manpower for other important war work. For donating the services of these two canine warriors, the company has received a citation from Lieut. General A. A. Vandegrift, Commandant, U. S. Marine Corps.

WAGES 1c AN HOUR . . . Your household electric servants work for a few cents a day. They do such a big job in the average home—washing and ironing and cleaning and cooking—that most people do not realize how little they cost to operate. Actually, many of them operate for only a fraction of a cent per hour. Here are the wages of some of your common electric servants: clock, 3 1/2 cents per month; vacuum cleaner, 5 cents per month; toaster, 6 cents per month; coffee maker, 11 1/2 cents per month; electric fan, 1 cent for 10 hours; shaver, 5 cents per month; clothes washer, 6 cents per month; electric iron, 5 cents per week; electric range, 6 cents per day (average cost for family of four).

SUMMER RECIPE . . . Our Home Service Department suggests this recipe for an appetizing lunch:
Shrimp Luncheon Dish
 In a skillet melt 3 tbsp. butter. Add in order given: 1 onion, minced; 1 green pepper minced; 1 clove garlic, minced; 1/4 cup pimiento, minced; 1 cup rice, washed well. Clean and add 1/2 cup mushrooms, 1 1/2 cups shrimp. Add 1 tsp. salt, 1 bay leaf, 2 cups water. Cover skillet and place on unit turned to "high." When steaming freely, turn off for 45 minutes.

THANKS! . . . We hesitate to say anything like this about ourselves. But when someone else sends it in as his own opinion, unsolicited, we cannot resist passing it along. It comes from an officer in the U. S. Army:
 ". . . Thanks again for the best residence electric service in the world. At least, I have heard it so described, and from 18 years' experience, I believe the compliment justified."

It's Our Duty To Plan Ahead This

LABOR DAY

to make Jobs after the War!

As we pay tribute on Labor Day to a great War production record on the home front, let's think about tomorrow. When Peace comes and our fighting boys return home, will there be JOBS FOR ALL to make their Victory complete?

Business men can help by planning ahead for expansion to create post-war jobs. Every dollar saved, whether in War Bonds or cash, will provide extra purchasing power that will help to provide needed jobs. Let's all resolve to work, plan and save and thereby do our full share to make jobs for War veterans when they come home from overseas.

THE OLD JUDGE SAYS...

"The more I read about it, Judge, the more I realize the tactics and requirements of this war are as different from the one I fought in 25 years ago as night is from day."

"Yes, and I can give you an example of how true that is, Fred. In World War I the chief uses of alcohol produced for war purposes were found in smokeless powder, medical supplies and chemical warfare materials. In this war the need for this product is far more vital because it is also used as a fuel to propel torpedoes, to make shatterproof glass

for airplane windshields and instrument covers, to make lacquers used in camouflaging equipment and as a base for synthetic rubber needed for tires, gas masks, paratroop equipment and dozens of other things.

"Every time I think of it, Fred, I realize how fortunate we were in having a beverage distilling industry in existence when war broke out... ready and eager to convert 100% to the production of this critically needed war product. I'm mighty sure bootleggers wouldn't have been of much help."
