Coming Events

Sept. 9th - Saturday afternoon starting at one o'clock the Martha Circle of the Methodist W.S.C.S. will hold a Bake Sale at Terry's Market. Sept. 14th-Thursday afternoon at 2 o'clock the girls of the Clarkston 4-H Canning Club will hold their last husiness meeting for the season at the home of Judy and Joyce Bevan. This meeting was to have been held on the 16th but due to the cleaning being done at the 4-H farm the date had to be changed. There will be a picnic luncheon. Complete reports will be given and every member is urged to be present.

CARD OF THANKS

We wish to thank all of our kind friends and neighbors for their many kind expressions of sympathy and condolence during our recent bereavement. We especially thank the Reverend Walter C. Ballagh for his comforting words.

Mr. and Mrs. Kenneth Axford

A Real Fish Story

The fish in this fish story will some day furnish a fine meal for the fisherman and her folks. It is now in cold

On the 9th day of August Margaret Ann Beattie went fishing in Grand Traverse Bay. Like most fishermen she was happy and contented to sit for hours hoping that she would get a chance to struggle with some of those fish that she has heard other fishermen talk about. Well her wish was fulfilled and she was thrilled to land a Rainbow trout 27 inches long and weighing 71/2 pounds. So that she will be able to remember that happy occasion the Board of Commerce at Traverse City made her a member of the Che-Go-Gon Club and presented her with a plaque made of Burwood. On the back of the plaque is her name, the date of the fishing trip and the size of the fish caught. On the front in relief is Michigan's lower peninsula with Grand Traverse Bay in green and Traverse City marked with a gold star. In relief on the peninsula is a fishing bag, a grapple hook and two rods.

This honor is bestowed on those who go out into the bay at Traverse City and return with a fish 24 inches or more in length.

Drayton Plains

Mr. and Mrs. William Curtis and granddaughters, Eletta and Rosemary, spent the weekend and Labor Day at their cottage at Gladwin, Michigan.

To Customers of the

Detroit Edison Company

It is important for you to know why we are appealing from the Michigan Public Service Commission's recent order that Detroit Edison refund \$10,450,000 to its customers*

Attempts are being made to impose added taxes and other burdens on the Company and to divert Detroit Edison war taxes from the U. S. Government:

- 1. BY MEANS OF AN "EXCISE TAX". The City of Detroit passed an "Excise Tax" ordinance, designed-as the City's representatives stated-to divert Detroit Edison war taxes from the U. S. Government to the City Treasury. The "Excise Tax" requires The Detroit Edison Company to turn over to the City of Detroit up to one-fifth of all gross income received from Detroit customers.
- 2. BY MEANS OF A RATE CUT OR REFUND. When in 1942 the City of Detroit asked the Michigan Public Service Commission to order a cut in rates, the plea was denied and our rates were held to be reasonable. After appeal and rehearing, the Commission has now decided that a refund should be made to customers, from money that would otherwise be paid to the Federal Government in war taxes. So then . . . despite Detroit Edison's acknowledged fair rates . . . the Commission ordered a refund to customers, ignoring the excise tax described above. This was done despite the fact that since the start of World War II, we have made reductions in rates to residence and commercial customers. The general cost of living has increased by 29 per cent; food by 38 per cent. Wages and the price of coal have increased, all bringing about a heavy increase in our own costs. But while prices have risen our rates generally have not.

These actions would take about two million dollars a year more than we would otherwise pay the Federal Government in war taxes.

The same ten million dollars is being claimed in three places at once!

Obviously, we cannot pay it to the Federal Government in war taxes-and to the City of Detroit in excise taxes-and to our customers in the form of

Only the courts can decide. Our customers should know that we will pay these war taxes or the refund when we know to whom the law requires us to pay them.

The "Excess Profits Tax," designed by Congress to help pay for the war and to prevent excessive war profits, is an 851/2 per cent top-bracket tax which now leaves this Company with a smaller net income than it had in 1939. The Company is nonmaking excessive profits. And our dividends have been reduced. The recent refund order would leave the Company with a return of only four and two-thirds cents on each dollar in the electric business, as fixed by the Commission. This is too low.

If the 1943 excise taxes are valid, the return would be about four cents on the dollar. A return on its investment as low as either of these would most certainly damage the Company's ability to continue its present good service.

Rate cuts have many times been made by The Detroit Edison Company voluntarily. Today Detroit Edison's rates are among the lowest in the world. Since 1918 there have been some 40 reductions in our charges for various classes of service. Today your residence electricity costs you only half as much per kilowatthour as it did in the last war.

We intend to keep up this good record in the future.

PRENTISS M. BROWN. Chairman of the Board

THE DETROIT EDISON CO

•The Detroit Edison Company, with 800,000 customers, serves more than half the people in Michigan

THE OLD JUDGE SAYS...

"Judge, would you mind tellin' Charlie here what you told me the other night walkin' home from lodge, I can't word it just the

way you did." "Sure thing, Tim. Here's what I told him, Charlie. There's no such thing as votin' a nation, a state, a county, or even a community dry. We had proof enough of that during our 13 years of prohibition. What you really vote for is whether liquor is going to be sold legally or illegally. whether the community is going to get needed taxes for schools, hospitals, and the like, or whether this money is going to go to gangsters and bootleggers. That's the answer, boys simple as A-B-C."

LE PERRORATE SE

The Men Doing Ovr Fighting are Doing a Lot of Thinking

They are wondering what will happen when they return. Will there be jobs and opportunities to get ahead?

Michigan, under Republican leadership, already has the answer to that question.

The present Republican administration has created the office of Veterans' Affairs to help and advise veterans. Large appropriations have already been made to aid veterans in emergencies and for an adult education program, Michigan's rehabilitation arrangements are unequalled by any other state in the union.

At a recent state convention, the American Legion men who know what is being accomplished have gone on record as follows:

"Be it resolved that the American Legion in Convention assembled at Grand Rapids, Michigan, August 11, 1944, go on record as commending the Governor and menders of the 1944 Michigan State Legislature for their sincere interest in the returning veterans and the comprehensive program presented which includes the creation of the Office of Veterans' Affairs to provide veterans with information, adv: e, direction and assistance through coordination of programs and services in the fields of education, health, vocational guidance and placement, together with mental care and econonic security; to also establish community counseling centers for referral to all Service Agencies."

HELP YOUR SOLDIER TO VOTE

Michigan's Republican administration led the nation in legislation enabling servicemen to vote the regular state and national ballots. On request your Township, Village, City or County Clerk will furnish you an application for an absent voter's ballot. Send applications to relatives and friends in the Armed Service. Urge them to vote Republican.
