Shadow on Rising Sun

Photo by T.Sgt. Louis Szarka (Marine Corps Combat Photographer)

Symbolic of things to come is the shadow cast on the huge Jap flag by Marine Pvt. Eickmann Nathan R. Smith of White Haven, Pa. Seventeen feet long and eleven feet wide, the Jap banner is claimed to be the largest in captivity. Lieutenant Smith is one of three officers who uncovered the flag in an abandoned Jap garrison building.

What Does "Basic 7" Mean To You? Make This Food Guide Your Kitchen "Pin Up"

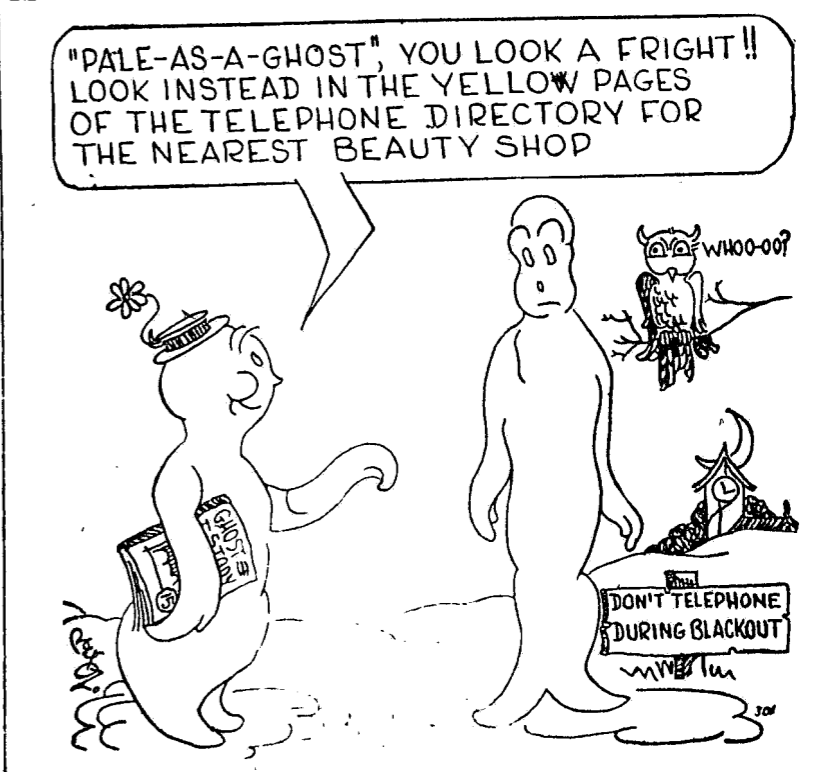

The "basic 7" Newspapers, magazines, lecturers, radio speakers use these words. What do they mean to you?

If you know all the answers to this question and apply what you know to your daily food habits, you are using food to keep yourself well and fit and are helping Uncle Sam's food program to win the war.

They are seven groups of foods, as pictured in the head of this article. Eat at least one food from each of these groups every day (a generous serving) — and you know that your body is getting a food variety that will furnish much, if not all, of its needs for protective protein, minerals and vitamins. Then to satisfy appetite, you may eat whatever other foods you like.

Group 1—the green and yellow vegetables—furnish vitamin A, important to eye health. Your victory garden carrots, chard and spinach are fine ideas here.
Group 2—the citrus fruits (oranges, grapefruit, lemons), together with tomatoes, cabbage and leafy green vegetables—give us vitamin C, important to dental health and general good health.
Group 3—all other fruits and vegetables—also furnish valuable vitamins and minerals. Two or three servings are better than one serving of these foods—for example, potatoes, another vegetable (beets or corn), a fruit (apples, prunes, etc.).
Group 4—milk, cheese, ice cream—build the body. Serve milk with the morning cereal. In cooked custards, cream soups, white sauce for different foods, sherbets, ice cream. Use more milk and cheese when meats are rationed and hard to get.
Group 5—eggs, meat, fish, poultry, dried beans and peas, lentils, nuts, peanut butter—also build bodies. Uncle Sam is sending certain meats to our soldiers and is asking that we eat more eggs, fish, poultry, dried beans and peas, and nuts.
Group 6—whole grain or restored or enriched breads and cereals—are energy foods. They are plentiful foods and it is well to eat more than one daily serving.
Group 7—butter and margarine, fortified with vitamin A—are also important energy sources.

Did You Eat Them Today? Now the question is solved and you know what these "basic 7" are, did you eat them today? Make a list of your breakfast, lunch and dinner foods. Pin each of the seven, if you can. If you can't, well, tomorrow's another day. Be sure it sees you eating them.

Winter Season Adds to Fire Hazards

Suggestions on How to Keep Losses to a Minimum

With annual Fire Prevention Week near at hand, and the winter season just around the corner, there's no better time than now to check up on fire hazards around the farm and home.

First, see that the chimney is clean and that no cracks have developed in or between the bricks. See that there is a tight connection between the stove pipe and the chimney, and that the pipes are firmly anchored.

Electricity, if improperly used, is another fire hazard and danger to many of us around the farm and home.

Don't use old wiring.

Don't use metal sockets in farmstead wiring, use porcelain or other non-metallic ones.

Don't use old chain switches unless they contain an insulating link record.

Don't overload your motors.

Don't let the leads or insulating covers get frayed, make repairs or replace cords at the first sign of danger.

Don't hang extensions on rods or make up other metal objects.

Don't tamper with permanent wiring, especially in the kitchen. Use a non-fuse switch for a master switch.

first time has two title roles played by comparative newcomers, June Allyson and Gloria De Haven.

In the past he's been content to concentrate on one at a time, notably Deanna Durbin and Kathryn Grayson.

This is the first musical comedy Richard Thorpe has directed. His previous credits have been action pictures, psychological dramas, even the early "Tarzan" series.

It's the first time June Allyson ever received a credit. She gets good reviews, and Thorpe got "Out from Van."

Tom Drake plays the first screen role, the romantic lead opposite Gloria De Haven. He recently was named by M.G.M. as New York.

Grace Allen brings her "90" for the first time. Previous credits include "The Sign of the Cross" and "The Sign of the Cross" in Los Angeles. "The Sign of the Cross" is a Hollywood story.

Don Loper, dancer, choreographer and designer, plays his first straight dramatic role.

Ben Blue plays a double for the first time in a film.

Carlo Rinzari, former Columbia picture star, has his first dramatic role portraying a night club singer.

For the first time an industry leader has an official credit written about him, going to him for the screen. "The Sign of the Cross" is a Hollywood story.

Canning Made Easy For Overseas Shipment

Directions for canning cake for overseas shipment: 1. Any cake may be made by your favorite recipe...

- 2. Grease a new No. 2 plain tin can very lightly with unsalted shortening. 3. Fill can 1/2-3/4 full of batter depending on how much the cake rises...

Timely items concerning your electric service, suggestions about cooking, lighting and appliances, and many other things of interest and value will appear from time to time in "Edison Lines."

COLD CATHODE LIGHTING... Similar in appearance to fluorescent lighting, with the added virtues of instant starting and extra long life...

INFORMATION, PLEASE... The electric business is extremely technical. Knotty problems are continually popping up. When one of our engineers encounters a \$64 question that he can't answer...

CHINESE RECIPE... Perhaps this recipe is no more Chinese than chop suey, but our Home Service Department recommends it highly:

- Chinese Omelet: 1/2 cup uncooked rice, 4 tbs. butter, 4 tbs. all-purpose enriched flour, 2 cups milk, 3 eggs, separated, 1/4 tsp. paprika, 1/4 tsp. salt, 1/8 tsp. dry mustard, 4 tbs. grated cheese.

ALL BUT THE SQUEAL... The meat packing companies are noted for squeezing every bit of useful meat, bone and bristle from a pig. But when it comes to minimizing waste, the Edison company takes a back seat to no one.

NUTS

- 1. Line plain new No. 2 tin cans with parchment or plain brown paper. 2. Have nuts crisp and fresh. It is a good plan to crisp them in the oven for a few minutes before filling the cans.

OLIVES

- 1. Fill plain new No. 2 tin can with olives—being sure to have liquid cover the olives. 2. Seal on covers. 3. Process 3 minutes at 5 pounds pressure or 10 minutes in hot water bath.

CHICKEN

- 1. Cut chicken in small pieces—Remove meat from breast bone. Leave bone in thighs and legs. Cut off the ends of leg bones so that they will fit in a No. 2 can. 2. Precook pieces by either browning in oven, or boiling in water for 5-10 minutes.

METHOD FOR BONED CHICKEN

Chicken may be cooked done—stripped from bone—discarding skin and fat.

- 1. Pack pieces in No. 2 cans, fill to within 1/2 inch of top. Seal and process for 85 minutes at 15 pound-pressure.

COOKIES

Pack cookies solidly in No. 2 cans with waxed paper between each two cookies around sides to fill in space. Seal and process as for cake.

Mrs. Jennie Boardman of Saginaw spent last week with Mrs. Grace Barnhart. Last Wednesday Mrs. Frank Boardman of Cass Lake was a guest at the Barnhart home. Mrs. Boardman leaves October 10th for Decatur, Ill., to spend the winter with her daughter, Mrs. Frank Sutherland, and family.

The P.T.A. Mother singers held a cooperative dinner at the home of Mrs. Grace Barnhart, 4258 Hatchery Road, last Tuesday, September 26th. Fourteen members were present. In the afternoon a business meeting was held and the annual reports of the secretary and treasurer were read and approved. The annual election of officers was held as follows: President, Mrs. Matilda Becker; Vice President, Mrs. Ina Hutchinson; Secretary and treasurer, Mrs. Grace Reddeman. It is planned to hold a Halloween party at the home of Mrs. Maude Davison in Clarkston, on October 26. A rummage sale will take place in Pontiac, October 21. Place to be announced later. Mrs. Matilda Becker was co-hostess with Mrs. Barnhart.

Another shoe ration stamp will be valid beginning November 1, the OPA said today. Which stamp will be used has not yet been determined but will be announced before the valid date. Early assurance that another stamp will be valid is announced so that the shoe trade can prepare its stocks and consumers can know they can count on a new ration before winter.

Both of the currently shoe coupons, airplane stamps 1 and 2, in War Ration Book 3 will lap the new stamp and will continue to be good indefinitely. The rationing rate for shoes, OPA pointed out, is the same as that which went into effect a year ago—a new stamp every six months.

The nation's stockpile of crude oil in storage tanks has been depleted at the average rate of 2,500,000 barrels a month this year, and now is only slightly above the minimum required to keep refineries in uninterrupted operation, the Petroleum Administration for war reports. Although gasoline stocks are at pre-war levels, only

about half is for civilian use, compared to 90 per cent available for civilian use in 1941.

FILLING UP ASSAULT BOATS SOMEWHERE IN SO. PACIFIC

[Official Signal Corps Photograph] 165853
 Wooden bridges, wooden boats, wooden oars, supplies packed in wood—some of the reasons why the Army must have more lumber. We must get it to them, NOW.

THE OLD JUDGE SAYS...

"Did you hear that Tom is going to be inducted into the Army next week, Judge?"
 "Yes, Frank told me this morning down at the barber shop. Our town's got a lot of men in the service now, Jim. In fact, all towns have. I was just reading in the paper where there are more than 10,000,000 men away from their homes in the armed forces. And, from all reports, they're doing a grand job bringing victory closer every day."
 "We folks at home have a mighty big obligation to those 10,000,000 fighting men. We've got to produce the food to keep them well fed. We've got to keep them supplied with the ammunition and equipment they need to finish their job. We've got to help the Government pay for all these supplies our men need by buying more and more War Bonds. We'll have another big chance to do that by helping to put the next War Loan drive over the top, Jim."
 "In addition, we must be sure that, when they're away and can't express their opinions, we don't go voting on and deciding any things that will displease them when they come back."

Veteran Farm Plan Outlined

How to build a stockpile of farm opportunities for returning war veterans who wish to enter agriculture is being studied by Michigan county agricultural agents, as they prepare to give counsel to soldiers coming back from the battlefields.

Whether the veteran is in a position to rent, buy, manage a farm, or simply work as an employee, openings that await him will be on file in each county in the county agent's office. Specialized study of this problem was made at a recent meeting of all agents at Higgins Lake. There they were told that Michigan has about a half million men in service now. As these return, a large percentage will be seeking means of en-

tering occupations relating to agriculture.

Plans for rendering advisory service for veterans wishing information on agriculture are being drawn up by agents in each county. Most agents will set up advisory committees to work with the selective service board and the various veterans organizations.

One of the principal questions that the advisory groups will attempt to answer for the soldier is, "Does he have experience, brains and brawn for the job of farming?"

For those persons desiring to sell farms to returning veterans and industrial workers, the situation, briefly, as far as the advisory program is concerned is this: If the farm land is fit for farming, the program will support the sale. If the land is unfit for farming, the program will oppose its

sale for agricultural purposes. One of the main objectives will be to prevent sale for farming use the 50 per cent of Michigan land unfit for agriculture.

An attempt will also be made to give a true picture of the farming industry to city people who will be coming from wartime industrial plants to buy farms. Many of these people, it was pointed out, look upon farming as an easy, profitable, existence. They must be disillusioned and told the actual facts. Michigan county agents agreed at their meeting.

CARD OF THANKS

I wish to thank my many friends for their acts of kindness to me during my recent illness and for the lovely gifts, flowers and many cards; also those who remembered me daily in prayer.

This Month's STAR RECIPE

By **BETTY BARCLAY**

Hot breads have always been popular but none more popular than coffee cake. With this in mind I have chosen a particular favorite. It is the perfect accompaniment for your cup of coffee for breakfast or for refreshments at a small informal party. It's not only delicious — it's good for you, too. For it is made with one of those unrationed plentiful foods, whole grain cereal.

Coffee Cake

- 1 1/2 cups sifted flour
 - 2 1/2 teaspoons double-acting baking powder
 - 1/2 teaspoon salt
 - 3 tablespoons sugar
 - 4 table-spoons shortening
 - 1 egg, well beaten
 - 1/2 cup milk
 - 1 cup Grape-Nuts Flakes
 - 2 table spoons melted butter or margarine
 - 1/4 cup brown sugar, firmly packed
 - 1/2 cup Grape-Nuts Flakes
- Sift flour once, measure, add baking powder, salt, and sugar, and mix again. Cut in shortening. Combine egg and milk and add to flour mixture, beating only enough to dampen all flour. Add 1 cup flakes and blend carefully. Turn into greased 8-inch layer pan. Mix butter and brown sugar and spread over golden crumbs with 1/2 cup milk. Bake in pre-heated oven (400° F.) for 25 minutes.

NOTICE

I will be at the Township Hall in Clarkston Saturdays from 1 to 6 p. m. Sept. 30; Oct. 7, 14 for the purpose of receiving registration from those who wish to vote in the November election. The last day for such registration is Oct. 18th.
