#### Large Crowd Attends Hallowe'en Party

On Tuesday night Clarkston's Hallowe'en Party was a grand success. The parade started shortly after seven o'clock and was headed by the King and Queen of Hallowe'en, Gerald Kidder and Noreen Moore. The torch bearers lighted the way for the witches, gypsies, ghosts, tramps &c. On returning to the school grounds the torches were used to light the huge bonfire. There were approximately 600 around the fire where cider and doughnuts were served. A few songs were sung but the young folks were more interested in getting into the gym where the costumes were judged and prizes were given.

The school orchestra furnished music for dancing until 12 o'clock. Everyone had a good time and the young folks are to be complimented on the fine, orderly way they conducted themselves. So far no property damage has been reported and it is quite evident that that sort of cele-

bration is gradually dying and the young folks today have much better times at a community party and dance such as the affair on Tuesday night.

# WHAT Lies Ahead of Us?

Most economists agree that our Nation will face trying times after the War, with many new and complex problems to be met and solved if we are to avoid a period of depression.

Many of us remember the depression that followed the first World War. culminating in the crash of 1929.

What lies ahead of us now? No one can foretell with certainty. The wise and prudent individual is the one who saves today to have a reserve fund of cash with which to meet emergencies that may arise during hard times in post-War years. Are you getting ready in fat years to meet the lean years that may lie ahead?

While it is probable that nearly every person has by this time decided how ho or she will vote for the various candidate, no doubt much less con ideration has been given the proposed Amendments. To enlighten the public a little on this matter, here is a summary of the proposals:

No. 1. Proposed amendment to the onstitution to change the restriction of furnishing water by any city or village to an amount not to exceed 25 ver cent of that furnished by it within its corporate limits.

No. 2. Proposed amendment to the constitution relative to eligibility of members of the legislature to be canidates for and elected to state offices.

No. 3. Proposed amendment to the constitution relative to compensation of the members of the legislature.

No. 4. Proposed amendment to the state constitution permitting Wayne County to adopt a charter.

Elected officials of local governments in 83 Michigan counties are correct omicials or local governments in 83 Michigan counties are vigorously opposed to Proposel No. 4 which imposes Detroit and on 11 cities and 18 townships in Wayne county. It constitutes are entering wedge for destruction of responsible government in county of Michigan.

It vitally concerns all of Michigan. The so-called county home rule plan FIRST applied to ALL counties. It was beaten by Michigan volgers in 1934 and 1936. The Wayne county scheme was rejected in 1942. Let's bury this threat for all timel Defeat Ka z nosal No. 4!

Let Detroit clean house first in Detroitt Here is the record of Detroit city officials and Detroit state legislators, now elected AT LARGE:

CONVICTED! One-third of Detroit city council, mayor and many police officials.

CONVICTEDI A majority of Detroit state legislators in 1944.

Proposal No. 4 would impose AT LARGE elections with non-partisan ballots upon Wayne county, despite Detroit's record of corruption under that system.

Proposal No. 4 would destroy responsible county government. Wayne county has the lowest tax rate and bonded debt of any county of its size in the nation. Contrasted to the county's 13 per cent debt DECREASE since 1919, Detroit's debt has soared more 11 times-\$30,627,253 to \$332,125,738. Detroit city taxes have

doubled, while the county tax rate goes downward-dropping another 14 cents on Dec. 1, 1944.

"Quite a stack of newspapers I left you yesterday, Judge. Aren't goin' in the news-paper business, are you?"

"No, I just enjoy reading different papers so my nephew George sends them to me whenever he takes a business trip. I got a big kick out of some he sent me from several counties where they still have prohibition. Particularly from some headlines that read 'Drunk Driving Arrests Rise'.

"I watched conditions pretty carefully during our 13 years of prohibition in this country. The only thing I could see we got out of it vas bootleg liquor instead of legal liquor. r is the worst crime and corruption this country has ever known."
