Independence Township Our Boys and Girls Almost Doubles Quota

The last donations to the National War Fund in Independence Township brought the total to \$2051.70. This figure was exceptionally good as the quota for the Township was \$1060.00. There were aproximately 350 donors in the Township. Among these 350 donors was the Clarkston Girl Scouts

who contributed \$10. Those who so generously gave their time to make the canvass included: Robert Jones, Joyce Tolman, Evelyn McCann, Pauline Ogden, Wilma Doebler, Mrs. Iva Miller, C. E. McNeive, Garald O'Dell, Mrs. W. Ridgley, Mrs. Beth Warren, Margaret Kelly, Mrs. Percy Lowery, Miss H. G. Parsons, Mrs. Ray Clark, W. A. Ridgley, Carl Brablec, Mrs. William Vliet, Mrs. Mallory Stickney, Ralph Thayer, Harold Lamb, Mrs. Margaret Lull, Loisjune Raese, Mrs. Paul Henry, Alfred Lee, Ada Scrace, Ami Althouse, Lloyd Anderson, Marguerite Kloock, Charlie Nunn, Garnet Poulton, Robert C. Beattie, Mary Campbell, Patricia Nib-

tion to all the loyal workers and to the donors who made this worthwhile drive a big success.

Local Young People Lead Methodist Youth

The Methodist Youth Fellowship groups in and near Pontiac met re-cently for a combined service and

will entertain the group at the next meeting on January 7th.

Rotary Club News

The speaker at the Rotary meeting was George Kimball Jr., President of the Waterford Community Activities. Inc., who gave an interesting history of the community huilding, and answered such questions as asked by the members concerning the organization and maintenance of such a club.

A very lovely program is being arranged. This is your opportant to make this years fine your a date. Enjoy an evening with the tunity to make this very fine young a date. Enjoy an evening with the couple feel at home in your town. A young people of your community. couple feel at home in your town. A cordial invitation is extended to all in the community.

Clarkston Waste Paper

Collected Today Let's make this waste paper drive count. Get all bundles and boxes of paper and rags too at the curb by 3 o'clock this afternoon. Paper is needed more than ever before. It is what you might say a no. 1 war essential. Every home can help in this paper emergency. Make this waste paper pickup a "must" today. There is a drastic paper shortage and we need paper to help win this war. Forget your housework today until you have every last piece of wastepaper at the curb because you want to remember that if we do not win this war you may not have a house to clean. Get busy now and do your part.

Community Spirit

Since back in childhood I have heard That feathers fine won't make a bird. A mansion high up on a hill Might give a commoner a thrill. While lack of understanding there Could make it just a bloak affair. It's not the rooms, where we reside That make it home at eventide, Nor is it diamonds we possess That lead the way to happiness, It's not the in, with those who know That makes successful every show. But rather all of us depend Upon the souls of common men To carry forth the joyous light That makes life bearable at night Just men with common good in mind Willing with others to combine. Don't need a temple lined with gold To have their gracious deeds unfold. Great loyal hearts and willing hands Will carry out the best laid plans, If single purpose is in view To see what good, we all can do. Robert C. Beattle (All rights reserved)

MANY MORE WORKERS ARE NEEDED NOW TO REPLACE THE MANY TRUCKS WORN OUT OR DAMAGED IN

The landing boat may not quite reach the beach, but the GMC military truck wades right on into action, as shown in the war front photo above. The GMC "six-by-six" is built to "take it," its powerful six-wheel drive pulling a big load through hub-deep water, through sand, mud and mire. These famous trucks are built right here in Pontiac at GMC Truck & Coach - the nation's largest producer of military vehicles. To meet the Army's increased truck production schedule, GMC is calling men in the Pontiac area into action. Machine operators, material handlers and assembly workers are urgently needed now. Previous experience is not required. You can really wade into action against Hitler and Hirohito by applying for a well-paid, pleasant war job at GMC Truck & Coach.

and Stay on the Job

Victory depends on everyone, every day. Lost time puts a brake on America's final drive for Victory. Whether you're working at GMC or on some other war job, stay on it every minute. Under war conditions, this is tough—but war is never easy. Reduce absenteeism and make MINUTE time work for us-not the Axis.

Mrs. Maria Curtis is spending a few days with her niece and nephew, Harvey Perry in Pontiac.
Mr. and Mrs. Cecil Morrow and

family were guests of Mrs. Morrow's father, Henry Keller at Richmond, Michigan.

Mr. and Mrs. Wesley Stevens were guests of relatives at Lansing on Thanksgiving day.

LEGAL NOTICES

ROIT EDISON

ON THE NOSE . . . "As accurate as a fine watch" has long been a standard phrase to describe utmost accuracy. Yet an electric clock compares favorably with

the finest watch. It is never more than a few seconds off-and even this small variation corrects itself, so that

there is no accumulated error over a period of time. The huge turbo-generators in Edison power houses turn in exact unison with one another, and synchronous electric clocks follow the generators. One cent a week

99.997% IS PRETTY GOOD ... One of our employees

thoughtlessly took his vacation last summer in a town not served by the Edison Company. His faith in electric

clocks remained serene until he had the sad experience of walking into church one Sunday about a half-hour

late. He discovered that his clock had lost a half-hour while the power was shut off and it was off twice more

in two weeks. Naturally, these interruptions reminded

him that Detroit Edison's record of "power on" is

99.997 per cent in cities - and only slightly less in the

country, at the end of long rural lines. Detroit Edison

customers are so accustomed to good service that they

look upon it as a matter of course. People notice the

electricity supply only when it is bad! We accept the

pouring forth their autumn treasure, here is a timely

Honey Apple Crisp

Spread sliced apples in a shallow baking dish, sprinkle

with sugar and lemon juice, and pour honey over all. In

a bowl, mix flour, brown sugar and salt, and work in the

butter as for biscuits, making a crumbly mixture. Spread

these crumbs evenly over the apples and bake in a moderate oven (375°F.) for 30 to 40 minutes, or until apples

are tender and the crust is crisply browned. Serve warm,

Don't waste electricity during the coal shortage

KEEPING COOL . . . Lubrication of moving parts is the function of oil, most of us would say—thinking of

automobiles and other machinery which operates more smoothly because of oil. But oil performs other equally

important functions. Oil cools and insulates, and The Detroit Edison Company uses many thousands of gallons for those purposes. Oil provides the necessary

insulation in switches and circuit breakers, for example,

and the transformer on top of the pole near your home is filled with oil, although the transformer has not a
