## Sadness Visits G. F. Harris Home

**Funeral for Mrs. Harris Was Held on Wednesday Afternoon**

Mrs. Matie J. Harris passed away at her home on North Main Street, Clarkston, on Sunday after being ill for about two months. She was born July 2, 1879 in Newark Township, the daughter of Elmer C. and Jennie Johnson Vliet. On Nov. 19, 1902 she married George F. Harris in Clarkston.

Mrs. Harris was a member of the First Methodist Church and was a faithful worker in the Woman's Society of Christian Service. She was a member of the Joseph C. Bird Chapter No. 294, O.E.S., and had served the chapter as secretary for ten years. She was cheerful and witty and always enjoyed entertaining her friends in her home. She will be missed by a large circle of friends.

She is survived by her husband; one daughter, Mrs. Margaret Poss of Clarkston; a son, Donald of Dearborn; one sister, Mrs. Linsley I. Coon and a brother, Ransom T. Vliet, both of Clarkston, and two grandchildren.

The funeral service was held at the residence on Wednesday afternoon with the Reverend Walter C. B. Saxman officiating. Burial was in Lakeview cemetery.

## Junior Literary Club Met in Pontiac

The Junior Literary Club met at the home of Mrs. Norma Colwell in Pontiac last week. After a short business meeting Mrs. Earl Card gave a very interesting review of "Eisenhower, Man and Soldier" by Francis Miller. Mrs. Card gave such a splendid outline that most of the club members are anxious to read the complete story.

The hostess served delightful refreshments.

The next meeting will be on Wednesday night, Feb. 14th, at the home of Mrs. Arthur Hesburn in Drayton Plains.

## Boy Scouts Mark 35th Anniversary Feb. 8-14

Beginning Thursday, Feb. 8, and continuing to Wednesday, Feb. 14, Boy Scouts, Cubs, Senior Scouts and their adult leaders throughout the United States will commemorate Boy Scout Week. Their theme will be "Scouts of the World—Brothers Together".

The theme was selected for this Boy Scout Week celebration as well as the rest of the year, because there are unmistakable evidences that in this year Scouting will find its rebirth in nation after nation, as fast as the forces of freedom liberate them.

Boy Scout Week marks the 35th anniversary of the founding of the Movement in America. Since February 8, 1910, more than 12,000,000 men and boys have been in Scouting. The present-day active enrollment is more than 1,800,000 Cubs, Scouts, Senior Scouts and adult volunteer leaders.

Sunday, Feb. 11, is Boy Scout Sunday and Cubs, Boy Scouts, Senior Scouts and their Leaders will attend the morning service at 11:00 o'clock at the Clarkston Methodist Church.

## Our Boys and Girls In The Service

Mr. and Mrs. Clayton Lowes who live on M15 just north of Clarkston have been informed by the war department that their son Pvt. Glen Lowes, 20, was killed in action in France on Jan. 14. Pvt. Lowes was inducted March 29, 1943. He served 14 months in England with a quartermaster corps replacement unit and was then transferred to the infantry and sent to France where he joined the 3rd army. Besides his parents he is survived by two sisters, Dorothy and Helen and six brothers, Pvt. Woodrow Lowes with the Marines in the Pacific area, Paul, Frederick, Clayton, Jr., Vincent and Carl, all at home.

William Parker (Bill) BM1c wishes to thank the folks in Clarkston and the Township for the grand Christmas package he received. Bill has been stationed at Erie, Pa., for quite some time but this week he went to the Coast Guard Training Station at Atlantic City where he will take a six months course at Radio school.

Mrs. Emily Beardslee of St. Clair, formerly of Clarkston, received word from her son, Alvin Beardslee, WT3c that he expects to be home on furlough some time this spring. Alvin has been in the Pacific area for over a year and prior to that time he was with the navy in the Atlantic for many months. His friends in Clarkston will be looking forward to seeing him.

Nelson Clark, SK3c, and Mrs. Clark of Toconock Bridge, Conn., spent last week with his parents, Mr. and Mrs. Lee M. Clark. While they were here Mr. and Mrs. Milton H. Clark and two sons of Detroit and Mr. and Mrs. Edward Owen and two daughters of Auburn Heights came to enjoy a short visit with them.

Lt.(jg) Arthur Clark is now stationed at Lake City, Florida.

Dear Mr. and Mrs. Stamp:  
I am writing to thank you for the paper and let you know that I really do appreciate it. I have not received very many copies as yet but think they will be coming more regular now that the Christmas rush is over.

I also wish to thank the people of Independence Township and the Mothers' Club for the lovely Christmas box. It reached me in fine shape and I can surely put every article to good use. When you are spending Christmas so far away from home it is a great pleasure to know the folks of the hometown are thinking of you and all of the rest of the absent boys.

I hear you have lots of snow there this winter. I try to picture in my mind what it looks like, but it is a pretty hard thing to do when the thermometer here is registering 100 degrees or more in the shade.

I hope that when another winter and Christmas comes we can all be back celebrating in good old Clarkston. The more anyone sees of this country over here, the better America seems.

I cannot tell you anything about my work here, but have always been glad I am in the Navy.

I will close hoping the New Year will bring happiness to everyone.

Very Sincerely  
Stanley L. Ash, Sr.

Walter R. Henry, 18, son of Mr. and Mrs. Paul L. Henry, 6560 Orion Rd., Clarkston, Mich., was enrolled recently in an intensive course at the Electrical Naval Training School located on the Purdue University campus, Lafayette, Ind.

Selected to attend the specialty school on the basis of his recruit training aptitude test scores, the newly enrolled Bluejacket's course of study includes the use, function and maintenance of all electric tools used by the Navy. Electricity and the radio elements of electricity are also included in the course.

After successfully completing the course, the Bluejacket will graduate and receive orders to sea duty or to a shore station where his training will help him earn the petty officer rate of electrician's mate third class.

KEESLER FIELD, Biloxi, Miss., Feb. 1.—Pfc. Galen Harold Whipple, son of Mrs. Harold Whipple, Clarkston, Mich., has been transferred from the Army Ground Forces to the Army Air Forces, and has reported at the AAF Training Command's base at Keesler Field. He is now at Keesler awaiting reassignment to duties with the AAF. A review of his previous military training, experience, aptitudes and physical con-

## Large Crowd Attends Boy Scout Banquet

**William Ludwig Receives Eagle Award**

Last Monday night in observance of the 35th anniversary of Boy Scouts of America the Clarkston Troop No. 49 and Pack No. 49 held a Court of Honor at a Father and Son Banquet at the Methodist Church. There was a splendid attendance.

The Reverend Saxman gave the Invocation and the group enjoyed a lovely dinner prepared and served by some of the ladies of the church. One of the highlights of the program was the presenting of the awards to the Cubs by Alfred Lee, the presentation of awards to Scouts by Otto Ivenon and the presentation of the Eagle Award to Scout William Ludwig by Carl Brablec. William Ludwig, 14 years old, is the son of Mr. and Mrs. Austin Ludwig. His scouting record is as follows: Tenderfoot 1-18-43; Second Class, 3-1-43; First Class, 12-6-43; Star Scout, 3-6-44; Life Scout, 6-7-44; Eagle Scout, 1-11-45. In two years William has fulfilled the requirements for this high scout honor and his troop is really proud of him. The presentation ceremony was very impressive. After Mr. Brablec had given the award to the deserving Scout, William presented his mother, Mrs. Ludwig, with a miniature replica of his award.

The Scouts were pleased to welcome into their midst a former member of the troop, John Atkins, who now resides in Flint. John entertained with magic and he not only mystified the young people but the older ones too. He performed many clever tricks. If strange things have happened in the homes of the scouts these last few days, if things have disappeared, remember there is nothing to worry about—your son is just trying his skill as a magician.

At present Scout Troop No. 49 has 30 members and Pack No. 49 has 40 members. The troop collected more than 50,000 pounds of waste paper in 1944 and was awarded a certificate of merit by the War Production Board for its work in the Salvage Drive. The Troop also received a certificate of accomplishment from the Clinton Valley Council for a rating of BAC. This is the second successive award for accomplishment. The Troop Committee is: Henry Huber Sr., Austin Ludwig, Lee Volberding, Thomas Boothby, A. C. Walters, and Willard H. Wells. Otto E. Ivenon is Scoutmaster; Lloyd Anderson, Assistant Scoutmaster; Henry Huber, Jr., Junior Assistant Scoutmaster; W. Ludwig, Senior Patrol Leader and Patrol Leaders, Dean Anderson, Kenneth Bird, Earl Bruske, and John Adams.

The Pack Committee is: Rev. Walter Saxman, Ralph Thayer, Richard Bullen, Charles Robinson and Howard Johnson. Cubmaster is Alfred Lee. Den Mothers are: Mrs. Huttenlocher, Mrs. Robertson, Mrs. Slick and Mrs. R. Walter. The Troop and Pack are sponsored by the Clarkston Parent-Teachers Association.

The following were the awards given: Merit Badges—William Ludwig, marksmanship; Henry Huber, Jr., poultry keeping, marksmanship, animal industry and chemistry; David Saxman, carpentry and reading; Roy Johnson, carpentry and reading; Otto Ivenon, marksmanship, carpentry and poultry keeping; Willard Wells, marksmanship.

Badges—William Ludwig, Eagle Badge; Henry Huber, Jr., Gold Eagle Palm.

Cub Awards: Robert Powers, Wolf Badge and gold arrow; David Lee, Bear Badge and gold arrow; Craig Smith, Lion Badge; James Hack, Lion Badge; James Huttenlocher, Webelos Badge; William Rivenon, gold arrow and Webelos Badge; Emory Bennett, James Collins, Tom Bullen and Charles Robertson, each a gold arrow. James Huttenlocher, Charles Henry and James Hack graduated to the Scout Troop and received their Cub graduation certificates and their tenderfoot cards.

## Remember Your Date At Clarkston School Friday Night, Feb. 9

Of course you have Feb. 9th, tonight, marked on your calendar as a big night at the Clarkston School. The seniors expect to meet you at "The Sweetheart Bawl". Dancing will take place from 9:30 until 12:30 and Walt LaPlante's orchestra will furnish the music.

On account of the fuel situation two events have to be scheduled for the same night. A basketball game will be played first and the dance will follow. The school is pleased with the way the Clarkston folks have cooperated with them in attending these dances. All who attend have a grand time.

The committees in charge are: tickets, Barbara Strickland, Virginia Knox; refreshments, Bud Kratt and Bill Porritt; publicity and decorations, Marilyn Molter, Irene Gibson and Barbara Fosdick; intermission skit, Adrienne Volberding and Pat Stites.

**CLARKSTON VS KEEGO!**

Clarkston played another leaguer basketball game at Keego Friday night and you can probably guess in whose favor it ended. The score was 37 to 17 in favor of the Green and White. Although Clarkston played hard Keego was just too tall and their shots really counted. Norman Jennings playing his first game for Clarkston was high point man with 7, while Futz, from Keego had 10 points.

The Clarkston seconds got very badly beaten by the score of 55 to 4. Wyckoff and Narrow scored high points with 2 each. Deacon from Keego was highest with 14 points.

Lineup as follows:  
RF Ronk  
LF Kratt

**10TH GRADE NEWS**

Beginning this week I will try to take two students out of our Sophomore class and introduce them to you.

First of all I will introduce you to Doris Boyns. Doris has gone here all of her school days and we hope she stays with us the last two years. Besides her studies, Doris takes part in many activities around school. She is one of C. H. S.'s cheer-leaders and a very good one at that. She also plays the cornet in the school band.

To give you a slight description of Doris, she is short, (barely reaches five feet), and she has blond hair. She likes dancing and likes to watch football games. Doris is very popular with the students and a swell sport.

The other student for this time is Bob Locher. Bob lives in Waterford and this is his first year at Clarkston High. Bob claims he likes fishing, but we kind of think he likes the girls instead. He is also interested in flying.

Bob is another "shorty", in our class (although we do have some tall students). He has dark hair and dark eyes. If it wasn't for Bob our classes might be a little dull. He kind of keeps them rolling.

**Katherine LaPlante SENIOR NEWS**

Don't forget the Senior Dance to be held tonight after the basketball game with Walled Lake. The title is "The Sweetheart Bawl", and will follow the pattern of a Valentine Dance. Music will be furnished as per usual by Walt LaPlante and his dance band.

The Minstrel show will be ready or time for the opening next Friday night, February 16. Tickets are now on sale.

The Senior Prom will be held on March 16, and committees have now been chosen.

## County Red Cross Prepares For Drive

Judge H. Russel Holland, chairman Oakland county chapter American Red Cross, C. G. Ruderham, War Fund chairman; Mrs. T. W. Jackson, Township chairman; E. M. Beresford, Public Information chairman; L. C. Megee, Mrs. C. Wm. Gregory, and Miss Ruth Kimball, executive secretary, will tour the county the week of February 19 to conduct a series of meetings for volunteers who will solicit funds during the National Red Cross War Fund drive for \$200,000,000 which opens March 1. This is the only time during the year that Red Cross asks for funds and every effort is being made to train solicitors so the Oakland County quota of \$415,100 may be secured. Of this amount \$256,000 is the chapter's minimum share of the national and international needs of Red Cross; \$159,100 will be used for chapter requirements. A large per cent of this amount is needed in administration of Home Service which deals with the returned servicemen and their families.

The opening War Fund meeting will be held Monday, February 19 at 8 p. m. at Royal Oak High school. Subsequent meetings will be held Tuesday, February 20 at 8 p. m. at Birmingham Community House; Wednesday, February 21 at 8 p. m. at Holy High school; Thursday, February 22 at 2:30 p. m. at Oxford High school and Thursday, February 22 at 7:30 p. m. at Milford High school.

An essential pre-campaign sound film will be shown at each of the meetings.

## Father And Son

He looked at me while in his crib With admiration in his eyes. He disliked eating with a bib And longed to be his daddy's size. He studied me from morn 'til night And imitated all my ways. He watched me 'til I passed from sight God only knows what held his gaze. As years wore on he followed me And did the things I liked to do. The pair of us were filled with glee When out together, just we two. Perhaps I scold him now and then For misdemeanors he has done, As has been true with other men Whom God has trusted with a son. He may resent from time to time The weakness he sees in Dad, Or feel ashamed of ways of mine Too out of date for modern Lad. He's studied me from every side And builded on my nobler traits. He's shared in my success with pride Yet bore with me, my saddest fates.

**"THE 2 1/2-TON TRUCK IS OUR MOST VALUABLE WEAPON"**  
Says Lt. General George S. Patton

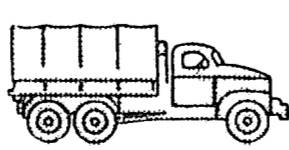

**YOU ARE NEEDED AT GMC TRUCK & COACH TO HELP BUILD THE ARMY'S NO. 1 TRANSPORT TRUCK**

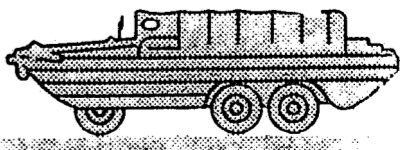

Behind the hard-hitting, fast-moving armored spearheads of General Patton's Third Army are thousands of 2 1/2-ton, "six-by-six" military trucks. Without these vital transport vehicles, his tanks and troops would lack the food, fuel and fire power needed to keep the offensive rolling. In just one day of fighting, a single heavy tank consumes around 500 gallons of gasoline and one Armored Division requires about 600 tons of ammunition and 40 tons of food. Yes, it's a big job of supply in anyone's language and trucks are rolling day and night to see that it's done. It's a big job to build these trucks too, and GMC Truck & Coach is the nation's largest producer. To see that it's done, GMC needs more workmen now. Whether you have had previous factory experience or not, stop by today and apply for a home front job that will help speed Victory on the fighting front.

**GET A WAR JOB and Stay on the Job**  
Victory depends on everyone, every day. Lost time puts a brake on America's final drive for Victory. Whether you're working at GMC or on some other job, stay on it every minute. Under war conditions, this is tough—but war is never easy. Reduce absenteeism and make time work for us — not the Axis.

SABOTAGE BY WEATHER Rain, sunlight, heat, cold and corrosive atmosphere are all enemies of outdoor electric equipment. Our fight against the elements is endless, posing many problems to our research engineers. The windows on outdoor meters become obscured with a film that won't wash off. Wood poles rot internally. Painted surfaces crack, peel and become chalky. Pole line hardware is eaten by corrosive gases in the air. The search never ends for better materials and better protective coatings to lengthen the life of equipment exposed to the weather.

**FIFTH AIR FORCE, SOUTH-WEST PACIFIC**—Technical Sergeant August H. Jacober, son of Mr. and Mrs. August V. Jacober, Waterford, is an engineering clerk with the famous "Jungle Skippers", one of the first Fifth Air Force units to take part in the invasion of the Philippines.

When Sergeant Jacober was stationed with a detachment of his unit at a forward air strip near the front lines in the Philippines, the Japs attempted to create a diversion by dropping paratroopers in the area of the strip. Jacober's

detachment was virtually cut off by an enemy force of superior numbers, but succeeded in holding out under fire until replaced by infantry units.

He and his comrades spent the night in jungle fox holes with carbines loaded and ready, as the fanatical Japs closed in with machine guns and hand grenades. Almost surrounded by morning, the detachment managed to withdraw as fully equipped U. S. combat troops were rushed to the aid of the isolated men. After several days of bitter fighting, the enemy was annihilated.

The troop carriers, flying C-47 aircraft under the command of Brigadier General Paul H. Pre-

tiss of San Antonio, Texas, have carried supplies, troops and evacuated the wounded in almost every campaign of the Southwest Pacific since the beginning of the offensive more than two years ago.

Carrying urgently needed supplies to fighting ground troops, the troop carrier planes dropped their combat cargo by parachute during the invasion of the Philippines. The unarmed planes often returned with bullet and shell holes inflicted by enemy ground fire.

Before coming to the Philippines, Sergeant Jacober took part in the New Guinea campaign, for which he holds a bronze battle star.

His wife, Mrs. Ruth Jacober, resides at 90 S. Roselawn, Pontiac, Mich.

Two Clarkston boys who are overseas were extremely happy for a couple of hours a few weeks ago when they accidentally met in France. Just imagine the facial expressions of Stan Radoye and Ralph Yost when they met. What a happy reunion. In a letter from Stan he says Ralph is the first fellow from Clarkston that he has seen since he left. They had much to talk about and two hours passed quickly.

**Ewes Need Care Before Lambing**

Careful care of ewes prior to the lambing season will pay dividends on any farm where sheep are raised, says County Agricultural Agent Karl D. Bailey.

Preparation for the lambing season should begin during the early part of the winter with proper feeding of the ewes for good nutritional health.

C. L. Cole, of the animal husbandry department of Michigan State college, advises that the ewes should be given a small allowance of grain three to four weeks before the lambs are due in order to stimulate milk production after lambing.

At the first signs of lambing the ewe should be placed in a well-bedded and sufficiently large lambing pen so that she will be alone when the lamb is born. Lambs are often trampled or crushed in extremely small lambing pens.

As soon as possible after the lamb is born its navel should be disinfected with tincture of iodine

or other suitable disinfectant. Precautions should be taken against the lambs becoming chilled. During extremely cold weather it is often necessary to visit the barn at intervals during the night to care for newly born lambs. A lamb that is chilled can be warmed by wrapping it in a blanket or placing it in a bath of warm water. If the lamb is too weak to nurse alone, it should be helped to suckle as soon as possible after birth.

Lambing season is harvest season in the sheep business and careful attention to details will be the key to raising a successful lamb crop.

However learned or eloquent, man knows nothing truly that he has not learned from experience.

The past is for us, but the sole terms on which it can become ours are its subordination to the present.—Emerson

**"It's Jim...calling from camp"**

Those Long Distance calls from the camps mean a lot to service men—and to the folks at home.

So whenever you can, please let the service men have the Long Distance lines between 7 and 10 P. M. That will help their calls get through quicker.
