## Red Cross Drive Already Started

The Red Cross workers in this district are already at work endeavoring to make their quotas in each town. These good folk who are willing to spend time going from house to house are a-king for your full cooperation. They do not have to furnish a sales talk because the Red Cross does not have to be sold. It is your organization and everyone knows how necessary it is to keep the Red Cross at the battle-front. However, a large portion of the money collected is left in the district for emergency work. So by giving as much as you possibly can you are doing good at home and abroad. Meet your solicitor cheerfully and give more than ever before.

## Local Girl Among Graduates

Among the graduates at the Michigan State Normal College at Ypsilanti this month was Julie Marie Edgar, daughter of Mr. and Mrs. William Edgar of 5550 Edgar Road. She received her bachelor of science degree in home economics. Miss Edgar was active in Alpha Mu Sigma sorority, Home Economics Club, Pan Hellenic society, and held an office in each. She is now teaching home economics at Millford High School.

Miss Edgar graduated from the Clarkston High School in the class of '40.

## Girl Scout News

When Troop No. 17 met last Tuesday we had a lot of fun. We were taught to dance the Irish jig by the scout leader. The Irish jig is the dance that the Girl Scouts of Troop No. 17 are going to do at the birthday party of the Girl Scouts at Pontiac. We sang songs and had our regular meeting after which we made our Circle.

## Our Boys and Girls In The Service

Ensign Edwin Beattie and his father, John Beattie, of Columbia, were guests at the Rotary Club dinner meeting on Monday night.

Cpl. C. Edward Perry received his Christmas package in good shape and wishes to thank all those in the district responsible for sending such very fine gifts. He says that the box from Clarkston and the Township was the only box that arrived in good shape.

HEADQUARTERS, 13th AAF, Southwest Pacific.—Sergeant Lee W. Kittredge, Junior, son of Lee W. Kittredge, 6140 South Main Street, Clarkston, Michigan, has been presented the Air Medal "for meritorious achievement while on combat operational missions of a hazardous nature."

Sergeant Kittredge is serving with the famous "Long Rangers" Bombardment unit of the 13th AAF, as a radio operator of a B-24 Liberator. The "Long Rangers" have been instrumental in neutralizing Japanese strongholds from Guadalcanal to the Philippines. They have administered blows at enemy held Rabaul, Truk, Yap, Palau, the important oil center at Balikpapan, Borneo, and helped to open the Philippines for invasion, in their two years of sustained operations against the Japs.

Kittredge is a graduate of Pontiac High School. Prior to joining the Air Forces he was employed as electrician for the Yellow Truck and Coach Company. He received training for his present duties at the Army Radio School at Scott Field, Illinois.

Overseas since August 1944, the young radio operator has played an important part in carrying the war to the enemy.

The following letter was received from Henry Hoyt by his folks:

Jan. 19-45  
Somewhere in Germany  
Dear Babe and all:  
Just a few lines tonight while the shells are falling to let you know that I am alright and that yesterday I received your letter of Jan. 4th, besides your two birthday cards and Bee's valentine. I am glad to hear from you in letters as I have only had a letter from our Betty since Christmas. Here a few days ago I got a nice card from Aunt Olive telling me I still have a Christmas box coming from her. Day before yesterday I got a nice box from Aunt Vina and it had this paper, a big fruit cake, razor blades and shaving lotion in it.

Mom I can't figure out why neither you nor Betty Mehler received any mail from me during December as I wrote both of you a dozen or more letters during that month. Say Mom I've read your letters correctly I still have a box coming from Bernadene, but that isn't as I still have quite a few boxes coming.

Mom enclosed is a poem written by a boy in "H" Co. Our Co. was in the lead when I stopped our Co. because of a hill full of Jerry's. I managed to get 4 of them for myself.

I just got a letter from Billy O'Rourke and he tells me that he is following our outfit pretty close and he knows just about where I am.

Well mom I remembered that today makes 20 years since daddy passed away and we really have seen some tough times and good times through since then. No Mom I have not been sick or wounded. I've written you plenty but it seems you aren't receiving my mail. I just received a letter from Betty Mehler and she also tells me she didn't get any mail for about a month.

Boy, Mom, you should see my haircut. Up here we cut one another's hair to keep it up off our ears. It doesn't look too good, but up here no one but GIs see you anyway.

Well, Mom, my time is short so for now I'll say goodbye and good luck. Keep writing and praying.  
Love  
Uncle Bud

P.S. Mom, first time you see Herb Baynes or L. D. Hemingway find out how I can now join the V.F.W.

The following was the poem enclosed:  
**COURAGE LIKE THAT**  
(The following poem comes from the best GI journalism source of all—a buddy's heart. A touching expression of one of war's harshest pangs, at the same time it speaks a quick and courageous reaction to setbacks or danger that symbolizes the entire Victory Division—a winning gang of friends

## Women Of Clarkston Continue Bond Sales

At a recent meeting of the women of the War Savings Department of Clarkston at the home of Mrs. N. E. Maytag reports were read which showed that the women had put in a total of 5500 hours since they were organized not quite two years ago. During that time the bond sales amounted to \$318,800.00 and the stamp sales, exclusive of the school sales, were \$8933.00. The Clarkston school stamp sales average about \$102.00 per week. The women have worked especially hard during the 3rd, 4th, 5th and 6th war bond drives and have spent many hours in the bond booth on Main Street and in the Drugstore. The women who topped the sales in each drive were: Mrs. R. C. Ainsley, \$8075.00 in 3rd drive; Mrs. Garnet Poulton, \$5350.00, in 4th drive; Mrs. Arnold Mann, \$7150.00 in 5th and Mrs. Robt. C. Beattie, \$8625.00 in 6th drive.

At this meeting Mrs. Ralph Minnis received a gold bar in recognition of 600 hours work; Mrs. Arnold Mann and Mrs. C. P. Bennett received bronze bars for 300 hours. Those who were presented with bronze pins were: Mrs. Elmer Collins, Nancy Kittredge and Mrs. Roy Gundry. Silver pins went to Mrs. Glenn Boner, Louise Gulick, Mrs. Roderick Muma, Mrs. Lawrence McKay, Mrs. Gerald O'Dell and Mrs. Elmer Pettengill. The following received gold pins: Mrs. Lee Clark, Mrs. Paul Henry, Mrs. Glenn Kerton, Mrs. William Mansfield, Mrs. Howard Sage, Mrs. William Watson, Mrs. Garnet Poulton and Mrs. George Perry.

Those receiving pins previous to this meeting were: gold—Mrs. W. S. Barrows, Mrs. Robert Beattie, Mrs. Carl Irish, Mrs. Howard Johnson, Mrs. William Johnston, Jop Seeterlin, Mrs. C. H. Souly and Mrs. John Shaughnessy; silver—Mrs. Walter Ash, Mrs. John Alander, Mrs. Howard Huttenlocher, Mrs. Glenn Howland, Mrs. Gray Robertson, Mrs. Don Taylor, Mrs. Willard Wells, Mrs. Carrie Walter, Mrs. Ronald Weber and Ada Sracca.

After Mrs. Maytag had read her report the group voted to continue their work selling bonds and stamps. Mrs. Ralph Minnis and Mrs. Arnold Mann will be the captains. The sales will start at the drugstore next Monday and continue there until weather permits the use of the bond booth.

and fighters.)  
Twas three in the morning of New Year's Day  
When the Jerries attacked out yonder way.

The Second Battalion, while on a short rest,  
Was ordered to action and show their best.

The mission, they said, was to take the high ground;  
And then later on proceed into town.

After trudging along and all was quite still,  
Resistance was met not far from the hill.

Upon fighting awhile to take the high ground,  
The Jerries that stayed were all mowed down.

The cost? The blood of a mighty good Yank,  
On whose word I always could bank.

The last words from him, were: "It's Heime or me."  
Twas awfully tough that it had to be.

**COURAGE LIKE THAT** really wasn't wasted;  
From "G" and "F" the Jerries were pasted.

Ten score or more was the Nazi count,  
While the Yanks suffered a small amount.

My buddy's death will not go unheeded,  
'Cause again I know we will be needed.

And when that time comes, to you I do promise:  
The Jerries will pay, pay plenty of homage.

About our mission I started to tell,  
'Twas completed fast and all went well.

The Jerries were pushed back on their ear;  
And we returned the third day of New Year.

Pack to the area for a little more rest,  
Knowing the Jerry who has fallen's the best.

But something's amiss since we got back,  
'Tis the hearty, contagious laugh that we lack;  
And all the arguments on base-ball's best,  
With the buddy soldier now gone to his rest.

The Student Council has plans under way to arouse interest in airplanes among air-minded students and those who have not thought much about it. The coming air age will affect the lives of everybody, and a modern school should give some attention to it.

President of the Council, Tom Waid, announces an air show to be held some time in May. Plans call for models which will be exhibited in the gymnasium. Flying models will be demonstrated out-of-doors—think of it: Clarkston High School airport—otherwise known as the football field!

Several substantial awards will be given to winners of model planes. The Art Class, under Mrs. Barrows, is in charge of posters to publicize the event. Possibly Mr. Lamb, who is our only teacher-pilot, will help give direction to what we hope will be the first annual air show. Follow the news on this subject in coming issues of Hilltopper.

## FRED R. STEWART DAY

Monday marked a great event in the halls of Clarkston High. Our own Fred Stewart was celebrating his 75th birthday. To make the day complete there was an assembly in Freul's honor. The students marched in to the tune of "Anchors Aweigh" with Walt LaPlante's seven-piece dance band and our own Bill Radoye at the drums. After everyone was seated, Tom Waid and Barbara Strickland escorted Freddie to the center of the floor where Mr. Thayer took both still and moving pictures. They were seated at a table with the background of "Happy Birthday to Fred". It seemed Mr. Stewart didn't like the bright lights that were necessary to take the pictures.

Tom Waid then gave a very interesting sketch on Freddie's life. Fred was born in Clintonville, Feb. 26, 1870. He spent 46 years on a farm tilling the soil. Then he went into the coal and mill business and eventually bought out his partner. Tiring of this and seeking a new and different job, Fred became janitor at the old Clarkston High School. When the school moved, Fred moved right along with it. He has been at Clarkston High for 25 years and in all this time has only missed two weeks. We think this is a wonderful record and he certainly should be congratulated for it. Freddie is very fond of waltzes, so Walt LaPlante and the band obliged him with two very pretty waltzes. Freddie then made a speech about the many parties he has attended since being in Clarkston. He also related a story which was enjoyed by everyone. Barbara Strickland, in behalf of the student body, presented Freddie with a box of cigars and 25 crisp new one-dollar bills. We cannot express our appreciation to Freddie for the many things he has done during his past 25 years at Clarkston. The students sang "Happy Birthday" and the assembly closed with the students marching out to the tune of "Hawaiian War Chant".

**The Fixer**  
Have you a man who fixes things?  
With saws and nails and bits of things?  
Have you a man who lamp cords mend?  
And other little jobs attend?  
Have you a man who empties ashes?  
And fixes things another smashes?  
Have you a man, thru years of pains,  
Has found a way of fixing drains?  
Have you found a man like this,  
Who'll shake himself from Sunday blues?

Have your things broken thru the week?  
Have you a man who'll mend or break,  
Have you a man of easy chair,  
Who'll fix a light that needs repair,  
Have you a man who'll mends within his mind,  
Then keep him sister, he's a find,  
All "fixin'" things produces joy;  
For instance, when some kiddie's toy

Needs labor skilled to make it run,  
The fixer shares the kiddie's fun,  
In fixin' things that mom would miss,  
Buddies have earned a grateful kiss,  
So, fixin' things, though quite a chore,  
Has brought on happiness galore.

STRETCHING OIL By means of a special process, using recently installed equipment, Detroit Edison now expects to salvage every year more than 150,000 gallons of used insulating oil. The oil reclaimed for further use in thousands of transformers and other electrical equipment is, after processing, equal in quality to new oil. Besides the fact that oil vital to the war is thus stretched to go farther the new process effects an important economy helping the company keep electric rates down in spite of ever-rising costs.

FULL STEAM AHEAD Deep under downtown Detroit, five steam rushes through Edison steam mains at 600 miles or more per hour to heat a hundred million dollars worth of downtown buildings. Thirty to sixty feet underground, miles of tunnels containing Edison steam mains carry steam to buildings that have no furnaces or boilers, depending entirely on Detroit Edison steam heating service. Over 1,500 customers use more than 2 1/2 billion pounds of steam annually requiring 192,000 tons of coal. Edison has four large heating plants to provide steam for this tremendous heating job. Saving electricity saves coal, transport and manpower.

occupation for although the plants are started from seeds or seedlings it is still necessary to till the ground.  
Said Mr. Barrows, "In this business as in everything you do in your life you can not grow weeds with seeds or shrubs and make a success of it."  
Physically you must be 1A to engage in this business because it requires much handwork done on hands and knees and much hand cultivating.

In a small nursery business: you meet many people, but you do not have much time for social activities.  
The busiest days are usually Saturdays and Sundays, and the plants cannot be neglected on any day. So the work is very steady, but it is outside work. You work in dirt all day, but it is a dirt that will wash off easily. You are in the sunshine and fresh air most of the day. This means much to Mr. Barrows, as it would to many other people who have been brought up in the country.  
School training is not always necessary to engage in this business although there are many four year courses offered in colleges dealing with forestry and other specialized fields.
