DARLING & COMPANY

Our Boys and Girls In The Service

March 6-45
Dear Mr. and Mrs. Stamp:
Well I've moved again so I'll give you my new address. I've been moving so fast these past few weeks that the paper hasn't caught up to me yet. I'm looking forward to it because now for 5 weeks I haven't been able to read about the old hometown.

I'm now stationed in Canada and I'll be here for some time. I did a little bit of moving. I went from Texas to Kearns, Utah and from Kearns I went to Great Falls, Montana. I was at Kearns long enough for 1 pass which I used to go into Salt Lake City. That town is really beautiful. My buddy and I walked up to the capitol building. It is located about 500 feet above the valley in which the town is located. Eagle Gate is beautiful too. It is over the street which leads to the capitol building.

I must sign off for now, thank you very much for sending me the paper. Say "hello" to everyone for me.

Sincerely
Bill Skinner

Feb. 20-45
Dear Friends:
A short while ago I received your lovely package. I cannot think of anything by which I could show my appreciation enough for your thoughtfulness and kindness which you have shown me always. The only thing I can say is "thanks" and hope that I am deserving.

The gift was swell and I have already made use of the things that were in it. Anyone who received such a package could make good use of the selection that you made.

Let us hope that soon all the world will be settled down to normal and the people can live normal lives as before.

May I again thank you for what you have done for me. I appreciate your remembrance of me ever so much.

As ever
Ralph Meyer

Somewhere in Luxembourg
Feb. 12-45
Dear Mr. Stamp & Friends:
I thought it about time to get you five people off a few lines—not much of interest to offer. I am now in the province of Luxembourg, at least what's left of it. It's very beautiful in places, reminds me a lot of the state forests in Northern Michigan. As far as countries go on this side of the pond, this one is the most scenic.

I haven't received the paper from you in the last 8 months. My APO has changed many times, maybe that's the reason. Well, anyway here's another one. I sure hope it helps, because I sure miss the paper. Mother sent me the Jan. 26th issue and I sure enjoyed it. Just finished reading Bud Hoyt's letter and really enjoyed it. Those boys in the infantry really deserve credit. You can talk about the air corps and everything else but it is the infantry that deserves the credit and he is one of them—the people back home don't seem to realize it. Most of the guys think they have it rough here but all you have to say is—think about the infantry a few kilometers ahead of us and they shut up. So I say 3 cheers for Bud and the rest of our fighting infantry.

At the present time our section is quartered in an old hunting lodge—at least what's left of it. There are deer heads, moose heads and wild boar heads all over the walls and we're using gas capes. That we found, for windows and we have an old beaten up fireplace to get dry by, so we haven't a thing to kick about. I don't think it will be too long before this mess is over and we will be heading home. I sure hope it isn't much longer.

Well my candle is burning low, so I think I had better be closing for tonight. Hope this finds you all well and getting ready for a

V-day. Bys for now. I remain Your friend
Bill O'Roark

Biennial Spring ELECTION

To the Qualified Electors:
Notice is hereby given that a Biennial Spring Election will be held in the Township of Independence, County of Oakland, State of Michigan, at Independence Township Hall, Main St., Clarkston, Michigan, within said Township on

Monday, April 2, 1945

for the purpose of electing the following officers, viz:

STATE OFFICERS: Two Regents of the University, Superintendent of Public Instruction, Member of the State Board of Education, Two Members of the State Board of Agriculture, State Highway Commissioner.

NON-PARTISAN OFFICERS: Two Justices of the Supreme Court.

TOWNSHIP OFFICERS: Supervisor, Township Clerk, Township Treasurer, Two Justices of the Peace, Justice of the Peace (to fill vacancy) if a vacancy exists, Highway Commissioner, Four Constables (not to exceed four), Member of the Board of Review, (4 year term), Member of the Board of Review (2 year term).

AMENDMENTS: A proposed Amendment to Section 21 of Article X of the State Constitution, relative to the increase of the 15 mill limitation, will be submitted to the electors.

A proposed amendment to Section 14 of Article X of the State Constitution, authorizing the State to control, improve or assist in the improvement and control of rivers, streams and water levels, will be submitted to the electors.

Notice relative to opening and closing of polls, (2022) Section 1. On the day of any election the polls shall be opened at 7 o'clock in the forenoon, and shall be continued open until 8 o'clock in the afternoon and no longer. Every qualified elector present and in line at the polls at the hour prescribed for the closing thereof shall be allowed to vote Eastern Standard Time.

The polls of said election will be open at 7 o'clock p. m. and will remain open until 8 o'clock p. m. of said day of election, Eastern Standard Time.

Harold J. Doebler, Township Clerk

Notice relative to opening and closing of polls, (2022) Section 1. Your Merchant Does His Part

Darkened Windows are Patriotic Windows

Because the Government's "brown-out" program helps the war effort, your merchant cheerfully complies—although it means a real sacrifice to many business establishments. Light has been used for many years as a powerful selling tool; it is an important help in attracting business and making sales. During the "brown-out," seek out your merchant even though his darkened store front is harder to locate.

2500 Tons of Coal Saved Each Winter Month

In southeastern Michigan alone—in the area served by Detroit Edison—the "brown-out" will save 2500 tons of coal each winter month by reducing the use of electricity. The coal saved may mean the difference between cold and comfort for thousands of families. Your merchants are doing their share. You can help them—and yourself—by cooperating.

Know the Difference

BLACK-OUT
Black-out means complete elimination of outdoor lighting, and masking of indoor lighting from outside view. The purpose is to avoid guiding enemy bombers by a show of lights.

DIM-OUT
Dim-out means dimming and shielding all outdoor lighting. Coastal cities not dimmed-out produce a "sky-glow" that betrays the silhouettes of ships to enemy submarines.

BROWN-OUT
Brown-out means elimination of unessential lighting. Where electric power is produced by burning coal, any saving in electricity naturally saves coal.

WHITE-OUT
White-out means rendering an army practically invisible in winter combat by painting vehicles and large equipment white, and dressing troops in white.

THE DETROIT EDISON CO.

Transplants' Need Careful Sowing, Tending

A NUMBER of service sport debaters want to know if it is true that basketball draws in more spectators than any other sport.

As a starter it might be mentioned that there are more basketball teams than there are baseball or football teams.

Ned Irish has proved at Madison Square Garden that he can bank on an attendance ranging from 15,000 to 18,000 at every performance.

Basketball has never had the chance to compete with an Army-Notre Dame crowd — a Michigan-Ohio State gathering — a Southern California-Notre Dame test — or an Army-Navy show.

I doubt that any basketball game, no matter under what favorable conditions, could lure in 75,000 or 100,000 people.

But basketball isn't played in just a few of our bigger stands. It is played in high schools and in colleges — in YMCA's and churches, in boys' clubs and girls' clubs — not in hundreds, but in thousands of spots you never heard about.

I still don't believe the total attendance would run up to 90,000,000 but maybe it does.

Faster but Gentler Basketball today is a faster and a far more skillful game than it was when I happened to play on the Vanderbilt team of some decades back.

One of the main ideas then was to bend or pin your opponent over one of these smoking hot devices until the flesh began to sizzle and there was an unpleasant odor of burning skin.

These service debaters always want to know whether or not basketball is the fastest game.

Nothing pep you up so quickly as a beauty masque. Leave it on from 1 to 20 minutes.

These service debaters always want to know whether or not basketball is the fastest game.

Baseball Immortals It is amazing, in a way, the amount of general public interest future nominations for baseball's Hall of Fame have brought about.

The old-timers, now 60 years or over, have the feeling that their favorites are being overlooked by younger generations.

Seedlings Must Be Started Early to Be Ready in Spring

The home gardener who grows his own plants for transplanting must begin early for early crops, say garden specialists of the U. S. department of agriculture's research administration.

In the northern two-thirds of the country, tomatoes, peppers, eggplants, cabbage, cauliflower and sometimes lettuce, onions, beets, cucumbers, squashes and melons are often started indoors or in a cold-frame.

Nearly all state agricultural colleges and the U. S. department of agriculture have home garden bulletins with tables of dates for safe planting or transplanting in the open. There is also information on how much earlier than these dates seed should be planted indoors or in the coldframe.

There are commercial chemical dust treatments to prevent rotting of seeds or damping off of seedlings. Not all seeds need it, and some seeds can not safely be treated with certain of the chemicals, but a considerable number can be treated with any of the compounds.

Flats for planting are shallow boxes made about three inches deep. Course soil is put in the bottom, and the box is then filled to the top with a screened mixture of one-half composted soil and one-half sand. It is desirable to firm the soil especially well around the edges.

Watering the flat through a piece of burlap or other rough cloth, removing the danger of washing out the seedlings.

obtained from the U. S. department of agriculture, Washington 25, D. C. State experiment stations also supply information on this point.

Flats for planting are shallow boxes made about three inches deep. Course soil is put in the bottom, and the box is then filled to the top with a screened mixture of one-half composted soil and one-half sand.

Merchant Marine Men Need Books to Read on Voyages

A campaign to collect a million books for the merchant marine was launched by the Benevolent and Protective Order of Elks.

James Nicholson, chairman of the Elks War commission, urges each of the 650,000 members of B.P.O.E. to donate at least one book.

Any sort of books are acceptable. Old or new novels, textbooks and technical works, biographies, histories—any kind of book that will give a longsoe seaman a few hours of relaxation, instruction or inspiration, are wanted.

The campaign, which was organized in response to a request by Mrs. Alice S. Howard, president of the American Merchant Marine Association, will continue until April 15.

New Type Gas Mask Weighs Only 2.8 Lbs.

If the Germans or Japs resort to gas warfare American fighting men are ready. They have a new assault gas mask for greater protection, and highly improved chemical warfare weapons to retaliate in kind.

The new mask, manufactured by the Eastman Tire and Rubber Company, was developed by the chemical warfare service development laboratory at the Massachusetts Institute of Technology.

The new streamlined mask is made of a light plastic material, and weighs only 2.8 pounds, and can be carried in a small, light case.

The Once Over by H.I. Phillips

Washington has now put a ban on conventions, which strikes us as strictly okay.

It is a huddle in lobbies and banquet halls of let's-get-together once a year to see if the competitors have aged much.

It is a gandy-dance by men who think spending a week trying to get in and out of elevators comes under the head of business promotion.

The whole idea of conventions was started by the railroads and hotel people and perpetuated by the aspirin tablet industry.

And his back home discomforts are always added to by the discovery he lost his watch, packed a pillow case instead of his pajamas and can't remember the four fellows he had a fight with.

Conventions are a series of lost motions concerning matters that could all be better settled by mail. A delegate spends \$25 a day doing nothing he couldn't do by postcard.

We know men with national reputations for sagacity and solid sense who will travel 1,000 miles, spend a week in a bum hotel, get ptomaine poisoning, pay 40 cents for a soft-boiled egg and consider it all comes under the head of demonstrating routine business acumen.

The only thing we can say in favor of a convention is that it gives a fellow a chance to slap on the back and say "Hello, J. D. How's tricks?"

You listen to 10 speeches, 18 lectures and 100 committee reports but you still go home without finding out why a glass of milk in a hotel should cost a half-dollar.

How silly the idea that the spirit of New York is found on Broadway! That is where millions of visitors concentrate, thinking they are seeing the real Gotham.

A wonder woman surely Is Mrs. Esther Gramps: She really can keep track of Her good and no-good stamps.

The navy department has ruled that the fleets may carry beer and ale for the sailors to drink ashore.

It came as a surprise to this department to learn that not since Josephus Daniels made the navy bone dry 25 years ago has an American warship carried anything but soft stuff.

Summary Hiddle diddle, The Dutch in the middle. The cow jumps over the ceiling; The customers just yell "Sirloln or bust!"

Reflections

After a few words, mostly spoken by the young wife, her husband sprang to his feet.

"You've gone too far!" he exclaimed, angrily. "This is our last quarrel. I'm going right out of your life."

"Oh, Henry, darling, where are you going?" she cried. "Where I'll never trouble you again," he replied, as he started to open the door.

"It's lucky for you it's raining!"

Navy Goes Modern

A young midshipman reported to the commanding officer of a battleship for duty.

"Well, young fellow, I suppose that as usual, they've sent the fool of the family to sea."

Junior—Uncle John, please tell me a story.

Uncle John—Well, when I was a youngster about your age, I went to sea, and one day I landed on a desert island, and instantly I had to fight for my life with 16 cannibals, and only one of them got away.

Junior—interrupting— But last year you told me it was eight cannibals.

U. J.—Yes, but you were too young to know the whole horrible truth.

Figures Can't Lie The co-pilot of a big plane flew over the Pyramids of Egypt working with a new navigator, trying to calculate their exact position on the map.

"Take off your hat!" said the young navigator, suddenly. "Why?" asked the bewildered co-pilot.

"Because according to my calculations we are now inside St. Paul's Cathedral."

Prize Parent Jim—He's the most conceited fellow I know.

Mother—Yeah, I heard he sent his mother a congratulatory telegram on his last birthday.

IT'S TRUE By Theodore Maisch

Henry VIII of England (1491-1547) daily fed 600 at his table and the cost was \$70,000 a year.

The Rambling Rhymster By LES PLETTNER

All through the centuries of time That man has been on earth; He's seen light slowly dawn and break—

Has seen its gentle birth, He's seen its rays illumine forms Throughout the passing years; Dispersing darkness from its path, And scattering old fears.

With blunder and mistake, He's watched with eagerness it fall O'er forest, field and lake, And slowly, slowly, has this light Made evil disappear.

Before it ignorance has gone And superstition dream, Before it there have been dispelled Wrong and mistaken thought, Absurd ideas, backward trend Has been reduced to nought.

All through the centuries the light Has shown to peering man The wonders of the universe The way of God's great plan. It is a light that may be seen By those whose eyes are blind, The light of His intelligence Shed through the human mind.

And though dark clouds may sometimes come, To dim its splendor bright, They must all go, while man moves on To progress . . . and more light.

Is This Farm House of the Future?

This model home for the well-to-do farm family won first prize in a contest sponsored by the National Association of Home Builders of the U. S.

The "basic unit," that is the house without the addition on the right, could be built for about \$9,200, not including land.

Know How to Save Your Car, Your Life—for Your Country

Stopping Distances on Various Road Surfaces at 20 mph.

Average braking distance on concrete pavement

Average braking distance on packed snow

War production and safety authorities are concerned because last winter's traffic death rate in the snowbelt was 53 per cent above the preceding summer rate.

High Fever Small Voice (on phone)—Hurry, Doctor, and come right over to our house. My sister's got a temperature of 140.

Are You Doing Your Part?

The Spirit of 1945

All-out support of the Nation's War effort is just as essential here on the home front as it is in the fighting zones.

Do whatever you are called on to do, gladly and willingly. Remember that any "sacrifices" you may make are mighty small compared with the grim job the armed forces are doing.

Save, work, hope and pray... that 1945 will bring final Victory. Do your full part to help speed the return of Peace.

Pre-Easter reception of members will take place on Sunday, March 25th, at the C. U. Presbyterian Church. The Upper Room Communion Service will be held in the church next Thursday evening, March 29th at 7:30. The public is invited to attend the Easter morning service on April 1st at 11 o'clock when the choir will present "The Messiah" by George Frederick Handel.

Mr. and Mrs. Alfred Hutchinson received word last Sunday afternoon that their son, Cpl. Maynard Hutchinson, had been killed in action March 6th. He was in Patton's army in Germany.

Mrs. Frank Sutherland is convalescing at her home on Warren Drive.

Mrs. Irma Maslan of Detroit spent the weekend with Mr. and Mrs. Eugene Becker of Hadden St. Mrs. Lou Ehlike of Detroit was a guest of her sister, Mrs. Frank Jeffery, and family the latter part of last week.

Mrs. Ina Claypoole of Detroit spent a few days with her daughter, Mrs. Sherman, and family.

Born to Mr. and Mrs. James DenHerder an 8 pound 12 ounce daughter, Ann Laura, on Monday, March 19th at Pontiac General Hospital.

Word has been received that Sgt. Kenneth W. Sonecrainte was wounded in action at Iwo Jima when a piece of shrapnel struck his hip. He is in a hospital on Saipan.

Mrs. Tony Egnatuck of Warren Drive entertained the P. T. A. Mother Singers last Tuesday. A cooperative supper was served at 6:30. A lovely birthday cake was set in front of Mrs. Grace Barnhart and the group sang "Happy Birthday". A short business meeting was held. As it was the wedding anniversary of Mrs. J. R. Berryman a mock wedding was presented. Mrs. Egnatuck, the groom; Mrs. Barnhart, father of the bride; Mrs. Edna Terry, the minister; Mrs. Earl Springer and Mrs. Eugene Becker sang the wedding march.

The W. C. T. U. met at the home of Mrs. Max Fell in Drayton Woods last Tuesday afternoon. 16 members were present. The president, Mrs. Katherine Cable, called the meeting to order. The secretary and treasurer read their reports. Mrs. Fred Appleton led the devotions and all participated in prayer circle. A narcotic quiz was conducted by Mrs. C. J. Sutton and Mrs. Ray Shell. Two new members of the white Ribbon were dedicated, Larry O'Berry and Dawn Marie Burnette.

S. Security Board Issues Statement

Occasional complaints, which tend to become more numerous that social security account number cards are improperly used as identification for check-cashing purposes, today led William J. McAuley, manager of the Pontiac office of the Social Security Board, to issue the following cautionary statement:

"The social security account number card is not intended to serve as identification for check-cashing purposes, and should not be accepted as such.

"A social security card is issued to any person who applies for it. It is issued for one purpose, and only one. That is to identify a social security account on which the wage record of the possessor may be posted as credit toward old-age and survivors insurance benefits. The account number is used with the person's name to identify his social security account, because many people have the same name but no two can have the same number. The Social Security Board, in paying benefits, requires that the beneficiary identify himself fully."

THE HOME NEWSPAPER

THE OLD JUDGE SAYS...

"Adding another War Bond to your collection, eh, Judge?"
"Yes, Josh, I've always looked upon buying Bonds as one of the best ways older folks like me here at home can help our fighting men overseas. For the past couple of years I've put every extra cent I had into them... not only during the War Bond drives... but on a regular basis. Of course, when there's a drive on I always try to buy an extra one or two."

"We've done the same in our family, too, Judge. We figure the more we buy... the better we equip our men... the quicker they'll finish their big job and come marching home again."
"That's the spirit, Josh. And let's be sure of one more thing. Let's be sure that they come back to the same kind of place they left. While they are away and can't express their opinions, let's not make any decisions on things that are going to concern them in years to come."

fun. To run a store you must know arithmetic, spelling, reading and writing.
SENIOR PROM IS GAY AFFAIR
 The Annual High School Prom was held March 16. As usual it was Semi-Formal and lasted from 8 to 12. Everyone had a wonderful evening of dancing to music by Tommy Legasie's Orchestra. It was made up of four pieces, a Piano; Drum; Base; Clarinet, and also a soloist.
 The gym was decorated with fish and other lake animals. There was a large artificial shell of Pink at one end with Palm Trees and chairs of rustic furniture, around it. On the stage curtains were

mermaids and a lifesize statue of Neptune. There were four various colored lights illuminating the dance floor and spot lights adorned the shell. The refreshment table was in the form of a sailboat, where punch and tea cakes were served. We would like to thank the following mothers for their help in serving these refreshments: Mrs. Terry; Mrs. Drake; Mrs. Fosdick; Mrs. Ronk; Mrs. McLaughlin; Mrs. Smith; Mrs. Wilson and Mrs. Denton.

Also we would like to show our sincere appreciation to the following patrons: Mr. and Mrs. James Fosdick; Mr. and Mrs. Glenn Ker-ton; Mr. and Mrs. LeRoy Volberding; Mr. and Mrs. Frank Waid; Mr. and Mrs. Kenneth Strickland; Mr. and Mrs. Warren Flinn and Mr. and Mrs. Roland Weichert.
 Kitty Lou McLaughlin

Obituary

Philip S. Sedgwick
 Philip S. Sedgwick of 98 N. Holcomb St., passed away at the County Hospital on Wednesday night after four months illness. He was born at Waterford, Pa., August 19, 1864. He served as sheriff of Erie County, Pa., for 7 years. He had lived in Clarkston about 10 years, coming here from Pontiac and was a carpenter. Mr. Sedgwick was a life member of the Loyal Order of Moose of Pontiac.

He is survived by one sister, Mrs. Archie Billings, of Edinboro, Pa., and a cousin, Frank Marsh, of Pontiac.
 The funeral will be at the Ogden-Kennedy Funeral Home on Saturday afternoon at 2 o'clock with the Rev. Walter Saxman officiating. Burial will be in Lakeview Cemetery.

CARD OF THANKS

Having recently returned from the hospital I wish to thank my many friends for their kind remembrances, encouraging letters, cards, flowers and candy. They go a long way to cheer one's stay in the sick room and I thank you one and all. Yours
 C. Warden
