Students Presented On Saturday evening and on In The Service Sunday afternoon Mrs. C. S. Mat-

thews presented her piano students in recitals. The older group was presented on Saturday night at the home of Mr. and Mrs. F. E. Davies. Spenceley Butters was the guest artist and he played a very lovely number on his violin. He was accompanied by his mother, Mrs. A. E. Butters, at the piano. The students taking part were Joyce Woolfenden, Norma Terry, Phyllis Wiechert, Carolyn Woolfenden, Terry, Mary Lou Althouse, Shirley Schultz, Joan Johnston, Barbara Rioux, Charles Walford of Pontiac, Ethelyn Smith, Katherine LaPlante, Joseph Kliner of Pontiac, Adele Thomas, Ruth Davies and Ivan Rouse. All of these musicians played beautifully and those who had the privilege of hearing them

enjoyed every number. On Sunday afternoon the younger children were presented at Mrs. Matthews' studio on Church Street The guests who attended were real ly amazed at the advancement some of these little tots had made. Those taking part were Marilyn Enden and Barbara Newman of Pontiac, Elise Bradley, Lois Camp- paper regularly, bell, Claude Campbell, Elaine Por-Corless. To complete the program three of the older group, Judy Rouse, each played a number.

By. The Way

Although the cold, rainy weather has kept many from working in their Victory gardens we learn that in some localities there promises to be a fairly good crop of strawberries and a good crop of raspberries. That sounds a little encouraging It looks as though there is going to be a sidewalk alongside of M15 south of the village. There are so many from Clarkston who walk to the Dixie for bus service it's too had that the sidewalk couldn't be extended all the way We have some

DRAYTON PLAINS

"500 B-29s HIT JAPAN" . . . "TOKYO IN FLAMES" . . . headlines like these almost every day show that the Air Force is putting the heat on Hirohito with ever-increasing intensity. Less spectacular but equally important is the work of the Army Air Force trucks, like the GMC "sixby-six". Cargo-type GMCs bring up the bombs, ammunition, food and other supplies ... GMC tank trucks help refuel the planes ... GMCs, equipped with air compressor units and dump bodies, help build and maintain the fields . . . GMCs, mounted with machine shops, make quick repairs on equipment. In fact, there's almost no end to the variety of jobs that trucks are handling at these distant bases. GMC Truck & Coach, a leading builder of military vehicles, must produce many more now, and needs many more workers to do it. So come in today and apply for an important war job that will "keep 'em flying" over Fujiyama!

GMC's Employment Office at 661 South Boulevard, Pontiac, is open from 8:15 A.M. to 5:30 P.M. Monday through Saturday

THE OLD JUDGE SAYS...

TOM: "It's mighty nice to receive a compliment like you've just given us, Judge. We do take our responsibilities very seriously and try to do the right thing with everybody. In spite of it, we get criticized now and then."

OLD JUDGE: "I know...you've got to take the bitter with the sweet in times like these. Speaking of criticism, and I mean really unfair criticism, reminds me of the spirit beverage business."

RANK: "How is that, Judge?"

OLD JUDGE: "Simply this...can you think of any other business in which the seller is responsible for what the buyer does with his merchandise? If a person eats too much cake and gets indigestion, the baker isn't blamed. Nor is the coffee methant criticized if someone drinks too much coffee and can't sleep. But the seller of spirit beverages gets blamed plenty if one of his customers overindulges. Doesn't seem quite

fair, does it, Tom?" TOM: "Frankly, it doesn't, Judge. We'v never looked at it that way before."

navy for more than a year and this Transport Command. will be his first trip home. M. M. Stein (Moe) is ill and is

in Pontiac General Hospital. The Victory Mother Prayer her daughter, Catherine, are group met with Mrs. Kirby Milleur on Sashabaw Rd., on Thursday evening of last week. 14 members were present. A short business day to spend a week with his meeting was held. Mrs. Ray Shell was in charge of the devotions Becker before leaving for New which were followed with a circle prayer, Mrs. William Sutliff was in charge of the program.

Farmers To Apply For Electric Service

The Detroit Edison Company is placing orders for material to erect farm lines and is again able to take applications from farmers to build line extensions following the War Production Board relaxation of restrictions, H. J. Keith, District Agent of The Detroit Edison Company, announces this week.

"We expect to go ahead just as fast as materials and men are available and give service to practically every farmer in our territory," Mr. Keith said. "We already serve some 34,000 farms, or 94 percent, and now that the government has relaxed its controls over work of this kind, we are anxious to finish the job and serve the remaining 2,100 farms to which we are planning to build lines. We beieve this will be welcome news throughout our 7,600 square miles of territory and we are delighted that we can start now and presently finish the job to make electric service available to everyone in our system," Keith said.

Our Boys and Girls In The Service

Private Delray E. Hall, son of Mrs. Lessie Hall, 10250 Reese Rd., Clarkston, Mich., has been promot-d to Private First Class, accordng to an announcement by Lt. Col. James E. Johnston, Commanding Officer of the 1419th Army Air Force Base Unit located in Central

Pfc. Hall's base is one of the most important airfields in the curopean Division, which extends from North Scotland to Scuthern Europe. This base, like all of the bases of the European Division, under the command of Brig. Geo. Harl S. Hoag, handles scores of passengers and thousands of ounds of cargo and mail brought n to this base daily, by twin and our engined planes of the Air ransport Command.

Among the passenger, are high inking officers and government fficials; combat and ferry pilot and their crews; wounded American soldiers flying home; nurseend U.S.O, entertainers, and othe varied high priority personnel.

Upon cessation of hostilities in Europe, a great number of tho-

The Ford car of tomorrow is being built today in the minds of Ford engineers and designers. And because these men think and plan in terms of the future, we believe the new Ford will be a car you will welcome, and be proud to own.

We can't show you a picture of the new Ford or even tell you how it will look. But we do know it will be a big, comfortable, easy riding, smartly styled car-with a real power plant under the hood. In every respect, it will be a fully proven car . . . reliable in the finest Ford tradition. You can depend on that!

The Ford in your future will be engineered on the practical experience that has produced more than 30,000,000 cars and trucks . . . and will be backed by the vast productive and creative power of the Ford organization. This fine, new Ford will quickly take its place-alongside past models—as America's number one transportation buy.

For the duration, we offer you our Specialized Ford Service facillities, and Genuine Ford Parts—the best combination we know to keep your present car serving you dependably.
