Play Safe When Storing Gasoline

A timely warning on the storing of gasoline and other flammable liquids comes from K. D. Bailey, county agricultural agent. He pointed out that with these materials no longer under ration controls, farmers are able to keep larger stocks than before; hence the need for care in storing and handling.

Vapors from highly flammable liquids, according to National Safety Council figures, cause more explosions than all other causes put together.

Mr. Bailey suggests these precautions to guard against fire or explosion.
1. Where large quantities of gasoline are to be stored, an underground tank, located at a safe distance from other buildings is the safest form of storage. This should be equipped with a vent pipe to relieve excessive vapor pressure and to permit intakes of air as the liquid is withdrawn.

2. The vent pipe opening should be provided with a flame arrester and the filling connection should be equipped with a flame arrester in the form of a perforated double metal basket inserted in the fill pipe.

3. Gasoline in small quantities should be stored in steel drums or safety cans which are properly marked to show the contents.

4. Where light is necessary in the place where such liquids are handled, only flashlights in good repair or electric extension cords and lamp guards of approved type should be used.

5. Smoking, or the use of matches, in the vicinity of the flammable liquids should always be avoided.

Garden Hints For October

Store carrots, beets and parsnips in boxes of sand, which should be moistened slightly if the roots begin to shrivel before they are used. Do not cut the beet tops closely or they will bleed.

Dahlias should be dug as soon as the tops have been killed. It is

best to leave a little soil on the roots and store them upside down in a cool, but frostproof cellar so that all water will drain from the stumps.

Gladiolus bulbs should be harvested as soon as frost has killed the tops. After being dried off they may be stored in a cellar or pit with a temperature of about 40 to 50 degrees.

CLARKSTON BLANKS
BLOOMFIELD
"Doc" Thayer's football team

journeyed to Bloomfield Hills beautiful school and Athletic field last Wednesday and soundly spanked the Bloomfield eleven 34-0 The Clarkston team played

alert football the whole game and if any breaks were to be had Clarkston cashed in on them. The score belittles the boys' efforts as they scored eight touchdowns, three being called back because of penalties. Starting off the game Clarkston kicked off to the Hill's boys, after four plays Clarkston took the ball on down and in three minutes after the kick they had scored 7 points on Davison's plunge and Sharp's place kick. LaPlante added to Clarkston's score in the second period. Clarkston drove down the field and Sharp scored on a plunge from the eight yard stripe. Davison drop kicking the extra point. In the fourth quarter Ronk took a 20 yard aerial on the 20 yard line and ran across the pay line for another score and the attempt for the extra point was stopped, making the score 27-0 in Clarkston's favor. A few minutes later in the fourth quarter Hagen took Sharp's 20 yard pass on the ten yard line and ran it across. Ronk plunged for the point, giving Clarkston a 34-0 victory. Clarkston out played the Hill's boys all the way and only had to kick once. Thursday, Clarkston plays Auburn Heights there and we are keeping our fingers crossed.

FRESHMAN FRAPPE
Tonight is another big night at the high school. The Freshmen class is sponsoring the third dance of the year, the "Freshman Frappe". Joan Gorman, Freshman president, general chairman of the dance says "It is bound to be one of THE dances of the year".

Dancing is from 9 until 12 o'clock. Walt LaPlante's band will furnish the music and the "Freshies" plan to offer something novel in the way of refreshments.
Remember the date . . . Tonight.

MILK SALES
Milk sales in the grades and in

the high school are on a par with sales last year. During the month of September 2020 students purchased milk during the noon lunch period.

Members of the homemaking department manage the sale of the milk, and all students, from kindergarten through the 12th grade benefit. The teachers are also steady customers.

FRESHMAN DANCE
The Freshmen will sponsor a dance Friday, Oct. 19th from 9:00 until 12:00 P. M. at the Clarkston High School. It is to be called the "Freshman Frappe". Frappe is the French for ice cream. The general chairman are:

Decorations—Mary Volberding
Tickets—Helen Dean
Refreshments—David Leak
Admission—Spike Masters
Patrons—Deloris Barrett
Clean up—Spenceley Butters
General chairman—Joan Gorman.

Walt's band will be on hand to do its part.

10th GRADE
The 10th grade has been making preparation for the Halloween dance. Many new ideas have been given. The name of the dance is "Halloween Modernized". The dance starts at 9:00 and ends at 12:00.

Music will be furnished by Walt LaPlante and his dance band.
SUPT. BRABLEC ATTENDS VETERANS INSTITUTE CONFERENCE

Eugene B. Elliott, State Superintendent of Public Instruction, invited school superintendents to a conference on Veterans' Institutes which are being set up in different parts of the state. Mr. Brablec is on the local education committee for veterans and went to Lansing Wednesday afternoon.

He tells that under the "G. I. Bill of Rights" it is possible for ex-soldiers to gain training of any nature to which they are suited. It is also possible to secure "training-on-the-job" in business of the veteran's choice.

Mr. Brablec, Mr. Thayer and several students discussed the subject "Safety and Sportsmanship while Hunting", Wednesday, Oct. 10. About 50 students plan to hunt during some part of the season. Some mention was made of trespass laws, firearm safety, hunting companions, game limits, and carrying guns in an automobile. Last year many hunting accidents took place among students of about 17 years of age.

TEACHERS COLLECT FUNDS
Every teacher in the Clarkston Public School was assigned a territory to cover for the current war fund drive.

The results of their canvassing are not available yet, but the contributions appear to be less than they were last year. The teachers are covering the same homes that they were last year, except that new teachers took over the territory of those who left the school staff.

SENIOR NEWS

On the 29th of October you will probably notice the "better half" of old Clarkston High School with their necks washed and hair all slicked back, for that is the day we are having our graduation pictures taken. Photographers from the Camp Studio in Ypsilanti will be here to take them.

Warren Etter sent us some booklets and a letter telling about his camp and the things he has done this week. They were very interesting and we enjoy hearing from him.

The Adult Bible Class will hold the monthly Class party on Friday night at 8 o'clock. Everyone is invited. Come and have a nice evening. Refreshments will be served.

Last Friday night a lovely birthday and farewell party was held in the church parlors honoring Miss Inez Sutton who has left to teach in a girl's mission school in Cairo, Egypt. Miss Sutton, daughter of Rev. and Mrs. C. J. Sutton, graduated from Pontiac High School in 1937. She attended the State Normal College at Ypsilanti and Michigan State College. For the past two years she has been teaching in Rochester, Mich. She expected to arrive in New York on Monday and will sail on the Gripsholm. Hostesses were Mrs. Walter Aderholdt and Miss Catherine Jones.

The Woman's Missionary Society met with Mrs. Roy Dancy on Thursday evening of last week with 18 members present. Mrs. Walter Aderholdt, president, opened the meeting with prayer by Mrs. Kirby Milleur. The secretary's report was read by Mr. Elmer Boadway and was followed by group singing. The program chairman, Mrs. Gibson, took her topic from the second chapter of Romans. Mrs. Katherine Gage gave a report on the convention held recently in the Congregational church in Pontiac. The meeting closed with prayer and benediction by Mrs. Aderholdt.

If he can, you can!

WAR HAS BROUGHT some pretty grim sights to a doughboy's eyes. But some of the worst have not been in battle.

There's been the look of hunger in a little girl's face watching you eat a second helping of hash. The silent look of youngsters lined up at a garbage can waiting for refuse from your mess kit. The sight of thousands of "displaced persons," hungry and ragged, wandering across Europe.

And the doughboy knows that his fight for peace is not won while there are everywhere hunger and disease and desperation.

He knows that our government is doing everything possible to send food and other supplies to those who stood with us in the war. But there is much that governments cannot do. For emergencies arise quickly and call for medicine, clothing and shelter (500,000 destitute war orphans are roaming the countryside of Yugoslavia alone).

That's why the allied relief societies

— which your money supports through your Community War Fund — are so important.

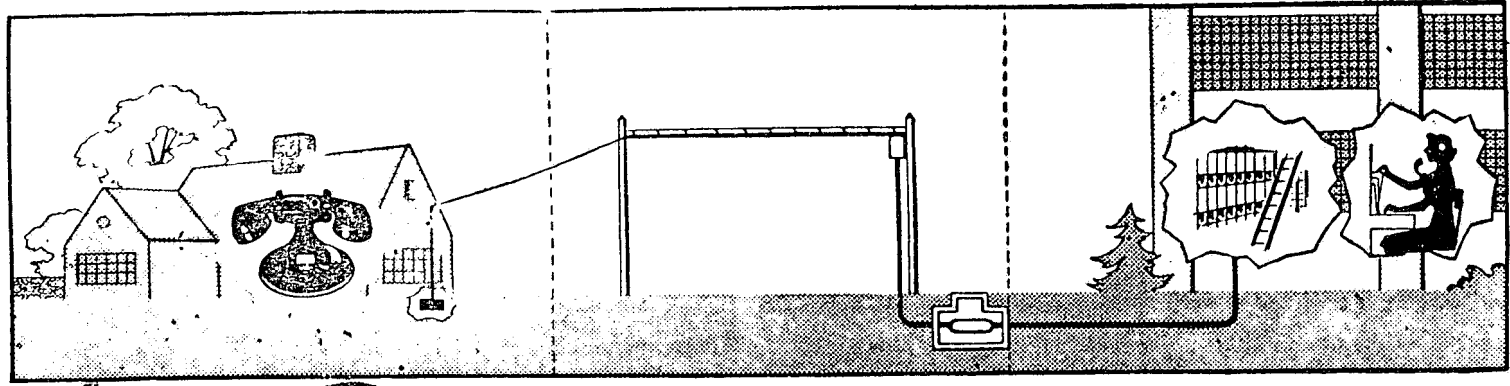

And our G.I. knows that help that comes from the pockets and hearts of Americans is doing more than we know to bind up the wounds of war, and restore faith in the future. And without this faith there can be no peace—for Europe, or for us.

You give only once a year to all the great causes combined in your Community War Fund, which, in turn, supports all the 21 agencies of the National War Fund. This year, make your gift bigger than ever before.

It takes more than a telephone to provide service

If all we needed were new telephone instruments, the job of providing service for the 125,000 families now waiting would be much easier and faster. However, nearly two-thirds of those waiting are in areas where present central office equipment cannot handle any more telephones, or where all outside wire and cable are in use. Large-scale manufacture of civilian telephone equipment is under way, and no effort is being spared to hasten production. But

cable and central office equipment are not ready for use when they leave the factory. They must be fitted into the existing telephone system before they can be used to connect new telephones. This is a complicated, time-consuming process. If you are among those waiting, you may be sure that we'll fill your order in its proper turn as soon as possible. But it may be nearly two years before telephones can be installed generally without delay.

The Parent-Teachers meeting will be held in the school on Thursday at 8 p. m. Dr. Fred Palmer of Clinton Valley Children's Center will be the speaker. Vocal selections will be given by Mrs. Francis Cullom of Sylvan Lake. Refreshments will be served

by the School Mother's Club. There will be a meeting of the executive board of the Parent-Teachers Association on Tuesday evening at 8 o'clock at the home of Mr. and Mrs. William Stockford.

Mr. and Mrs. J. H. Akar of Detroit were guests of Mr. and Mrs. John Miller recently. S/Sgt. William Green who returned recently from France spent a few days of the past week with his mother, Mrs. Bruce Terry.

Mrs. Clema Kuhn is visiting her daughter in Chicago. Mr. and Mrs. Kenneth Miller of Pontiac visited at the home of his parents on Thursday evening.

Mrs. Fred Morgan and children of Lake Orion were weekend guests of Mr. and Mrs. William Stockford.

Mr. and Mrs. John Miller visited friends in Holly on Sunday. Mrs. John Davies of Detroit was a guest of Mr. and Mrs. William Chase for several days this past week.

Mr. and Mrs. Adrain Howell and children spent the weekend in Brighton. Mrs. Irving Brown of Battle Creek is visiting her parents, Mr. and Mrs. William E. Chase.

The Moms met at the home of Mrs. Kenneth McVittie on Wednesday of last week with eleven members present. Mrs. Blaine Jones and Mrs. Elmer Going were appointed a committee to have charge of the miscellaneous booth at the Fall Festival sponsored by Christ Lutheran church on October 23rd. Articles for the booth may be taken to the home of Mrs. H. F. Buck or Mrs. C. W. Armstrong. Mrs. L. T. Kaines and Mrs. Arthur Armstead were appointed delegates to the Mom's State Convention in Detroit on October 19 and 20. Mom's Tag Day will be Nov. 10th with Mrs. Saylor in charge. Proceeds from the first half of the paper sale netted \$16.35.

Another of the "Great" supper meetings and programs will be held in the church next Wednesday evening under the leadership of Lloyd Bowden, Roy Dancy, Clyde Harmon, Elmer Boadway and Alfred Hutchinson. A good program is being planned. Please furnish sandwiches and a dish to pass for yourself and friends. The time is 6:30.

Lutheran Sunday School at 9:45 Sunday morning. Lutheran services at 11:00 Sunday morning. 500 at 8:00 Monday evening. Library hour between 3:30 and 4:30 Monday afternoon.

Youth Instruction Class at 7:00 Thursday evening. The 500 games are open to all interested in attending. There will be prizes. Each one is to bring own sandwiches and coffee will be furnished.

The Guild of the Christ Lutheran church is sponsoring a penny supper and fall festival Tuesday evening. There will be several types of booths and other entertainment. The Moms will also have a booth with the proceeds to be used for their good work with our service men and women. The supper will begin at 6:00 and the public is invited.

Over 223 youth met at the Club house last Wednesday evening. Every Wednesday evening between 7:00 and 8:00 the youth in and above the seventh grades are invited to meet at the Club house for ping pong, checkers and several other means of entertainment. The library is also open for the convenience of the youth.

The Community Library is really growing and is looking very nice with its homey looking furniture. The new shelves which were built are now full of books but there is still room to build more shelves if there are more contributions of good books. There are several books that need attention before they will be ready for loaning so the committee in charge on Wednesday afternoons would appreciate volunteer help any Wednesday between 1:00 and 4:00 for this work. Some new hours have been added also and are between 3:30 and 4:30 on Monday afternoons and between 3:30 and 5:00 on Tuesday afternoons.

The Woman's Club sponsored a pot luck supper at the Club House last Thursday evening which was very well attended. The regular monthly membership meeting of Community Activities, Incorporated, followed while the group was still at the table with Earl West in charge. The group voted to allow the Woman's Club to convert the game room into a lounge; allow the girl scouts the use of the building; to have coat racks made, and to have the committee in charge of the new floor for the east hall to continue looking into the price of the new floor as it is expected that the Century Club will be all paid up within the next month and then the new floor will be the next project. Leslie Fitzgerald gave a very interesting talk on early American guns and had several on display.

The Cub Scouts appreciate the cooperation which they received in their paper drive which ended last Friday. Their aim was to make \$50 in order to purchase a flag pole for Camp Agawam and they had paper enough to get a check for \$68.

Some new hours have been added also and are between 3:30 and 4:30 on Monday afternoons and between 3:30 and 5:00 on Tuesday afternoons. The Woman's Club sponsored a pot luck supper at the Club House last Thursday evening which was very well attended. The regular monthly membership meeting of Community Activities, Incorporated, followed while the group was still at the table with Earl West in charge. The group voted to allow the Woman's Club to convert the game room into a lounge; allow the girl scouts the use of the building; to have coat racks made, and to have the committee in charge of the new floor for the east hall to continue looking into the price of the new floor as it is expected that the Century Club will be all paid up within the next month and then the new floor will be the next project. Leslie Fitzgerald gave a very interesting talk on early American guns and had several on display. The Cub Scouts appreciate the cooperation which they received in their paper drive which ended last Friday. Their aim was to make \$50 in order to purchase a flag pole for Camp Agawam and they had paper enough to get a check for \$68.

Ready

for Today and Tomorrow

Always, Michigan industries have had the know-how and—even in the pit of depression—the courage to expand and prepare. Hence, when war came Michigan could take the lead and become the "Arsenal of Democracy."

So, too, Michigan's electrical needs always have been anticipated by The Detroit Edison Company. Long before the war, orders had been placed for two 100,000-horsepower generators. One was delivered and put in operation during the war. The second is being installed and will be in operation sometime in 1946. We expect that more current will be used for peace than was needed for war. There will be no "standing in line" for that current.

The Detroit Edison Company is ready to serve all the electrical needs of southeastern Michigan today and tomorrow.

Conservation News

Duck hunters checked in at the Pointe Mouillee marsh on Lake Erie have averaged better than one bird each.

The Conservation department, reporting shooting success during the first 10 days of the current season on its recently-acquired preserve, says that 1,730 hunters have taken 1,852 birds.

Blue-Wing teal furnished the best sport on the opening day when 333 were taken; dropped off rapidly when the teal left the marsh. Hunters took 316 black

ducks and 310 mallards. Crippled ducks lost to hunters during the period totaled 840.

The record low forest fire loss during September—six acres in nine fires—conveys no sense of false security to conservation department personnel.

It is recalled that 154 fires swept 7,131 acres during the first week in October, 1943 following a similarly quiet September.

So far this year 16,992 acres have been burned in 795 fires.

Council Proceedings

Special meeting of the Clarkston Village Council held at the Village Hall on Sept. 18, 1945.

Meeting held in compliance with resolution passed at Regular Meeting held on Sept. 4, 1945.

Meeting held for the purpose of opening bids on the proposed sidewalk, curb, and gutter, and black top construction on S. Main Street.

Meeting called to order by the President, H. W. Huttenlocher. Roll call by the clerk.

Present: Ainsley, Gundry, Holcomb, Megee and O'Roark. Absent: Dunston.

The only bid received was that of Mr. Lyman Girst.

After a full discussion of the bid it was moved by Holcomb that

the following bid of Mr. Lyman Girst be accepted and that the president of the council be authorized to sign the contract.

The undersigned, having familiarized myself with the local conditions affecting the cost of the work, and with all Contract Documents including the plans and specifications on file in the office of the Village Clerk of the Village of Clarkston, hereby propose to perform everything required to be done and to furnish and provide all the labor, materials, tools, equipment, and all utility and transportation services necessary to complete in a workmanlike manner all of the work required in said documents, plans and specifications for the following unit prices.

Item 1. For 22 Cubic Yards Concrete in Culvert Extension and Retaining Wall. Twenty dollars per cubic yard. Total \$440.00.

Item 2. For 35 Lined Feet 2 in. Pipe Railing. \$120.00.

Item 3. For 1 Standard Catch Basin. \$125.00.

Item 4. For 12 Lined Feet, 12 in. Vitrified Pipe, one dollar and one half per lined ft. \$18.00.

Item 5. For 350 Cubic Yards Excavation and Backfill, One dollar per cubic yard. \$350.00.

Item 6. For 6320 square feet 4 in. Concrete Sidewalk, twenty-seven and one-half cents per sq. ft. \$1,738.00.

Item 7. For 525 Lined Feet Curb and Gutter, One dollar and sixty-five cents per lined foot, \$866.25.

Item 8. For 350 square yards Blacktop pavement, two dollars and twenty-five cents per sq. yd. \$787.50.

Total of all items, \$4,444.75.

It is understood and agreed by the undersigned that the Village of Clarkston reserves the right to reject any or all of the foregoing unit prices which it may consider excessive or unreasonable.

Accompanying this proposal is a certified check in the amount of dollars payable to the Village of Clarkston which it is agreed will be forfeited to the Village of Clarkston if the undersigned fails to execute the Contract and to furnish bond as specified within the ten (10) days after notification of the award of the contract to the undersigned.

In submitting this bid it is understood that the Village of Clarkston reserves the right to reject any or all bids. It is agreed that this bid may not be withdrawn within thirty days after the opening thereof.

The undersigned further states that this proposal is made in good faith and is not founded on or in consequence of any collusion, agreement, or understanding between himself and any other interested party.

Dated: September 18, 1945.

Signed: Lyman Girst Waterford, Michigan

The motion was seconded by Ainsley

Roll: Yea, Ainsley, Gundry, Holcomb, Megee and O'Roark. Dunston, absent.

Artificial Limbs For Veterans. During the past few weeks the Office of Veterans' Affairs has received many inquiries questioning the availability of artificial limbs. In order to provide veterans who have suffered an amputation of any limb, particularly World War II Veterans, the Veterans' Administration has established twelve amputation centers throughout the United States. At these centers all problems, including surgery and fitting of artificial limbs will be cared for. Normally the army and

navy hospitals furnish artificial limbs, which give the wearer a chance to become accustomed to their use, but back in civil life, the veteran becomes more active, due to social and economic factors. An amputation stump goes through a period of shrinkage and toughening up. During this period, the artificial limb furnished, will prove less satisfactory, and the wearer feels that a new limb is needed. To meet this problem, the Veterans' Administration has announced that the amputation centers have been instructed to furnish a new limb upon request as soon after discharge as the veteran desires it.

Plant Strawberries In Early Spring. Some of the bush fruits such as the currant, gooseberry and red raspberry may be successfully planted in the fall but the planting of strawberries at this time of the year in Michigan cannot be generally recommended. The best time to set strawberry plants is in the early spring. Plants which are set out in late summer or fall do not become well established before freezing weather occurs. Furthermore, those plants which do not become well established will produce very little, if any, fruit the next year, since there is not sufficient time to develop strong fruiting crown and few productive runners will have formed. The only advantage of fall planting is that the plants make considerable growth early in the spring, which encourages the early formation of runners. This advantage, however, is offset by the fact that the plants often heave out of the soil, and the result is a poor stand of plants in the spring. The practice of fall planting should be restricted to the small gardens where potted plants, or extra vigorous runner plants with soil attached, may be moved from one part of the garden to another. Potted plants are expensive and it is difficult to obtain nursery grown plants for fall setting. Fall sets should be well mulched to prevent heaving, and the mulch must be removed in the spring to permit cultivation.

Grading Potatoes Will Pay Dividends. With the second largest potato crop being harvested, Michigan growers can benefit from good merchandising this year more than ever before, in the opinion of C. L. Nash, extension agricultural economist specialist at Michigan State college. He recommends emphasis on putting a high grade product in the nation's grocery stores and thereby building Michigan's potato reputation. This will do more to help dispose of the crop in com-

petition with potatoes from other states than anything else, he believes. Mr. Nash suggests that it's a good year to keep cull potatoes on the farm for feeding livestock. This will permit only the best to go to market. Care in digging and handling to prevent bruising are essential to a good saleable product, he adds. This involves padded warehouse chutes and practices that avoid rough handling. Then comes careful grading and proper packaging as to size and grade to meet market demands. Good production practices prior to harvesting, such as good seed, adequate fertilizers, and early planting, also add to quality.
