CLARKSTON, MICHIGAN, FRIDAY, NOVEMBER 16, 1945

Open House At Clarkston School Tuesday Night

Next Tuesday night, Nov. 20th, the Clarkston P. T. A. will have its regular business meeting at 8 o'clock. Following the business meeting Mr. K. G. Hempstead will show colored movies taken when he made a trip to Haiti last April. This will be a grand opportunity for the people in this district to visit another land.

After the meeting adjourns the folks will be invited to visit the classrooms. The teachers will be in their rooms to greet the guests and get acquainted with the parents of the children with whom they spend each day.

The refreshments at the close of the evening will be served by the 5th grade mothers with Mrs. Gray Robertson and Mrs. Russell Walter in charge.

Boy Scout News

We opened our meeting on Monday night with the Scout Oath and Law and the pledge to the Flag.

Plans for a point system were made—one point for every test passed; two points for every merit badge; five points for every pass in rank and points for perfect attendance. This new system is to speed up our advancement. The Patrol which has the most points on a date some time in the near future will receive a prize.

The meeting was closed with the Scout Benediction.

Raymond Day, Scribe.

Rotary News

Clarkston Rotary added two new members at Monday's meeting, with Paul L. Henry of Ainsley-Henry, and Charles Robinson of King's Insurance Agency being welcomed into the group.

Guests included Lt. Commander Clare Rasmussen and twelve members of the Waterford-Drayton Rotary Club.

Rev. Walter C. B. Saxman gave a very interesting address on international affairs, confining his talk largely to the world charter adopted at the San Francisco Conference.

You are asked not to forget the bazaar and bake sale at the Masonic Temple starting at 10 o'clock this morning. The members of the local O. E. S. chapter are sponsoring this affair. At this bazaar you will perhaps find just what you want for Mary or Johnny for Christmas. Then, too, you can save many steps in your kitchen by buying some baked goods to last over the busy weekend.

Coming Events

On Friday, Nov. 16th, the Joseph C. Bird Chapter, O. E. S. of Clarkston, will hold a bazaar and bake sale at the Masonic Temple, starting at 10:00 a. m.

Friday, Nov. 16 there will be a creamed chicken dinner served at the Seymour Lake Church house. Serving will commence at 5 p. m. Mrs. Iva Miller, Mrs. Mary Losche and Mrs. Caroline Harrison are in charge.

Our Boys and Girls In The Service

Among those discharged at the Great Lakes Naval Center on November 6, was Lt. Comdr. B. Clare Rasmussen, of 6950 Dixie Highway.

Cpl. Osmun V. Mills of 3590 Teggerdine road returned to his home last Sunday after being in service for three years. Most of his time he was on duty in Panama. He has received his discharge.

Everyone was glad to see Stan Radoye, who arrived home two weeks ago. He served in the Mediterranean and European theatres of war and is mighty glad to be back with his friends in Clarkston. He has received his discharge.

The following interesting letter was received by Mr. and Mrs. Forrest Jones from their son, Gordon, who is in Japan:

Dear Mother and Dad,
I am sorry that I haven't gotten around to write before but it seems so foolish as the mail doesn't go out only three times a month where I am now. I have been here in Japan at the Kure Naval Base for the last five days where I am attached to the guinea pig unit. We are using large ships for the purpose of detecting whether the mines placed here by us are any good or not. Finally, yesterday the Army arrived aboard some of our ships and went on to the beach for the purpose of occupying it; they always come after the fun is all over. You can tell Carl that if you like.

This Kure Naval Base is located on Japan's inland sea, as you will note if you look at your map. You will notice that all of Japan is built up of islands and on all of these are a lot of mountains. I will try to describe the place as best I can. As we look from the ship we are surrounded with islands which are covered with mountains. Some of these mountains are quite high. Now I will tell you something that you will not believe. These mountainous islands are all occupied by the Japanese, for that matter there are small towns on all of them. These towns are located at the bottom of the mountains and some of the houses are built up on the side of the mountain, but not very far.

Now, this is what is hard to believe. The people farm the mountains almost all the way to the top. This is done by terracing. In some places where the mountain is quite steep, only one row of crops to a terrace. The crops seem to consist of rice and some fruits.

The people here, to my notion, seem to be very poor, although there seems to be a couple of very nice homes. The farming here is done all by hand, no modern tools such as we have in the States.

On the beach is a Jap seaplane which, I suppose, was shot down by our planes. On, or I should say over, in a cove, there is a Jap battleship of the Ise class, which has been bombed to pieces. I was over on it yesterday and got a few souvenirs consisting of some name plates off the ship.

I have received no letters since I left Okinawa and that was about two weeks ago. I received only one letter then and that was from you. I am feeling fine although I feel that I am a long way from home and I sure will appreciate it when I get back in Michigan so as to be with the kiddies again.

I have it very easy now. For that matter my boss, as you would call him, just came in and gave me the devil for writing when I should be working. But I have no work to do just now—as usual he was just kidding.

I am going to close for today and hope to have more to write about soon. There is very little here to write about now.

Oh, I forgot to say, there are some factories here that are of some size and they seem to be operating yet.

Will close,
Your son, Gordon

P. S. Our mail boat is in the bottom of Buckner Bay at Okinawa. Camp Funston, Fort Riley, Kansas, 7 November, 1945. — Having met the qualifications and requirements set forth by the War Department for enlisting into the Regular Army, Staff Sgt. John Tersigni, of 10300 Hadley road, Clarkston, who has served honorably in the Army of the United States for 35 and one-half months, was sworn into the Regulars here by Captain Howard M. Thompson, Recruiting Officer for the Army Ground Forces Replacement Depot at Camp Funston.

"Recent congressional action offers many fine inducements to those men desiring to become U. S. Army regulars," said Captain Thompson.

Staff Sergeant Tersigni is the son of Mr. and Mrs. Natale Tersigni of 10300 Hadley road.

At Long Last New Roof For School Gymnasium

Trucks loaded with lumber appeared on the school grounds last week. The materials will be used shortly to furnish a pitched roof over the school gym and stage.

The Board of Education has repeatedly tried to overcome the troublesome leaking by means of patching. However, the flat, gravel-asphalt roof would not respond to this treatment. Considerable damage has been caused to the maple floor of the gym and the wet spots were a hazard to students in gym classes.

This fall several roofing companies and contractors examined the conditions. All were in agreement that a new roof, with pitch, would have to be placed over the present roof. This would be a big operation, and a costly one, but there was no other way out. The contract for the job was let to Mr. Fredman, of Pontiac. His bid was most satisfactory and he alone appeared equipped to put the roof in place this year.

For some reason the old flat roof was "dished" and water up to a depth of three inches rested over a major part of it. It was estimated that up to 20 tons of water would rest there after a rain and its only means of escape was evaporation and leakage into the gymnasium.

W. S. C. S. Bazaar Thursday, Nov. 29

The women of the W. S. C. S. of the Methodist Church are making great plans for the bazaar which will be held at the church on Thursday, Nov. 29. Each Circle will have a booth and there will be plenty of Christmas gift suggestions. The Priscilla Circle is planning to have a Mexican booth. In it will be toys, glass, pottery, jewelry and many things that will make Christmas shopping easy.

Andersonville News

Today, Friday, Nov. 15th, there will be a Red Cross sewing bee at the Andersonville church house, starting at 10:00 a. m. The women will furnish their own box lunch and a hot beverage will be served. All women are invited to attend.

Mrs. L. D. Gaynor has now received yarn and instructions for knitting men's sleeveless sweaters. Anyone wishing to knit should contact Mrs. Gaynor.

The P. T. A. sponsored a paper drive on Monday.

Township Passes Quota In War Fund Drive

As this was the last United War Fund Drive, Independence Township made a last effort to meet its quota of \$1200, which was \$200 over last year's quota, and the Township chairman, Paul L. Henry, was happy to report today that \$1350.00 had been collected. Mr. Henry says this was one of the toughest jobs he has had in a long time but he never gave up hope because he was quite confident that the people of this district would come through as in every other drive. He was delighted with the results and so thankful for the cooperation he received. The amount above the quota will be used for some worthy cause in the Township.

Mr. Henry wishes to convey his sincere thanks to all who worked to put Independence Township "over the top." He says he realizes how much it means to go from door to door; it takes time and patience with a good many times, an overdose of good nature.

THE SENIOR PLAY

The Seniors are presenting a comedy called "Shiny Nose." Practice on the play has been coming along well. The cast is on the second act and next week will go to the third act. Miss Campbell, the Senior class advisor, is also the play director and Bob Keelcan is student director.

The cast for the play is as follows:
Janey, Charlotte Finzel; George, Basil Ash; Zip, Bertie Lou Bachlor; Helen, Joyce Stitt; Allen, Henry Huber; Mrs. Marble, Shirley Terry; Mr. Marble, Bob Keelcan; Coach Brown, Norm Johnson; Madge, Barbara Krem; Peggy, Cheri Lou Purdy.

Prompters are Helen Paine and Virginia Hall; Publicity, Wilma Ferguson and Evelyn Lance; stage, Ralph Eaton, Don Smith and Jack Zollner; Make-up, Betty Powell, Marjorie Vliet and Barbara Lindahl and tickets will be handled by Deloris Howell and Jacqueline Welsh.

PUBLICITY ON SAFETY

Much interest has been shown by outsiders in the C. H. S. class on hunting safety. Not only did we grab the lion's share of space in the Detroit News, but now a national bureau wants pictures and a story for circulation on a national scale in magazines. There is no question that safety and conservation hold a high place in educational thinking today.

We know that the deer season will bring many accidents this year. Time spent toward prevention is certainly put to good use.

Football season is over for another year. So the Wolves are turning their heads to basketball. The first practice is on Wednesday after school with 4 regulars from last year's squad available for the team and some very likely prospects, two of which are Harold Horn and Bill Wyckoff. Both are well over the six foot mark.

Horn, however will not be able to play until the second semester because of eligibility rules.

Last year Clarkston finished up with a 500 percent mark and we are going to try to do better this year.

Bill Sharp
We have lost two pupils, Charlene Phillips and Janet Jewell. We have made book covers for our papers and are planning on making a paper city.

THIRD GRADE NEWS

The third grade has been studying how things in nature get ready for winter. In art class we made drawings of animals hibernating and made booklets of them.

We have a snake in our terrarium that lost his skin very obligingly one day.

We have a new picture, "Picking Mushrooms."

We have been making pictures of pilgrims and turkeys and singing Thanksgiving songs.

NINTH GRADE NEWS

Many members of the ninth grade class have gone deer hunting. A large number left Monday and a few left Tuesday. We wish all of them "Good Luck."

The class is planning a class party in the near future. The date is uncertain but will be announced later. We know that a good time is in store for all those who attend.

Mary Nell Brooks.

Among the guests were Mrs. Myra Wieland, Mr. and Mrs. Leroy Addis, Mrs. Blanche Walter, Mrs. Albert Lawson and Mrs. Stanley White.

By The Way

The traffic through Clarkston has been gradually getting heavier as the deer hunting season approached. Wednesday afternoon and far into the night the mighty hunters speeded northward in such numbers that at times the cars were almost lined up at the stop lights. The usual crowd has gone from Clarkston. Every State in the Union except Tennessee, will celebrate Thanksgiving day on November 22, but Tennessee people will eat their turkey on November 29.

Speaking of turkey, if you want to try and get a nice dressed one for your Thanksgiving dinner, you had better attend the Rotary Club party in the Opera house tonight. Perhaps you could make a day of it.....and visit the bazaar in the Masonic Temple and do some Christmas shopping..... then for a change in scenery drive out to the Seymour Lake Church house and enjoy a creamed chicken dinner sponsored by the W. S. C. S. at 5 o'clock. After a good dinner you would enjoy a good time at the Rotary party.....

The principal ambition of every GI Joe now seems to be to get home for Christmas. Michigan is in top place among the states in total of deer killed by hunters

"I have found a Royal Road to washing"

"It's true—there may be no royal road to learning... but I've learned of a royal road to washing pleasure—my all-electric laundry. I used to dread washday... now all I do is place the clothes in my washer, add soap and turn a switch. As if by magic the clothes are washed, rinsed and wrung, even as I do some of the cleaning upstairs. That isn't all, though—the electric dryer damp-dries the clothes so that they are ready for ironing in about a half-hour. Then comes the real pleasure of washday—ironing with the electric ironer, with a real saving of time and effort. My electric laundry means a minimum of work... a maximum of time for other things."

Electric laundry equipment is not generally available for sale now. Some is being manufactured and distributed. It will be to your advantage to have your name on your electrical dealer's list, so that you will be able to get it at the earliest possible time.

The Roy Dancy Sunday School class will have a Christmas party in December at the home of Marjorie Reddeman at Oxbow Lake. The date will be announced later.

The dance in the school auditorium last Friday night sponsored by the Ladies' Auxiliary, was a grand success. They are planning to hold dances every two weeks throughout the winter. The proceeds will be used to build tennis courts. The next regular meeting will be on Tuesday evening, Nov. 20th, at 8 o'clock, at the school. There will be a paper demonstration at this meeting. Every member is asked to bring a friend.

Mrs. Ranson Robb and Mrs. Earl Grahl were hostesses at a pink and blue shower at the Robb home on Sashabaw road last Monday night honoring Mrs. Clayton

Purdy. The group of thirty-five had a good time playing bug and presenting Mrs. Purdy with a basket full of lovely gifts. Dainty refreshments were served.

MRS. MAUDE CARTER
Funeral services for Mrs. Maude Carter were held in Birmingham last Monday afternoon at 2 o'clock with burial in the Royal Oak cemetery.

Mrs. Carter passed away last Friday morning in the Community Hospital in Pontiac after a short illness. She was born in White Lake Township, Sept. 13, 1872.

In 1899 at Big Beaver, she was united in marriage to Cassius H. Carter, who preceded her in death. She lived in Birmingham for several years and for the past nine years made her home in Drayton Plains. She is survived by three sons, Linton, of Ferndale, Maurice, of Berkeley and Morgan of Lansing.

Adler Reports at First Hand From Poland

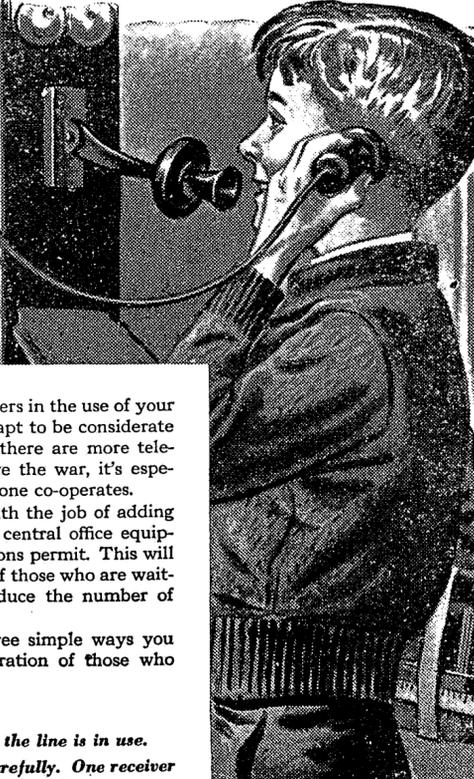

The story of Poland destroyed and rising again is the gist of Philip A. Adler's first hand reports.
Mr. Adler finds Warsaw 80% destroyed but not without hope; inflation rampant but being gradually brought under control.
He notes the strange contrasts of stores filled with articles not even to be seen in London and Paris, but not a vestige of transportation visible.
He tries to find old friends and finds them vanished without trace; whole streets and sections have disappeared and with them 12 millions of Poland's population.
You will want to read these articles for the eye-witness information they contain about what happened to Poland under the Nazis; what is happening today and what may be expected in the future, for as Mr. Adler points out, on Poland depends the peace and welfare of all Central Europe.

IT PAYS TO BE A GOOD RURAL LINE NEIGHBOR

If you're considerate of others in the use of your telephone, they'll be more apt to be considerate of you. And today, when there are more telephones per line than before the war, it's especially important that everyone co-operates.
We intend to proceed with the job of adding more rural lines and more central office equipment just as fast as conditions permit. This will enable us to fill the orders of those who are waiting for telephones and reduce the number of telephones per line.
Meanwhile, here are three simple ways you can show friendly consideration of those who share your telephone line:

1. Keep all calls short.
2. Avoid interrupting when the line is in use.
3. Hang up your receiver carefully. One receiver off the hook can tie up a whole line.

Women's place—on the payroll? All industry apparently wants her on the job, but Clare Boothe Luce, Congresswoman from Connecticut, believes the family woman shouldn't have to work because of economic pressure, and tells why in The American Weekly, the magazine distributed with next
