CLARKSTON, MICHIGAN, FRIDAY, JANUARY 11, 1946

NUMBER 19

## Your Help Needed In Clothing Drive

More than 90,000,000 Americans have been mobilized in cities, towns and villages throughout the nation to help war sufferers overseas and Clarkston and vicinity is included in the list of villages. Mrs. George A. Perry is the chairman here.

Serviceable, used garments for infants, children, men and women besides shoes, rubbers, overshoes and bedding, are needed badly in bombed-out lands. These gifts will show that Americans have not forgotten the sacrifices of our allies and their tragic plight even after victory has been won. These gifts will help to free the world peace.

Words are not enough, but friendly messages along with the clothing gifts, can ease troubled spirits, revive hope and build good will. So, each donor is urged to write a note to the unknown sufferer overseas who will receive the gift and to attach this note to the garment.

As typical of the heartbreaking appeals for clothing needed overseas, Mr. Kaiser, national chairman of the clothing collection, quoted a letter sent to him by Miss Clementine Miller, adviser of the International Division of Girl Scouts. The letter written by a member of a well-known literary family in France, reads:

"The nicest thing you could do would be to send me all the old clothes you can spare as I know how to sew for myself and daughter. I can use any dress—evening or daytime—and make new ones from it. With felt hats, I can make house slippers. The men are always the most unfortunate and I assure you that the suits your father or brother no longer wear would give us great service. This is to say the lack of cloth of any kind is simply frightful.

"If you have old shoes, they would give us great service because we are walking about in wooden shoes and they are terribly tiring and bruise and rub our feet.

"Winter clothes are what we need the most, anything warm. Woolen socks, if you have them—warm coats—ours are almost in rags, but we still wear them. As I am allowed to burn only one stick of wood each evening at 5:00 o'clock, you can understand that we are freezing in our tracks! What a nightmare is a winter without a fire! Even hanger, with which we are too well acquainted, is nothing in comparison to the cold."

Mrs. Perry, local chairman, is anxious to make the bundles from Clarkston count. A donation from every home in the district would help. When you have your donation ready you are asked to call anyone of the following, preferably the person nearest you: Mrs. Howard Johnson, phone 4831; Mrs. Robert Jones, phone 3551; Mrs. Ralph Marshall, phone 5471 or Mrs. George Perry, phone 4977. Make an effort to have your donation in by January 26th in order to give the committee time to pack and ship to headquarters by January 31st.

A few suggestions as to what is needed—coats, suits, skirts, dresses, shirts, sweaters, underwear, shoes, rubbers, overshoes, pajamas, nightgowns, blankets, bedding, piece goods or remnants. All articles must be clean and usable.

Mrs. Richard Bullen and son, Tommy, have gone to Boynton, Fla., to visit for a short time with her mother, Mrs. George D. King.

The last in the series of mission talks at the Clarkston Baptist church will be heard tonight at 7:30 when the Rev. J. H. Cook, the general secretary for the Evangelical Union of South America, will show pictures and tell of his work there. The talks, so far, have taken the folks of Clarkston into the mission fields in far away lands and have helped to make them realize that more of this work must go on if we are to live in a world of peace. Rev. Cook will have many interesting things to tell about our South American neighbors. Everyone is invited to attend.

Upon arriving the class sat in on a Civil case, which the class called the "Apple Case." The judge on this case was Judge Hartrick of the Civil Court. Then the class went into the Circuit Court Room. There they listened to a Criminal case. The Judge on this case was Judge Doty. The assistant prosecuting attorney was the well known Harvey Lodge. While waiting for the jury to return with the verdict the Court heard a divorce case.

## ELEMENTARY LIBRARY

The elementary library is a much appreciated addition to our school. Grade children look forward eagerly to Wednesday afternoon when they go in small groups to the library to choose new books. They are taking excellent care of them and very few fail to get volumes back in time to have another. Over 90 percent of the students in grade 2 through 6 are borrowing books regularly. This is a valuable help to the school reading program.

Sixth graders are assisting each week in the library. They check in all books and return them to the proper shelves so when the P. T. A. librarian arrives at one o'clock everything is in order. In performing this task they are learning library methods and becoming familiar with many new books.

Mrs. Viet.

The people of Clarkston and vicinity have again shown their generosity by going "over the top" for the 6th annual Goodwill paper sale sponsored by the Rotary Club last month with total sales amounting to \$324.30.

The proceeds from this sale have in the past been used only to cover the expense of the annual children's Christmas party. The total expense of the Christmas party was \$204.30, used as follows: \$91.80 for over 300 bags of candy, nuts, etc.; \$20.60 for flowers for the sick and shut-ins; \$30.00 for baskets of food; \$19.50 for 650 copies of special Goodwill edition of The Clarkston News and \$42.40 for the tree, lighting, decorations, etc.

# A "Look at the Books" OR "A Finger in the Pie"?

Which is the UAW-CIO really after? Is it seeking facts—or new economic power? Does it want to know things—or run things?

These questions concern you as well as General Motors.

For years the facts about General Motors have been made public.

In spite of this, the UAW-CIO demands a chance to look at our books, with the hint that we could meet Union demands "if the truth were really known."

We have firmly declined to recognize this as a basis for bargaining:

- 1. The Full Facts are Published**  
 How much General Motors takes in each year—how much it pays employees—how much it pays to stockholders—how much it pays in taxes—how much net profit we make—and many other facts are plainly stated in annual reports and quarterly reports.  
 These are broadcast to 425,000 stockholders from coast to coast—sent to newspapers and libraries. Additional copies are free for the asking.
- 2. All Figures are Thoroughly Checked**  
 Every General Motors annual statement is audited by outside auditors. Similar figures are filed with the Securities & Exchange Commission.  
 Does the UAW-CIO honestly believe that General Motors would or could deceive these experts?
- 3. Basis of Collective Bargaining is Defined**  
 The Wagner Act lays down the rules for collective bargaining. These cover such areas as rates of pay, hours of work, working conditions.  
 No mention is made of earnings, prices, sales volume, taxes and the like. These are recognized as the problems of management.

- 4. Something New has been Added**  
 The obvious fact is that the UAW-CIO has gone beyond its rights under the law—and is reaching not for information but for new power—not for a look at past figures, but for the power to sit in on forecasting and planning the future.  
 A "look at the books" is a clever catch phrase intended as an opening wedge whereby Unions hope to pry their way into the whole field of management.  
 It leads surely to the day when Union bosses, under threat of strike, will demand the right to tell what we can make, when we can make it, where we can make it, and how much we must charge you—all with an eye on what labor can take out of the business, rather than on the value that goes into the product.
- 5. This Threatens All Business**  
 If the Union can do this in the case of General Motors, it can do it to every business in this land of ours.  
 Is this just imagination? Union spokesmen have said, "The Union has stated time after time that this issue is bigger than just an ordinary wage argument, that it is bigger than the Corporation and bigger than the Union."  
 For Labor Unions to use the monopolistic power of their vast membership to extend the scope of wage negotiations to include more than wages, hours and working conditions is the first step toward handing the management of business over to the Union bosses.  
 We therefore reject the idea of a "look at the books" not because we have anything to hide but because the idea itself hides a threat to GM, to all business, and to you, the public.

cy in charge. A musical program was presented by James Vander-sall, Mrs. Milton Reddeman and daughter, Marjorie, and Ross Barber.

The choir and their families enjoyed a cooperative dinner on Thursday evening, January 3 at the United Presbyterian church. After dinner a miscellaneous shower of gifts were presented

to Miss LeEta Wilson, who will become the bride of Gus Criswell of Flint on Saturday, Jan. 26. The choir later held a business meeting and practice. Officers were elected for the year as follows: president, Mrs. Floyd Wilson; vice president, Mrs. Grace Reddeman; secretary and treasurer, Mrs. Ransom Robb; librarian, Mr. Kirby Milleur and chairman of courtesy committee, Mrs. Cecil Morrow. The Drayton Clinic is being remodeled so as to give Dr. Hill, D. D. S., more room in his office. Dr. Richard Hill has been discharged from the navy, and he and his wife are back in their home at Watkins Lake which has been occupied by Mrs. Hill's uncle and aunt, Dr. and Mrs. Eugene Church, who have now gone to their home in Florida to spend the rest of the winter. Dr. Hill will open his office February 1.

Donald Dancy, F2c, has been home on leave this week. He spent Tuesday and Wednesday visiting his cousin, Albert Gardner, of Crosswell.

Mr. and Mrs. Jack Bibber had a surprise visit from Mrs. Bibber's brother and wife, Mr. and Mrs. Russel Caverly of Flint and her mother, Mrs. Blanche Caverly of Clio. They hadn't seen each other for some time due to Mr. Caverly being in the service.

Mrs. Forest Ogg of Elizabeth Lake, Mrs. Harold Sturgis and

small daughter of Pontiac, were callers on Saturday; Mr. and Mrs. Roy Tewilliger of Birmingham were callers on Sunday and Mr. and Mrs. Fred Clemons were callers on Monday of Mrs. Martha Tewilliger who is quite ill at hre home.

Leon Griffen has been discharged and is home with his parents, Mr. and Mrs. Vern Griffen and wife, Eleanor.

Mr. and Mrs. Frank Jones of Sashabaw Road, announce the engagement of their daughter, Katherine, to Joseph Kelly, son of Mrs. Enola M. Kelly of Cheeseman St. No wedding plans have been announced. Tech. Sgt. Kelly was recently discharged from the U. S. Army.

**Community Activities**

Don't forget that we have a library with a large supply of good reading which is for your convenience and pleasure. Anyone having good books to dispose of may feel free to turn them in to the library and they will be taken care of by the ladies on Wednesday afternoon so that they will appear on the shelves before too many days. Women wanting to help in this work may feel free to come to the library any Wednesday afternoon between 1:00 and 4:00. Persons wishing to serve as volunteer librarians during library hours should contact Mrs. O. L. Siegman.

The pinocle and 500 games are again on schedule. The Boy Scouts and Rotarians are also meeting here again, after the Christmas holidays.

The Ladies Guild of Christ Lutheran Church gathered at the Club House last Wednesday afternoon for a pot-luck luncheon with Mrs. August Jacober and Mrs. Joseph Helman as hostesses. There were 14 members and 5 guests present. Two guests, Mrs.

Richard King and Mrs. Earl Wilcox joined the Guild. The Rev. Philip A. Jordan conducted the business meeting in the absence of Mrs. James Lambert. Mrs. Lloyd Gidley, Mrs. P. L. McLaughlin and Mrs. Ben Robinson were named as the nominating committee for the election of officers to take place at the next meeting.

The February welcoming committee for the Sunday morning Church services will be Mrs. August Jacober and Mrs. Ben Robinson. Those in charge of the nursery on Sunday morning during the month of January will be Mrs. Emery Beedle, Mrs. Richard King, Mrs. Carl Zander, Mrs. L. Gidley and Mrs. Earl Wilcox in the order named.

The February hostesses will be Mrs. Clara Wiles, Mrs. Walter Schmuck, and Mrs. Earl Wilcox. Plans have been made for a series of Silver Teas with the first one being at the home of Mrs. Jacober on January 31 and the second at the home of Mrs. King on February 14. Mrs. Robinson and Mrs. Schmuck will also have Teas in their homes in the near future.

There will be a "Family Night" at the Club House on February 26, which will include a pot-luck supper and a program. Rev. Jordan will arrange the program. This group is sponsoring the ingathering of clothing for the destitute in Europe. The committee in charge of this is Mrs. Helman, Mrs. Jordan and Mrs. Wilcox. All articles should be useable, clean and mended. Clothing is needed for men, women and children. Articles needed are layettes, underwear, stockings, socks, pajamas, shirts, dresses, jackets, suits, overcoats, sweaters, blankets, sheets, towels, wash cloths, fabrics, knitting goods and mending materials. Persons having any of these articles may bring them to the Club

House when attending any activity there and someone will take care of it.

The people in war torn Europe need these things very badly. It is felt that ninety percent of the babies born in Germany during the next few months will die of malnutrition. Let's do our part to help keep the living a little more comfortable.

**THERE ISN'T ALWAYS ROOM FOR ONE MORE**

Abdul doesn't know that a straw too many can break the camel's back. And many people don't know that one appliance too many on a circuit is the cause of that troublesome blown fuse. Many people are accustomed to inadequate wiring. But overloaded circuits are not your only handicap to home happiness if you have inadequate wiring. It means, too, improper distribution of outlets—not having the electric rstraster where you want it because there's no outlet convenient, or it means that Dad can't use that electric shaver where he wants it. Don't think "there's always room for one more." Don't be like Abdul. Adequate wiring means a home for you "as good as new"—good enough to use every new appliance you'll want in your home. And, of course, if your plans for tomorrow include a brand-new home, adequate wiring is an "A-1" item to check in plans and specifications.

This is one of a series of advertisements prepared in the interest of the electrical contractors in your area to insure adequate wiring for every home. When you build or remodel, be sure your home is properly wired.

**THE OLD JUDGE SAYS...**

**HARRY:** "I don't know what they'll weigh up, Judge, but my cattle and poultry sure have been gettin' fatter since I started to use distillers' dried grains in their ration."  
**OLD JUDGE:** "You're about the tenth one who has told me that, Harry. How do you account for it?"  
**HARRY:** "The by-product recovered from grains used by distillers is very high in vitamin and protein content. It's the best feed supplement we can get to balance the rations we feed our dairy cows, livestock and poultry. Mixed with original grain, these dis-

stillers' dried grains have a much greater feeding value than the original grain has."  
**OLD JUDGE:** "Have any trouble getting all you need?"  
**HARRY:** "Yes, at times, even though the distillers produced 1,200,000,000 pounds of it for the year endin' last June. I hope they'll be in a position to produce a lot more next year."  
**OLD JUDGE:** "Then I guess nobody can tell you grain is wasted in distilling."  
**HARRY:** "Not me, Judge... I know."

ery Beedle as a member of the Board of Directors.  
 Dr. J. A. Dunn, directors of the technical division of the Diamond Crystal Salt Co., St. Clair, Mich., was the speaker of the day. In his talk on salt and its more than 15,000 uses. Dr. Dunn asserted that salt is one of the most important elements in the production and manufacture of most of the things we use in our daily life and certainly human existence without it would be impossible as approximately 1 lb. per month is necessary to maintain normal body activities. He further stated that the saline condition of the human body is most nearly uniform in all persons. The medical profession suggested the use of iodine in salt as a remedy for goiter in the State of Michigan. Iodine is now being added by most of the salt companies without any added cost to the public.

Among the guests were Charles Robinson, Clarkston Rotarian; George D. King of Clarkston, a member of the Boynton, Florida, club; Sheldon E. Baker, T/5, who has been recently discharged from service; Dr. Richard D. Hills, of Drayton Plains and Carlos G. Richardson of Waterford township.
