Band and Chorus Heard Wednesday

On Wednesday night a good crowd attended the musical treat in the school auditorium when the High School Band and Chorus joying a short leave at his home were presented by their director, Harold F. Lamb.

The first part of the program consisted of four numbers by the chorus and one by a girl's quartet. The harmony throughout was everything to be desired and the ready response the director recived was marvelous.

While the band was assembling for the second part of the program, Mr. Lamb and Don Smith played a trombone number that was well received. Lewis Masters played the piano accompaniment. As always, the crowd was delighted with the band numbers. Some were stirring marches and others were some of the old favorites, as "Gems of Stephen Foster." In "The Wanderer," by Harlow, Don smith played the trombone solo and his performance was excellent.

Because of the absence of Basil Ash, the band's snare drummer, Wallace Earl of Waterford handled the sticks and although he had had very little practice, if any, with the band, he didn't of being in quarantine with scarwaste any time and played his let fever. He looks and feels fine part so well that the other band now. members were really proud of him.

Mr. Lamb should be congratulated. Such a concert certainly took a great deal of time and patience. This performance is one of the outstanding events of the school year.

Obituaries

Frank Rahn Frank Rahn of 12071 Big Lake ruad, passed away suddenly of a attack on Monday.

rie was born in Detroit October 1893, the son of Bernhardt and ma Rahn. He attended the Dewort public schools and came here _pout 12 years ago. Being a vetsich of World War I, he was a member of the Beaudry Post of the American Legion in Detroit, and also of the Veterans of Foreign Wars. He was a member of

THERE <u>ISN'T</u> ALWAYS ROOM FOR ONE MORE

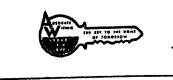

THE DETROIT EDISON CO.

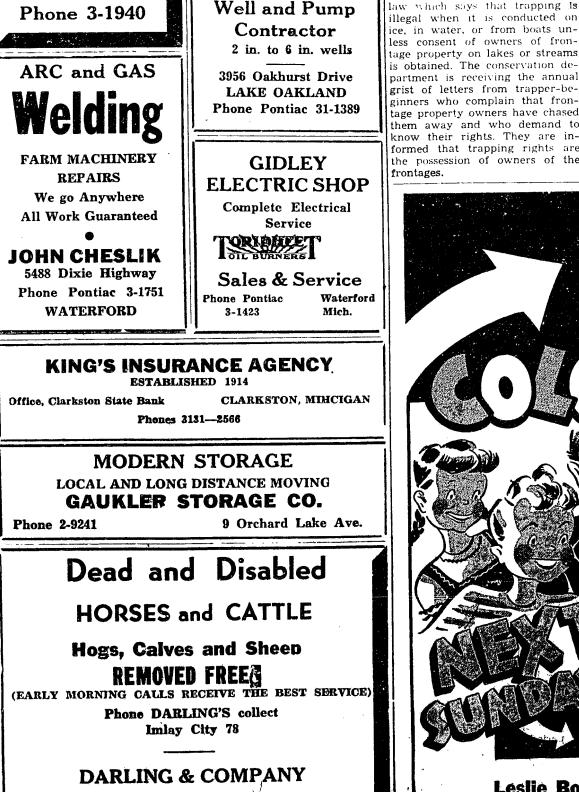

Dad found this out when he tried to flag a bus during yesterday evening's rush hour. Mother discovered the same thing when she plugged in her electric waffle iron, and blew a fuse. And Junior has noticed that his electric train won't pull as many cars when Sis is ironing. No, there isn't always room for one more, particularly when it comes to adding new and wonderful electrical appliances to an obsolete house-wiring system. Almost any of the older homes of today are likely to have too few electrical circuits to carry the many electrical appliances needed in today's living. Your home can be as adequately wired as a new housethe cost is small compared with the comfort and convenience you will enjoy. Then, too-if you are planning a new home, be sure it has plenty of outlets, conveniently located, and served by enough circuits properly distributed.

This is one of a series of advertisements prepared in the interest of the electrical contractors in your area to insure adequate wiring for every home. When you build or remodel, be sure your home

is properly wired.

To visit family and friends-

Harris Charles Constant

GO SOON-AND SAVE AS YOU GO GREYHOUND

Right now is the best time of the year to give yourself a well-earned, muchneeded vacation --- for many reasons.

It's the least crowded time of the whole year for transportation, with more room on Greyhound buses bound for almost any part of the U.S.A. or Canada.

A vacation is most welcome of all in midwinter --- when you really need respite from cold weather monotony and the strains of four war years!

Your winter trip to the sunny South or West - to friends or family in nearby towns ---- to popular snow-sport resorts --- will be warm and comfortable aboard a Greyhound highway coach. Fares, as always, are lowest for any type of transportation. Go soon and go Greyhound - for a pleasant, relaxing winter trip.

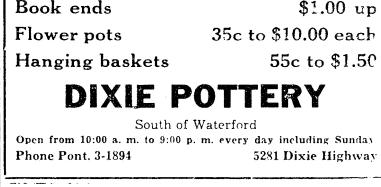

IT'S STILL WISE TO PLAN AHEAD:

• Get tickets and information well in advance

• Travel in midweek when possible
