Waterford

Those assisting Mrs. William Stockford in district three on the Red Cross Roll Call are Mrs. Jack Hall, Mrs. Louis Hillman, Mrs. Arthur Haynes, Mrs. Leslie Fitzgerald, Mrs. Eugene Cleland, and Mrs. Fred Olson.

Mr. and Mrs. Arnold Hardley and family spent the weekend in northern Michigan. Lieut. Norman Hallead and Mrs. Hallead of Detroit were guests at the home of Mr. and Mrs. Frank Schultz on Thursday.

Mrs. Charles Van Plew of Chicago returned home this week having spent the past ten days at the home of her son, Rev. Wright Van Plew.

Mrs. Drayer is confined to her home on Andersonville road with illness. Mrs. Lyman Girst, Jr., is ill with the flu.

Mrs. Bruce Witherspoon had as her guests on Thursday, her mother and sister from Pontiac. Mrs. Wright Van Plew and infant son, David Charles, returned home from Pontiac General hospital on Sunday.

H. B. Mehlberg made a business trip to Lansing on Saturday. Mr. and Mrs. Thomas Darling and son have returned from Colorado and have purchased the Lakeside Grocery at Williams Lake.

Mr. and Mrs. William Poland and daughter, Jean, of Detroit, were weekend guests of Mrs. Henry Buck and family. On Friday evening the Building Committee of the Community church met at the home of Frank Schultz.

Mrs. J. Wallace Jacober of Chicago is a house guest of Mrs. Percy Hunt in Pontiac. Mrs. Jacober is a former Waterford resident.

About 50 attended the spring tea given by the Ladies Auxiliary in the Community church on Thursday afternoon. The program under the direction of Mrs. Ernest Stevens and Mrs. E. D. Spooner consisted of two piano selections by Michael Siegman; a discourse on her experiences while a nurse in the E. T. O. by Lieut. Norma Hallead. Miss Rosamund Haeblerle accompanied the trio in two vocal selections. Those taking part in the trio were Norma Shelton, Joan Kray, Virginia Sanford, Marlene Maddison, Gertrude Hall, Mary Secan, Mildred Tribble, Joyce Crothers and Muriel Sanderson. Mrs. James Sutton gave a review of "The Farmer Takes a Wife."

A St. Patrick's Day motif was carried out in the decorating. Mrs. Margaret Wignall and Mrs. Emaline Hurd poured. The proceeds, \$19.00, was added to the decorating fund. This meeting will take the place of the regular March meeting. The April meeting will be at the home of Mrs. James Saylor with Mrs. L. Dorman assisting.

Pvt. Howard Steele, son of Mr. and Mrs. William Thomas, is now at Camp Pickett, Va., awaiting transfer overseas. William Thomas underwent an operation at the New Grace hospital in Detroit last Saturday. He is now at his home and although he has to make trips to Detroit every day for treatments, he hopes to be feeling much better soon.

On Thursday night the Mission board of the Community church attended the first meeting of the H-Way By-Way Christian Crusade at the First Baptist church in Pontiac. Those from here who took part were Rev. Wright Van Plew, president; Donald Hetchler, Secretary; and Arnold Hardley, board member. This Christian work is under the direction of Rev. Nelson Kring.

Mrs. Agnes Flickinger entertained in honor of Alice Mitchell with a bridal shower on Monday evening at her home. There were fifteen guests present. 50-50 was

played during the evening after which refreshments were served. Miss Mitchell will become the bride of Jerry Shell of Drayton Plains in the spring. Miss Lucy Shepherd spent the weekend at Standish. Charles Harris went to Lansing on Thursday.

Donald Beedle has been promoted to the rank of Corporal. He is stationed at Fort Knox, Ky. Mr. and Mrs. Thomas Corbin and family, who spent the past several weeks in California and Arizona, returned home on Monday of this week.

Mrs. John Miller is confined to her home with illness. William Pelton is a patient in St. Joseph Mercy hospital in Pontiac. On Wednesday the MOMS will meet at 2 p. m. at the home of Mrs. Kenneth McVittie.

Mr. and Mrs. David Mehlberg were guests at the home of Mr. and Mrs. William Pratt in Detroit on Tuesday evening. David Mepham Jr. has received his discharge from the Navy and returned home on Sunday.

Mr. and Mrs. Floyd Burt of Ortonville who have been vacationing in Florida, called at the Cameron Coventry home enroute to their home on Tuesday evening. Mrs. David Mehlberg spent Wednesday in Auburn Heights as guest of Mrs. George Granger.

15 members of the Adult Bible Class of the Community church met at the home of Mr. and Mrs. H. B. Mehlberg on Tuesday evening for their regular monthly meeting and Bible study. Mrs. Ernest Stevens had charge of the meeting and Charles Maxwell gave the lesson on "The Power of Jesus."

Mrs. William Stockford, chairman of the Waterford Village district Red Cross roll call, has announced the following assistants: Mrs. Jack Hall, Mrs. Louis Hillman, Mrs. Arthur Haynes, Mrs. Leslie Fitzgerald, Mrs. Eugene Cleland and Mrs. Fred Olson. An "Old Erin Frolic," sponsored by the P. T. A. will be held at the village school tonight at 7:30. Games, dancing, cards, movies, a cake walk and a spell down will provide entertainment. Those attending are asked to bring sandwiches for their own group, also sugar for coffee. Children must be accompanied by their parents.

Community Activities

Library open at 8:00 Friday evening.
 Community party at 8:30 Friday evening.
 Lutheran Instruction Class at 9:30 Saturday morning.
 Catholic Instruction Class at 10:00 Saturday morning.
 Library open at 9:00 Saturday evening.
 Modern and old-time dancing at 9:00 Saturday evening.
 Catholic mass at 8:15 Sunday morning.
 Lutheran Sunday School at 9:45 Sunday morning.
 Lutheran services at 11:00 Sunday morning.
 Library open between 3:30 and 4:30 Monday afternoon.
 Girl Scout Leaders meeting at 7:30 Monday evening.
 Pinochle played at 8:00 Monday evening.
 Library open at 6:00 Monday evening.
 Waterford-Drayton Rotary Rotary meeting at noon on Tuesday.
 Boy Scout meeting at 7:15 Tuesday evening.
 Library open between 7:00 and 9:00 Tuesday evening.
 Lenten services at 7:30 Tuesday evening.
 American Legion meeting at 8 Tuesday evening.
 Library work period between 1:00 and 4:00 Wednesday afternoon.
 Youth meeting between 7:00 and 9:00 Wednesday evening.
 Woman's Club at 8:00 Thursday evening.

The Lutheran services being conducted each Tuesday evening by the Christ Lutheran Church begin at 7:30 with an invitation extended to all in the community. The Rev. Milton Lundahl of St. John's Lutheran church in Pontiac will be the speaker next Tuesday evening. The theme for the Tuesday evening services are "The Cross in the Center."

The monthly "get together" of the Waterford Township American Legion Post will be held at 8:00 Tuesday evening with Dr. M. E. Siple, director of the Oakland County Veteran's Council, will speak on hospitalization and rehabilitation. This is an open meeting with an invitation extended to all wishing to attend. Refreshments will be served.

The Boy Scouts are urged to work on requirements for passing tests and to meet with leader Carl Putnam in the Club room each Tuesday evening at 7:15. The Woman's Club will meet with Mrs. Minnie Crothers, Mrs. James Amos, Mrs. George Kimball, Jr., and Mrs. Ida Beattie at

8:00 Thursday evening. Women members of Community Activities are especially invited to attend these monthly meetings. The Community library has purchased several new books and include some very new ones. Some of the new ones are "Papa Went To Congress," by Horan; "17th Summer," by Daly; "Rabbit Hill," by Lawson, this book is outstanding for juvenile reading and won a medal in 1944; "Augustus," by Bishop; "Paul Bunyan," by Stevens; "Bookie of the Year," by Tunis; "McGraw of the Giants," by Graham; "Mary Poppins Comes Back," by Travers; "Within the Circle," by Stefansson; "Copper Toed Boots," by De-Angeli; and "Paddie to the Sea." By Holling.

There are lots and lots of good books at the library so don't hesitate to come over and find something to read. A group met at the Club House Tuesday evening and enjoyed an old-time dance and plan to meet again in April for another good time. Couples are invited to come and bring another couple.

Nearly one hundred persons attended the first Lenten Service conducted by Christ Lutheran Church Tuesday evening. The service included Holy Communion. Mrs. Leon Wilcox returned home Monday night from Ford Hospital after having been there several weeks. While there she underwent a major operation.

Drayton Plains

The largest gathering of young people ever to assemble in Michigan is expected at the Olympia in Detroit on Saturday evening, when there will be another great "Youth for Christ Rally." All young people of this community are invited to go.

The Pearl Sutton Missionary Society will attend the Lenten Service, in a body, on Tuesday evening, March 19, and then to the home of Mrs. Ance Criswell for the business meeting and refreshments. Election of officers will also be in order.

Miss Mary Jean Schoenhals was honored on her birthday, Saturday, March 9, with a party given at her home on Seeley Court, by her mother, Mrs. C. H. Schoenhals. Guests included Connie Shell, Betty Joan Clark, Carolyn Williams, Margaret Weston and Karen Morgan.

Mr. and Mrs. Rollin Bird spent the weekend in Holly visiting relatives. Wallace Bailey and Bud Worden spent the weekend as guests of Mr. and Mrs. Clarence Bowser, of Pontiac.

Mr. and Mrs. Ance Criswell spent the weekend in Flint as guests of Mr. Criswell's uncle and aunt, Mr. and Mrs. Russell Criswell. Mrs. Etta Curtis accompanied by her sisters, Mrs. Lizzie Laur of Caro and Mrs. Rosie Teets of Decker, have returned after spending several weeks in Saskatoon, Canada visiting their brother and sister-in-law, Mr. and Mrs. Arthur Earl, whom they hadn't seen for several years.

Charles Jankowski, Phml/c, has been discharged and is home after serving three years in the U. S. Navy.

EAT MORE POTATOES. ADVISES SPECIALIST
 Eating potatoes three times a day, as our colonial ancestors did, is a sensible practice. So believes Mary Woodward, county home demonstration agent. Actually the potato is a prize package. It is jammed full of Vitamin C, and is the most inexpensive Michigan source of this important vitamin. It also contains certain vitamin B qualities and some iron.

Now that the fruit supply is short, many families are without canned tomatoes, and the supply of stored vegetables is running short, why not eat more potatoes. By itself, the potato is not the calorie-carrier that the dieting lady imagines. An apple or a banana has about the same number of calories. It is what most of us add to potatoes that puts on the extra pounds.

But potatoes are tricky. They hold their vitamins better when boiled in their skins and served steaming hot. They shouldn't be peeled a long time before using, and if they must be kept in water, salt should be added.

Wild geese usually appear in Michigan with the first February thaws. During late March and well into April, thousands of geese rest and feed in the Kalamazoo, Allegan and Saginaw regions.

The first Lake Superior iron ore reached New England mills in 1873. Michigan's ore built the railroads, and the locomotives that hauled the trains.

Fifty-five counties of Michigan's southern peninsula cover more than 32,687 square miles of salt deposits. These deposits are estimated to contain probably 3269 cubic miles of salt.

Have you ever seen a Brave Man Cry?

IT HAPPENED somewhere in the Pacific. The boys of the 5th Air Force were "occupying" a God-forsaken jungle island which had been taken from the Japs. The heat, and the bugs, and the dirt were unbearable. The loneliness was almost beyond belief. Then—on a sweltering airstrip one morning a plane came down out of the sky. And out of it came two Red Cross girls, American girls. "Hi there, Soldiers!" Their voices were like magic. American girls, like the sisters and sweethearts they hadn't seen for so many long months—greeting them as they'd been greeted so often in the old, happy days at home. Yes, tears filled the eyes of more than one of those fighting men. Brave men they were, crying and smiling!

Many thousands of our men are still overseas. They're lonely. They're homesick. They need your Red Cross now. And Red Cross men and women are at their side. But only you can keep them there. Through your contributions you make it possible for the Red Cross to see them through. Give today!

YOUR Red Cross MUST CARRY ON ...

GIVE!

Certified Potato Seed Supply Is Limited

Oakland potato growers seeking greater acre-yields and better quality should consider planting Michigan certified seed, suggests Karl D. Bailey, county agricultural agent.

Because the supply of such certified seed is limited, growers should place their orders with lo-

cal farm bureau stores and seed dealers as soon as possible. By buying the seed locally, the orders can be pooled and the seed delivered in truck or carload lots at a saving to the grower. A list of sources of Michigan-certified seed potatoes can be obtained from the county extension office or the Farm Crops department, Michigan State college, East Lansing.

According to H. C. Moore, potato specialist, many growers have

seed potatoes seriously affected with the late blight which usually results in poor stands and low yields. Michigan-certified seed, which is grown in 40 counties in the state under the inspection of the Michigan Crop Improvement association, is relatively free from disease and comes from healthy, vigorous fields that were planted from hill-selected stock.

Russet Rural is the variety most generally grown in Michigan. It is a very satisfactory late variety for most sections of the state. The variety withstands heat and drought, has excellent keeping qualities, and is often preferred by manufacturers of potato chips. Other late varieties are White Rural, Sebago, Menominee and the Green Mountain. Except for its white skin, the White Rural is similar to Russet Rural. Sebago and Menominee are white skin varieties that have much resistance to scab and late blight. The Menominee is a relatively new variety introduced by the Michigan State college Agricultural experiment station. It is proving to be popular with growers whose soils are badly infested with potato scab. The Green Mountain is an old variety of excellent quality and is extensively grown in the Lake Superior region.

The Chippewa, a medium early sort, has excellent market qualities and is becoming a leading variety in Michigan. Pontiac is another red potato of medium

lateness. Many growers like it for its quick, vigorous growth, high yield, and generally satisfactory market qualities.

Noted Observatory In Oakland County

The McMath-Hulbert Observatory of the University of Michigan, which recently was awarded a Naval Ordinance award for its part in the development of a Naval optical bombsight, is one of the largest and best equipped solar observatories in the world. Founded in 1930 by the late Francis C. McMath and his son and present director, Robert R. McMath, and Judge Henry S. Hulbert, the observatory specializes

in making motion pictures of the sun. It is from the pictures and not through personal observation that actual study of the sun is made, Dr. McMath said.

The Observatory is the only one in the world, he stated, that is able to make three dimensional recordings of space motions in solar gases. The director said this was done through use of a specially designed instrument which records gas motions along the line of sight simultaneously with ordinary two dimensional photographs.

Located at Lake Angelus, near Pontiac, the Observatory, which manufactures all its own instruments in its own workshop except lenses, includes in its equipment 10 and one-half and 24 inch reflecting telescopes and 50 foot and 70 foot tower telescopes. Each telescope is equipped with a spectrograph, one of which weighs 3 tons.

Studies of the sun at the Observatory can lead to new knowledge of fundamental atomic power for peaceful uses on earth. Dr. Leo Goldberg, research physicist and technical representative, indicated.

"The blast of an atomic bomb involves the conversion of but a few ounces of matter into energy," Dr. Goldberg said, "while the sun's energy is derived from the loss of over 4,000,000 tons of mass each second."

"An observer constantly examines the entire surface of the sun while pictures of one part of the celestial body are being taken," Dr. Orren C. Mohler, research associate, said. "This is done to make sure the cameras are trained on the most important activity occurring on the sun," he explained.

The Observatory is financed by private funds while the University has supplied the staff since 1939. The late Tracy W. McGregor and his trustees, McGregor Fund, have provided funds for the operation of the Observatory since 1934.

4-H Club News

New officers for Oakland Coun-

ty 4-H Club Council were elected on Tuesday, March 12th, at the regular meeting of this 4-H sponsored group. All officers were re-elected.

President, Mr. Karl Rhodes, of Pontiac; vice-president, Mr. Clare Fuller, of Oxford; and secretary, Mrs. Elwyn Younger, of Oxford.

The 4-H Council is composed of elected representatives from various township committees and a member of the Service Club.

The Township Committees throughout the County are an organized group of parents of 4-H Club members.

The discussion of the meeting centered on the need for building facilities that would be adequate for 4-H Service Club Achievements and shows. The Council drew up an estimate of immediate needs for presentation to the County extension Committee and a special committee headed by J. Foster of Route 4, Pontiac, was appointed to draw up plans for 1946 Club Exposition.

MORE SUGAR FOR CANNING IS REALIZED

Spare stamp no. 9 in War Ration Book Four and in the Sugar Ration book may be redeemed at the grocer for five pounds of sugar to be used only for home canning and preserving of fruits, fruit juices or vegetables for use, and for making products such as pickles, relishes, catsup, mince meat and for curing meat (for use). This stamp will be valid un-

til October 3, 1946.

A consumer who applied for and received an allotment of sugar in 1945 for producing products for sale may, prior to November 1, 1946, apply for an allotment of sugar to be used for canning fruits and fruit juices for sale, and for producing jams, jellies, preserves, marmalades or fruit butters for sale if the finished product is to be produced in a "Kitchen."

WOMEN TO THE TOP

BY GENE TUNNEY

The post war world will see many women rising to dominant positions in business, says the former heavyweight champ. Read in The American Weekly with this Sunday's (March 17) issue of The Detroit Sunday Times, how many women have already carved out spectacular careers. Get The Detroit Sunday Times this week and every week.

King Tut's Curse. Was there really a curse on those who entered the famous tomb of King Tutankhamen back in 1923, resulting in a series of so-called mysterious deaths? The first of 2 articles on this fascinating theory, beautifully illustrated in color, appears in The American Weekly, the magazine distributed with next week's Chicago Sunday Herald-American.

POWER and LIGHT

STRENGTH and VISION

For 43 years The Detroit Edison Company has loaded the life lines and the light lines of the communities it serves. Promptly and efficiently it has met the ever-growing demands and desires for the necessities and niceties of modern living.

The Detroit Edison Company has provided, and will provide, POWER and LIGHT, STRENGTH and VISION.

It has brought electricity to hundreds of thousands of families at a steadily decreasing price.

It has produced energy for the growing factories that have won an industrial empire for southeastern Michigan.

It met the challenge of war by pouring each day into the mammoth plants of the Arsenal of Democracy constant, unfaltering power equal to the combined strength of more than forty million men.

It is prepared today to meet the pent-up demands of peace and progress.

As a citizen of Michigan, The Detroit Edison Company looks now toward the future with confidence in the experience and knowledge of its engineers, in the energy and loyalty of its 8,000 employes, and in the ability and vision of its management.

The Detroit Edison Company enjoys the opportunities and obligations of citizenship. It is a "private citizen." It has consistently justified that citizenship, and the Company's vital place in the life of the communities it serves, by contributing its utmost to their upbuilding.

For, as a "citizen," The Detroit Edison Company does not regard its obligations as discharged with the manufacture and distribution of light, heat and power. This Company should be—and is—interested in all the things that affect the welfare of the 800,000 Michigan families which it serves.

It must be and IS interested in the broad sweep of all the things that are Michigan.

THE DETROIT EDISON COMPANY

What the TELEPHONE WAGE SETTLEMENT Means...

... TO THE PUBLIC

Recognizing their responsibility for maintaining a vital public service, both union and management representatives made concessions that averted a telephone strike recently. • Settlement means that the welfare and security of the public were not imperiled by a general curtailment of telephone service; that business and industry were not handicapped by a lack of communications in their efforts to regain full stride.

... TO THE EMPLOYEES

The settlement provides basic wage increases of \$5 to \$8 a week for non-supervisory male employees and \$5 to \$7 for non-supervisory female employees.

The increases boost Michigan Bell's hourly basic wage rates an average of 18%, or 17 cents an hour. • This is in line with the national pattern of recent wage increases in other industries, and is subject to governmental approval under the national wage stabilization program.

... TO THE COMPANY

These new wage adjustments, together with those granted recently to supervisory employees, will add about \$6,500,000 to Michigan Bell's annual payroll. • The settlement means that the Company can keep moving ahead with its big expansion and improvement program to the end that the kind of telephone service wanted can be provided when and where it is wanted. • With both employees and management pulling together, Michigan Bell looks forward to the busy months ahead with complete confidence.

MICHIGAN BELL TELEPHONE COMPANY

preparations have been under way and now, in the last week, the high school is fairly buzzing.
The theme of decoration is still a secret to most of the school and from what we can see, something pretty special has been worked out by Evelyn Sanford and her committee. The decorations were started months ago and have been successfully hidden away in the kitchen ever since.

Walt LaPlante, our talented dance band leader, has been in charge of securing the services of an orchestra for that important night and has done just that. We are going to have the pleasure of dancing to the music of "Dub" Masters and his Dixieland Band.
The Seniors welcome everyone in or out of school and we especially look forward to seeing all the townspeople out taking part in this annual occasion. The proud expression on the faces of our Seniors promises a gala time for all. Tickets will be a little higher if purchased at the door, so secure your ticket now from any senior or at O'Dell's Drug Store from Joyce Stitt.

So, young and old, come up to Clarkston High tonight and have yourself a time you won't forget. The affair is semi-formal and starts at 9 o'clock.

Bertie Lou Bachelor

HOMEMAKERS TO HAVE STYLE SHOW AND TEA
Friday, March 22, the members of the Homemaking Department will be hostesses at a style show and tea. Mothers of the girls will be honored guests, and any woman in the community is cordially invited to attend.

The girls will model the garments made in class during the past semester, and a movie, entitled "Thread of Fashion," will be shown. Punch and cookies will be served in the Home Ec. room following the showing.

GRADE NEWS
Grade children enjoyed their first pay-movie Monday morning. Five reels of varied subjects were shown. "Three Breezy Little Bears on a Farm," was the favorite.
More than 100 grade youngsters are buying milk regularly. Each Tuesday chocolate milk is a special treat.

The sixth grade divided into committees recently, and each committee prepared a report on a useful metal. Booklets, maps, stories, and exhibits covering 11 metals are now on display.
Every grade room is a member of the Junior Red Cross. The 1st, 3rd, 4th and 6th grades have 100 percent memberships.

In the Third Grade we have a "You May Touch" museum which has some interesting things in it. We have Chinese Chopsticks, Japanese shoes and a black bean from Panama among other things.
We have enjoyed reading about dogs in Social Studies and drew some dogs for our bulletin board.

The Fourth Graders have just completed a sandtable of the village of Egypt where Abdul and Zakiya live. After much discussion and planning it was decided to make the village of soap and so many days were spent in carving. There are several palm trees along the Nile River and scattered through the village. The pyramids at the edge of the desert and the many colorful people in the village all tend to make the scene very realistic.

The Fourth Graders are being measured this week to see how much they grow during the coming spring months.

We have a bird chart on the board. The child who sees the first new bird has his name after the name of the bird and the date when seen.

One of our Fifth Grade boys, Mike Thayer, is all swelled up with the mumps. We're all hoping that we won't join him in his misery. We miss him a lot and hope that he is back in school soon.

HIGHLIGHTS ON THE JUNIOR PLAY
Due to many events happening in Pontiac, the 22 of March, our Junior play date has been changed to Thursday, March 28. The time is the same, 8:00 p. m.

The cast has been practicing on the average of three times a week. Tickets will soon be on sale. You can get your advanced ticket from any junior.

If you attend this play you are guaranteed to enjoy every minute of it. There is action all the way through and you will be held in suspense until the last act. For a very enjoyable evening don't

forget to come to the Junior Play "Everybody's Crazy," March 28. "Ide"

New Flour Taste Will Be Agreeable

The present flour-buying spree is founded on the false idea that the new flour will be "queer," or will taste or look bad, says Mary Woodward, county home demonstration agent.

She believes that most everyone is going to be agreeably surprised to find that the new bread isn't "grey" or "dark" and is only slightly more creamy looking than the present standard white flour. As for taste, little difference can be noted, except possibly a more "wheaty" flavor. White cakes will look the same; yellow cakes may be somewhat different in color.

Along with the fine appearance and flavor of the new flour will go even higher food values if the present enrichment levels are continued.
The home baker will have little to worry about as far as her recipes for baking are concerned. Commercial recipes for bread and other baked products will not have to be changed by the bakers, and there is little indication that home recipes will have to receive any great alteration.

Set out both raspberries and strawberries as early in the spring as the ground can be worked. Above all, don't wait until hot, dry weather arrives. Prepare the soil thoroughly, and add manure or grow a green manure crop a year before planting.

Dorset and Fairfax are good home garden strawberry varieties because of their excellent flavor. Premier, Dunlap and Catskill are among the standard June-bearing commercial varieties. Gem, Wayzata and Mastodon are the best of everbearing or fall-bearing varieties.

Latham is the most popular red raspberry variety. Cuthbert is excellent for canning and home use. However, Cuthbert is less resistant to virus. Taylor is recommended both for home and market use, while Indian Summer is a good fall-bearing red variety. Cumberland is the leading black raspberry, and Sodus is considered the best purple variety.

Michigan Children Need Iodized Salt

Simple goiter is apparently increasing among school children because parents have not continued the use of iodized salt, according to a recent issue of Michigan Public Health, official publication of the Michigan Department of Health.

Dr. O. P. Kimball, who wrote the article, emphasizes that lack of iodine is the sole cause of simple goiter. The iodine content of Michigan soil and water is very low. Iodized salt, which supplies this nutritional deficiency, is an efficient and entirely safe way to prevent simple goiter.

Dr. Kimball took an active part in the campaign begun in 1924 to introduce iodized salt to every dinner table in Michigan. This program was sponsored by the Michigan Department of Health and the State Medical Society. At that time 39 of every 100 Michigan children had simple goiter. After 11 years of promoting the use of iodized salt another survey

showed that simple goiter occurred in 8 percent of children. Among those using iodized salt regularly, the incidence of goiter was only 2.9 percent. Throughout this re-survey not a child was found who showed the slightest ill effect from the use of iodized salt.

Although no recent survey has been made, Dr. Kimball reports that in examining school children during the past two years he has noted an increase in goiters. "In each case they definitely were not using iodized salt and had not for one or more years," he states. He quotes the salt producers as saying that the percentage of iodized salt consumed has gradually decreased during the past four or five years.

In following up cases of goiter Dr. Kimball found a few families who did not use iodized salt because of some prejudice, but "in the majority of cases they had just forgotten to demand it."

Grow Your Own Home Fruit Supply

For the home gardener who is looking for a reliable home produced fruit supply, strawberries and raspberries are the best bet.

R. E. Loree, assistant professor in horticulture at Michigan State college says that 25 to 50 strawberry plants, and a dozen to 25 raspberry plants will provide an abundance of fresh fruit for a family of four to five persons. Both can be set out in early spring.

Both strawberries and raspberries do well on many different types of soil, but produce best on fertile, well drained ground that receives plenty of moisture and contains lots of humus.

MICHIGAN BELL'S \$120,000,000 PROGRAM HAS MADE WORK FOR THOUSANDS

To supply service again when and where it is wanted, and to give you the quality of service you want in the future, Michigan Bell has under way a 5-year \$120,000,000 expansion and improvement program.

Thousands of workers are engaged in completing this huge project. They include not only our returning veterans, but hundreds of additional employees as well — bringing the total to the largest number in Michigan Bell's history. And the program means work for scores of other folks supplying materials and equipment, and doing skilled construction.

Money to finance this \$120,000,000 program must come from the savings of thrifty people who are willing to invest in Bell System securities. But if prospects for Telephone Company earnings are unattractive compared with those of other companies, those people will place their savings elsewhere.

The rate of Telephone Company earnings has been declining in recent years to a point where it is now substantially below the average of other industries. If this condition should continue for too long a time, our ability to raise the money required to meet expected telephone needs would be weakened.

The future quality of your telephone service depends on rates that will produce earnings attractive to investors. We believe our customers want good service, even if it costs a trifle more than inferior service.

Technical improvements in the past brought rates for good service down and have kept them down in the face of rising costs. As rapidly as future improvements will permit, we expect and want our rates to come down still further. For, Michigan Bell wants rates no higher — and no lower — than necessary to insure good telephone service.
