Feel like reading a good book? Come to the Community library and you'll be sure and find one. The library is open every day at some hour.

Over two hundred persons attended the services of Christ Lutheran Church on Easter Sunday. About 165 attended the program presented by the Sunday School in the evening. The church was beautifully decorated with plants brought in by those attending the services.

Drayton Plains

Rev. and Mrs. Philip A. Jordan of Seelye Drive, announce the birth of a son on April 17 at Pontiac General hospital.

Oakland Lake Home Extension held a special meeting recently on sugar rationing and house plants at the home of Mrs. Allen Cross. Luncheon was served at noon. This was the last business meeting of the year and a picnic was planned for the early part of the summer.

The P. T. A. of Drayton Plains is sponsoring an amateur show to be given in the school auditorium on April 26. There will be a matinee at 3:15 and another performance will be given at 8 o'clock in the evening. Students of the Drayton Plains school will take part and Cliff Schoenhals will be Master of Ceremonies. An applause meter will be used to determine the winners. Mrs. Charles Matson is chairman of the affair and prizes are donated by the town merchants. Tickets may be purchased from the students or at the door. The public is invited to attend.

CUBS ENJOY KITE CONTEST

The Cub Scouts of Drayton Plains held their regular monthly meeting Monday evening April 22.

Their theme was "Air" and a kite contest was held at the Waterford Township Park at Drayton Plains. Wayne Janks and Jerry Sutherland tied for first place with the highest flying kites. Dickie Baumgartner won 1st and Johnnie Boaz won second for the largest kite.

GOOD RECORDS ARE MEANT TO BE BEATEN

The infantile death rate in the United States is very low. From 1934 to 1936 we ranked seventh in the world, led only by New Zealand, Holland, Australia, Norway, Switzerland, and Sweden.

Yet 70,000 infants die annually in the first month of life, and 53,000 more from the second to the twelfth month. How many of these precious infants might have lived had their mothers had adequate prenatal care under the direction of a competent physician?

It is now up to the mothers to take advantage of the knowledge and skill of the physician during the trying months of pregnancy. We are ready to supply the needed dietary supplements and other medication ordered by your physician.

Gwen Dew RETURNS to Japan
Formerly a prisoner of the Japanese, Gwen Dew, Detroit News correspondent, returns to the Far East as a free American, to observe and report the new Japan for The News.
Miss Dew suffered the humiliation of seeing the American flag hauled down in defeat; today she proudly views the defeat of Japan.
Don't miss her vividly related articles.

When Will I Get My Refund Check?
"When will I get my refund check?" is a common and natural question being asked these days by many Detroit Edison customers. Since the first of February, refund checks have been going out at the rate of 11,000 a day. However, they are not being mailed according to your name or street address, but are being sent out according to our meter reading schedule. Thus it is entirely possible that some of your friends may already have received their checks, while others who live on the same street, or have the same initial, may not have received theirs.
The only thing you have to do to assure receipt of your refund check is to make sure that the Company has your forwarding address if you have moved since January 1, 1944, or expect to move before June 20, 1946. If you have used service at two or more locations during the refund period, these checks will be mailed at different times. Separate checks are issued for each address. Every effort is being made to assure the earliest possible delivery of all the 1,150,000 refund checks. The last group of checks are scheduled to be mailed June 19 and should be delivered shortly after June 20.
Cash your refund checks promptly. They become void 60 days after date of issue.

THINK BEFORE YOU TRIM, IS ADVICE ON PRUNING SHRUBS
 When warm weather gives you that urge to grab the pruning shears and start cutting shrubs, you had better think twice. C. E. Wildon, horticulturist at Michi-gan State college, believes too many shrubs are damaged by ex-cessive pruning than by being left alone.
 All spring flowering shrubs should be left until after flowering because every piece of live wood cut out now is cutting off flowers that might add to the color effect in the flowering season. Shrubs like forsythia and lilac and other spring bloomers should have only the dead or diseased branches or leaders removed at this time.
 Right after flowering is the best time to trim spring shrubs, but pruning on the whole should be practiced the year around. When-ever dead or diseased wood ap-pears, it should be cut away.
 Except in a formal garden, shrubs should not be trimmed to a regular shape, as they then do not harmonize with other features of the landscape.
 Wildon says that summer flow-ering shrubs may be pruned in the spring. "Some spring flowering shrubs also produce ornamental berries, and the person who prunes these is puzzled as to when to do the pruning. The pruning of these shrubs should be done in part in the early spring and in part during the growing season," he added.

CARD OF THANKS
 We wish to extend our sincere thanks to the neighbors and friends for the beautiful floral tributes and for the kindness shown us during our recent be-avement. Especially thank the Mary Circle and the O. E. S. and the Reverend Walter C. B. Sax-man.
 Mrs. Austin J. Miller
 Oscar Virgin

APPRECIATION
 Our sincere appreciation is ex-tended to the local Brownie Scouts for the lovely Easter basket that helped brighten our Easter Day. Such little friendly acts make us feel that we are really a part of Clarkston.

 Phone 4321 Clarkston, Mich.

A REPORT ON

PROGRESS IN CLARKSTON

There are still a number of people waiting for telephones in this area. Before we can serve everybody, we'll need more outside wire and cable to connect new customers' premises with the central office. These facilities have been ordered and are now being manufactured.

Even after we receive the new wire and cable, there will be the painstaking job of interconnecting it with the present tele- phone plant . . . a job that must be done carefully without interrupting existing service.

Meanwhile, we are continuing to stretch our present equipment far beyond its normal capacity, making it handle more subscribers than it was engineered to accommodate. At the risk of temporarily lowering the quality of service, every terminal, every line, every tele- phone we can possibly use is being put to work, to bring some type of service to as many new customers as possible. And we'll continue this policy until our new facilities are available to solve the problem.

If you are waiting for a telephone, you can be sure your order will be filled in its proper turn just as soon as possible.
