WATERFORD

VOTERS APPROVE SCHOOL FUND, TAX RAISE

Voters in Waterford township school district voted by a large majority Monday to create a site sinking and building fund and to increase the 15 mill tax limitation to permit creation of the fund.

Final results of the vote, taken at the annual school election, showed 607 ballots in favor of the issue and 77 against it. Five hundred eighty two persons favored the increasing of the tax limitation, and 120 negative ballots were recorded.

John Raddenbaugh, whose term expired on the Waterford board of education, was elected again to fill the office, receiving 664 votes.

The sinking and building fund is to be created through the levying of a five mill tax over a period of five years, 1946 to 1950, inclusive. The 15 mill limitation will be increased for five years to per-

mit the tax to be levied as specified on the fund issue ballot.

MRS. ELIZA G. ERB

Mrs. Eliza Ganong Erb, 88, of Buffalo, N. Y., and Waterford, died in Buffalo Thursday.

She was born in Waterford, the daughter of Nelson and Anna Marrs Ganong and in September, 1883, she was married to Dr. Peter Erb whom she met at the University of Michigan when they both were students there. She attended the Waterford and University of Michigan schools.

A service will be held in Buffalo Saturday afternoon and the body will be returned here Sunday. Service will be held at the Huntoon Funeral Home Monday at 3:30 p. m. with burial at Sashabaw Plains cemetery.

Waterford people who have been residents of the village for many years will feel a deep regret when they learn of the passing of an old time friend and neighbor. Word has been received by the E. D. Spooner family of the death of Mrs. Bessie Crane of Nevada City, Calif., on June 2, following an illness of many years standing. Since January, 1946 Mrs. Crane's illness has taken on a serious trend resulting in her death at the age of 83 years. Mrs. Crane will be better remembered as one of the Van Norman girls living on Waterford Hill in almost the same site as the Seaholm farm in which Mr. and Mrs. Robert VanMarter live. The other sister, Mrs. Margaret Halsey, passed away six years ago on July 8 in Los Angeles. They were the cousins of Ellsworth Spooner. Mrs. Crane has made her home with her

daughter and husband, Mr. and Mrs. C. B. Swain, near Nevada City.

Burial was on Friday at the Forest Lawn cemetery at Glendale beside her sister, Mrs. Halsey.

Immediate members of the family to mourn her loss are her daughter Marjory Crane Swain. After the members of the Van Norman family sold their property on the Waterford Hill they moved to Los Angeles where they made their homes for many years, just within the later years moving to Nevada City.

Members of the Cheery Chum group will give a pot luck picnic tonight (June 21) at 6 o'clock at the home of Mrs. Floyd Fullerton. Bring your own table service, sandwiches, and one passing dish. Remember your own "Cheery Chum". Assisting hostesses will be Mrs. Agnes Flickinger, Mrs. Claud Hoadley, and Mrs. George Attwater. The business meeting will be conducted by the president, Mrs. Henry Mehlberg.

At the Church Workers night Thursday at the Waterford church the following departments named their new officers as follows:

Council — Chairman, Charles Maxwell; vice chairman, John Miller; secretary, Donald Hetcher. On Thursday Mrs. William Stockford entertained the Mother's Club at her home honoring Mrs. Clarence Denhoff who, with Mr. Denhoff and children, are leaving Waterford for their new home at Plymouth. Jer. Board of Trustees—Chairman, Frank Schultz; secretary, Cameron Coventry, who is also the church clerk; treasurer, Albert Kray. Mission Board — Chairman, Mrs. Charles Maxwell; secretary, Mrs. William Banghart; treasurer, Mrs. William Granger.

Drayton Plains

CAMPAIGN LAUNCHED FOR PARK AND ACTIVITIES FUND

A softball game will be played June 26 at the Waterford Township park between a select team chosen from the regular players and Shaws, a Class A team from Pontiac.

This will inaugurate a series of campaigns to raise funds for the coming year to improve the park, install lights and bleachers and to finance a junior league of boys and girls softball teams, a Class A league to play outside teams and the regular six-team league now organized.

These plans were made known Monday evening at the Men's Club meeting which all ball player's were invited to attend. An enjoyable evening followed the meeting by playing ping-pong and cards. Coffee, donuts and cookies were served.

The Ladies Auxiliary of the Men's Club had to postpone their regular meeting of this week because of the election. It will be held July 2 at 8 p. m. Every lady is asked to bring a white elephant gift and bingo will be played.

Carolyn, daughter of Mr. and Mrs. Charles Williams of 4258 Hatchery Road, celebrated her third birthday on Sunday, June 16. For the occasion she entertained 16 of her little friends and their mothers on Saturday afternoon with a lawn party. Each guest was given a paper hat to wear on his arrival and the afternoon was spent playing with toys.

The guests were seated at a horse-shoe-shaped table with tiny chairs, where the honoree opened her many lovely gifts. The table was decorated with pony vases filled with honeysuckle and a birthday cake with pink and blue sprays of flowers, rose buds and three candles. Ice cream and cake were served afterwards and each guest was given a balloon. Pictures of the party were taken. Guests were: Gail Barber, Mary Jean Schoenhals, Sheryl and Linda Hipp, Dawn Burnett, Karon Morgan, Kimmy McCreary, Philip Smith, David Baumgartner, Timmy Moore, Lourie Rykman, Michael Halpenny, Barry and Nancy Redmond and Jeffery Barnhart.

Mr. and Mrs. Cecil Morrow and family formerly of Drayton Plains and now residing in Oxford, entertained about 40 choir members and their families at a picnic and weiner roast Friday evening. After enjoying outdoor games and swimming they held a short business meeting in the living room.

An invitation was extended to the group to hold their July meeting and picnic at the home of Mr. and Mrs. Milton Reddeman of Oxbow Lake. Mrs. Jack Biber and Mrs. Charles Williams were appointed in charge. The remainder of the evening was spent in group singing with Mrs. L. G. Rowley and Mrs. Milton Reddeman accompanying on the piano.

The Sunday School class of the United Presbyterian church under the direction of Roy Dancy will hold a picnic at the home of Marjorie Reddeman of Oxbow Lake on Friday evening, June 21.

The Drayton Plains Vacation Bible School is held at the United Presbyterian Church and began Thursday morning at 9 a. m. and

will run for a period of two weeks. All children from the ages of 5 to 15 are invited to attend these daily classes.

The Adult Bible Class of the United Presbyterian Church will hold a picnic at Commerce Park on Friday, June 21.

Victory Jubilee Quartette

The people of Drayton Plains and surrounding communities will have the privilege of hearing one of the great Colored Musical organizations of our day in a free concert on next Monday evening, June 24 at 8 p. m. in the Drayton Plains United Presbyterian church. The Victory Jubilee Quartette is known from coast to coast in the United States, and have covered Canada and Mexico. During

these tours they have made many radio friends as they have been featured extensively on the major radio chains.

The quartette features sacred readings in both English and Negro dialect, and wind and string instruments. They present Jubilee songs, hymns and Negro spirituals,

many of which they arrange. Their program will contribute much towards racial friendship and understanding.

Miss Patricia Watson has returned to her home from Pontiac General hospital where she underwent an operation last week.

OBSERVE BIRTHDAY OF G. I. BILL

Saturday, June 22, will mark an important date in the lives of more than a million World War II veterans residing in the Veterans Administration Branch No. 6 area of Ohio, Kentucky and Michigan. The date is the second anniversary of the passage of the Servicemen's Readjustment Act, popularly known as the G. I. Bill, one of the most far-reaching pieces of legislation for service men and women that has ever been enacted.

One need not look far to find evidence of the worthiness of the

G. I. Bill, for its benefits extend into virtually every home of Michigan's 405,941 veterans. These figures represent World War II veterans discharged through March 31.

For the most part, the G. I. Bill boils down to five major benefits for the ex-service men and women of World War II—improved medical and hospital care, guaranty of loans, education and job training, readjustment allowances and job-finding assistance. The legislation has come a long way in its two short years toward the realization of its goal—the speedy readjustment to civilian life of World War II veterans through additional veterans' benefits. Much of the credit for the administration of the Act goes to General Omar Bradley, appointed administrator for Veterans Affairs on August 15, 1945. His plan for decentralization and reorganization of the Veterans Administration, while not yet completed, is designed to speed the service to the veteran in his home community.

QUIZ VETS ON PLANS

The Veterans Administration is conducting a survey among a portion of ex-service men and women in Michigan to determine their educational intentions. Results of the survey will be made available to the various educational institutions in the state.

OSTEOPATHIC CLINICS TO AID DISABLED

The first of a series of clinics to provide free osteopathic examination and treatment for World War II veterans who have service-connected structural disabilities, will be held June 28 and 29 at Doctors' Hospital in Columbus, Ohio under the auspices of the Ohio Osteopathic Association of Physicians and Surgeons.

GUIDANCE SERVICE

To assist veterans in selecting educational and vocational programs commensurate with their interests and aptitudes, a complete counseling and guidance service is available to veterans who are making unsatisfactory progress in educational institutions or on-the-job training, the Veterans Administration announced.

While the service is offered to all veterans, it is required before an ex-serviceman can change his program of education or training as a result of unsatisfactory progress. This procedure is necessary in such cases to prevent the veteran from making another unwise choice.

VA training officers attempt to detect cases of unsatisfactory progress to prevent veterans from becoming discouraged by failure and also from exhausting an undue amount of their educational or training eligibility.

LESS PAPER WORK

A simplified form to be filled out by schools and colleges when the veteran-student returns to school next fall is expected to expedite the resumption of his subsistence allowance, the Veterans Administration announced.

Only one form, which can be filled out in a few minutes, will be required when the veteran resumes his education under the G. I. Bill.

The VA emphasized that prompt handling of the forms by the educational institutions will prevent delays in the payment of veterans' allowances.

Questions and Answers

Q. When I was discharged I reduced my National Service Life Insurance policy from \$10,000 to \$5,000. Now I find I can afford to carry the full \$10,000. Can I reinstate the \$5,000 I let lapse?

A. Yes. If you reinstate it before January 1, 1947, you need pay only two monthly premiums and submit a statement that your health is as good as it was when you reduced the amount of your policy.

Q. As a veteran of World War II, I'd like to take advantage of both the educational and loan provisions of the G. I. Bill, go to school and borrow money for new equipment for a farm which I already own. Can I do this?

A. A veteran may take advantage of more than one section of the G. I. Bill at the same time. You'll have to convince the lender you can go to school and run your farm at the same time however, to qualify for a loan.

Q. I own a farm which my brother and sister operated while I was in the army. Local taxes have accumulated and I'd like to borrow under the G. I. Bill to pay them. May I?

A. Yes. You may get either a farm or home loan to use to pay off taxes. The same principle applies to taxes on a town or city home owned by a veteran.

Q. I served with RAF during World War II. As an American and a veteran, am I entitled to any benefits under the G. I. Bill?

A. Yes. Americans who served in the armed forces of allied nations are eligible for benefits of the G. I. Bill provided they reside in the United States and have not received similar benefits from the foreign government they served.

Q. I am the widow of a World War I veteran. I lost my only son in World War II. I have not received any pension since my husband died of illness in 1940, but

have received \$45 a month as a pension from my son's service. This is my only source of income. Am I entitled to an additional pension through my husband?

A. Yes. You may file this claim at the nearest Veterans Administration Contact Office.

MICHIGAN FIRE COLLEGE

Fire fighting complete with instruction in the proper use of hose, ladders and other equipment will be simulated on the University of Michigan campus during part of the 18th annual Michigan Fire College, June 25 through 27.

Some 500 persons are expected to attend both the Fire College and the annual meeting of the Michigan State Firemen's Association, being held in conjunction this year. The Fire College is sponsored by the University of Michigan Extension Service and eight co-operating organizations.

Open to all firemen, volunteer or paid, town officials, plant protection men and other interested persons, the Fire College seeks to present the most recent information and techniques on fire prevention and fighting. A certificate will be issued by the University to all who have a constant record of attendance at the College.

WOLVERINE GIRLS' STATE TO BE HELD IN ANN ARBOR

Designed to stimulate Michigan girls to take a deep interest in the development of home and community life, the fifth annual Wol-

verine Girls' State will be held at the University of Michigan, June 25 through July 2. Some 216 girls, aged 15 through 17, will attend.

Regular members of the University staff will offer guidance, instruction and demonstrations in vocations and professions open to women. The girls also will participate in athletic contests, publish a newspaper and make tours in and about the University.

The Girls' State is sponsored by the American Legion Auxiliary, Inc. Those attending will be housed in University residence halls.

Marriages in Michigan hit an all-time high during the first three months of 1946 when 15,379 were recorded. This is an 88 per cent increase over the same period of 1945 and well above the five year average of 9,479. In 1942, Michigan's peak year for marriages, there were 11,352 marriages reported to the department of health during the first three months.

Two suggestions to bathers for preventing the skin infection known as "swimmer's itch" come from the Michigan Department of

Health. 1—Swim in deep water; it's the paddlers in shallow water who are infected. 2—Rub the skin briskly with a rough towel immediately after leaving the water.

The Low-Cost Way to Better Hay Production!

Through modern developments in mow hay drying, you can now produce higher quality hay—and more of it—without the hazards of field curing.

Partially dried hay can be stored in the mow the same day it is cut, and then be completely cured by forcing air through it. Consider these positive advantages:

- 25% more hay from the same field.
- Increase in mow storage capacity.
- Greater nutritive protein value of the hay.
- Increase in annual milk production.
- Substantially higher hay selling price.

Consult our Farm Service Advisor for detailed information on mow hay drying and other uses of electricity on the farm. Call your nearest Detroit Edison office

4-H Club News

4-H CLUB WEEK AT EAST LANSING

Daneida Berryman, Drayton Plains, and William Porritt, Route 1, Pontiac, have been selected to represent Oakland County as delegates to the annual state 4-H Club Week at Michigan State College June 25 to 28. They will prepare exhibits showing the results of their club's achievements during the past year. Fourteen other members of clubs throughout the state will also be represented at that time.

Delegates will be entertained June 19 by the Oakland County Service Club. A special program for the occasion has been planned by the Service club president, Jack Foster, Route 4, Clarkston, and the entertainment committee.

4-H GIRLS HELP RELEASE FOOD FOR FAMINE VICTIMS

"More home canning will release more food for starving millions abroad".

That is the motto of thousands of rural girls participating in the

National 4-H Canning Activity. The activity is conducted under the direction of the Extension Service.

By increasing their canning of garden and other home-raised products, the girls will render a threefold service. They will establish a larder of varied, nutritious foods for their family's future use; reduce cash expenditures for foodstuffs, and help release more commercial stocks of canned goods for famine relief overseas.

Awards for outstanding records are offered by Mrs. Ruth Kerr for the 18th consecutive year. County winners will get medals and the state champion will be a guest at the National 4-H Club Congress in Chicago. National winners will receive \$200 college scholarships.

Last year's state and national winner in Michigan was Ruth Hoyt of St. Louis. County winners were named in forty-eight Michigan counties.

County extension agents will furnish information and suggestions on home canning to 4-H club members.

4-H CLUB OUT FOR RECORD

Michigan's 4-H club members are out to break the record they established in the national 4-H club ambulance fund during the war. Then, Michigan ranked the second state in the United States in contributions toward buying ambulances for the allied forces. Now, the call is made for cash contributions for the United Nations food relief program for the starving world.

A. G. Kettunen, state 4-H club leader at Michigan State college,

says each club is assuming the responsibility of gathering cash contributions and sending them to the national committee headquarters at Chicago. A concerted effort will be made to put Michigan at the top in this national program.

Household Hints

TAKE CARE IN USING PRESSURE SAUCEPANS

Pressure saucepans, small editions of pressure cookers, are not all recommended for use in canning.

Directions which come with the saucepans should be followed closely, says Mary Woodward, home demonstration agent of Oakland County. New canning bulletins recommend 10 pounds pressure, exactly, for meat, fish, poultry and non acid vegetables. If the saucepan is one which indicates in figures, the exact pressure reached, canning will be successful.

Accurate pressure and timing are necessary for successful canning. Even pressure-cooker gauges are sometimes off several pounds causing spoilage of products. Gauge testing clinics held recently show that one-fourth to one-third of the gauges are off from two to four pounds, says Miss Woodward. Sometimes a new cooker, used only a few times, will not register correctly.

The cooker should be opened within two minutes of the time the indicator is back to zero or the spring in the gauge may be affected.

Farm and Garden

SCIENCE DEBUNKS POISON IVY

Science has happy tidings this summer for American vacationists allergic to that "Dracula" of summer vegetation known as poison ivy. The good news comes in the form of a new war-born chemical called 2, 4-D (Dichlorophenoxy-acetic acid), now available to operators of vacation playgrounds and owners of summer homes and camps.

When sprayed on poison ivy plants, this new running mate of the other chemical wonder, DDT, will render the obnoxious weed totally harmless. The nasty stuff

collapses soon after spraying, as the chemical penetrates to the very roots of the plant and actually strangles it to death. Experiments conducted by scientists show that 1,600 square feet of a weed-infested area can be covered with approximately \$1 worth of the chemical.

Each year additional thousands who have never contracted ivy poisoning before find themselves no longer immune; therefore cutting or pulling the plants and roots out by hand is a chance not worth risking. It has also been proved that ivy poisoning may be contracted merely by contact with smoke from fires in which the plants are being burned. Killing them by spraying not only is much simpler and more effective but eliminates any danger of a person's becoming sensitized.

Once the ivy poisoning enters the blood stream the victim is usually faced with six more years of summer misery before it "burns" itself out. Merely being near the plant growth, even without actual contact, often causes a recurrence, according to published case histories.

It is indicated that in summers to come, vacationing nomads can wander through sprayed woodland areas in most sections of the country without fear of this vacation-spoiler, proving that science has marched on ahead.

Births in Michigan for the first three months of 1946 decreased 1 per cent and deaths increased 5 per cent from the same period of 1945, according to health department figures. There were 25,263 births reported and 14,179 deaths.

Many hearing defects in children can be prevented. Parents are urged to take a child to the physician at the first sign of trouble; earache, "running ears", tenderness around the ears.

Better Rural Telephone Service for More People Is on the Way

MICHIGAN BELL's big 5-year program of extending and improving rural telephone service is gaining momentum daily. In recent months we have added over 2,000 miles of wire in rural areas . . . installed telephones for many waiting applicants . . . and reduced the number of parties per line on more than 1,000 overcrowded lines . . . and, wherever we could, we have replaced crank-type telephones with more modern equipment. Our further liberalized rural construction plan* will enable additional thousands of rural folks to get telephone service without payment of any line construction charge. Altogether, this big program will cost \$13,500,000. Our purpose is to assure better rural telephone service at the lowest possible cost to more Michigan people than ever.

* If you live within ¼ mile of a Michigan Bell telephone line and don't have a telephone, we will extend the line to your place without construction charge. The plan also provides: No line construction charge for two or more applicants if the new line extension to serve them averages no more than ¼ mile per applicant. . . . Monthly payments of 45 cents (spread over 5 years) for each 1/10 mile in excess of the ¼ mile allowance, with total cost prorated among those served by the new line.

MICHIGAN BELL TELEPHONE COMPANY
OUR POST-WAR PROGRAM MEANS JOBS FOR THOUSANDS

hospitals in their expressions of appreciation of gifts sent were read. The next meeting will be at the home of Mrs. Arthur Armstead on July 10 at one o'clock when a picnic will be held. Each Mom attending is to bring table service, sandwiches, and one passing dish.

The Daily Vacation Bible school has been announced to be held from July 8 through July 19, from 9 to 12 a. m. Monday through Friday at the Waterford Community church. Volunteer helpers will be needed. If you are interested you should get in touch with the pastor, Rev. Wright VanPlew or Miss Elizabeth Jencks as soon as possible.

Jack Davidson is attending Wolverine Boy's State at East Lansing for nine days.

The Floyd Wootens of Traverse, Fla., are here for the summer months at their home on Andersonville Road in the village.

Miss Sarah Combs, who is to spend the summer months employed at the hospital in Ann Arbor, is spending a few days visiting her sister, Mrs. Lyman Girst and family. Miss Combs has been teaching in the school at Spring Arbor this past year.

Mr. and Mrs. H. B. Mehlberg had a family get-together on Sunday with a dinner which was an event because the entire family was home for the first time since the eldest son, David, entered the Service. This was honoring the return of their youngest son, Robert, who was released on Friday from his three and a half years of service in the coast guard. The past 20 months of this time was overseas duty. Mr. and Mrs. E. D. Spooner were also at the dinner. Brownie Troop No. 3 at the school recently marked the second anniversary of their troop. There were 31 girls, their leader, Mrs. Louis Hillman, three committee members and seven guests present. Refreshments were served, each received a gift and the committee members were presented with corsages.

Mr. and Mrs. Joseph Rembach of Davisburg announce the recent marriage of their daughter, Valentine Van Heel, to Delmont Walter, son of Arthur Walter. Rev. Philip A. Jordan performed the

ceremony at the parsonage of Christ Lutheran church on May 29. Glenna Walter, sister of the groom, and Stanley Rembach, brother of the bride, were the only attendants. A family dinner was held in the Walter home followed by a reception. After a short honeymoon in Chicago, they will reside in Detroit.

Den 7 entertained Den 5 at the home of Den 7's Den Mother, Mrs. Richard King, on Wednesday of last week. The Cubs enjoyed a weiner roast and games. Several were fortunate enough to win prizes.

Other guests were George Attwater, Cubmaster, Mrs. Richard Gorman and Mrs. Calvin Holton.

Den 7 is sponsoring a grease and paper drive during the summer to earn money for purchasing handicraft material this fall.

Mr. and Mrs. Ward Kanouse left last week for Fort Worth, Tex., with their family to make their home there. Mr. and Mrs. W. K. Ryan have purchased the home just vacated by the Kanouse family and will move here from Pontiac with their five sons. The Ryans are former Waterford residents.

Red Cross News

The Home Service Department of the Oakland County Chapter of the American Red Cross has acted upon a total of 825 cases during the month according to a report made by Mrs. Sheldon Noble, chairman of the service. Of these 450 were active servicemen and 345 were ex-servicemen. Mrs. T. W. Eustis is vice chairman of the service.

Under its congressional charter and under army and navy regulations every Red Cross chapter shares in the responsibility of providing Home Service to the armed forces and to veterans.

Among the services rendered the past month have been assistance with claims for disability
