CLARKSTON, MICHIGAN, FRIDAY, SEPTEMBER 13, 1946

## By The Way

Well students, do not bemoan school starting, after all you cannot enjoy playing outdoors in this our early winter. . . . Which reminds me that in this issue we are advertising radiator anti-freeze, fuel oil and (this is really something) Christmas gifts. . . . But after all those in the job department want it known that they are alive. They are printing programs, (36 pages) for the Ortonville Literary Club. . . . If you like to dance, you can attend the dance given by the Waterford Township Post of the American Legion at the Old Mill Tavern, Saturday, September 14, and they invite you to come. . . . Now and then newcomers arrive, and of all things, the editor of the paper finds out about it. So we beg to introduce to you Mr. and Mrs. Fred Hancock, formerly of Cleveland, Ohio, now of Clarkston. They are living, at present, with Mr. and Mrs. R. M. Parker. . . . The dredging in the valley south of town is in conformity with the desire of residents of Middle Lake Road to have boat wells back of their homes as well as having available water in case of fire. . . . Speaking of fires, and it is not a nice thing to think of or about, the local fire fighting organization is constantly trying to do anything that will improve its ability to save property. They are trying to bury the old saying "We saved the basement and the lot". . . . The old saying "Work never killed anyone" still holds true as far as William Buzzard is concerned. A week or so ago he insisted on helping with the hay-loading. He mounted the hay wagon and took the reins in his hands. Whether he drove the team or not we are not positive but he did stay on the wagon. Mr. Buzzard will celebrate his 91st birthday in November. . . . Today many in the business world are restless. But they are not the only "birds" that have worries. Little wonder a hen gets discouraged; she can never find things where she lays them.

Ballagh, who with Reverend Ballagh and family will leave the end of this month to make their home in Northville where Rev. Ballagh will be pastor of the Baptist church. The group expressed their thanks to Mrs. Ballagh for her help during the year.

## Evangelistic Services to Be Held At Waterford

A ten day series of evangelistic services will be conducted at the Waterford Community Church, beginning Sunday, Sept. 15, and ending Wed. Sept. 25, with Rev. R. A. Chute, of Collinsville, Ill. as the speaker. Youthful and energetic, Rev. Chute spent several years as a pastor before entering the evangelistic field, where he is engaged in conducting gospel campaigns, and is also well known as a Youth For Christ speaker.

The old fashioned Gospel message is presented by Rev. Chute in a unique way with full colored illustrations drawn on plate glass, using beautiful, ultra-modern lighting. In addition, he presents magic illustrations with some of his messages, and conducts a stirring program of Gospel music in instrumental and vocal numbers, assisted by Mrs. Chute who will accompany him.

The Waterford Community Church Choir will assist in the services, and members of the Sunnyside Chapel choir will cooperate. The services will be held each evening except Saturday at 7:30, and also on Sunday mornings at 11:15, presenting a challenge to young and old with the Bible solution to present day problems. All are cordially invited to hear these stirring messages, and to bring their friends.

Mr. Hilbert Felton has taken a place on the teaching staff since the last report on teachers was published.

Clarkston teachers met in conferences during the first week of the month.

The faculty was delightfully entertained at a luncheon last Tuesday by Mrs. Carl Brablec, Mrs. Wm. Vliet, Mrs. Wallace Ridgley and Mrs. Ralph Thayer in the home economics room.

The tables were attractively decorated with garden flowers and lighted tapers.

They held a short "conference" and then adjourned so that some could attend Mr. Durand Ogden's funeral.

## Clarkston Locals

The friends of Mrs. Elizabeth Rockwell will be glad to know that she is feeling better after an illness of a week.

At the meeting of the Joseph C. Bird chapter, O. E. S., on Monday night a very impressive memorial service was held for the late Durand Ogden.

Everyone will be glad to know that Jos. S. Seeterlin was brought to his home from St. Joseph's Mercy Hospital on Wednesday afternoon. He is recovering nicely from an operation and after resting for a week or so he expects to be back "on the job".

For the past ten days Mr. and Mrs. Garnet Poulton have had their little granddaughter, Mary Frances Hodges, of Pontiac with them while her parents, Mr. and Mrs. Hodges have been on a vacation.

Mr. and Mrs. H. J. Gador of

## Clarkston Schools Open Doors Monday With Big Enrollment

School opened for student registration Monday morning and all went well except for some crowding in two of the junior high classes. Otherwise the class loads in the upper four grades showed considerable improvement over recent years.

A total of 514 registered, although about ten have since changed to other schools and an occasional new registrant could be seen about the building from hour to hour. By grades the membership figures were: kindergarten 34; 28 in first grade; 22 in second; 33 in third; 38 in fourth; 28 in fifth; 30 in sixth; 50 in seventh; 50 in eighth; 48 in ninth; 46 in tenth; 57 in eleventh; 50 in twelfth.

There are 176 non-residents enrolled in grades 7-12, inclusive, and about 125 residents in these same grades. The principal districts contributing the non-residents are Waterford Township with 44 attending, Sashabaw, 66, and the rest divided between eight other districts. Fifty students in each of grades seven and eight have made these areas unwieldy for the teachers and rooms. Here, therefore these grades had under 40, which was quite ample but the increase is difficult to absorb. Several possibilities for alleviating this difficulty are under consideration at present.

Mr. Hilbert Felton has taken a place on the teaching staff since the last report on teachers was published.

Sunday, October 6, is World Wide Communion Sunday and will be observed locally as the beginning of the Church Loyalty program.

Clarkston Station and Mr. and Mrs. Ross Terry of Pontiac returned to their homes on Saturday after a week spent in Mazomanie, Wis., where they visited Walter Perkins, father of Mrs. Gador and Mrs. Terry, and other relatives.

The Clarkston Royal Neighbors met at the summer home of Mrs. Marie Wyss at Whipple Lake on Wednesday. A delicious pot-luck luncheon was enjoyed at noon. The regular business meeting was held in the afternoon and plans were made to attend the district convention at Bay City on September 25.

The Grant Coopers have sold their home on Holcomb St., and have moved to Prudenville.

Many folks have been greatly interested in the operation that they have expected Charles (Charley) Robinson to undergo on his ear. Charley went to the University Hospital in Ann Arbor on Wednesday of this week he underwent what they call the "window" operation. He is feeling fine now but it will be a week or more before they will know if the operation has been a success.

However the Post has grown considerably since the World War II veterans have returned and the public is more and more interested in the work of the American Legion, consequently a public installation was planned. You are invited.

Mr. and Mrs. Lee M. Clark have returned home after enjoying the last weekend with friends in Adrian and Tuesday with her brother, Dr. Arthur Hadley, in Battle Creek.

## Barbara Jean Roehm Wed in East Lansing

Last Saturday afternoon at four thirty o'clock the McCune Chapel of the Peoples Church of East Lansing was the scene of a very pretty wedding when Barbara Jean Roehm, daughter of Mrs. Charles M. Roehm of East Lansing and the late Charles M. Roehm, and Lieut. Richard Gustave Widman, United States Army Reserve, son of Mr. and Mrs. Edward J. Widman of Detroit, spoke their marriage vows.

Large baskets of white stock and palms formed the setting for the candlelight service. The Reverend H. G. Gaige performed the double ring ceremony in the presence of 100 guests.

The bride, who was given in marriage by Mr. Ellis Van Sickle, a close friend of the family, was charming in a gown made from a silk parachute which had been brought from Guam by the bridegroom. Her hair was trimmed the low, round neckline and the wrist-line of the long full sleeves. The skirt was fashioned with a chapel train. Her fingertip veil of imported French tulle was held in place by an ornamental headress made of parachute cord covered with the silk. She carried white roses, white baby chrysanthemums and white delphinium. Her only jewelry was a single strand of pearls, a gift from the bridegroom.

Katherine Roehm was her sister's maid of honor. She was lovely in a gown of embroidered, pale green taffeta. Her head piece was of matching, pale green net and she carried cream colored gladioli with centers of yellow roses tied with wide, cream satin ribbon.

The bridesmaid was the bride's sister, Marian Roehm, who was gowned in plain, pale green taffeta, fashioned similar to the gown worn by the maid of honor. She also wore a pale green net half hat and carried a bouquet the same as the honor maid's. Both bridesmaids wore silver slippers.

Dr. J. M. Barber played the wedding music.

Lee Widman of Grayling was his brother's best man while J. L. Hurrell Jr. of Lansing, cousin of the bridegroom acted as groomsmen. Carroll S. Brown and Robert W. Reisdorf, both of Detroit, seated the guests.

Following the ceremony a reception was held in the church parlor, where Mrs. Ellis Van Sickle was master of ceremonies. A four tiered wedding cake centered the table. The bridegroom's sister, Kathryn Widman of Detroit and Chloe Heitsch of Pontiac poured the punch. They were assisted by two of the bride's college friends, Angie Gugno of Buffalo and Patricia Williams of Detroit.

At the reception Mary Louise Buck of Waterford sang two pretty numbers, "Because" and "All Through the Years". Dr. Barber played her piano accompaniment.

The young couple left on a short honeymoon in Northern Michigan.

The bride is well known in this community having lived in Clarkston and Waterford. She attended the Waterford schools and graduated from the Pontiac High School. Last June she graduated from the University of Michigan after majoring in chemistry. Lt. Widman recently returned from two years service with the Army Engineers in the South Pacific. Most of the time he spent on Saipan and the last while he was on Guam. He will return to the University of Michigan and will graduate as a civil engineer next June. He is a member of the Acacia fraternity.

Guests at the wedding were from Lansing, East Lansing, Waterford, Clarkston, Pontiac, Ann Arbor, Grayling, Buffalo and Chicago.

Word was received here on Tuesday of the death of Mrs. George D. King's brother, William J. Daly, of Boynton Beach, Fla. Mr. Daly had been ill for some time. The interment will be in Milwaukee, Wis.

be conducted by Rev. R. A. Chute from Sept. 15 through Sept. 25. Plan to attend.

## Rotary Club News

Monday's meeting of the Rotary Club was opened with prayer by Rev. Walter C. B. Saxman for the late Durand Ogden, charter member of the club and the first member to be called by death.

Guests were Leon Wilcox, Earl Wilcox, Emory Beedle and John Cheslik of the Waterford-Drayton Rotary Club and John W. Turek of the Clarkston News.

Community singing included "Home On the Range" for Joseph S. Seeterlin who is sick, and birthday greetings for Earl Terry and Rudy Schwarze.

Robert L. Jones recalled memories of the late Durand Ogden saying among other things that his death was a loss to Rotary. He mentioned that Durand had always arrived first at the meetings and had been given the job of collecting for the dinner, that his good common sense had been of definite value to the club and recalled that he loved the historic Clarkston of yesteryear and was always willing to converse upon that subject.

William Vliet, who with Mrs. Vliet had taken a trip to the west coast, gave the high lights of the trip in a very interesting manner.

## Notice

Next Thursday, Sept. 19, the Service Mothers Club will meet at the Masonic Temple for a luncheon and business meeting. The pot-luck luncheon will be served at one o'clock.

All mothers of boys who are now in the service are especially asked to attend. The present officers of the Club would like to see this worth while work carried on. Election of officers will take place and there will be a discussion on the Christmas boxes for the boys who are now away from home.

Although these boys who are away from home now are not on a fighting front, nevertheless they are still far from those who mean most to them and the many little thoughtful deeds that the Service Mothers have done in the past would be greatly appreciated by them. That is one reason why the mothers of these boys are urged to be present next Thursday and work together to keep these boys happy while they are away.

## The Starting Post

They've found positions at the post. Each neck and neck, all in line. Straining eagerly are most. Waiting for the starting sign. The school bell rings, they hit their stride. Competing in life's grimest race. As parents watch with shame or pride. To see their entrant find his place. All cannot beat at any game. The honors go to just a few. Yet all will benefit the same. If each one tries his best to do. Especially I like to see. The new beginner at the pole. From mother's apron strings set free. To find his place in life's great role. We under estimate his speed. And cunning as he jumps the gun. Jockeying to gain the lead. When life's great race is just begun.

**LADIES' AUXILIARY TEA HELD IN CHURCH PARLORS**

The Ladies' Auxiliary of the Community Church sponsored a very successful Tea in the church parlors Thursday afternoon, September 5, with about 50 persons in attendance. Mrs. Cameron Coventry and Mrs. Arthur Davis opened the program, which they arranged, with a piano duet. The group sang "Love Lifted Me".

Mrs. Wright VanPlew, devotional chairman, led in prayer; 12 ladies gave a skit, "Influence of Women of the Bible"; Nancy Lou Giddings gave a vocal solo and was accompanied by Mrs. Davis at the piano; and Mrs. Howard Burt played for group singing. Mrs. Robert Fischer of Pontiac

gave a very interesting explanation of the life and work that is being done by the missionary people in Kentucky which is very familiar to the speaker inasmuch as she and her husband, Rev. Robert Fischer, have seen the work there. To get the guests in the proper spirit for the talk such songs as "America, the Beautiful", "Old Kentucky Home", "Shortnin' Bread", "Sweet and Low", and "Jesus Loves Me" were presented. Mrs. Fischer had several pictures on display which had been taken in Kentucky. A short poem, "True Understanding", was given by Mrs. Coventry.

Mrs. Whitney asked the blessing before tea was poured by the Auxiliary's "two Nellies" Mrs. E. D. Spooner and Mrs. William King. A large cake with "Kentucky Children's Home" on it was enjoyed.

A contest, "My Wish for My Country", was played by the group. The program was closed by a second duet by Mrs. Davis and Mrs. Coventry.

Over \$30 was turned in at this Tea which will be used to purchase material to be sent to the Bethel Children's Home at Ives, Ky.

The hostesses were Mrs. Charles Maxwell and Mrs. James Saylor. The ladies of the Silvercrest Missionary group were guests.

After the program Mrs. Henry Mehler, president, conducted a short business meeting at which time the group decided to meet at the church on September 11 for another church "cleaning bee". The next regular auxiliary meeting will be on October 3 with Mrs. Schultz and Mrs. Lawrence Giddings as hostesses.

The money which the Auxiliary members have been earning for the organization since the August meeting is to be turned in at the home of Mrs. Arthur Davis on October 10. The special feature for this Tea is to buy shoes for "the Home".

Mrs. Charles Maxwell, missionary chairman, had a display of old and new clothing for the mission which is being packed for shipment. There are twenty-six children in this mission home. The Silvercrest ladies and the Waterford Auxiliary made plans to adopt one or more children to care for. The ladies were invited to attend the service on Mission Sunday, October 27, with the Rev. Harold Meland of the Bethel Children's Home as guest speaker.

Arthur J. Walter and Lillian Sheddon were married by the Rev. C. J. Sutton Friday evening at the Presbyterian Parsonage in Drayton Plains. The only attendants

were Mrs. Sutton and Louis Sheddon, son of the bride. The couple are enjoying a week's honeymoon in Canada.

Four 11-year-old Williams Lake boys took off on bicycles last Thursday for their last fling before school opened on Monday. They traveled to Lake Orion where they stayed in an overnight cabin and then returned home very tired on Friday. The boys, Daryl Adams, John Bartell, David Eaton and Mike Stegman, had been doing odd jobs all summer to finance this trip. A good "ice man" friend had engaged a cabin for the boys to make sure that they would have a place to stay when they arrived, but had neglected to mention when he transacted the business that the boys were quite young, which complicated things when the man in charge of the cabins saw his young tenants. Everything turned out alright in the end and the boys were very happy.

**WINDIATE WILD CATS DEFEAT BATBUSTERS, 4-5**

The Waterford Cubs of troop 31 completed the summer's baseball tournament Saturday afternoon when Perc Woods' Windiate Wild Cats defeated George Attwater's Batbuster with a score of 4-5 on the Waterford Village school diamond. This championship game was a thriller from start to finish. It had one-, two- and three-base hits, and innings ending with tying and winning runs on bases. Excellent fielding and splendid pitching and extra innings were necessary to decide the championship.

The Cubs and their managers are to be commended on the excellent sportsmanship displayed

throughout the program. The den mothers, committeemen, and boys thank the men who volunteered their services as umpires and the local merchants who made this program possible.

The Cubs have had no den meetings this summer, but they have resumed this week. The next pack meeting will be on the last Friday of the month—Sept. 27.

If you have some paper to dispose of, be sure and contact a Cub or a den mother and it will be picked up, as the Cubs are sponsoring a paper drive all through this month. One large truck load has already been sold and the boys hope to have a lot more to sell as the proceeds will buy materials for hand work during the winter.

About 20 volunteer firemen of Waterford Township attended the double-header between Chicago and Detroit Sunday and were sorry to see Detroit lose both games.

Miss Etta Wager recently entertained 30 guests with a dinner party for her cousin, Miss Agnes Campbell, of Washington, D. C.

Mr. and Mrs. Alfred Gale enjoyed a trip along the western part of the state two weeks ago.

Returning veterans of Waterford Township are urged to check with the township clerk to make sure that they will be eligible to vote in the November election. The township has the continuous vot-

ing system which permits a person to vote without re-registration if they have voted once within the last two years. Persons new in the township or who have not voted within the last two years have until October 16 to register.

**WATERFORD SCHOOLS OPEN WITH 3,158 REGISTERING**

The Waterford Township schools opened Monday with 3,158 pupils registered on the first day. More were expected to register before the end of the week. There are 576 pupils in the Waterford Village school; 529 at Drayton Plains; 33 at Clintonville; 334 at the Hudson-Coverly; 583 at the Donelson; 193 at Fourtowns; 39 at the Juvenile Home; 279 at Lambert; 84 at Newberry; 164 at Stringham; 148 at Waterford Center; and 497 at the Williams Lake School.

The ninth and tenth grades of the township are divided between Waterford Village and Drayton Plains with 82 at Waterford and 64 at Drayton Plains; there are 41 tenth grade pupils at Waterford, and 33 at Drayton Plains; and 50 eleventh grade pupils at Waterford.

Mrs. James Sutton is teaching

the fifth grade and Virginia McGuire is teaching high school English in the Waterford Village school. These two names were omitted in the list last week.

Mr. and Mrs. George Dean and two sons have moved back to Detroit after having spent an enjoyable summer at their cottage in Windiate Park. They plan to spend several weekends there before cold weather sets in.

Mrs. Lloyd Gidley and daughters Vivian Ann and Janice returned home last Friday from a visit with relatives in Canada.

Mr. and Mrs. Raymond Aldrich have moved to Saginaw for the winter months.

**MSC Campus Growing Fast**  
 One of the fastest growing "cities" in the State of Michigan is the campus of Michigan State College at East Lansing. A year ago the college provided housing for less than 3,000 students, but with the completion of its present building program, it will be possible to house 9,200 students in college-operated housing early next year.

ago the college provided housing for less than 3,000 students, but with the completion of its present building program, it will be possible to house 9,200 students in college-operated housing early next year.

That population of 9,200 students isn't all of it either. About 1,650 students will have with them their wives and children, as will 180 faculty members to be housed on campus. Dependents of married students and faculty members are expected to total about 3,300, bringing the total on-campus population to about 12,500 people late in the winter.

Included in the present construction program are 350 army barracks-type buildings to be converted into apartments for married students, 11 permanent two-story apartment buildings, two men's dormitories, and three women's dormitories. In addition, work is being completed on the last of 104 Quonset huts for single students, and 50 Quonset and prefabricated style homes for faculty members. Already in use since last spring are 400 trailers for married students.

Much of this new construction will not be available with the opening of fall term on September 30. As a result the college faces a housing crisis as present facilities on campus and in the cities of Lansing and East Lansing will accommodate only about 9,500 of the expected 10,500 students.

Every possible emergency measure is being taken to provide housing for all wishing to attend the college in the fall, and local home owners have responded favorably to pleas to open unused rooms to students.

**NO DIAL TONE?**  
**Don't Groan...**  
**Wait for it before you phone**

SOMETIMES, when you lift the receiver, you may experience a brief delay before you hear the steady hum of the dial tone.

It doesn't necessarily mean your line is out of order. It's just that all the central office dial equipment is momentarily in use.

These days, the telephone system is serving more telephones and handling more calls than ever before.

At times the heavily loaded equipment can't handle all the calls folks want to make.

So please wait a few seconds until you hear the dial tone—then dial your number. Otherwise you'll get a wrong number or no number at all.

As soon as enough additional switching equipment can be installed, telephone service will be better than it has ever been.

**"OTHER things I buy have gone sky-high. . . . but Greyhound fares are still the SAME"**

**Greyhound fares are as low as in Pre-War Days!**

**IT'S TRUE!** That upward spiral of price rise hasn't so much as budged Greyhound fares. They have remained normal—just as low as before-the-war days. This is more remarkable too, since costs and maintenance of operating bus lines have risen sharply all along the line.

How does Greyhound do it? Well—it's no trade secret. The backbone of Greyhound Lines formula for success is more and better service to more people. Expansion and augmented service . . . thorough maintenance and efficient operation of equipment have all combined to hold the line on bus fares.

Your travel dollar really buys more today than ever before in bus line transportation. And when Greyhound's orders for new buses are filled, your dollar will buy even more in comfort, convenience and better bus service.

**I'm only two men today!**

Here's E. S. Humphrey talking about his farm

"Sometimes I'm five men—and so are each of my helpers. Today, we're loafing—just doing about two men's work apiece."

"Sounds like a riddle, Mr. Humphrey."

"No riddle. See that potato field? Seven of us planted those 25 acres in 10 hours' time. But—without my electric potato cutters to get 'em ready for planting—and other modern equipment—it would have taken thirty-five men to do the job."

"Golly - what a saving!"

"Yep. Electricity does a lot of our work more cheaply. Right now it's lighting my five-story chicken house—keeping my cattle inside a little one-wire fence—cooking supper—cooling the refrigerator—running the water heater. It may be washing the clothes and sweeping the rugs, too, for all I know."

"But doesn't that give you a big electric-bill?"

"It's only a small fraction of one man's monthly wages. Electricity is the best of hired hands—it's never tired, it never talks back, and the more it works the lower its hourly wage. As a matter of fact, electricity is about the biggest bargain on my farm."

# THE FRUIT OF UNCEASING LABOR

★ Between 1911 and 1935, a brief span of twenty-five years, extraordinary progress was made in public health. According to figures released by the Metropolitan Life Insurance Company, the duration of human life during this period was extended by almost fourteen years. It is all the more remarkable in the light of the history of this period, which included the first World War, the worst epidemic in recent history, and America's most severe depression.

Many agencies have contributed to make America a more healthful place in which to live. Not the least of these are scientific medicine and pharmacy, which work unceasingly for better methods of prevention and treatment of disease.

## MSC Fall Term Opens September 30

Fall term classes at Michigan State College will begin on September 30, with a record enrollment of about 10,500 students expected.

Activity for new students, an estimated 4,000 of them, will start a week earlier on Monday, September 30. The orientation program will open with a convocation at 1 p. m., with Dr. John A. Hannah, president of the college, as the main speaker.

Following the convocation the new students will meet in groups with their counsellors. Those who already have picked their major course of study will also meet their enrollment officers to discuss programs of study.

Tuesday, all new students will undergo examinations of various types, such as psychological, reading and English tests. These new

enrollees also must have a complete physical examination by college health authorities.

All students, old and new, start registration on an alphabetical schedule on Wednesday, September 25, and actual classroom work will start the following Monday, September 30.

Resumption of classwork will mark the close of the longest period of the year during which classwork is suspended on the campus. The summer quarter closed on August 30. A record enrollment of 4,813 students took classroom work toward undergraduate or graduate degrees during the summer.

The college campus otherwise has been active, too, and in fact did not suspend activity for the month of September. Largest meeting of the summer was held September 3 and 4, when the 4-H club and Farmers' day meetings were held. An estimated 3,000 persons attended these meetings. Up until August 30, about 2,000 had attended other short courses and conferences held on the campus.

It usually takes effect within three or four days after applied. Depending upon the weather conditions and variety, the spray may continue effective from ten days to three weeks.

If sprays are applied too early, the effects may wear off before the dropping even starts. If sprays are applied too late, the solution may not take effect until after the fruit has dropped.

Langer also warns against the

practice of picking the crop before pre-harvest drop. High quality fruit is demanded and will bring the best price. Apples picked before maturity have poorer color.

### Spray on Apples Helps to Prevent Pre-Harvest Drop

More apples will reach the market and eventually the tables if every precaution is taken to retard the usual pre-harvest drop. C. A. Langer, extension specialist in horticulture at Michigan State College, recommends the use of naphthalene acetic acid spray, especially on McIntosh apples, which have a tendency to drop more readily than other varieties.

The secret of success is using the spray at just the right time. To begin with, clear the ground beneath the trees. Then in your daily inspection, take note of the apples falling. When the average drop reaches four to six sound apples per tree during any 24-hour period, apply the spray.

Langer suggests the use of one-quarter of a pound of naphthalene acetic acid to 100 gallons of wa-
