USO Starts Drive In Oakland County Monday, October 28

Oakland County's 1946 drive for the USO opens Monday Oct.28 and is scheduled through Nov. 13. County quota is \$20,680. Independence Township's share is \$329, go to parties, not as working re- and chairman is Alfred Lee, porters but for the fun of going Clarkston. Brandon Township's share is \$164, chairman is George Marble, Ortonville. Springfield Township's share is \$66, chairman is Howard Hillman, Davisburg. Out-county chairman is Paul Henry, 6560 Orion Road, Clarks-

The USO formerly was sup-ported by the United War Fund, which will be exhausted by Dec. 31, 1946. However both the Army and Navy have requested continuance of USO for one year to serve those still in hospitals, still in service and those in training. National objective is \$19,000,000.

During 1947 USO services wil reach the following groups:

a. Enlisted personnel still in military and veterans' hospitals. b. Enlisted personnel on duty overseas, and families joining these men.

c. Enlisted personnel on active duty in the United States.

d. New personnel in training for active duty.

e. Enlisted personnel and their families in transit in the U.S.

The 1946 campaign is the final campaign for USO and is known as the "See-It-Through" campaign. The Executive committee and board of directors have made the following announcement:

"USO will complete its wartime, demobilization and reconversion services Dec. 31, 1947."

"In the meantime the member agencies of USO which will have peacetime responsibilities in the country for the armed forces, and giving consideration to the pattern of co-operation set by USO will responsibilities can best be dis-

Hallowe'en Night In Clarkston

Hallowe'en night festivities at Clarkston will include a show and dancing with the Goodwill Barn Dance and Show entertainers who have been with WJR for the past two years. The show will last about one hour, beginning at approximately 9 o'clock and the square dancing will continue after the floor is cleared. Since the following day is a school day, the dancing will be brought to a close somewhat earlier than the usual Friday night dances sponsored by school classes. The Sophomore class will sponsor the dance with the co-operation of the Rotary Club whose members are conducting the prizes, refreshments, etc. for the usual Hallowe'en parade, bon-fire and song fest. An admission fee will be charged for the Barn Dance Show and

Large Crowd Attends O.E.S. Installation

Mrs. Henry Garter Is Worthy Matron

On Monday night a large crowd ttended the installation of the oficers of the Joseph C. Bird Chapter, O.E.S. Mrs. Hazel Jones was the master of ceremonies. The program opened with a memorial service by the Past Matrons for the late Mrs. Caroline Beebe, Mrs. Ida Virgin and Durand Ogden. Mrs. Blanche Walter sang two very pretty hymns in this service. Mrs. Ethel Hart of Detroit, a past matron of the Ferndale chapter, acted as installing matron and she was assisted by Mrs. Frank Dowling of Bloomfield Hills, past matron of the Orion chapter, as installing marshal; Mrs. Evadna Richardson, past matron of the Clarkston chapter, as installing of a Pontiac chapter, as installing en by the Reverend Walter C. B.

Two very pretty numbers, "In the Time of Roses" and "I Love Life" were sung by Mrs. William Mansfield with Mrs. Chas. S. ored by the club to be bigger and Matthews at the piano. Mrs. Henry better than last year—Huge Bon- Garter was installed as worthy Fire—to be followed by Torch matron. She was escorted to her Parade augmented with flash-station by little Mary Lou and sociate patron, Lloyd Anderson, derson were conducted to their mother who was a guest from the

The installing officers and the officers elect wore beautiful corsages of baby mums. Large baskets of colorful fall flowers were at each end of the chapter room.

After Mrs. Garter had received her gavel and had taken over the reins of her office she introduced her huband, Henry Garter, and her sister, Mrs. Helen Warner of Detroit. After thanking all those who had worked with her in the past year she asked for cooperation and harmony during the year ahead. Mrs. Elmer Going, the retiring worthy matron was presented

with a jewel and several gifts Mrs Orlo J. Willoughby favored the assembly with two lovely songs, "Sylvia" and "By the Bend of the River". Mrs. Evert Campbell played the piano accompani-

ment. At the close of the evening's program refreshments were served in the dining room from a table arranged to represent the chapter room. The cloth was white and in the center was a beautiful five pointed star with the points colored blue, yellow, white, green and red. In the center of the star was a pretty, miniature altar with a white satin cover and on the altar was the white covered bible. Flanking this beautiful arrangement were candelabra holding lighted tapers of the colors in the star. Mrs. Lloyd Sibley was responsible for the beautiful table setting. Mrs. O. C. Adams, Mrs. L. O. Kern, Mrs. Gordon Boeneman and Mrs. Lloyd Sibley poured. Those who had charge in the kitchen were Mrs. Arnold Mann, Mrs. Ransom Vliet, Mrs. Charles Rockwell, Mrs. Robert L. Jones

and Mrs. Harold E. Weston. Guests were present from Detroit, Birmingham, Flint, Rochester, Flushing, Holly, Commerce, Walled Lake, Lapeer, Pontiac, Bloomfield Hills and Orion.

Waterford CHRIST LUTHERAN CHURCH OBSERVES ANNIVERSARY

The Second Anniversary services at Christ Lutheran Church were very well attended last Sunday. The Rev. Stanley Sandberg of Chicago delivered the morning message. The board of administration was installed at this service. The board includes Glenn Terry, Stanley Hawkins, Earl Grahl, James Lamberton and Joseph Helman as deacons, and Julian Brill, Gordon Boeneman, Albert Dryden, Clifford Wood and Frank Schlutow as trustees.

The Rev. Glenn Pierson of Grand Rapids was the evening speaker and the Rev. Milton Lundahl of Pontiac extended a greeting. The \$2,000 promissory note to the board of home missions for the church site on the Williams Lake Road was burned at this service and the ashes of the note will be placed in the cornerstone of the church building. There is a start of \$13 towards the church building and it is hoped that it will grow rapidly enough that a building may be erected in the not too distant future.

The Ladies' Guild served refreshments after the evening service and a social hour was en-

Stran-Steel gives you more value LOW COST-Efficient designing and factory production methods make these steel "Quonsets" low in cost as well as low in maintenance.

FIRE-SAFETY-Framed with Stran-Steel and covered with steel, the "Quonsets" provide a maximum degree of fire-safety . . . safeguard profits and property.

ble Stran-Steel arch-rib construction is proof against wind, weather and deterioration. It saves you upkeep money every

SIMPLE SPEEDY ERECTION—Stran-Steel construction is the simplest, easiest ever developed, because you wil the steel covering directly to the Stran-Steel framing members. The patented nailing groove clenches the nail in a grip of (STRAN) steel, securely, permanently.

ABAPTABILITY—The simplicity of the Stran-Steel framing system permits variations in length and in the arrangement of windows and doors. Easy to extend building to any length if required. Clearspan interior makes building adaptable to almost any use.

... they show why

LIGHTNING-SAFETY-Like all steel buildings, the "Quonsets" feature lightning-safety as an inherent characteristic.

UNIFORM QUALITY—Because these "Quonset" buildings are framed with Stran-Steel and covered with steel, there is no variation in quality or sectional strength . . . no dependence on factors of "growth," "seasoning," "greenness."

> Let's talk over your farm building needs NOW. Drop in today and find out how a "Quonset" can be fitted to your requirements.

"Quonset" buildings and Stran-Steel framing are products of Great Lakes Steel Corporation, a unit of National Steel Corporation

MRS. CROSBY

May we present another of the new teachers at Clarkston this 8th grade classes.

Mrs. Crosby, gracious and poised, and her three charming Primed by stories of the fantas- daughters, Shirley 16, Elaine 6, tic life of Jack London and by and Sharon 5 moved to Clarkston thrilling tales of the North which from Ann Arbor last summer. For he wrote, the high school through- Mrs. Crosby this was like moving of 6-0. Anthony Smith made the ly enjoyed a movie, "Jack home. She graduated from Pontiac touchdown for Fraser, Fraser London", last Thursday afternoon. High School and knew Clarkston played a five man line, with 6 The audience was surprised to see well. From Pontiac she went to the men in backfield. The starting line how closely Jack London's actual University of Michigan where she up for Clarkston was as follows: majored in science, particularly Davison, Q; Smith, F; Greathouse, the chemistry of foods, and mi-H; Westover, H; Hagen, E; Adams, nored in social sciences. While at E; Anderson, T; Remback, T; Trim, the university she joined the Kappa Delta Sorority and last year she served as chairman of the alumnae advisery board for her sorority.

For two years Mrs. Crosby was secretary for F. J. DuFrain of the university faculty and then worked as a clerk of the division of high school inspection while Dr. J. B. Edmonson, present dean of the School of Education of Ann Arbor, was director. She worked for several years as secretary to the late Professor W. Carl Rufus who was secretary of the Committee of Barbour Scholarships for Oriental Women. (You might say her hobby was a general and personal interest in many of these oriental women.) She and her family were very close friends of the Rufus family.

Mrs. Crosby was counselor in First Methodist Church at Ann plicate the thing for those who Arbor last year.

The school feels privileged to have Mrs. Crosby as a member of its' faculty this year.

Edison Petitions For Rate Reduction To All Customers

The Detroit Edison Company oday filed with the Michigan Public Service Commission a formal request for permission to reduce charges to all classes of electrical customers.

The request is contained in two petitions receipt of which was innounced today by William J. McBrearty, chairman of the commission, who fixed October 29 for hearing in Lansing.

The first proposal would reduce farm, residence and commercial 1946. The second would effect a rate reduction of three percent for service to industrial customers effective January 1, 1947. The estimated saving to industrial customers for the year 1947 is \$927,000.

The immediate reduction to the

The discounts, if approved as proposed, combined with the rate surplus building materials and men carry sufficient ice to chill in cars and in game areas, and on total 1946 savings to customers days, War Assets Administration to more than \$5,000,000. It was predicts.

believed that the general rate reduction of last January would reduce customer's bills by \$3,000,-000 but the increase in volume of business over the estimate made at that time brought the customer savings to more than \$3,500,000

Prentiss M. Brown, chairman of the board for Detroit Edison, explained that the proposal is in fulfillment of a promise made to members of the Public Service Commission last December when the \$16,450,000 refund of Federal tax monies collected for 1944-45 and the January 1 rate cut of \$3,000,000 were agreed on. The amount of the rate reduction was approved by the commission on by \$1,500,000 bills to be sent to the suggestion of Edison officials that further voluntary adjustcustomers during the remainder of ments would be proposed later in the year if justified by income.

The commission today notified the City of Detroit and other interested parties of the proposals made and the date of hearing.

In a third petition the Edison company proposes to strengthen first class of consumers would its Employes Retirement Fund by amount to 30 percent of one transferring to that fund from a month's commercial bill and 15 reserve account the sum of \$5,percent on the two month's resi- 804,500. VETERAN WORLD WAR II

Mr. Adams is 33 years old and was born on a farm at Silver Lake where he now resides with his wife and family. He was graduated from Pontiac High School in 1929 and from the law school of the University of Michigan in 1936. He has practiced law in Pontiac since his graduation except the three years he was serving in the U. S. Navy. As an active Court Justice of the Peace in Waterford Township since 1937 he has established a reputation for fairness and good judgment. He is familiar with the farmers' problems that need legislative attention as well as those of the schools, the township, the veterans and business and industry. For honest, able representation, elect ADAMS.

* The early Greek physicians believed that it was not possible for a man to enjoy perfect ' health unless he carefully organized his life to accomplish this single objective. This meant the meticulous ordering of each day. Proper nutrition, exercise, and rest were perfectly balanced. Physical constitution,

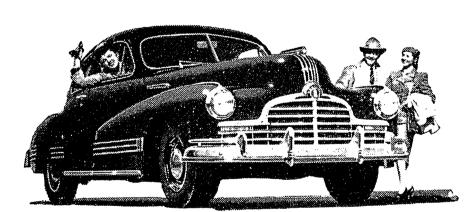

age, and even the seasons of the year were considered. For a man of affairs, such a regimen is out of the question. When your work is done, you play and exercise when you can. But this little you can do. See your family physician at least once a year. Follow his advice. In case medication is required, we are prepared to serve you, promptly and economically.

If you're figuring NOW for 47...

TITH the end of harvest, and winter's approach, clear-thinking farmers start planning for next spring. They are thinking in terms of expansion-of increased profits in 1947.

Most farmers will agree that the answer to the manpower shortage is increased use of electricity. But it's not always easy-on a budget-to know whether an electric brooder will prove a better investment than a feed grinder or a portable grain elevator.

When it comes to electrical improve-

ments for your farm, there's one man it pays to consult-your Edison Farm Service Advisor. He has the up-to-theminute facts on every sort of electrical equipment - he can arrange practical demonstrations for you. More than that, your Edison man can give you accurate, impartial recommendations for planning your long-range electrification program. He has no equipment to sell . . . there's no charge for his services. He's simply available to help you-to put the latest Edison research and experience to work on your farm.

Sterilizers

War Department Announces Plans For Officer Ratings

The War Department announced today that approximately 70,000 applicants for Regular Army commissions under the first integration program earlier this year are being notified they are under consideration for the additional vacancies existing under Congressional action authorizing an increase in the Regular Army Officer Corps strength from 25,000 to

It was also disclosed that on a date to be announced, additional a higher number of strong, applications for commissions will healthly pigs than do sows which be accepted. Those who qualify under a processing program paralleling closely that employed to select an initial increment of 9,813 officers late in June will be added to the consideration list and given equal opportunity on the basis of qualification with those already

While machinery for accepting additional applications is not yet functioning, full details are expected to be announced and the program gotten under way probably immediately.

It was pointed out that original applicants not among the initial 9,813 given Regular Army Commissions may assume they are on the consideration list unless they have been formally notified by the War Department to the contrary. Those who have been notified of rejection will not be eligible. Others will be permitted to restate their interest in being commissiond as a Regular Officer and to change their choice of branches, if they so desire, before the integration of the 25,000 new Regular Officer is begun, regardless of whether they are still on active duty or have reverted to civilian

Tentative plans for integration of these officers call for appointments to be made in four increments, in January, May, September and December of 1947. It is anticipated that greater emphasis will be given to commissioning officers in the ranks of Captain and Major than was given in the first integration.

It's not too late to plant a good rye pasture. Michigan State colege agricultural specialists say that rye will not only provide good fall and early spring pasture. but will prevent soil from eroding. It will also make excellent green manure for plowing under next

Use of Alfalfa Cuts Loss of Young Pigs

Much of the 20 percent loss in pigs born dead or that die in the first few days after birth can be eliminated by the proper use of alfalfa in the ration for sows. W. N. McMillen swine specialist at Michigan State College, is of that opinion as the result tests made at the college experimental farm.

Corn protein supplements and minerals do not supply all the nutritional needs of a pig either before or after birth, McMillen says. Sows fed 10 to 15 percent of high grade alfalfa meal produce get no alfalfa meal.

Pasture is even better than alfalfa meal for supplying these valuable nutrients, the swine specialist maintains. Experiments show that early fall sown rye will save much hay grinding and lengthen the pasture season. Rye pasture can be used late in the fall and again early in the spring. Sows, he reports, store nutrients from the rye pasture in the fall that help them carry through the pre-birth period when green forage is not available.

Other experiments show that ored gilts can be self-fed when from one-third to one-half alfalfa meal is included in the ration. There is also less waste from grinding and mixing hay with the ration than to feeding whole hay, McMillen declares.

The use of pasture as long as possible this fall and the maximum use of alfalfa meal this winter are good ways to stretch your limited grain and protein supplement supplies in swine feeding.

War Assets Administration is making wide use of experts in ousiness and industry as consultants in deciding the many problems arising in the disposal of surplus war goods. These consultants serve without pay.

Announces a Brand New

. . . A music lover's paradise, with all the latest recordings at your fingertips.

• You'll be delighted with the ultra-modern atmosphere of the new Record Bar. It's the biggest news Clarkston has had in a long time. Your favorite musical gems may be easily selected and played on any one of five smart built-in record players. There is no interference of any kind since you alone can hear the record you are playing by means of an ingenious set of earphones that transmit the music. Come in tomorrow, Saturday, October 26th, and see for yourself what the Record Bar has to offer you. You'll be amazed at the endless selection of latest hits, classical numbers, dialogues and other numbers. And there is a variety of children's stories and nursery rhymes on unbreakable records. They will delight the heart and capture the fancy of any youngster.

Records for Christmas Gifts . . .

Christmas shopping time is growing nearer and you couldn't find a better gift for your friends or members of the family than an album of recordings by their favorite artists. The Record Bar can help you solve that everoccurring problem of "what to give".

• Among the album series of recordings you may choose such favorites as Strauss Waltzes, The Boswell Sisters, The Ink Spots, The Andrews Sisters, Pictures in Music, Songs of Trinidad, Square Dances and a host of others. There are musical selections from movie successes such as Lady in the Dark, Song of Bernadette, Snow White, Lost Horizon and For Whom the Bell Tolls. In fact the Record Bar is probably the most complete record salesroom in this area. Drop in and browse around at your leisure and bring your friends, too. The Record Bar is located in the Infra-Red Ray Devices building on South Main Street in Clarkston. Open from 10 a. m. till 5:30 p. m. daily and from 10 a. m. till 9 p: m: on Saturdays. Don't fail to come in and visit the Record Bar.

For First 2-Graders **Ends October 30**

Colonel Walter C. Cole, Commanding Officer of the Michigan Recruiting District, today announced that a War Department directive has been received that ends the opportunity for veterans to re-enlist in the first two grades, after October 30, 1946.

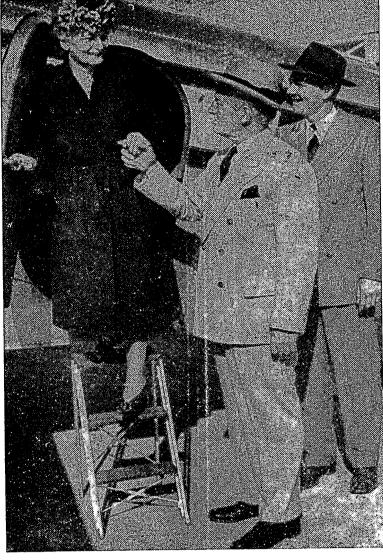

Previous to October 30th, any qualified veteran could re-enlist as a Master Sergeant or Technical Sergeant on the basis of his experience and length of service. Authority to do this is granted under War Department pamphlet 12-16, a measure enacted to protect the interest of the veteran.

However, recent heavy enlistments have raised a Regular Army of almost a million men, and it is desired that openings be kept in the first two grades to permit promotion in the ranks of men able and deserving.

After October 30th, veterans who could re-enlist as a Master Sergeant or Technical Sergeant on the basis of War Department pamphlet 12-16 can still re-enlist in the grade of Staff Sargeant.

Social Security **Protects Survivors** Of War II Veterans

Survivors of qualified veteran of World War II, who die withir hree years after honorable dicharge from the armed forces, are entitled to receive monthly social security benefits under the provisions of the veterans' amendment to the Social Security Act.

Many persons entered military service with social security protection they had earned in the course of previous covered employment and found at the time of their demobilization that they had lost their insured status, or that their service had reduced the amount of possible family benefits. This resulted because the time they spent in service is not considered employment under the Social Security Act, and it acts to reduce the amount of potential benefits earned in covered employment

Under the terms of the amendment, ex-servicemen to whom it applies are given the status of fully insured workers under the old-age and survivors insurance program of the Social Security Administration, with an average monthly wage credit of \$160. They are given an additional percentage credit, which will increase the benefits their survivors may re ceive, for each year in which they had a minimum of 30 days of active service after September 16,

Survivors of qualified veterans who become beneficiaries under the act are the same as those of fully insured workers under the old-age and survivors insurance program. They are:

1. Widow, aged 65 or over, She will receive monthly benefits for life, unless she remarries.

2. Young, dependent children. They will receive benefits until they are 18 years old, unless they

3. Widows of any age with young dependent children of the insured veteran in their care. They will receive monthly benefits unless they remarry or until the youngest child reaches 18. If the widow does not remarry, she may file again for benefits at the age 65. 4. Aged dependent parents of

the insured veteran who leaves The plow of the digger should run no widow or child under 18. Their nechanical damage in diaging, he deep enough that it will not cut benefits continue for life unless the parent remarries.

In the absence of any person immediately eligible for monthly can lie on top of the ground an benefit payments, a lump-sum hour or more before being picked payment may be made to certain up. This allows the potatoes to dry specified relatives or to persons

Cattle Breeders Announce Plans For Cooperative

The Oakland County Extension Service announces that an Artificial Breeder's Association for dairy cows is being organized in the northwestern party of the county. Plans are being made to complete agricultural agent will be working membership for the association in the area calling on farmers to through the latter part of October and November, The association will be organ-

vice in connection with the Mich- 1512 W. Huron St., Pontiac. igan Artificial Breeder's Cooper ative, incorporated, a non-profi. organization owned and operated by farmers and supervised by the Michigan State College Dairy Extension Service. The aim of the organization is to make available the use of high producing sires at low cost and thereby build up production efficiency of dairy herds. At present sires of the Holstein, Guernsey and Jersey breed are available for use and are either proven sires or sons of proved sires with a high butterfat index Records of daughters of these good bulls compared to their dams indicate that, for herds producing less than 400 lbs. of butterfat per cow per year using service from these bulls will give higher producing heifers to replace old cow in the herd.

To make the use of these bulls vailable to farmers in this area a total of three hundred cows of one breed must be contracted and a local association formed by local farmers. The area covered by the local association must necessarily be limited to insure efficient and economical service. Present plans are to include the area around Davisburg, Holly, Ortonville and West Clarkston. An association has been put into operation in the southwestern section of the county and it is anticipated that another will be formed in the northeastern section.

A number of farmers have al- Phone 2311 eady signed up all or part of their

A MESSAGE OF INTEREST

to all who await deliveries of new Chevrolets

We want you to know that everything possible is being done to speed deliveries to you; but production still lags far behind schedule -even though Chevrolet has built more cars and trucks than any other manufacturer from January through September 1946

E REALIZE how eagerly you are awaiting delivery of the new Chevrolet you have ordered from us, and we want to pass on to you the latest information received from the Chevrolet Motor Division, even though that information isn't too encouraging at this time.

It is true that Chevrolet leads all other manufacturers in total production of passenger cars and trucks from January through September 1946, despite the fact that Chevrolet was out of production entirely during the first three months of this year. It is also true that Chevrolet has continued to maintain its lead in total production during the third quarter of 1946. And yet production is still running far below desired levels, with the result that Chevrolet's output of cars and trucks through September 1946 was only 38.7% of the number produced during the corresponding period of 1941.

This means it may take many months for the Chevrolet Motor Division to reach peak production of new Chevrolets-even longer to fill the unprecedented demand for this product of BIG-CAR QUALITY AT LOWEST COST -and, for the present at least, "there just aren't enough Chevrolets to go around," much as we wish there were.

However, we want you to know that new Chevrolets are leaving the plants in the largest numbers possible today. The Chevrolet Motor Division tells us it is doing everything it can, in the face of continued suppliers' strikes, material shortages and manpower problems, to step up shipments to us and to all dealers, in accordance with a predetermined distribution plan assuring each dealer of his fair allotment. based on 1941 passenger car sales. And we, in turn, are doing our best to deliver new Chevrolets to our customers as rapidly as they are received and in the fairest possible way. We are too appreciative of your loyalty and goodwill-too grateful for your patience and understanding — to do anything less than continue to serve you to the very best of our ability.

KEEP YOUR PRESENT CAR RUNNING

Meanwhile, the most important car of all to you is the car you are driving now. May we suggest that you keep it in top running condition until you secure delivery of your new Chevrolet, by bringing it to us for skilled service now and at regular intervals.

Remember—cold weather is hardest on old cars. Please see us for a complete check-up today. . . . And, again, thank you!

To Be Organized

It has been decided to organize an Extension Club in Andersonrille. This will be a club for all he women in the district. The program for the year will be varied and the subject at each meeting will be something of interest to every home maker. The meetings will be held at the church house in the evening. Any persons who are interested are asked to phone Mrs. L. D. Gaynor so that arrangements can be made for the first meeting.

the growth of the office of the Jus- his talk with comments on pro- lerless deer in Allegan county

Together with 43 residents of the hunting area who did not need to risk the lottery for their permits, they make up the quota of 300 participating in the sixth season of this kind in Allegan, to crop a deer herd that formerly damaged farm yields.

IN MEMORIAM

In ever loving memory of Evelyn Davies Hungerford, who entered into rest one year ago, October 29th, 1945. Sadly missed by her family

"Blessed are the pure in heart for they shall see God".

Elect Frank C. Dunston

SHERIFF Oakland County

DEMOCRAT

He is an experienced business man and public official. Will apply sound business principles in conducting the office.

He has a good record for getting things done as a public official.

He is a thorough investigator and has the administrative ability to reorganize the Sheriff's Department and make it an effective law enforcement

He will fully cooperate with all law enforcement agencies. If a major crime is committed at any time during his term in office he will immediately call in the Michigan State Police to help solve the case while the trail is still warm.

His undersheriff will be a veteran of World War II.
