Blaze Destroys Cemetery Office

A fire which broke out early Tuesday night destroyed an old barn which served as an office of the Ottawa Park Cemetery.

The blaze was discovered by Mrs. Mae Hall of 6450 Maybee Rd., who saw the flames shortly before 8 o'clock Tuesday night from her home across the street. The Clarkston Fire Department was called and arrived a few minutes later. They were able to save a little of the wooden building.

The converted barn housed offices of the cemetery and was also used as a storage place for machinery and equipment. Officials have not completed an inventory of the losses, but stated that everything was insured. Oscar Eckman, director of finance, said he thought the damage might amount to around \$4,000.

Carl Anthony, cemetery superintendent, could not throw any light on the origin of the blaze. He said the coal furnace in the building had been checked at 5 o'clock Tuesday afternoon.

Rural Caravan Has Food Display

Whether it's fruit, vegetables, poultry or meat, that will go into quick-freeze lockers this year, the best methods and materials for preparing and packaging will be the basis for a prominent display at this year's Rural Progress Caravan.

Specialists in home economics at Michigan State College have found that frozen foods may be the most delicious of any garden or orchard products stored for winter use, or they may be the most unappetizing. That will depend upon the way they are handled. Thus, the three-panel display will stress freezing to insure fresh flavor, high food value and bright color.

Step-by-step pictorial instructions as well as samples of the recommended types of locker papers, cartons and wrappings have been prepared. The departments of home economics, poultry and animal husbandry are cooperating to aid the increasing number of farm families who are storing foods in commercial frozen food lockers or in home units.

The caravan, sponsored by the extension service, will be in Pontiac on Jan. 29, 1947. It will be open from 10 a. m. to 3:30 p. m.

EXAMS

Textbooks are taking a beating. You can hear the cogs grinding and the gray matter expanding and contracting in the study hall. High school people are suddenly becoming anxious to learn the answers. Yes, exams are being held next week, Wednesday and Thursday. In case you have misplaced your schedule, here it is:

Wednesday, Jan. 19 — 9-10:30, 4th hour classes; 10:30-12, 5th hour classes; 1:30-3, 6th hour classes.

Thursday, Jan. 30 — 9-10:30, 1st hour classes; 10:30-12, 2nd hour classes; 1:30-3, 3rd hour classes.

SCHOLARSHIPS

Students may be interested to

know of the scholarships available for 1947-48 from the Student Aid Foundation of Michigan to high school graduates who have high ability, who want a college education, but who cannot go to college without some financial help.

Scholarships may be used at any accredited institution. The amount depends on the student's need. Applicants recommended by their principals should submit application by Feb. 21 on a form which may be secured from the office of the Foundation, 2486 National Bank Building, Detroit 26. Applicants will be asked to take a competitive examination, and perhaps later to be interviewed. About 40

new scholarships will be awarded for 1947-48.

ADVICE

A University of Michigan publication, "Information for Prospective Freshmen", in advising high school students of college requirements, first suggested that the student consult an adviser, examine many colleges, curricula and opportunities and then make his decision about high school courses. The article went on to say:

"The senior year in high school is a most important one for the student who wishes to be well prepared for his freshman year at college. This year should be academically the most difficult year and not the easiest. There should be no relaxation in studies in the senior year in high school in spite of the temptation as a senior to participate in extra-curricular activities, as well as in the social life of the school, to the detriment of the academic program. Subjects studied in the senior year in high school should have a very close relationship to the subjects to be taken in the freshman year in college. For example, if mathematics is to be included in the freshman year, it should also be taken in the senior year in high school."

HOLLY GAME

Friday, Jan. 17, the Clarkston Wolves defeated the Holly Broncos in Holly's gym in a rough and tumble game by a score of 21-19. The second team in its initial ap-

pearance of the year was defeated 49-13.

Clarkston's starting team — C. Megee, Longair, Davison, Ludwig and Greathouse (Capt.)—learned in the first minute of play that Holly was playing to win. Although Clarkston kept the lead throughout the first three quarters — 1st, 7-5; 2nd, 13-9; 3rd, 17-11—during the last quarter Holly gained the lead and in the last few minutes of play Holly's lead of 18-17 threatened to be the final score of the game. Davison's long shot from the center of the floor gave Clarkston a breather. Greathouse scored by a long side shot and the score became 21-18. A free throw gave Holly its final score and the game ended 21-19.

Substitutes for the first team were D. Anderson, Adams, Dubats and Smith. High point men in the game were Davison 8 and Greathouse 7.

The second team starter—Doyle, DeVaney, Webster, Fell and Leak—discovered early in the game that their lack of experience was a great handicap. The Holly team with speed and skill worked through the Clarkston defense to score time and again. Leak, the acting captain, and DeVaney—both with experience in first team games—were high point men. Substitutes for the game were G. Megee, Butters, G. Anderson, Rioux and Tower.

WEATHER

Tuesday's blizzard did not dent the attendance very much. All teachers were on hand and, with a few exceptions, students were in school on time.

The breaking of two power lines servicing the school caused difficulty through the night. The Edison people came out, Mr. Boyns fired the furnaces by hand, and Mr. Beach of the fire department stood guard lest someone contact the high tension wires. Everything was in order by midnight.

Janitors found it useless to combat the drifting of snow over the walks until in the afternoon. One bicycle was parked on the school grounds as if in defiance of the worst that King Winter might do.

Red Cross News

The blood donor service of the Oakland County Chapter American Red Cross will recruit 600 volunteer donors the week of Feb. 17 according to Harold Blackwood chairman for Pontiac. The mobile unit of the Michigan Department of Health will be stationed Feb. 17 to 21 at the Elks Temple, 114 Orchard Lake Avenue. All donated blood will be processed into plasma by the Michigan Department of Health after which it will be distributed to local hospitals and physicians. Plasma is not sold but is made available to local patients who need it. The only fee is a small charge by the hospital for plasma administration costs. Mrs. Henry Goodnow will assist Mr. Blackwood as co-chairman and Mrs. John Kent will act as registrar. A number of volunteers will begin registrations January 27, when calls will be received at 4-3575.

To be acceptable as a registrant, donors must weigh at least 115 pounds and must have no acute illnesses or histories of recent illnesses or operations. Only those who can safely give a pint of blood are accepted by the physicians and nurses attached to the mobile bleeding unit which handles the collection of blood.

In preparation for the clinic representatives from community organizations will meet Jan. 28 for dinner at the Waldron Hotel, when details of the program will be explained.

Eight were the rural-line neighbors
Of selfish Penelope Twee.
She lacked good telephone manners
Though proud of her family tree.

She kibitzed their calls and snorted:
"Are you going to talk ALL DAY!"
Yet Penelope's calls were long-winded —
"But I pay for the privilege," she'd say.

Penelope's calls were in series
That lasted from nine until nine.
She'd forget to hang up the receiver
And tie up the whole rural line.

Good rural-line neighbors are thoughtful
For it's better to share, they agree;
Then all of them get better service —
When they need it the line is left free.

Clarkston Seniors Cater to Appetites Of Fellow Students

Clarkston Seniors, ever desirous of salting down an honest dollar for the class treasury, are planning to appeal to the appetites of other students.

The Seniors will prepare an extra food dish for sale as a supplement to milk and lunches available.

Some of the class mothers will help each Wednesday noon in this

enterprise and 15 cents is the sum set for this nutritional dish.

Since the stores are closed on Wednesday noons, it is expected that the new enterprise will flourish.

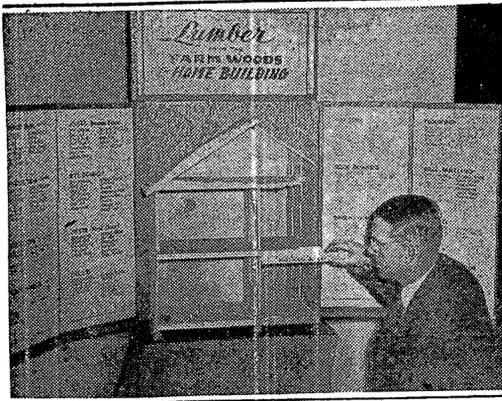

Mr. Lamb's drawing classes were pleased with the improvement in drawing boards effected by sandpapering. The boards were taken by Mr. Hempstead, who has wood-working machines, and are now as smooth as new.

Miss Niblack's science classes have had a new set of special

books placed at their disposal. These books will become a part of the school library as soon as science students have explored them and in that manner, acquainted themselves with the contents.

Increasing school enrollment puts a tax on library services.

Clarkston's debating team has closed the season by defeating Sandusky speakers there on Friday. The local debaters — Ken Hempstead, Barbara Rioux, Harvey Beach and Patricia Watson — also won from St. Clair Shores, lost a contest to Royal Oak and missed another because of the opponent's forfeit. The subject this year was on the issue of socialized medicine. Mr. Ridgley coached the speakers.

One of the features of the Rural Progress Caravan which will visit Pontiac on January 29, will be an exhibit showing the use of native lumber in farm building. Here Ira Bull, extension forester, is making a final check of the exhibit which includes a cut-out miniature of a building showing where native lumber can be used. The Caravan, sponsored by the Extension Service of Michigan State College, will show in Oak-

land County at the Pontiac Armory on Water Street from 10 a. m. to 3:30 p. m. It features "The Farm and Home" and is filled with new home remodeling and building ideas, according to Karl D. Bailey, County Agricultural Agent.

A record crowd of 3,800 people attended the caravan last year in this County. Mr. Bailey is looking for an even larger attendance this year because of the wide-spread interest in home remodeling and farm buildings.

military installations as well as veterans hospitals.

Community groups of Oakland County have been most helpful in this work. While the United States Government has been most generous in providing basic requirements, community service to camps and hospitals has been able to supplement supplies and assistance. Mrs. Noble attended the meeting as well as Mrs. Walter Apel, members of her committee and Mrs. R. A. Armstrong, Junior Red Cross Chairman.

NOT ON YOUR TINTYPE!

Grandma looks calm and collected as she poses for posterity, but she wasn't—not on your tintype! Getting her family ready for this picture was a long, weary business.

The day this photo was snapped, Grandma was up at dawn, wrestling with the old wood stove, coaxing the kettle to boil, cooking breakfast. And the day before, she ironed the mountain of clothes that had needed such hard scrubbing. The day before that—

But that was Grandma's life. She didn't know any other kind. Her way of housekeeping took lots of time, lots of elbow grease. In Grandma's gayest dreams she never imagined the time would come when a woman would have dozens of electric servants daily for the cost of a bar of soap.

Electric service—ready and willing around the clock and calendar—is a modern miracle Grandma missed by being born too soon. But electrical dependability (and cheapness, too) didn't happen by accident. Not on your tintype! They're the result of plenty of hard work and practical experience on the part of your neighbors who operate this company.

The DETROIT EDISON Co.

Mrs. Monzelle Clark, English and dramatic teacher, has been confined to her home because of illness. Her classes are being taught by Mrs. Russell Cotton. Mr. Brablec reserves the speech class however, instructing in parliamentary procedure and practice.

A recent study of teacher attendance at the school showed the Clarkston staff to have an excellent record. The time from Sept. 1 to Dec. 31 was taken and of 1,520 teacher days resulting, only 15½ days found teachers off duty for illness, and 5½ days lost for personal reasons. The board of education grants each teacher a free day once per semester which allows absence from work for personal reasons without loss of pay, 10 days sick leave per year, cumulation up to a total of thirty days.

Noon dances on Wednesday are proving very popular. Lewis Masters and several of his band members furnish the music. Approximately 100 students attend. Some boys who are reluctant to dance at the class parties seem to have more courage at these "learners" dances. Girls are anxious for the boys to learn, naturally, and this is the best way. Nevertheless, many of the boys hold out regardless.

Prices Reduced

As Much As \$50 On Some Models

Ford Dealers hail the recent announcement of the Ford Motor Company, "We are reducing prices of all Ford cars—as much as \$50 on some models," as the most important postwar step taken by the automobile industry.

In making this precedent-shattering move—another "Ford First"—the Company, with which we are proudly associated, is making a "down payment" toward a continued high level of production and employment in the months ahead.

We are proud too, that the Ford Motor Company was the only automobile manufacturer which did not increase prices of cars after decontrol last Fall.

Like the Ford Motor Company we have decided that now is the time for us to make an investment in the future.

As Ford Dealers we pledge ourselves to cooperate with Ford and with our customers to do everything within our power to hasten the return of the economic pattern which has helped to make America great.

Since war's end we have delivered many new Fords to waiting customers. We hope it will not be too long until all who have Fords on order will have their new cars.

About 45 members of the Waterford Township Firefighters Association and wives attended the annual dinner at the Old Mill Tavern Hotel Tuesday evening and enjoyed a delicious chicken dinner and an interesting program in spite of the fact that several of the firemen had to leave twice during the program to fight fire.

Bert Hilliker was master of ceremonies. The program included selections on an electric guitar by James McLain; pictures on glass and the Parade of Progress were enjoyed; and Frank Rand showed colored slides which he has taken at Labrador which he explained in a very interesting manner. He has made many trips in this region. There were also some beautiful slides from a tulip show in Montreal. All present were sorry that a few members weren't able to attend this gathering because of unavoidable illness.

Mr. and Mrs. Richard Cole spent last weekend with relatives in Whittemore.

The Scout and Cub committee men gathered at the home of George Attwater Sunday evening with one hundred percent attendance. With such interest on the part of the men our boys should really go places.

Mary Pearson's name was omitted in the list of witnesses who received her sleeve emblem early this month.

PEOPLE ARE ASKING THESE QUESTIONS ABOUT ARMY ENLISTMENT

Q. What educational benefits do I get under the GI Bill of Rights?

A. If you serve honorably on active duty for a period of 90 days, one day of which is served between September 16, 1940, and the date of termination of the present war, or you are discharged because of an actual service-incurred injury or disability incurred within that first 90-day period of service, you are, upon discharge, entitled to one year of education in the college, trade or business school of your choice for which you can qualify. In addition, each month of active duty, including the first three, prior to the termination of the war, entitles you to another month of post-service education, up to 48 months.

Your tuition, laboratory fees, etc., up to \$500 per ordinary school year will be paid by the government. Also, you will receive \$65 a month living allowance; \$90 a month if you have dependents.

Q. What about family allowances?

A. For men enlisting or reenlisting now, family allowances will continue until six months after the war is officially ended.

Q. What are my chances of going overseas?

A. If you enlist for 3 years, you may select to serve in any overseas theater which has openings, especially Japan or Korea.

Q. Can I still choose the branch of service I want to serve in?

A. Yes. You can pick any branch which has quotas to be filled, if you enlist for 3 years.

Q. Is there any way I can reenlist in my old grade?

A. Yes, you can, if you reenlist for a 3-year term within 20 days after your honorable discharge.

Q. Is there any other way I can reenlist in grade?

A. Yes, if you held one of certain military occupational specialties, and were discharged on or after May 12, 1945, you can reenlist in a grade depending on the length of time you held the desired M. O. S.

Visit your nearest U. S. Army Recruiting Station for answers to any other questions you may have, or for further details on the above questions.
