Plans Made; Ground Broken For New Community Activities Inc., Building

This is the artist's conception of the new Community Activities Inc. building to be located on the old site on Williams Lake Road. Ground was broken exactly three months from the date of the fire which occurred on January 7th. The building will be practically fire proof with steel frame work and masonry. The west wing will have a ballroom 58 by 98 feet, a maple floor and a 20 foot ceiling making it suitable for basketball. At one end of the ballroom there will be a stage and two small dressing rooms. In this wing there will also be one small conference room, an adequate dairy bar, dining room with accommodation for 300 people and a fully equipped modern kitchen, also a library, checkroom and rest rooms.

The east wing will have two stories with the second story providing a ladies' lounge, a men's club room and three small meeting rooms with modern fold partitions making it possible to open them into one large meeting room accommodating approximately 150. Public spirited citizens of the Township are donating considerable in both labor and materials for the building.

The new structure will cost approximately \$45,000 with an additional \$5,000 for equipment, making a total of \$50,000.

The building will provide accommodation for the 18 affiliated groups which used the old building, with possibilities for other groups.

On hand at the present time is \$12,000 from insurance and the \$38,000 will be raised by the finance committee through donations and loans. Those donating \$100 will receive a life membership; a \$75 donation will merit a 16 year membership; \$50 donation, will receive an 11 year membership and a \$25 donation will get a 5 year membership. The annual membership dues are \$5 per family. A \$100 loan will carry a paid membership until the loan is repaid. Outside organizations assisting the finance committee includes the American Legion Post of Waterford, the Waterford-Drayton Rotary Club and the Clarkston Rotary Club. So, if you have not been contacted get in touch with any member of the groups mentioned or mail your donation to C. A. I., Box 5, Waterford, Mich.

Mr. and Mrs. George Sutphen have returned from a three weeks' trip in the south. They went to New Orleans, then along the Gulf to Florida where they visited the most interesting spots.

On Saturday night, April 19th, the Pontiac Mother Singers will serve a public dinner in the Drayton Plains school auditorium from 5 until 8 o'clock. Everyone is invited. The charge will be reasonable.

Rotary Club News

The regular Monday night meeting of the Clarkston Rotary Club had the good fortune of having as speaker, Guy Moats, Sports Editor of the Pontiac Press. He gave some very interesting side-lights of his personal observations of the Detroit Tiger winter camp at Lakeland, Florida. He also said that the prospects of the Tiger Club winning the League race this year, were the best yet.

Visiting Rotarians were: "Andy" Adams, Bob Mahan, Earl Wilcox and Carlos Richardson of the Waterford-Drayton Club. Wallace Ridgley introduced as special guests, Charles Meggee, Glenn Davidson and Jack Hagen.

Rotary Ladies' Night is to be April 29th, one week from next Tuesday night. This is expected to be an interesting event, as the Clarkston and Waterford-Drayton Clubs are meeting together on this night. It is to be held at the Fenton Community Hall.

Ladies who served the dinner were: Mrs. William Vliet, Mrs. Forrest Jones, Mrs. Frank Petty, Althea Rose and Mrs. Thomas Boyns.

C. F. F. A. Has Regular Meeting

The Clarkston Firefighters' Association held its April meeting last week. The membership was divided into 2 groups, active and reserve with a limit of 16 on the active list. An age minimum of 18 years was set.

After the meeting adjourned the group visited Caribou Inn and went through the place from the basement to the third floor to get acquainted with the building and to make suggestions to Fred Hancock on how to make the building safer.

Mr. and Mrs. Floyd Terry, L. D. Hemingway, Fred and Sylvia Hemingway went to Bear Lake, Mich., last weekend to attend a bridal shower for Elizabeth Terry. There were 21 attended the shower and all stayed at Bear Lake over Saturday night.

Community Activities

Work has been started on the new club house on the old site. The basement has been dug and cement and block work has been started. Several men helped to get blocks on the locations last Saturday and at any time that any of the men in the vicinity wish to help in this project they may feel free to call Andy Adams and he will be glad to tell them what is needed to be done.

Community party sponsored by the Women's Club at the Mountain View Country Club at 8:30 Friday evening. The public is invited.

Modern and Old Time Dancing at the Mountain View Country Club from 9:30 until 1:00 Saturday evening. The public is invited.

Persons wishing to donate or loan money to Community Activities, Inc., may contact William Jacober or Norman Bartell for information. Memberships are also gladly accepted at this time.

Library books may be borrowed at the home of Mrs. O. L. Siegman now. Any group wishing to help get more books ready to loan is asked to contact Mrs. Siegman and she will set a day convenient for all to do this work. There are a lot of books to get ready and it is very interesting work. Donations of good books are also welcomed and may be taken to Jacober's Market, Tom's Market, Lamber-ton's Service Station and Drayton Soda Grill.

College Pays Tribute To Raymond Gibbs

One of the great men that Clarkston produced was Raymond Bower Gibbs who passed away at his home in Scranton, Pa., on March 9, 1947. Mr. Gibbs was born in Clarkston, October 29, 1883.

This past week the News received a copy of his college paper, The Colgate Alumni News, which spoke very highly of him and outlined his career. Many of his friends in this community would be interested in reading about the worthwhile projects that filled Mr. Gibbs' life. Excerpts from the college paper follows: "He prepared for Colgate at Ferris Institute, Big Rapids, Mich., and prior to entering, was engaged as a teacher in Oak Hill, Mich., school for a year and spent another year as head of the commercial department of the South Jersey Institute at Bridgetown, N. Y. While at Colgate he was a member of Phi Kappa Psi fraternity, the Dramatic Club, Deutsche Verein, and manager of the track team. He was also elected to Phi Beta Kappa.

After graduation he taught for 3 years at Tome School for Boys at Port Deposit, Md., and entered Chamber of Commerce work in 1913 in Dayton, Ohio. He served as Secretary of Chambers of Commerce in Olean, Lockport, and Kansas City, Kansas. In 1925 he began his distinguished career at Scranton where his achievements have marked him as one of the leaders in his field.

Ray was in the center of every activity to improve the business, industrial, and social conditions of his home city. He was heavily in the effort to convert Scranton from a mining to a manufacturing city. Years of effort brought more than forty new industries to his city, including several major war plants.

In the closing months of his life he was a key figure in the great community campaign which received subscriptions of \$1,200,000 contributed by people from all walks of life. As a result of this campaign, Scranton is the first community in the country which has bought its idle war plant, put it back into operation, thus turning the tide of unemployment which set in with the close of the plant upon cessation of hostilities.

"Colliers" dealt with the project in a 1946 issue, giving credit to Fay, "the bustling, sprightly Chamber of Commerce man who had been coaxing industrial employers into Scranton with his insistence that the town is not a hole."

Ray has been a great worker for Colgate. As secretary of the Class of 1910, he was exceptionally successful in keeping in touch with one another. He was past-president and has held other offices in the Alumni Club of Northeastern Pennsylvania. Chairman of its Student Selection Committee and its representative on the Council of District Clubs.

Ray served 11 years as Alumni Fund Chairman of the "Class of 1910 and had reenlisted for service in the 1947 Fund. He sent an advanced letter to his classmates shortly before his death regarding the All-Alumni Reunion, to which he was looking forward.

In writing of him, one of his classmates fittingly said, "Unquestionably, his extra tasks undertaken during and after the war contributed to shortening his life—but he would not have been our Gibbs if he had not placed himself among the civilian 'expeditionaries'." Others from Clarkston who are graduates of Colgate include T. F. Boothby and Felix Garter.

Board Of Education Acts On Debt

All debts on the Clarkston school site were cleared last week when \$6,000 of bonded indebtedness, bearing 5%, was retired. At the same time \$5,000 in building refunding bonds, interest rate 4.75%, was also retired, and the present prospect indicates retirement of \$10,000 more of the refunding bonds on April 1, 1948.

This accelerated program of retiring high interest rate bonds was made possible through Board of Education action in stepping up the debt service tax rate, from 6 to 10 mills two years. The amount of interest which will have been saved as of April 1, 1948 is \$743.75. And there will be an additional savings in interest of \$1,012.50 each year thereafter. The total savings will eventually amount to \$18,500.00.

As of April 1, 1946, the school indebtedness consisted of \$6,000 in site bonds and \$94,000 in refunded bonds on the building, \$15,000 of which were call bonds. 1949 will see all call bonds retired and the remaining debt of \$71,000 can only be reduced as the bonds come due annually until 1963.

As soon as these reductions have been accomplished the present 10 mills debt service can be lowered materially and, in this manner the four years of higher rates will be reflected in savings to taxpayers as above noted. Incidentally, the bonded indebtedness will be accomplished one year ahead of the schedule.

Obituary

Robert Ritchie
Robert Ritchie, aged 81 years, of 6598 Maple Drive, passed away at his home on Saturday. He was born in Groveland township, May 21, 1865, the son of Mr. and Mrs. John Ritchie. In Pontiac in 1894 he married Jessie McKeachie.

Mr. Ritchie lived his entire life in Oakland county. He had been on the township board in Groveland for 16 years and a school officer for 30 years. He was a member of the Masonic lodge in Ortonville.

His survivors include his widow, one daughter, Mrs. Agnes Whitaker of California; four grandchildren; three great grandchildren and one brother, William Ritchie of Cass City.

The funeral service was held at the Ogden - Kennedy Funeral Home in Clarkston on Monday afternoon at 2 o'clock with the Rev. Cecelia Learn, pastor of the Davisburg Methodist church, officiating. Burial was in Lakeview cemetery.

Kenneth McVittie Speaks In Clarkston

On Wednesday night the Clarkston P. T. A. had the privilege of hearing Kenneth McVittie, Juvenile officer for the county. Mr. McVittie outlined the workings of the juvenile court. He stressed the fact that parents play the biggest part in juvenile delinquency. Where children are directed into organizations like the Boy Scouts, Sunday schools, and Girl Scouts, cases of delinquency are few. He was glad to state that in Oakland county this year the cases of delinquency hadn't increased according to the increase in population. Mr. McVittie gave the parents and teachers much to think about.

Patricia Hoyt sang two very lovely numbers and Ruth Davies played the piano accompaniment. The first grade mothers served refreshments from a table attractive with a centerpiece made by the 1st grade children. It was a large flower pot holding twigs and on the twigs were small colored umbrellas made of paper.

A Few More Dollars Needed For Quota

Independence Township is just a few dollars short of its quota for the Red Cross Drive. Perhaps there are those who have not contributed or perchance some who have already been contacted would like to help raise the sum of \$30. This would make the quota of \$840.

Most of the county has completed and closed the drive but those in charge in Independence would like to reach the goal set before saying, "We have done what we could."

Stop in the Clarkston State Bank and give Mr. Robinson what amount you can.

Anderson-Jones Vows Spoken

In a double ring ceremony, Berniece Loréne Anderson and Gordon William Jones were united in marriage Thursday, April 10th, at the Emmanuel Baptist Church in Pontiac. The bride wore a street length dress of dusty pink and a corsage of white roses.

The bridesmaid was Muriel Deacon who wore a pin stripe suit of brown and white and wore a corsage of yellow carnations.

Best man was Ralph Jones, brother of the groom.
After a short trip in northern Michigan, they are now at their home in Clarkston.

By The Way

Somehow when one starts his fifteenth year on one job, that of publishing a newspaper he should write quite an article. Forgive us this year, please. This week starts our fifteenth year in Clarkston on the News and the place is such a bee hive. One man is running the newspaper press; an operator is running the linotype; a pressman is operating a job press pounding out an order of 10,000 tags and the advertisements are being set by a compositor. Just clearing the decks for a 32 page booklet to start through the shop on Saturday. Then we can go to work on the regular run of business.

P. T. A. Dance Next Friday Night

A cordial invitation is extended to everyone in the community and their friends to attend the dance in the school gym next Friday night, April 25th. Tickets are now on sale.

A good orchestra has been secured and the committees are planning to make this the biggest event of the season.
Make it a date.

On Tuesday evening Ruth Ann Eddy and Edwin Campbell played a two piano duet at a recital in Pontiac. Pupils of 12 teachers associated with the Pontiac Music Guild took part in the recital which was held at the Calbi Music Store. Ruth is the daughter of Mr. and Mrs. William Eddy of Waterford and Edwin is the son of Mr. and Mrs. Virgil Campbell of Clarkston. Both children are pupils of Mrs. Martin Wager of Waterford.

Today

Today I saw, the buds on maple trees
Burst forth in all their glory.
I saw the lakes, released from winter's freeze
Of ice, so black and hoary.

I saw the children freed of heavy clothes,
That hampered winter's playing.
I saw them free from colds and dripping noses,
Their love of spring displaying.

When I awoke this morning at the dawn
I heard the robin's chirping.
I saw them pluck the worms from out the lawn,
Like little beavers working.

Today the smell of smoke was in the air,
Our neighbors' rubbish burning.
The breath of new born life was everywhere,
For warmer days a yearning.

Today the world seems nearer right somehow
As green shows through the stubble,
And gloom of death, to life, must take a bow,
As life o'er takes the rubble.

ing at 7:30. Rev. Wright VanPlew, pastor of the church will be the speaker for the week, and among his subjects will be, "Meeting Jesus", "Conveniently Betraying Christ", "The High Cost of Unbelief", "Time to Die", and "Building a Home in Heaven". The first message of the series will be given at the Sunday morning worship service, held at 11:15, entitled, "It is Time to seek the Lord". Music for the campaign will be furnished by Mr. Norris Smith and party of Pontiac, Mrs. Walker Morris, vibra harpist, Mr. and Mrs. Walter Morrow, the Griffin Quartette of Birmingham, Mr. Charles Hudson of Pontiac, and Mr. Pat Younger. The choir of the church will assist every evening, and other musical selections will be announced during the meetings. Mr. Alton Goll will lead singing, and has written a new chorus on the theme of the campaign which will be presented on Sunday morning.

Visitation of homes in the community is being conducted under the direction of Mr. Charles Maxwell and Mr. Don Hetchler, with the purpose of inviting folks to attend the services. These services are being held for the purpose of presenting to all the Bible truths which have always been recognized as essentially and distinctively Christian, and centered in Jesus Christ as the Savior of mankind. The public is cordially invited to attend.

Waterford

Seventeen persons attended the concert given by the choir from the Augustana College, Rock Island, Ill., at Detroit on Monday evening. Twenty-five persons enjoyed the same concert in Flint on Tuesday evening. The choir was composed of 64 voices with Henry Veld as conductor and Brynolf Lundholm as accompanist. This was a beautiful concert and will long be remembered by those who were fortunate to hear it. Mary Louise Buck sang the only solo parts and her voice was beautiful. This choir is made up of three choirs. The men's section known as the Wennerberg chorus; the women's section known as the Jenny Lind Chorus and the combined chorus. The choir has nationwide acclaim for its faithful rendition of the best in choral literature. This concert will be given in several cities this month and next. Many from Waterford were happy to be able to speak to Mary after both concerts. Waterford folks were proud of Mary and feel that she will go a long way in the music world.

About 35 persons attended the brush demonstration sponsored by the Ladies' Auxiliary at the home of Mrs. Lawrence Giddings last Thursday. The orders may be

picked up at the Giddings' home this Saturday. The Auxiliary will sponsor another demonstration at the home of Mrs. Charles Maxwell on May 22.

Mr. and Mrs. Bruce Witherspoon and daughter, and Mrs. Witherspoon's mother are enjoying a visit with relatives in California.

X-Ray Unit Comes To Waterford

During the coming week residents of Waterford area will be offered, free of charge, an opportunity no one can afford to miss.

The mobile x-ray unit operated by the Michigan Department of Health will be brought to these communities through the cooperation of the Oakland County Tuberculosis Association, the Oakland County Health Department and the Oakland County Medical Society. Chest x-rays are offered to high school students and to all persons of the district who are 14 years of age or over. This service is absolutely without cost to the individual. There is no disrobing and it takes only a few minutes of anyone's time.

The unit will be at Waterford Village School on the afternoon of Thursday, April 17 from 1:00 to 8:00 p.m. and all adults in the community are urged to come for chest x-rays.

JUNIOR PLAY

Friday, May 2, at 8 o'clock in the Clarkston auditorium the Junior class with the aid of Mrs. Clark, director, and Miss Kloock, class advisor, will present the comedy, Snafu.

Admittedly, the cast is doing a fine bit of work and is contributing a great deal to the performance, but the purpose of this is to give credit to the "men behind the scenes" without whom the play could not go on.

The publicity for the play is in the hands of Ronald Pearsall, ticket chairman, and Ruby Potter; Marjanne Marshall, poster chairman, assisted by Pat A. Watson.

Donna Richards, Barbara Baker, Barbara Tarlton, Marjorie Jones, Shirley Powell, Sally Curry, Barbara Rioux, Mary Keelean and Shirley Crosby.

The stage crew, with Gene Greathouse as chairman, consists of Bob Stitt, Bob Caskey, Earl Tonkin, Martin Wager, Dale Sutherland, Dean Anderson, Pat J. Watson, Pauline Baker, Noreen Moore, and Dean VanCamp.

The make-up committee, Bernetta Mills, Shirley Powell and Pat J. Watson, will be "bossed" by Donna Beals. Programs are to be made up by Ivan Rouse. Betty Riemschneider is in charge of costumes. Ushers will be Donna McDermott and Doris VanWagoner.

SPEECHES

Clarkston High will be hosts today at 2 o'clock for the district speech contest. Speakers from Clarkston will be Harvey Beach, presenting "Homecoming"; Barbara Rioux, "Black and White"; Pat Hoyt, "The Noble Profession"; and Ken Hempstead, the extempore speech. Mr. Ross A. Wagner, principal of Baldwin Senior High School at Birmingham, will be the judge. The public is invited to attend.

FOURTH GRADE

If you're interested in a trip down the Nile, visit Mrs. Saxman's fourth grade. As you enter the room, you will see palm trees waving in the breeze and the Nile River flowing down the center of a long table. Eventually the scene will be populated with the Egyptian people the fourth graders are cutting out and coloring at present.

THE PRINCESS WHO COULD NOT CRY

Last Friday the fourth graders presented their spring assembly program to an audience of the grade school and many parents.

The program began with Jim Anderson's impersonation of Gaby Hayes. Lorraine Rioux played a piano solo, then Dawn Marks read Emerson's "Father in Heaven, We Thank Thee". Carolyn Kerion read a story she had made up about maple syrup and Bob Jones presented his story on candle making. At this point in the program Lanny Leak played a piano solo. Jean Evans recited the Longfellow poem, "The Arrow and the Song".

After several songs by the whole fourth grade, the highlight of the morning, the play, "The Princess Who Could Not Cry" was presented. The fourth graders had taken the story from their readers and rewritten it in play form.

Characters for the play were: Princess, Mary Jane Beardsley; King, Glen Abbot; Queen, Mary Jane Clark; Wise Woman, Lorraine Rioux; 1st wise Man, Larry Ruggles; 2nd wise Man, Lawrence McNeil; 3rd wise Man, Rob Roy; Footman, Raymond Powers; Maid, Jean Porritt; Marigold, Marcia Smith; Marigold's Mother, Laura Ruggles; Duke, Marvin Menzies; Royal Lady, Joan Dark; Cook, Bobby Yaenke; Court People, Sylvia Hemingway, Carole Gagnon

SOFTBALL

Although the "Hilltopper" news this week cannot contain a play by play description of the game, the girls' softball team will have played their opener Wednesday here at Clarkston. Mr. Bonner umpired the game.

This year's team consists of: Marilyn Kennedy, Ellen Rockwell, Doris Van Wagoner, Shirley Crosby, Marjorie Jones, Pat A. Watson, Mary Jo Pettengill, Barbara Tarlton, Joyce Moore, Donna McDermott, Kitty Rockwell, Dawn Coleman, Charlotte Bentley, Lois Baynes, and Mary Nell Brooks.

Miss Niblack and her chemistry class have been proving that you just can't be too clean. With a culture of Nutrient agar for a medium the class has put dust from the floor, water, milk, scrapings from under fingernails and fingertips in test tubes and observed the results. These are enough to make you rush out and wash your hands. Fuzzy growth like mold, blotches of yellow and white, and many other sights fill the test tubes.

THIRD GRADE NEWS

We have two new children Donald Skinner and Nadyne Gleason.

SIXTH GRADE NEWS

The patrol boys met recently for lunch, followed by an ice cream treat. John Stageman was elected Captain and Jack Beach, Lieutenant.

Wednesday the grade pupils saw the movie, Tom Sawyer. The monthly assembly program was presented by the 4th grade on Friday, April 11th.

SPEECH CLASS

The speech class of Clarkston High, sponsored by Mrs. Clark, was the guest of Radio Workshop in Pontiac High School, April 11. They were present to see the program broadcasted by members of Radio Workshop. The broadcast was that of John Audubon and was directed by Miss Hiller.

The class found it interesting to watch the students as they were preparing to go on the air. Miss Hiller explained that they were just relaxing themselves before getting into the seriousness of their parts. This seemed to help a great deal because when the program started they all did splendidly.

After the broadcast Miss Hiller directed the speech class around the entire studio and explained various microphones, sound effects and other radio devices. She especially told how the turntable operates. The students were interested in this particular type of work because they are at this time studying radio.

ROTARY ENTERTAINS SENIOR BOYS

The Clarkston Rotary Club is inviting the boys of the Senior Class to attend the regular meetings of the Club. So far, six boys have attended and the others will attend before the end of the school year.

This is part of Rotary's program to promote better citizenship through fellowship. Many of these boys will soon be a part of the business life of the community. An understanding and appreciation of the objects of Rotary will be of value to the boys and to their communities. This gesture on the part of the Rotary is appreciated by the boys individually and by the school.

How well do you know your own home?

How many electric motors are there in your home? And how many electric heating appliances do you have?

When you check the list below, perhaps you'll find that you've underestimated the electrical equipment that keeps your home pleasant and comfortable.

Our records show that customers are using more and more current in their homes—our production of electricity is at record-breaking heights, far greater even than when war plants worked round the clock. But that increased use of current means that—for a few more pennies a week—you get household tasks done in less time—with less effort—and for less money than in any other way.

Check your electrical equipment against this list . . .

Motors: Sewing machine, refrigerator, washing machine, clock, razor, record player, furnace fan, electric tools, ventilating fan, ironer, vacuum cleaner, kitchen mixer, dishwasher, vibrator, stoker or oil burner, electrical toys, home freezer.

Heating Appliances: Toaster, heating pad, electric blanket, range, water heater, roaster, space heater, bottle warmer, hand iron, mangle, coffee maker, waffle iron, bun warmer, curling iron, grill, tea kettle, heat lamp.

(Figures show that the average Edison customer has more than five of these.)

to be delegate at Niagara Falls from May 15 to 18. The group will continue giving aid to the veterans hospital at Dearborn and the Percy Jones hospital. Twenty-five veterans at Dearborn will receive birthday cards and twenty-five dollars has been set aside to purchase Bibles for that hospital. Magazine subscriptions will be sent to the Percy Jones hospital. The next meeting will be at the home of Mrs. J. H. Ettinger on May 14 at 2 o'clock.

The Mother's Group met at the village school last Thursday afternoon and enjoyed a program in Mrs. Mona Hungerford's third grade room. The children sang songs and gave recitations and dialogues on birds and trees. After the program the Mothers went to another room for the regular business meeting which was conducted by Mrs. Leslie Fitzgerald. The group voted to donate \$100 from recent luncheons to Community Activities, Inc. Plans for a luncheon in May were discussed and May 15th set as a date. Mrs. Emery Beedle, Mrs. Orval Turner, Mrs. Eugene Cleland, Mrs. Leland Masters, and Mrs. Richard Gorman were named to find a place for the luncheon and to arrange the program. Mrs. O. L. Siegmund conducted the election. Mrs. Leland Masters was elected chairman; Mrs. Richard Gorman, program chairman; Mrs. Orval Turner, secretary; Mrs. Forrest Milow, treasurer; and Mrs. Isaac Shook, the room mother chairman. Arthur Johnson, principal, explained several questions concerning the school program for the coming year. He stated that although 371 pupils will be leaving the village school this year there will be at least 618 enrolled next fall due to others from other schools coming here. We now have an enrollment of 612 pupils. There will be seventeen class rooms next year. Refreshments were served by Mrs. Al Kray and Mrs. Clifford Wood.

Twelve members of the Gospel Fellowship Class met at the home of Mr. and Mrs. Robert Mehler last Friday evening and enjoyed the regular monthly business meeting and period of devotions. During the business meeting the group made plans to purchase a Bible and Scarf for the pulpit of the Community Church. Kings will be purchased in the near future. Robert Mehler spoke on "How Christianity is working in the South Pacific". Betty Jencks was in charge of the social part of the evening. Refreshments were served by the hostess. The next meeting will be at the home of Mr. and Mrs. David Mehler on May 2nd.

Mrs. August Jacober, Jr., and son Vance returned from St. Joseph's hospital on Sunday.

William Pelton has returned to his home from St. Joseph's hospital where he spent several days.

George Atwater and his little daughter Nancy are confined to their home this week by illness.

The regular meeting of the Parent-Teachers Association will be held at the Donelson School next Thursday evening at 8:00 with Otto Yntema, head of the Adult Education department of Western Michigan College at Kalamazoo, leading a round table discussion on "Possibilities for Adult Education in Waterford Township". This meeting is open to all interested and the address of the school is 1200 West Huron St.

COUNTY EXTENSION OFFICE IN NEW QUARTERS

Farmers and others desiring to call at the office of the Oakland

County Extension Service will find this service in new quarters beginning this week, according to Karl D. Bailey, County Agricultural Agent. The office formerly located at 15 1-2 W. Huron St., in one of the older county office buildings has now been transferred to the 3rd floor of the Court House Annex No. 1, located at 1 Lafayette Street, 2 blocks north of the Court House. The Extension Service office is located on the 3rd floor of the building formerly known as the Masonic Temple where adequate office space has been arranged by the Oakland County Board of Auditors and the Building and Grounds Committee of the Board of Supervisors.

Mr. Bailey states that he feels that the move is a good one since it would permit the office to give better service to farm people.

Last year the office received 5,998 callers and 10,676 telephone calls concerned with farm and home improvement.

EFFICIENT KITCHEN LIGHTENS WORK

Three well-planned working centers are the secret to the modern efficient kitchen. If you continually zig-zag from one place to another in your kitchen, then it needs to be better planned.

Through the Michigan State College extension service many Michigan women have modernized their kitchens with the help of county home demonstration agents, college home management specialists or local leaders.

Working centers in your kitchen should be built around the range, the sink and the mixing table. MSC kitchen plans provide that materials used at these working centers should be stored near them. Supplies stored by the range would include cooked cereals, canned vegetables and meats, seasonings, small amounts of flour and sugar, and perhaps tea and coffee. Equipment would include cooking dishes, serving dishes, small equipment used for stirring, tasting and turning foods, leopod and coffee pot.

Near the sink center you should store dish washing equipment, including a clean linen supply, everyday dishes, equipment for preparing fruits and vegetables, and a two-day supply of fresh fruits and vegetables.

Your mixing center includes your mixing table and refrigerator. They should be placed close together. If the refrigerator door handle is on the left side, it should be placed to the right of the mixing table.

Within the mixing area store all mixing and measuring equipment, baking dishes and pans, extracts,

"There's Magic in the New 1947 'CP' Gas Range!"

Magic is the word for the new 1947 gas ranges equipped with modern "CP" features. These features on a range, easy make, are your assurance that it has met certain rigid specifications established by home economists, gas companies and gas range manufacturers. Simmer-type top burners that light at the turn of a valve — accurate oven heat control — smokeless, easy-to-clean broilers — heavy insulation, these are but a few of the advantages which help make cooking a thrilling, new experience.

Water Carnival Returns to M. S. C.

Featuring SONGS WE ALL KNOW, the annual Water Carnival will return to the Commencement Week program at Michigan State college this spring after an absence of four years.

The parade of floats prepared by fraternities, sororities and other campus groups will move down the Red Cedar river on the campus at East Lansing on Wednesday, Thursday and Friday nights, May 28, 29, and 30. It will be the first time the Water Carnival has been held on three nights.

This outstanding event was first held at State in 1924, and has been held annually since, except for the past four war years. The theme SONGS WE ALL KNOW, was written by Dorothy J. Hitchcock, East Lansing graduate student.

The theme selected provides for about 50 floats. The songs to be represented on the floats will include children's songs, spirituals, patriotic marching songs and several other similar classifications. Prize trophies will be awarded the organizations with the best floats.

Besides the parade of floats, sports events also will be on the program. These include men's singles, men's doubles, and women's doubles in canoe racing. Two novelty events will be represented in the log birling and canoe tilting contests. Suitable trophies will be awarded to all winners.

Housing Shortage

The housing shortage is no new problem for song birds. They face it every spring and house holders furnishing the finest accommodations first are most likely to attract the cheery summer guests.

Conservation department ornithologists say April is the month to get bird houses up. The shelters can be quickly, simply and cheaply made. And the maker is rewarded with the bird's songs and antics and definite help in battling insect garden pests.

Some elementary facts bird house builders may keep in mind are: Robins prefer roofed platforms without sides. Houses for wrens should have an entrance hole no larger than a 2 1/2 cent piece.

Ventilation should be considered. Roofs should be substantial, may even be insulated to ward off excess heat. Houses built of slabs with the bark still on them look artistic, but an old straw hat tacked to a wall may serve as well.

Best locations have nearby shrubbery where the male can perch and sing. And care should be taken that the fledglings are not easy prey for housecats.

It's smart to use the sturdy cotton fabric of many flour and feed bags for home uses. The shortages and high prices of textiles make the use of bagging a wise economy, Michigan State college home economists believe.

Good News For Trout Fishermen

Seven trout streams have been chosen by the conservation dept. for tests this summer of the comparative returns from SPOT and BOAT plantings of hatchery trout.

SPOT plantings usually are made at bridges or other convenient points of access, while BOAT type plantings on the larger streams are made from moving boats and on the smaller, non-navigable streams by releasing small numbers of fish at several points along three-quarters of a mile above and below the place at which the truckload reaches the creek bank.

Periodic plantings of both types will be made on neighboring

sections of the Middle Branch of the Ontonagon and on Thompson creek in the upper peninsula and in the Au Sable, Sturgeon and Rifle rivers and Stagle and Gamble creeks in the lower peninsula. Creel censusing after plantings will check the relative effectiveness of the two methods.

Improvement of trout fishing in 20 acre Craven Park pond near Bellaire is hoped for in the next two or three seasons after marked brown trout are planted this fall to replace the 650 pounds of suckers removed by draining and netting last October.
