### Crowd Attends P. T. A. Dance

150 couples danced to the music of a popular orchestra and to the merrily turning of a 14 foot umbrella in the center of the High School Auditorium floor, last Friday evening.

The untiring efforts of Committee Chairmen, Mr. and Mrs. E. Spohn and their helpers made the P. T. A. party a financial and social success.

All credit for the ingenious decorations go to the Brables, Buehrigs, Volberdings, and Thayers. The Kennedys, Barrows, and Waters generously loaned the background equipment for the spring settings.

The Invogens, Floyd Hammonds, Huttenlochers, Shanks, Wm. Johnstons, and Wm. Vliet, were kept busy through the evening at the refreshment table. They report all food was sold by the close of the evening.

### Saturday Will Be Hospital Tag Day

Once again the time of year has arrived when the folks in this community are given the chance to contribute so that acts of mercy might be continued at the St. Joseph Mercy hospital. The money you give, whether it be a small or a large amount helps considerably in keeping the clinic supplied with up-to-date equipment.

Plans are being made for the Tag Day in Clarkston and community on Saturday, May 3rd. Mrs. Milan Vliet is in charge and is being ably assisted by Mrs. Jerry Dark and Mrs. Gray Robertson. Through the kindness and cooperation of Mr. and Mrs. Fred Hancock the Caribou Inn will be used as headquarters for the committee and workers for the day. They will meet at the Inn at 10 o'clock Saturday morning to get their supplies. Those who are assisting with the drive are Mrs. Edward Seterlin, Mrs. William Johnston, Miss Joan Johnston, Mrs. Floyd Hammond, Mrs. C. W. Russell, Mrs. Harold Kennedy, Mrs. N. E. Maytag, Mrs. Richard Watson, Miss Patricia Watson, Mrs. Ralph Habermas, Mrs. Gerald O'Dell, Miss Mae Barry, Miss Nell Barry and Mrs. W. H. Stamp.

### Words Of Cheer Come From Dad

There are very few persons who, at some time, don't have the feeling of homesickness or loneliness. Many of the boys who traveled far during the war can tell all about it and some of the girls who have traveled far to make their homes in America with their soldier or sailor husbands are experiencing many moments of longing for home and the loved ones they left behind. In Clarkston we have a young mother from Australia, Mrs. Ralph Grate, who left her folks a little over a year ago. After she had been in America a short while she received encouraging words from her father, James Laurie, who had just such an experience years ago when he left his home in Scotland and went to Brisbane, Australia, where he married and made his home. The ladies and Mrs. Grate received from her father might help many who are far from their folks:

Now Anne we're glad you're happy In that land called U. S. A. So keep it that way all the time Enjoy it while you may. And don't you get despondent Or say that things are wrong, Why, you can make your life sublime Just sing another song. So when you think of all your friends And the folks you know out here Now don't you get downhearted. Just smile as you shed a tear. And when you feel that nothing's right And everything looks blue, Cheer up, and just remember dear There's someone thinks of you. As God is our redeemer He may have us miles apart, But He keeps us all together By the love that's in our hearts. For life is just a gamble, We try our luck each day, So keep on smiling through it all While you live in the U. S. A. —Dad

### Rotary Clubs Have Ladies' Night

Last Tuesday evening the combined Clarkston - Waterford - Drayton Rotary Clubs spent a very enjoyable time with their wives and guests at the Fenton Community Center. The long tables were covered with white cloths and were prettily decorated with vases of daffodils.

The invocation by Reverend Walter C. B. Saxman started the evening with Robert C. Beattie as toastmaster. Several songs were led by Reverend C. J. Suttton with Charly Robinson at the piano. The present and future District Governors, Joseph Brady and George Smith, were ably introduced by our own and only "Slip" Megge. Brief talks were made by Robert L. Jones, Ralph Marshall, William Shuck, and Henry Mehler, as presidents and the presidents elect of their respective clubs. An outstanding address was given by James P. Welsh, known as "The Old Traveler". His interesting "side-lights on many American historical events, made everyone realize the beauty and vastness of our great United States. He brought to mind many unforgettable characters in Pennsylvania, Tennessee, Louisiana and Texas. Many of those he mentioned were folks with whom he had visited, thus making it possible to bring to the listeners some aspects of life in America that he had never even dreamed of. He mentioned briefly some of Michigan's unforgettable and tried to make the audience realize that their own state was on the "top-side" when it came to beauty.

After the program many of the Rotarians and their guests enjoyed the modern and old time dancing to the tune of a seven piece orchestra from Davisburg. —C. Robinson

### Batter Up

"Oh! Batter up" the umpire shouted. As to the plate the batter strode, With all his force the ball he clouted. And over the fence the horsehide rode. So scenes like this throughout our nation. Have welcomed in another year To lift us to a new vibration. And fill our hearts with youthful cheer. The game with kids is just as thrilling. As it is with major leaguer. Each batter out to make a killing. Fans, for victory, are as eager. To some the sport is just a gamble. Excuse for chance to place a bet. Their only interest in the scramble Is making sure their wagers set. Then some of us whose eyes are dimming. Attempt our young days to revive. But can't keep track of score or inning. Just go to keep the game alive. —ROBERT C. BEATTIE (All rights reserved)

Reasons Given For Seeding Failure

Loss of new seedlings, which approaches 500,000 acres per year in Michigan, is traceable to unadapted seed and poor cultural practices in many cases, says Karl D. Bailey, county agricultural agent for Oakland county.

Seeding failure generally comes from inadequate supplies of lime and fertilizer in the soil, poor seed bed preparation, using unadapted seed, or covering seed too deep. Using adapted seed and following good cultural practices will

MICHIGAN Motoring The Hiawathaland Wild Flower Festival at Trout Lake, Chippewa County, April 29-May 2, calls attention to the fact that the State ferries at the Straits of Mackinac go on their Spring Schedules, Thursday, May 1. The Michigan Highway Commission announces that, starting on that date, there will be 13 trips daily each way. Steamers will leave Mackinaw City at intervals of one and one-half hours from 6 A.M. to 7:30 P.M.; then at 10:30 P.M. and 1:30 and 4:30 A.M. They will leave St. Ignace on the same schedule until 7:30 P.M. Three more trips will follow, at 9 P.M., midnight, and 3 A.M. Later hours of the ferries likely will lead to an increase in night driving, the period when more fatal accidents occur. Drivers should have their headlights in good order. Weak lights on the one hand, or glaring and improperly focused lights, can cause accidents. Protect yourself and others by having your headlights in perfect order.

**JUNIOR PLAY**  
Ken Hempstead, with his ready wit and quick memory, has assumed a mountainous task. Last Monday, the Juniors and Mrs. Monzelle Clark, play director, were distressed to learn that Fred Mortimore who had the longest and one of the most important parts in Snafu would be unable to play his role because of a serious infection. Ken volunteered to take the part and attempt to play it for today's and Saturday's performances. In good theatre tradition "the

play must go on" the Juniors will present "Snafu" tonight at 8:00 p. m. and tomorrow night at the same time.  
The cast and school regret Fred's illness and hope he makes a speedy recovery.

**TRACK**  
Mr. Bonner reports that his track men are being given time trials in preparation for the first meet to be held May 10, at Cranbrook. Some promising contenders are Ken Bird in 100-220, Bob Trim in the 880 run, and the relay team—Dick Doyle, Ed Jenks, John Adams and Ken Bird.

Mr. Bonner has been spending his spare time and Saturdays trying to get the track in shape for the May 14th meeting. The hurdles and various other track equipment have been reconditioned and painted by Mr. Ridgley and his eighth grade shop boys.

### CLARKSTON VS AUBURN HEIGHTS

Last Tuesday, the Wolves lost their first league game to Auburn Heights 4-0.  
Anderson did the pitching for the wolves, allowing only three hits for the Heights men.

Auburn Heights got its runs in the second-inning on a walk, an infield error and two three baggers.

Clarkston got from J. Doan, the Heights' hurler, three hits, but could not bunch them to make runs.

### THE JUNIOR-SENIOR BANQUET

The Junior-Senior Banquet has been moving forward with leaps and bounds which is the usual Junior method when they start something. A theme has been worked out and a band has been hired from Detroit. It is Frank Beck and his orchestra. Honored guests at the banquet will be the press, the town doctors and ministers, the school board, and the faculty. A gay time is sure to be had by all who attend the dance afterward which is open to the public. It starts at 9:00 and the tickets are on sale. Decorations are aptly handled by Marjorie Jones, chairman, Pat A. Watson, Mary Secan, Mary Jo Pettengill, Donna Richards, and Charles McGee. Marilyn Kennedy, chairman, Joan Johnston and Ellen Rockwell are responsible for a tempting menu and delicious refreshments at the dance. A clever class prophecy was conceived by Bill Ludwig, Joan Johnston and Mary Jo Pettengill. The giftatory will be handled by Mary Keelean and Wayne Longair. The Sophomores will serve at the banquet. Two sophomore girls will also serve punch at the dance. We know it is impossible for

many of you to take part in the proceedings at the banquet but we know you would have a good time at the dance. It's semi-formal. Why not buy your ticket and be there Friday, May 9th?

### SOFTBALL

Last Wednesday, the softball game scheduled between the Fraser and Clarkston girls team was late in starting. The Fraser squad lost its way to Clarkston and arrived at 4:30. Some of Mrs. Lambert's girls were still around, so the team was collected and the game began at 5 o'clock with Mr. Bonner officiating.

Clarkston's batting order was Marilyn Kennedy, P., Shirley Crosby, ss., Mary Jo Pettengill, 2., Mary Keelean, 3., Donna McDermott, lf., Pat A. Watson, 1., Marjorie Jones, c., Lois Baynes, rf., and Mary Nell Brooks, cf.

At 6:15 after five innings of play Clarkston won by a score of 17-15.

### NEW LEGISLATION

Mr. Brablec advises that a new law compelling all children to attend school up to age 16 has just been passed by the Legislature and given immediate effect. This does not change requirements in village and city school districts but does make a change in the rural primary schools. Many of these districts operate grades up to six or eight, but are now faced with providing transportation and education for all students up to age 16 and to transport all high school students, at district expense, regardless of age or grade.

The State Aid act is amended to provide reimbursement up to \$45 per child for transportation even though the rural districts are operating grades through eight.

Nearly one half of the total school membership in the Clarkston Public School is made up of non-resident students who, with the exception of Waterford pupils, come from primary school districts located in townships of Independence, White Lake, Springfield, Waterford, and Brandon.

### Red Cross News

In connection with the Texas City disaster, Marshall Smith, chairman of the Oakland County Chapter American Red Cross, states that word recently received from the Red Cross Midwestern office at St. Louis indicates that the Red Cross was on the job within an hour after the catastrophe. Forty-two national workers trained in disaster were immediately sent to the scene. Included in Red Cross operations were: the recruitment of between 500 and 600 nurses, many of whom worked as volunteers; the purchase of surgical instruments and medical supplies; the shelter and feeding of 2000 individuals made homeless by the explosion; thousands of welfare inquiries were channeled through the Red Cross chapters.

State and Federal agencies cooperated in a magnificent manner and the local chapter officials and volunteers as well as those of neighboring chapters worked unceasingly to relieve the situation. The Governor of Texas designated the Red Cross to take charge of the relief work to individuals and families affected. The rehabilitation phase of the relief job is still ahead and the Red Cross with the assistance of chapter leaders will see this job through to its conclusion.

### Use Head With Tractor

The nation's 2,000,000 farm tractors will soon be out in full force planting 1947 crops. Careful attention to safety rules for tractor operation is urged by F. W. Roth, farm safety specialist at Michigan State college.

Common sense is the best safety rule. Dangerous practices such as driving close to the ditches, crank-

ing the tractor while it is in gear, driving too fast, and refueling while the engine is running, are ways to invite a trip to the hospital.

FURNISHES GLOWING WARMTH

Chilly corners can be warm as toast these cool spring mornings. A modern electric heater gives you instant warmth from your nearest outlet. Easy to carry, easy to operate. There is no cleaner more convenient type of heat. These new, low-priced heaters are ideal for warming baby's bath area, your dressing room, bathroom, or grandmother's favorite corner.

And It Costs Only A Few Pennies An Hour . . .  
but unlimited use can cause high electric bills. For example, a thousand watt heater at residence rates costs only 17 1/2¢ a week when used one hour daily for seven days. This same unit, however, when used 8 hours a day costs \$1.40 a week and will add \$11.20 to your two months' bill. Consult a reputable electric dealer who can recommend a heater of sufficient wattage to fit your particular needs. He can also tell you just how much it will cost to operate.

**Treat Garden Seeds To Control Disease**  
Garden seeds that don't come up are frequently affected by damping off and various seed rots, according to L. Carl Knorr, extension specialist in plant pathology at Michigan State college.

The fungi that cause these attacks can be controlled by dusting seeds with any of several chemicals. The procedure is extremely simple and almost costless. A few cents' worth of fungicidal dust mixed with the seed will provide protection for your entire garden.

Knorr advises tearing open a corner of the seed envelope, and inserting as much of the fungicide as can be held on the point of a pen-knife. The packet should then be closed and shaken. Larger quantities can be treated in a tight-sealing Mason jar. Planting is done as usual. Don't feed leftover seed to birds.

Seed treatment chemicals recommended by Knorr for Michigan are: Arasan Cuprocid, Semesan, and Spargon. Your seed store or druggist can usually supply them. The label will tell which is the right one for the seed to be planted. Cuprocid is recommended for cabbage, cauliflower, broccoli, Brussels sprouts or lima beans.

### Michigan To Have Abundant Fruit Crop

Preliminary reports indicate Michigan is on the way to another large fruit crop, especially peaches, according to Director Charles Fley of the State Department of Agriculture. If favorable weather continues during the growing season, this year's peach crop will rank with the 1946 record crop of 4,536,000 bushels and the 1945 crop of 4,400,000. Both years exceeded previous production records.

Last year's peach crop was 74 per cent above the ten year average and placed Michigan fourth among the peach growing states. Only California, Georgia and South Carolina had more peaches.

According to the United States Department of Agriculture reporting service the quality of last year's crop was above average and stood up well on distant shipments. They were marketed in 36 states, the District of Columbia and Canada.

Home dry cleaning has disfigured or fatally burned many persons and has burned houses to the ground. You can't afford to take a chance.

Do you have a safe storage place for kindling and other fuel? Gasoline and kerosene should be at least 50 feet from major farm buildings. Remember that farm fires destroy 90 million dollars worth of farm property a year. While you're checking, ask yourself whether you know where to shut off water, gas and electricity in your home.

If in the process of your spring cleaning, you decide to do some home dry-cleaning, do it outside the house. Keep your hands out of the cleaning fluid. Use a suction washer. Use only fluid which is labeled non-flammable. Dry the garments outside and keep children and pets at a safe distance from your clothing.

### Plans Being Made For Baseball Clinic

A. J. (Wish) Egan, chief scout for the Detroit Tigers, and Don Wattrick, sports director of radio station WJR, will be co-directors of the baseball clinic sponsored by the J. L. Hudson Company, in collaboration with the Detroit Tigers. The three-day clinic, to be held in Briggs Stadium, Detroit, June 26-27-28, will be a post-graduate course for high school and American Legion junior baseball coaches.

Egan, one of the best known scouts in baseball, has uncovered such diamond greats as Hal Newhouser, Hoot Evers, Dick Wakefield, Barney McCoskey, Mike Tresh, Pat Mullin, Roy Cullenbine, Chef Laabs, Paul Trout, and Stubby Overmire. An able baseball technician, Egan will have charge of demonstrations on the field and tactical and strategic lectures for the clinic.

Wattrick best known as a sports-caster, was a nine-letter winner in three sports at Central Michigan in the early 1930's. He was active for three years as a professional baseballer and also had seven years coaching experience at Chesaning, Lansing Central and Bay City Central High Schools. Wattrick will have charge of the clinic's program on coaching methods, team drills, coordination of sports and study curricular, and public relations for high school and amateur sports.

The complete program for the clinic will be announced later. Invitations will be sent to all high school and American Legion Junior baseball coaches in Michigan. There will be no enrollment fees.

### Spring Calls for Longer Skirts

Spring styles may demand that you lengthen a few of your shirts by an inch or more.

Florence Rann, extension clothing specialist at Michigan State College, says that it is a simple chore unless a facing is required or the back of the hem is shiny from pressing.

If wool fabric is shiny back of the hem, hip hem and steam-press it on the wrong side. If the wool is thick, steam-press it on the right side. Rayon may be steam-pressed, too.

To steam-press, cover the fabric with a dry wool press cloth, then with a cotton-cloth dampened in warm water. Use a warm iron, but set it down and lift it rather than sliding it back and forth.

Wet stubborn hem creases on the wrong side. Then turn to the right side and roll the crease back forth in your fingers to work it out. Press on the wrong side afterwards.

If you have to let the skirt hem down to its full length, you will need seam binding or facing, or both. If fabric is heavy, sew seam binding directly on the skirt edge. Then turn it up so that about 1-4 in of the dress fabric is on the underside of the skirt.

For lightweight fabric use a facing about an inch wide to give body to the skirt edge. Rayon makes suitable facing for either rayon or wool. If the skirt is circular or flared, cut the facing on the bias. If the skirt is straight or pleated use a straight facing. Or if this type of skirt is not made straight with the goods, a shaped

facing may be best.

With lightweight goods you can sew on the facing with an ordinary seam. If the material is heavy, you can turn under the edge of the facing and top-stitch it to the skirts edge.
